DISPATCH NO.

INSTRUCTIONS TO CASE OFFICER

1. *This form must be filled in by the case officer or appropriate authority on the basis of the best available information. It is not to be shown to the subject.*
2. *Normally, headquarters will be unable to issue an approval unless requester furnishes answers to all questions in PRQ parts I and II. However, in an emergency provisional approval may be obtained by complying with the applicable provisions of FR 10-215, paragraphs 6a, 8, 12b and 12d. Thereafter the usual method to document or complete the case must be followed as set forth in FR 10-215.*
3. *Three (3) completed copies of PRQ part I (including copy in subject's handwriting, if possible) and two (2) completed copies of this form must be sent to headquarters as soon as possible.*
4. *Data acquired later must be sent to headquarters in PRQ format in two (2) copies.*
5. *Fill in all items, if information obtainable. If item not applicable write "NA." If additional space required for item, use reverse side of page keyed to appropriate item number.*

1. CRYPTONYM	2. PSEUDONYM
T/N Francisco Antonio BARTES Clarens	

SECTION I — CONTACT AND DEVELOPMENT

1. INDICATE HOW, WHEN, WHERE, WHY, AND BY WHOM SUBJECT WAS FIRST CONTACTED OR DEVELOPED.

1. Subject first considered in JMATE project December 1960 for possible FI/PM operations primarily against transportation targets in Camaguey and Oriente Provinces. POA requested by administrative case officer, Joseph [illegible]ccolo. It was granted 30 January 1960 and cryptonym assigned was AMSERF/1.

Subject submitted job application form to Roberto Medell (principal agent, WITHRUSH, Miami, Florida) on 3 May 1965 for the purpose of consideration as a pilot in the WITHRUSH Project.

2. INDICATE WHETHER SUBJECT COULD BE TURNED OVER QUICKLY AND IN A SECURE MANNER TO ANY RESPONSIBLE CASE OFFICER FOR HANDLING. IF SO, INDICATE TO WHOM.

Subject could be turned over to any responsible case officer, however, a mature, politically inclined case officer would probably have more success handling Subject. He has long experience in management of transportation and agriculture enterprises. He is well educated and articulate in Spanish and English.

3. LIST OTHER CASE OFFICERS WHO HAVE HANDLED SUBJECT OR WHOM HE KNOWS OR HAS KNOWN, GIVE NAMES BY WHICH THEY HAVE BEEN KNOWN.

File does not show that Subject personally knew his case officers.

FORM 10-60 1050a USE PREVIOUS EDITIONS.

SECRET

(8-01)

SECTION II — MOTIVATION AND CONTROL

1. ESTIMATE SUBJECT'S MOTIVATION. (*Be detailed, if possible cite evidence. Do not use stock comment such as "anti-communist."*)

Estimate Subject's primary motivation is financial. He has large family (wife and seven children) and has, in the past, been accustomed to high standard of living. Possibly his present occupation in real estate is not meeting his requirements for income and status. Also, he probably has continuing ideological interest in deposing Castro.

2. INDICATE WHAT CONTROL, IF ANY, EXISTS OVER THE SUBJECT. (*If no control, or if there is a lack of real control explain.*)

No real control exists over Subject other than financial. He needs guaranteed employment to provide for his family. However, manipulation of his resident alien status, aviation occupation property, and U.S. licenses could offer control elements.

SECTION III — COVER

1. COVER USED BY SUBJECT AND CASE OFFICER IN THEIR MEETINGS.

The principal agent represents himself as an employee of the WAVE case officer, who in turn is documented as an agent of the Government of the Republic of the Congo. However, although no U.S. Government interest is overtly manifested, it is realistic to assume that Subject suspects [illegible] of the operation.

2. COVER USED BY SUBJECT IN OBTAINING HIS INFORMATION AND IN CONTACTING HIS INFORMANTS.

NA

3. INDICATE SERVICE FOR WHICH SUBJECT THINKS HE (*Will work*) (*Is working*).

In all probability he is or will become aware that the GOC air program is sponsored by KUBARK.

SECTION IV — INTELLIGENCE CONNECTIONS AND TRAINING

1. EXPLAIN SUBJECT'S KNOWN PAST OR PRESENT CONNECTION WITH ANY OTHER INTELLIGENCE SERVICE. INDICATE THE EXTENT SUCH CONNECTION IS KNOWN OVERTLY.

Subject was a leader in one of the anti Castro resistance cells in Cuba prior to 1960. He was also a leader of an anti-Castro resistance group in New Orleans after emigration. His file indicates liaison with the FBI concerning this groups' willingness to cooperate with the U.S. Government in operations against Cuba. In his connections with the FBI he was extremely conscious of all aspects of security to the extent that he volunteered to be prosecuted for any breach of security or evidence of collusion. His record indicates no connection with any other national intelligence service.

2. LIST OTHER INDIVIDUALS (*Agents, relatives, friends*) WHO KNOW OF SUBJECT'S PRESENT INTELLIGENCE ACTIVITIES.

Probably wife and brother, Mario, and possibly some cousins residing in the Miami area. However, Subject's file indicates attention to personal security in control of information concerning political affiliations and objectives.

3. EXPLAIN ANY TRAINING SUBJECT HAS HAD IN CLANDESTINE OPERATIONS.

Subject has no KUBARK training in clandestine operations. However while residing in Cuba he participated in resistance operations against Castro. His planning in sabotage shows thought, originality, and daring.

SECTION V — COLLABORATION POTENTIAL

1. INDICATE OTHER FOREIGN POWER SUBJECT WOULD BE MOST LIKELY TO COLLABORATE WITH BECAUSE OF HIS IDEOLOGY OR PAST ASSOCIATIONS. EXPLAIN.

Subject may collaborate with any Government or group presenting a well conceived, financed, and disciplined program for re-invasion of Cuba. Still, prospects of collaboration become less likely as his personal contacts in Cuba are lost and urgent political issues cool.

SECTION VI	OPERATIONAL USE - CONTACT

1. IF SUBJECT HAS BEEN USED OR CONTACTED BEFORE, INDICATE ACTIVITY IN WHICH HE WAS ENGAGED AND THE TYPE OF INFORMATION HE HAS FURNISHED.

He was granted a POA in January [illegible] for prospective [illegible]/FI use in the [illegible] operation; however, he departed for the United States prior to being used.

2. INDICATE HOW AND FROM WHOM SUBJECT OBTAINS INFORMATION.

NA

3. INDICATE WHAT HAS BEEN TOLD SUBJECT AS TO THE DISPOSITION OF INFORMATION HE FURNISHES.

NA

4. DETAIL SUBJECT'S PROPOSED FI OR CI TYPE USE OR DUTIES.

Subject has education, language ability, and management experience. Given training in tradecraft and proper handling he probably could function successfully in FI or CI operations, particularly in the Western Hemisphere.

5. DETAIL SUBJECT'S PROPOSED PP-PM TYPE USE OR DUTIES.

Subject presently projected to be used as a pilot in counterinsurgency air operations.

SECTION VII	PROPOSED LIAISON OR OPERATIONAL ACTIVITY

1. DETAIL SUBJECT'S PROPOSED LIAISON TYPE CONTACT OR OPERATIONAL USE:

A. WHERE SUBJECT IS AN OFFICIAL MEMBER OF A FOREIGN GOVERNMENT:

NA

B. WHERE SUBJECT IS AN OFFICIAL MEMBER OF AN ODYOKE AGENCY:

NA

SECTION VIII	AGENCY RELATIONSHIP WITH SUBJECT

1. EXPLAIN NATURE OF AGENCY RELATIONSHIP WITH SUBJECT: I.E. TRAINEE, OPPOSITE NUMBER, REMUNERATION, IF ANY; AGENCY PERSONNEL KNOWN TO SUBJECT.

Subject under ostensible contract to the GOC although presumably he knows the program is under U.S. sponsorship.

SECTION IX — QUALIFICATIONS FOR OTHER OPERATIONS

1. INDICATE SPECIAL ABILITIES, TALENTS, OR QUALIFICATIONS POSSESSED BY SUBJECT WHICH COULD CONCEIVABLY BE OF VALUE FOR OTHER OPERATIONS.

He is a qualified fixed-wing pilot in light aircraft.

SECTION X — COMMITMENTS

1. IF IT IS PROPOSED TO PAY SUBJECT A REGULAR SALARY, INDICATE THE WEEKLY AMOUNT. IF PAYMENT TO BE MADE IN EXCHANGE COMMODITIES, SUBSIDY OR OTHER METHOD, SPECIFY AND GIVE DETAILS.

Subject's contract calls for base pay of $800 per month, plus $10 per flight hour over sixty hours, also $10 per flight hour which is considered hazardous. Contract additionally contains life insurance up to $10,000.

2. EXPLAIN ANY PROMISES, OTHERWISE NOT COVERED HEREIN, MADE TO SUBJECT. *(Example: Commitments regarding evacuation of subject and family.)*

None known.

SECTION XI — CE AND SECURITY

1. INDICATE THE FIELD AGENCIES AND FIELD FILES WITH WHICH SUBJECT'S NAME HAS BEEN CHECKED AND THE RESULTS.

Subject granted POA's on two occasions. It is assumed pertinent Headquarters, field and Agency files checks and investigations have been made. These include in the Subject's case, WAVE Station, FBI, I&NS, and Headquarters.

2. INDICATE OTHER INVESTIGATIVE MEASURES TAKEN TO VERIFY BIOGRAPHICAL INFORMATION FURNISHED BY SUBJECT.

Polygraph and personal interview at WAVE Station.

3. INDICATE WHETHER OR NOT PROVISIONAL OPERATIONAL APPROVAL OR OPERATIONAL APPROVAL FOR SUBJECT'S USE HAS BEEN PREVIOUSLY OBTAINED.	4. DATE APPROVAL OBTAINED
Yes. (C-67494)	POA on 30 January 1960 and 30 July 1963.

5. EVALUATE SUBJECT'S CHARACTER, RELIABILITY AND SECURITY, CITING EVIDENCE WHERE POSSIBLE.

Subject's record indicates no adverse character traits. His records show consciousness of importance of security in clandestine operations.

6. EXPLAIN ANY SITUATION OR INDISCRETION IN WHICH SUBJECT MAY HAVE BEEN INVOLVED WHICH MUST BE EVALUATED FROM A CE/OPERATIONAL SECURITY VIEWPOINT.

None.

SECTION XII — SUBJECT'S PERSONAL HABITS

1. USE OF LIQUOR, DRUGS, GAMBLING, PARAMOURS.

No use of liquor or narcotics, gambling or paramours is indicated in 201 file.

SECTION XIII — **AVOCATIONAL INTERESTS**

1. INDICATE SUBJECT'S HOBBIES OR INTEREST IN SPORTS, MUSIC, ETC.

Subject's record does not reflect hobbies or [illegible] interests.

SECTION XIV — **GENERAL**

1. INDICATE WHETHER SUBJECT'S LANGUAGE ABILITIES AND OTHER CHARACTERISTICS, ARE SUCH AS HE COULD PASS AS A NATIVE OF A COUNTRY OR REGION OTHER THAN HIS OWN. EXPLAIN.

Perhaps certain Central American countries.

2. INDICATE WHETHER INFORMATION IN PRQ PARTS I AND II WAS OBTAINED BY RESEARCH, CLANDESTINE ASSESSMENT, FILES, CORRESPONDENCE OR OTHER MEANS.

PRQ Part I is supplied by Subject; Part II by check of file and assessment of informationcontained therein by case officer.

3. IF OTHER THAN ROUTINE ACTION IS REQUIRED, IF AND WHEN TERMINATION OF SUBJECT IS EFFECTED, PLEASE EXPLAIN. (Also see para. 43b, supra)

None.

SECTION XV — **EMERGENCY CONDITIONS RECONTACT ARRANGEMENTS**

1. GIVE FULL DETAILS I.E. RECOGNITION SIGNALS, S/W: WHERE COULD CONTACT BE MADE: WHAT BONA FIDES COULD INDIVIDUAL MAKING CONTACT USE?

NA

SECTION XVI — **MISCELLANEOUS OPERATIONAL DATA AND REMARKS**

From 1947 1960 Subject acted as vice president and later president of family railroad and agriculture enterprise. He made a commercial successof these operations which were later confiscated by the Castro Regime. He lost a large personal fortune as did other close members of his family. He was an ardent anti-Castro, anti communist leader of resistance groups both in Cuba and in New Orleans.

Subject previously used his own private aircraft in managing his commercial interests. It is hard to judge from the Subject file precisely why he has applied for a flying position in the Congo for reasons other than obvious financial aspects. Further, his 19 May 1963 application to Roberto Medell indicates a [illegible] degree of stability and solvency in his present position as a real estate salesman. Given Subject's age and previous background [illegible] available to him [illegible]

TO WHOM IT MAY CONCERN:

This is to certify that I have known Mr. Francisco A. Bartos since June, 1962. He contacted our company tp obtain a license permitting him to continue flying in the United States after his departure from Cuba.

Mr. Bartos held a Cuban pilot license issued by the Civil Aeronautics Commission of Cuba, November 22, 1956, No. 1017, Multi-engine Aircraft VFR.

The total aircraft flying time has been estimated due to the fact all personal effects including his log books were left in Cuba. A certification from Sunny South Aircraft, Ft. Lauderdale, Florida, substantiates his estimated time due to single and multi-engine aircraft he purchased from them:

Cessna 172	130:00
Cessna 182	250:00
Cessna 310	750:00

Mr. Fausto A. Valdez, a Cuban citizen now residing at 10 SW 32nd Ave., Miami, Florida, holding an ATR certificate, 1515842, issued 11/28/61, has also certified via affadavit, Mr. Bartos,has close to 1,000:00 hours of multi-engine time.

Mr. Bartos has completed the Private Pilot course with us and has the necessary papers pertinent to an FAA license. He is presently continuing his studies for a Commercial Pilot rating - single and multi-engine.

SUBJECT : Mollie BLOCK; Morris BLOCK (201-194231)

No 201

1. The following information on Subjects has been received from [the Dutch Internal Security Service (BVD).] 29

2. On 4 November 1958 Mollie BLOCK (born 6 November 1911 in New York), holder of American passport No. 116708, left Schiphol Airport in Amsterdam on a KLM flight bound for Moscow via Warsaw. She traveled with her child Johanna Morris BLOCK, born in 1950, who was said to be in possession of a Greek passport. Mrs. BLOCK had originally planned to fly to Moscow on 2 September, but her trip was postponed by the circumstances outlined below.

3. On 30 August 1958 Morris BLOCK, husband of Mollie BLOCK, arrived at Amsterdam on a KLM flight from Montreal. BLOCK was carrying American passport No. 921617, issued 12 April 1956 but changed by him to read 12 April 1958 so that it would appear to be still valid. Morris BLOCK was refused entry to The Netherlands on the basis of his falsified passport. The American Consulate in Amsterdam validated his passport for a single return trip to New York, and he was sent back to New York on a KLM plane at 2359 hours on 30 August 1958.

4. Morris BLOCK was born in New York on 30 March 1920; he is a machinist by occupation, and his home address was given as 258 Corbin Place, Brooklyn, New York. BLOCKS's passport carried the following stamps:

England IN via London Airport 23-7-1957
OUT via Dover 24-7-1957
IN via Dover 16-10-1957
OUT via London Airport 16-10-1957

SECRET CS COPY 201-194231

1-JD

Denmark IN via Kastrup Airport 15-10-1957
OUT via Kastrup Airport 16-10-1957

Canada IN via Montreal Airport 17-10-1957

BLOCK stated to the Dutch passport control officer that he had visited the USSR 25 July 1957 - 15 October 1957 as a delegate to the World Youth Festival held in Moscow in 1957. BLOCK stated it was his plan to travel from The Netherlands to Moscow and to settle himself and his family there. He said his visa for Russia was ready at the Soviet Embassy in The Hague and that since he was not permitted to obtain a new valid passport, he had changed the date of issuance of his former passport to make it appear to be still valid. Since he had not known for sure that he would be allowed to depart from the United States, his wife and child were to take a later plane to Amsterdam after his wife knew he had reached Canada. He said that he had been unemployed in the United States and that his wife had had to support the family on her salary of $65 a week.

5. BLOCK stated to the Dutch passport control officer that there was only one country in the world where freedom was really possible, and that he wished to go there. He no longer wanted to live in America, for the laws were made there by three or four families and the rest had to fall in line. He had had more than enough of the clique around Eisenhower. He stated he no longer valued his American nationality and asked if they could not admit him so that he could apply to the Russian Embassy. He said his wife had the money and tickets for the trip to Moscow from Amsterdam.

6. BLOCK had with him a suitcase and a cage with a parrot; his wife was to take the rest of their belongings with her. Also in his possession were:

a. Membership book for District 65, Retail, Wholesale, and Department Store Union, AFL-CIO, 13 Astor Place, New York 3, issued to Morris BLOCK -- 238 Corbin Place, Brooklyn 35, Membership number 58923, membership paid up to 25 August 1958. In addition, he carried a District 65, AFL-CIO Employment Office Guide giving a registration date of 29 July 1958.

b. Birth certificate No. 14861, issued by State of New York certifying the birth of Morris Block on 3 March 1930.

c. Two visiting cards on which were: SH 35145 and SE 3105h.

d. A small pin with the legend "VIth World Festival of Youth and Students Moscow 1957";

e. Two visiting cards, on which were:

Stanley FAULKNER, Counselor at Law, 9 East 40th Street, New York 16, Lexington 2-7760. Hunter 7-4093 was written on this.

Stella ELIASHOW, Remedial Reading, English Tutoring, 56 Seventh Avenue, New York 11, New York.

7. BLOCK also threw away a used piece of carbon paper which he obviously did not want to have with him on his return to the USA. The carbon read as follows:

WINDSOR Clothing Company
97 5th Avenue
New York City, NY

27 August 1958
ar

For Mr. Jack ELGERT
1 round-trip United Air ticket 162.2.361424 — $ 54.90
La Guardia-Cleveland-La Guardia - 10% tax — 5.49

For Mrs. Jack ELGERT
1 round-trip United Air ticket 162.2.361425 — $ 40.85
10% tax — 4.09

$ 105.33

8. BLOCK had $63 with him. A room had been reserved at the Hotel Krasnapolsky in Amsterdam for him and his wife, since they had planned to travel together to Moscow on 2 September 1958. On his departure for the United States, BLOCK exclaimed as follows: "Oh, now I have to go back to the United States, but I have no money and I also had not paid for the trip, so what more can happen to me?"

Investigation reflects that BOSCH has a friend or representative of his organization in Panama, name and address unknown. Circumstances indicate that BOSCH may have telephoned or cablegrammed this individual on or about 7 July 1968, from Miami, Florida, requesting that the above-quoted telegram be transmitted.

3. Headquarters received the above information from LNERGO accompanied by a request to initiate appropriate inquiries in Panama City in an effort to determine the sender of the aforementioned transmission and also to discover if Orlando BOSCH Avila or one of his immediate associates may have been responsible for having this message sent. LNERGO cautioned that its role as the source of the above information should not be revealed in making the requested inquiries, though the data itself could be utilized.

4. If feasible, it is requested that JMCOBRA check its sources and report any information which connects BOSCH or any of his associates with the transmission of the above-quoted telegram.

JMWAVE - LNERGO Report ([illegible]) possible bombing of a plane from Nassau to Cuba.

The following paragraphs were extracted from a detailed report on the activities of Dr. Orlando BOSCH Avila, a Cuban medical doctor and head of the anti-Castro revolutionary organization, MIRR, and resident in the U.S.:

"On June 10, 1968, MM T-3 reported that BOSCH claims to have a man now in Nassau, Bahama Islands, who is checking British flights used by Cuban United Nations personnel traveling from New York City to Cuba. MM T-3 expressed the belief that this procedure is a preliminary survey to some form of action, possibly the bombing of a plane going from Nassau to Cuba with Cuban United Nations personnel aboard.

"On June 17, 1968, MM T-3 reported that BOSCH had declared that he intends to continue bombing ships of countries trading with Cuba. On June 19, 1968, BOSCH disclosed to MM T-3 that he has men in New York City, Tampa and Miami who are checking out BOSCH's plan to bomb ships."

MIRR IS AN ANTI-CASTRO ORGANIZATION HEADED BY DR. ORLANDO BOSCH AVILA AND HAS CONDUCTED RAIDS AGAINST CUBA IN THE PAST.

ANOTHER GOVERNMENT AGENCY WHICH CONDUCTS INTELLIGENCE INVESTIGATIONS ON MARCH TWENTYTHREE, SIXTYSEVEN, ADVISED THAT AN ANONYMOUS TELEPHONE CALL HAD BEEN RECEIVED ON MARCH FIFTEEN, SIXTYSEVEN, STATING AN AMERICAN PILOT INTENDED TO RENT AN AIRPLANE IN APRIL, SIXTYSEVEN, AND DROP SEVERAL ONE HUNDRED POUND BOMBS OVER CUBA FOR ORLANDO BOSCH AVILA.

THE ANONYMOUS PERSON ON MARCH TWENTYTWO, SIXTYSEVEN, AGAIN CALLED AND CLAIMED THAT THEIR TARGET WOULD BE PUERTO ALEGRE, CUBA. FOUR TO SIX BOMBS WOULD BE USED. THE RAID WOULD BE WITHIN TWO WEEKS. A TWIN ENGINE AIRPLANE WOULD BE USED. THE FLIGHT WOULD BE OUT OF OPA-LOCKA, FLA. AND THE PILOT WOULD RECEIVE BETWEEN FIFTEEN HUNDRED AND TWO THOUSAND DOLLARS.

A SECOND SOURCE, WHO HAS BEEN ASSOCIATED WITH BOSCH IN THE PAST AND WITH WHOM INSUFFICIENT CONTACT HAS BEEN HAD TO DETERMINE HIS RELIABILITY, ON MARCH TWENTYNINE, SIXTYSEVEN, FURNISHED THE FOLLOWING INFORMATION.

ON FEBRUARY TWENTYTWO, SIXTYSEVEN AND MARCH TWELVE, SIXTYSEVEN, BOSCH MET WITH AN AMERICAN PILOT CONCERNING A BOMBING MISSION OVER CUBA. BOSCH SAID THAT BETWEEN THIRTYFIVE HUNDRED AND FOUR THOUSAND DOLLARS WOULD BE USED TO FINANCE THE RAID, A RENTED AIRPLANE WOULD BE ACQUIRED FROM OUTSIDE FLORIDA, A PILOT AND TWO OTHERS WOULD CARRY OUT THE MISSION, AND THAT BETWEEN FOUR AND SIX ONE HUNDRED POUND BOMBS WOULD BE USED. THE TARGET WOULD BE A SUGAR MILL ON THE NORTH COAST OF CUBA.

THIS SOURCE REPORTED THAT BOSCH IS VERY SECURITY CONSCIOUS, WOULD NOT IDENTIFY THE CREW OF THE AIRPLANE, THE SOURCE OF THE

BOMBS, OR FROM WHERE IN THE UNITED STATES THE PLANE WOULD TAKE OFF.

BOSCH SAID HE WOULD CONTACT THE PILOT ON APRIL ONE, TWO OR THREE, SIXTYSEVEN, BRIEF HIM ON THE MISSION, FINALIZE ALL ARRANGEMENTS, AND THE PILOT WOULD BE READY TO LEAVE AFTER THE BRIEFING. BOSCH INDICATED THE PILOT AND CREW WOULD NOT KNOW EACH OTHER'S IDENTITIES OR THE DESCRIPTION OF THE AIRCRAFT UNTIL THE TIME OF THE MISSION.

U.S. CUSTOMS IN MIAMI, FLORIDA, ADVISED THAT IT IS CONDUCTING INVESTIGATION IN THIS MATTER. ACCORDINGLY NO INVESTIGATION IS BEING UNDERTAKEN BY FBI.

1. With regard to the statement made by Orlando BOSCH Avila, director of the MIRR, on 4 June 1966 at the trial going on in Orlando, Florida to the effect that the CIA had encouraged him to set up an attack against a refinery in Cuba (see the attached copy of the item in Diario Las Americas on 5 June) we have the following to report.

2. On 30 April 1966 BOSCH told P-86 during a conversation (see DD-1848, para. 9) that he intended to involve the United States in his plans, thus using this form of blackmail against the authorities of the United States.

DIARIO LAS AMERICAS

5 Junio 66

Afirmó Orlando Bosch que la CIA lo Alentó a Volar una Refinería

ORLANDO, Florida, junio 4 (UPI) — El líder cubano anticastrista Orlando Bosch testificó hoy en el juicio que se le sigue bajo el cargo de exportar armamento bélico, que la Dirección Central de Inteligencia "CIA" alentó una conjura para volar una refinería de petróleo en La Habana en 1035.

El proceso ante un tribunal federal, que se sigue asimismo a otros tres exiliados cubanos (Marcos Rodríguez, José Díaz y Gerulio Gutiérrez, deberá culminar mañana con la entrega del caso a un tribunal de 12 hombres.

Bosch declaró que un tal Bill Johnson, a quien identificó como agente de la CIA, le propuso bombardear desde el aire la refinería, para lo cual le prometió un avión, un piloto y las bombas. Admitió haber convenido el traslado de los explosivos a la casa de Frank Swanner, el piloto que atestiguó, por la fiscalía, que los reos intentaron contratarlo para la incursión aérea.

El acusado dijo a los abogados del gobierno que no intentaba infringir las leyes estadounidenses de neutralidad y exportación de municiones, pues el plan fue concebido por la CIA.

Mientras los acusadores señalan que Bosch fue advertido sobre las normas federales, sus defensores aducen que el Gobierno Federal proporcionó los materiales y había contratado a Johnson.

El abogado defensor argumentó que la incursión no iba a ser realizada desde territorio de Estados Unidos, y que las bombas que debían utilizarse no estaban clasificadas como armamentos bélicos.

HE WAS APPREHENDED IN VENEZUELA AND RETURNED TO MIAMI 13 MARCH 1972 IN THE CUSTODY OF "CIFENCE-4 (IDEN U/S/C), A FORMER INTRUST EMPLOYEE NOW WORKING WITH THE VENEZUELAN POLICE." RODRIGUEZ RAMOS SAID THAT HE WENT TO CHILE ON A MISSION TO ASSASSINATE FIDEL CASTRO WHEN CASTRO VISITED CHILE LAST YEAR. THE MISSION WAS NOT CARRIED OUT FOR VARIOUS REASONS. RODRIGUEZ RAMOS ALSO SAID THAT ONE OF THE OTHER MEMBERS OF THE ASSASSINATION MISSION WAS JESUS DOMINGUEZ BENITEZ. RODRIGUEZ RAMOS THREATENED THAT, IF HE IS TRIED FOR BOND JUMPING THAT HE WILL "EMBARRASS THE U.S. GOVERNMENT." HE IMPLIED THAT HE WAS ON THE MISSION FOR A COMPONENT OF THE U.S. GOVERNMENT.

SUBJECT: STATUS OF CUBAN EXILE LEADER ORLANDO BOSCH

DOI: 9 MARCH 1978)

SOURCE: A VENEZUELAN BUSINESSMAN WITH GOOD CONTACTS AMONG VENEZUELAN SECURITY OFFICIALS. HIS REPORTING IS OF GENERALLY RELIABLE.

1. ON 9 MARCH 1978 FRANCISCO L E A N D R O MORA, LAWYER FOR CUBAN EXILE LEADER ORLANDO B O S C H, SAID THAT A GROUP OF BOSCH'S CUBAN EXILE FOLLOWERS PLANNED TO MEET IN THE CARACAS HILTON HOTEL IN CARACAS, VENEZUELA, ON THE EVENING OF 1 APRIL 1978. TO ATTEND THIS MEETING, LEANDRO SAID, ONE INDIVIDUAL WOLD BE COMING FROM MIAMI, FLORIDA, AND ONE FROM PUERTO RICO. REPRESENTATIVES FROM VENZUELA WOULD ALSO BE ATTENDING. (SOURCE COMMENT: THE REASON FOR THE MEETING IS NOT KNOWN.)

2. LEARDRO ASSURED BOCH THAT HE FELT THAT THE VENEZUELAN GOVERNMENT WOULD SOON MOVE ON BRINGING BOSCH TO TRAIL AND THAT HE HOPED TO GET A FIRM DECISION BY EARLY APRIL. IN ADDITION,LEANDRO TOLD BOSCH THAT THE EXILE COMMUNITY IS

SENDING FINANCIAL AID TO BOSCH'S FAMILY.

3. BOSCH'S PHYSICAL CONDITION IS MUCH IMPROVED SINCE HE ABANDONED HIS HUNGER STRIKE AND ACCEPTED MEDICAL ATTENTION. (FIELD COMMENT: A GENERALLY RELIABLE SOURCE INDEPENDENTLY REPORTED THAT WHILE BOSCH IS NOW EXPECTED TO RECOVER, HIS GENERAL PHYSICAL CONDITION IS POOR. BOSCH GAVE UP HIS STRIKE WHEN CUBAN EXILE LEADERS CONVINCED HIM THAT PRESIDENT CARLOS ANDRES P E R E Z HAD AGREED TO EXPEDITE HIS CASE. THE EXILES, HOWEVER, EXAGGERATED PEREZ' COMMENTS SO AS TO GET BOSCH TO GIVE UP HIS STRIKE. PEREZ MERELY PROMISED THE EXILES THAT HE WOULD TRY TO DETERMINE WHAT COULD BE DONE TO SPEED UP THE COURT.)

SUBJECT POSSIBLE RELEASE OF CUBAN EXILE LEADER ORLANDO BOSCH (DOI: LATE JANUARY 1978)

SOURCE: A VENEZUELAN BUSINESSMAN WHOSE ACTIVITIES BRING HIM INTO CLOSE CONTACT WITH VARIOUS GOVERNMENT OFFICIALS. HE IS A FAIRLY RELIABLE SOURCE.

1. IN LATE JANUARY 1978 AN ADVISER TO VENEZUELAN PRESIDENT CARLOS ANDRES P E R E Z SAID THAT PEREZ IS CURRENTLY CONSIDERING GIVING FINANCIAL AID TO CUBAN EXILE LEADER ORLANDO B O S C H IN RETURN FOR BOSCH'S AGREEMENT NOT TO MOLEST VENEZUELAN PERSONNEL OR FACILITIES. BOSCH, WHO IS CURRENTLY UNDER DENTENTION IN VENEZUELA IN CONNECTION WITH THE OCTOBER 1976 BOMBING OF A CUBANA AIRLINER, WILL BE BROUGHT TO TRIAL SOON, THE ADVISER SAID. HE ADMITTED, HOWEVER, THAT THERE IS NO CHANCE OF GETTING A LEGAL CONVICTION AGAINST BOSCH.

2. PRESIDENT PEREZ IS CURRENTLY CONSIDERING GIVING BOSCH'S WIFE BS. 10,000 (U.S. $2,300) A MONTH. UPON BOSCH'S RELEASE FROM PRISON PEREZ PLANS TO GIVE HIM U.S. $50,000 ON THE CONDITION THAT HE NOT RETURN TO VENEZUELA AND THAT THE

SUBJECT: FEARS THAT THE DEATH OF ORLANDO BOSCH AS A RESULT OF A HUNGER STRIKE MAY BRING ABOUT REPRISALS (DOI: 20-21 FEBRUARY 1978)

SOURCE: A VENEZUELAN BUSINESSMAN WHO MAINTAINS CONTACTS WITH CUBAN EXILES. HIS REPORTING IS GENERALLY RELIABLE.

1. BOTH THE VENEZUELAN GOVERNMENT AND THE CUBAN EXILE COMMUNITY IN VENEZUELA ARE CONCERNED THAT CUBAN EXILE LEADER ORLANDO B O S C H MAY DIE AS A RESULT OF HIS CURRENT HUNGER STRIKE. FURTHERMORE, THE VENEZUELAN GOVERNMENT FEARS THAT SHOULD BOSCH DIE, CUBAN EXILE GROUPS WILL STEP UP THEIR ATTACKS ON VENEZUELAN FACILITIES. THE CUBAN EXILE COMMUNITY, IN TURN, FEARS THAT EXILE ATTACKS ON THE VENEZUELANS WOULD BRING ABOUT FURTHER VENEZUELAN GOVERNMENT REPRISALS AGAINST THE EXILE COMMUNITY. (FIELD COMMENT: BOSCH HAS BEEN IMPRISONED IN VENEZUELA SINCE OCTOBER 1976 IN CONNECTION WITH THE BOMBING OF A CUBANA AIRLINER. HE, AND THE OTHER INDIVIDUALS ACCUSED OF INVOLVEMENT IN THE BOMBING, HAVE NOT YET BEEN BROUGHT TO TRIAL. BOSCH, WHO SUFFERS FROM A HEART AILMENT AND ULCERS, HAS BEEN ON A

UNGER STRIKE FOR APPROXIMATELY THREE WEEKS.)

2. ON 20 FEBRUARY 1978 OCTAVIO L E P A G E, VENEZUELAN INISTER OF INTERIOR, DISCUSSED BOSCH'S CONDITION WITH A BAN EXILE LEADER IN VENEZUELA. LEPAGE SAID THAT HE HAD CEIVED REPORTS ON BOSCH'S PHYSICAL CONDITION AND THAT HE AND HER GOVERNMENT OFFICIALS WERE CONCERNED THAT BOSCH MIGHT DEED DIE. SHOULD THIS OCCUR, LEPAGE SAID HE HAD NO DOUBT HAT VENEZUELA WOULD BECOME THE TARGET FOR CUBAN EXILE TERRORIST TTACKS. LEPAGE EXPLAINED THAT BOSCH'S DEATH WOULD MEAN ROBLEMS FOR THE GOVERNMENT AND THE EXILE COMMUNITY. THEREFORE, EPAGE ASKED THE EXILE LEADER TO TALK WITH BOSCH AND ATTEMPT O DISSUADE HIM FROM CONTINUING WITH THE STRIKE.

3. THE CUBAN EXILE LEADER ACCOMPANIED BY REINALDO A R T I N CANO, A CUBAN EXILE PHYSICIAN, VISITED BOSCH IN THE HOSPITAL ON 21 FEBRUARY AND FOUND HIM TO BE IN SERIOUS HYSICAL CONDITION. BOSCH ALLOWED MARTIN TO GIVE HIM INJECTIONS O COMBAT BRAIN DEHYDRATION, BUT REFUSED ANY OTHER TREATMENT. BOSCH ALSO REFUSED TO GIVE UP HIS HUNGER STRIKE.

4. BOSCH EXPLAINED THAT HE WANTS TO BE BROUGHT TO TRIAL, BUT ADDED THAT VENEZUELAN PRESIDENT CARLOS ANDRES P E R E Z IS AFRAID TO BRING HIM BEFORE A COURT OF LAW. PRESIDENT PEREZ, BOSCH SAID, BETRAYED HIM AND THE CUBAN EXILES. FURTHERMORE, PRESIDENT PEREZ WILL BE PERSONALLY RESPONSIBLE FOR HIS DEATH AND WILL PAY THE PRICE FOR HIS GUILT. (SOURCE COMMENT:

DETAILS OF PEREZ' SUPPOSED BETRAYAL OF BOSCH ARE NOT KNOWN.
THE OPINION OF THE EXILE COMMUNITY IS THAT BOSCH AND PEREZ HAD
SOME SORT OF DEAL WHICH BOSCH FEELS PEREZ BETRAYED.)

12 NOV 1976 NEWTIMES

[illegible] ... preferred not to hear.

Council members are said now to fear that they, once again, will be subjected to what one called "Henry's interminable Germanic monologues." But a few of them hope to escape—by getting jobs with the new administration in Washington themselves.

The saga of Orlando Bosch (NT: October 29)

The case of the anti-Castro terrorist leader whose network reportedly extends from Miami deep into Latin America has taken its most bizarre turn.

Amid widespread speculation about Orlando Bosch's involvement in both the September 21 car-bomb slaying in Washington of former Chilean ambassador Orlando Letelier and the October 6 crash of a Cuban airline jet that claimed the lives of all 73 persons aboard, Venezuelan authorities suddenly announced the arrest of the 49-year-old Miami pediatrician and old CIA hand on October 14. Since then, the veil of intrigue around Bosch has begun lifting, threatening to implicate the CIA, FBI, Miami-based Cuban exiles and high-ranking officials of Venezuela and Chile.

It all began when Caracas police rounded up 14 anti-Castro Cubans—including Bosch and Venezuela's own former security chief—and accused them of involvement in a terrorist ring responsible for the Letelier assassination and the Cuban plane sabotage. Further attacks in the U.S. and six Latin nations were said to have been planned.

The next day, speaking at a mass funeral rally in Havana for the Cuban plane crash victims, Castro accused the CIA of backing a campaign that had resulted in nine incidents against Cuban diplomatic missions and its national airline since April 6. Therefore, he announced, he was canceling the 1973 Cuba-U.S. anti-hijacking agreement. Castro also named a Venezuelan photographer, Hernando Ricardo, as a CIA agent who had [illegible] the Cuban airliner's destruction. Henry Kissinger promptly denied any U.S. complicity.

In [illegible], when the ill-fated Cuban [illegible] the plot

[illegible] ... Venezuela and [illegible] FBI agent stationed in Caracas whom the U.S. embassy confirmed had been in contact with Ricardo. Meanwhile, back in Venezuela, two Cuban exile brothers were identified as primary suspects in the Letelier killing.

Then, on October 22, three U.S. journalists arrived in Venezuela on the same plane with a group of Florida police and prosecutors. One of the journalists—Hilda Inclan of the Miami News—recognized a man greeting the Florida officials as Ricardo (The Monkey) Morales Navarrete—a former CIA agent and FBI informant in Miami who is today the number-two man in Venezuela's intelligence service.

Anti-Castro terror: police with the body of a passenger on the bombed plane

When the reporters tried to interview Morales—addressing him by his true name—in front of his fellow security officers, he became outraged and placed them under house arrest. After being held incommunicado for 10 hours, Inclan, Taylor Branch of Esquire, and free-lancer John Rothschild were forcefully expelled from Venezuela and placed on flights back to Miami. Branch flew on to Washington to meet with State Department officials and prepare a written formal protest. (The Venezuelan government denied the American journalists' charges.)

Nobody was talking about how Morales—and a number of other anti-Castro Cubans—happened to hold such high positions in the Venezuelan government, but this much seemed clear: the Morales affair, like all the rest, focused finally on Orlando Bosch. Morales, a former CIA operative

[illegible] ... bomb that nearly cleared the air.

Bosch went on to head a Coordination of the United Revolutionary Organizations (CORU), which is believed responsible for most of the international wave of anti-Castro terrorism. Until recently, Bosch had been in Chile, where he has close ties to the right-wing military junta. Some Miami sources say that Morales lured Bosch to Venezuela [illegible], while others claim that Morales had made peace with Bosch.

Meanwhile Bosch's fate remains up in the air. He was arrested once before in Venezuela, only to gain release and resume his hemispheric wandering. Latin American governments are said to fear retribution if he is treated harshly. Representatives of five Caribbean governments, including Cuba, have assembled in Trinidad to discuss jurisdiction (the U.S. has sought his extradition on the parole-jumping charge).

Guarded by heavily-armed security men, Bosch appeared October 22 in a Venezuelan courtroom to deny any involvement in the airplane sabotage or the Letelier murder. As cries of "assassin" echoed outside, Bosch was asked if he was a CIA agent. He declined to answer.

Beyond loose shoes

A U.S. foot surgeon has returned from a 16-year stint in India and Africa convinced that going barefoot protects feet. The surgeon, Paul Brand, acknowledges that people have to wear shoes to work, but he says if Americans went barefoot at home they probably would never develop corns, bunions, hammer toes, athlete's foot, or ingrown toenails—afflictions he found nonexistent in barefoot populations overseas.

Brand, who teaches orthopedic surgery at Louisiana State, told last month's American College of Surgeons meeting in Chicago that a "shod foot sleeps inside an unchanging environment and gradually loses its sensitivity, mobility and intrinsic muscle strength. The average person who walks barefoot has much healthier

FOREIGN MINISTER FACIO CLARIFIES COUP REPORT

San Jose Radio Reloj in Spanish 1730 GMT 7 Jul 76 PA

[Text] Referring to the news conference he held yesterday in connection with the alleged plotting of a coup d'etat in Guatemala, Foreign Affairs Minister Gonzalo Facio said that his statements were distorted by certain international news agencies.

Facio said that the Guatemalan Government was not involved and had no part in the plot. He added that the coup was under preparation and this was why he and the security minister had gone to Guatemala to investigate the armed movement apparently headed by Cuban Orlando Bosch.

BF

Facio said the coup was not imminent but that it was suspected in view of Bosch's trips to Guatemala.

Congressmen Concerned Over Rumors

San Jose Radio Reloj in Spanish 1730 GMT 7 Jul 76 PA

[Text] A motion was submitted today at the Legislative Assembly to summon Public Security Minister Mario Charpentier Gamboa and Foreign Affairs Minister Gonzalo Facio to explain in full detail at a plenary session what is really happening in Guatemala. Furthermore, we see some connections in the plot, which is now a chronic occurrence originating in Guatemala and El Salvador, against our country's institutional stability with the CIA's collaboration. Precisely this week the Public Security Ministry ordered James Williamson to leave the country. As we all know, Williamson is the CIA's chief in Costa Rica. During Figueres' administration he was declared persona non grata for publicly bragging about the activities of the CIA, the Costa Rica Libre Movement and other groups trying to overthrow the government in power at the time.

We expect Charpentier and Facio to explain to the deputies and the nation what is really happening in Guatemala and what role the CIA is playing inthe plot to overthrow our democratic institutions and to place Costa Rica under a fascist dictatorship similar to those which exist in the continent's southern cone.

ODUBER STRESSES COUNTRY'S FREEDOM OF PRESS

Paris AFP in Spanish 0240 GMT 7 Jul 76 PA

[Text] San Jose, Costa Rica, 6 Jul--President Daniel Oduber today reiterated that there is unlimited freedom of press in Costa Rica. He was speaking on a nationwide radio and television network in connection with the forthcoming UNESCO conference on mass communications media, which will open in San Jose on Monday.

He said that Costa Rica is willing to allow the holding there of a discussion reflecting all the various trends of thought regarding freedom of information. "We want the delegates to make an on-the-spot evaluation of the system of freedoms--including freedom of speech--existing in Costa Rica," Oduber emphasized.

Oduber contended that he is against state control of publicity agencies and the communications media, although, he said, a certain amount of coordination between the government and those agencies is necessary.

FOREIGN MINISTER REPORTS ON ALLEGED COUP PLOT

San Jose Radio Reloj in Spanish 1730 GMT 6 Jul 76 PA

[Excerpts] Costa Rican Foreign Affairs Minister Gonzalo Facio told newsmen during a news conference just ended that he spent the weekend in Guatemala with Costa Rican Public Security Minister Mario Charpentier Gamboa talking with Guatemalan Government officials about a coup that was supposed to take place in the next few days in Guatemala to overthrow President Kjell Laugerud Garcia.

Facio said that Orlando Bosch and other persons were presumably involved in it but that the names of the others would not be immediately revealed. The Guatemalan Government has the situation under control and the plan has failed.

BF

Facio said: [recording] (?And since we also knew) that Orlando Bosch had entered and left Guatemala several times using different passports he has [words indistinct]. He came and went from here. We felt that it would be advisable to make a fast trip to Guatemala to take a close look at things and to talk [word indistinct] with Guatemalan officials.

Mario Charpentier and I went to Guatemala on Sunday afternoon and held the pertinent conversations. Of course, I talked with the foreign minister; Mario talked with the defense minister. The two (?reported to the president), and we reached the conclusion that there was nothing serious--that there is always the same group, which is connected or [words indistinct] with the same group which people say is a (?cell) of world communism and must be smashed.

To me these people are completely half-witted and irrational, and I believe that part of the whole thing was the usual gossiping by Orlando Bosch and the group that helps him. He boasted of (?having support) from other governments [words indistinct] and the important thing was that the Guatemalan Government learned that there was at least talk about a movement and offered, very sincerely in my opinion, all cooperation to avert continued activity of this type.

Minister Charpentier and I came back pleased with the results of our efforts. I wanted to tell you this so there will be no other interpretations of our trip to Guatemala. [end recording]

Facio said in connection with the coup brewing in Guatemala that, unquestionably, there are groups who are interested in violently changing the government to establish a rightist regime, such as the one sponsored by the Free Costa Rica Movement [MCRL].

Asked if this coup plan was related in any way to one former President Jose Figueres was allegedly hatching, Facio said there was no connection. Asked if U.S. citizen Williamson--a former U.S. Embassy official--had anything to do with it, Facio said he has no concrete evidence involving him. He added that Williamson has 15 days to leave the country.

The Guatemalan Mano Blanca and the MCRL have always been involved in these matters, Facio said. He ended by saying that he has nothing concrete about the coup and that his and Charpentier's purpose in going to Guatemala was to gather information and to inform the Guatemalan Government so it may thwart any further coup attempts against Costa Rica.

Further Details

Paris AFP in Spanish 2329 GMT 6 Jul 76 PA

[Text] San Jose, 6 Jul--Costa Rican Foreign Minister Gonzalo Facio denied today that he went to Guatemala because a coup was being planned there against President Kjell Laugerud. At a news conference Facio said that he went to Guatemala to discuss with his colleague Adolfo Molina the rumors circulating here to the effect that Guatemalan groups led by the Cuban Orlando Bosch are attempting to create problems in Costa Rica, provoking a delicate situation.

Facio added that Bosch and the Guatemalans are plotting outside Guatemala and that they would implement a subversive plan in Costa Rica, including the assassination of President Daniel Oduber and Facio himself. He added that for months Guatemalan groups [words indistinct] the Costa Rican Government. Facio said repeatedly that he went to Guatemala accompanied by Public Security Minister Mario Charpenteir to report on the rumors to the Guatemalan Government.

OPPOSITION PARTY DEMANDS VESCO'S EXPULSION

Panama City ACAN in Spanish 1640 GMT 6 Jul 76 PA

[Text] San Jose, 6 Jul (ACAN-EFE)--The opposition Democratic Renovation Party [PRD] has asked the Supreme Electoral Tribunal to have U.S. millionaire Robert L. Vesco expelled from Costa Rica on the charge of meddling in the country's domestic politics. The accusation was made by the president of the PRD's Executive Committee, Rodrigo Carazo Odio, based on public charges which have been lodged here..

One of those charges is based on former President Jose Figueres' statements to a newsman from Mexico City's newspaper EXCELSIOR to the effect that Vesco had financed several political parties during the 1974 election campaign. Another one is based on statements by Deputy Sigurd Koberg who some time ago said that Vesco had offered financial aid to his party. Carazo Odio also recalled the incident of a speech delivered by Vesco justifying his presence in Costa Rica, his businesses and his ties with politicians, a speech based on notes drafted by Figueres himself while in office as president.

A constitutional norm forbids foreigners from interfering in domestic politics. Vesco came to Costa Rica in 1972 and immediately caused intense discussions over his invesments and his ties with known politicans. Here he has escaped from legal action to recover $224 million belonging to the investors Overseas Services, a mutual fund which he managed.

PEOPLE'S COMMITTEE UNITES AGAINST GOVERNMENT

Panama City ACAN in Spanish 1930 GMT 1 Jul 76 PA

[Text] San Salvador, 1 Jul (ACAN-EFE)--It was learned here today that a 30 July Committee of People's Organizations (COP-30 de Julio) has been created which, according to its members, seeks to rally support this month for mass mobilization "to honor the memory of our student heroes who were killed on the aforementioned date" during the repression of a demonstration.

Peasant, worker, student organizations and opposition parties--the National Revolutionary Movement (MNR), Christian Democratic Party (PDC) and the Nationalist Democratic Union (UDN)--announce that the committee also seeks to strengthen the unity and fighting spirit of the people in their struggles against what they term a "dictatorship."

1. Forwarded herewith are two Federal Bureau of Investigation reports dated 23 June 1976 concerned with Subject.

2. Your attention is called to paragraph eight, page two, of the report which discusses the Cuban meetings in the Dominican Republic. Although we know of no mountains close to Santo Domingo, we recall that EMPETCH-9 was well known for his "hideway" on a mountaintop "in the clouds" outside of either San Cristobal or Bani. Given the indications that we have received of EMANTHEM-1's interest in Orlando BOSCH, and the occasional "confusion" by EMPYREX-10 and EMPETCH-9 on BOSCH's presence in Santo Domingo, is it possible that EMPETCH-9 might be concealing what he really knows about the BOSCH matter? If anything does turn up along this line, we would be interested in learning about it.

'FORMER CIA AGENT' MANUEL DE ARMAS HOLDS PRESS CONFERENCE

Havana Domestic Radio/Television Services in Spanish 0109 GMT 22 Apr 76 FL/PA

[Press conference held by "former CIA Agent" Manuel de Armas in Havana on 22 April 1976--videotape]

[Text] First of all, I would like to explain that I am going to read a written statement which I have great interest in presenting in such a way that there is no doubt about the quality of its contents. That is why, due to a problem I have in expressing myself in Spanish, I would like to proceed in this manner.

I would like to take this opportunity to denounce what has been a phase of my life, also to briefly explain my presence in this country. My objective is to openly denounce all immoral acts carried out, directly or indirectly, against Cuba under the sponsorship of the North American government, of which I have knowledge.

I left Cuba 2 years after the triumph of the revolution for family reasons. Thus I was a member of a family which did not know how to or was not able to adapt itself to the life here and opted to live abroad. I attended secondary school and college in the United States until 1969 when I was recruited by the Central Intelligence Agency. My relations with the CIA and a number of U.S. repressive organizations began then.

In doing this, great difficulties arise in cases such as mine. There are always many unanswered questions as to my possible motives or political affiliation. My motivation has been created over a period of 5 years of personal, political and ideological degradation resulting in a high degree of personal frustration. Regarding my political affiliation, I unfortunately have none.

I know that many who listen to this press conference abroad will identify me as part of this system. Nevertheless, I would like to make a brief explanation. I want to make it very clear that it is not directed to those who accuse me of being allied to the system, because I do not owe them an explanation. Perhaps, the thing I would like best now is that those who accuse me would be right, but unfortunately their concept of identification, just like mine during the past 5 years, has no meaning in this revolutionary system.

The past 17 years of revolution have not been based on identifications but on principles, principles that many are not capable of recognizing precisely because they lack them.

As a North American intelligence agent and, of course, functioning at the service of North American political interests, I lived approximately 5 years in a world of opportunism, in an immoral manner of ideological degradation and in an antiprogressive position which have forced me to come to Cuba to denounce these facts from a totally personal viewpoint and under my responsibility, and thus denounce the activities of the CIA and other U.S. governmental organizations which work for that system's interests.

It is necessary to explain certain characteristics which are common to them as part of such a system. In that system I lived, grew, studied and finally functioned as an active part of the intelligence community, and that is why I consider it my right to make the following comments.

In the environment that I lived in until very recently, like others, I was never able to adjust. I do not believe there is any other system like that, capable of developing a lack of personal and social identity due to its capitalist nature, which does not grant values to any type of ideology or social progress but only to an apathetic materialism characteristic of the already degraded interests of that system.

FBIS DR## 79 (LA) 22 APR 76

The CIA, as defender of those interests, acts without moral scruples to support them. This system is well-known to all but not all are willing to admit it. We can talk extensively about this, but it is not my intention to point out generalities but facts, facts in which the CIA has participated in activities against revolutionary interests within and without the Republic of Cuba by using counterrevolutionary groups.

Historically, the CIA has been a principal factor in the coordination, financing, direction and absolute control over these counterrevolutionary groups. Oddly enough, they consider themselves bulwarks of rebellion and heroism as well as possessors of a high level of ideological independence in the struggle for recovery of the liberties removed, according to them, by the Cuban revolution. These are the same groups that have carried out various activities against Cuba, financed and coordinated by the CIA. These are the same groups which have proudly assumed responsibility for the cowardly attack against Cuban fishermen last 8 April, which the world will have to judge and condemn.

My relations with these elements began in 1970 and it specifically began with the group ABDALA, of which I was coordinator for the Chicago cell at the very beginning. Later, in 1971, I became ABDALA coordinator for all cells of the midwestern part of the United States. My fundamental mission as CIA agent was to penetrate the ABDALA organization at the highest level in order to concretely evaluate its political orientation, have the necessary information to be able to fully and effectively control the organization and, through it, be able to control other counterrevolutionary organizations associated with ABDALA.

I began my activities by attempting to determine the possible affiliation of some members of the organization with the illegal drug traffic in North America. This CIA task was aimed at ascertaining the relations of these elements with the Cuban Revolutionary Government, in other words, to demonstrate that those persons were acting as counterrevolutionary elements to cover up the illegal drug traffic under orders from the Cuban Government.

After a year of investigations, that theory was not proved. Despite that, the CIA and other organs continued to look for evidence aimed at involving Cuba and distorting its foreign image. In 1971, the CIA leadership decided to transfer me to New York State where I was given the identification of a high-level official in the drug control commission of the state. These activities did not affect my ties to the ABDALA group but, on the contrary, helped strengthen my ties with the organization's board of directors.

I maintained relations with the following CIA officials: Brackenhouse, first CIA agent to contact me and recruit me; and Richard (Tomly), staff officer of the McLean, Virginia, Operations Office, who conducted my initial training and acted as evaluating supervisor in the ABDALA organization. By then, the main interest of the CIA in ABDALA was in determining the operational capacity of this counterrevolutionary group, the possibility of using it in terrorist activities and predicting its future development. The ABDALA program was known not only to the CIA but also to other governmental organizations and their respective intelligence organs.

At the time the ABDALA leadership, which was tied to terrorist activities, was made up of Gustavo Marin, Enrique Encinosa, Lazaro Alvarez, Eduardo Lima, Leo Viota and myself. The CIA Operations Office considered ABDALA to be one of the best possibilities as opposed to the rest of the organizations, which are believed to be made up of ineffective elements and charlatans who waste the agency's funds without any results.

Now I will enumerate the activities of this organization that were coordinated or directed by the CIA as an organ of the U.S. Government.

New York: Through Gustavo Marin I learned about a general coordination of ABDALA with persons of other counterrevolutionary groups to create a more concrete and stronger program of terrorist actions. It is in this manner that ABDALA directly participated in the founding of the so-called Cuban Front of National Liberation (FLNC), whose fundamental objective was to carry out terrorist acts. The talks on the founding of the FLNC were held by the ABDALA leadership and Orlando Bosch, Dr Vasquez Leyva and Dr Humberto Fontana. I was introduced to a counterrevolutionary by the name of Gutierres, a militant of ABDALA who directly participated in the terrorism against the Cuban Consulate in Madrid, Spain. A powerful explosive was placed at the entrance of the Cuban offices in Madrid, causing severe material damages. Two offices were totally destroyed and the rest of the offices were seriously damaged as well as other floors of the building where the consulate was located. Present at the time of the explosion were the Cuban consul, his wife and other officials.

Knowledge of plans of terrorist acts against Venezuelan tourist offices in Puerto Rico: These acts were carried out by Juan de Dios who resided in Puerto Rico. They were developed in reprisal for the temporary detention of Orlando Bosch in Venezuelan territory and were of course made known to the CIA by me. Nothing was done to stop them. The CIA also knew of and coordinated through ABDALA a public event in New York City when a terrorist act was to be carried out against the building of the Cuban mission to the United Nations using molotov cocktails. This was called off by the CIA through officer Brackenhouse when some contradictions arose in coordinating with the FBI on how it should be done.

The CIA knew of attacks by persons residing in Miami against Cuban fishing vessels in international waters in which leader Gustavo Marin directly participated. Cesar Sanchez, a CIA informer, also took part.

Knowledge by the CIA and coordination of terrorist activity against the Cuban Embassy in Montreal, Canada: In this second attempt, the ABDALA group, which was going to use me as liaison, was given a certain quantity of explosives. I must explain that this was not carried out because the required prior coordination with the RCMP, the Canadian authorities, was not made, even though the coordination with the FBI had been made. In personal conversations held with FBI agents, the NSA--this is the National Security Agency--and representatives of the Justice Department at the federal level, which took place in the Federal Building of the southern district in the City of Manhattan, the possibility of controlling the activities of these terrorist groups inside U.S. territory was discussed. However, despite the talks, we--that is, the CIA--did not interrupt the activities in these terrorist programs. In conversations with the ABDALA leadership, I learned of possible attempts on the lives of certain individuals in exile who had defrauded the counterrevolution. This took place 3 months before the death of the notorious counterrevolutionary leader Jose de la Torriente. I also learned about the attack on the Hispano Warehouse in New York City because it was sending goods to Cuba. This was carried out by ABDALA militant Fernando Fuxaseila. The activity was authorized by the CIA to determine how far the ABDALA terrorist apparatus would go. By then, Bob (Dynus), a CIA officer who supplied explosives, was participating in the operational program with ABDALA. Bob (Dynus) now works in CIA programs related to Chile.

14-00000

The CIA knew about and approved acts against the Cubana de Aviacion offices in Mexico City. Participating in this act was Leo Victa, an ABDALA leader who traveled to Mexico from Venezuela.

Knowledge by the CIA of personal contacts with representatives of the present Chilean Government in New York City to take Orlando Bosch to Chile after his arrest in Venezuela: Representing ABDALA was Enrique Encinosa, who is a rabid admirer of Orlando Bosch, and representing the Chilean intelligence services was Mr Julio Solosa.

Knowledge by the CIA of the financing of ABDALA by the ultraright John Birch Society and the Latin American Club of the University of Illinois: Participating in the talks on financing was Senator Buckley of the U.S. Congress, who maintains close relations with ABDALA leader Encinosa as well as the notorious Carlos Prio Socarras and Nicaraguan President Somoza.

CIA coordinated a program for collecting funds for ABDALA, extorting cash from the President of the Republic National Bank in Miami and assassinating Rolando Masferrer. For the killing of Rolando Masferrer, CIA officer Robert "Bob" Mills gave me four packages [petacas] of C-4. I personally gave them to Lazar Alvarez, a leader of ABDALA. Later, as everybody knows, Masferrer was murdered.

I must explain that my relations with CIA officer Mills came about because of his experience in Cuban problems. He acted as liaison officer between the CIA and the Justice and Defense departments. These are all the activities that I personally participated in as a CIA agent. I will now enumerate other activities which I learned about during my stay in the United States and while traveling in other countries. I had no direct participation in these programs. At this time I would like to explain that, even though I say that I had no direct participation there should be no doubt as to the veracity of the following events. I mainly learned about these things through official sources, and that is work, comrades.

Attempt on the life of Cuban Prime Minister Fidel Castro during his stay in Chile: It was prepared and directed by the CIA, which introduced counterrevolutionary Antonio (Beciana) to the Alfa-66 organization, requesting from its chief, Nazario Sargent, the men needed. The (?chambers) and diplomatic passports were prepared by the CIA. Participating for Alfa in this activity were Jesus Dominguez Benitez and several others.

Kidnaping of Cuban fishermen in May 1970: It was directed by the notorious CIA agent Ramon Orozco Crespo and Raul Carreras, former member of the 2506 Brigade who participated in the Playa Giron landing. This activity was also carried out by members of Alfa-66. In activities against Cuban fishing boats, counterrevolutionary Roberto Tur acted as permanent informer, establishing the positions of the boats. He lives at 12th Avenue between 8th and 9th Streets in southwest Miami.

Other activities carried out by Alfa-66 were: Attacks on the Cuban Embassy in Mexico City in the early hours of 20 January 1974, when two explosive devices were used. One exploded and the other, which did not explode, was hurled at the children's playground at the Cuban Mission. In the early hours of 5 August 1974, a bomb exploded in the garden of the Cuban Embassy in Jamaica. In October 1974, the Bahamian authorities captured seven Cuban counterrevolutionaries who, on orders of the Alfa-66 organization, were going to infiltrate Cuba through the northern coast of Oriente Province. They were to land Luis Lobaina and Aristides Marques armed with M-1 carbines and pistols with silencers. The objective of this mission was to assassinate Prime Minister Fidel Castro.

PCD ATTACKS POLITICAL LEADER PEREZ

Santo Domingo Radio Clarin Network in Spanish 2200 GMT 2 Apr 76 FL

[Text] The Dominican Communist Party [PCD] today asserted that if Luis Julian Perez becomes president he will persecute PCD members. The PCD Political Committee, in a press statement sent to Radio Clarin, indicates that Julian Perez has retreated and postponed his anticommunist offensive. The former chairman of the National Development Commission had asserted that he would disclose the names of each member of the communist party that holds positions with the government.

The PCD adds in its statement that Julian Perez now states that he never said it. In fact, he contradicts himself, retreats and is avoiding a political confrontation in which he can only lose. The PCD also points out that his statement was nothing but a gross lie.

MEMBERSHIP IN SUGAR PRODUCERS UNION OPPOSED

Santo Domingo Radio Clarin Network in Spanish 2200 GMT 2 Apr 76 FL

[Station commentary]

[Text] We have insistently said that to belong to the famous Union of Latin American Sugar Producers--to which the Philippines has been added--is not [word indistinct] or beneficial to the Dominican Republic because there is a notable difference between producing and exporting countries and in their respective interests.

We have also criticized the series of limitations imposed on the Dominican Republic by virtue of meetings held and commitments acquired. These limitations and commitments are made in exchange for nothing because a country that produces sugar but does not export it has nothing to lose in agreeing to limitations on its free right to negotiate, to sell, and so forth.

Right now the Philippines has acquired a contract on sugar sales for a 5-year period with a U.S. refinery amounting to 650,000 tons annually. Did the Dominican Republic know anything about this? Or did it learn about it, as we did, from international news dispatches? What prior consultations were made? How does this (?agree) with the famous meetings and agreements of Cozumel, Puerto Plata, Lima and Cali?

It is not that we believe the deal with the Philippines will have any effect on the price of sugar or the market; however, we take the opportunity to stress this example and make known the reasons we have had and have to criticize the Dominican Republic's entry in an international group from which we will get no benefits.

AUTHORITIES DENY ARRIVAL OF ANTI-CASTRO LEADER

BK

Santo Domingo Radio Clarin Network in Spanish 2200 GMT 30 Mar 76 FL

[Excerpts] It is not true that anti-Castro exile Orlando Bosch is in the Dominican Republic, Immigration Director General Commodore (Ret) Enrique Rafael Valdez Vidaurre declared today. He added that a report to the effect that Dr Bosch had been expelled from Costa Rica to our country was journalistic speculation. The report had been made in San Jose, Costa Rica, last night by a spokesman for the government of President Daniel Oduber.

The Foreign Relations Secretariat today also pointed out that it had no knowledge that Bosch had been expelled to our country on orders of the Costa Rican Supreme Court after many countries consulted by the government of that Central American country refused to admit the anti-Castro exile.

San José, Costa Rica

Bosch viajó a Dominicana con nombre falso

A pesar de las declaraciones hechas por funcionarios del Gobierno dominicano, es un hecho que el exiliado cubano, líder anticomunista que estuvo preso en Costa Rica por más de dos meses, se encuentra en República Dominicana, a juzgar por información dada a conocer ayer por voceros del Ministerio de Relaciones Exteriores.

Lo que ha ocurrido es que Bosch ingresó en aquel país con el nombre de Emilio Levanza, con el cual aparece en un pasaporte chileno falsificado, el mismo que usó para venir a nuestro país.

El encargado de negocios a. i. de la República Dominicana en San José, señor Schiffino, negó la versión dada a conocer por La Nación en el sentido de que Bosch había viajado a su país. Pero la aclaración hecha por los funcionarios de la Cancillería determina cuál es la real situación.

Bosch fue deportado a Dominicana tras una serie de gestiones del Gobierno costarricense, que lo tuvo detenido desde el 1[illegible] de febrero, fecha en que ingresó a nuestro territorio, días antes de que visitara el Secretario de Estado norteamericano, Henry Kissinger.

Extraño aislamiento del doctor Bosch

Del Movimiento Costa Rica Libre, recibimos la siguiente comunicación:

"La incomunicación de que es objeto el Dr. Orlando Bosch, dirigente anti-comunista cubano con más de veinticinco años de lucha, primero contra la dictadura de Batista y luego contra la dictadura comunista de Fidel Castro, es una vergüenza para el prestigio internacional de nuestro país.

La negación de asistencia médica adecuada y la prohibición de que un abogado le visite son una clara [illegible]ción de los Derechos Humanos. Si el señor Ministro de Seguridad Pública después de haber manifestado públicamente que no le importaba que el señor Bosch continuara en huelga de hambre, anuncia ahora —sin que podamos confirmar— que le ha dado este Gobierno asistencia médica, ello ha sido obligados por la presión del Movimiento Costa Rica Libre que amenazó con denunciar esta actitud ante Amnistía Internacional en Londres y ante la Comisión de Derechos Humanos en New York.

La actitud del Gobierno de Costa Rica con el dirigente anticomunista O. Bosch, contrasta con la asumida con el terrorista marxista Allende, quien disfruta en nuestro país de todos los derechos y comodidades necesarias brindados por las esferas oficiales.

¿Cuál es la razón para mantener aislado al Dr. Bosch como si fuese un delincuente común? ¿Por qué no se permite ser visto por un médico de su confianza? ¿Por qué no puede ser visitado por un abogado? ¿Va el Dr. Orlando Bosch a permanecer en una cárcel indefinidamente hasta que algún país le reciba? ¿Es esta la forma como el Gobierno de Costa Rica entiende los Derechos Humanos?

Resulta extraño que el Ministro de Seguridad Pública que ahora no contesta interpelaciones de quienes como contribuyentes pagamos su sueldo, le moleste que se haga publicidad alrededor de un caso que tiene alarmados a la opinión pública, pero si permiten toda clase de publicidad cuando se trata de detenidos de filiación comunista. ¿Cuáles son y de dónde provienen las presiones contra el señor Ministro para que haya tomado esta actitud? Todos conocemos la filiación anticomunista del Ministro. Entonces, ¿por qué actúa así?

El Ministro Charpentier debe explicar claramente las razones del Gobierno para mantener a un anticomunista que no es un delincuente, sin asistencia médica de confianza y sin asesoramiento legal. Explique el señor Ministro por qué se le mantiene incomunicado. ¿Es acaso que existe temor que el Dr. Orlando Bosch diga algo inconveniente para el Gobierno?

El señor Ministro debe explicar en forma clara y sin irritarse; todas estas interrogantes, ya que él es un servidor público y por lo tanto está obligado a dar explicaciones a los ciudadanos que las solicitan. De no ser así tendremos que recurrir a otros organismos para que se ponga en claro esta extraña persecución y aislamiento del dirigente anticomunista cubano Dr. Orlando Bosch".

Junta Directiva
Movimiento Costa Rica Libre.

NO GOVERNMENT WANTS TO ACCEPT CUBAN EXILE

Panama City ACAN in Spanish 0229 GMT 19 Mar 76 PA

[Text] San Jose, Costa Rica, 18 Mar--The fate of exiled Cuban leader Orlando Bosch has been complicated by the fact that no government in the hemisphere is willing to grant him territorial asylum.

Meanwhile, Bosch began today his 7th day on a hunger strike which he is staging to call attention to his case, and is accepting only water in his cell in the prison of Cartago, east of San Jose, where he is being held.

Bosch was deprived of his freedom when his presence and illegal entry into Costa Rica were proved. He used a Chilean passport with a false name to enter the country shortly before U.S. Secretary of Stat Henry A. Kissinger's official visit.

Bosch's deportation has been ordered, but no government has shown any willingness to receive him. Today, Foreign Affairs Minister Gonzalo J. Facio negotiated with a country not previously consulted--one of the latest to be approved--Facio explained. The results of these negotiations were negative.

Apparently, Bosch's guerrilla background influences these rejections.

The anti-Castro leader claims to be a victim of the circles which foster a reconciliation with Prime Minister Fidel Castro's regime.

FACIO ON CUBAN-COSTA RICAN RAPPROCHEMENT

Panama City ACAN in Spanish 0036 GMT 23 Mar 76 PA

[Text] San Jose, Costa Rica, 22 Mar--(ACAN-EFE)--Costa Rican Foreign Minister Gonzalo J. Facio this afternoon rejected criticism by newsmen who have said he is propitiating a rapprochement with the Cuban regime. Facio said that the Castroite adventure in Angola and the proletarian internationalism doctrine it represents have thrown cold water on the possibility of renewing relations with that island.

The minister thus responded to a newspaper editorial which noted the dangerous inclination of the Foreign Ministry toward reconciliation with Cuba at a time when, according to the commentary, the Havana regime has decided to embark on an expansive and aggressive foreign policy.

Facio rejected this criticism and freed his ministry from all responsibility for what officials from other ministries said or did after their trip to Cuba. Some have praised the system in effect there.

The foreign minister commented that the adventure in Angola and the theory advanced by Cuba--according to which it is prepared to back insurrections provoked by communist movements--are very much taken into account by Costa Rica and are considered to be enough reason for cooling the possibility of a renewal of relations with Havana.

Facio also said that he did not share the opinion of the New York TIMES which commented that Jamaica and Guyana have become beachheads for Cuban penetration in the hemisphere.

Dijo que los diplomáticos latinoamericanos son figuras feminoides disfrazadas para los bufets, las comilonas y la intriga.

Expresó que, por un lado Castro está protegido por los Estados Unidos y por otro por los diplomáticos y políticos blandengues.

Cuando un periodista le preguntó si se podía comparar a Pascal Allende con Matos, señaló que era absurdo, pues en su opinión eso equivaldría a mancillar la memoria de un hombre valiente como Matos, preso actualmente en las mazmorras del régimen de Castro.

Refiriéndose a los métodos violentos a veces empleados por cubanos anticastristas, declaró: "La violencia puede ser noble, justa, digna, o no. Nosotros luchamos solos por nuestra patria, y racionalmente la defendemos".

Ningún cubano atacó nunca a funcionarios norteamericanos. Pero, como tantos otros países de América, en Costa Rica políticos y diplomáticos como el señor Facio le siguen haciendo el juego a Castro", dijo Bosch.

Añadió que nadie ha hecho tanto para dejar sin efecto el bloqueo a Cuba que el señor Facio y sin embargo, Castro le ha respondido en forma rípida. Eso demuestra, dijo, que él es un peligro que hay que combatir.

SEGUIRE CONSPIRANDO:

Bosch declaró que tiene una misión que cumplir y que, no importa donde el gobierno lo mande, ahí encarará a su suerte: "Seguiré luchando racionalmente como lo he hecho hasta ahora. Seguiré envuelto en actividades conspirativas. Nadie debe tenerme miedo, excepto los comunistas", dijo Bosch.

Bosch ingresó al país a principios de este año con un pasaporte falso a nombre de otro, según afirma, con el propósito de permanecer unos días fuera de acción, descansando. "No pensaba en realidad disfrutar del sol y la playa, pues como solía advertir Martí: "Los pueblos deben tomarse un descanso pero no sus líderes". Sin embargo, consideré que podía hacer una pausa aquí. No tenía interés en comprometer al Gobierno. Después de lo que me han hecho me voy desilusionado", añadió.

FROM: C/LAD

1. In a meeting with Assistant Secretary Rogers today, he told me that he had learned from Foreign Minister Facio that Bosch, at the time of his arrest in San Jose during the Kissinger visit, had two recently issued passports from the current Chilean government. Facio also said that 10 to 12 persons also had come into Costa Rica with Bosch but the Costa Ricans do not know who they are nor have they been able to locate them. I mentioned to Rogers that a U.S. Secret Service agent had interviewed Bosch.

2. In view of State's interest in this case, I suggest you send a cable to San Jose and try to find out the number of these Chilean passports and to whom they were issued. Also it might be worthwhile to have a summary of what Bosch and the U.S. Secret Service agent talked about.

BOSCH, ORLANDO

VI. 27 Feb 76

CUBA

No advantage can be gained and no good conclusions reached from a visit which lasted less than a day and during which he spoke for only a half hour with each foreign minister, the first secretary of the Soviet Embassy said.

In this regard, Socialist Action Party Deputy Mora Valverde said Kissinger's visit was a failure for U.S. imperialism, since the chiefs of state who had been invited to the meeting decided not to come, considering Dr Kissinger's visit of little interest.

Nothing can be achieved in such a short period of time, the Soviet official said.

Regarding former President Nixon's visit to the PRC, the Soviet official said it will not affect Soviet foreign policy in any way. It is only another of the many tourist or courtesy trips to the PRC. This is why we do not attribute any importance to it, he said.

Regarding Fidel Castro's participation in the CPSU congress which began 2 days ago, Mr Arnold Mosclov said all countries in the world were represented at the congress, but that the visitors were participating as observers in the discussions of what the Soviet people have done and will do in the field of development.

The Soviet official said regarding Cuba's intervention in Angola: The Cuban Government is helping Angola because the latter needs it. Previously, when the U.S. Government blocked aid to Cuba, the latter had to ask for the Soviet Union's cooperation, because it was being suffocated by the economic blockade imposed by the U.S. Government. Now the Angolan people had to ask for Cuba's help because the United States refused to help and in addition was blocking aid.

On this issue of the peoples' liberation struggle the blame lies with the United States, the first secretary of the Soviet Embassy concluded.

CUBAN EXPELLED FOR PLOT AGAINST PASCAL ALLENDE

Panama City ACAN in Spanish 0123 GMT 26 Feb 76 PA

[Excerpt] San Jose, 25 Feb--(ACAN-EFE)--The Costa Rican Government ordered anti-Castro Cuban Orlando Bosch to leave the country. He is allegedly involved in a plan to attack Chilean Marxist leader Andres Pascal Allende, in exile in Costa Rica.

It was reported that Bosch, who entered this country on 19 February, resides in the Dominican Republic and entered Costa Rica with a Chilean passport.

He categorically denied any links with subversive groups and the authorities were unable to prove this association, but as a preventive measure they ordered him to leave the national territory.

1. BASED ON CONVERSATIONS WITH HUFABRIC-14 EVENING 18 FEB AND MORNING 19 FEBRUARY, WHAT FOLLOWS ARE DETAILS OF EVENTS LEADING TO ARREST OF ORLANDO BOSCH AVILA:

A. BASED ON EARLIER BACKGROUND TO THIS CASE (PARAS 1 AND 2 REF), SPECIFICALLY FBI INVOLVEMENT, BOSCH HAS BEEN OF INTEREST TO HUFABRIC LIAISON SINCE ABOUT FEBRUARY 1975. THEIR INTEREST WAS INTENSIFIED BY THEIR KNOWLEDGE OF BOSCH'S INVOLVEMENT WITH BOMBINGS, NOT ONLY IN CONNECTION WITH RECENT BOMBINGS IN COSTA RICA BUT ALSO IN CONNECTION WITH KISSINGER'S VISIT.

B. AS INDICATED PARA 3 REF, LIAISON HAD PINPOINTED NEIGHBORHOOD WHICH BOSCH WAS BELIEVED TO RESIDE. RECENTLY LIAISON LEARNED THAT BOSCH WAS INTERESTED IN TALKING TO THE CHIEF OF OPERATIONS OF THE LIAISON SERVICE (HUGLIB-8, A STATION PENETRATION OF THAT SERVICE) BUT WAS ADVISED BY OTHER

GOVERNMENT CONTACTS NOT TO DO SO. BOSCH SOON LEARNED THAT THE AUTHORITIES WERE ATTEMPTING TO LOCATE HIM. LIAISON ALSO LEARNED FROM ITS SOURCES THAT BOSCH WAS ALSO USING THE NAME CONRADO CORTEZ (THIS ALL HAPPENED BEFORE HUFABRIC-14 WAS ADVISED THAT BOSCH MIGHT BE TRAVELLING UNDER THAT NAME).

C. THROUGH ITS CONTACT WITH LOCAL POSTAL AUTHORITIES AND THE OWNER OF A LAUNDRY KNOWN TO BE PROVIDING SERVICES TO BOSCH, LIAISON PINPOINTED HIS RESIDENCE IN PRIVATE HOME IN A SECTION IN THE SOUTHEASTERN PART OF THE CITY OF SAN JOSE CALLED JARDINES DE CASCAJAL WHERE HE WAS APPREHENDED AT 1100 HOURS ON 18 FEBRUARY.

(D). THROUGH ANOTHER SENSITIVE SOURCE, LIAISON LEARNED THAT BOSCH WAS USING DOCUMENTS UNDER THE GARBLED VERSION OF THE NAME HECTOR E. D'AVANZO CINTOLESI. BASED ON PARAS 4 A AND B OF REF, LIAISON LEARNED THAT D'AVANZO HAD ARRIVED IN COSTA RICA ON 6 FEBRUARY ON COPA FLIGHT 317 FROM NICARAGUA. INCIDENTALLY, LIAISON DOUBTS THAT BOSCH WAS IN VENEZUELA RECENTLY.

1. IN CONTEXT OF ARRIVAL CARACAS HORTENSIA BUSSI DE ALLENDE PER REF B, STATION BELIEVES WE COULD ADVISE LOCAL LIAISON UNILATERALLY THAT WE HAVE TIP THERE MAY BE ATTEMPT ON LIFE OF MEMBER ALLENDE FAMILY HERE IN CARACAS. FEEL THIS AS SPECIFIC AS WE COULD GET AND STILL REASONABLY PROTECT SOURCE. EVEN THEN THERE IS RISK TO WKSCARLET-3 WHO OBTAINED INFO DIRECTLY FROM SELF-DECLARED PRINCIPAL IN PLOT: WKSCARLET-3 IS ONLY PERSON WE SURE FRANK CASTRO HAS TOLD. POSSIBLY ROLANDO OTERO HERNANDEZ IS NOT YET AWARE VICTIM IDENTITY. IF WKSCARLET-3 COMPROMISED TO EXILE EXTREMISTS, STATION FEELS HIS LIFE WOULD BE IN JEOPARDY.

CONTACT REPORT

WUBRINY - General

1. WUBRINY/1 called on the sterile line from Washington at 1430 hours to discuss the subject covered below.

2. Tire Recap: WUBRINY/1 said that he had just heard from the Mohawk people who will be in New York the week of 20 May and has stated that they are now prepared to go ahead investing some $30,000 of their own money in a tire recap plant in Greece. WUBRINY/1 will give us more details as he has them and feels that Lodi will also come in with some money and that WUSALINE can also, if this is desired or needed.

3. WUBRINY/4: WUBRINY/1 said that Luis Borwne is briefed him in detail on the difficulties that apparently have built up regarding WUBRINY/4's suspicisons and said that he plans to have RECKREY devote himself to this monest. WUBRINY/1 said that if this is as serious as Mr. Browne appears to believe it may be necessary to isolate him elsewhere in the WUBRINY interests, such as the partnership, and taper him off for termination at the end of his six months. WUBRINY/1 suggested that it might be useful to send him to Greece in conjunction with the Mowhawk tire recap plant.

4. Martinique - Pumice: WUBRINY/1 said that all arrangements are now made and this is ready to go forward and that KUBARK should decide right away the contribution we wished to b e made by RECKREY. I told WUBRINY/1 we would be back on this early next week, but I felt sure it was as had been earlier discussed, namely, that we will foot the bill for RECKREY's time and travel, etc., expenses. Note: I trust Mr. Allen will give this priority attention when he returns.

5. Haitian Banker - M. CHARLES: WUBRINY/1 said that he had encountered M. Charles at the National Airport in Washington at 1920 hours just at the time he was reporting in to me at my home. WUBRINY/1 said that M. CHARLES was nattily dressed in a gray silk suit and said that he was on his way to Chicago but had not said why. M. CHARLES was accompanied by George deMOHRENSHILDT. WUBRINY/1 asked M. CHARLES what in the world is going on now in Haiti and M. CHARLES shrugged and said that he felt that they would "bring down Papa Doc." No further details were given and this was apparently a personal opinion rather than something based on fact or knowledge.

EMBASSY IN SAN JOSE, COSTA RICA, DATED 16 MARCH 1976, ORLANDO BOSCH AVILA WAS ARRESTED IN SAN JOSE, COSTA RICA ON 18 FEBRUARY 1976 ON SUSPICION OF BEING INVOLVED IN A PLOT AGAINST THE UNITED STATES SECRETARY OF STATE. BOSCH WAS CHARGED WITH HAVING ENTERED COSTA RICA ILLEGALLY USING DOCUMENTATION IN THE NAME OF HECTOR EMILIO RAMON D A V A N Z O CINTOLESI. AS OF 16 MARCH 1976, BOSCH WAS UNDER DETENTION IN CARTAGO, COSTA RICA. THE COSTA RICAN GOVERNMENT WAS STUDYING THE POSSIBILITY OF EXPELLING HIM BUT HAD BEEN UNABLE TO FIND A COUNTRY WILLING TO ACCEPT HIM.

3. WHEN ARRESTED, BOSCH WAS CARRYING THE FOLLOWING CHILEAN IDENTITY DOCUMENTS:

A. A BIRTH CERTIFICATE IN THE NAME OF HECTOR EMILIO RAMON DAVANZO CINTOLESI, ISSUED BY THE CIVIL REGISTRY OFFICE OF THE QUINTA NORMAL (A SANTIAGO SUBURB) ON 6 AUGUST 1975. THE CERTIFICATE WAS SIGNED BY ALBERTO C A S A L, A CIVIL REGISTRY SECTION CHIEF, AND REFLECTED A BIRTH DATE OF 6 AUGUST 1927, REGISTRY NUMBER 953 OF THE LAS BARRANCAS (A LOWER CLASS SANTIAGO SUBURB) INSCRIPTION OFFICE. THE PARENTS WERE IDENTIFIED AS HECTOR D A V A N Z O AND AMALIA ENRIQUETA C I N T O L E S I.

B. CHILEAN IDENTITY CARD NUMBER 2357422, ISSUED IN

S E C R E T

SANTIAGO. THE CARD ALSO LISTED A TAX IDENTIFICATION NUMBER OF 2,357,422-5. (FIELD COMMENT: NO DATE OF ISSUANCE WAS REPORTED FOR THIS ITEM.)

C. AN AUTOMOBILE TITLE FOR A SIMCA 1000, ISSUED BY THE SANTIAGO PROPERTY REGISTRY OFFICE ON 21 SEPTEMBER 1966 AND BEARING REGISTRY NUMBER 682712.

D. CHILEAN ORDINARY (RED COVER) PASSPORT NUMBER 26583, ISSUED 25 SEPTEMBER 1975, IN THE NAME OF HECTOR EMILIO RAMON DAVANZO CINTOLESI. THE PASSPORT CONTAINS PRINTING OFFICE REGISTRY NUMBER 14441-1975, AND THE SIGNATURES OF VICTORIA M O R A N DOREN AND MARIA ELENA S E L M A N AS ISSUING OFFICERS. IT CONTAINS THE APPROPRIATE TAX STAMPS, WATERMARKS, AND SEAL ON THE PHOTOGRAPH.

4. THE CHILEAN PASSPORT CARRIED BY BOSCH CONTAINED ENTRY AND EXIT STAMPS INDICATING THE FOLLOWING TRAVEL:

A. EXIT FROM CHILE VIA PUDAHUEL INTERNATIONAL AIRPORT ON 28 DECEMBER 1975.

B. ENTRY AND EXIT FROM PANAMA VIA TOCUMEN INTERNATIONAL AIRPORT ON 29 DECEMBER 1975.

F. EXIT FROM NICARAGUA AND ENTRY INTO COSTA RICA ON 6 FEBRUARY 1976. (FIELD COMMENT: NO PLACE OF EXIT OR ENTRY WAS REPORTED.)

5. BOSCH REMAINED IN SAN JOSE FROM 6 FEBRUARY 1976 UNTIL HIS ARREST ON 18 FEBRUARY 1976. ACCORDING TO A SECRET SOURCE OF THE CHILEAN EMBASSY IN SAN JOSE, BOSCH OBTAINED THE FALSE IDENTITY DOCUMENTS FROM A FRIEND IN CHILE WHO IS A COLONEL IN ONE OF THE BRANCHES OF THE CHILEAN ARMED FORCES. (SOURCE COMMENT: THE SECRET SOURCE OF THE CHILEAN EMBASSY WAS NOT IDENTIFIED, BUT CONSIDERING THE FACT THAT THE SOURCE ALLOWED A CHILEAN EMBASSY OFFICER TO EXAMINE BOSCH'S FALSE IDENTITY DOCUMENTS, IT WAS PROBABLY GONZALO F A C I O, COSTA RICAN FOREIGN MINISTER. IT IS NOT KNOWN IF IN FACT THE CHILEAN EMBASSY'S SECRET SOURCE FAILED TO PROVIDE THE IDENTITY OF THE

CHILEAN COLONEL OR IF THE PREPARER OF THE REPORT PHRASED IT IN THIS MANNER IN ORDER TO AVOID DIFFICULTIES WITH HIS SUPERIORS.)

6. THE REPORT WAS SIGNED BY FRANCISCO C R U Z PACHECO, CHILEAN CHARGE IN SAN JOSE. (SOURCE COMMENT: CRUZ IS NORMALLY THE CHILEAN CONSUL IN SAN JOSE, BUT WAS CHARGE IN MARCH 1976 DUE TO THE ABSENCE OF THE AMBASSADOR ON LEAVE. IN OCTOBER 1976, CRUZ WAS SUDDENLY RECALLED FROM SAN JOSE SHORT OF TOUR, AND IS EXPECTED TO ARRIVE IN SANTIAGO IN LATE OCTOBER. THE REASON GIVEN WITHIN THE FOREIGN MINISTRY FOR CRUZ' RECALL IS THAT A NIECE OF PRESIDENT AUGUSTO P I N O C H E T HAD OCCASION TO REQUEST CONSULAR ASSISTANCE FROM HIM DURING A PRIVATE VISIT TO COSTA RICA, AND FOUND HIM ABSENT FROM HIS OFFICE DURING NORMAL WORKING HOURS. UNDER CURRENT CONDITIONS IN THE CHILEAN FOREIGN MINISTRY, THIS IS A PLAUSIBLE EXPLANATION, AND THERE IS NO CONTRADICTORY INFORMATION AVAILABLE.)

REFS: A. SANTIAGO 35326 (HCS-10.772 ZRWAHOO)(NOT SENT SAN JOSE)

B. SANTIAGO 35351 (HCS-10.775 ZRWAHOO)

1. IN ADDITION TO DOCUMENT REPORTED REF B, FUDOUBLE-49 PROVIDED COPY OF CHILEAN EMBASSY COSTA RICA "RESERVADO" AIRGRAM 228/34, DATED 7 JULY 1976, WHICH TOGETHER WITH REF B DOCUMENT WERE BASIC DOCUMENTS IN FILE WHICH FOREIGN MINISTRY ASSEMBLED ON ORLANDO BOSCH, DESCRIBED REF A. (SUGGEST REF A AND CORRECTION BE RELAYED SAN JOSE.) REMAINING DOCUMENTS WERE NEWSPAPER CLIPPINGS AND DOCUMENTS ORIGINATED IN OCTOBER 1976 AFTER BOSCH ARREST IN CARACAS.

2. THE ADDITIONAL DOCUMENT REPORTS THAT IN CONVERSATION WITH COSTA RICAN FOREIGN MINISTR GONZALO FACIO, CHILEAN AMBASSADOR TO COSTA RICA JORGE ARANDA PARRA WAS TOLD THAT "CONFIDENTIAL FUNCTIONARIES OF THE U.S. EMBASSY" HAD ADVISED THE COSTA RICAN GOVERNMENT THAT AN ULTRA-RIGHTIST PLOT, LED BY BOSCH, WAS BEING ORGANIZED IN GUATEMALA TO OVERTHROW THE COSTA RICAN GOVERNMENT. FACIO WENT ON TO SAY BOSCH CLAIMED TO BE SUPPORTED BY THE GUATEMALAN

AND CHILEAN GOVERNMENTS IN THIS PLOT. HE ADDED THAT OF COURSE NEITHER HE NOR PRESIDENT ODUBER PLACED ANY CREDENCE IN THIS CLAIM, WHICH THE COSTA RICAN GOVERNMENT HAD INVESTIGATED.

3. ACCORDING TO AMBASSADOR ARANDA, FACIO SUGGESTED TO HIM THAT THE CHILEAN GOVERNMENT MAKE AN EFFORT TO RECOVER BOSCH'S ALIAS CHILEAN DOCUMENTATION FROM GUATEMALAN POLICE AUTHORITIES. THE DOCUMENT DOES NOT SAY (AND F-49 DID NOT KNOW) WHY GUATEMALAN AUTHORITIES HAD THE DOCUMENTS, BUT APPARENTLY BOSCH RETAINED THEM WHEN HE WAS EXPELLED FROM COSTA RICA.

4. STATION DEFERS TO HQS ON HOW TO HANDLE THIS INFORMATION. COPIES OF BOTH DOCUMENTS BEING POUCHED 2 NOVEMBER.

5. AS SIDE ISSUE, STATION BECOMING CONCERNED OVER SOURCE PROTECTION FOR FUDOUBLE-49 IN THIS MATTER. BECAUSE HE MADE SAME ERROR ON DATES IN COMMENTS TO EMBASSY OFFICER (EMBASSY SANTIAGO 10187) (n43/202) AND IN INITIAL REPORT TO STATION (PER REF B, 1966 DATE APPLIES TO EARLIEST DOCUMENT IN HIS POSSESSION, WHICH WAS MOTOR VEHICLE TITLE, NOT PASSPORT), CORRECTION TENDS TO CALL ATTENTION TO THIS COINCIDENCE. STATION PREPARED REF B WITH HIS REGULAR SOURCE DESCRIPTION, BUT IF POSSIBLE WITHOUT MISLEADING CONSUMERS OR PROVIDING FALSE CONFIRMATION, WOULD PREFER USE ALTERNATE.

6. SUGGEST USING FOLLOWING AS ALTERNATE SOURCE DESCRIPTION IF POSSIBLE:

"A CONSERVATIVE CHILEAN BUSINESSMAN WITH OCCASIONAL ADVISORY RESPONSIBILITIES IN THE FOREIGN MINISTRY. HE IS A FAIRLY RELIABLE REPORTER. HE PROVIDED THE INFORMATION BASED ON REVIEW OF SECRET AIRGRAM NUMBER 2, OF 16 MARCH 1976, FROM THE CHILEAN EMBASSY IN SAN JOSE, A COPY OF WHICH HE PROVIDED. THIS INFORMATION IS NOT TO BE DISCUSSED WITH OR USED TO ELICIT INFORMATION FROM OFFICIALS OF ANY FOREIGN GOVERNMENT."

7. STATION IS ATTEMPTING TO IDENTIFY SANTIAGO ADDRESS WHICH APPEARS AS MARGINAL NOTATION IN REF B DOCUMENT. FUDOUBLE-49 IDENTIFIED HANDWRITING AS THAT OF COLONEL ENRIQUE VALDEZ PUGA, VICE MINISTER OF FOREIGN RELATIONS, WHO HAD DOCUMENT IN HIS POSSESSION EVER SINCE IT RECEIVED BY FOREIGN MINISTRY (FUDOUBLE-49 DID NOT KNOW OF EXISTENCE OF REF B DOCUMENT UNTIL 15 OCTOBER, WHEN HE NOTED REFERENCE TO IT IN THE SECOND DOCUMENT DESCRIBED ABOVE). ADDRESS IS MIGUEL CLARO 1129, APARTMENT B, AND STATION OPERATING ON ASSUMPTION IT POSSIBLY BOSCH'S SANTIAGO ADDRESS.

1. STATION ASSUMES (BASED ON REPORTING FROM CARACAS) THAT POSSIBILITY OF CORU INVOLVEMENT IN LETELIER SLAYING IS UNDER ACTIVE LNERGO INVESTIGATION. CORU LEADER ORLANDO BOSCH LIVED IN SANTO DOMINGO SEVERAL MONTHS BEFORE HIS DEPORTATION ON 29 AUGUST. HIGH RANKING CORU MEMBER EULALIO FRANCISCO (FRANK) C A S T R O PAZ (201-742365), A U.S. CITIZEN MARRIED TO A DOMINICAN, LIVES IN SANTO DOMINGO. VIEW IN EMPYREX AND EMWISE, BASED IN PART ON CASTRO'S PATTERN OF EXTENSIVE TRAVEL, IS THAT HE IS BOSCH'S CONTACT MAN AND MESSENGER CARRIER TO CUBAN RIGHTEST GROUPS THROUGHOUT LATIN AMERICA. STATION PROPOSES CONCENTRATE ON DEVELOPING INFORMATION ON CORU AND ROLE OF FRANK CASTRO, INCLUDING POSSIBLE RESORT TO TELEPHONE TAPS, WITH MAJOR OBJECTIVE OF DETERMINING IF CORU INVOLVED ON ITS OWN OR AT BEHEST FOREIGN POWER IN LETELIER MURDER.

2. FOLLOWING CONTACTS/ASSETS MIGHT BE ABLE TO CONTRIBUTE

A. EMPYREX-20

B. EMFETCH-9

C. EMCLIPPER-1

D. EMPYREX-2

E. EMPYREX-8

G. EMPYREX-14.

3. PROPOSE FOLLOWING ACTIONS:

A. TALK TO EMPYREX-20 AND EMFETCH-9 TOGETHER AND ENLIST OFFICIAL SUPPORT OF EMPYREX AND EMWISE TO TARGET ON ASSOCIATES OF BOSCH/CASTRO IN SANTO DOMINGO. MAKE EFFORT TO RECRUIT PENETRATION OF CORU. MOUNT TELTAP OF CASTRO OR PERSONS WITH WHOM HE IN CONTACT.

B. INTENSIFY EFFORTS TO MONITOR CASTRO TRAVEL THROUGH EMCLIPPER-1 (UNILATERAL) AND EMPYREX-20 (LIAISON). WORK TO GET ADVANCE NOTICE OF TRAVEL.

C. WORKING THROUGH EMPYREX-2 (UNILATERAL) GET EMPYREX-8 IN MIAMI TO INTENSIFY EFFORTS TO DEVELOP INFORMATION ON CORU. (IF THIS APPROACH LOOKS PROMISING, COULD PROBABLY ARRANGE

THROUGH EMPYREX-2 TO HAVE BKHERALD OR LNERGO OFFICER MEET DIRECTLY WITH EMPYREX-2.)

D. HAVE EMGARNET-1 (UNILATERAL) STEP UP HIS CONTACTS IN SANTO DOMINGO AND ELSEWHERE WITH CUBANS KNOWN TO SYMPATHIZE WITH BOSCH. WOULD PLAN HAVE EMGARNET-1 TRAVEL TO MIAMI TO CONCENTRATE ON DEVELOPING LEADS. IN THIS CASE, HE SHOULD BE IN REGULAR TOUCH WITH BKHERALD OFFICER.

E. USE EMPYREX-14 (UNILATERAL) TO OBTAIN PHONE NUMBER LEADS FROM KEY CONTACT IN TELEPHONE COMPANY, MAINTAIN CAPABILITY FOR UNILATERAL TEP TAP.

COUNTRY: CHILE

DOI : MID-APRIL TO MID-OCTOBER 1976

SUBJECT: CHILEAN GOVERNMENT INFORMATION ON CUBAN EXILE LEADERS ORLANDO BOSCH AND ROLANDO OTERO

ACQ : CHILE, SANTIAGO (21 OCTOBER 1976) FIELD NO. HCS-10,272

SOURCE : SEE BELOW.

1. SOURCE OF PARAGRAPHS 3-4: A MEDIUM LEVEL GOVERNMENT OFFICIAL WITH GOOD ACCESS TO OFFICIALS OF THE MINISTRY OF FOREIGN AFFAIRS. HIS REPORTING IS FAIRLY RELIABLE.

2. (FIELD COMMENT: SANTIAGO EMBASSY TELEGRAM 10107 OF 19 OCTOBER REPORTED THAT THE CHILEAN MINISTRY OF FOREIGN AFFAIRS HAD BEEN KEEPING AN EYE ON THE ACTIVITIES OF CUBAN EXILE LEADER ORLANDO B O S C H, AND WAS NOW REVIEWING ALL ITS INFORMATION, PRESUMABLY IN LIGHT OF HIS RECENT ARREST IN VENEZUELA.)

3. ON 15 OCTOBER, FOREIGN MINISTRY OFFICIALS ASSEMBLED

A FILE ON BOSCH AT THE REQUEST OF ADMIRAL PATRICIO C A R V A J A L, MINISTER OF FOREIGN AFFAIRS. THE FILE CONSISTS MAINLY OF EXCHANGES OF CORRESPONDENCE BETWEEN THE CHILEAN EMBASSY IN SAN JOSE, COSTA RICA, AND THE FOREIGN MINISTRY CONCERNING BOSCH'S ARREST IN SAN JOSE IN MARCH 1976, AND THE FACT THAT HE HAD CHILEAN IDENTITY DOCUMENTS IN HIS POSSESSION.

4. THE DOCUMENTS INCLUDED A BIRTH CERTIFICATE, IDENTITY CARD, TAX IDENTIFICATION CARD AND PASSPORT, ALL IN THE NAME OF RICARDO RAMON D A V A N Z O CERUTI. THE PASSPORT WAS ISSUED IN CHILE IN 1966, AND HAD NEVER BEEN RENEWED. (SOURCE COMMENT: CHILEAN PASSPORTS NORMALLY REQUIRE RENEWAL EVERY TWO YEARS.) THE PASSPORT CONTAINED ONE CHILEAN EXIT STAMP, DATED 1966, AND NO INDICATION THAT IT HAD SUBSEQUENTLY BEEN USED TO ENTER OR EXIT CHILE. IT CONTAINED MANY EXIT AND ENTRY STAMPS INDICATING EXTENSIVE TRAVEL BY ITS BEARER IN CENTRAL AMERICA AND PANAMA, BETWEEN 1966 AND MARCH 1976. THE PASSPORT AND OTHER DOCUMENTATION WAS SHOWN TO CHILEAN EMBASSY OFFICIALS IN SAN JOSE BY COSTA RICAN OFFICIALS; HOWEVER, THE COSTA RICANS DID NOT GIVE THE DOCUMENTS TO THE EMBASSY OFFICIALS.

5. SOURCE OF PARAGRAPHS 6-7: AN OFFICIAL CHILEAN SERVICE.

6. IN MID-APRIL 1976, THE DIRECTORATE OF NATIONAL INTELLIGENCE (DINA) RECEIVED INFORMATION THAT BOSCH HAD JUST ARRIVED IN CHILE WITH A CONTRACT TO ASSASSINATE A HIGH LEVEL CHILEAN GOVERNMENT OFFICIAL (UNIDENTIFIED). ACCORDING TO DINA, BOSCH EVADED AN ARREST ACTION ON 18 APRIL, ESCAPING BY A MATTER OF MINUTES BUT LEAVING BEHIND ALL HIS CLOTHES AND TWO PASSPORTS.

7. ON 29 APRIL, DINA, HOWEVER, SUCCESSFULLY APPREHENDED ROLANDO O T E R O HERNANDEZ, AN ASSOCIATE OF BOSCH, WHO ALONG WITH THE LATTER WAS WANTED AS A FEDERAL FUGITIVE IN THE UNITED STATES. IN EARLY MAY, DINA INFORMED THE FEDERAL BUREAU OF INVESTIGATION (FBI) OF OTERO'S ARREST, AND SUBSEQUENTLY TURNED OTERO OVER TO FBI AGENTS FOR RETURN AND PROCESSING IN THE UNITED STATES. (FIELD COMMENT: HVC-7328 (TDFIRDB-315/01676-76) FROM AN UNTESTED SOURCE WITH ACCESS TO CUBAN EXILES REPORTED THAT OTERO WAS PLANNING TO ASSASSINATE CHILEAN MARXIST EXTREMIST ANDRES P A S C A L ALLENDE, AND THAT HE WAS WORKING UNDER THE SPONSORSHIP OF THE CHILEAN GOVERNMENT. DINA'S ARREST AND DEPORTATION TO THE U.S. OF

OTERO RAISES QUESTIONS ABOUT THE ALLEGATION OF CHILEAN GOVERNMENT SPONSORSHIP OF OTERO AND HIS GROUP.)

8. FIELD DISSEM: EMBASSY AT SANTIAGO; SENT TO CARACAS.

Terrorist Plot by Rightist Cuban Exiles See

By Joanne Omang
Washington Post Foreign Service

CARACAS, Venezuela, Oct. 19—Venezuelan police have uncovered what they believe to be wide-ranging plans by right-wing Cuban exiles to carry out terrorist attacks in the United States and six other nations, according to a newspaper report here.

The respected Caracas newspaper El Nacional said today that the alleged terrorist acts by anti-Castro agents included the killing of Orlando Letelier, the former Chilean ambassador to the United States, in Washington last month, and the bombing of a Cuban airliner off Barbados Oct. 6. The plane crash killed 73 persons.

Venezuelan police have already arrested a group of anti-Castro Cubans including right-wing Cuban exile leader Orlando Bosch, in connection with the Cuban plane crash. At least 14 persons have been arrested by Venezuelan security agents and about 30 other Cuban refugees called in for questioning, according to United Press International.

[In Washington, sources close to the investigation of the bombing death of former Ambassador Letelier have said that Bosch is wanted for questioning. Bosch is not, however, regarded at this time as a target of the Letelier investigation, the sources said.]

El Nacional said that the rightest Cuban terrorist plans were discovered in a raid on a private home in Caracas during the investigation of the Cuban plane crash. The reported terrorist acts were planned to take place in the United States, Venezuela, Trinidad and Tobago, Barbados, Guyana, Panama and Colombia, the newspaper said. Past acts related to these plans included the bombing of Guyana's consulate in Trinidad and Tobago, according to the newspaper account.

The wide-ranging terrorist plans reported by El Nacional today were the latest development in a broad investigation in several nations of the Letelier killing, the Cuban plane crash and other incidents.

Letelier, a former ambassador to Washington, foreign minister and minister of defense in the government of the late Chilean President Salvador Allende, died Sept. 21 when a bomb exploded beneath his car as he drove along Washington's Embassy Row.

[In Washington, sources close to the Letelier investigation said Tuesday that they expect Bosch to be returned to the United States and to be questioned about Letelier's death. A State Department source said the United States is urging Venezuela to return him informally as an undesirable alien rather than to go through formal extradition procedures.

ORLANDO BOSCH
. . . detained in Venezuela

[Bosch is the leader of a rightist anti-Castro umbrella group known as the Coordination of United Revolutionary Organizations. He is wanted in Miami, Fla., for a parole violation stemming from his 1968 conviction for attacks on Polish and other foreign ships.]

The Caracas newspaper El Nacional has previously reported that Cuban exiles arrested in Caracas have implicated two brothers—identified only as the "Novos"—in the Letelier killing. (The paper's reference was apparently to Ignacio and Guillermo Novo, who were indicted in 1963 on charges of firing a bazooka at the United Nations. The indictments were later quashed on the ground that their constitutional rights were violated when confessions were taken from them. Guillermo Novo was convicted in 1978 in connection with a 1969 bombing incident and sentenced to 6 months' imprisonment and 5 years' probation. No more could be learned of Ignacio Novo.)

In Caracas this week a high government source disclosed apparent links between the present Chilean military junta and the Cuban exile community in Venezuela. Critics of the Chilean government have accused it of taking part in the Letelier killing. Chilean officials have denied any link to Letelier's death and denounced his murder.

The Venezuelan government source said that the Chilean government has helped finance activities by rightist Cuban exiles against the Cuban government of Prime Minister Fidel Castro. "We've known it for years, but there's no way to do anything about it," the source said.

This and other sources also reported that Bosch was among [illegible] Cubans who regularly made trips [to] Santiago, Chile. A Venezuelan [illegible] has letters written to him [by] Bosch last January. The letters contain addresses of apartments to be used for guests of the Chi[lean] government.

Authorities in Trinidad have [illegible] two suspects, Hernan Lozano and Freddy Lugo, in [connec]tion with the Cuban plane crash, [ac]cording to information reaching [here] from Trinidad. Ricardo was carr[ying] an address book listing the [phone] numbers of the U.S. ambassador [and] an FBI agent stationed at the U.S. [Em]bassy here. A U.S. embassy spok[es]man said the embassy did not [know] why Ricardo—who reportedly [con]fessed planting the bomb—had [the] phone numbers.

[The Institute for Policy Studies, [a] Washington-based leftist think tan[k] where Letelier worked until his dea[th,] reported Monday that it had been [told] by the FBI that FBI agents were [fly]ing to Venezuela in connection w[ith] the investigation. Sources close to [the] investigation and the Institute said Tuesday however that no F[BI] agents would fly to Venezuela. [In]stead, the sources said, the FBI [agent] stationed in Caracas as the legal attache would help pursue [the] investigation.]

PAPER SCORES ACTIVITIES OF CUBANS IN MEXICO

Havana Domestic Service in Spanish 2256 GMT 19 Oct 76 FL

[Text] The Mexican daily EL DIA in today's edition denounces the existence of real ties between the Latin American dictatorships and the organizations of Cuban counterrevolutionaries financed by the CIA. The daily affirms that the sabotage of a Cubana de Aviacion airliner has uncovered the radius of activities of the so-called worms and their ties with the North American State Department, the CIA and the fascist dictatorships of the continent.

The daily adds that the investigations into the sabotage of the aircraft have delineated the profile of a sinister personage called Orlando Bosch to whom Pinochet's junta assigned the task of assassinating Chilean revolutionary Andres Pascal Allende.

The daily mentions the charges filed against Bosch, implicating him in the assassination of former Chilean Foreign Minister Orlando Letelier and in placing a bomb on the Cuban aircraft destroyed off Barbados.

HAVANA COMMENTARY EQUATES CIA WITH NAZI SS

Havana Domestic Service in Spanish 1730 GMT 19 Oct 76 FL

["Inside the News" commentary by Rafael Berastegui--read by announcer]

[Excerpts] Since its very beginning, the repressive institutions created by the capitalist production system have included espionage organizations.

The criminal machinery at the service of the U.S. Central Intelligence Agency, CIA, perhaps can be compared to a degree to the one which, in the days of Hitler's Germany, obeyed the orders of the SS chief Heinrich Himmler.

The Central Intelligence Agency, which was created at the end of the decade of the forties in the midst of the cold war against the Soviet Union and other nations of the socialist camp, also has as its official function the centralization of intelligence supplied by the different North American espionage organizations to facilitate the decisions of the U.S. president.

But the book "The Cult of Intelligence" by Victor Marchetti, a former high CIA official, acknowledges that unofficially the fundamental mission of the agency is to carry out the decisions of the President which, if implemented by other public bodies, could cause difficulties. Even though it recruits all types of mercenaries, the established image of the CIA agent is the same stereotype of the supposed superman of the SS troops used by the fascist propaganda.

During the war against the Vietnamese people, the United States confined in so-called strategic hamlets entire populations of southern peasants who were scrutinized by and under the custody of civilians working for the agency.

A special department of the Central Intelligence Agency has the exclusive task of carrying out actions that attest its criminal nature such as coups d'etat abroad, economic destabilizations, attempts against the lives of leaders and others.

Equally, the CIA offers counseling to reactionary regimes in the methodic torture of its opponents. The sinister traditions of the SS troops and its modern continuator, the U.S. Central Intelligence Agency, coincide in many concrete ways.

Let us cite as last example a CIA protege which bears the initials DINA, considered to be the hostage of the Chilean military junta and whose last known villainy is the assassination of former Chilean Foreign Minister Orlando Letelier in Washington. The DINA was organized by Walter Rauche[?], a former official of Hitler's SS troops who designed the gas chambers for the NAZI concentration camps.

CUBA SCORES RECRUITMENT OF MERCENARIES FOR US

Havana Domestic Service in Spanish 2232 GMT 19 Oct 76 FL

[Text] Cuba today denounced before the United Nations the recruitment of mercenaries in Western Europe and the United States and their use against national liberation movements and legitimately constituted governments.

The Cuban delegate to the UN Commission on Social, Humanitarian and Cultural Affairs, Miguel Alfonso, declared that there are reliable reports on the increased recruitment of mercenaries as a result of the changes that have taken place in the political panorama of the African Continent.

Alfonso demanded the creation of international mechanisms that would forbid such activities and offered the cooperation of the Cuban Government in attaining such a goal. The Cuban delegate stressed that the FRG, the United States, France and Great Britain have maintained a growing pace of capital investment and a flow of technologically advanced arms to South Africa.

Miguel Alfonso indicated that the manner and the means with which the peoples struggle for self-determination have not been delineated in the UN Charter or in international accords on human rights. Restricting the peoples from using the means at their disposal--including armed struggle--in the face of the violence unleashed by those subjugating them would practically amount to keeping them at the mercy and benevolence of those oppressing them, Alfonso pointed out.

The Cuban delegate added that Puerto Rico has been transformed into an appendage of the North American economy. It is impossible, Alfonso said, to pretend to be defenders of self-determination in Zimbabwe and at the same time practice colonialism in the Caribbean and neocolonialism in other places.

HAVANA LASHES AT IMPERIALISM'S HIRING OF MERCENARIES

Havana Domestic Service in Spanish 0000 GMT 20 Oct 76 FL

[Alberto D. Perez commentary]

[Text] Imperialism headed by the United States has increasingly resorted to the recruitment of mercenaries to attack legitimately constituted governments or peoples struggling for freedom. Let us recall, for example, that in Vietnam, Laos, and Cambodia the CIA recruited what it euphemistically termed irregular forces to assist it in its efforts to crush the massive insurrection of the Indochinese peoples in the zone occupied by the enemy.

Against the legitimate government of Patrice Lumumba in the Congo, a government determined to end the terrible economic and social situation of the African population caused by the greedy actions of the mining transnationals and centuries of colonial exploitation, the imperialists also used mercenary armies. The former Belgian Congo, known today as Zaire, continues to pay the consequences of these actions of imperialism.

5. ON 14 OCTOBER DISIP DIRECTOR RETIRED GENERAL RAUL G I M E N E Z GAINZA SAID THAT PRESIDENT PEREZ HAD ORDERED HIM TO CARRY OUT AN EXTENSIVE INVESTIGATION OF THE VENEZUELAN CONNECTION IN THE CUBANA INCIDENT. ALTHOUGH GIMENEZ SAID THAT HE INTENDED TO CARRY OUT THE PRESIDENT'S ORDERS, HE PERSONALLY FEARED THAT SUCH AN INVESTIGATION MIGHT LEAD TO PRESIDENTIAL APPOINTEES OR TO COPEI LEADERS. IN EITHER CASE, GIMENEZ SAID

THAT HE FELT THERE COULD BE DIFFUCLTIES FOR THE PEREZ ADMINISTRATION.

6. IN THE FIRST INSTANCE, GIMENEZ SAID HE WAS PERSONALLY CONCERNED THAT ORLANDO G A R C I A , PRESIDENT PEREZ' INTELLIGENCE AND SECURITY ADVISER WHO HAS BEEN ACTING AS DE FACTO HEAD OF DISIP, MIGHT BE IMPLICATED. GIMENEZ QUICKLY ADDED, HOWEVER, THAT THERE WAS NO EVIDENCE LINKING GARCIA TO THE BOMBING INCIDENT, BUT THAT HE IS KNOWN TO BE INVOLVED IN UNSPECIFIED ANTI-CUBAN GOVERNMENT ACTIVITIES. GIMENEZ SAID THAT AS AN ADDED PRECAUTION HE HAS ASSIGNED SPECIAL GUARDS FOR BOSCH AND POSADA, BOTH OF WHOM ARE CURRENTLY UNDER DISIP DETENTION.

7. (FIELD COMMENT: FOR AN EARLIER REPORT ON BOSCH'S RECENT ACTIVITIES IN VENEZUELA AND POSADA'S AND GARCIAS'S CONNECTION WITH HIM SEE HVC-7514, TDFIRDB-315/10256-76, FROM A USUALLY RELIABLE REPORTER. IN NEWS BROADCASTS A LOCAL TELEVISION STATION (CHANNEL 2) HAS REPORTED THAT SEVERAL INDIVIDUALS CURRENTLY HOLDING POSITIONS WITH DISIP WERE SEEN ABOUT CARACAS WITH BOSCH. THE STATION INDICATED THAT IT WOULD REVEAL THE IDENTITIES OF THESE OFFICERS AT A LATER DATE.)

SECRET

8. AS FOR A POSSIBLE COPEI CONNECTION WITH THE CUBAN EXILE MOVEMENT IN VENEZUELA, GIMENEZ DENIED THAT HE OR THE PEREZ ADMINISTRATION ARE ATTEMPTING TO IMPLICATE COPEI IN THE INVESTIGATION FOR POLITICAL REASONS. THE FACT IS, GIMENEZ SAID, MANY PEOPLE WITH COPEI CONNECTIONS APPEAR TO BE INVOLVED IN THE CASE AND THEY MAY HAVE HAD THE BACKING OF UNSPECIFIED COPEI LEADERS. (FIELD COMMENT: VARIOUS SOURCES HAVE INDEPENDENTLY REPORTED THAT VENEZUELAN AUTHORITIES HAVE FOR SOME TIME BEEN CONVINCED THAT POSADA'S PRIVATE INVESTIGATION COMPANY KNOWN AS COMMERCIAL AND INDUSTRIAL INVESTIGATIONS (ICI) WAS BEING USED BY COPEI.)

9. SOURCE OF PARAGRAHS 10-11: AN AD PARTY ACTIVIST WITH GOOD ACCESS TO HIGH LEVELS IN THE VENEZUELAN GOVERNMENT. HE IS A USUALLY RELIABLE SOURCE.

10. THE VENEZUELAN GOVERNMENT IS AWARE THAT GARCIA AND POSADA TRAVELLED TO COSTA RICA TOGETHER SHORTLY BEFORE BOSCH CAME TO VENEZUELA FROM COSTA RICA IN SEPTEMBER. THE OBJECT OF THEIR TRAVEL TO COSTA RICA WAS TO MEET WITH BOSCH.

11. THERE IS CONSIDERABLE CONCERN WITHIN THE VENEZUELAN GOVERNMENT BECAUSE OF THE RELATIVE LARGE NUMBER OF CUBAN EXILES

HOLDING POSITIONS OF INFLUENCE WITHIN THE VENEZUELAN SECURITY SERVICES. FURTHERMORE, THERE IS GROWING ALARM WITHIN THE GOVERNMENT THAT THESE EXILES MAY HAVE GOTTEN VENEZUELA INTO A DIFFICULT SITUATION.

Cuban Exiles Arrested In Crash of Airliner

CARACAS, Venezuela, Oct. 14 (AP)—Venezuelan authorities announced tonight the arrests of Cuban bana Airlines crash that killed 73 persons near the exile leader Orlando Bosch and several other persons in connection with the investigation of a Cu- island of Barbados.

The Interior Ministry said evidence had [illegible] found linking one of those arrested, Cuban-born Venezuelan citizen Luis Posada Carriles, with [illegible] Venezuelans being held in Port of Spain, Trinidad, in connection with the Oct. 6 creash.

The DC-8 jet, operated by Cubana Airlines under lease from Air Canada, reported explosions on board and plunged into the sea off Barbados shortly after takeoff from Bridgetown airport. There were no survivors.

Cuban officials said later that sabotage was a possibility and a group calling itself El Condor telephoned the Miami Herald and claimed it had planted a magnetic bomb aboard the aircraft.

Bosch is wanted in the United States for questioning on Miami-area attacks laid to exile groups under his umbrella organization. Federal investigators in the case of Chilean exile Orlando Letelier, [illegible] by a bomb in Washington, indicated last week [illegible] they have under scrutiny Cuban exiles [illegible] linked to Bosch.

(FIELD COMMENT: WHILE CURRENTLY NATURALIZED VENEZUELAN CITIZENS, BOTH GARCIA AND POSADA ARE NATIVE-BORN CUBANS.)

3. SOMETIME FOLLOWING BOSCH'S ARRIVAL IN CARACAS, A BS. 5,000 (APPROXIMATELY U.S. $1,118) A PLATE FUND-RAISING DINNER FOR BOSCH WAS HELD AT THE HOME OF HILDO F O L G A R, A PROMINENT SURGEON AND CUBAN EXILE. 4. DURING THE EVENING BOSCH APPROACHED THE MINISTRY OF INTERIOR OFFICIAL THROUGH GARCIA PROPOSING THAT THE VENEZUELAN GOVERNMENT MAKE A SUBSTANTIAL CASH CONTRIBUTION TO HIS ORGANIZATION. IN RETURN, BOSCH AGREED TO GUARANTEE THAT THERE WOULD BE NO CUBAN EXILE DEMONSTRATIONS IN THE UNITED STATES DURING PRESIDENT PEREZ' PLANNED

NOVEMBER APPEARANCE AT THE UNITED NATIONS(UN). (SOURCE COMMENT: IT IS BELIEVED THAT BOSCH'S PROPOSITION WAS AT LEAST TENTATIVELY ACCEPTED BY THE MINISTRY OF INTERIOR OFFICIAL.)

5. ALSO DURING THE EVENING BOSCH MADE THE STATEMENT THAT, "NOW THAT OUR ORGANIZATION HAS COME OUT OF THE LETELIER JOB LOOKING GOOD, WE ARE GOING TO TRY SOMETHING ELSE." BOSCH DID NOT NAME THE ORGANIZATION NOR DID HE EXPAND ON HIS MEANING. (FIELD COMMENT: THE LETELIER MENTIONED ABOVE IS PROBABLY FORMER CHILEAN FOREIGN MINISTER ORLANDO L E T E L I E R, WHO WAS ASSASSINATED IN THE UNITED STATES ON 21 SEPTEMBER.)

6. A FEW DAYS FOLLOWING THE FUND-RAISING DINNER, POSADA WAS OVERHEARD TO SAY THAT, "WE ARE GOING TO HIT A CUBAN AIRPLANE;" AND THAT "ORLANDO HAS THE DETAILS." (SOURCE COMMENT: THE IDENTITIES OF THE "WE" AND "ORLANDO" MENTIONED IN THE STATEMENT ARE NOT KNOWN.)

7. FOLLOWING THE 6 OCTOBER CUBANA AIRLINE CRASH OFF THE COAST OF BARBADOS, BOSCH, GARCIA AND POSADA AGREED THAT IT WOULD BE BEST FOR BOSCH TO LEAVE VENEZUELA. THEREFORE, ON 9 OCTOBER POSADA AND GARCIA ESCORTED BOSCH TO THE COLOMBIAN BORDER, WHERE THE LATTER CROSSED OVER INTO COLOMBIAN TERRITORY.

8. ON THE BASIS OF INFORMATION RECEIVED FROM TRINIDADIAN

AUTHORITIES IMPLICATING HIM, POSADA WAS ARRESTED BY DISIP AUTHORITIES ON 12 OCTOBER. HIS OFFICE WAS SUBSEQUENTLY RAIDED AND ALL FILES AND EQUIPMENT CONFISCATED.

9. MEANWHILE, PRESIDENT PEREZ HAS ASSURED THE CUBAN GOVERNMENT, THROUGH CUBAN AMBASSADOR NORBERTO H E R N A N D E Z CURDELO, THAT THE VENEZUELAN GOVERNMENT WILL ENERGETICALLY PURSUE THE INVESTIGATION OF THE CUBANA CRASH. SUBJECT COMMENTS OF A CUBAN EMBASSY OFFICIAL IN CARACAS ON RECENT ACTS OF TERRORISM AGAINST THE CUBANS

ACQ VENEZUELA, CARACAS (11 OCTOBER 1976) FIELD NO. HVC-7513

SOURCE A FOREIGN DIPLOMAT WITH A WIDE VARIETY OF CONTACTS. HIS RELIABILITY HAS NOT BEEN ESTABLISHED.

1. ON 8 OCTOBER 1976 LUIS JORGE M A R T I N E Z MENOCAL, FIRST SECRETARY OF THE CUBAN EMBASSY IN CARACAS, VENEZUELA, SAID THAT THE CUBAN EMBASSY BELIEVES THAT THE CUBAN EXILE GROUP HEADED BY ORLANDO B O S C H AVILA IS RESPONSIBLE FOR THE 6 OCTOBER BOMBING OF A CUBANA AIRLINER OUT OF BARBADOS. (FIELD COMMENT: FOR AN EARLIER REPORT ON CUBAN REACTION TO RECENT

SECRET

TERRORIST ATTACKS AGAINST THE CUBANS, SEE HVC-7509, TDFIRDB-315/10100-76, OF 8 OCTOBER 1976, FROM THIS AND ANOTHER SOURCE OF UNDETERMINED RELIABILITY.)

2. MARTINEZ SAID THAT THE EMBASSY BELIEVES BOSCH HAS BEEN RECEIVING ECONOMIC AND OTHER ASSISTANCE FROM THE UNITED STATES GOVERNMENT (USG), VIA ITS INTELLIGENCE AGENCIES, SINCE BOSCH IS ABLE TO MOVE ABOUT FREELY AND OBVIOUSLY WITH FALSE DOCUMENTATION, AS HIS MOVEMENTS CANNOT BE TRACED. HOWEVER, MARTINEZ SAID THAT THE CUBANS DO NOT BELIEVE THE USG IS OR WOULD BE DIRECTLY INVOLVED IN THE BOMBING OF THE CUBANA FLIGHT. USG INVOLVEMENT IN THE INCIDENT, MARTINEZ SAID, WOULD BE COUNTERPRODUCTIVE TO THE USG'S INTERESTS BECAUSE CUBAN PRIME MINISTER FIDEL C A S T R O RUZ WOULD SURELY BREAK THE AIR PIRACY AGREEMENT, WHICH IS TO THE BENFIT OF THE USG.

3. THE CUBANS, MARTINEZ SAID, ARE CONCERNED ABOUT APPARENT CONNECTIONS BETWEEN BOSCH AND CUBAN EXILES WORKING FOR THE CAPRILES PUBLISHING CHAIN IN VENEZUELA. SHOULD FREDDY L U G O, ONE OF THE TWO VENEZUELANS CURRENTLY UNDER DETENTION IN TRINIDAD IN CONNECTION WITH THE PLANE CRASH AND A REPORTER FOR ONE OF THE CAPRILES PUBLICATIONS, BE DEFINITELY IMPLICATED IN THE AFFAIR, THE CUBANS WILL BE CONVINCED OF THIS BOSCH/CAPRILES CONNECTION. ANOTHER

EXAMPLE OF THIS CONNECTION, MARTINEZ SAID, IS A 2 OCTOBER ARTICLE WHICH APPEARED IN THE CAPRILES PAPER "EL MUNDO" WHICH DESCRIBES AN EARLIER UNSUCCESSFUL ATTACK ON A CUBANA FLIGHT OUT OF BARBADOS AND, WHILE DEPLORING SUCH ACTS, SAYS THAT THE CUBAN GOVERNMENT STARTED THEM. THE UNSUCCESSFUL ATTACK DESCRIBED IN THE ARTICLE, AND ABOUT WHICH THE CUBANS KNOW NOTHING, IS BELIEVED TO BE SIMILAR TO WHAT MAY HAVE OCCURRED IN THE CASE OF THE 6 OCTOBER DISASTER. THE CUBANS, THEREFORE, BELIEVE THAT THE AUTHOR MAY WELL HAVE HAD PRIOR KNOWLEDGE OF THE ATTACK ON THE CUBANA AIRLINER. (FIELD COMMENT: FOR AN EARLIER REPORT ON CUBAN CONCERN ABOUT ARTICLES APPEARING IN "EL MUNDO," SEE HVC-7495, TDFIRDB-315/09683-76, 27 SEPTEMBER 1976, FROM ANOTHER SOURCE OF UNDETERMINED RELIABILITY.)

4. WITH REGARD TO THE 21 SEPTEMBER ASSASSINATION OF FORMER CHILEAN AMBASSADOR TO THE U.S. ORLANDO L E T E L I E R IN THE U.S., MARTINEZ SAID THAT THIS KILLING SHOWED THE CHARACTERISTICS OF WORK DONE BY THE GOVERNMENT OF CHILEAN PRESIDENT GENERAL AUGUSTO P I N O C H E T UGARTE. DESPITE SOME MEDIA SPECULATION TO THE CONTRARY, MARTINEZ SAID THAT HE DOES NOT PERSONALLY BELIEVE THE USG IS IN ANY WAY INVOLVED WITH LETELIER'S DEATH.

SHORTLY AFTER THE CUBANS MADE THEIR FEELINGS KNOWN TO DISIP, GOMEZ SAID THAT ROMANI'S ACTIVITIES CEASED. (FIELD COMMENT: IN HVC-7495, TDFIRDB-315/09683 -76, OF 28 SEPTEMBER, THE SAME SOURCE REPORTED THAT THE CUBAN EMBASSY HAD COMPLAINED TO DISIP ABOUT ANTI-CUBAN GOVERNMENT ARTICLES APPEARING IN THE LOCAL PRESS. (FIELD COMMENT: FOR AN EARLIER REPORT ON THE PRESENCE OF BOSCH IN VENEZUELA, SEE HVC-7498, TDFIRDB-315/09814-76, OF 30 SEPTEMBER, FROM A USUALLY RELIABLE SOURCE.)

Re: *EJERCITO SECRETO DE CUBA
(SECRET ARMY OF CUBA - USA)

Dear Arthur.

My Headquarters advises that the above captioned faction, which is Miami based, has been sending what appears to be warning letters to several Canadian establishments, public and private, at home and abroad. We had the handwriting analyzed and our expert stated that those letters we do have were all written by the same person.

Recently the EJERCITO SECRETO DE CUBA (ESC) has come to our attention again and we are speculating that it may be tied in with the UNITED REVOLUTIONARY ORGANIZATION (URO), headed by Orlando Bosch AVILA, and composed of five anti-Castro Cuban exile (ACE) terrorist groups: ACCION CUBANA (AC), FRENTE NACIONAL DE LIBERACION CUBANO (FLNC), MOVIMIENTO NACIONALISTA CUBANO (CNM), BRIGADE 2506, and THE 17th OF APRIL MOVEMENT.

URO came into being in June 1976 and since that time has claimed responsibility for several terrorist attacks, i.e., the airport bombing in Kingston, Jamaica; the attempted kidnapping of the Cuban Consul in Merida, Mexico; and murder of an official of the Cuban Institute

of Fisheries during the attempted kidnapping, as well as the bombing of the Guyanese Consulate General in Port of Spain, Trinidad.

We would appreciate receiving any background data you may be able to supply us regarding the URO and EJERCITO SECRETO DE CUBA.

A similar request is being made to the FBI.

1. Forwarded herewith is a Xerox copy of the Costa Rican passport used by Orlando BOSCH to enter the Dominican Republic in the name of Carlos Luis PANIAGUA Mendez. The passport was obtained and Xeroxed by EMCLIPPER-1 who provided a copy to the Station.

2. EMWISE-15 had previously reported that BOSCH entered the Dominican Republic with a false Costa Rican passport in the name of Pedro Antonio PENA. While BOSCH may be carrying a second Costa Rican passport in the PENA name, it appears that he entered the Dominican Republic with the PANIAGUA passport. The PANIAGUA passport forwarded herewith shows the following:

A. The Department of Migration of Costa Rica issued a visa on 24 March 1976 for travel to "C.A., Republica Dominicana" (p.13).

B. BOSCH departed Costa Rica at Pena Blancas on 26 March (p. 11) and entered Nicaragua (p. 9).

C. The Dominican Consulate in Managua issued a one-trip visa for the Dominican Republic on 30 March (p.14).

3. BOSCH told EMCLIPPER-1 that the real PANIAGUA had undertaken most of the travel shown in the passport, but EMCLIPPER-1 did not establish the date the passport was acquired by BOSCH or how.

SUBJECT : Orlando BOSCH Avila

According to a reliable source in Santo Domingo, the Government of the Dominican Republic has decided to deport Orlando BOSCH Avila as soon as security officials can locate him. BOSCH may be deported using a Costa Rican passport in the name of Pedro Antonio PENA or Carlos Luis PANIAGUA Mendez. We suspect that the Dominican Government will insist that BOSCH depart from the Dominican Republic in the name of PENA since this is how he entered the country. There is to date no evidence as to what country BOSCH will be deported.

Plot to Assassinate Kissinger

A reported plot to assassinate Secretary of State Henry A. Kissinger in Costa Rica six months ago was blocked by U.S. and Costa Rican authorities four days before it was to have been carried out.

We have pieced together the story from secret testimony before the Senate Internal Security Subcommittee and from interviews with Cuban exiles and U.S. intelligence sources.

A Cuban terrorist named Orlando Bosch Avila was reported to be gunning for Kissinger. The attempt on Kissinger's life was expected, according to reports, during his visit to Costa Rica in February.

Shortly before Kissinger's arrival, Bosch slipped into Cost Rica on a false passport. But the FBI and the Secret Service had been alerted. They traced Bosch's movements and notified Costa Rican authorities. Bosch was arrested and put in all four days before Kissinger arrived.

The plot to kill Kissinger apparently grew out of his overtures to improve relations with Cuban Premier Fidel Castro in 1973. This reportedly upset an anti-Castro terrorist band, Cuban Action, which Bosch headed.

We reported part of the story in 1974 after a lengthy investigation in Miami. In columns on Sept. 1 and Nov. 19, 1974, we warned that anti-Castro terrorists planned an "assassination . . . against American congressmen and businessmen who supported a . . . thaw." We noted that Kissinger had been in touch with Castro.

The first hint that Kissinger was a target came later from Carlos Rivero Collado, son of the man elected to the presidency of Cuba in 1958. Rivero was active in the anti-Castro underground in Miami's Little Havana. He later redefected to Cuba where he gave a fascinating interview.

"I have known privately since 1972," he said about "the plan to assassinate the U.S. Secretary of State." He said the plot had taken "certain form" by 1973 and had been "actualized" by 1974.

In a reference to our 1974 columns, he added: "This fact, which, I repeat, I've known privately, has been corroborated by the U.S. journalist Jack Anderson."

Rivero named Bosch as one of the 18 anti-Castro leaders who had conspired to kill American and other leaders promoting a Cuban-American detente. Bosch had been convicted in 1968 of shelling a Polish freighter with a bazooka while it was moored in Miami. He jumped federal parole and fled to Venezuela in 1974.

Forida's Dade County Public Safety Department, because of the huge Cuban population in Miami, has excellent ties throughout Latin America. In early 1976, the county's terrorist expert, Lt. Thomas Lynch, picked up some electrifying news.

He told the Senate subcommittee about it in secret testimony. "We received information from confidential sources," he testified" that there was going to be attempt on the life of Secretary of State Henry Kissinger . . . We passed the information on to the FBI, and they had also received the information, and we notified the Secret Service, as they have the protective duty for the Secretary of State."

The plot was linked to Kissinger's two-day stay in Costa Rica, and Bosch was picked up and questioned. He was held on a false passport charge until Kissinger was safely out of the country.

Bosch later insisted: "My only crime was entering the country with a false passport." Certainly, it was never proved in court that he hoped to knock off Kissinger. He is now at large somewhere in Latin America.

Johnson's Junkets — Democratic presidential nominee Jimmy Carter must have Don Johnson mind when he charges that the Republicans find cushy jobs in the bureaucracy for defeated GOP legislators.

Johnson, a former Iowa congressman, was appointed by President Nixon to head the Veterans Administration. But he was forced out of office when he proved to be a lackluster leader. So he was shuffled over to the Commerce Department, where he has been ensconced as deputy assistant secretary for domestic and international business.

Johnson has used both posts to travel, mostly to Iowa, where he has kept his political fences mended in the hope of running for office again.

At the Commerce Department alone, he has spent at least $7,000 on travel, $5,204 in the last year. He always goes first class, despite the fact that government regulations require coach travel for federal employees. The enterprising Johnson, however has a ready excuse for his luxury accommodations.

"I'm a hell of a big man," he told our reporter Barbara Tabel. "I'm 6-foot-6 and weigh 270 pounds." Johnson also said his bad back forced him to fly in the forward compartment. Despite his many excursions to his home state, he denied having any plans for a comeback in politics.

Miami Called Base Of Cuban Terrorists

"THE WASHINGTON STAR"

23 AUGUST 1976

United Press International

Militant pro- and anti-Castro Cuban groups in the Miami area are engaged in terrorist activities both in and outside the United States, according to closed-door testimony before a Senate subcommittee released yesterday.

The testimony came last May before a Judiciary subcommittee on internal security chaired by Sen. James O. Eastland, D-Miss. It said that as many as 50 different Cuban groups of various shadings have been operating in Miami at any one time, many of them engaged in violent plots involving local actions and activities in Mexico, Central and South America and Cuba itself.

Lt. Thomas Lyons, who has been with the Dade County, Fla., Public Safety Department for more than nine years, and Raul J. Diaz of the department's organized crime, terrorist and security unit, told of efforts to track down terrorist elements in the greater Miami area.

LYONS SAID MOST Cubans in the area are hard-working and industrious, but some individuals "use Dade County as a base for international terrorism against allied governments of Cuba, Cuban shipping, Communists, purported Communists and individuals who take a stand against their terroristic-type tactics."

During the last two years, Lyons said, there have been four homicides "with strong indicators on each that the motivations were political in nature and terroristic by design."

Diaz said some Castro groups have infiltrated exile organizations and there were plans to assassinate Latin American diplomats and foreign ministers.

Lyons said his unit received information from a confidential source early this year that there would be an attempt on the life of Secretary of State Henry A. Kissinger during his February visit to Costa Rica.

THE FBI AND Secret Service were notified, he said. A widely-known fugitive exile, Orlando Bosch, was jailed after illegally entering Costa Rica. There were no incidents during the Kissinger visit.

He did not mention the CIA's own efforts to use Cuban exiles in Florida and U.S. gangsters to kill Castro.

Two weeks ago, the body of underworld figure John Roselli was found stuffed in a chain-weighted, 55-gallon drum floating in a bay near Miami. Roselli had testified last year before the Senate Intelligence Committee that he and Chicago gangster Sam Giancana were hired by the CIA to recruit Cubans to kill Castro.

Giancana was killed by unknown persons last year just before he was to testify before the Washington panel.

IT WAS LEARNED yesterday a lawyer for Roselli told the FBI in 1967 that the underworld figure, recruited by the CIA to kill Castro, believed agents of the Cuban leader were involved in slaying President Kennedy.

An FBI "blind memorandum" on an interview with Edward P. Morgan, Roselli's former lawyer, was included in last June's Senate Intelligence Committee report on the role of the intelligence community in the Kennedy assassination investigation. But it did not identify Morgan at the interviewee.

Morgan told the FBI, according to the summary, that Roselli and another client were called on to participate in a government-approved project aimed at assassinating Castro. He said Castro employed "teams of individuals who were dispatched to the United States for the purpose of assassinating President Kennedy."

Egyptian Plane Hijacked, Other Arabs Blamed

CAIRO (AP) — An Egyptian airliner was hijacked today by seven gunmen believed to be Libyans, Palestinians and Lebanese, informed sources said.

The plane was on its way from Cairo to Luxor, 330 miles to the south.

A spokesman for Egyptair, the Egyptian airline, said the plane, a Boeing 737, landed in Luxor, and the hijackers threatened to blow it up unless fuel was provided.

Security men surrounded the plane, the spokesman said.

He reported there were 95 passengers and crew members aboard. Some of the passengers were foreign tourists on their way to Luxor to see the ancient Temples of Karnak and the Valley of the Kings. But their nationalities were not available.

CHARLES, Clemard Joseph L. HAITI

President and General Manager of the Commercial Bank of Haiti

President and General Manager of the Commercial Bank of Haiti (Banque Commerciale d'Haiti - BCH), Clemard Joseph Charles is known as a confidant of President François Duvalier and as a businessman of questionable repute. One well-informed official source reports Charles, as a "slippery character," is active on the Haitian scene; there exists considerable doubt as to Charles' importance or political significance despite the fact that he appears to have a "line into the Palace" and is persona grata with the President. Regarding Charles' business interests, a prominent and knowledgeable Haitian recently (March 1963) reported that the Commercial Bank is in bad shape, "holding a worthless portfolio made up of notes guaranteed by political figures," and that Charles himself was dishonest, having for example, recently approved a loan for $14,000 on his daughter's signature alone. Furthermore, Charles was alleged by this same source to know nothing about banking and to be a favorite of President Duvalier. This estimate is confirmed by one US official who adds that Charles is more accurately described as a "promotor" than as a businessman and that he is a partner in the BCH rather than the sole owner. Charles frequently endeavors to attract US venture capital for various Haitian projects and claims to be an honorary citizen of Long Beach, Long Island, New York, having promoted a "sister city" relationship between that town and Port-au-Prince.

Smaller Commercial Banks in Bad Shape

Antoine André remarked quite flatly that there are really only two banks in Haiti, the BNRH and the Royal Bank. The others are pretty sad affairs. The BANQUE COLOMBO-HAITIAN, for example, has a portfolio of $1.4 million which is, as André put it, "all fraud". The president of that bank, he said, is a rich man today. His technique, according to André, is to find someone willing to accept a loan which he knows cannot or will not repay on which he kicks back in some cases more than half. André said he knows personally of one man who was leaving for the United States who signed notes for $10,000 and accepted $2,000, the remainder going into the pocket of the bank president. As for reserves, the Colombo-Haitian bank has been below the legal requirements for months and is now paying, in accordance with law, fines of $150 daily. What will happen when depositors want their money back he, André, would rather not think about.

André said he knew the bank had tried to interest some American investors in the business, perhaps in the hope of getting new capital with which to keep going. He, André, however, understood that the Americans were a rather dubious Miami group; even if they did come in (which he did not at the moment foresee) he didn't think it would improve the situation. The Colombo-Haitian bank, he said, was in such poor shape it would take a major overhaul to save it.

I had led the conversation over to the Colombo-Haitian bank because of certain special interests we have. I now took the occasion to ask about Clemard CHARLES and his COMMERCIAL BANK OF HAITI. André replied that the situation was practically the same. The bank held a worthless portfolio made up of notes guaranteed by political figures. Charles himself was dishonest - recently, for example, he had approved a loan for $14,000 on his daughter's signature alone - and he also knew nothing about banking but he was something of a favorite with the President who gave him support. The BNRH holds mortgages on the Commercial Bank of Haiti, for example, and, since payments are now substantially in arrears, André said, he might have foreclosed. The President, however, had asked him not to in order to avoid a scandal.(5)

Balance of Payments Situation Temporarily Improved

Turning briefly to the balance of payments question, I asked André how matters now stood (having in mind, but not mentioning, some

JOSEPH D. CHARLES

Joseph D. Charles, a Negro, was born 15 November 1907, at Limbe, Haiti. He is married and has five children. He received his law degree at the Law School in Cap Hatien in 1928. A former law professor, Assistant Prosecuting Attorney and Judge of the Civil Court in Cap Hatien (1928 - 1940), Charles served as Ambassador to the United States from 8 October 1946 until 1 June 1960. During this period, he served also as Ambassador on the Council of the Organization of American States (1949 - 1950). He resigned his ambassadorial post after the fall of the government of President Estime who had appointed him. On 29 February 1952, he was designated Secretary of Education and Public Works by President Magloire and resigned from the cabinet on 31 March 1953, allegedly because of his opposition to increasingly close ties between the governments of Haiti and the Dominican Republic.

Charles chaired the Haitian delegation to the second post of the first session of the UN General Assembly (1946), the second session (1947) and the fourth session (1949). He chaired also the delegation to the Ninth International Conference of American States at Bogata (1948) and is reported to have been friendly to the United States.

Charles has in the past been mentioned more than once as a possible successor to the incumbent president. The most recent occasion was in 1955 when he was mentioned as a possible successor to President Paul E. Magloire.

Madame Charles, nee Telson, is a sister of Adelphin Telson, formerly Minister of Defense and Justice, formerly President of the Chamber of Deputies, who is friendly to the US and in contact with US officials in Port-au-Prince. A sister of Madame Charles is married to Colonel Marcaisse Prosper, former Chief of Police under the Magloire government. It has been alleged that the three men, Charles, Telson and Prosper, constitute a potentially strong political force in Haiti.

SOURCE: US citizen, former journalist, who has followed developments in the Caribbean area closely for many months and maintains contact with persons directly concerned with the area.

His command of French and his habit of making detailed shorthand notes enable him to report with an unusual degree of accuracy.

1. On 2 May 63, we had a four-hour interview with Clemard Joseph Charles, president and general manager of Banque Commerciale d'Haiti, Port-au-Prince, vice president of the Haitian Chamber of Commerce, and cousin of Joseph D. Charles, former Haitian ambassador to the US.

2. Clemard Charles, whose PO Box in Port-au-Prince is No. 5751, told us that he was a man of peasant stock and that while a business leader he has the full confidence of the predominantly peasant population of Haiti, and, that with the additional backing of forcibly retired anti-Duvalier army officers, intellectuals, journalists and businessmen, he is in a position to become the head of a provisional government after Duvalier is removed. He believes the span between now and 15 May when Duvalier's term expires and 22 May, when his new term is scheduled to commence, will be the most crucial period for Haiti. He believes Duvalier is ready to institute a reign of terror, killing those who oppose him, and is willing to accept Sovbloc help. About two weeks ago the Polish charge d'affaires left Port-au-Prince for Poland, and Charles believes he carries Duvalier's request for economic and possibly military help.

3. As vice president of the Chamber of Commerce, he learned that in early April 1963 a Czechoslovak delegation arrived in Port-au-Prince, presumably to discuss trade matters, a fact which gave rise to rumors that it consisted of military technicians.

4. Charles firmly believes this will be the last chance for the US Government to help establish a democratic Haiti friendly to the US and save the country for a Castro-type Communist takeover. Although he has been on good terms with Duvalier, he now feels that the President "went crazy and must be stopped before he liquidates the opposition. Shortly after Charles made this statement he was called to the phone. Returning, he told us that one of his friends had been killed two days before by Duvalier forces. He declined to give the name of the alleged victim, but talked freely about some of his own influential supporters on whom he could rely with a firm pledge of holding free elections:

5. Charles intimated that he had many other prominent supporters who are violently anti-Duvalier and who are ready to back "my government." He has just passed his 40th birthday (he was born 21 Apr 1923 in Gonaives), ~~who~~ which makes him eligible for the presidency in so far as the constitutional age requirement is concerned. In case he did not become provisional president after Duvalier's overthrow, he would be satisfied with the post of Secretary of Finance & Economic Affairs. He said the present secretary, Dr. Herve Boyer, has leftist tendencies, and his wife is definitely a Communist.

HARNETT described BOYER as second card-carrying Commie known to him

6. Charles added that as he is of "100% black origin" (He is very black), he would be qualified to become president. He said that only those who are in this category can become president.

7. Charles said he would need the "moral and economic help of the US Government and people" to transform Haiti into a true and prosperous democracy. He said he would need about one year to put into ~~the~~ effect his "plan for the economic and social development of Haiti," which, among others has these salient points:

a. Creation of a balanced economy adapted to Haitian conditions
b. Development of industry and exploitation of natural resources
c. Modernization of agriculture

8. Charles would like to present his plan to US officials for consideration. He said about 90% of Haitians are against Duvalier, who maintains his rule by keeping the militia strong. ~~Duva~~ Duvalier no longer has funds to pay the militiamen but allows them to "live off the land." Charles believes that in the event of an anti-Duvalier uprising, the army would kill the hated militiamen who are ~~mosyoos~~ responsible only to Duvalier.

9. Once Duvalier is finished, Charles would suggest that as a goodwill gesture toward the Haitians, who are overwhelmingly pro-US, the US construct the promised airport and thus create jobs. Another way to bolster the economy would be to encourage tourists.

10. Charles hopes the Dominican Republic will not invade Duvalier's Haiti. He believes the Dominicans could easily defeat Haiti's army and militia but an invasion would cause the Haitians to rally around Duvalier in defense of their country.

11. Before leaving Port-au-Prince, Charles worked out a telephone code with his wife, Sophie. On 30 Apr 63, he called her, and she told him "not to rush home," which meant that his life might be in danger if he returned to Haiti now. In view of this, he told the Haitian Consul in New York that he has to stay a few days longer to buy parts for machines used in his Haitian sisal enterprise.

12. Charles gave the following data concerning his career: He went to parochial school; in 1939, was graduated from Lycee Geffrard, Gonaives; taught in rural schools after his father's death in 1939, and also supported his family by working as upholsterer, timekeeper, plantation supervisor and

free-lance journalist. In 1947 he was appointed controller general of southern Haiti banana industry and became general agent in 1948. In 1949 he established his own export-import business. In 1953 he went to London as a member of a Haitian government economic mission. In 1954 on behalf of Haiti he negotiated a contract with General Electric, Ltd., of Coventry, UK, for modernization and extension of Haiti's telecommunications system. In 1957 he was appointed member of a Haitian mission to an international conference in Brussels. In 1960 he founded Banque Commerciale d'Haiti, of which he is sole owner. In addition, he is full or part owner of the following Haitian enterprises: Universal Enterprises SA; National Deutsch (sic) Associates; Clemard Joseph Charles Import-Export; a South Haiti cocoa enterprise; J.C.Charles & Co. He is sole representative of General Electric, Ltd., of London, and Siemens Schukert Werke, West Germany. In the past few years he has made many business trips to the US, UK, France, Italy and West Germany. He said he had invested about US$500,000 in the Haitian economy and as a patriot under no circumstances will he take money out of Haiti.

13. Charles, who is married and has one adopted son, has received many honors, including the Civil Merit Order, Officer of the Labor Order, etc. In 1962 he was given the Key of the City of New York.

14. Charles concluded by saying that in the world today there are two alternatives: The US or the USSR. He says he and his group have chosen the US. As to how to get rid of Duvalier, he said "the tyrant may be killed by the army" before 22 May 63. He did not elaborate; he merely called attention to Trujillo's fate.

CONTACT REPORT

WUBRINY - M. Clemard Joseph CHARLES

1. WUBRINY/1 telephoned on the sterile line from Chicago, on his way to the West Coast, to report his final contact before departing with subject.

2. Subject telephoned WUBRINY/1 on 1 May and said that because of the recent unpleasant developments in Haiti he thought it would be quite inappropriate to continue discussions regarding WUSALINE possible investment in the area at least until things were clarified.

3. M. CHARLES indicated that he was returning to Haiti shortly and asked if WUBRINY/1 could visit him there. WUBRINY/1 said that he would consider this or have one of his representatives go, if it later seemed desirable. He indicated, however, a continuing interest in the investment picture in Haiti if, as, and when.

CONTACT REPORT

WUBRINY - Haitian Operation

1. WUBRINY/1 telephoned from his residence on the sterile line at approximately 0930 hours to report the following.

2. WUBRINY/1 said that he believed that the meeting that is to be held by Mr. CHARLES and WUBRINY/1 plus an unnamed third party would involve a Mr. Tardieu.

3. I told WUBRINY/1 there had been considerable interest in this general development on the part of the Department of State and cited (without identification) A-406, Amembassy, Port-au-Prince, dated April 11, 1963, subject: U.S. Businessman Signs Contracts with Haitian Government and Local Bank. I told WUBRINY/1 that the Department information I had before me cited Le Moniteur of March 13, 1963 and said that the Airgram also mentioned a Mr. Bert Cindine TARDIEU. I also gave WUBRINY/1 the points raised under "comment" on page 2 of the Airgram.

4. WUBRINY/1 said that he agreed with all of these comments as he had come to the same conclusions.

5. I told WUBRINY/1 that there was obviously considerable interest in any reporting that he can do on this subject and requested that he let me know when the meeting takes place and continue his detailed reporting as heretofore. He agreed to do so.

MEMORANDUM FOR: DO/COEO

ATTENTION : Mr. Gale W. Allen

SUBJECT : Trace Reply - Clemard Joseph CHARLES

REFERENCE : DO/COEO Memorandum dated 23 April 1963 requesting traces on CLEMARD, Joseph Charles

1. There are no traces on Clemard Joseph CHARLES (201-357-029) born 21 April 1923 at Gonaives, Haiti, who is President and General Manager of the Commercial Bank of Haiti, in RID or at the WH/Haitian Desk. In March 1963, Biographics Register prepared a summary of information on Mr. CHARLES for inclusion in the Biographic Intelligence Report on Haitian Opposition Personalities. This summary is made up of information obtained from several different sources. One source classifies CHARLES as a slippery character who is active on the Haitian scene and refers to him as a "promoter" rather than a businessman, who endeavers to attract United States "venture" capital for various Haitian projects and then becomes a partner by virtue of the promotion. Biographics Register has a very high opinion of this Source, who is the State Department's Haiti Desk Officer. During a debriefing on CHARLES, in February 1963, this same source stated that CHARLES is a confidant of President Duvalier and that he has emerged as an active businessman by virtue of his priviledged position with the President.

2. Another source of information regarding CHARLES' business interests is the President of the National Bank of Haiti who considers CHARLES, himself, as dishonest. For example, according to Source, CHARLES approved a loan of $14,000.00 on his daughter's signature alone. Also, the Commercial Bank of Haiti held a worthless portfolio made up

of notes guaranteed by political figures. This Source also stated that CHARLES was "something of a favorite of the President, who gave him support."

3. Attached to this memorandum is a copy of Department of State Airgram No. A-325, dated 16 February 1963, from the United States Embassy, Port-Au-Prince, Haiti, subject: Banking: Balance Sheet of the Banque Commerciale d'Haiti which includes some information on CHARLES' life story. You will note the comment in the last paragraph of Airgram A-325 that reads, ". . . Be all that as it may, the Embassy has no strongly adverse information concerning Mr. Charles' integrity or banking honesty. And as the balance sheet shows, his bank, if not thriving, is at least still a going concern.

4. It may be that a check with OO/C through Mr. Schreyer's office and a request for field station traces will provide additional information concerning CHARLES. A copy of this memorandum is being forwarded to RID with a request for a 201 file on Subject which will be forwarded to you on permanent charge.

CONTACT REPORT

WUBRINY/1 - Ambassador Boungnignon - Clemard Joseph Charles

1. Ambassador Boungnignon had previously informed WUBRINY/1 that Clemard Joseph Charles, President of the Commercial Bank of Haiti, was coming to New York on 24 April and suggested that WUBRINY/1 might work with him in financing Boungnignon's diplomatic residence in Haiti.

2. Mr. Allen informed WUBRINY/1 that Charles is a confident of President Duvalier and could be expected to report on all Americans with whom he had conversations and the substance of these conversations. WUBRINY/1 was admonished that in any contact with Charles the security of WUBRINY/1's relationship with KUBARK should be uppermost in his mind. WUBRINY/1 was informed that Charles is reported as a businessman of questionable repute. He is characterized as slippery, dishonest, and more of a promoter than businessman. His bank holds a worthless portfolio of notes guaranteed by political signatures. For example, he approved a loan of $14,000 for his daughter on her signature alone. He is also reported to be a partner in the bank rather than sole owner, as he alleges.

3. Mr. Allen said that Charles was of great interest and that we would like to know why he was in the U. S. at this time. WUBRINY/1 was admonished in any conversations with Charles to concentrate on economic rather than on political matters unless Charles himself first raised political matters. It was suggested to WUBRINY/1 that he might inquire about Haiti's economic status, the outlook for the coffee crop on which Haiti's economy may stand or fall, and how the currency is being backed in the absence of a foreign aid program.

4. It was further suggested to WUBRINY/1 that should the conversation with Charles get loose that he might inquire as to whether top Haitian officials are putting aside funds outside the country and question the rationale for an expensive inaugural celebration for the President, given the bad state of the Haitian economy. WUBRINY/1 said that he could easily add the flight of capital question by discussing the availability of Haitian capital for investment outside Haiti.

5. WUBRINY/1 said that in view of the delicacy of this operation that he would wear his other hat, i.e., represent his own firm rather than WUSALINE in making this contact. He foresaw no problems stating

that it is routine for business people to ascertain each other's views. Messrs. Stone and Allen concurred in the use of WUBRINY/1's private firm and admonished WUBRINY/1 to keep Charles on the string in view of our interest in him.

6. Mr. Allen indicated to WUBRINY/1 that we were definitely interested in [illegible] and needed a good assessment such as WUBRINY/1 had done on [illegible]/1. WUBRINY/1 said that this presented no problem. He stated that he had not specifically asked [illegible] who his opposition sources are because he did not want [illegible] to become suspicious.

1. BABOUN SAID THAT THIS BELIEF WAS SUBSTANTIATED BY INFORMATION WHICH THE HAITIAN FOREIGN OFFICE OBTAINED FROM ALBERTO ZULETA ANGEL, HEAD OF THE COMMISSION OF THE ORGANIZATION OF AMERICAN STATES (OAS) WHICH VISITED HAITI.

2. FRANCIS SAID THAT THE ONLY RESISTANCE TO THE REGIME OF PRESIDENT FRANCOIS DUVALIER WAS THE WEAK CLANDESTINE GROUP HEADED BY CLEMENT BARBOT. HE ALSO SAID THAT IT IS DOUBTFUL THAT BARBOT COULD TOPPLE DUVALIER; HOWEVER,

1. THE SITUATION CONCERNING CLEMARD JOSEPH CHARLES ACTIVITIES IS JUST AS "FLUID" AS THE SITUATION IN HAITI. CHARLES ADVISED US THAT HIS FRIEND OF MRS. DOROTHY MATLOCK (SEE WHAT I MEAN BY "FLUID"?) HAD CHANGED HIS TRAVEL PLANS TO WASHINGTON. INSTEAD OF TUESDAY HE (DRYER) NOW EXPECTS TO BE IN WASHINGTON IN THURSDAY OR FRIDAY. CHARLES INDICATED THAT HE WOULD BE WILLING TO GO TO WASHINGTON SOME TIME THIS WEEK. HE ASKED US TO SEE HIM AGAIN THIS AFTERNOON. OUR MEETING (THE THIRD SINCE THIS WEEK. HE ASKED US TO SEE HIM AGAIN THIS AFTERNOON. OUR MEETING (THE THIRD SINCE LAST THURSDAY) IS SCHEDULED AT 1430. BALOG (STILL CAPTAIN BALOG, US ARMY TO CHARLES) WILL GET IN TOUCH WITH STUNTZ RE THEIR TELECON AFTER BALOG-CHARLES MEETING.

2. CHARLES TOLD US THAT HIS "SPIRITUAL FATHER", B. GINDINE TARDIEU, A FRENCH CITIZEN, A CONSULTANT TO CHARLES' BANK IN PORT-AU-PRINCE IS IN NEW YORK NOW. TARDIEU WHO HAS SPENT AT LEAST 20 YEARS IN HAITI, IS NOW STAYING AT THE PARTK SHERTON HOTTEL, ROOM 2032.

1. AT HIS REQUEST, ON 3 MAY 63 WE HAD AN ADDITIONAL INTERVIEW WITH CLEMARD JOSEPH CHARLES. HE INFORMED US THAT HE HAD RECEIVED A TELEPHONE CALL FROM JOSEPH F. DRYER, TAMPA, FLORIDA. DRYER TOLD CHARLES THAT HE COULD NOT SEE HIM OVER THE WEEK END, BUT WOULD VISIT HIM IN NEW YORK CITY NEXT WEDNESDAY, 8 MAY. PRIOR TO THAT DRYER PLANS TO MEET IN WASHINGTON DC JACQUELINE DELMAR, 3130 P STREET, NW, TEL: FE 3-9066, A FRIEND OF MISS MADLOCK'S TO DISCUSS "THINGS OF MUTAL INTEREST CONCERNING HAITI."

2. CHARLES TALKED TO US ABOUT THE WORSENING SITUATION IN HAITI. HE BELIEVES THAT IT WAS TIME FOR THE US TO LAND THE MARINES IN HAITI TO LIBERATE THE COUNTRY FROM "MADMAN DUVALIER" AND PROTECT THE LIVES OF AMERICANS THERE. HE FEELS THAT THE US SHOULD ACT UNDER THE AEGIS

OF OAS IN THE INTEREST OF HEMISPHERIC SOLIDARITY. HE MENTIONED THAT THE US DID NOT HESITATE TO SEND MARINES TO LEBANON WHEN US INTERESTS WERE THREATENED.

3. CHARLES DECIDED TO STAY IN NEW YORK "FOR THE TIME BEING". TODAY HE SENT A CABLE TO HIS BANK IN PORT-AU-PRINCE INDICATING THAT HIS BUSINESS TRANSACTION (BUYING MACHINE PARTS FOR HIS ENTERPRISES) WILL KEEP HIM IN US FOR AWHILE.

4. DISCUSSING THE REPORTED MASSACRE OF ANTI-DUVALIER ARMY OFFICERS CHARLES URGED FAST ACTION ON PART OF US. HE REITERATED HIS OPINION THAT DUVALIER WOULD BE "ELIMINATED" BY 22 MAY, BUT WARNED AGAINST LETTING ANTI-DUVALIER EXILES NOW IN THE DOMINICAN REPUBLIC, CUBA AND ELSEWHERE RETURN TO HAITI AND "START SHOOTING THERE". HE BELIEVES THAT THE BEST POLICY FOR THE US TO FOLLOW WOULD BE TO COME TO AN AGREEMENT WITH LEADING HAITIAN ARMY OFFICERS. IN ADDITION TO PREVIOUSLY MENTIONED NAMES, HE FEELS THAT GENERAL CONSTANT, COL. CHAM AND COL CAILLARD COULD BE WON OVER FOR COOPERATION. HE CLAIMS TO KNOW THESE OFFICERS WELL AND IN CASE OF LANDING OF US MARINES HE WOULD BE GLAD TO GO ALONG AND SERVE AS AN INTERMEDIARY. HE FEELS THAT HE HAS ENOUGH INFLUENCE TO BRING ABOUT A SITUATION WITHOUT BLOODSHED IN WHICH SETTING UP A PROVISIONAL

GOVERNMENT WOULD BE FEASIBLE. IF NECESSARY WE WOULD BE WILLING TO STAY IN THE BACKGROUND IN THE ROLE OF "EMINENCE GRIS" FOR THE GOOD OF HIS COUNTRY.

SOURCE USUALLY REPORTS ACCURATELY THE INFORMATION HE RECEIVES. HE RECEIVED THIS INFORMATION FROM FOUR DIFFERENT SOURCES WITH ACCESS TO OPPOSITION AND PRO-DUVALIER CIRCLES INCLUDING FRANTZ LEROY, PRIVATE SECRETARY TO AGRICULTURE MINISTER VICTOR NEVERS CONSTANT.

1. WITHIN DUVALIER'S ENTOURAGE THERE ARE THREE

S-E-C-R-E-T NO FOREIGN DISSEM

S-E-C-R-E-T NO FOREIGN DISSEM
(classification) (dissem controls)

PERSONS VYING FOR POWER AFTER THE FALL OF PRESIDENT DUVALIER. THEY ARE JOSEPH CLEMARD CHARLES, PRESIDENT OF THE HAITIAN BANK OF COMMERCE, CLOVIS DESINOR, MINISTER OF FINANCE, AND LUCKNER CAMBRONNE, MINISTER OF PUBLIC WORKS. EACH OF THEM HAVE THEIR SUPPORTERS WITHIN THE GOH OR DUVALIER POWER STRUCTURES AND SOME HAVE SUPPORT FROM SOME OPPOSITIONISTS. ALL THREE REMAIN OUTWARDLY PRO-DUVALIERIST AND THERE ARE NO SIGNS THAT THEY INTEND TO TRY TO OVERTHROW DUVALIER THEMSELVES. THEY ARE PRESENTLY JOCKEYING FOR SUPPORT FOR THEIR BID FOR POWER WHEN DUVALIER LEAVES THE PRESIDENCY.

2. CLOVIS DESINOR IS CONSIDERED TO BE THE MOST POWERFUL. HE HAS THE SUPPORT OF COLONEL JACQUES LAROCHE, ASSISTANT CHIEF OF STAFF, AND IS WIDELY CONSIDERED TO BE A RUTHLESS AND UNSCRUPULOUS SEEKER OF POWER. (SOURCE COMMENT: DESINOR HELD POSTS UNDER PRESIDENTS DUMARSAIS ESTIME AND PAUL MAGLOIRE YET SUPPORTED THE OVERTHROW OF BOTH THESE PRESIDENTS.)

3. JOSEPH CLEMARD CHARLES HAS THE SUPPORT OF FORMER ASSISTANT FINANCE MINISTER LIONEL LAJOIE AND AGRICULTURE

MINISTER VICTOR N. CONSTANT PLUS THAT OF SEVERAL PRO-DUVALIER BUSINESSMEN IN PORT AU PRINCE.

4. LUCKNER CAMBRONNE HAD THE SUPPORT OF COLONEL DANIEL BEAUVOIR AND THEREFORE LOST GROUND WHEN BEAUVOIR WAS DISMISSED FROM THE ARMY AND TOOK ASYLUM IN THE BRAZILIAN EMBASSY. THE HOUSE OF CAMBRONNE'S MISTRESS, NEE LAFOREST, WHO IS THE SISTER OF MRS BEAUVOIR, WAS PILLAGED BY THE MILITIA ALONG WITH THE HOUSE OF BEAUVOIR, AND THIS IS INTERPRETED BY MANY OBSERVERS AS AN INDICATION OF CAMBRONNE'S LACK OF INFLUENCE WITHIN THE GOH HIERARCHY. WITHIN THE PALACE IT IS RUMORED THAT CAMBRONNE WILL NOT BE ALLOWED TO KEEP HIS DEPUTY'S SEAT FROM ARCAHAIE IN THE JANUARY ELECTION AND THAT HE WILL BE REPLACED BY DABELMAR MENTOR. (FIELD COMMENT: IN 1961, DABELMAR MENTOR WAS SECRETARY GENERAL OF THE MINISTRY OF JUSTICE.)

5. (FIELD COMMENT: ANOTHER RELIABLE SOURCE WITH EXCELLENT CONTACTS WITHIN THE GOH HAS REPORTED MUCH THE SAME INFORMATION AS ABOVE.)

PLAN FOR THE ECONOMIC [illegible] DEVELOPMENT OF HAITI

By Clement Joseph Charles

The very best way to affirm the existence of true Democracy lies in the creation of a political agency which would consecrate the inalienable rights of men to live, to enjoy freedom and happiness. A true an effective political decentralization would then corroborate the existence of this Democracy.

Fully confident in the power of the truth which cannot ever be hidden, much more in the indisputable justness of the cause we are endeavouring to diffuse; convinced of the practical possibility to put an end to the leonine privileges of a minority whose personal interest stands against all honest and impartial government managements, as the son of peasants, we reaffirm here our faith in the final trimph of a true and indispensable political evolution through a broader representation of the interest of the people, thereby assuring to our miserable co-citizens still fighting for the acknowledgement of their most sacred rights new reasons to believe and to hope. In this view our action shall tend toward the evolution of our masses in order that they may enjoy living conditions compatible with their dignity. And by means of social productivity expressed in terms of the welfare of our rural population, we shall formulate the economic requirements of the country within the framework of a realist and rational program. In line with this goal we are outlining below a program for the economic reconstruction and the social promotion of our rural masses.

An objective consideration of the present condition of our country makes it clear that the solution of the country's social and economic problem lies in the following considerations:

1.- Creation of a balanced economy adapted to the conditions of the country;
2.- Development of Industry and exploitation, of our natural ressources so as to promote an improvement of living conditions;
3.- Transformation of rural way of living and modernization of agriculture so that the peasants who represent the largest portion of the country's population come out of their ancestral misery and participate in the prosperity of the nation. And then, arrive at the integration of the rural population of the country in its economic life by means of literacy and the preparation of skilled workers in order to increase the productivity of the agricultural activities, also that of the traditional handcrafts and of the manufacturing industries which are still got a primitive stage.

The formation of man and the preparation of leaders is a factor of primary importance for the speedy achievement of the contemplated objectives.

.../....

These phases of equal importance are linked together. Therefore, they cannot be separated without endangering the whole pattern. Of course errors have been made repeatedly. However, the straightening which is a must calls for a general review of the principles and objectives of our economic and financial policy, which should be considered the first steps to be taken towards a true economic start.

For a long time, the people responsible for our Economic and Financial Policy had built their programs upon illusions. The continuous demographic pressure and the influence of social progress, together with the normal desire of the different classes of the population to benefit a reasonable part of the national revenue, have made indispensable the development of a well balanced economy. This development can be conceived but in terms of industries using to the latest extent the raw materials and the resources of the country. As a matter of fact, the mobilization of these resources is paramount for the achievement of true progress in the way of political liberty and for the improvement of material living. Education, medical care, transportation facilities and the improvement of living conditions are the primary requirements for modernizing the living conditions of the population. To sum up, the increased production of riches through the creation of industries and the systematic exploitation of our subsoil, added to other natural assets, shall furnish the resources necessary to the adequate operation of our system. For fault of considering the situation in this point of view, any and all idea of generalized social welfare and national grandeur will remain purely a dream.

The modernization of agriculture, and the improvement of the rural way of living which will result therefrom should go abreast with Industrialization. The rapid increase of the rural population and the recession of infantile mortality, as well as the extension of life limit obtained through the application of Hygiene rules, make it necessary to use to the largest extent the rejects of agricultural production in Processing Manufactures in order to assure the surplus subsistence to the surplus population and, through the export of the thus processed agricultural rejects and products, supply the Treasury with the proper foreign exchange stock necessary to maintain a well balanced economy.

The improvement of the living standard, as said before, is subject to the adequate development of the production assets, which cannot be attained without the improvement of the people. Brought up to a level which make them aware of their needs and of the role that Society and the development of their region request from them, these people will understand that the essential data of the problem reside in the following: better cultivated land, adequate equipment, creation of industries, application of experienced agricultural techniques, processing industries, skilled labor.

.../...

It may be well to recall that at the Conference in Punta del Este was emphasized the importance of the transformation of the people in the development process of under developed countries.

All this leads to consider the protection and preservation of the understructure works of which the urgency cannot be underestimated. Electric power, roads, bridges, urbanism, irrigation and drainage system etc, are the factors that the contemplated development calls for its full realization.

Of course the Haitian State has always cared for the understructure equipment of the country. However, the investments - very important at times- to this end have been made without an all out plan, not with a statisticol and rational estimae of the country's needs, but with such awastes in the execution that the general problem of the country's basis equipment is still a matter of consideration.

In Haiti, the National Capital comprises broadly the understructure equipment and the production equipment, as a result of the fact that our social and Economic System lacks a natural repartition of the functions as exist in the advanced countries where the State takes care of the understructure equipment while private enterprise engages in production. The obligation for the State to devote its activities to both the understructure and the production problem, the latter private initiative cannot assume due to failure or lack of experience, compels saw state to build proper methods and means to accelerate the formation ofthe National Capital through the adequate and honnest exploitation of our financial sounces.

To this end, we propose to build a program including the execution of specific projects already studied and for which the financing can be obtained from abroad:

A.- PRIMARY FACILITIES:

1.- Hydro-Electric Plant at Peligre	$ 20.000.000.-

Within the framework of the objectives outlined in this summary, we propose the creation of an agency titled "National Planning Committee". Concurrently with this Committee would be created a Bank for Economic Development.

The National Planning Committee would build a plan of general development of which the execution would spread over a period of 25 years, split into 5 year periods. The plans and programs applicable to each period would be executed under the close supervision of the Committee, and modified in accordance with such economic changes as may happen. The program would be maintained in a permanent basis. In the course of its execution and as a result of the possible modifications, would follow the curve of international progress and thereby remain actual.

First of all would be prepared a priority order which would be based on the nervous centers of the economy to be straightened. This priority order would embrace a well coordinated and concrete actions, based upon observation and experience.

The lack, or rather the absence of financial means against the important disbursements called for by the general program obliges to rely upon investments from abroad. It would be the duty of the Bank for Economic Development to channel

the foreign under the form of grants - counterpart funds - or of private investments jointly with the mobilization of our national resources.

As for the assistance to be given to private initiative towards the development of new agricultural, industrial and commercial enterprises, it will be necessary to reorganize our banking system by the creation of a Central Bank : Stock Exchange, Mortgage Bank, Agricultural & Rural Credit Bank and other financial institutions such as: Savings & Credit Bank, Bank for Financing low cost Housing for the people with low revenue, etc.

Besides, negotiations shall be made with the International Financing Company which has been created lately in order to finance national private enterprises. We will work jointly and closely with the International Monetary Funds, the BIRD, and the BID in view of obtaining the financing of a certain amount of revenue - producing projects. At the same time, we shall endeavour to strengthen the position of our national currency.

In addition, the Budgetary Reform will be accomplished. A National Budgetary policy which observes the difference between administrative expenses and capital expenditures shall permit a proper adaptation of the budget to the requirements of the economy so as to make of it a true instrument of a general policy.

Also The Fiscal policy shall take into account the requirements of the economy. A revision of the Customs Tariff shall be pursued and made. Measures shall also be taken to guaranty honesty and integrity in handling the State's Funds. Just consider that for the fiscal years 1949-1950 to 1956-57, the total disbursements of the state has reached the sum of G: 1,350,596,631.-, or around $270.000.000.-, and that the largest portion of this sum has gone into triple expenses or served for spectacular works most of which with absolutely no economic justification. In this sum are not included neither the various financial disbursements made outside of the budget through loans obtained during the same period and which brought the public debt up to G: 249,184.000.- or $49.836.800.- as at September 30, 1957, nor the expenses supported by the non-fiscal accounts and the various autonomous enterprises of the State. All this is the evidence that the formation of the National Capital can be worked out through sound administration.

As regard Public Finance, emphasis shall be made on the following points:

1.- Harmonization of the fiscal policy with the economic policy;

2.- Harmonization of the budgetary policy with the economic policy;

3.- Improvement of our banking system in to mainly smooth credit conditions;

.../...

4.- Creation of new private banks for the development of handcrafat and industry;

5.- Reorganization of the Supreme Court of Accounts upon such basis as shall guaranty its most complete autonomy;

6.- Reorganization of the Department of Finance. Integration of the Finance Inspection Service and the Public Accounting within the General Accounting;

7.- Complete reform of our fiscal legislation by means of measures able to modify the structure of fiscality so to attain a better orientation of the economic and financial policy of the country;

8.- Remodelling our Code of Commerce in order to give more guaranties to local and foreign creditors, and to adapt the law to the requirements of internal exchange.

If the straightening of our public finance is of primary importance, production and equipment are likewise necessary. Therefore, in the execution of the 25 year development plan submitted and within the priority order to be invited out by the National Planning Committee, serious consideration shall be given to the following revenue producting and understructure projects:

a) Colonization and transformation of the rural centers through the integration of the agricultural section in the economic, political and social life of the country in order to obtain better economic and social results, and to attain the following primary objectives:

I : Increase production.

II : Build villages in order to avoid the dispersion of the rural groups and thus, to better use the working force of the community:

III: Raise the rural living standard, and,

IV : Assure to the rural laborer a permanent living upon the economic lot through an adequate agrarian reform; fight the peasant's inclination to migrate to the towns and thereby, protect agriculture.

All of this implies that problems shall have to be sold in as various fields as Education, Public Health, Housing, Transportation, Agricultural Credit, Agricultural Extension, Agricultural Equipment, Irrigation, Drainage, Reforest ration and the control of Erision, Access roads, Professional and Handicrafat Schools, Rural Police, Electric Power, Hygiene, Sanitation, Creation of Cooperatives, Transformation of our 550 Rural Sections into villages where the priest, the doctor, the sanitation Inspector, the Agricultural Agent, the Teacher, the Judge, the Tax Collector, the Minister, the Mayor, the natural leaders of these villages shall join together toward a mutual action including mainly the improvement of the diary, the organization of sound recreations, a modification in the usual behaviour of the peasants with regards to the problems of their families and the community to which they [illegible] the radio and television.

14-00000

audio-visual contests, movies with well balanced programs.

However, the transfer of part of the agricultural labor to Industry, to be appreciable, shall necessitate the creation, besides the agricultural industries, of other enterprises to process either the resources of our sub-soil, or imported raw-materials.

In this field, we shall concentrate our efforts on the following:

1.- Project for the processing of coconut and vegetable oils.
2.- Factory for deshydrate coconut for export.
3.- Vegetable oil extrating Plant for local consumption.
4.- Toilet soap Factory
5.- Extension of Palm oil Plants and Production of Oleaginous.
6.- Cocoa Production along with a Processing Plant.

16.- Safety match factory.
17.- Paper Mill.
18.- Cattle Raising Industry to intensify the development of our live-stock.
19.- Fishing Industry.
20.- Tourism.

In preparing our plan, we will not underestimate the fact the transportation, and communication determine at all their stages the rhythm and the trend of the economic development. Therefore shall have to be given due consideration the improvement and extension of our road and rail network in order to enlarge the rural market. Only through good roads and sufficient and low-cost transportation means shall the agricultural products reach the consumers at moderate prices. This will contribute towards raising the living standard of the entire population. Also

shall be necessary proper communication means to ease the mobility of labor and atte-nuate to the price fluctuations. These facilities make it possible to decide on the geographic implantation of new industries and on the extent to be given to the development of various zones in line with the all our program.

These shall be considered:

a) The asphalting or cementing of all main roads; the stonning of all secondary roads, and the construction of new roads.

b) The construction of telepheries to join certain commodity-producing centers to urban centers.

c) Organization of an adequate railway system.

d) Nationalization of general transportation (transport en commun).

As for marine transportation, our country has not yet exploited its insular position and its geographic situation. Rather than developing normally, our coasting-vessel is jeopardy for lack of well equiped dry docks, also due to the insufficient technical preparation of our sailors. Yet, the marine way remains the cheapest in internal trade.

We shall consider the creation of a Navigation School, the acquisition of a merchant Marine for external trade, and we shall give such facilities as can facilitate the modernization of the coasting-vessels, the opening of new ports for external trade; the construction of a modern and free port in Port-au-Prince to serve as warehousing for goods consigned to certain south-American countries, also the repair and modernization of our existing ports.

In the field of air-transportation, these shall be created a national airline to link Port-au-Prince with foreign cities. Shall also be created airports in the large towns of the Republic.

It is obvious that the success of this program which calls for disbursements amounting to around one billion five hundred millions dollars ($1.500.000.000.-) over 25 years, shall depend largely upon the competence of all engaged in the Public Administration.

We shall also concentrate our efforts on the following points:

a) Complete autonomy to the Communes. The Council of Notables shall be re-established on new basis in both the Commune and the Village (Rural Section). Periodic Congress between the Mayors of a same Department and the different officers of this Department shall make possible the preparation of local programs of which the execution shall promote the general plan.

b) Organization of the Administrative career which shall be free from political influence. A law shall fix the statute of public officers;

c) Remodelling of our different codes to adapt them to the present economic and social conjuncture, and the adoption of such measures as can speed up legal decision;

d) Complete emancipation of women who shall be able to fill the same administrative and technical positions as men, inasmuch as they are qualified;

e) Technical assistance shall be requested from the following International Institutions: FAO, CEU, BIRD, FMI, and BID towards a complete remodelling of public administration, mainly for the adequate execution of the general plan.

f) Remodelling of National Education, for Education is basic for the success of all actions understaken by the community. The remodelling of our universities and the new orientation to be given to our Primary, Secondary, Superior and Professional Schools shall be in line with the formation of our technicians and our Philosophic of Education;

These are, briefly, the various phases of the programs intended to change the social and economic structure of the country.

Ever since the conquest of his independence, the Haitian, to-date, has been suffering: morally as the result of an excessive discrimination; physically because of a criminal misunderstanding and a generalized corruption, so much so that the impression remains this corruption, has been made a political system.

A new concept is imperative to assure the normal distribution of the National riches. A new concept of which the operation shall be accomplished by the sound portion of the country jointly with the specialized agencies of the United States Government.

CLEMARD JOSEPH CHARLES, a pioneer
by
EMMANUEL C.PAUL

If the competitive communities are so dynamic and impose by the rate of their cycle of evolution, it is because, to the end, their social struggles result into economic terms through the production of valuable men superior to their consumption.

Because we failed to draw up our balance-sheet at each epoch of our life, we do not seem to understand that we are arriving at inverse reports. Our bachwaraness is the result of this negative unbalance between the production and the consumption of our valuable men.

We should be concious of the urgency if not to change our method of struggling, at least to come up with superior principles susceptible of making our struggles less nocive and much more profitable to the community. On this point, the example offered by more advanced countries of which we are copying the bad sides can be of service to us. To decrease the rate of consumption of our valuable men in order to increase their production in the course of time is to learn to appreciate, then to utilise and to respect them. We shall, thereby, create the condition that will preserve and fecundate them.

We know, indeed, that it is extremely hard to come to this reasoning, it is much more difficult to adopt it as the motto of our collective behavior. We are only a few to grasp this thruth because this phase of our social competitions results into a mass of historic factors. The first effect of our internal divisions generated by colonialism and fed up, afterwards by the old regime of oppresion was the creation, at the various levels of our societies of a complex of self destruction, that turned into a social cannibalism. In the production of this event where everyone, without undergoing in any way the influence of a mystic or of a superior principle, is moved while believing he is moving towards his rightful interest, one has the impression that the community is unable to find its was without the help of a trustee, hence the implicite or public acknowledgement of the superiority of the former boss.

These truths that are found in filigree thoughout the pages of modern and contemporary history of colonialism should rouse the Haitians' thought in order that they may endeavour to increase their national potentiallities and ever appreciate and respect their social values.

.../..

Of course in the political, military and intellectual domain we have had real stars. However, our economic and social history is rather poor on a certain point of view. This means that very few are those who, in spite of numerous obstacles, have succeeded by notably increasing the national economy and improving the living condition of our people. Our understanding of the "Benevolent State" requires that this objective be its main job.

There have been numerous attempts, indeed. Comes to our memory Pantaléon Guilbaud, the tobacco king during the time of our youth, but at last! just fugitive attempts! If this is the case and of we really love this country we wish to be fully ours, our duty is to tie up the old man binding us, and meaning hatred, meanness, above all, envy. Then we will limit the consumption of our valuable men.

Not so long ago, we have written an article about Dr.Day when his laboratory was consumed by fire. We did it then because in our opinion, for two generations, this name stood as the sumbol of continuity for the community. In the same spirit, we would like to evoke a new name, another social value who deserves admiration. This name is Clemard Joseph CHARLES.

This emersion dates back from yesterday, and yet, he is already a pioneer. Dark, average in size. Quick yes under a boad forehead which is already graved by a premature baldness. This is his phisical stature in brief. Still young, only 39 years of age. Clemard Joseph CHARLES was born in Gonaives in April 1923 and is proud of his peasant origin. It was in this town that he received his primary and secondary education, at the "Frères de l'Instruction Chrétienne" and the "Lycée Geffrard" Schools. It was also in this Artibonite that he began the struggle for life, first as a rural teacher. His father's death in 1939 marked a stage in his life. He had to take over the heavy responsibility of meeting his family needs. Charles then proved to be a disciplined man and became successively craftsman, plantation supervisor, without giving up intellectual studies; he ventured in journalism as an amateur. As a progressiveminded, he strongly believes in the value of effort. From one activity, he goes to another and is never discouraged by obstacles. He is a man who searches his way and is determined to find it. In 1947, he was General Controller of the Banana Industry in the south and the year after, he was appointed General Agent for a Corporation. His numerous contacts gave him at this time sufficient business experience for him to undertake his own business. In 1949, he settled as Manufacturer's Agent and dealt in import-Export. By dint of discipline, of dynamism and tenacity, the little rural

teacher of the year 1939 is already well know as an experienced businessman, and his relations overseas are such that in 1953, he was appointed as a member of an Economic Mission sent to London by the Government. Hé did so well that one year later, he was encusted by the Government with the mission of negociating a contract with the General Electric of Coventry for the improvement and extension of our telecommunication system. In 1957, as a member of another mission, he took past in the International Conference in Brussels. In the meantime, Clemard Joseph CHARLES devoted himself to various commercial and industrial activities. His life is shared between his office in the Capital City and numerous trips in the country where he kept inquiring on possibilities of investment. Whenever you happen to meet him, he speakes of new projects for the development of the country. His waiting-room is always full of people either awaiting instructions for the countries, or agents, also of other people asking for credit. Among his enterprises we note the Universal Enterprise Co. (USACO) the National Deutsch Associates, The Cotton Industry in the South and Charles-Mews & Co., without mensionning the branches of his store, All These activities do not hinder him from representing the General Electric Co.,Ltd. of London and the Siemens Schukert Werke Co.

But the masterpiece of his life as a businessman was the creation in 1960 of the Commercial Bank of Haiti, a project he had long been dreaming of! His initiative ranks him as a great Pioneer. The Commercial Bank of Haiti is the first private Haitian Bank. When one reals that the National Bank was redeemed only in 1949 to become property of the Haitian State, then one will realize the amount of daring throught, tenacity and broadness of view it took Clemard Joseph CHARLES in such a place to materialise this creation that will have a part in the Economic History of our country. Clemard Joseph CHARLES is the image of a new type of businessman we did not know before. He broke up with the low customs of tradesmen, these brokers who find themselves selfishly satisfied with profit margins which the accumulate in banks abroad and who begin again the routine each year. The reason for the backwardness of our masses is that they do not have the support of an enterprising bourgeoisie creating welfare opportunities. Charles believes that it should not be left to the State alone the duty of promoting the economic development of the country. He is well aware of his mission and he knows that he must give a hand to the less fortunate ones to help their evolution. Therefore, this Commercial Bank that has met with so much success in so short a time is the center of multiple activities profitable to many people with low pay. If we do not loose faith in this country and that we believe in its potentialities, then we believe that a Pioneer as Clemard Joseph CHARLES ought to be better known in order to be better understood and encouraged.

This is the reason for our writing this article. At the same time we would like to present to the youth a model of honesty, discipline and tenacity in a community that so much lakes these qualities.

Figure de Pionnier: Clémard Joseph Charles

Par Emmanuel C. PAUL

Si les sociétés compétitives sont tellement dynamiques et s'im posent par la rapidité de leur cy cle d'évolution, c'est parce qu'au fond les luttes sociales qui s'y li vrent se soldent en termes écono miques par une production de va leurs supérieures à la consomma tion.

Nous autres, pour ne nous ê tre pas souciés de faire, à cha que époque notre bilan, nous n'a vons pas l'air de nous rendre compte que nous aboutissons à des rapports inverses. Notre re tard est dû à ce déséquilibre né gatif entre la production et la consommation de nos Valeurs. Nous en sommes tous responsa bles.

Il nous faut être conscients de la nécessité sinon de changer la forme de nos luttes, du moins d'y introduire des principes supé rieurs susceptibles de les rendre moins nocives et plus profitables à la collectivité. Sur ce point, l'exemple d'autres pays plus a vancés dont nous imitons les mau vais côtés peut nous servir. Ra lentir le rythme de la consomma tion de nos Valeurs pour en aug menter la production dans le temps, c'est en effet apprendre comme ailleurs à les apprécier, à les utiliser, à les respecter. Du coup, nous aurons créé des condi tions à leur conservation à leur fécondation.

Nous savons certes, qu'il est ex trêmement difficile d'arriver à ces raisonnements, voire d'en fai re le mobile de comportements collectifs. On est une minorité à saisir cette vérité parce qu'un tel aspect de nos compétitions socia les résulte d'un ensemble de fac teurs historiques. Les divisions internes de tous ordres secrétées par le colonialisme et approfon dies par la suite sous l'influence des séquelles de l'ancien régime d'oppression ont pour premier ef [illegible]

de répondre aux besoins de la fa mille. Charles fait alors preuve de discipline et devient tour à tour artisan, superviseur de plan tation, sans négliger le commer ce des choses intellectuelles en faisant du journalisme amateur. Esprit progressiste, il croit ar demment en la valeur de l'effort. Il passe d'une activité à une au tre et ne se laisse jamais décou rager par les obstacles. C'est un homme qui cherche sa voie et est déterminé à la trouver. En 1947 nous le voyons comme Con trôleur Général de l'Industrie ba nanière dans le Sud et l'année suivante comme Agent Général d'une Compagnie. Ses divers con tacts lui donnent déjà assez d'ex périences en affaires pour lui permettre d'entreprendre son propre «business». Il s'établit en 1949 comme Représentant de Ma nufactures et fait le commerce d'importation et d'exportation. Le petit instituteur rural des en virons de 1939 à force de discipli ne, de dynamisme, de ténacité, est déjà assez connu par ses expé riences en affaires et ses rela tions à l'Etranger pour qu'en 1953, il soit choisi comme Mem bre d'une Mission Economique du gouvernement à Londres. Il s'y est si bien tiré que c'est lui qui, une année plus tard, négocie ra pour le gouvernement un con trat avec la General Electric de Conventry pour la modernisation et l'extension de notre système de Télécommunication. En 1957, il se voit envoyé dans une autre Mission à la Conférence Interna tionale de Bruxelles. Entre temps, Clémard Joseph Charles s'adonne à de multiples activités commerciales et industrielles Sa

Le Vatican et le cas Sherry Finkbine

CITE DU VATICAN — AFP

Il était un homme vivant et in nocent, on l'a tué on a commis un crime, a déclaré la presse du Vatican en commentant le cas d'avortement de la nord américai ne Sherry Finkbine.

Après avoir critiqué le cas de la mère qui se fait opérer pour ne pas donner naissance à un en fant déformé, la radio du Vati can déclare que «même les mala des désirent vivre.» La félicité est un fait intérieur. Un secret de l'esprit que personne, même une mère ne peut imposer de l'exté rieur. Ce n'est pas un privilège de riche, ni de jeunes, ni de forts de personnes saines. Ceux qui ont essayé de justifier le cas de Finkbine ignorent ce que c'est que l'amour, le secret de la félicité, le fondement de la vraie gran deur humaine», ajoute la Presse du Vatican.

Les puissances

truction se tra... par un vé ritable cannibalisme social. Dans la production de ce phénomène, où chacun sans subir nullement l'influence d'une mystique ou d'un principe supérieur, est agi tout en croyant agir dans le sens de ses intérêts les plus légitimes, on a l'impression que la communauté ne peut se frayer sa voie sans un tuteur, d'où la reconnaissance implicite, qui avoue de la supériorité de l'ancien patron.

Ces vérités qu'on trouve en filigrane à travers les pages de l'histoire moderne et contemporaine du colonialisme, devraient susciter des réflexions chez les haitiens pour qu'ils s'efforcent d'augmenter les potentialités nationales et se dépasser dans l'appréciation et le respect de leurs Valeurs sociales.

Si dans le domaine politique, militaire, intellectuel, nous avons compté des étoiles, notre histoire économico - sociale est bien pauvre en un certain sens.

On veut dire que l'on trouve très peu de gens qui, en dépit des obstacles, sont arrivés à faire époque, en augmentant de façon notable la richesse nationale, en améliorant les conditions de vie de notre peuple. Notre représentation de l'Etat - Bienfaisance veut que cet objectif soit son job principal.

Nous avons certes bien noté des tentatives — et nous songeons à un Pantaléon Guilbaud, le roi du tabac du temps de notre enfance — mais seulement des tentatives sans lendemain, hélas! Nous pensons que s'il en est ainsi que si nous aimons sincèrement ce pays que nous voudrions être globalement nôtre, il nous faut ligoter en nous le vieil homme — ce condensé de haine, de petittesse, de haine, et surtout d'envie — et limiter la consommation de nos Valeurs de cet ordre.

Il n'y a pas longtemps, nous avons consacré une page au Docteur DAY, à l'occasion de l'incendie d'un Laboratoire, parceque à notre sens, à travers deux générations, nous avons trouvé en ce nom un symbole de continuité dans le travail, une Valeur sociale positive, enrichissante pour la communauté. Dans le même esprit nous voudrions évoquer ici un nouveau nom, une autre Valeur sociale qui mérite l'admiration. Nous citons Clémard Joseph CHARLES.

Son émersion est d'hier et pourtant c'est déjà une figure de Pionnier, Noir, taille et corpulence moyennes. Des yeux vifs sous un front large que ronge déjà une calvitie précoce. Voilà, en deux traits, l'homme au physique. Encore jeune: 39 ans seulement. Clémard Joseph Charles qui est né aux Gonaïves en avril 1923 est fier de son origine paysanne. C'est dans cette région qu'il a fait ses études primaires et secondaires à l'Ecole des Frères de l'Instruction Chrétienne et au Lycée Geffrard. C'est aussi dans cette Artibonite qu'il a commencé la bataille de la vie d'abord comme instituteur rural. La mort de son père survenue en 1939 marque une étape dans sa vie: il lui faut prendre la lourde succession

Haiti devenue Nation — 1er Janvier 1804 — le premier soin des dirigeants fut de promouvoir l'essor du nouvel Etat. Les Arts ne furent pas négligés. L'Armée trouva dans la Musique un stimulant pour appuyer ses manifestations pacifiques ou guerrières.

Les régiments étaient répartis ainsi :

1er Port-au-Prince, 2ème Cap-Haitien, 3ème Port-au-Prince, 4e Petite Rivière de l'Artibonite, 5e Dondon, 6ème St Michel de l'Attalaye, 7e et 8ème St Marc, 9ème Port de Paix, 10ème Mirebalais, 11 et 12èmes Port-au-Prince, 13e Les Cayes, 14ème Gonaives, 15e Aquin, 16e Anse à Veau, 17ème Les Cayes, 18ème Jérémie, 19ème Anse d'Hainault, 20ème Verrettes, 21ème Léogâne, 22ème et 23ème Jacmel, 24ème Petit Goâve, 25ème Gonaives, 26ème Borgne, 27ème Grande Rivière du Nord, 28ème Trou du Nord, 29e Fort Liberté, 30ème Cap Haitien, 31ème Lascahobas, 32ème Môle St Nicolas, 33ème Aux Côteaux, 34ème Limbé, 35ème Vallières, 36ème Hinche, 37ème Plaisance 38ème Saltrou.

Ces régiments, annuellement, tenaient garnison six mois à la Capitale. Ce séjour permettait aux soldats de compléter leur formation militaire et les musiciens attachés aux régiments de s'initier à la théorie et à la pratique sous la direction d'instructeurs spéciaux.

Les Batteries Sonores groupaient les bruyants tambours, les clairons au timbre éclatant, les fifres aux effets ingénieux. Leur jeu d'ensemble déterminait un programme compliqué selon occasion et leur rythme varié d'une technique parfois endiablée se multipliait sans perdre haleine.

Vers quelle époque ont paru ces manifestations musicales dénommées Coup d'Jaille (non cou dialles), Casser d'Janno, (diane) (espagnole : diana), les Sérénades?

Aux premiers jours de l'Indépendance.

Le 30 Octobre 1804 lors de la cérémonie du Sacre de l'Empereur Dessalines, les Coup d'Jaill s'emparant du pays, le peuple ne put contenir son allégresse.

En 1805, un coup d'Jaill de 400 tambours — batteries sonores se fusionnant avec les musiques militaires, le premier anniversaire de l'Indépendance connut un éclat dont le souvenir ne s'effacera jamais.

CASSER D'JANNE : (Diane), a été institué pour stimuler le réveil des soldats au point du jour dès quatre heures du matin, les Batteries Sonores parties des postes militaires (Fort National, Bureaux arrondissement, la Place, Fort etc) fendaient l'air. Le Leitmotiv conducteur modulé, transformé en mille manières, suivant les perspectives de l'action, changeait d'expression ou de sens.

A ces mélodies vivantes, de couleur locale, l'esprit haitien adapta d'un souffle admirable, paroles que tout le monde enthousiasme, chantait avec une bonne humeur communicative. Nous en détachons parmi les quatorze formant le Casser d'Janne les couplets suivants :

Toutt moun lévé, lévé, lévé, lévé, lévé,
Soldats ! lévé, lévé, lévé, lévé, lévé,
Si nous pas lévé,
Ya métè'n lan Salle police,
Si nous pas lévé
Ya mete'n lan Salle police.

—II—

Si nous té gain l'agent
Nou ta fait gnou gros bouillon,
Général si nous gain l'agent
N'a fait gnou gros bouillon

—III—

Pour se faire distinguer, la Batterie de chaque régiment se signalait par le numéro d'ordre. Par exemple, celle de ma ville natale Môle St Nicolas (32ème) faisait éclater :

Trentt déxième pas gangnin manman (bis)
Trentt déxième pa gangnin papa
Toutt ti qui choille
Cé trentt déxième
Toutt gran qui choille
Cé trentt déxième

—IV—

Maintenant, tour de la Méringue. Du copieux catalogue nous extrayons la mélodie et paroles suivantes parues sous Tuésina :
Gadé Zouzoutt, (bis
Gadé Thémo,
Thémo piti, piti, piti con ça
Fait bonda zouzoutt tout doubout.

Voici en quelle circonstance ce Chanté a été trouvé. Commissaire Zouzoutt chef de la police, gran gabari, arrogant, ventru se tenait au Bureau Central (actuellement Centre de Santé près de la Cathédrale).

Commissaire Thémo, sous Chef de la police sympathique, court de taille, mince en un mot Ticorps répondait au service du bureau.

Un jour à la suite d'une vive altercation, Commissaire zouzoutt, s'oubliant, administra trois coups de cocomaquatt à Thémo. Celui ci indigné enleva le bâton et à son tour ronfla une dégolée en règle à zouzoutt qui, ne pouvant plus tenir, ouetta. L'incident fit sensation. La chanson s'en empara.

Sait-on que peu de jours après, les deux cocomaquateurs se rencontraient journellement chez Rose Pinpin au wharf sherh (Cité.

Incidents entre cubains à Kingston

KINGSTON (AFP)

Une fois de plus on a enregistré hier des incidents avec la légation cubaine à Kingston. L'incident le plus grave a été enregistré au marché «Victoria» où il y eut bagarre entre cubains de la délégation et les exilés résidant à la Jamaïque.

D'après une version, les fidélistes ont attaqué les exilés; d'après une autre c'est le contraire qui est dit. Il n'y a aucun rapport officiel à ce sujet.

Depuis la police jamaicaine a pris des mesures spéciales de précaution.

Le système de fusées des USA est invulnérable

WASHINGTON — AFP

Le Ministre de la Défense Mac Namara a affirmé que le système de fusées télé - guidées des Etats Unis est «invulnérable» et ne peut être détruit par l'Union Soviétique.

Interrogé par les journalistes au sujet de la possibilité pour la Russie de détruire les fusées américaines avant même qu'elles ne soient lancées de leurs bases, le Secrétaire d'Etat [illegible] a déclaré: «Il n'existe pas de possibilité immédiate pour l'Union Soviétique de désorganiser d'une façon notre système de fusées téléguidées.»

Institut des Hautes Etudes Commerciales de Port-au-Pce signe un Accord

Des nouvelles qui nous parvient, il semble qu'un accord est intervenu entre l'Ecole des Hautes Etudes Commerciales (HEC) de Montréal que dirige — Monsieur Roger Charbonneau et l'Institut des Hautes Etudes Commerciales et Economiques (IHECE) de Port - au - Prince, dirigé par Messieurs Gérard R. Latortue et Franz Alcindor.

C'est grâce au dévouement de notre compatriote le Docteur Véry Leroy, professeur de Sciences Economiques à l'Ecole des H. E. C. de Montréal que Gérard R. Latortue a pu prendre contact avec Messieurs R. Charbonneau Directeur des H. E. C. et François Albert Angers Directeur de l'Institut d'Economie Appliquée, Ecole des H. E. C. Montréal.

Nous sommes en mesure de renseigner nos lecteurs sur les points importants de cet accord.

1 — H. E. C. se fera un plaisir d'envoyer à IHECE de Port-au-Prince tous les livres à caractère économique et commercial qu'elle a en double. — Des instructions seront passées au Directeur de la Bibliothèque Mr. Allen — dans ce sens.

— H. E. C. envoie à IHECE des revues et une copie des cours [illegible] à HEC.

— IHECE devra également envoyer à Montréal une copie des différents cours — ceux qui sont polygraphiés — de ses professeurs.

— HEC va faire des démarches près du Ministère des Affaires Culturelles pour établir avec IHECE un programme d'échange de professeurs et peut-être même d'étudiants.

— HEC est prête à faciliter le séjour au Canada d'hommes d'affaires haïtiens que l'IHECE lui recommanderait, à charge bien entendu pour l'IHECE de faciliter le séjour en Haïti d'hommes d'affaires canadiens qui seraient intéressés à avoir des relations en Haïti.

— En outre l'Institut d'Economie Appliquée publie une revue «L'Actualité Economique». Le Directeur de cet Institut Mr. [illegible] Angers est prêt à publier les articles des professeurs de l'IHECE et en général de tout économiste haïtien que l'IHECE recommanderait. L'IHECE se [illegible] correspondant de la revue à Port - au - Prince où elle sera vendue par la Librairie Athénée au No. 139 de la Rue Pavée.

Nul doute qu'un tel accord facilitera le développement des échanges commerciaux culturels et économiques avec le Canada et qu'un plus grand nombre de nos compatriotes, s'intéresseront davantage à l'Institut des Hautes études Com. et Economiques qui répondait à une nécessité dans notre milieu.

Monsieur et Mme Otto Ed. Thur, professeurs de Sciences Economiques à Montréal et à l'Université Laval ont grandement encouragé les initiatives de l'Institut des Hautes Commerciales et Economiques. Ils seraient prêts dès Mai prochain à venir prononcer quelques conférences surtout sur l'épineuse question de la «Stabilisation des prix des matières premières». Monsieur THUR s'intéresse particulièrement au problème des fluctuations économiques.

A propos de Berlin

WASHINGTON — AFP —

Les Etats Unis continueront à considérer l'Union Soviétique comme responsable du secteur Soviétique à Berlin. Les gouvernements des Etats Unis du Royaume Uni et de France continueront d'exercer pleinement leurs droits et d'assumer leurs responsabilités à Berlin, ajoute une déclaration publiée cette nuit par le Département d'Etat.

Et aucune mesure unilatérale du gouvernement soviétique ne peut affecter l'unité de Berlin dans son ensemble conclut-il.

Jean 23 et Pie 9

CITE D UVATICAN — AFP—

Pie IX sera-t-il béatifié au cours du prochain Concile oecuménique? Le Pape Jean 23 a confié aujourd'hui au cours d'une audience générale accordée à Castelgondolfo que son voeu le plus cher est de voir «que le Seigneur lui accorde la grâce de décréter les honneurs de l'autel à celui qui a convoqué le premier Concile du Vatican.» En parlant de la fête du Coeur Immaculée de Marie que l'église célébrait ce jour, le Pape a dit que trois pontifes s'étaient distingués par leur dévotion à la Vierge: Pie VIII qui inaugura le culte de Marie, Pie IX qui a proclamé le dogme de l'Immaculée Conception et Pie XII qui a consacré le genre humain au Coeur Immaculée de Marie. Jean 23 a insisté sur les mérites de Pie IX et a dit que beaucoup ont comparé ce pape avec Jésus Christ pour avoir été à la fois l'homme le plus chéri et le plus haï par ses contemporains.

FIGURE DE PIONNIER

(Suite)

vie se partage entre ses bureaux à la Capitale et de multiples voyages à l'intérieur du pays où il enquête sans cesse sur les possibilités d'investissement. A chacune de nos rencontres, il nous parle de projets nouveaux qu'il a pour contribuer au développement du pays. Sa salle d'attente est toujours remplie de gens venus prendre des instructions pour la Province, d'intermédiaires, de solliciteurs de crédits. Parmi les Entreprises qu'il dirige, nous notons La Universal Enterprise Co. (USACO) la National Deutsch Associates, la Cocon Industry in the South et Mews Charles et Co sans compter des Succursales de sa Maison de Commerce. Cela ne l'empêche pas de représenter la General Electric Co. Ltd. de Londres et la Siemens Schuckert Werke Co.

Mais le chef d'oeuvre de la vie d'homme d'affaires de Clémard Joseph Charles, c'est la création en 1960 de la Banque Commerciale d'Haiti dont il a longtemps caressé le projet. C'est cette initiative qui fait de lui un Grand Pionnier. La Banque Commerciale est la première banque privée haitienne. Si l'on s'imagine que même la Banque Nationale n'a été rachetée qu'en 1949 pour devenir propriété de l'Etat Haitien, on s'imagine ce qu'il a fallu à Clémard Joseph Charles dans un milieu comme le nôtre, de hardiesse de pensée, d'audace, de ténacité et de largeur de vue pour arriver à une telle création, laquelle fera époque dans l'histoire économique de notre pays. Clémard Charles nous donne l'image d'un nouveau type d'hommes d'affaires que nous ne connaissions pas avant lui. Il a divorcé d'avec ces usages sans grandeur de commerçants - - courtiers à la petite semaine qui se contentent également d'une marge de profits qu'ils accumulent à l'Etranger et qui recommencent la routine chaque année. Si nos masses restent si arriérées c'est parce qu'elles ne sont pas encadrées par une bourgeoisie entreprenante, créatrice d'opportunités de bien - être. Charles pense qu'il ne faut pas laisser à l'Etat tout seul la tâche de promouvoir le développement économique du pays. Il est conscient de sa mission sociale et sait qu'il doit donner la main aux moins munis pour les faire monter. Aussi cette Banque Commerciale qui a connu dans le public un succès si étonnant en un court laps de temps est - elle conçue comme le centre de rayonnement de multiples activités dont tireront profit de milliers de gagne-petit. Les projets à l'étude, lorsqu'ils seront réalisés, feront de cette initiative, une véritable institution nationale.

Si nous ne désespérons pas de ce pays et que nous croyons en ses virtualités, nous pensons qu'une figure de Pionnier comme celle qui vient d'être esquissée méritait d'être mieux connue afin d'être comprise et encouragée. C'est pourquoi nous avons écrit cet article. Nous voudrions en même temps avoir proposé à la jeunesse un Modèle d'honnêteté, de discipline, de ténacité dans une communauté qui en manque totalement.

1. Reference is made to the I-57 request form concerning Subject who entered the United States on 3 April 1966. The files of another Office of this Agency contain the following pertinent information regarding Subject more recent than that contained in TDCSDB-315/00977-64 dated 9 October 1964, subject: Inquiries Regarding the Possibility of Buying Aircraft for Haiti.

2. According to an unevaluated report dated 14 April 1966, from a United States national with forty years' experience in the tobacco industry who makes frequent trips to Latin America and who is considered a shrewd observer, which contained biographic information concerning Subject, CHARLES was specifically referred to as President DUVALIER's banker and financial manager. Subject was regarded by Source as being "very close to the Palace" and as having ready access to DUVALIER. Source described Subject as a "crook and poor liar; in other words, truly a Haitian political character and not to be trusted under any conditions." Subject had mentioned to Source his activity in 1954 as a negotiator on behalf of the Haitian Government with the General Electric Company of England for modernization of Haiti's telecommunications system. As a result of this contract, Haiti experienced one of its greatest political scandals, for the contract was for 4 million dollars, and the actual delivery of products was only 1 million dollars. Source observed that CHARLES was president of the Haitian Banana Corporation which was originally operated by Eric TIPPENHAUER and Colonel PROSPER, and subsequently went bankrupt because of financial mismanagement; further, Subject had headed the Essential Oils Company since the death of Senator Louis DE JOIE. Source was satisfied that these companies headed by Subject were actually owned and/or controlled for the benefit of DUVALIER. At the time of the report CHARLES' principal assistant in the tobacco industry was Henry AUCLAIR, who

THIS IS UNEVALUATED INFORMATION

SOURCE: US national, sales representative of a US tobacco manufacturing company who has had 40 years' experience in the industry. Source makes frequent business trips to Latin America and recently returned from a six weeks' visit to Ecuador, Panama, and Haiti. He has excellent contacts in the areas he visits, speaks moderate Spanish and French, and is a shrewd observer.

1. During the period 1952-59 I tried to establish business association with certain Haitians including such characters as Eric Tippenhauer, Colonel M Prosper, Senator Louis De Joie, George Léger, and many others. On the occasion of my first visit to Port-au-Prince in five years, I encountered a new set of characters, but they are obviously of the identical "cut" as my previous acquaintances.

2. A reportedly privately-owned tobacco company known as Le Tabac Haitien, S. A. is directed by Clémard Joseph Charles, a black Haitian who also happens to be President of the Commercial Bank of Haiti. This cigarette manufacturing firm is the direct descendant of the long defunct Haitian-American Tobacco Co. Some six months ago Le Tabac Haitien began ordering moderate quantities of leaf tobacco and providing letters of credit to pay for the leaf. When I held my first series of conferences with Mr Charles, he immediately attempted to impress me with his political, social, and economic influence in Haiti and then proceeded to enlist my principal's financial participation to the small sum of US$300 thousand. Fully cognizant of the Haitian style of business, I deferred the offer and proceeded to discreetly inquire of Mr Charles' status in Haiti.

3. As a matter of convenience Mr Charles provided me with a curriculum vitae which I quote as follows:

5. Since my previous commercial associations in Haiti dated prior to 1959, I found it extremely difficult to locate old acquaintances, for most are dead or in voluntary exile. I did manage to assemble some data on

Mr Charles that I regard as reliable. He is specifically referred to as "Papa Doc's" banker and financial manager. Mr Charles, as would be expected is "very close to the Palace" and has ready access to President Duvalier. As for his character, he is described as "a crook and a poor liar." In other words, Mr Charles is truly a Haitian political character and not to be trusted under any conditions.

6. I noted that Mr Charles mentions his activity in 1954 as a negotiator on behalf of the Haitian Government with the General Electric Co of England for modernization of the country's telecommunications system. As a result of this contract Haiti experienced one of its greatest political scandals for the contract was for US$4 million, and the actual delivery of products was only US$1 million. I, likewise, observed that Mr Charles is president of the Haitian Banana Corp which was originally operated by Eric Tippenhauer and Colonel Prosper, and subsequently was bankrupt because of financial mismanagement. Still further, Essential Oils Co was at one time the exclusive domain of Senator Louis De Joie, and since his death the company is headed by Mr Charles.

7. I am personally satisfied that Mr Clémard Joseph Charles is President Duvalier's personal financial manager, and the companies directed by Mr Charles are in fact owned and/or controlled for the benefit of Haiti's chief executive. At the moment Mr Charles' principal assistant in the tobacco industry is Henry Siclait, who just happens to be Director of the Haitian Tobacco Monopoly and Secretary-Treasurer of Le Tabac Haitien, S. A. Siclait is believed to be Mr Charles' "hatchet man" but I was not able to verify this allegation.

Case-40,556 --- Clemard Joseph Charles

1. At Clemard Joseph Charles' request, on 14 May 63 C/S Balog had a "farewell" interview with the Haitian banker. The private conversation, which took place at Charles' room at the Park Sheraton Hotel in New York, lasted about one hour. On 15 May 1963 Charles flew back to Port-au-Prince, Haiti.

2. At the outset of our "confidential" interview Charles' showed us a letter written by William Stix Wasserman, 40 Wall Street, New York 5, N.Y. whom Charles' described as a "big financier and my adviser" and addressed to Senator Hubert Humphrey. According to Charles, Humphrey and Wasserman are good friends, an allegation which may be true since the salutation of the letter was "Dear Hubert" and the general tone of it indicated a fairly close relationship between the two.

3. In his letter, Wasserman asked the Senator to receive Charles whom he described as a man with "liberal views in regard to cooperatives." Wasserman went on saying that Charles sees "the necessity of creating a new relationship between capital and labor primarily through profit sharing that will at least nullify to some extent the siren song of Communist propaganda." Wasserman concluded by stating the following: "I think at this very critical time in Haitian affairs and with Castro only 60 miles away that the Administration might begin to look for men with Mr. Charles' ability and attitude to see what can constructively be done to bring some hope to that unfortunate island."

4. Charles stated that since he was unable to make another trip to Washington to see Senator Humphrey he asked his friend and business partner, Joseph F. Dryer, Tampa, Florida to present Wasserman's letter to the Senator and request him to receive Charles when the Haitian banker returns to the US on one of his frequent business trips.

5. Charles reiterated his willingness to cooperate with the US Government. He wishes to be contacted at his bank in Port-au-Prince, but not his his home, Pacot 26. He stated that after his return to Haiti he will contact "in utmost confidence" some of his influential friends: Army officers, intellectuals, writers, journalists, business men and will be

SECRET

glad to talk with a US Government official concerning the "general political climate in Haiti." Although he has had several contacts with members of the US Embassy in Port-au-Prince, he prefers to cooperate with "one of Captain Balog's friends." All the US official has to do is to walk into his office at the bank and say that "Im am a friend of Captain Balog's". If a contact is made this way he will be willing to cooperate "to the fullest."

6. He told us that he was not prepared to give his support to those anti-Duvalier politicians in exile who had a few days ago announced the formation of a government in exile since "they are not the right people to take over in Haiti." He emphasized that he would not under any circumstance support Duvalier with whom he is thoroughly disillusioned. In fact, he thinks that Duvalier "went crazy and must be and will be eliminated." He did not elaborate and stated that first he must go back to Haiti and talk with his friends. He mentioned, however, that his cousin, Joseph D. Charles, a former ambassador of Haiti to the US who now lives in "forced retirement" in Cap Haitien, was ready to re-enter the political life at a propitious moment. He believes that his cousin will have enough Army support to become provisional President and then with popular support will be elected President of Haiti. Upon his return to Port-au-Prince, Charles will work toward rallying support for Joseph D. Charles. He is confident that once in power, his uncle would pursue a pro-US policy. At this point, Charles intimated that "a Joseph Charles government could grant the US rights to establish a naval base at Môle St.-Nicolas, which is about 60 miles from Cuba."

7. We wished Charles bon voyage and, of course, promised nothing concerning his offer to be contacted in Port-au-Prince. We merely told him that we would report our conversation to "our mutual friends in Washington" for their decision. Regardless of this decision, Charles" stated that during his next trip to New York he would call us on the telephone to discuss "things" in confidence.

MEMORANDUM FOR THE RECORD

SUBJECT: Clemard Joseph CHARLES

1. On 29 April 1963 Dorothe Matlack, Domestic Exploitation Section, ACSI, telephoned to the effect that a banker named Clemard Joseph Charles had left Haiti six days earlier and had just arrived in New York. A friend of Charles, named Joseph Dryer, 109 Lakewood Avenue, West Palm Beach, Florida, had written to General Delmar, former CG Antilles Command, recommending Charles as a man of great interest to the US government in view of the events in Haiti. Charles was described as President of the Banc Commerciale, Port au Prince, Haiti, who is in President Duvalier's favor. Mrs. Matlack mentioned that she had alerted Col. Sam Kail in Miami to contact Dryer in order to obtain more background information and an assessment on Charles.

2. On 1 May 63 Mrs. Matlack advised that Charles was staying at the Park Sheraton Hotel, New York, and that he had telephoned her since her name had been supplied to him by Dryer. Charles considered her to be his point of contact in Washington. According to Mrs. Matlack, Charles had appointments to see Vice President Johnson, Senator Keating, and Congressman Rogers (Florida). However, Charles was willing to talk to representatives of Mrs. Matlack's office. Mrs. Matlack stated that the Haitian Desk man in ACSI was ready to go to New York to talk to Charles and invited CIA to accompany him. Charles speaks very little English and a fluency in French was therefore required for the interview. Mrs. Matlack stated that she might be able to obtain a French linguist from First Army, Governor's Island, but he would not be an intelligence officer. It was decided that James Balog, New York Office, who has a knowledge of the French language would accompany the ACSI representative [redacted]. It was also arranged that Balog would meet the ACSI representative (Captain Rogers) at the Park Sheraton Hotel where Charles was staying.

3. On 2 May 63 Mrs. Matlack reported that Col. Kail had interviewed Mr. Dryer in West Palm Beach. Dryer had appointed Charles as Director of his bank in Haiti. Charles, according to Dryer, formerly had no political ambitions but in view of the current political situation in Haiti, Charles now thinks that he may some day be president. Dryer described Charles as well-connected, politically and financially, on both sides of the fence in Haiti. He is also a good friend of President Duvalier. Dryer had given Charles letters of introduction to Senator Keating and to other officials in Washington. Charles wanted to see President Kennedy and indeed had gone to the White House to arrange for an appointment. He was well received by the President's appointment secretary and invited to dinner that evening with the appointment

SUBJECT: Clemard Joseph CHARLES

secretary. Through a misunderstanding, however, Charles did not attend the dinner but went to New York instead.

4. Charles is travelling, according to Dryer, with a Texan geologist named de Mohrenschildt. de Mohrenschildt is associated with Charles in a business venture in Haiti and is trying to arrange a meeting for Charles with Vice President Johnson.

5. On 3 May 63 Jim Balog telephoned to advise that he had had a five-hour session the previous day with Charles and that he had obtained both personality data and views by Charles on what the United States should do in the current Haitian situation. Balog advised that he was transmitting the information to Washington. Upon arrival, copies of the teletypes were transmitted to ACSI (Mrs. Matlack), WH Division, and the Latin America Branch.

6. On 6 May 63 Mayo Stuntz, Support Branch, advised that WH Division wished to speak to Charles and Balog was asked to arrange an appointment. Mrs. Matlack telephoned at approximately 1715 to advise that she had just received a telephone call from Mrs. de Mohrenschildt asking assistance in obtaining hotel reservations in Washington. Upon being told that we had no special means of obtaining reservations, Mrs. Matlack stated that she would check with the State Department Protocol Office to determine which hotels would admit negro guests. Mrs. Matlack finally made reservations at the Alban Towers. A check with Jim Balog revealed that he had arranged for Charles to meet the WH representative in the lobby of the Willard Hotel, Washington, D. C., at 12:00 noon on 7 May. Attempts to reach Mrs. Matlack that afternoon were unsuccessful. At 0830, 7 May, a call was made to Mrs. Matlack to confirm that Charles would be in Washington on that day and that arrangements had been made for a meeting with an Agency representative for 12:00 noon. Mrs. Matlack retorted that both Mrs. de Mohrenschildt and Charles had called her that previous evening to confirm a 12:00 luncheon appointment with her. Mrs. Matlack was concerned that CIA and Army should not be working at cross purposes. She had received authorization from ACSI to meet Charles at lunch and felt that it would not be politic for her to withdraw from her appointment since Army considered her the point of contact with Charles. Mayo Stuntz informed WH Division of the conflict and passed on the suggestion that the WH Division representative might meet Charles and Mrs. Matlack at noon and that Mrs. Matlack offered to withdraw shortly thereafter. The WH representative declined the offer and requested that a meeting later in the afternoon be arranged. Mrs. Matlack believed that due to conflicting instructions, she had been placed in the middle in the situation from which she could not graciously withdraw and requested that someone accompany her.

SUBJECT: Clemard Joseph CHARLES

7. I met Mrs. Matlack in the lobby of the Hotel Willard shortly before noon, and a few minutes later, Mr. Charles arrived, accompanied by Mr. and Mrs. de Mohrenschildt. We lunched in the restaurant in the hotel. Mr. de Mohrenschildt mentioned that he had been born in Batu, Russia, but during the Bolshevik Revolution had been taken to Poland as a small child. He had spent approximately 20 years in Poland prior to World War II and had served in the Polish Army. He also mentioned that he had been a member of an ICA Team to Yugoslavia in 1957 and while in Belgrade had met Gomulka who was visiting Belgrade at the time. He had spoken to Gomulka and was invited to visit Poland, which invitation he had accepted. His home is in Dallas, Texas. He has a PhD. in geology and has had some teaching experience. Mrs. de Mohrenschildt was born in Peking, China. Her father was Russian and her mother French, and she is now or has been a fashion designer. Mr. de Mohrenschildt mentioned that he has known Charles for sometime and that he is a partner with him in a sisal business in Haiti.

8. Both Charles and de Mohrenschildt were anxious to arrange meetings with government officials in Washington. I mentioned to Charles that a meeting had been arranged for him at 2:15 and that a Mr. Green would meet him in the lobby. At 1410 Mrs. Matlack, Mr. and Mrs. de Mohrenschildt and I departed and Charles remained in the lobby waiting for contact.

9. In the course of the luncheon conversation, Charles had mentioned to Mrs. Matlack that he desired to see a Mr. Wise, AID, to discuss US aid to Haiti. Later that afternoon Mrs. Matlack called to state that she had called the State Department to pass along Charles' request. Mr. Zagorski (State) had called her back to pass on the Haitian Desk man's extreme displeasure that anyone in the United States Government should be in official contact with Charles. The desk man considered Charles to be close to the Duvalier Government, to have been involved in several shady financial dealings, and in general, to be an undesirable character. Mrs. Matlack asked whether the Agency had any interest in Charles which would dictate further contact with Charles.

10. Mayo Stuntz checked with WH Division and determined that as a result of the meeting with Charles, the DD/P Haitian Desk had no further plans to contact him. I told Mrs. Matlack that our interest seemed to have been satisfied and that I believed we should disengage ourselves as gracefully as possible.

CONFIDENTIAL

11. [redacted], DD/P Coordinator, called on 7 May to inquire concerning our involvement in the Charles case. He stated that ACSI had called him earlier that day to assure him that ACSI had no direct interest in Charles and that it was acting as an intermediary at the request of General Delmar who had passed the lead to General Fitch. ACSI was concerned that due to the mix up in appointments to see Charles, charges might later be made that ACSI had interferred or had obstructed CIA contact with Charles. I explained to Nelson what had happened and he later called back to state that ACSI was completely satisfied in the way the matter had been handled.

12. On 8 May Mrs. Matlack telephoned to advise that the Operational Branch of ACSI was discussing the Charles case with DD/P to determine future course of action. She was still somewhat concerned over her own position in the case since Charles considered her to be the focal point in Washington. I reiterated to her that the matter was one for either the State Department or the operational elements to handle and that we preferred to disengage ourselves. Mrs. Matlack mentioned that a dispatch had been received to the effect that a cousin of Charles was prominently mentioned as a successor to Duvalier should the latter be overthrown. She was of the opinion that the US government should continue to "play ball" with Charles as a future asset in Haitian affairs.

Clémard Joseph CHARLES

President and General Manager
of the Commercial Bank of Haiti

Clémard Joseph Charles, a man who has insisted on numerous occasions that he will be the next President of Haiti, has been chronically involved, directly or indirectly, in rumored plots against President Duvalier which have never materialized. In May 1963 Charles is reported to have passed word to US officials through an American journalist that he was in a position to head a provisional government after President Duvalier had been removed from power. In subsequent years, particularly in 1966 and 1967, Charles approached US officials both in New York and Port-au-Prince with the apparent intention of enlisting US support for a group of conspirators he claimed to lead which was determined to topple Duvalier from power. None of these plots materialized, however, and there was never any evidence to suggest that any serious plans had been made.

In January 1969 Charles had a lengthy conversation with an official of the US Embassy in which the former candidate discussed his grievances against Duvalier and the plot he claimed to be instigating to overthrow Duvalier and replace him as President of Haiti. Charles stated that the group supporting his efforts consisted primarily of soldiers, a few militiamen, some professional men, priests, students, and assorted other well-placed individuals. He claimed that representatives of these groups had already agreed on the essential elements of a constitution which would include a bicameral legislature and an operative political party structure. The reporting official cautioned, however, that Charles' remarks should be viewed in light of his previous history of relating such conspiracies.

When President Duvalier was reported to be seriously ill in mid-May 1969, Charles' name was again mentioned in connection with myriad rumors of imminent government takeovers. According to a reliable source, a military junta was formed to take power in the event of the death of Duvalier. The junta purportedly included Gen. Gérard Constant, Col. Octave Cayard, Col. Kesner Blain, Col. Roger St. Albin, and Col. René Prosper. Charles was said

Clémard Joseph CHARLES (cont.)

to be aware of the identities of these men. Furthermore, according to an official of the US Embassy, at one time it appeared that Charles had originated the idea of the junta, hoping to utilize it eventually to launch his own candidacy for the Presidency. Subsequently, however, Charles changed his statements about being "the next President" to being "a future President," and he seemed to be placing some distance between himself and the proposed junta.

During Charles' aforementioned conversation with an Embassy official in January 1969, he revealed other facets of his personality as well as his penchant for plotting. He conceives of his role in Haiti in grandiose, almost messianic terms. He said that he had invested $2 million in Haiti and had done more for the development of the country than any other indigenous Haitian. He claimed, for example, that the workers in the Artibonite were passionate admirers of his because his tannery in Port Sondé (now closed) provided needed jobs. He also claimed the special allegiance of the chauffeur guides, the only truly organized workers in the country, because when he directed the compulsory Government Motor Vehicle Insurance program, legitimate chauffeur claims were paid. He implied that such claims were no longer honored.

Discussing the internal problems of his country, Charles stressed the need for immediate steps to prevent the total destruction of Haiti's land and resources, to control the spiraling population growth, and to rejuvenate the country's secondary cities. To achieve these goals before current trends become irreversible, Charles believes that it is essential to pursue relations with the United States that would be conducive to massive assistance and investment. In this respect he insists that Duvalier has been grossly unrealistic and has done Haiti great damage by his refusal to recognize the role the United States must play in Haitian affairs.

SOURCE US citizen; independent businessman who has visited in Haiti for extended periods during the past four years. He is currently attempting to promote private financial backing for installation of generating equipment at the Barrage de Peligre dam and for educational television in Haiti.

[This report was developed and prepared by a US Army representative assigned to the office of preparation.]

1. I recently spent approximately three days in Haiti (9-12 Dec 68) and while there had extended visits with Clemard Joseph Charles, President, Banque Commerciale d'Haiti, and also owner of a sisal plantation and mill. Present during my visits with Charles was his personal assistant and confidant, Ludovich Celestines. Charles, a devout Catholic, personally told me that he intended to attempt to overthrow Duvalier. He has made specific plans for this overthrow in late February or early March 1969. He claims that he definitely has the Army and the Catholic Church with him, and that the overthrow will be without bloodshed.

2. I had not intended to contact other officials or individuals in Haiti. However, on the last day of my stay I was invited to visit with Clovis M. Desinor, formerly Haiti's representative to the UN and currently Dr. Duvalier's Minister of Finance. He is said to be the No. 2 man in Haiti - next to Duvalier. Present at the meeting with Desinor was his assistant, Dr. Herve Boyer and reportedly the No. 3 man.

BACKGROUND

3. I first met the individuals mentioned above in 1965-66 while on an extended stay in Haiti for business purposes. I was introduced to Charles by Max Rowe, a driver assigned to me by the Haitian Government and whose wife, Raymonde, was the personal secretary for Charles. Rowe continued to drive for me on that first and subsequent visits to Haiti except on this latest visit when he was absent in the US.

4. When I first met Charles he was President of the Banque Commerciale d'Haiti, owned the Sisal plantation and mill, also owned a tannery financed by West German interests, and was the President of the Haiti Chamber of Commerce and Haitian correspondent for the First National City Bank of New York. During the period approximately one year prior to June 1967, Charles put into effect a system of Social Security (Office of National Assurance) which was working well and liked by the Haitian

people. He also devised an automobile insurance system and was financing this through the Banque Commerciale d'Haiti.

5. In a period just prior to June 1967 Duvalier was convinced by Desinor and Boyer that Charles was, or at least had been, plotting Duvaliers' overthrow. Together with a large group Charles was imprisoned in Port-au-Prince from June 1967 to June 1968.

6. Just prior to the arrest of Charles, Max Rowe's wife, Raymonde, took US$200,000 out of the bank and hid it near Cap Haitien in the north and advised Charles' wife of the location. In addition, Max Rowe claims that in June 1967 he and his wife [Raymonde Rowe is in process of getting US citizenship. Max is in the US on a visitor's permit] brought papers incriminating Charles to the US and destroyed them.

BANK'S FINANCIAL CONDITION

7. Although Charles has the bank, his position at present is difficult. I saw the bank balance sheet which shows assets of US$2.9 million but only US$29,000 (as of 10 Dec 68) cash on hand. With this small amount of cash he can no longer make loans. He says that he has found it necessary to make sizeable loans to Haitians who have in turn made highly speculative loans to others at exorbitant rates of interest. Very minor amounts of these loans have been repaid to the bank and thus his current financial position.

8. Charles is hopeful that when Duvalier's overthrow has been completed he will be able to get private financial assistance from the US. According to Charles, US financial organizations have almost completely stopped their assistance because of the oppressive Duvalier Government.

9. Charles says that Max Rowe is aware of his plans to overthrow Duvalier which were communicated to Rowe by a La Bonte Jean, who is also in the US. Charles says that the Army is unhappy with Duvalier because of the execution of fourteen officers after the abortive May 1968 invasion, which included Major Toma, who was popular and powerful in his position as a censor and in control of all foreigners coming into Haiti. Charles maintains that the Ton Ton Macoutes are no longer a potent force - not operational. They have no food and are receiving no pay.

10. John Pierre La Grand, UK Consul General in Haiti and Shell Oil General Manager, agrees with Charles that Desinor and Boyer are Duvalier's closest confidants. Fito Metales (alias Fritz Belmont) is said by Rowe and La Grand to be Duvalier's hatchet man. He is manager of the Croupiers at the Royal Cabaret. La Grand says that the "old man", (Duvalier) is stronger than ever, both in health and power.

1. Effective 10 Jul 68, Clemard Joseph Charles was reinstated as the president of the Commercial Bank of Haiti (BCH), as announced in the Haitian public press. A stockholders' meeting is scheduled for mid-Aug 68.

2. I have heard from previously reliable sources that Charles was compelled to pay to the Government of Haiti (GOH) the sum of US$200 thousand (not Haitian gourds) as the price of reinstatement as head of the BCH. Charles has also promised, as part of the price of reinstatement, to pay an additional US$400 thousand. This total of US$600 thousand closely approximates the US$605 thousand cited earlier as the "ransom" for Charles' release from prison. I understand that the US$200 thousand has already been paid. Where Charles got this sum I do not know. He could have withdrawn the US$100 thousand which he has on deposit at the First National City Bank in New York City; I do not know whether or not he has done so. It seems clear that President Duvalier has decided that the possible long-term benefits of allowing the bank to function (and thus enabling Charles to raise the required US$400 thousand and also possibly attracting foreign investment capital to Haiti) outweigh the benefits of refusing him permission to operate until the total "ransom" should have been paid.

MEMORANDUM FOR: Director, Domestic Contact Service
Operational Support Staff

ATTENTION : Mr. George S. Musulin

SUBJECT : DCS Case 47540 - Contact
with Louis A. Brun

1. Reference is made to our memorandum of 12 April 1966 and subsequent communications on the subject of WH/7 interest in the contact which had been established by DCS representatives in New York with Louis A. Brun. This contact served to monitor the activities of Clemard Joseph Charles, the Haitian banker, who was plotting to overthrow the Duvalier regime in Haiti.

2. In June 1967, Charles was arrested in Port-au-Prince and has spent the majority of the time since then in jail. He is released at various intervals by Duvalier apparently to give him the opportunity to locate more money for the regime. Since Charles fell from grace, it has become apparent that any hopes or plans he may have had to overthrow Duvalier have long since past. Accordingly, we wish to advise that WH/7 has no special interest in DCS maintaining contact with Brun to cover Charles' activities. Likewise, we do not feel that there are any special requirements at this time which Brun could service regarding Haitian matters.

3. We do not, however, wish to interpose any objection to DCS maintaining contact with Brun for its own purposes and we would appreciate being advised of any information of significance on Haiti which may be produced through this contact.

Letter from Louis A. Brun to Clemard Joseph Charles (to be Forwarded Via Robert C. Felder, United States Embassy, Port-au-Prince, Haiti)

REFERENCES: (A) NY-467-68 (20 June 1968); (B) CONTACTS/WASHINGTON 80548; (C) Case 47,540

1. Reference "A" forwarded to you a letter from Louis A. Brun, B&B International Corporation, 134 Fifth Avenue, New York, New York, to Clemard Joseph Charles, Port-au-Prince, Haiti. This letter was to be sent by State Department diplomatic pouch to Mr. Robert C. Felder, United States Embassy, Port-au-Prince, Haiti, and given by him to Charles. Brun had told us that Felder had agreed to act as intermediary for correspondence between himself and Charles and added that he and Charles had already used the system. The letter in Reference "A" was the first time we had been approached in the matter.

2. Reference "B" stated that the letter had been dispatched via Message Center Courier to the State Department on 24 June 1968.

3. On or about 27 June 1968 Brun telephoned us and stated that Charles had not received the letter. We telephoned Mr. Musulin, who double-checked and assured us that the letter had gone to the State Department and that it should go out in the next pouch.

4. On 10 July 1968, Brun telephoned us and stated that on 9 July 1968 he had received a telephone call from a Ray Alvarez. Alvarez identified himself as a State Department employee in Washington and told Brun that he had the letter destined for Charles. Alvarez then told Brun that he would return the letter if Brun would tell him how it had reached the State Department. Brun refused to give Alvarez any information. We then telephoned Mr. Musulin and relayed the foregoing information. Mr. Musulin inquired into the matter and learned that the letter had gone to Haiti in the State Department pouch, had not been delivered to Felder and had been returned to Washington. He and we surmised that the State Department did

not wish to lay itself open to the charge of becoming embroiled in local Haitian politics and so had refused to deliver the letter to Felder. We reported this information to Brun.

5. On 11 July 1968 Brun telephoned us and told us that he had received a letter from Charles via the Felder channel. This letter bore a New York City postmark. We gave this information to Mr. Musulin. We told Brun that it is quite probable that Felder has a personal arrangement with unknown parties which permits him to use the diplomatic pouch facilities. Since we do not, letters can go only from Charles to Brun and not from Brun to Charles. Brun and we agreed that he will not henceforth attempt to use Felder to send letters to Charles.

6. Mr. Musulin agreed to retrieve the letter from the State Department and to send it to us. We shall return it forthwith to Brun.

Mme Clémard Joseph Charles
Port-au-Prince
Haiti

Ma chère Sophie,

Cette lettre est pour t'accuser réception des tiennes des 17 et 26 mai écoulés et du 4 juin en cours.

Si tu n'as pas eu de mes nouvelles depuis mon départ d'Haiti le 7 mai dernier, c'est que premièrement, je me proposais de retourner voir Clémard la semaine suivante. Le voyage a dû être différé lorsque j'ai su que Clémard avait, à nouveau, été arrêté le 11 mai. J'ai même eu à faire un câble à un ami pour lui annoncer mon arrivée et je suis sûr qu'il a dû t'en informer.

Deuxièmement, l'arrestation de Clémard ainsi que les nouvelles des derniers événements en Haiti on eu des effets négatifs sur les négociations en cours que j'avais entamées pour Clémard et qui semblaient vouloir aboutir. Je n'ai pas besoin de te dire combien j'en ai été bouleversé. Alors que nos amis d'ici et moi pensions pouvoir aider Clémard que nous estimons comme un frère, sa nouvelle arrestation est venue nous assommer avec une rigueur dont nous nous remettons à peine.

Avant d'aller plus loin, je dois te dire que tu ne dois point douter de notre dévouement pour Clémard. Il sait, et tu dois aussi le savoir, que nous ne saurions jamais marchander notre concours à un ami pour qui nous avons la plus grande affection et pour qui nous sommes prêts à consentir tous les sacrifices personnels que les circonstances peuvent exiger. Je crois devoir te dire que si, en dehors d'Haiti, je n'arrive à le tirer de l'impasse dans laquelle il se trouve, je doute fort, sans fausse modestie, que quelqu'un d'autre puisse réussir à le faire.

Nos puissants amis communs tant à New York, Washington, Miami et ailleurs ont tous manifesté un désir sérieux de lui venir en aide dans les limites de leurs possibilités respectives.

Depuis mon retour d'Haiti je me suis mis en action à cette fin et ai personellement vu plusieurs personnalités du monde financier qui n'ont pas hésité à consacrer une grande partie de leur temps précieux à la concrétisation des plans que j'ai eu à envisager avec Clémard en vue de le tirer d'embarras le plus rapidement possible.

/...

Mes espoirs de réussite ainsi que ceux de tous les amis contactés se sont heurtés aux effets négatifs inévitables provenant tant de la nouvelle arrestation de Clémard que des derniers événements survenus en Haiti depuis le 20 mai écoulé. Je t'envoie, pour preuve, copie d'une lettre d'un de ces grands amis, Mr. Howard Burris de Washington, D.C. Je te demande de garder cette lettre strictement confidentielle car je n'aurais pas aimé que le nom de Mr. Burris soit mentionné à quiconque en Haiti. Si cela arrivait, nous pourrions perdre un très bon ami.

Pour ton information, je te dirai que Mr. Burris est un colonel retraité du Corps de Génie de l'armée américaine, ami personnel et conseiller du Président Johnson et extrêmement influent à Washington tant dans le monde politique que financier. J'ai eu à faire deux voyages à Washington entre le 8 et 11 mai au cours desquels lui et moi envisagions les moyens d'aider Clémard selon le "modus" envisagé. La copie de sa lettre du 7 juin en cours saura te confirmer ce qui précède.

J'ai aussi vu personnellement et lui ai causé maintes fois au téléphone, Joseph Dryer, qui devait se rendre en Haiti le 24 mai pour te vois mais qui a dû renvoyer son voyage après les nouvelles de la dernière tentative d'invasion. Je lui ai encore causé récemment au téléphone et il a eu à me faire part des résultats négatifs de ses efforts, toujours en fonction des mêmes circonstances.

Le lettres adressées aux autres amis de l'étranger, dont Dabinovick, par example, sont restées jusqu'ici sans réponses. Je vais une nouvelle fois écrire longuement à Dabinovick pour lui transmettre ta dernière communication avec l'espoir d'avoir un mot encourageant de lui.

Comme tu dois le comprendre, ma chère Sophie, nos efforts, malgré toute notre bonne volonté, ne sauraient se concrétiser à brève échéance, car les valeurs en question qu'il nous faut trouver ne sont pas insignifiantes. Je te signalerai en passant un point qui a été soulevé au cours des négociations et qui fait ressortir que même si nos amis seraient en mesure d'avancer à Clémard les valeurs nécessaires, ils ont des doutes sérieux non pas sur la sincérité de Clémard à faire face aux obligations qui devront être contractées, mais à la possibilité matérielle de rapatrier, en dollars américains, les valeurs avancées. J'ai personnellement assisté à des contacts avec des banquiers d'ici qui affirment qu'avant longtemps, Haiti n'aura presque plus de devises-dollars pour solder ses comptes à l'étranger. Autant d'obstacles que je suis malheureusement obligé de te signaler pour que tu saches à quoi t'en tenir.

Concernant maintenant le <u>grand banquier noir</u> dont j'ai eu moi-même à dire à Clémard que je croyais pouvoir nous aider, celui-ci a eu à me faire comprendre qu'il ne pouvait en l'occurrence intéresser son institution à une affaire de ce genre qui comporte trop de risques. De ce côté là il n'y a donc pas grand espoir.

/...

SECRET

Ceci dit, malgré tous ces obstacles qui sembleraient insurmontables, je n'ai pas totalement perdu l'espoir de pouvoir t'aider à sortir Clémard, sain et sauf, de la prison où sa santé se détériore rapidement, je le sais. L'essentiel est que le Chef lui-même soit persuadé que l'inhabilité que nous éprouvons à satisfaire les exigences du moment, ne sont en aucune façon imputables à Clémard mais plutôt à des circonstances totalement indépendantes de notre volonté.

Je prie Dieu Tout-puissant pour que l'on finisse par réaliser que Clémard, en bon patriote haïtien, a eu foi en son pays et n'a pas cru bon d'expatrier, comme plus d'un l'a fait, le fruit de ses durs labeurs et de son intelligence productive.

Je me proposais d'écrire personnellement à Son Excellence le Président à Vie d'Haiti, pour implorer sa clémence et sa générosité pour un ami qui nous est cher. Je me suis alors demandé si c'était là un geste sage qui pourrait avoir la vertu de l'épargner et, dans le doute, j'ai préférer m'abstenir.

Pour revenir maintenant aux possibilités de réaliser au moins partiellement, la valeur exigée, je dois te dire que je suis heureux de savoir que tu détiens une procuration générale en bonne et due forme t'habilitant à ratifier tout ce que nous pourrions entreprendre à cette fin.

Séparément, par cette même voie, je te communiquerai toutes les formalités à remplir pour nous mettre en mesure de réaliser dans un délai raisonable au moins le tiers de la somme réclamée. Il serait souhaitable que tu sois mise en mesure de venir ici à New York, ce qui faciliterait beaucoup les choses, mais dans l'impossibilité d'une pareille alternative, tu devras donc agréer aux conditions stipulées. Il faudra donc agir avec dilligence pour nous permettre d'aller au plus vite.

Ma chère Sophie, je terminerai cette lettre déjà longue et ardue en te renouvelant mon dévouement le plus entier à la cause de notre ami Clémard et en te priant une nouvelle fois de ne jamais douter de mes sentiments propres et ceux de ma famille pour Clémard, toi et les tiens.

Affections à Gros-Miche, Marie-Claudine, Toto, Eddie et sa femme.

Bon courage!

Invariablement,

Dear Mr. Brun

I apologize for the delay in responding to your suggestion concerning the commercial bank in Haiti. My activities here have been such that I have been unable until the past day or so to give your proposal adequate thought and consideration.

First I must admit that the recent abortive invasion attempt caused certain reflection and it is this kind of activity, successful or unsuccessful, that could cre[illegible] serious dislocations for those established in business. However I must assure you that this was only a refl[illegible]cion and the reason that I will be unable to accep[illegible] your offer is the extent and nature of my activities here in Washington. I believe I alluded to some of them during your visit. The occasions when I would find it possible to visit Port-au-Prince or to dev[illegible] any significant amount of time to the bank's activities here would be rare indeed. I shall confess to you that I declined a similar position on a bank board here in the states for the same reason.

I regret that this decision is necessary but I hope that in future relationships we may be able to do something useful and successful in Haiti.

Sincerely,

Howard L. Burris

MEMORANDUM FOR THE RECORD

SUBJECT: Letter from Louis A. Brun to FSO Felder

1. I talked with George Musulin (DCS/Ops Support Staff) at 0840 hours this morning about the letter mailed to FSO Felder at the American Embassy in Port au Prince. Musulin said that he had spoken with Brun about the letter and Brun had assured him that Felder said to mail letters to him through Foreign Service mail channels. Brun is in contact with Felder during his visits to Haiti and this system was laid on between them during one of his trips.

2. Brun also said that he was a little upset about the problems which had arisen in sending his letter. Brun said that he had received a letter from Felder (mailed in New York City) saying that he had never received the letter from Brun. Brun was concerned that the letter may have fallen into the wrong hands in Haiti. Musulin said that he would try to recover the letter and send it back to Brun.

3. I told Musulin that Ambassador Ross was very much disturbed about this matter and that any further involvement by the Agency with correspondence between Brun and Felder should be avoided. Brun is a business agent of Clemard Joseph-Charles and thus any correspondence between Brun and an official of the American Embassy is of particular concern to the Ambassador because of the obvious political implications. Musulin said he understood this and would tell Brun that the dispatch of any correspondence in the future would be his own responsibility.

Je te demande de garder cette lettre strictement confidentielle car je n'aurais pas aimé que le nom de Mr. Burris soit mentionné à quiconque en Haiti. Si cela arrivait, nous pourrions perdre un très bon ami.

Pour ton information, je te dirai que Mr. Burris est un colonel retraité du Corps de Génie de l'armée américaine, ami personnel et conseiller du Président Johnson et extrêmement influent à Washington tant dans le monde politique que financier. J'ai eu à faire deux voyages à Washington entre le 8 et 11 mai au cours desquels lui et moi envisagions les moyens d'aider Clémard selon le "modus" envisagé. La copie de sa lettre du 7 juin en cours saura te confirmer ce qui précède.

J'ai aussi vu personnellement et lui ai causé maintes fois au téléphone, Joseph Dryer, qui devait se rendre en Haiti le 24 mai pour te voir mais qui a dû renvoyer son voyage après les nouvelles de la dernière tentative d'invasion. Je lui ai encore causé récemment au téléphone et il a eu à me faire part des résultats négatifs de ses efforts, toujours en fonction des mêmes circonstances.

Le lettres adressées aux autres amis de l'étranger, dont Dabinovick, par example, sont restées jusqu'ici sans réponses. Je vais une nouvelle fois écrire longuement à Dabinovick pour lui transmettre ta dernière communication avec l'espoir d'avoir un mot encourageant de lui.

Comme tu dois le comprendre, ma chère Sophie, nos efforts, malgré toute notre bonne volonté, ne sauraient se concrétiser à brève échéance, car les valeurs en question qu'il nous faut trouver ne sont pas insignifiantes. Je te signalerai en passant un point qui a été soulevé au cours des négociations et qui fait ressortir que même si nos amis seraient en mesure d'avancer à Clémard les valeurs nécessaires, ils ont des doutes sérieux non pas sur la sincérité de Clémard à faire face aux obligations qui devront être contractées, mais à la possibilité matérielle de rapatrier, en dollars américains, les valeurs avancées. J'ai personnellement assisté à des contacts avec des banquiers d'ici qui affirment qu'avant longtemps, Haiti n'aura presque plus de devises-dollars pour solder ses comptes à l'étranger. Autant d'obstacles que je suis malheureusement obligé de te signaler pour que tu saches à quoi t'en tenir.

Concernant maintenant le grand banquier noir dont j'ai eu moi-même à dire à Clémard que je croyais pouvoir nous aider, celui-ci a eu à me faire comprendre qu'il ne pouvait en l'occurrence intéresser son institution à une affaire de ce genre qui comporte trop de risques. De ce côté là il n'y a donc pas grand espoir.

/...

SECRET

Ceci dit, malgré tous ces obstacles qui sembleraient insurmontables, je n'ai pas totalement perdu l'espoir de pouvoir t'aider à sortir Clémard, sain et sauf, de la prison où sa santé se détériore rapidement, je le sais. L'essentiel est que le Chef lui-même soit persuadé que l'inhabilité que nous éprouvons à satisfaire les exigences du moment, ne sont en aucune façon imputables à Clémard mais plutôt à des circonstances totalement indépendantes de notre volonté.

Je prie Dieu Tout-puissant pour que l'on finisse par réaliser que Clémard, en bon patriote haïtien, a eu foi en son pays et n'a pas cru bon d'expatrier, comme plus d'un l'a fait, le fruit de ses durs labeurs et de son intelligence productive.

Je me proposais d'écrire personnellement à Son Excellence le Président à Vie d'Haiti, pour implorer sa clémence et sa générosité pour un ami qui nous est cher. Je me suis alors demandé si c'était là un geste sage qui pourrait avoir la vertu de l'épargner et, dans le doute, j'ai préférer m'abstenir.

Pour revenir maintenant aux possibilités de réaliser au moins partiellement, la valeur exigée, je dois te dire que je suis heureux de savoir que tu détiens une procuration générale en bonne et due forme t'habilitant à ratifier tout ce que nous pourrions entreprendre à cette fin.

Séparément, par cette même voie, je te communiquerai toutes les formalités à remplir pour nous mettre en mesure de réaliser dans un délai raisonable au moins le tiers de la somme réclamée. Il serait souhaitable que tu sois mise en mesure de venir ici à New York, ce qui faciliterait beaucoup les choses, mais dans l'impossibilité d'une pareille alternative, tu devras donc agréer aux conditions stipulées. Il faudra donc agir avec dilligence pour nous permettre d'aller au plus vite.

Ma chère Sophie, je terminerai cette lettre déjà longue et ardue en te renouvelant mon dévouement le plus entier à la cause de notre ami Clémard et en te priant une nouvelle fois de ne jamais douter de mes sentiments propres et ceux de ma famille pour Clémard, toi et les tiens.

Affections à Gros-Miche, Marie-Claudine, Toto, Eddie et sa femme.

Bon courage!

Dear Mr. Brun

I apologize for the delay in responding to your suggestion concerning the commercial bank in Haiti. My activities here have been such that I have been unable until the past day or so to give your proposal adequate thought and consideration.

First I must admit that the recent abortive invasion attempt caused certain reflection and it is this kind of activity, successful or unsuccessful, that could cr[illegible] d serious dislocations for those established in business. However I must assure you that this was only a reflection and the reason that I will be unable to accept your offer is the extent and nature of my activities here in Washington. I believe I alluded to some of them during your visit. The occasions when I would find it possible to visit Port-au-Prince or to dev[illegible] any significant amount of time to the bank's activities here would be rare indeed. I shall confess to you that I declined a similar position on a bank board here in the states for the same reason.

I regret that this decision is necessary but I hope that in future relationships we may be able to do something useful and successful in Haiti.

Sincerely,

MEMORANDUM FOR THE RECORD

SUBJECT: Letter from Louis A. Brun to FSO Felder

1. I talked with George Musulin (DCS/Ops Support Staff) at 0840 hours this morning about the letter mailed to FSO Felder at the American Embassy in Port au Prince. Musulin said that he had spoken with Brun about the letter and Brun had assured him that Felder said to mail letters to him through Foreign Service mail channels. Brun is in contact with Felder during his visits to Haiti and this system was laid on between them during one of his trips.

2. Brun also said that he was a little upset about the problems which had arisen in sending his letter. Brun said that he had received a letter from Felder (mailed in New York City) saying that he had never received the letter from Brun. Brun was concerned that the letter may have fallen into the wrong hands in Haiti. Musulin said that he would try to recover the letter and send it back to Brun.

3. I told Musulin that Ambassador Ross was very much disturbed about this matter and that any further involvement by the Agency with correspondence between Brun and Felder should be avoided. Brun is a business agent of Clemard Joseph-Charles and thus any correspondence between Brun and an official of the American Embassy is of particular concern to the Ambassador because of the obvious political implications. Musulin said he understood this and would tell Brun that the dispatch of any correspondence in the future would be his own responsibility.

Letter from Louis A. Brun to Clemard Joseph Charles (to be Forwarded Via Robert C. Felder, United States Embassy, Port-au-Prince, Haiti)

REFERENCES: (A) NY-467-68 (20 June 1968); (B) CONTACTS/WASHINGTON 80548; (C) Case 47,540

1. Reference "A" forwarded to you a letter from Louis A. Brun, BAM International Corporation, 134 Fifth Avenue, New York, New York, to Clemard Joseph Charles, Port-au-Prince, Haiti. This letter was to be sent by State Department diplomatic pouch to Mr. Robert C. Felder, United States Embassy, Port-au-Prince, Haiti, and given by him to Charles. Brun had told us that Felder had agreed to act as intermediary for correspondence between himself and Charles and added that he and Charles had already used the system. The letter in Reference "A" was the first time we had been approached in the matter.

2. Reference "B" stated that the letter had been dispatched via Message Center Courier to the State Department on 24 June 1968.

3. On or about 26 June 1968 Brun telephoned us and stated that Charles had not received the letter. We telephoned Mr. Musulin, who double-checked and assured us that the letter had gone to the State Department and that it should go out in the next pouch.

4. On 10 July 1968, Brun telephoned us and stated that on 9 July 1968 he had received a telephone call from a Ray Alvarez. Alvarez identified himself as a State Department employee in Washington and told Brun that he had the letter destined for Charles. Alvarez then told Brun that he would return the letter if Brun would tell him how it had reached the State Department. Brun refused to give Alvarez any information. We then telephoned Mr. Musulin and relayed the foregoing information. Mr. Musulin inquired into the matter and learned that the letter had gone to Haiti in the State Department pouch, had not been delivered to Felder and had been returned to Washington. He and we surmised that the State Department did

not wish to lay itself open to the charge of becoming embroiled in local Haitian politics and so had refused to deliver the letter to Felder. We reported this information to Brun.

5. On 11 July 1968 Brun telephoned us and told us that he had received a letter from Charles via the Felder channel. This letter bore a New York City postmark. We gave this information to Mr. Musulin. We told Brun that it is quite probable that Felder has a personal arrangement with unknown parties which permits him to use the diplomatic pouch facilities. Since we do not, letters can go only from Charles to Brun and not from Brun to Charles. Brun and we agreed that he will not henceforth attempt to use Felder to send letters to Charles.

6. Mr. Musulin agreed to retrieve the letter from the State Department and to send it to us. We shall return it forthwith to Brun.

Ma chère Sophie,

Cette lettre est pour t'accuser réception des tiennes des 17 et 26 mai écoulés et du 4 juin en cours.

Si tu n'as pas eu de mes nouvelles depuis mon départ d'Haiti le 7 mai dernier, c'est que premièrement, je me proposais de retourner voir Clémard la semaine suivante. Le voyage a dû être différé lorsque j'ai su que Clémard avait, à nouveau, été arrêté le 11 mai. J'ai même eu à faire un câble à un ami pour lui annoncer mon arrivée et je suis sûr qu'il a dû t'en informer.

Deuxièmement, l'arrestation de Clémard ainsi que les nouvelles der derniers événements en Haiti on eu des effets négatifs sur les négociations en cours que j'avais entamées pour Clémard et qui semblaient vouloir aboutir. Je n'ai pas besoin de te dire combien j'en ai été bouleversé. Alors que nos amis d'ici et moi pensions pouvoir aider Clémard que nous estimons comme un frère, sa nouvelle arrestation est venue nous assommer avec une rigueur dont nous nous remettons à peine.

Avant d'aller plus loin, je dois te dire que tu ne dois point douter de notre dévouement pour Clémard. Il sait, et tu dois aussi le savoir, que nous ne saurions jamais marchander notre concours à un ami pour qui nous avons la plus grande affection et pour qui nous sommes prêts à consentir tous les sacrifices personnels que les circonstances peuvent exiger. Je crois devoir te dire que si, en dehors d'Haiti, je n'arrive à le tirer de l'impasse dans laquelle il se trouve, je doute fort, sans fausse modestie, que quelqu'un d'autre puisse réussir à le faire.

Nos puissants amis communs tant à New York, Washington, Miami et ailleurs ont tous manifesté un désir sérieux de lui venir en aide dans les limites de leurs possibilités respectives.

Depuis mon retour d'Haiti je me suis mis en action à cette fin et ai personellement vu plusieurs personnalités du monde financier qui n'ont pas hésité à consacrer une grande partie de leur temps précieux à la concrétisation des plans que j'ai eu à envisager avec Clémard en vue de le tirer d'embarras le plus rapidement possible.

SECRET

Mes espoirs de réussite ainsi que ceux de tous les amis contactés se sont heurtés aux effets négatifs inévitables provenant tant de la nouvelle arrestation de Clémard que des derniers événements survenus en Haiti depuis le 20 mai écoulé. Je t'envoie, pour preuve, copie d'une lettre d'un de ces grands amis, Mr. Howard Burris de Washington, D.C. Je te demande de garder cette lettre strictement confidentielle car je n'aurais pas aimé que le nom de Mr. Burris soit mentionné à quiconque en Haiti. SUBJECT: Clemard Joseph Charles Has Gained Postponement of Deadline for Ransom Payment/Charles' Relationship with Rene Adrien and Yvon Saint-Victor and Background of His Rearrest/ President Duvalier's Need for Money May Possibly Induce Him to Accept Scheme for Reorganized Banque Commerciale d'Haiti

1. Recently-released Clemard Joseph Charles has received a postponement of the deadline by which he must produce the US$605 thousand required as "ransom" for his permanent release. The new deadline is late September 1968.

2. Shortly before Charles' rearrest in May 1968 Rene Adrien visited him at his residence and remonstrated with him. Adrien, one of the directors of the Banque Nationale de la Republique d'Haiti (BNRH), told Charles that he (Charles) had not done enough since his release to produce the US$605 thousand and added that Charles was receiving too many visitors. Charles responded with such a tirade of abuse that Adrien left the house. Charles was rearrested that same afternoon. At about the same time, Yvon Saint-Victor visited Charles and talked to him in much the same vein as had Adrien. Charles' response to Saint-Victor was about the same as his answer to Adrien. Saint-Victor's wife is President Duvalier's secretary.

3. Since his release in June 1968, Charles has agreed to intensify his efforts to raise the US$605 thousand and to cease receiving so many visitors at his house.

4. Charles will undoubtedly revive the scheme to raise the US$605 thousand through subscription by foreign investors and to place it in a reorganized Banque Commerciale d'Haiti (BCH). [Collector's Note: this plan is outlined in 00-A(S) 322/14367-68 (Paragraph Two).] Alternatively, he may try to interest the Government of Haiti (GOH) in his visible cash assets and GOH bonds now on deposit in banks in New York City [Collector's Note: see 00-A(S) 322/14367-68 (Paragraphs Three, Four and Five.) See also 00-A(S) 322/17056-68.]

5. The idea of the reorganized BCH was formulated in order

to get the required sum into Haiti and at the same time to ensure that it would not simply be confiscated by the OOH. The idea was born because Charles and his friends felt (and still feel) that if he simply handed over US$605 thousand he would then be liquidated. Thus, the BCH scheme would serve as a sort of insurance policy on Charles' life. On the other hand, it is possible that the OOH would refuse to accept the BCH scheme as a substitute for a direct payment and would continue to insist on the direct payment of the US$605 thousand as ransom. It is possible, however, for the following reasons that President Duvalier would consent to the BCH scheme. First, he is desperate for money and does not much care in just what form it may enter Haiti. Second, he approaches his problems on a day-to-day basis and does not plan far into the future. Third, he is obsessed with the idea of retaining power for life. Now, Duvalier is perfectly well aware, I am sure, that the BCH scheme will not net him US$605 thousand. On the other hand, however, he is quite anxious for foreign investors to place their money in Haiti, both for the economic benefits which such investments will bring to Haiti and also for the propaganda value which a new foreign business will bring to him. If he liquidates Charles, either before or after receiving the US$605 thousand, he will suffer much unfavorable publicity. It is possible, too, that he may think that he may be able to get his hands on the US$605 thousand even though it may be tied up in the BCH scheme. In any event, Charles is, I believe, going to make the effort to induce the President to allow the BCH scheme and thereby to bring an end to the "ransom" demands.

LOUIS A. [illegible]
156 Fifth Ave.
New York, N.Y.

Le 14 juin 1968

Mme Clémard Joseph Charles
Port-au-Prince
Haiti

Ma chère Sophie,

Cette lettre est pour t'accuser réception des tiennes des 17 et 26 mai écoulés et du 4 juin en cours.

Si tu n'as pas eu de mes nouvelles depuis mon départ d'Haiti le 7 mai dernier, c'est que premièrement, je me proposais de retourner voir Clémard la semaine suivante. Le voyage a dû être différé lorsque j'ai su que Clémard avait, à nouveau, été arrêté le 11 mai. J'ai même eu à faire un câble à un ami pour lui annoncer mon arrivée et je suis sûr qu'il a dû t'en informer.

Ducitaement, l'arrestation de Clémard ainsi que les nouvelles des derniers événements en Haiti ont eu des effets négatifs sur les négociations en cours que j'avais entamées pour Clémard et qui semblaient vouloir aboutir. Je n'ai pas besoin de te dire combien j'en ai été bouleversé. Alors que nos amis d'ici et moi pensions pouvoir aider Clémard que nous estimons comme un frère, sa nouvelle arrestation est venue nous assommer avec une rigueur dont nous nous remettons à peine.

Avant d'aller plus loin, je dois te dire que tu ne dois point douter de notre dévouement pour Clémard. Il sait, et tu dois aussi le savoir, que nous ne saurions jamais marchander notre concours à un ami pour qui nous avons la plus grande affection et pour qui nous sommes prêts à consentir tous les sacrifices personnels que les circonstances peuvent exiger. Je crois devoir te dire que si, en dehors d'Haiti, je n'arrive à le tirer de l'impasse dans laquelle il se trouve, je doute fort, sans fausse modestie, que quelqu'un d'autre puisse réussir à le faire.

Nos puissants amis communs tant à New York, Washington, Miami et ailleurs ont tous manifesté un désir sérieux de lui venir en aide dans les limites de leurs possibilités respectives.

Depuis mon retour d'Haiti je me suis mis en action à cette fin et ai personnellement vu plusieurs personnalités du monde financier qui n'ont pas hésité à consacrer une grande partie de leur temps précieux à la concrétisation des plans que j'ai eu à envisager avec Clémard en vue de le tirer d'embarras le plus rapidement possible.

/...

Mes espoirs de réussite ainsi que ceux de tous les amis contactés se sont heurtés aux effets négatifs inévitables provenant tant de la nouvelle arrestation de Clément que des derniers événements survenus en Haiti depuis le 20 mai écoulé. Je t'envoie, pour preuve, copie d'une lettre d'un de ces grands amis, Mr. Howard Burris de Washington, D.C. Je te demande de garder cette lettre strictement confidentielle car je n'aurais pas aimé que le nom de Mr. Burris soit mentionné à quiconque en Haiti. Si cela arrivait, nous pourrions perdre un très bon ami.

Pour ton information, je te dirai que Mr. Burris est un colonel retraité du Corps de Génie de l'armée américaine, ami personnel et conseiller du Président Johnson et extrêmement influent à Washington tant dans le monde politique que financier. J'ai eu à faire deux voyages à Washington entre le 8 et 11 mai au cours desquels lui et moi envisagions les moyens d'aider Clément selon le "modus" envisagé. La copie de sa lettre du 7 Juin en cours saura te confirmer ce qui précède.

J'ai aussi vu personnellement et lui ai causé maintes fois au téléphone, Joseph Dryer, qui devait se rendre en Haiti le 24 mai pour te voir mais qui a dû renvoyer son voyage après les nouvelles de la dernière tentative d'invasion. Je lui ai encore causé récemment au téléphone et il a eu à me faire part des résultats négatifs de ses efforts, toujours en fonction des mêmes circonstances.

Le lettres adressées aux autres amis de l'étranger, dont Dabinovick, par exemple, sont restées jusqu'ici sans réponses. Je vais une nouvelle fois écrire longuement à Dabinovick pour lui transmettre ta dernière communication avec l'espoir d'avoir un mot encourageant de lui.

Comme tu dois le comprendre, ma chère Sophie, nos efforts, malgré toute notre bonne volonté, ne sauraient se concrétiser à brève échéance, car les valeurs en question qu'il nous faut trouver ne sont pas insignifiantes. Je te signalerai en passant un point qui a été soulevé au cours des négociations et qui fait ressortir que même si nos amis seraient en mesure d'avancer à Clément les valeurs nécessaires, ils ont des doutes sérieux non pas sur la sincérité de Clément à faire face aux obligations qui devront être contractées, mais à la possibilité matérielle de rapatrier, en dollars américains, les valeurs avancées. J'ai personnellement assisté à des contacts avec des banquiers d'ici qui affirment qu'avant longtemps, Haiti n'aura presque plus de devises-dollars pour solder ses comptes à l'étranger. Autant d'obstacles que je suis malheureusement obligé de te signaler pour que tu saches à quoi t'en tenir.

Concernant maintenant le grand banquier noir dont j'ai eu moi-même à dire à Clément que je croyais pouvoir nous aider, celui-ci a eu à me faire comprendre qu'il ne pouvait en l'occurrence intéresser son institution à une affaire de ce genre qui comporte trop de risques. De ce côté là il n'y a donc pas grand espoir.

/...

Ceci dit, malgré tous ces obstacles qui sembleraient insurmontables, je n'ai pas totalement perdu l'espoir de pouvoir t'aider à sortir Clémard, sain et sauf, de la prison où sa santé se détériore rapidement, je le sais. L'essentiel est que le Chef lui-même soit persuadé que l'inhabilité que nous éprouvons à satisfaire les exigences du moment, ne sont en aucune façon imputables à Clémard mais plutôt à des circonstances totalement indépendantes de notre volonté.

Je prie Dieu Tout-puissant pour que l'on finisse par réaliser que Clémard, en bon patriote haïtien, a eu foi en son pays et n'a pas cru bon d'expatrier, comme plus d'un l'a fait, le fruit de ses durs labeurs et de son intelligence productive.

Je me proposais d'écrire personnellement à Son Excellence le Président à Vie d'Haïti, pour implorer sa clémence et sa générosité pour un ami qui nous est cher. Je me suis alors demandé si c'était là un geste sage qui pourrait avoir la vertu de l'épargner et, dans le doute, j'ai préférer m'abstenir.

Pour revenir maintenant aux possibilités de réaliser au moins partiellement, la valeur exigée, je dois te dire que je suis heureux de savoir que tu détiens une procuration générale en bonne et due forme t'habilitant à ratifier tout ce que nous pourrions entreprendre à cette fin.

Séparément, par cette même voie, je te communiquerai toutes les formalités à remplir pour nous mettre en mesure de réaliser dans un délai raisonnable au moins le tiers de la somme réclamée. Il serait souhaitable que tu sois mise en mesure de venir ici à New York, ce qui faciliterait beaucoup les choses, mais dans l'impossibilité d'une pareille alternative, tu devras donc agréer aux conditions stipulées. Il faudra donc agir avec dilligence pour nous permettre d'aller au plus vite.

Ma chère Sophie, je terminerai cette lettre déjà longue et ardue en te renouvelant mon dévouement le plus entier à la cause de notre ami Clémard et en te priant une nouvelle fois de ne jamais douter de mes sentiments propres et ceux de ma famille pour Clémard, toi et les tiens.

Affections à Gros-Miche, Marie-Claudine, Toto, Eddie et sa femme.

Bon courage!

Invariablement,

Louis A. Brun

SUBJECT: Clemard Joseph Charles Spared During Alarmed Recent Wave Of Executions in Fort Dimanche Prison/Charles Must Produce Ransom Money/Charles Is Living Under Rigorous Prison Conditions/Data Concerning Bozo Dabinovic Dubinar, Swiss Friend of Charles

DCS Case: 47,540

Supplement to: 00-A(S) 322/14367-68

1. During the week of 27 May 1968, the Government of Haiti (GOH) is reported to have carried out many executions among the prisoners held in Fort Dimanche prison. Clemard Joseph Charles, Haitian banker, was not among those executed, because his life was spared on direct orders from President Duvalier.

2. The GOH is becoming more insistent than ever that Charles produce the ransom of US$605 thousand, which it has set as the price for his release. Charles now seems to feel that if he does not produce the money, he will be executed. During May 1968, he gave to his wife, Madame Sophie Harrison Charles, a general power of attorney. This power of attorney gives to Mme Charles the right to function as her husband's alter ego and sell or otherwise dispose of any or all of his assets.

3. Charles still has the US$100 thousand in cash in New York City banks [Collector's Note: See reference, Paragraph Four.] His holdings in GOH bonds total US$400 thousand [Collector's Note: See reference, Paragraph Two]. These bonds are guaranteed by the International Monetary Fund (IMF). Mme Charles is now endeavoring to collect the US$100 thousand cash and to pledge as collateral the US$400 thousand in GOH bonds, in the hope that the GOH will accept as payment of the US$605 thousand ransom whatever she is able to realize from the bonds plus the total of the cash. She hopes to place this sum in the reorganized Banque Commerciale d'Haiti (BCH) [Collector's Note: See reference, Paragraph Two] and hopes that the GOH will accept that as the payment of the ransom.

4. Charles is not being treated as well in Fort Dimanche

as he had been before his release in late April 1968. The Fort Dimanche authorities now refuse to accept food and clothing parcels sent to Charles from the outside. In consequence, he is still wearing the clothes in which he was rearrested in May 1968 and is compelled to subsist solely on the regular prison meals. During his previous incarceration he was permitted to receive food and clothing from the outside and lived not too badly.

5. The following individual is a good friend of Charles.

Humo Dabinovic Dabimar
110160/62
Geneva, Switzerland

[Collector's Note: Source did not volunteer Dabimar's postal address; we did not judge it suitable to press him for it. We do not know the significance of the number listed above. We copied the above name and address from an envelope addressed by Mme Charles to Dabimar.] Dabimar is a Swiss citizen who owns a fleet of cargo ships. Until about 1961 or 1962 he had a contract with the GOH, under the provisions of which he sailed his ships under the Haitian flag. The GOH ultimately canceled the contract, because, I understand, Dabimar failed to pay the royalties called for under the terms of the contract. Dabimar is opposed to President Duvalier, because the latter canceled the contract just discussed, but is (or was) interested in developing projects (no additional data available) in Haiti. The letter which Mme Charles has just addressed to Dabimar contains an urgent appeal for financial assistance.

THIS IS UNEVALUATED INFORMATION

SOURCE:

Naturalized US citizen of Haitian birth, official of a US import-export enterprise. Source makes occasional trips to Haiti and has many contacts among Haitian business and political figures both in the US and in Haiti.

1. The Government of Haiti (GOH) has issued claims that the invaders of 20 May 68 have been wiped out and that total victory against them has been achieved. A special Thanksgiving mass was celebrated recently in Port-au-Prince to commemorate and celebrate the event. On the surface, things are politically quiet.

2. The realities seem, however, to differ to a marked degree from the foregoing. Although the populace has remained quiet, it does not believe the GOH claims of total victory. In point of fact, the invaders have not been wiped out and they have succeeded in gaining of control of the small town of Quartier Morin and of the Citadelle Laferriere (both situated near Cap Haitien). The GOH has decided not to begin military operations against them, but to adopt a defensive attitude and wait and see what happens. The GOH realizes that to dislodge the rebels from the citadel, which is located in very rugged terrain, would be extremely difficult militarily and would be quite inadvisable politically, because the citadel has strong emotional historical associations for Haitians. To bombard it into rubble, which would be the only feasible way to recapture it, would create resentment among the populace. Accordingly, the GOH seems prepared to do nothing, in the hope that the rebels will fade away. Such an eventuality seems unlikely, however, because the invaders have not only succeeded in gaining control of the two above-mentioned places, but also have succeeded in rallying about 140 of the local populace to their side. Reports in the US Spanish-language press of 12 Jun 68 stated that the rebel force is now 300 strong and that 140 of these are local people who have rallied to them. My information corroborates those figures. The populace in Port-au-Prince expects further action from the rebels. The latest rumors (and the word "rumors" must be emphasized) in Port-au-Prince are that another invasion will be launched into southern Haiti this time, and that Cuba has infiltrated a number of illegal entrants

into Haiti (not into the present rebel force). I have no way of knowing whether or not there is any substance to these rumors.

3. The latest invasion was launched from Inagua Island, Bahama Islands. The mayor of Cap Haitien went personally to Port-au-Prince to ask for troops to defend his area. He received none. The invaders themselves and Haitian exiles in general are now all very optimistic, after having been quite depressed at the beginning of the invasion.

4. The GOH, which seems to be about to sit tight and await further action by the rebels, has not been idle in dealing with the local population. During the week of 27 May 68, many people (no additional data available) were arrested. And the GOH has executed about 100 of the prisoners held in Fort Dimanche prison. The well-known banker, Clemard Joseph Charles, was not, however, among those executed. His life was spared on specific instructions from President Duvalier.

5. During the recent debate in the United Nations Security Council concerning the Haitian complaint about the invasion, Haitian ambassador Alexander Bonhomme stated that Jean Theard, Haitian diplomat, had been killed by the invaders. This is not true. Theard was, in fact, killed by GOH troops. He had gone to Cap Haitien to make some sort of survey designed to put a sugar mill there into working order.

6. There are a number of Syrians in Haiti. These individuals are sensitive to the directions in which political winds are blowing. I learned that one of these Syrian businessmen is, for the first time, considerably worried about the outcome of the invasion. Previous invasions have left him totally unperturbed. Now, however, he is worried, because he has for some years done business with the GOH and fears reprisals at the hands of a new government.

1. Contact Specialist R.K. Oakley of the Washington Field Office 21 May 1968 received a telephone communication from Howard L. Burris, 1725 K Street, N.W., Washington, D.C., a wealthy Texas oil man currently engaged primarily in real estate development in this area. Considerable background is afforded in the memoranda under reference but, briefly, Burris (Colonel, USAF retired) is a former chief of Air Force Foreign Liaison and later was attached to the White House staff, prior to his retirement a few years ago. His social contacts in Washington at present reach well into both Kennedy and (President) Johnson circles. The US citizen of Haitian origin mentioned below is the same as that referred to in the earlier memorandum under reference. He is said to travel "freely" between his home in New York City and Port au Prince.

2. Burris recently had a visit from Louis A. Brun of B. & B. International Corporation, 134 Fifth Avenue, New York City, a US citizen of Haitian origin whom he has known for several years. Brun brought a letter from Clemard Joseph Charles dated 6 May 1968 in Port au Prince. A copy is attached but in essence it says he, Charles, was illegally imprisoned for ten months but now is released. As President of the Commercial Bank of Haiti in Port au Prince, Charles professes great interest in the patriotic duty of developing his country economically. He states that the bearer, Mr. Brun, is charged with presenting orally a proposition from him, Charles. He also asked Burris to deliver a letter addressed to Vice President Humphrey. (Burris declined and suggested it be sent through the mails.)

3. About a year ago Brun approached Burris in Charles' behalf, urging Burris to buy at a low price, stock in the Commercial Bank of Haiti, and to accept a directorship if not the Chairmanship of the Board. On this latest visit Brun importuned Burris to buy 50 to 51 percent of the stock at a "nominal fee, probably US$1.00 and other considerations" and definitely to accept the Chairmanship. Burris is not interested

because he thinks this would be merely an opening gambit to attract investment funds from Burris' contacts. Moreover, he is not sanguine about the prospects in Haiti at present, to use understatement. However, Oakley has reason to believe that Burris might be cooperative should it suit official purposes to have him become involved. This aspect was not discussed in the least.

4. Burris says that Brum and Charles are somehow involved with the Bank of Nova Scotia which apparently operates in Haiti. Moreover, the two banks are offering participation in some kind of concession which they have, or hope to obtain, involving mineral rights throughout Haiti. Burris (and Oakley) are not overly impressed that this consists of more than the usual promotional effort.

BANQUE COMMERCIALE D'HAITI

Le Président

Port-au-Prince, le 6 Mai 1968.

Cher Monsieur Barrie,

Pour avoir compris que la faiblesse de l'Economie Haitienne réside dans l'inutilisation des forces de travail du pays, j'ai créé une Institution dynamique qu'est la Banque Commerciale d'Haiti, génératrice de nouveaux standards économiques et qui doit engendrer l'intégration de la personnalité à partir d'une massification radicalisée et qui bien assimilée aurait pû projeter les approches de développement culturo-social en vue d'arriver à un déplacement économique en faveur des éternels démunis par la pullulation de toute une gamme d'initiatives telles qu'Haiti puisse devenir une ruche d'activités.

Mais, [illegible] la conception dynamique de ce Renouveau Economique d'Haiti, bien peu semblent l'avoir pénétrée: c'est ce qui m'a valu cette "cabale" montée contre moi à desseins par des attardés qui feignent d'ignorer que, bien plus qu'à la politique on doit accorder le primat à l'économique.

Dieu aidant, après dix mois de détention illégale je suis encore vivant et, je profite de la visite de notre ami commun Louis A. [illegible] pour vous remercier de votre grande sollicitude à mon endroit durant ce contre temps. Mais si ma situation et la vôtre ne me laissent guère entrevoir la possibilité de vous être utile, soyez assuré du moins que je serai toujours prêt à vous témoigner ma gratitude.

Notre ami commun est chargé de vous parler de vive voix de mon problème et de vous remettre en mains propres une lettre adressée à l'Honorable Hubert H. HUMPHREY où je tiens à exprimer mes voeux sincères pour son triomphe total aux Comices de Novembre prochain sur lesquelles reposent bien des espoirs!

14-00000

Le Président

Il est difficile en vérité, de déraciner cette propension à la politique tapageuse, à la politique verbeuse à l'infra-politique néfaste pour le citoyen, et encore plus néfaste pour la Nation Haitienne.

Cependant ma sagacité à résoudre les problèmes de l'heure et l'impact constructif et évolutif engendré par la R.C.H., m'ont permis de faire école et cette nouvelle génération politico-économique qui partage avec moi les responsabilités que posent ce renouveau de la Nation. Des Missionnaires de la Régénération Nationale, des Missionnaires "dont la valeur et l'efficacité mettent en jeu des hommes convaincus qui travaillent à discipliner l'Economie en vue d'un objectif bien défini; des hommes qui rejettent systématiquement toute idée de" fatalités économiques", mutation de la conscience sociale", Voilà ce qu'impose notre triomphe total pour et en faveur de notre peuple.

Cette cabale je puis l'attribuer à l'oeuvre du Destin. La foi en mon Destin réprime l'inquiétude maladive de l'esprit et le fixe dans la vérité.

"La vérité ne triomphe jamais mais ses ennemis succombent toujours" je vaincrai! Oui je vaincrai ! C'est dans cette guerre de chaque moment que je me perfectionne et c'est en combattant avec une foi ardente dans mon Destin que je peux dire comme l'Apôtre: "Je ne pense point être encore arrivé où j'aspire; mais oubliant ce qui est en arrière et m'étendant à ce qui est devant, je cours au terme de la carrière pour saisir le prix que Dieu nous a destiné la félicité à laquelle il nous a appelés par le Christ".

Je vous souhaite la santé et le bonheur pour vous et pour votre famille et le succès dans vos entreprises.

Je vous prie d'agréer, Mr. Burris l'expression de mes respectueux sentiments et reconnaissants.

ON 20 MAY 1968, LOUIS A. BRUN TOLD US THAT CLEWARD JOSEPH CHARLES IS SEEKING HELP IN RAISING THE REQUIRED US$600,000 RANSOM FROM TWO PRINCIPAL SOURCES. THE SECOND GROUP IS CONNECTED WITH A MAN NAMED JOSEPH DRYER. MME. CHARLES WROTE TO BRUN (LETTER RECEIVED ON 20 MAY 1968), TOLD HIM THAT MR. DRYER WAS INVOLVED IN THE MONEY-RAISING EFFORT AND MADE A CRYPTIC REFERENCE TO THE CARNER BANK IN MIAMI, FLORIDA. BRUN, WHO KNOWS DRYER, STATED THAT HE HAS QUERIED DRYER ABOUT THE CARNER BANK AND THAT DRYER TOLD HIM THAT HE HAD NEVER EVEN HEARD OF IT. BRUN DESCRIBED DRYER AS AN EMPLOYEE OF THE INVESTMENT FIRM GOODBODY IN MIAMI AND SAID THAT HE HAS BUSINESS INTERESTS IN HAITI AND THE NETHERLANDS, AMONG OTHER PLACES. BRUN AND DRYER ARE MEETING DURING THE EVENING OF 20 MAY 1968, AFTER

WHICH BRUN WILL TAKE DRYER TO THE AIRPORT. DRYER IS TO FLY TO HAITI ON 24 MAY 1968. BRUN SAID THAT DRYER IS A FRIEND OF THE FAMILY OF JOSEPH P. KENNEDY. WE BROUGHT UP THE NAME OF MME. SAINT-VICTOR, SECRETARY TO PRESIDENT DUVALIER, WHOM WE REPORTED AS HAVING BEEN IN MIAMI SINCE 9 MAY 1968. IT NOW DEVELOPS THAT IT IS MR. SAINT-VICTOR (NOT MME.) WHO HAS BEEN IN MIAMI SINCE 9 MAY 1968. SAINT-VICTOR, WHO IS OFTEN EMPLOYED BY PRESIDENT DUVALIER ON CONFIDENTIAL BUSINESS AND WHO CONTROLS THE HAITIAN PHILATELIC CORPORATION (WHICH ISSUES HAITIAN STAMPS), HAS ACTED AS THE INTERMEDIARY BETWEEN PRESIDENT DUVALIER AND CHARLES AND HIS WIFE. HE REPORTEDLY VISITED CHARLES WHILE THE LATTER WAS IN FORT DIMANCHE AND DELIVERED TO HIM THE CONDITIONS UNDER WHICH HE WOULD BE SET FREE (I.E., THE US$605,000). BRUN OPINED THAT THE REASON FOR SAINT-VICTOR'S PRESENCE IN MIAMI MIGHT POSSIBLY BE TO OBTAIN SOME OR ALL OF THE US$605,000 FROM SOMEBODY THERE.

NEW SUBJECT: BRUN ALSO KNOWS A REPUTED MULTIMILLIONAIRE NAMED JOHN BOLTEN AND INTRODUCED HIM, VIA CABLE APPOINTMENT, TO LOUIS LEVEQUE. BOLTEN IS REPORTEDLY A NATURALIZED US CITIZEN OF EITHER GERMAN OR AUSTRIAN BIRTH AND IS NOTED FOR HIS PHILANTHROPIC INTERESTS.

NEW SUBJECT: BRUN WHO KNOWS MITCHELL AS COLONEL MITCHELL (RETIRED) OF THE ARMY, SAID THAT HE IS CONVINCED THAT THE REPORTED 20 MAY 1968 INVASION OF HAITI BY EXILES IS THE WORK OF THE HAITIAN COALITION AND OF CIA. HE TOLD US THAT HE IS A GOOD FRIEND AND CONTACT OF RAYMOND JOSEPH, GENERAL SECRETARY OF THE HAITIAN COALITION IN NEW YORK AND THAT JOSEPH TOLD HIM THAT THE HAITIAN COALITION IS SPONSORED IN EVERY WAY BY THE CIA. BRUN SAID THAT WHEN HE HEARD ABOUT THE REPORTED INVASION HE CALLED JOSEPH AND ASKED HIM WHETHER OR NOT THE REPORT WAS TRUE. JOSEPH FIRST DENIED IT, BUT LATER (AT ABOUT 1130 HOURS) CALLED BRUN BACK AND TOLD HIM THAT HE HAD CHECKED WITH HIS PATRONS IN WASHINGTON. THE PATRONS TOLD HIM THAT THE INVASION STORY IS TRUE, BUT THAT THE INVASION WAS LAUNCHED NOT FROM CUBA, BUT FROM "SOME OTHER PLACE". BRUN TOLD US THAT JOSEPH DID NOT IDENTIFY THE "OTHER PLACE". BASING HIS BELIEF UPON JOSEPH'S BEHAVIOR AND ANSWERS, BRUN IS CONVINCED THAT THE INVASION HAS BEEN ORGANIZED BY CIA. LOCAL NEWS MEDIA REPORT THAT A B-52 PLANE DROPPED EITHER THREE OR FIVE BOMBS ON PORT-AU-PRINCE. ONE FELL NEAR THE PALACE, ONE IN THE CITY AND ONE AT THE AIRPORT (NO INFORMATION CONCERNING THE OTHER TWO), BUT ONLY ONE

PAGE 4 CONTACTS/NEW YORK 9891 S E C R E T

EXPLODED. NO CASUALTIES WERE SUFFERED BY THE HAITIANS. JOSEPH CALLED THE HAITIAN CONSULATE AND WAS TOLD THAT THERE HAD BEEN AN INVASION AND THAT THE GOVERNMENT HAS THINGS FIRMLY UNDER CONTROL. BRUN TELEPHONED PAN AMERICAN AND WAS TOLD THAT DEPARTURES AND ARRIVALS IN PORT-AU-PRINCE ARE PROCEEDING NORMALLY.

SOURCE Source maintains close contacts with Haitians in the US and with prominent business and political figures in Haiti and travels at irregular intervals to the Caribbean countries.

1. Clemard Joseph Charles was rearrested at 1600 hours 11 May 68. His present whereabouts are not known to me.

2. It became clear, during the period between 3 May 68 and 16 May 68 that Charles would not be able to raise the ransom sum of US$605 thousand. His release from prison, which took place on 25 Apr 68, was apparently contingent on his ability to produce that sum. [Collector's Note: See 00-B-321/14068-68.] Immediately following his release, Charles attempted to interest foreign investors in subscribing to a fund of US$605 thousand. This sum was to be placed in a reorganized Banque Commerciale d'Haiti, formerly Charles' private preserve, and used to pay off depositors and to stimulate investment in Haitian enterprises. Charles soon learned, however, that the present political and particularly the present economic conditions in Haiti were such as to discourage foreign investors from risking their money there. Nobody would invest US dollars. Nobody wants gourds. Nobody is interested in investing in a bankrupt country. Even Charles' reported willingness to pledge as collateral his extensive holdings in Haiti (essential oils and various other business enterprises, land, buildings and Haitian government bonds) failed to change the negative opinions of those approached as possible investors.

3. Charles holds a receipt from the Banque Nationale de la Republique d'Haiti (BNRH) in the amount of US$300 thousand dated 1966, and claims from the BNRH another personal credit of US$100 thousand, dated 1965. He does not, however, hold a copy of any receipt for the latter sum. Charles apparently cannot utilize these sums, or his credit for them, to pay off the US$605 thousand ransom.

4. Charles' current visible cash assets consist of US$100 thousand, deposited in the Manufacturers Hanover Trust Company and the First National City Bank, both of New York City. He originally had US$110 thousand in these two banks. When he was first

imprisoned in 1967, the Haitian authorities (no additional data available) compelled him to sign a number of blank checks of these two banks. The authorities then cashed a check for US$10 thousand, which the bank honored. When the Haitian authorities next presented filled-in checks, however, the bank refused payment, because it knew of his arrest and refused to believe that he had signed a check after his arrest. The Haitian authorities then abandoned their attempts to lay their hands on the rest of the money.

5. It is possible that President Duvalier might settle with Charles for the US$100 thousand on deposit in New York, when, as and if he finally realizes that Charles is not able to raise the original US$605 thousand demanded. On the other hand, it is entirely possible that Charles has other funds secretly deposited outside of Haiti. It must be recalled that he acted for some time as courier for President Duvalier, periodically took money for the President to Switzerland and deposited it there for him. Charles may therefore have utilized the opportunity to deposit some of his own money outside of Haiti.

6. If Charles did in fact deposit money of his own in Switzerland or some other locality outside of Haiti, President Duvalier may know or suspect that he has done so. He definitely does know about Charles' US$100 thousand in New York. Accordingly, Charles' 11 May 68 rearrest may be the preliminary to renewed pressure to induce Charles to part with his New York money and/or the funds which he may have secreted elsewhere outside of Haiti.

SOURCE Naturalized US citizen of Haitian birth. Source maintains close contacts with Haitians in the US and with prominent business and political figures in Haiti and travels at irregular intervals to the Caribbean countries.

1. Clemard Joseph-Charles was released from prison during the evening of 25 Apr 68 in return for a "ransom" of US $605 thousand.

2. Charles has been given until 24 May 68 to produce the US $605 thousand. This sum must be in an irrevocable letter of credit on an American bank in favor of the National Bank of the Republic of Haiti. It has been intimated that the 24 May 68 deadline can be extended, should Charles be experiencing any really unusual difficulties in producing the required money.

3. In order to obtain his release from prison, Charles had to sign a memorandum of understanding that he would produce the US $605 thousand plus some unidentified real property. These terms were agreed to by both Charles and his wife prior to the release. At the same time, Charles wrote a personal letter to President Duvalier asking for release and promising to hand over the money and property in question.

4. Charles is now under house arrest in Port-au-Prince, Haiti.

5. Charles's immediate resources consist of about US $100 thousand in cash in two US banks (no additional data available), various homes, businesses (essential oils, an automobile dealership and others (no additional data available)), buildings, land and about US $400 thousand worth of Haitian government bonds. He did have another US $300 thousand in personal funds in Haiti. He can no longer count on this money to help raise the US $605 thousand, however, because prior to his release from prison the Haitian authorities (no additional data available) confiscated it.

6. Charles has agreed to raise the US $605 thousand on condition that it be used to pay off legitimate claims of depositors in his Banque Commerciale d'Haiti. He has stated that he will permit the money to be paid out only to those depositors who are able to produce documentary proof that they had deposited funds in his bank.

7. Charles and several associates now propose to reorganize the Banque Commerciale d'Haiti, formerly his private preserve, into a corporate entity and to incorporate it in the US. The associates plan to raise US $500 thousand for this new corporation. This sum will be separate from the US $605 thousand and will serve to put the new banking corporation into business. Secretarial help and at least some of the six directors of the corporation will be US citizens. Two of the directors will be Charles himself and Louis Leveque.

8. President Duvalier is reportedly most interested in the new venture and is anxious to see it succeed. He has finally realized that the economic situation in Haiti has deteriorated so badly during the past 18 months that he must do something before total bankruptcy occurs. Accordingly, President Duvalier wants to improve his "image" in the eyes of the outside world, particularly in the US, and by doing so hopes to attract investments and business activities from outside Haiti. He apparently hopes that the new, incorporated, Banque Commerciale d'Haiti, will help attract such activity to Haiti and is therefore permitting Charles to proceed.

9. [Collector's Note: 00-B-321/18106-68 described a possible reorganization in the Haitian government. This reorganization, sponsored by Duvalier, would place Duvalier on the elevated plane of spiritual adviser and father of the people and would, on the surface, at least, turn over to a president the day-to-day management of Haitian government affairs. Various names have been mentioned for the position of president under the possible new system.] The name of Luc-Albert Foucard has recently been mentioned frequently in Haiti as the possible new president under the rumored reorganization of the government. Foucard is a son-in-law of Duvalier and lives in Haiti. He is in charge of tourism. Some say that Duvalier listens to Foucard and is, to a degree, influenced by him. I doubt this very strongly.

PLACE AND DATE ACQUIRED: --- 30 APRIL 1968

THIS IS NY REPORT NO. 00-A(S) 1316368

SOURCE DESCRIPTION: NATURALIZED US CITIZEN OF HAITIAN BIRTH. SOURCE MAINTAINS CLOSE CONTACTS WITH HAITIANS IN THE US AND WITH PROMINENT BUSINESS AND POLITICAL FIGURES IN HAITI AND TRAVELS AT IRREGULAR INTERVALS TO THE CARIBBEAN COUNTRIES.

1. CLEMARD JOSEPH-CHARLES WAS RELEASED FROM PRISON ON THE EVENING OF 25 APRIL 1968 AND PROCEEDED TO HIS RESIDENCE. OUR SOURCE TELLS US THAT CHARLES IS BOTH PHYSICALLY AND MORALLY WELL AND IS NOW MAKING PREPARATIONS TO RETURN TO WORK.

2. [illegible] SOURCE HAS BEEN REQUESTED BY CHARLES, THROUGH A [illegible] PARTY, EDMOND VILAIRE, PORT-AU-PRINCE, HAITI, TO TRAVEL TO HAITI AS SOON AS POSSIBLE, BECAUSE CHARLES WANTS TO TALK TO HIM. CHARLES HAS BEEN COMPELLED TO AGREE TO TAKE OUT A LETTER OF CREDIT IN FAVOR OF THE NATIONAL BANK OF THE REPUBLIC OF HAITI IN THE AMOUNT OF US$605,000. THIS LETTER IS TO REMAIN VALID FOR 30 DAYS FROM THE TIME IT IS TAKEN OUT. CHARLES HAS BEEN GIVEN A SHORT TIME (NOT SPECIFIED) TO PRODUCE THE MONEY AND THE LETTER OF CREDIT.

3. MADAME CHARLES COMMITTED HER HUSBAND TO THE FOREGOING COURSE OF ACTION. FOLLOWING HER OWN RELEASE FROM PRISON, SHE WAS VISITED BY AN UNKNOWN (TO OUR SOURCE) PARTY. THIS INDIVIDUAL SET FORTH THE CONDITIONS UNDER WHICH CHARLES WOULD BE RELEASED. THE CONDITIONS INCLUDED THE US$605,000 MENTIONED ABOVE. MADAME CHARLES ACCEPTED THE CONDITIONS AND SIGNED A PAPER TO THAT EFFECT. HER SIGNATURE COMMITTED HER HUSBAND.

4. OUR SOURCE BELIEVES THAT WHAT CHARLES WANTS HIM TO DO IS TO TAKE THE MONEY FROM WHEREVER CHARLES HAS IT (THE SOURCE PROFESSES NOT TO KNOW WHERE THE MONEY NOW IS) AND DELIVER IT TO HAITI.

5. THE SOURCE PLANS TO FLY TO PORT-AU-PRINCE ON EITHER 2 MAY 1968 OR 3 MAY 1968 AND TO RETURN TO NEW YORK ON 6 MAY 1968. THIS SCHEDULE IS, OF COURSE, SUBJECT TO CHANGE, DEPENDING UPON THE LOCATION OF CHARLES'S MONEY AND DEPENDING UPON WHETHER OR NOT SOURCE IS CORRECT IN HIS SURMISE THAT CHARLES WANTS HIM TO ACT AS COURIER.

6. SOURCE REQUESTED US TO NOTIFY THE US EMBASSY IN HAITI THAT HE WILL BE IN THE COUNTRY. HE WISHES THE EMBASSY TO BE NOTIFIED AS A PRECAUTION. SOURCE IS A NATURALIZED US CITIZEN OF HAITIAN BIRTH AND DOES NOT FEAR THAT ANYTHING UNTOWARD WILL HAPPEN TO HIM. HE FEELS THIS WAY NOT ONLY BECAUSE OF HIS US CITIZENSHIP [illegible] BECAUSE HE REASONS THAT THE HAITIANS WILL NOT HAVE THE [illegible] $25,000. HE IS, HOWEVER, MOST ANXIOUS THAT THE [illegible] KNOW THAT HE WILL BE IN HAITI. SOURCE IS VERY PROUD OF [illegible] CITIZENSHIP AND SWORE THAT HE WILL DO NOTHING TO [illegible] IT OR OTHERWISE GET HIMSELF IN TROUBLE.

[illegible] SUGGESTED STRONGLY TO HIM THAT AS SOON AS HE ARRIVES [illegible] PORT-AU-PRINCE HE VISIT THE EMBASSY AND LET THE PEOPLE THERE KNOW THAT HE IS IN HAITI. WE ALSO TOLD HIM TO TELL THE EMBASSY PEOPLE HIS DATE OF DEPARTURE AND TO CHECK IN WITH THE EMBASSY JUST PRIOR TO DEPARTURE. SOURKE AGREED TO DO THIS.

8. WE UNDERSTAND THAT KENNETH RIPLEY, DDP, IS AU COURANT OF THIS ENTIRE AFFAIR. ~~[illegible]~~, PLEASE HAVE HIM NOTIFY THE APPROPRIATE INDIVIDUALS IN HAITI THAT SOURCE WILL BE THERE DURING THE TIMES MENTIONED ABOVE.

MEMORANDUM FOR THE RECORD

SUBJECT: Clemard Joseph-Charles - Plans for Payment of Ransom

1. Mr. George Musulin (DCS) called today to give WH/7/Haiti advance notice of a report his office has received relative to the release from prison of Clemard Joseph-Charles.

2. Louis BRUN, who is the business representative of CHARLES in New York, has been urgently requested to come to Port au Prince. The request came to BRUN from one Edmond VILAIRE who, BRUN asserts, represents CHARLES in Haiti. BRUN plans to leave New York on 2 or 3 May and return on 6 May.

3. According to BRUN, CHARLES has agreed to pay $605,000 to the Duvalier Government for his release from prison. BRUN claims not to know where the money is located but suspects that it may be in Europe. He further suspects that he will be asked to act as courier.

4. BRUN, who is a naturalized U.S. citizen, has some qualms about his own safety in Port au Prince and has asked his DCS contact in New York, Mr. Mitchell, that the Embassy in Port au Prince be advised of his arrival. He was told that he should go to the Embassy himself upon arrival and make his position known.

5. Mr. Musulin said he assumed WH/7/Haiti would pass the information to the State Department.

I have heard that Clémard Joseph Charles may be released at the end of December 1967. President Duvalier has reportedly sent people to restore Charles' residence to its former state and has ordered the return of the items which were stolen from the house at the time of Charles' arrest. Duvalier has also ordered new clothes to be sent to Charles in jail.

1. On 6 October 1967, Louis A. Brun, President, B & B International Corporation, 1182 Broadway, New York City, stated that Haitian banker Clemard Joseph Charles has, in fact, contrary to previous information, been in contact with Colonel Max Dominique, son-in-law of Haitian President Duvalier. While Brun was not able to supply any details concerning this relationship, he believes that it is political in nature and possibly not unrelated to the various stories now circulating concerning plots to unseat the President.

2. Brun also stated that Dominique is scheduled to arrive in New York City for a visit in the near future (no additional details available).

Dear Miss Matlack:

May I recall the kind reception you gave me in May 196?, when I was in Washington, also your courtesy in recommending me the Albun Towers Hotel, 3700 Massachusetts Avenue, where I lodged in Room 522. You will remember the conversation I had with you regarding the future of my country, and the hope I expressed that the assistance of the U. S. would not fail us.

I have earnestly worked since in order that Haiti may be relieved from the tyranny and misery in which has been inconsiderately thrown, and have succeeded in securing the sympathy and support of a great majority of the populations all over the Republic, including religious people, businessmen, professionals, intellectuals, etc. A plan has been prepared and will be executed by a Military man who has with him most of the officers in the Army. These people are ready and eager to begin operations and are only awaiting word from me.

I would have already given them order to strike, through the Chief who is the only one in contact with me, were it not for my apprehension that the turmoil that will necessarily follow might serve Castro's plan to introduce communist agitators in the country. I also have reason to wonder about Balaguer's position on account of his friendly feelings for Duvalier. Therefore, before going any further, I feel that it would be wise for me to have the U.S. assurance that these two forces will be properly neutralized, and I am requesting your kind cooperation so that this assurance may be given to me.

I have requested my friend and associate in New York, Mr. Louis A. Brun, to turn personally this letter over to you, also to give you all the details that it would not be proper for me to write. You may feel free to talk at length with Mr. Brun on all matters relating to my project. You will also be kind to give him any reply you may have for me, which he will keep in New York until my next visit to the U. S. shortly.

Permit me to thank you in advance for your contribution to the relief of my country, and to assure you that your cooperation will ever live in my memory.

Respectfully yours,

Clémard JOSEPH CHARLES.-

The following is my humble appraisal of the political situation now prevailing in Haiti.

As I repeatedly stated to anyone who may have asked me, my motivations are purely patriotic while I am also moved by a sincere desire to see Haiti emerge as a democratic independent nation friendly to the United States.

Since I left Haiti with my family ten years ago to later become an American citizen, I have made several trips to Haiti and have maintained close contacts with people in all walks of life both in Haiti and with those who were forced out of the country for political reasons or otherwise.

My latest visit to Haiti took place on June 5th of this year and I stayed two days in Port-au-Prince. Although the purpose of my trips were mostly business I also had the opportunity to discuss the Haitian political situation with politicians, as well as with average Haitian citizens concerned with the situation. My personal conclusions are as follows:

The fact is that the Duvalier regime is, at present, in a state of internal political confusion in which no one directly or indirectly connected with it can predict the outcome. There is strong evidence showing that his son-in-law, Colonel Max Dominique, has in fact tried to overthrow Duvalier in order to personally assume the direction of Haiti's political affairs. How Duvalier became aware of Colonel Dominique's intentions is the question everybody is trying to find the answer to. Nevertheless, Duvalier rounded up the alledged associates of Colonel Dominique and, after a mock court martial accusing and convincing 19 young army officers of treason they were all killed by a firing squad on June 8, 1967 at Fort Dimanche on the outskirts of Port-au-Prince. Duvalier himself was present at the slaughter and he ordered Col. Dominique to be a member of the firing squad. Non-confirmed information from usually reliable sources

/...

indicates that several other persons, low ranking military personnel, militia men and civilians were also executed on similar charges, without fanfare. It is also the general concensus of opinion that the "purge" will continue at a rate that no one can yet determine.

No one ignores that there has been and still are very hostile feelings between two groups within the President's family and close associates. One is headed by Colonel Dominique and his wife Marie-Denise Duvalier, and another is led by Mrs. Yvon St.Victor, the President's private secretary and confidante. The names of the President's wife, Simone, his son Jean-Claude and his younger daughter Simone, are being mentioned as being part of the first group. In the second group, Mrs. St.Victor's brother, the present Head of the Department of Tourism, Mr. Luc-Albert Foucard, who is also married to one of the President's daughter, is among other names such as Henri Siclait, head of the Regie, Minister Lebert Jn.Pierre, etc. mentioned to be siding with Mrs. St.Victor. So far, the President has shown signs that he favors the latter group. The ramifications of both groups extend to people who were considered the most fanatic supporters of Duvalier himself. The fact is that none of the remaining so-called strong men of Duvalier in the militia, the Tonton Macoutes or the Army know for sure how the president feels towards them and are very much concerned about their own future and survival. In other words, confusion and insecurity are wide spread amongst Duvalier's followers.

I believe that in spite of the actual confusion and sense of insecurity prevailing in government circles, there is no real organized opposition as such against Duvalier at this moment, except for what I will point out later in this paper.

There is, however, strong anti-Duvalier feelings in the middle and upper classes of Haiti, representing only a small percentage of the whole population. A segment of the population to be taken into very serious consideration is the one made up of the people living in the slum areas,

/...

both within and on the outskirts of Port-au-Prince. These people to be differentiated with the rural peasants, live in abject poverty with no established means of subsistence, and represent the most volatile and dangerous political force to be watched closely in the event of any significant development of the political and social situation. These people which formed, in 1956 and 1957, the core of former president Daniel Fignole's followers, can be swung to any movement and play a decisive role in the confusion that may arise in the event of a coup. We are convinced that these people will welcome a change should any demagogue lead them to believe that they will benefit by such a change.

I am informed that in Port-au-Prince there are some political personalities, in and out of the Government, that are waiting for an opportunity to swing that sector in their favor, whenever a serious attempt to overthrow Duvalier is made, whether by them or anyone else.

Under those circumstances, Duvalier loosing his old grip on key elements committed to his support, a large portion of which he has recently liquidated, is trying to instore a new political philosophy reaching out for elements of the middle class as well as those of the slum areas mentioned above. I have a feeling that the new philosophy is aimed at antagonizing the U.S. Government for its hands-off policies and the economic squeeze applied by the U.S. against his government. This antagonism will go as far as necessary even to an almost impossible alliance with communist countries such as Cuba or other communist nations of Europe, Africa or Asia. As evidence of that direction in Duvalier's Government, he has allowed the so-called "Little Red Book" of Chairman Mao-Tse-Tung of Communist China to circulate freely in Haiti, whereas previously the same book was banned and seized in local librairies and newsstands in Haiti. Several articles appearing in local Haitian newspapers have lately referred with much emphasis to the "Cultural Revolution" of Duvalier which has yet to take place. The appointment in his newly formed cabinet of three Blanchet brothers, all well-known communist sympathizers, is also an indication of his subtle shift towards a

/...

radically leftist oriented Government. If allowed time, Duvalier may well succeed to turn the country into a new communist satellite and work out some agreements with communist countries. Here again, we should not fail to mention the new exchange of diplomatic representations between Haiti and some communist countries. The most significant one is the new appointment in Haiti of an Ambassador from Poland with whom, I was told, Duvalier is closely working with.

Taking everything into consideration:

1. The non existence of any organized opposition in Haiti;

2. The state of non cohesiveness and distrust amongst the exiled political elements abroad, therefore nullifying any positive action from outside Haiti;

3. The fear of local politicians that, if outside forces were to come in, their safety and security would be very much at stake, therefore they should resist such intervention and do whatever is necessary to prevent it at all cost;

4. The fear of Duvalier's so-called followers that they may be eliminated upon mere suspicion, just or unjust denónciations;

5. The middle and upper classes sentiment that the U.S. is not working as it should to bring about the downfall of Duvalier and that the U.S. is even supporting the regime intentionally or unintentionally by not encouraging or allowing the opposition to organize itself;

6. The interpretation of the above classes which are at a loss to understand the silence of the U.S. press in general for not having raised the usual indignation about the recent mass killings, therefore making room for the belief of a possible collusion by means of money or otherwise of Duvalier with said press, particularly the New York Times, to refrain from bringing these facts to the attention of international public opinion;

7. The strong belief that compromises have been worked out with President Balaguer in the Dominican Republic to return to Haiti all opponents of Duvalier who had fled there.

all this leads to believe that Duvalier will hold in power for quite a while more.

/...

It would be childish, however, to formulate an opinion only on the basis of the mentioned facts, although on the surface, they appear logical enough to confirm these conclusions.

I am convenced in my own mind, that when some politicians close to Duvalier will feel that their lives are in real danger, some of them will successfully attempt to eliminate him even though they may not be, themselves, in a position to control the chaotic situation that will necessarily follow. This is where the real danger is. If any such unplanned action was allowed to take place, the U.S. will then find itself with a real "hot potato", requiring such drastic action similar to those takin in 1965 during the recent crisis in the Dominican Republic. Such actions are not to be desired, not only because they are costly to the American taxpayers, but because they inevitably provoke strong Anti-American feelings based on the opinion that the U.S. did nothing to help bring about the collapse, but is merely there to impose its choice and decisions against the will of the people. If the U.S. is to wait for the OAS to decide on joint action in the eventuality of chaos, we are afraid that communist influence and even control of the situation by forces based in Cuba and other countries, will make it much more difficult to cope with within the context of our national security. It is, therefore, imperative, in our opinion, that the U.S. take some steps towards working with local politicians to take the initiative of a coup which, when performed, would receive the strong backing of this country, militarily, financially and otherwise, to secure an orderly succession of the present regime. As far as Haiti is concerned, I feel that I have the most adequate solution for the proposed action. I feel that whenever the security of this nation or any nation is concerned, there is no time for wait-and-see considerations. In the case of Haiti, in particular, where the political scene is really deprived of individuals of strong convictions, one way or the other, we feel that the U.S. should not have any problem in finding someone that they can build politically and work with in a sincere and loyal effort to help that small nation solve some of its perennial problems.

/...

14-00000

In connection with the possibility of finding a political leader, as indicated above, I must say that I have been in contact with a man whom, I feel, could very well fill the position. His name is Clémard Joseph Charles, President of Banque Commerciale d'Haiti, President of Haiti's Chamber of Commerce, a director of several other business and industrial organizations in Haiti.

I have known Mr. Charles since 1951. We have been friends and business associates eversince. To me, Mr. Charles is a true and sincere patriot. Of course, today, a number of people question his patriotism on the basis of his close cooperation with the Duvalier regime. I have myself, sometimes, felt that he went too far. I have also told him so, many times. His answers on such occasions have, most of the time, satisfy my own judgement. In fact, Mr. Charles told me that, knowing Duvalier, as he knows him, it would have been a question of life or death if he were to behave in a different manner. What would his death serve if he had taken a position of non-compromise? He feels that in order to be able to control the situation and outlive Duvalier, it was better to be "in" than "out" or to put it another way to be alive than dead. I can say that on several occasions, was it not for Mr. Charles' influence on Duvalier, this latter would have done more harm to the poor pelple of Haiti , in general, than he has done so far.

I have always maintained a dialogue with Mr. Charles and passed on to him as much as possible the judgements of Haitians and others with whom he had no direct contact. I must say that I have always find him receptive to their opinions.

Eversince I have known Mr. Charles, he has always told me of his ambitions and determination to be a great Haitian. He asked me to never let him down and to stay with him to help him carry out his dream. Though it has cost me some of my friends, I have extended to him everything that I could possibly offer to help him reach his goals.

Unlike the majority of Haitian politicians, Mr. Charles has an unsurmontable faith in the future of his country. He feels that if Haiti, under Duvalier, has considernbly regressed in every way, the time will come

/...

where, like a miracle, the country will again take its course forward to join the other progressive nations of this hemisphere. Unlike those politicians who have seen their prominent positions as a temporaty state of affairs with absolutely no future beyond Duvalier, Mr. Charles has practically invested in Haiti almost all the wealth that he has accumulated before and during Duvalier's reign through genuine efforts and self-discipline. Of course, I will admit that his wealth would not have increased in its present proportion if it was not for Duvalier's favors to him. But who else under the previous regimes who were in the same position have genuinely directed their efforts in using their gains for the betterment of the people? I have always find that Mr. Charles took very much satisfaction in giving employment and assistance to as many people as he possibly could. As a matter of fact this is one of his biggest assets in his present struggle.

Mr. Charles is not a demagogue. He believes in the realities of the modern world. He realizes that without the assistance of the U.S., progress is impossible for Haiti. He sincerely believes in the spirit of the Alliance for Progress. Having traveled extensively, he is fully aware of the tragic state of stagnation in which his country is in. He deeply wishes to see Haiti make some progress in the fields of human dignity, education, technology and above all, Freedom.

All that I have said so far are my own personal opinion and also the opinion of a large number of people in and out of Haiti. If some defer in their evaluation of Mr. Charles, it is their privilege and undeniable rights.

Now, if we are to take for granted my opinions, what does Mr. Charles have to offer to the U.S. to prevent the chaos that will necessarily follow Duvalier's downfall? First of all, Mr. Charles is at present ready and willing to provoke the desired collapse of Duvalier's regime. This, he assured me, he can do without any outside assistance. I am personally aware of certain confidential dispositions taken by him to assure the success of a coup if and when he decides to make it. Why does

/...

not he go ahead and make it, you may ask? His reply is that should he make it, what assurances does he have that his action will satisfy the U.S. As I stated before, Mr. Charles feels that without United States backing, no government can possibly exist in Haiti except under the very same conditions of Duvalier's Government. There would be no reason to precipitate a change if Haiti were to remain under a tyranical dictatorship like Duvalier's.

What Mr. Charles is asking as a prerequisite of any action to be sponsored or initiated by him is the assurance from a person of established authority in the U.S. Government that the United States will support the provisional government that will necessarily have to assure power after Duvalier.

The dispositions taken by Mr. Charles are that a military coup by a Junta will take over and stay in power until free elections are held. The members of that military junta have been already selected by Mr. Charles, who has their commitments to that effect. Mr. Charles believe that if free elections are held he should not have any great difficulty in selling his plans and programs to the people and therefore be elected the next president of Haiti. In my opinion, Mr. Charles is not asking too much. Should the United States consent to his request in the form mentioned above, I feel that the Haitian situation, long a sore note in the U.S. hemispheric relations, could be changed without risk for all parties concerned.

Why should the United States gamble on any other calculated risk, while I feel, it can wrap up the situation safely in accord with Mr.Charles' plans? The military junta proposed by Mr. Charles will be made up by high ranking officers of the Haitian army loyal to him, therefore on the side of the U.S. With U.S. assistance - it is almost impossible otherwise - the steps proposed by Mr. Charles after the junta will take over are as follows:

1. Disarm the Militia and the Tonton Macoutes immediately;
2. Reorganize the Army and the Covernment services;
3. Prevent the interference of communist forces made of exiles Haitians based in Cuba or elsewhere;

/...

14-00000

4. Prevent the return to the Haitian political scene of such "rabble-rouser" so-called leaders as Daniel Fignole and Henri Vixamar;

5. Start the ground work for free elections as soon as possible. Mr. Charles feels that although it will probably be impossible to prevent acts of reprisals during the first 72 hours of the military take over, strong efforts should be made to avoid unnecessary bloodshed.

Mr. Charles, in my opinion, is one of the few individuals around whom a reconciliation of all the social divisions and subdivisions of the Haitian family can be achieved. I will mention some of the basic reasons behind this opinion:

1. He is of modest rural extraction, therefore is what is called in Haiti a "son of the masses";

2. He is black, therefore representing the vast majority of the Haitian people who, at this point, considers the light-skin Haitian as a threat for the return of the domination of the mulatto minority;

3. He is deprived of the prejudice of color, therefore the mulatto minority will find in him a certain feeling of security and can be assured that it will not be persecuted solely on the basis of the color of their skins;

4. He is wealthy, therefore credited for not ambitioning power for mere personal gains;

5. He is known to be a hard, intelligent industrialist and administrator capable of promoting and encouraging the establishment of new business and industries in Haiti;

6. He has shown respect for certain moral values such as the undeniable right of the individual to live without fear within the framework of the laws of the land;

7. He is a Roman Catholic who professes to have nothing to do with "Voodoo" as a religion or a cult and who has given all the other religious denominations functioning in Haiti all the evidence of his encouragement and support for their pastoral activities;

/...

14-00000

8. Being a businessman in his own right, the business community with which he has dealt through the Chamber of Commerce and his bank will always have a dialogue with him and therefore will find him receptive to their suggestions and endeavours;

9. Having dealt with elements of the actual regime who have his confidence, he will be able to control them in a way which will avoid unnecessary hardships should someone else - a complete stranger to them - be in a position of Government leadership;

10. He is known to be strongly anti-communist and pro-American, therefore opening the door to close cooperation with the United States, under the doctrine of the Alliance for Progress, to promote better understanding and opportunities for the Haitian people with the help of the United States;

11. He will welcome the return of all Haitian exiles to take their place anew within the Haitian community and to work with him to the task of making the country a safer and better place to live;

12. He does not contemplate any reprisals or even sanctions against anybody for their past political affiliations, his efforts to be mainly directed not to solve the errors of the past, but to provide a better present and future for those who want to live in Haiti.

The task, if and when he succeeds to gain power, will not be an easy one. I am sure, however, that Mr. Charles will be able to find the support of enough honest and patriotic Haitians to help him carry out his dream of building up a better Haiti.

Mr. Charles' past affiliation with the Duvalier regime should not, therefore, be held against him. As a matter of fact, this affiliation may give him the foresight that he should do his utmost not to repeat the same mistakes.

In conclusion, I feel that the U.S. Government, through its qualified Agencies, should give Mr. Charles' offer to topple the Duvalier regime, all the required careful consideration and make a decision as fast as possible.

ARA/CAR - Edward T. Long

Plot of Clemard Charles to Overthrow Duvalier

At the suggestion of Mr. Bowdler, Howard L. Burris, 1725 K St., N.W., a Washington businessman who served in the past as an assistant military aide to the President, telephoned this morning and asked me to meet Mr. Louis A. Brun at Mr. Burris' office. This I did this afternoon.

Mr. Brun, a nationalized American, owns and operates the B & B International Corporation, 1182 Broadway, New York. A native-born Haitian, he has lived in the States since 1957. He is a close friend and confidant of Clemard Joseph Charles, a Haitian banker who has been deeply involved with the Duvalier government. Charles has fallen in disfavor with Duvalier and several of his government concessions have been cancelled. Charles is actively plotting the overthrow of Duvalier and, according to Brun who saw Charles in Port au Prince June 5-7, has 167 military and civilians ready to move with him. None of this group was represented by the 19 officers who were recently executed or the 80 some Haitians who are currently in diplomatic asylum.

In the past, Charles has made efforts himself and through Brun to get the U.S. Government to commit itself in favor of the overthrow of Duvalier but until recently all of these approaches were rebuffed, U.S. officials having stated U.S. policy was such that no plot of this nature could be supported. Brun showed me a letter he had just received from Charles written on June 23 stating in a commercial language code which Brun and Charles use in their correspondence that an American official last week had met with Charles in Port-au-Prince and that Charles was most pleased with the meeting. The implication was that this "American" had indicated to Charles that the U.S. Government favored the plotting. I flatly told Brun that the U.S. was not interested

SECRET
LIMDIS

in supporting plotting of this nature, that our policy had not changed, and that he should know this categorically. Brun smilingly accepted this statement, but obviously considered the "approach" in Port-au-Prince was more important than my exposition of U.S. policy.

Brun said he was in regular contact with Major James Balog who, he described, as an intelligence officer from the Pentagon. He said that he, Brun, had written a report on his opinion re things Haitian and had given one copy to Major Balog and one to Mr. Burris. He then handed me a copy which is attached. This report is basically a plea for U.S. prior indication to Charles that the U.S. would support any Charles-formed provisional government created following the overthrow of Duvalier.

I closed the half hour meeting with Brun insisting again that he should clearly understand the U.S. Government was not interested in becoming involved in this sort of an operation.

ACQ 26 JUNE 1967, PORT AU PRINCE, HAITI, HTP-1072

SOURCE A FORMER HAITIAN GOVERNMENT EMPLOYEE WHO HAS THE CONFIDENCE OF MANY MEMBERS OF THE DUVALIER GOVERNMENT. HIS REPORTING HAS BEEN ACCURATE SINCE 1963. HE RECEIVED THE INFORMATION FROM A HIGH RANKING OFFICER IN THE HAITIAN ARMED FORCES WHO IS CLOSE TO GENERAL CONSTANT.

1. THE REASONS FOR PRESIDENT FRANCOIS DUVALIER'S MEASURES AGAINST CLEMARD JOSEPH CHARLES, PRESIDENT OF THE COMMERCIAL BANK ARE NOT HARD TO FIND. DUVALIER HAS

LEARNED THE LESSONS OF HAITIAN HISTORY. PRESIDENT ESTIME AND PRESIDENT PAUL MAGLOIRE WERE OVETHROWN BY THEIR CLOSE ASSOCIATES. DUVALIER HIMSELF WAS IN THE FOREFRONT OF THOSE CONSPIRACIES AND KNOWS FROM PERSONAL EXPERIENCE THE MOTIVATION OF THE PLOTTERS. WHEN HE GETS RID OF MILITARY MEN OR CIVILIANS FROM TIME TO TIME EVEN THOUGH THEY HELPED HIM GAIN POWER, IT IS BECAUSE AS CHIEF OF STATE HE IS FULLY AWARE OF THE REALITIES OF HAITIAN POLITICS. CLEMARD JOSEPH CHARLES, WHO GAINED MUCH OF WHAT HE HAS UNDER MAGLOIRE, WAS AMONG THOSE WHO FINANCED DUVALIER'S CAMPAIGN. IT IS ONLY LOGICAL THAT DUVALIER WOULD RESENT THAT FACT. FURTHERMORE, SINCE CHARLES IS ACTUALLY A CANDIDATE FOR THE PRESIDENCY AND MANEUVERING AGAINST DUVALIER, DUVALIER WILL DISCOVER SOME "EVIDENCE" LINKING CHARLES WITH THE NINETEEN EXECUTED OFFICERS.

2. IT IS ALSO TRUE THAT CHARLES WAS NOT REALLY AN ASSOCIATE OF DUVALIER'S. HE WAS REALLY NOTHING MORE THAN AN EMPLOYEE. IT WAS NOT BECAUSE OF HIS PRETTY EYES THAT DUVALIER MADE CHARLES THE CONTROLLER

OF A NUMBER OF GOVERNMENT MONOPOLIES. DUVALIER ARRANGED THIS FOR HIS OWN PURPOSES. HE NEEDED TO HAVE A BANK TO RECEIVE NON-FISCAL DEPOSITS FROM WHICH HE COULD MAKE WITHDRAWALS AS HE WISHED. OUT OF THIS ALSO GREW ANOTHER REASON WHY DUVALIER IS ANGRY AT CHARLES. WHEN THE NON-FISCAL ACCOUNTS IN THE COMMERCIAL BANK RAN DRY, THE BANK ADVANCED THE GOVERNMENT MONEY AGAINST BONDS. CHARLES USED THESE BONDS IN HIS FINANCIAL MANIPULATIONS AND THEY FELL INTO THE HANDS OF FOREIGN SPECULATORS WHO ARE NOW DEMANDING PAYMENT.

3. PLOTS SUCH AS CHARLES WAS ENGAGED IN WILL NOT SUCCEED. DUVALIER HAS SO ORGANIZED THE GOVERNMENT THAT THE OLD WAYS OF OVERTHROWING A REGIME ARE DENIED TO CONSPIRATORS. HE IS NOT INVULNERABLE BUT ONLY BY ASSASSINATION WILL HE BE REMOVED. HIS GOVERNMENT IS BASED ON TERROR AND INTIMIDATION. THE BOLD STROKE IS HIS STRENGTH. HE EXECUTED THE NINETEEN OFFICERS IN ORDER TO STRIKE THE POPULAR IMAGINATION AND CREATE A PSYCHOSIS OF FEAR. HE MEANS IT WHEN HE SAYS THAT HE ADMIRES LENIN, NKRUMAH, MAO, LUMUMBA, ETC. 20 June 67

The following is my humble appraisal of the political situation now prevailing in Haiti.

As I repeatedly stated to anyone who may have asked me, my motivations are purely patriotic while I am also moved by a sincere desire to see Haiti emerge as a democratic independent nation friendly to the United States.

Since I left Haiti with my family ten years ago to later become an American citizen, I have made several trips to Haiti and have maintained close contacts with people in all walks of life both in Haiti and with those who were forced out of the country for political reasons or otherwise.

My latest visit to Haiti took place on June 5th of this year and I stayed two days in Port-au-Prince. Although the purpose of my trips were mostly business I also had the opportunity to discuss the Haitian political situation with politicians, as well as with average Haitian citizens concerned with the situation. My personal conclusions are as follows:

The fact is that the Duvalier regime is, at present, in a state of internal political confusion in which no one directly or indirectly connected with it can predict the outcome. There is strong evidence showing that his son-in-law, Colonel Max Dominique, has in fact tried to overthrow Duvalier in order to personally assume the direction of Haiti's political affairs. How Duvalier became aware of Colonel Dominique's intentions is the question everybody is trying to find the answer to. Nevertheless, Duvalier rounded up the alledged associates of Colonel Dominique and, after a mock court martial accusing and convincing 19 young army officers of treason they were all killed by a firing squad on June 8, 1967 at Fort Dimanche on the outskirts of Port-au-Prince. Duvalier himself was present at the slaughter and he ordered Col. Dominique to be a member of the firing squad. Non-confirmed information from usually reliable sources

/...

indicates that several other persons, low ranking military personnel, militia men and civilians were also executed on similar charges, without fanfare. It is also the general concensus of opinion that the "purge" will continue at a rate that no one can yet determine.

No one ignores that there has been and still are very hostile feelings between two groups within the President's family and close associates. One is headed by Colonel Dominique and his wife Marie-Denise Duvalier, and another is led by Mrs. Yvon St.Victor, the President's private secretary and confidante. The names of the President's wife, Simone, his son Jean-Claude and his younger daughter Simone, are being mentioned as being part of the first group. In the second group, Mrs. St.Victor's brother, the present Head of the Department of Tourism, Mr. Luc-Albert Foucard, who is also married to one of the President's daughter, is among other names such as Henri Siclait, head of the Regie, Minister Lebert Jn.Pierre, etc. mentioned to be siding with Mrs. St.Victor. So far, the President has shown signs that he favors the latter group. The ramifications of both groups extend to people who were considered the most fanatic supporters of Duvalier himself. The fact is that none of the remaining so-called strong men of Duvalier in the militia, the Tonton Macoutes or the Army know for sure how the president feels towards them and are very much concerned about their own future and survival. In other words, confusion and insecurity are wide spread amongst Duvalier's followers.

I believe that in spite of the actual confusion and sense of insecurity prevailing in government circles, there is no real organized opposition as such against Duvalier at this moment, except for what I will point out later in this paper.

There is, however, strong anti-Duvalier feelings in the middle and upper classes of Haiti, representing only a small percentage of the whole population. A segment of the population to be taken into very serious consideration is the one made up of the people living in the slum areas,

formed cabinet of three Blanchet brothers, all well-known communist sympathizers, is also an indication of his subtle shift towards a

/...

radically leftist oriented Government. If allowed time, Duvalier may well succeed to turn the country into a new communist satellite and work out some agreements with communist countries. Here again, we should not fail to mention the new exchange of diplomatic representations between Haiti and some communist countries. The most significant one is the new appointment in Haiti of an Ambassador from Poland with whom, I was told, Duvalier is closely working with.

Taking everything into consideration:

1. The non existence of any organized opposition in Haiti;

2. The state of non cohesiveness and distrust amongst the exiled political elements abroad, therefore nullifying any positive action from outside Haiti;

3. The fear of local politicians that, if outside forces were to come in, their safety and security would be very much at stake, therefore they should resist such intervention and do whatever is necessary to prevent it at all cost;

4. The fear of Duvalier's so-called followers that they may be eliminated upon mere suspicion, just or unjust denonciations;

5. The middle and upper classes sentiment that the U.S. is not working as it should to bring about the downfall of Duvalier and that the U.S. is even supporting the regime intentionally or unintentionally by not encouraging or allowing the opposition to organize itself;

6. The interpretation of the above classes which are at a loss to understand the silence of the U.S. press in general for not having raised the usual indignation about the recent mass killings, therefore making room for the belief of a possible collusion by means of money or otherwise of Duvalier with said press, particularly the New York Times, to refrain from bringing these facts to the attention of international public opinion;

7. The strong belief that compromises have been worked out with President Balaguer in the Dominican Republic to return to Haiti all opponents of Duvalier who had fled there.

all this leads to believe that Duvalier will hold in power for quite a while more.

/...

It would be childish, however, to formulate an opinion only on the basis of the mentioned facts, although on the surface, they appear logical enough to confirm these conclusions.

I am convenced in my own mind, that when some politicians close to Duvalier will feel that their lives are in real danger, some of them will successfully attempt to eliminate him even though they may not be, themselves, in a position to control the chaotic situation that will necessarily follow. This is where the real danger is. If any such unplanned action was allowed to take place, the U.S. will then find itself with a real "hot potato", requiring such drastic action similar to those takin in 1965 during the recent crisis in the Dominican Republic. Such actions are not to be desired, not only because they are costly to the American taxpayers, but because they inevitably provoke strong anti-American feelings based on the opinion that the U.S. did nothing to help bring about the collapse, but is merely there to impose its choice and decisions against the will of the people. If the U.S. is to wait for the OAS to decide on joint action in the eventuality of chaos, we are afraid that communist influence and even control of the situation by forces based in Cuba and other countries, will make it much more difficult to cope with within the context of our national security. It is, therefore, imperative, in our opinion, that the U.S. take some steps towards working with local politicians to take the initiative of a coup which, when performed, would receive the strong backing of this country, militarily, financially and otherwise, to secure an orderly succession of the present regime. As far as Haiti is concerned, I feel that I have the most adequate solution for the proposed action. I feel that whenever the security of this nation or any nation is concerned, there is no time for wait-and-see considerations. In the case of Haiti, in particular, where the political scene is really deprived of individuals of strong convictions, one way or the other, we feel that the U.S. should not have any problem in finding someone that they can build politically and work with in a sincere and loyal effort to help that small nation solve some of its perennial problems.

/...

In connection with the possibility of finding a political leader, as indicated above, I must say that I have been in contact with a man whom, I feel, could very well [illegible] the position. His name is Clémard Joseph Charles, President of Ba[illegible]e Commerciale d'Haiti, President of Haiti's Chamber of Commerce, a [illegible]ector of several other business and industrial organizations in Haiti.

I have known Mr. Charles since 1951. We have been friends and business associates eversince. To me, Mr. Charles is a true and sincere patriot. Of course, today, a number of people question his patriotism on the basis of his close cooperation with the Duvalier regime. I have myself, sometimes, felt that he went too far. I have also told him so, many times. His answers on such occasions have, most of the time, satisfy my own judgement. In fact, Mr. Charles told me that, knowing Duvalier, as he knows him, it would have been a question of life or death if he were to behave in a different manner. What would his death serve if he had taken a position of non-compromise? He feels that in order to be able to control the situation and outlive Duvalier, it was better to be "in" than "out" or to put it another way to be alive than dead. I can say that on several occasions, was it not for Mr. Charles' influence on Duvalier, this latter would have done more harm to the poor pelple of Haiti , in general, than he has done so far.

I have always maintained a dialogue with Mr. Charles and passed on to him as much as possible the judgements of Haitians and others with whom he had no direct contact. I must say that I have always find him receptive to their opinions.

Eversince I have known Mr. Charles, he has always told me of his ambitions and determination to be a great Haitian. He asked me to never let him down and to stay with him to help him carry out his dream. Though it has cost me some of my friends, I have extended to him everything that I could possibly offer to help him reach his goals.

Unlike the majority of Haitian politicians, Mr. Charles has an unsurmontable faith in the future of his country. He feels that if Haiti, under Duvalier, has considerably regressed in every way, the time will come

/...

where, like a miracle, the country will again take its course forward to join the other progressive nations of this hemisphere. Unlike those politicians who have seen their prominent positions as a temporaty state of affairs with absolutely no future beyond Duvalier, Mr. Charles has practically invested in Haiti almost all the wealth that he has accumulated before and during Duvalier's reign through genuine efforts and self-discipline. Of course, I will admit that his wealth would not have increased in its present proportion if it was not for Duvalier's favors to him. But who else under the previous regimes who were in the same position have genuinely directed their efforts in using their gains for the betterment of the people? I have always find that Mr. Charles took very much satisfaction in giving employment and assistance to as many people as he possibly could. As a matter of fact this is one of his biggest assets in his present struggle.

Mr. Charles is not a demagogue. He believes in the realities of the modern world. He realizes that without the assistance of the U.S., progress is impossible for Haiti. He sincerely believes in the spirit of the Alliance for Progress. Having traveled extensively, he is fully aware of the tragic state of stagnation in which his country is in. He deeply wishes to see Haiti make some progress in the fields of human dignity, education, technology and above all, Freedom.

All that I have said so far are my own personal opinion and also the opinion of a large number of people in and out of Haiti. If some defer in their evaluation of Mr. Charles, it is their privilege and undeniable rights.

Now, if we are to take for granted my opinions, what does Mr. Charles have to offer to the U.S. to prevent the chaos that will necessarily follow Duvalier's downfall? First of all, Mr. Charles is at present ready and willing to provoke the desired collapse of Duvalier's regime. This, he assured me, he can do without any outside assistance. I am personally aware of certain confidential dispositions taken by him to assure the success of a coup if and when he decides to make it. Why does

/...

not he go ahead and make it, you may ask? His reply is that should he make it, what assurances does he have that his action will satisfy the U.S. As I stated before, Mr. Charles feels that without United States backing, no government can possibly exist in Haiti except under the very same conditions of Duvalier's Government. There would be no reason to precipitate a change if Haiti were to remain under a tyranical dictatorship like Duvalier's.

What Mr. Charles is asking as a prerequisite of any action to be sponsored or initiated by him is the assurance from a person of established authority in the U.S. Government that the United States will support the provisional government that will necessarily have to assure power after Duvalier.

The dispositions taken by Mr. Charles are that a military coup by a Junta will take over and stay in power until free elections are held. The members of that military junta have been already selected by Mr. Charles, who has their commitments to that effect. Mr. Charles believe that if free elections are held he should not have any great difficulty in selling his plans and programs to the people and therefore be elected the next president of Haiti. In my opinion, Mr. Charles is not asking too much. Should the United States consent to his request in the form mentioned above, I feel that the Haitian situation, long a sore note in the U.S. hemispheric relations, could be changed without risk for all parties concerned.

Why should the United States gamble on any other calculated risk, while I feel, it can wrap up the situation safely in accord with Mr.Charles' plans? The military junta proposed by Mr. Charles will be made up by high ranking officers of the Haitian army loyal to him, therefore on the side of the U.S. With U.S. assistance - it is almost impossible otherwise - the steps proposed by Mr. Charles after the junta will take over are as follows:

1. Disarm the Militia and the Tonton Macoutes immediately;
2. Reorganize the Army and the Government services;
3. Prevent the interference of communist forces made of exiles Haitians based in Cuba or elsewhere;

/...

14-00000

4. Provent the return to the Haitian political scone of such "rabble-rousor" so-called leaders as Daniel Fignole and Henri Vixamar;

5. Start the ground work for free elections as soon as possible. Mr. Charles feels that although it will probably be impossible to prevent acts of reprisals during the first 72 hours of the military take over, strong efforts should be made to avoid unnecessary bloodshed.

Mr. Charles, in my opinion, is one of the few individuals around whom a reconciliation of all the social divisions and subdivisions of the Haitian family can be achieved. I will mention some of the basic reasons behind this opinion:

1. He is of modest rural extraction, therefore is what is called in Haiti a "son of the masses";

2. He is black, therefore representing the vast majority of the Haitian people who, at this point, considers the light-skin Haitian as a threat for the return of the domination of the mulatto minority;

3. He is deprived of the prejudice of color, therefore the mulatto minority will find in him a certain feeling of security and can be assured that it will not be persecuted solely on the basis of the color of their skins;

4. He is wealthy, therefore credited for not ambitioning power for mere personal gains;

5. He is known to be a hard, intelligent industrialist and administrator capable of promoting and encouraging the establishment of new business and industries in Haiti;

6. He has shown respect for certain moral values such as the undeniable right of the individual to live without fear within the framework of the laws of the land;

7. He is a Roman Catholic who professes to have nothing to do with "Voodoo" as a religion or a cult and who has given all the other religious denominations functioning in Haiti all the evidence of his encouragement and support for their pastoral activities;

/...

8. Being a businessman in his own right, the business community with which he has dealt through the Chamber of Commerce and his bank will always have a dialogue with him and therefore will find him receptive to their suggestions and endeavours;

9. Having dealt with elements of the actual regime who have his confidence, he will be able to control them in a way which will avoid unnecessary hardships should someone else - a complete stranger to them - be in a position of Government leadership;

10. He is known to be strongly anti-communist and pro-American, therefore opening the door to close cooperation with the United States, under the doctrine of the Alliance for Progress, to promote better understanding and opportunities for the Haitian people with the help of the United States;

11. He will welcome the return of all Haitian exiles to take their place anew within the Haitian community and to work with him to the task of making the country a safer and better place to live;

12. He does not contemplate any reprisals or even sanctions against anybody for their past political affiliations, his efforts to be mainly directed not to solve the errors of the past, but to provide a better present and future for those who want to live in Haiti.

The task, if and when he succeeds to gain power, will not be an easy one. I am sure, however, that Mr. Charles will be able to find the support of enough honest and patriotic Haitians to help him carry out his dream of building up a better Haiti.

Mr. Charles' past affiliation with the Duvalier regime should not, therefore, be held against him. As a matter of fact, this affiliation may give him the foresight that he should do his utmost not to repeat the same mistakes.

In conclusion, I feel that the U.S. Government, through its qualified Agencies, should give Mr. Charles' offer to topple the Duvalier regime, all the required careful consideration and make a decision as fast as possible.

MEMORANDUM FOR THE RECORD

Subject: Report from George Musulin

1. George Musulin, Washington DCS representatived, called this afternoon to advise the following:

a. Dorothy Matlack (Dept. of Army G-2) has now been cut out of the contact between the DCS and Mr. B in New York. Presume that Mr. B refers to Luis Brun, the New York lawyer and representative of Clemard Joseph Charles.

b. Mr. C. (Clemard Joseph Charles) has been placed under house arrest as of 21 June. He cannot leave the country. All of his properties and possessions have been taken from him. The only thing Chrles has left is his interest in the Commercial Bank. The situation in Haiti is believed to be deteriorating very rapidly. (Note: Musulin or Brun apparently have no explanation as to how Charles managed to retain his banking interest after having everything else stripped from him.)

c. Two children of Max Dominique from his previous mariage arrived in New York last night by plane from Port au Prince.

d. Papa Doc is very concerned about the impression one gets from business interest in the city. Apparently the place looks like a ghost town after dark. Accordingly he has issued orders that all stores stay open from 8-12 in the morning and 4-9 in the evening.

2. Will advise when more info available. Musulin believes that Duvalier placed Charles under arrest because he got wind of his proposed conspiracy. He does not know where the leak occurred.

15 June 1967

MEMORANDUM FOR THE RECORD

SUBJECT: Clemard Joseph CHARLES (201-357029)

1. Background: Clemard Joseph CHARLES, born Gonaives, Haiti, 21 April 1923, is a Negro of peasant origin. CHARLES is a shrewd, opportunistic, basically dishonest individual whose natural talents have been channelled to President DUVALIER's advantage over a period of ten years. Having made considerable money in the banana business, CHARLES was able, in 1960, to create the Commercial Bank of Haiti, of which he is still the sole owner. Since its beginning, the Bank has been an instrument for DUVALIER's financial manipulations, and CHARLES is a subservient agent for the President in many of the latter's clandestine operations conceived to evade U. S. Government surveillance. CHARLES, for example, was DUVALIER's agent in the operation designed to smuggle surplus U. S. military aircraft to Haiti and, in fact, made a trip to a USAF base in Arizona to effect purchase, which was later blocked. After long, close association with DUVALIER, during which CHARLES had become extremely wealthy, he managed to incur DUVALIER's displeasure. Gradually CHARLES' influence diminished in favor of Henri SICLAIT, Director of the Regie de Tabac. As CHARLES began to realize that he no longer enjoyed DUVALIER's favor, he began, for the second or third time, to seek channels to the U. S. Government and to solicit support for himself as a successor to the President.

2. Agency Contact: CIA contact with CHARLES in the U.S. dates back to May 1963 when he was visited in his suite in the Hotel Willard in Washington by a representative of WH Division. Since that time, he has made his every visit to the U.S. an occasion to talk to some official of the U. S. Government. The most persistent of his approaches has been made to DCS/New York, which he believes leads him to the Department of Defense. Never has this unscrupulous, overly-ambitious charlatan offered any evidence that he has anything going for him inside Haiti. The names he has furnished as his alleged collaborators have meant little or nothing. His approach to a Station representative in Port-au-Prince in January 1967 produced nothing in the way of hard information. His reports, passed to DCS/NY through his business representative in New York, have been evasive and, in some instances, utterly false. Fabrication has in some cases been obvious.

3. In brief, CHARLES is trying to coerce the U. S. Government into some sort of support for his presidential aspirations. Should anyone listen to him, it would simply mean that the U. S. would have to take over the entire operation and move him in behind a regiment of Marines. State Department, Haiti Desk, has long considered him highly undesirable. Let higher-placed buyers beware!

SUBJECT: Clemard Joseph CHARLES

1. At 1530 hours, the DCS representative, George Musulin, called WH/7/Haiti Desk to report the following:

"On 14 June 1967, Mr. BRUN met Colonel HOWARD L. BURRIS in Washington, D. C. They discussed in private the current developments in Haiti. Colonel BURRIS, who thinks very highly of CLEMARD JOSEPH CHARLES, told BRUN that he fully supports the banker's (CHARLES) plans and that he will see the President as soon as possible. BURRIS told BRUN that he will urge the President to consider giving U. S. Government support to CHARLES."

2. No other information available.

MEMORANDUM:

SUBJECT: Clemard Joseph CHARLES

REFS: Attached two teletypes from DCS/New York City

1. At 1115 hours, 15 June, Dorothy MATLACK, Department of the Army, called the DCS Washington representative, George MUSULIN, to inform that she had just received a phone call from Louis BRUN, President, B & B International, NYC, requesting an "audience". MATLACK contacted DCS for advice. Allegedly, BRUN wants to pass the two letters from Haitian Banker CLEMARD JOSEPH CHARLES to MATLACK. DCS called the Haitian Desk for advice to formulate a reply to MATLACK.

2. WH/7/Haiti has identified the two American contacts mentioned in references as follows:

a. DOROTHY MATLACK: Employed in the Office of the Assistant Chief of Staff, G-2, U.S. Army. Has been a participant on the Interagency Defector Committee and has been issued an Agency badge. Both TSD and OCR have shown interest in her.

b. COLONEL HOWARD LAY BURRIS: Born Texas, 1918, graduate of U. S. Military Academy. Believed to be retired from the USAF. His name, along with Pierre SALINGER, etc. was included on a list from the Office of the Vice President requesting an SI clearance, 10 February 1961. Considered to be a Texas millionaire.

3. DCS suggested that MATLACK inform BRUN to contact Major BALOG (DCS representative, New York City) with whom BRUN has been in contact, and pass the letters to him. Final decision rests with WHD.

SOURCE FOREIGN BUSINESSMAN WITH WIDE CONTACTS IN PORT-AU-PRINCE WHO IS BELIEVED TO REPORT ACCURATELY WHAT HE LEARNS. THIS INFORMATION WAS OBTAINED FROM A CLOSE FRIEND OF CHARLES. THE CLOSE FRIEND AND CHARLES WERE AWARE THAT THE INFORMATION WOULD REACH U.S. GOVERNMENT OFFICIALS.

1. (SUMMARY: CLEMARD JOSEPH CHARLES, PRESIDENT OF THE COMMERCIAL BANK OF HAITI, AGAIN IS PLANNING TO SEEK U.S. GOVERNMENT SUPPORT FOR HIS PLOT TO OVERTHROW THE HAITIAN GOVERNMENT. ACCORDING TO CHARLES, HE NOW HAS 290 SOLDIERS (OFFICERS AND MEN) WHO ARE READY TO STRIKE AT ANY TIME AND KILL PRESIDENT FRANCOIS DUVALIER, AND HE HAS NAMED SOME OF HIS SUPPORTERS AND "FELLOW CONSPIRATORS" THROUGHOUT HAITI. CHARLES SAID THAT HE AND HIS ARMY FRIENDS WILL GET RID OF DUVALIER,

BUT THEY ARE NOT STRONG ENOUGH WITHOUT FOREIGN HELP TO STAY IN POWER. HE WARNED THAT IF U.S. GOVERNMENT HELP IS NOT FORTHCOMING, THE CASTROITE HAITIANS HAVE A VERY GOOD CHANCE OF SEIZING POWER.)

2. (HEADQUARTERS COMMENT: THE FOLLOWING ASSESSMENT OF CLEMARD JOSEPH CHARLES HAS BEEN DRAWN FROM INFORMATION FROM VARIOUS RELIABLE SOURCES: SINCE ABOUT 1963, CHARLES HAS TRIED TO GAIN U.S. GOVERNMENT SUPPORT FOR HIMSELF AS THE SUCCESSOR TO PRESIDENT DUVALIER; HE HAS THE REPUTATION OF BEING AN OPPORTUNIST, SHREWD, CAPABLE, AND UNSCRUPULOUS, AND HAS DUVALIER'S CONFIDENCE WHICH HE HAS USED TO FURTHER HIS OWN EFFORTS AGAINST DUVALIER. THE INFORMATION WHICH FOLLOWS APPEARS TO BE NOTHING MORE THAN AN EXTENSION OF CHARLES' ATTEMPTS TO PANIC THE U.S. GOVERNMENT AND THEREBY GAIN THE SUPPORT OF THE U.S. GOVERNMENT WHICH MAY CONSIDER CHARLES AS THE LESSER OF A NUMBER OF EVILS. HIS ALLEGED SUPPORTERS, LISTED BELOW, ARE BELIEVED TO BE INSIGNIFICANT AND HIS ALLEGED ARMY SUPPORTERS ARE SUSPECT. CHARLES' REFERENCE TO FIDEL CASTRO AND DOMINICAN PRESIDENT JOAQUIN BALAGUER AS HIS COMPETITORS IN A RACE TO OVERTHROW DUVALIER IS CONSIDERED TO BE WITHOUT BASIS - A CALCULATION BY CHARLES TO FORCE THE U.S. GOVERNMENT'S HAND IN HIS FAVOR.

FOR OTHER RECENT REPORTING ON CHARLES' PLANS TO OVERTHROW DUVALIER, SEE TDCSDB-315/01965-67, CSDB-312/01428-67, AND CSDB-312/01625-67.)

3. CLEMARD JOSEPH CHARLES, PRESIDENT OF THE COMMERCIAL BANK OF HAITI, WHO IS PLOTTING TO OVERTHROW THE HAITIAN GOVERNMENT, IS TO UNDERGO A MINOR THROAT OPERATION ON 14 JUNE 1967 IN PORT-AU-PRINCE. CHARLES WANTED TO HAVE THE OPERATION IN THE U.S., BUT DUVALIER "STRONGLY SUGGESTED" THAT IT BE DONE LOCALLY.

4. CHARLES, WHO IS INCREASINGLY FEARFUL THAT DUVALIER WILL BECOME AWARE OF HIS PLOT AND WILL "ELIMINATE" HIM, AGAIN PLANS TO SEEK U.S. GOVERNMENT SUPPORT. HE DESCRIBED THE CONDITIONS IN HAITI AS NEAR CHAOTIC AND REITERATED THE NEED TO GET RID OF DUVALIER. HE SAID THAT HE NOW HAS 290 SOLDIERS (OFFICERS AND MEN) WHO ARE READY TO STRIKE AT ANY TIME AND KILL DUVALIER. CHARLES SAID THAT HE AND HIS "HIGH-RANKING ARMY OFFICER FRIEND" FEEL THEY HAVE ENOUGH AMMUNITION AT THEIR COMMAND TO HOLD OUT FOR 24 HOURS. (HEADQUARTERS COMMENT: CHARLES MAY BE REFERRING TO MAJ. COICOU,(FNU), COL. OCTAVE CAYARD, OR CAPT. WALTER PREVAL REPORTED IN

CSDB-312/01625-67.) HOWEVER, AFTER 24 HOURS, THEY DEFINITELY WOULD NEED U.S. HELP AGAINST THE FOLLOWING THREE POSSIBILITIES:

A. COUNTERACTION BY FANATICAL DUVALIER FOLLOWERS

B. AN INVASION ATTEMPT BY CUBAN-TRAINED HAITIAN EXILES

C. DOMINICAN PRESIDENT JOAQUIN BALAGUER'S ACTION TO SUPPORT THE DUVALIER FOLLOWERS SO THAT CHARLES AND HIS MILITARY JUNTA WOULD NOT BE ABLE TO TURN HAITI INTO A STAGING AREA FOR DOMINICAN ANTI-GOVERNMENT EXILES.

5. CHARLES NAMED THE FOLLOWING AS SOME OF HIS CIVILIAN SUPPORTERS AND "FELLOW CONSPIRATORS" THROUGHOUT HAITI:

A. IN PORT-AU-PRINCE

(1) SYLVESTER JEAN-BAPTISTE, A TANNER

(2) PIERRE GABRIEL, A MERCHANT

MEMORANDUM FOR:

FROM : Kenneth T. Ripley

SUBJECT : Assessment of Clemard Joseph-Charles.

Clemard Joseph-Charles, President of the Commercial Bank of Haiti and President of the Haitian Chamber of Commerce, is the source.

For four years Charles has tried to gain U.S. support for himself as successor to President Duvalier.

He is an opportunist of the first water-shrewd, capable and unscrupulous. He has played Duvalier's game to the hilt, often entrusted with missions abroad which were, in effect contrary to U.S. government interests. (He played a principal role in the attempt to smuggle B-26 aircraft out of the U.S. for Duvalier's use. In that connection he went to Arizona to try to purchase U.S. Air Force surplus planes, using U.S. citizens of suspicious nature as his agents.)

Charles has been forced in recent months to make loans to the Duvalier government, the last one having been in the vicinity of $700,000. As a result he claims that his bank is in a precarious position. Therefore, he wants out.

Charles has many business interests in Haiti apart from his banking operation (essential oils, sisal etc.). Haitian exiles estimate that as many as 4,000 persons may be dependent upon him for their livelihood. (This includes dependents of his employees).

Charles is poorly regarded by the State Department. The department's stance towards him as a successor to Duvalier has been even more negative than is customary.

The current report turned in by Louis BRUN, his representative in New York, appears to be nothing more than an extension of his attempts to panic the U.S. and thus to gain for himself support as the lesser of a number of

201-357029

evils. The list of names of his alleged supporters is meaningless. His adherents in the army are not identified and are suspect.

His referral in this, and in a previous report, to Castro and Balaguer as his competitors in a race to overthrow Duvalier is considered to be nonsense. All this is calculated to force the U.S. hand in his favor.

His attempt to find a channel to the Pentagon are in the pattern of his action for several years. Should he succeed he might be convincing enough to cause trouble.

SUBJECT	Further Plans of Clemard Joseph Charles To Overthrow the Haitian Government; His Military Supporters and His Bids For Support from Haitian Exiles	DATE DISTR.	8 June 1967
		NO. PAGES	3
		REFERENCES	
DATE OF INFO.	Mid-late May 1967		
PLACE & DATE ACQ.	(15, 22 May 1967)	FIELD REPORT NO.	

THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

SOURCE: A foreign businessman with wide contacts in Port-au-Prince who is believed to report accurately what he learns. This information was obtained from a close friend of Charles who probably was aware that it would reach U.S. officials.

1. Clemard Joseph Charles, president of the Commercial Bank of Haiti, claims that since Maj. Coicou (fnu),[1] a close friend, has replaced Capt. Harry Tassy in the Presidential Guard, he (Charles) now has an access to arms and ammunition in the basement of the Palace and is in a position to carry out a coup against President Francois Duvalier "in the near future." Although no definite date has been set yet for the coup, Charles is convinced that it must be carried out "within the next few months" to save Haiti from economic and political chaos. Charles, and especially his military friends, feel that 1967 is the year of decision.

2. Although Col. Pierre-Louis (fnu),[2] commander of the Dessalines Barracks, was not named as a fellow-conspirator, Charles believes that Pierre-Louis knows of and approves his plans to overthrow Duvalier, and that he (Charles) "controls" the Dessalines Barracks through Pierre-Louis. Col. Octave Cailleard is one of the key military figures on whom Charles pins his hopes. Cailleard is thoroughly disillusioned with Duvalier and is willing to cooperate. Cailleard fears that if Duvalier remains in power, Haiti's economy will be completely ruined and Haitian exiles receiving guerrilla training in Cuba may attempt to seize power in Haiti.

3. Charles has the support of Capt. Preval (fnu),[3] of the Presidential Guard, and realizes that high-ranking officers loyal to Duvalier could cause bloodshed; Charles and his associates expect violence during the initial stages of the coup.

4. In addition to ships of the Haitian Coast Guard, Charles now has the use of a 352-ton converted landing craft (LC) which normally sails between Jamaica and Port-au-Prince carrying flour, fuel oil, etc.

GROUP 1 Excluded from automatic downgrading and declassification

5. Charles had no contact with Haitian exile groups until early May 1967, when he sent an emissary to New York City to talk to Louis Sansaricq, a prominent anti-Duvalier exile, whose entire family was killed by Duvalier's henchmen. Sansaricq agreed to support Charles in a final showdown with Duvalier and promised to line up some of his fellow exiles to support Charles. A close friend of Charles was planning to go to New York in mid-May 1967 ostensibly to discuss port development projects in Port-au-Prince with a U.S. construction firm; however, the real purpose of the trip is to contact Haitian exiles to gain their support for Charles.

6. On 19 May 1967, a group of prominent Haitian exiles held a meeting in New York City to celebrate Haitian Flag Day. One of the organizers of the meeting was Dr. Jumelle (fnu),[4] a medical doctor whose brother was a former Haitian Minister of Finance and who was killed by Duvalier. Another exile who attended the meeting was Vixomar (fnu)[?] who claims to be a legal advisor to the Republic of Chad and who said that he was going to be the next president of Haiti. The group of Haitian exiles, believed to call itself the "National Organization of Haitian Exiles", has some members who back Charles.

7. Following are prominent Haitians who Charles believes must be eliminated after the coup:

   a. Col. Gracia Jacques of the Presidential Guard - Jacques, who is no longer blindly loyal to Duvalier, will be needed in the execution of the coup, and can be bought; however, once power is in the hands of a military junta and Charles, Jacques will be eliminated.

   b. Luc Desir, head of the Tonton-Macoute.

   c. Clovis Desinor, Minister of Finance - an "anarchist" with presidential aspirations who has an "underground movement in Haiti."

   d. Gen. Gerard Constant, Chief of Staff.

   e. Col. Jacques Laroche, Deputy Chief of Staff - a "convinced Communist."

8. If the coup is successful, Charles hopes to give Andre Theard, former Haitian Ambassador to the United States, a diplomatic post; Theard is strongly pro-U.S. Charles regards Gerard Philippeaux, Minister of Health, as a very sick man with no further political aspirations.

9. Close friends of Charles are convinced that Charles has no choice but to carry out a coup with or without foreign help, and that his chances of success are good because several of Duvalier's new appointees to key positions are friends of Charles; also, that Charles must act soon because the morale of many of Duvalier's military and civilian supporters has reached an all-time low and because the Haitian Treasury is almost empty.

Headquarters Comments

1. Coicou may be Maj. Serge Coicou.

2. Probably Lt. Col. Luc Pierre-Louis.

3. Another source has identified Preval as Capt. Walter Preval.

4. Probably Dr. Gaston Jumelle.

5. Probably Henri Vixamar.

CSDB-312/01428-67 recently reported other plans of Clemard Joseph Charles.

1. ON 24 MAY 1967, CLEMARD JOSEPH CHARLES, PRESIDENT OF THE COMMERCIAL BANK OF HAITI, SAID THAT HE WAS "100 PERCENT READY TO GO THROUGH WITH THE 'BUSINESS TRANSACTION' " AND DID NOT WANT TO WASTE TIME BECAUSE "LOCAL BUSINESS COMPETITORS" MIGHT GET AHEAD OF HIM. CHARLES REITERATED THAT IT WAS IMPERATIVE THAT HIS TWO PRINCIPAL "FOREIGN COMPETITORS," I.E., FIDEL CASTRO AND DOMINICAN PRESIDENT JOAQUIN BALAGUER, BE NEUTRALIZED TO PREVENT THEM FROM SPOILING HIS "PROMISING BUSINESS DEAL."

(SOURCE COMMENT: THIS DEAL IS, OF COURSE, CHARLES' ATTEMPT TO OVERTHROW THE DUVALIER GOVERNMENT.)

2. ON 30 MAY, CHARLES AGAIN WARNED OF THE NECESSITY OF NEUTRALIZING CASTRO AND BALAGUER BECAUSE OF THE "EXTREME URGENCY OF THE BUSINESS MATTER." (SOURCE COMMENT: IT IS BELIEVED THAT EVEN IF CHARLES IS SUCCESSFUL IN HIS COUP AGAINST DUVALIER, HE STILL WILL FEAR INTERVENTION BY CASTRO AND BALAGUER.) IN THIS RESPECT, CHARLES HAS URGED HIS CLOSE ASSOCIATES TO DO EVERYTHING IN THEIR POWER TO PREVENT CASTRO AND BALAGUER FROM ANY ACTION AGAINST HIS PLAN, AND HAS ENDEAVORED TO SECURE SUPPORT FROM HAITIAN EXILES IN THE UNITED STATES.

3. LOUIS SANSARICQ, A HAITIAN EXILE IN THE UNITED STATES, AND HIS SON HAVE PROMISED CHARLES THEIR FULL COOPERATION. SANSARICQ'S SON, WHO IS CONNECTED WITH THE HAITIAN COALITION IN NEW YORK, NOW IS PLANNING TO INTENSIFY PROPAGANDA AGAINST DUVALIER AND HIS HENCHMEN. FROM TIME TO TIME, THIS PROPAGANDA WILL ATTACK CHARLES FOR HIS "SUPPORT" OF THE DUVALIER REGIME IN ORDER NOT TO AROUSE DUVALIER'S SUSPICION; THESE ATTACKS, HOWEVER, WILL BE LESS SHARP THAN THOSE DIRECTED AGAINST OTHER SUPPORTERS OF THE REGIME. THE NEPHEW STRONGLY ADVISED BRUN TO FOREGO HIS TRIP TO PORT-AU-PRINCE AT THIS TIME; HE FEELS THAT THE LIFE OF BRUN, A NATURALIZED US CITIZEN OF HAITIAN DESCENT MAY BE IN DANGER IF HE GOES TO PORT-AU-PRINCE SINCE PAPA IS "COMPLETETLY UNPREDICATABLE AND FEELS CORNERED BY HIS ENEMIES AND FRIENDS SUCH AS CHARLES AND OTHERS". SUBJECT: CASE 47,540

1. CLEMARD JOSEPHQ CHARLES AND LOUIS A. BRUN HAVE BEEN IN FREQUENT PHONE CONTACT WITH EACH OTHER IN RECENT DAYS. IN ADDITION BRUN RECEIVED SEVERAL LETTERS FROM CHARLES WHICH WERE HANDCARRIED BY TRUSTED FRIENDS.

2. IN A LETTER, DATED 24 MAY, CHARLES STATED THAT HE WAS "100 PER CENT READY TO GO THROUGH BUSINESS TRANSACTION AND I DON'T WANT TO WASTE TIME BECAUSE LOCAL BUSINESS COMPETITORS MAY GET AHEAD OF ME." CHARLES REPEATED HIS PREVIOUS REQUEST THAT "MR BELL AND COMPANY" (THE CODE NAMES CHARLES BESTOWED ON MAJOR BALOG AND THE PENTAGON) MUST MAKE IT IMPOSSIBLE FOR THE TWO PRINCIPAL FOREIGN COMPETITORS, I.E., CASTRO AND BALAGUER, TO SPOIL THE "PROMISING BUSINESS DEAL." THIS DEAL IS OF COURSE HIS ATTEMPT TO OVERTHROW THE DUVALIER GOVERNMENT.

3. IN ANOTHER LETTER, DATED 30 MAY, CHARLES WARNS BRUN OF THE "EXTREME URGENCY OF THE BUSINESS MATTER VIS-A-VIS MR. BELL AND

COMPANY" AND AGAIN REQUESTS THE "NEUTRALIZATION OF FOREIGN COMPETITION BY SAID COMPANY". BRUN FEELS THAT EVEN IF HIS COUP AGANST DUVALIER SUCCEEDS CHARLES STILL FEARS INTERVENTION BY CASTRO AND BALAGUER. CHARLES URGED BRUN "TO DO EVERYTHING TO PERSUADE MR. BELL'S COMPANY HOW IMPORTANT IT IS TO GET RID OF POSSIBLE FOREIGN COMPETITION." CHARLES ALSO ADVISED BRUN THAT HE HAS TO UNDERGO AN OPERATION TO REMOVE A BENIGN GROWTH FROM HIS THROAT.

4. AT CHARLES' REQUEST BRUN HAS BEEN IN CONSTANT CONTACT WITH HAITIAN EXILES IN NYC TO SECURE THEIR SUPPORT FOR THE BANKER. LOUIS SANSARICQ, AND HIS SON PROMISED FULL COOPERATION. SANSARICQ'S SON WHO IS CONNECTED WITH THE HAITIAN EXILE RADIO BROADCASTING ANTI-DUVALIER MATERIAL FROM THE US TO HAITI NOW REGULARLY DELIVERS TAPED PROPAGANDA TO BRUN BEFORE TRANSMISSION. BRUN AND YOUNG SANSARICQ ARE NOW PLANNING TO INTENSIFY PROPAGANDA AGAINST DUVALIER AND HIS HENCHMEN. FROM TIME TO TIME EXILE RADIO WILL CONTINUE TO ATTACK CHARLES FOR HIS SUPPORT OF REGIME SO AS NOT TO AROUSE PAPA'S SUSPICION. THESE ATTACKS, HOWEVER, WILL BE LESS SHARP THAN THOSE DIRECTED AGAINST OTHER SUPPORTERS OF THE REGIME. IN ANY EVENT, THE SANSARICQS WILL TRY TO MAKE CHARLES ACCEPTABLE TO THE

"HAITIAN COALITION" IN NYC. FOR THEIR LABOR THEY WERE PROMISED "IMPORTANT GOVERNMENT POSTS IN CHARLES' FUTURE CABINET."

5. BRUN INFORMED US THAT CHARLES'S SUPPORTER EDMOND VILAIRE, PORT-AU -PRINCE SHIPOWNER, WILL RETURN FROM NYC TO HAITI ON 8 JUN 67 AND THAT LOUIS LEVEQUE WILL VISIT NYC AGAIN MID-JUN. BEFORE HIS RETURN TO HAITI LEVEQUE EXPRESSED HIS DESIRE THROUGH BRN TO MMEET BALOG AGAIN IN NYC.

FIELD REPORT NO.

THIS IS UNEVALUATED INFORMATION. SOURCE GRADINGS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE.

SOURCE: A foreign businessman with wide contacts in Port-au-Prince. Source reports infrequently, but his information is believed to be reliable. He received the information from a person close to Charles.

1. In discussing the possibility of overthrowing the Duvalier Government in the near future, Clemard Joseph Charles, president of the Commercial Bank of Haiti, said he now is ready to execute his long-planned scheme to seize power with his military and civilian friends in Port-au-Prince, with or without the help of the U.S. Government.[1] If he fails in his efforts to obtain U.S. support for his plan, Charles still intends to go ahead with the plot, but he said the execution of his scheme will take more time. However, Charles believes that it is in the best interest of the U.S. to give him all necessary help in his effort to get rid of President Duvalier who has brought Haiti to the brink of total economic collapse.[2]

2. Charles said that he has rifles and hand grenades hidden "somewhere in Haiti" and that through his good friend Colonel Octave Cayard,[3] commander of the Haitian Coast Guard, three Haitian boats, which carry cannons, will be under his control. Cayard cannot furnish enough ammunition for the cannons, but Charles hopes to obtain the necessary amount from the U.S. Government. He would like to get the ammunition from the U.S. aircraft carrier, BOXER, which has been on duty in the Caribbean area for some time.

3. Besides Cayard, Charles has the support of an unnamed high-ranking Haitian Army officer.[4] Charles and his military and civilian friends plan to set up a provisional junta and get rid of the "enemies of Haiti," that is, Duvalier and his supporters. After the consolidation of power in the hands of the junta, Charles plans to run for President and is convinced that he can win since he has many supporters in Port-au-Prince as well as in the rural areas of Haiti. Charles claims that he "controls" the Catholic and Episcopal clergy, teachers and students, several businessmen, and key militiamen in the rural areas who are waiting for his signal to overthrow the present regime.

4. Charles has stated that should he become President of Haiti, he would pursue a pro-U.S. policy, eliminating the Duvalierists and the Communists and establishing a "liberal democratic" regime.

5. Charles still is pretending to be a loyal supporter of Duvalier; however, his position has become shaky and he believes that his life is in danger. He feels that he may fall victim to Duvalier unless he (Charles) strikes first. For the time being, Charles will continue to support Duvalier in an effort to allay the President's suspicions. As president of the Haitian Chamber of Commerce, Charles soon will deliver a speech praising the achievements of Duvalier. He is anxious for the U.S. to know that his overtures toward Duvalier are pretense and that he is determined to go into action against the present regime.

<u>Headquarters Comments</u>

CS-311/05457-67, from another reliable source, reported that Charles and Herve Boyer, former Minister of Finance under Duvalier, were contending for power in the Haitian Government.

1. In the past several months, Charles has made numerous attempts to elicit support from several U.S. Government agencies for his plot against the Duvalier Government.

2. No reason was given for Charles' belief that it would be in the best interest of the U.S. to support his scheme to overthrow Duvalier. However, he may be referring to his claim that should he become President of Haiti following the overthrow of Duvalier, he intends to pursue a pro-U.S. policy and establish a "liberal democratic" regime.

3. <u>Source Comment</u>: Cayard, who enjoys the confidence of Duvalier, is a secret ally of Charles.

SUBJECT: New Messages from Clemard J. Charles/Current Haitian Exile Activities in New York City

1. On 20 May 1967, Louis A. Brun, President, B & B International Corporation, New York City, furnished the following information:

2. Clemard Joseph Charles, President, Banque Commerciale d'Haiti, Port-au-Prince, claims that his military and civilian anti-Duvalier forces are organized in "strong cells ready to strike when the time arrives." He also claims to have supporters among Haitian exiles in the US and "on the islands surrounding Haiti."

3. Charles reiterated his previous assertion that he will depose Duvalier with or without the help of the US, but he would prefer to make contact with a "US liaison man in Port-au-Prince to speed up things."

4. The financial crisis deepens each day. Revenues are falling, and foreign capital continues to stay away. Attempts to sell Treasury bonds abroad and attract tourists have utterly failed. In an effort to attract foreign investment, Mr. Auguste, Haiti's former ambassador to the UN and recently appointed ambassador to West Germany, persuaded a businessman from Kuwait (name not given) to have an audience with President Duvalier on 25 May 1967 in order to discuss a business deal. Charles expects to be present on this occasion.

5. Duvalier is not well. In addition to diabetes, he has what Charles describes "arteriosclerosis psychosis." He is very much upset by the failure of his son-in-law, the Minister of Tourism, to sell Haiti to foreign tourists. He is also disturbed about the recent behavior of his other son-in-law, Lt. Col. Maximilien Dominique. According to Charles, Dominique incurred the presidential wrath by moving out of the palace with his wife and Mrs. Duvalier without Papa's permission. After Duvalier personally brought the party back to the palace, Dominique resigned his palace assignment via his wife. Duvalier angrily refused to accept the letter of resignation from his daughter saying that, "as long as I am the president, people cannot resign--they are fired."

201-357029

6. Charles states that Gracia Jacques, chief of the Presidential Guard, "will be needed in the execution of the plan." He feels that Jacques is no longer blindly loyal to Duvalier and that he can be bought. Once the power is in the hands of a military junta and Charles, Jacques "will be eliminated."

7. The banker further states that honest and competent citizens, who are also pro-US, will be brought into the government. Some of the exiles now in the US will be in the government.

8. Charles insists that he and his friends are strong enough on the domestic scene to do away with the Duvalier government "sooner or later." His greatest fear is that either Castro or Balaguer might interfere in Haiti's affairs following a coup against Duvalier. He earnestly hopes that the US will neutralize Castro and Balaguer. Charles is convinced that Duvalier and Balaguer are "close friends." He feels that the time has definitely come for the US Government to get in touch with him now in Port-au-Prince. If his wish is granted, he will divulge his plan (names, etc.) to the "liaison man."

9. On 19 May 1967, a group of prominent Haitian exiles had a meeting in New York City to celebrate Haitian Flag Day. One of the organizers was Dr. Fombrun, an M.D. whose brother, a former Minister of Finance, was killed by Duvalier. Another exile in attendance was (fnu) Vixamar, who claims to be a legal adviser to the Republic of Chad. Vixamar, who is described by Brun as a mystic, stated, "I am going to be the next president of Haiti." Brun believes that the group calls itself "National Organization of Haitian Exiles." According to him, some of the members are now backing Charles' presidential aspirations.

10. Louis Léveque, a member of the Economic Planning Board of Haiti, a confidant of Charles', will come to New York City after a few days' stay in Miami, Florida, and Memphis, Tennessee. On 24 May 1967, Leveque will meet with representatives of the J. G. White Engineering Corporation, 80 Broad Street, NYC, to discuss the port modernization project of Port-au-Prince. According to Brun, Leveque has "some very important information relative to the Charles' plan."

SUBJECT: Additional Information Concerning Plans of Haitian Banker, Clemard Joseph Charles, to Overthrow the Duvalier Government

1. Louis A. Brun, B and B International Corporation, 1182 Broadway, New York, NY, furnished the following additional information concerning new developments in Haiti and plans of Haitian banker, Clemard Joseph Charles, and his military and civilian associates to overthrow the Duvalier government.

2. Colonel Gaillard, Chief of the Haitian Coast Guard, is definitely one of the key military figures on whom Charles pins his hopes. Gaillard is thoroughly disillusioned with Duvalier and is willing to cooperate with Charles. Gaillard fears that if Duvalier remains in power, the economy of the country will be completely ruined and that Haitian exiles now being trained in guerrilla warfare in Cuba may attempt to seize power. As a prosperous dairy farmer, whose wealth is estimated to be approximately US$1 million, Gaillard has a large stake in the future of Haiti. He feels that "patriots such as Charles and himself" must eliminate Duvalier and his henchmen.

3. Although Charles did not name Colonel Pierre Louis, officer in charge of the Casernes Dessalines, Port-au-Prince, as a fellow-conspirator, there is reason to believe that Louis knows and approves the plans to overthrow Duvalier. Charles and Louis are good friends; the banker was best man at the wedding of the Colonel's daughter. When the government was unable to pay Louis and his soldiers on time, on several occasions, Charles advanced money so that Louis and some of his trusted associates "could eat."

4. Engineer Louis Leveque, a member of the Economic Planning Board of Haiti, is also aware of Charles' plans. Leveque is a respected public figure who has made several trips to the US in an effort to obtain capital for the Haitian economy. He has given up all hope and is convinced that the Duvalier government must be eliminated.

5. Charles claims the support of a substantial segment of the clergy, intelligentsia, teachers, and students as well as peasants in the rural areas. As a devout Roman Catholic, he maintains a close relationship with the church authorities and also befriended Père [illegible] P. Gilles, Bishop [illegible]'s successor at the Episcopalian Church's St. Trinite Cathedral in Port-au-Prince. In addition, he claims to have several important newspapermen on his payroll.

6. Charles is fully aware of the danger confronting him and his fellow-conspirators, but they are determined to "eliminate" Duvalier and his key supporters. Since Charles "controls" Casernes Dessalines through Colonel Louis, and the Coast Guard through Colonel Gaillard, he is confident that in the event of a successful coup by a military junta he and his associates will be able to round up the principal supporters of Duvalier. Although he has his man, Captain Prevál, in the Presidential Guard, he realizes that high-ranking officers loyal to Duvalier could cause bloodshed. Charles and his associates expect violence during the initial stages of their coup. No definite date has yet been set for action, but Charles is convinced that the coup must be carried out "within the next few months" to save the country from economic and political chaos. In any case, Charles and especially his military friends feel that 1967 is the year of decision.

7. At present, Charles has no contact with Haitian exile groups. However, initial steps to establish a good relationship with exiles in the US have been taken. In early May 1967, Brun met Louis Dansaricq [illegible], a prominent anti-Duvalier exile, whose entire family was killed by Duvalier's henchmen. Dansaricq agreed to support Charles in case of a final showdown with President Duvalier. Moreover, he promised to line up some of his fellow-exiles for Charles and his friends. Negotiations between Brun and Dansaricq are in progress.

8. Dr. Fourcand, an M.D. in Haiti, is no longer trusted by Duvalier. Now Duvalier and his family have the services of four doctors: Dr. Medard, an orthopedist; Dr. Tovernay, another orthopedist; Dr. Buntemps, a general practitioner; and Dr. Marie-Therese Duplessi. Duvalier's dietitian is Mrs. [illegible] Scott Mahu. A male nurse, [illegible] Jeudi, is entrusted with taking periodic blood sugar tests of Duvalier. Jeudi is well liked by the President, who made him a member of the Legislative Chamber.

9. Charles is of the opinion that Duvalier is determined to remain in Haiti and face any opposition from inside and outside the country. Although Duvalier is confident that he can meet any inside crisis, he has made a secret agreement with President Joaquin Balaguer of the Dominican Republic. Duvalier asked for and was granted asylum in the Dominican Republic in the event his government is overthrown. The two presidents maintain close liaison through Andre Simon, a member of the Legislative Chamber in Haiti. Simon, who, according to Charles, is responsible for the murder of several anti-Duvalier persons in the Jacmel area, frequently travels in a jeep with diplomatic license plate between Santo Domingo and Port-au-Prince. Simon received a diplomatic passport from Duvalier. While on business in Santo Domingo, he stays in the presidential palace.

10. It seems that the "battle of the sons-in-law" has been won by Foucard, Minister of Tourism. In early May 1967, Duvalier's other son-in-law, Dominique, who is an Army officer, moved out of the presidential palace together with his wife. They took up residence in Port-au-Prince but their independence did not last long. After a few days in their new home, President Duvalier and his bodyguards made a "friendly visit" to the Dominique home and took his daughter and son-in-law back to the presidential palace. Charles believes that Dominique is now virtually a prisoner. He also learned from those close to the palace that Duvalier either will appoint or has already appointed Dominique to a foreign diplomatic post, which amounts to "golden exile." At the same time Foucard continues to enjoy Duvalier's full confidence. He was allowed to visit New York City with his wife "to promote Haitian tourism." After an unsuccessful stay in the US, Foucard flew to Mexico City, where he was also unsuccessful in his bid to attract Mexican tourists; but as a consolation prize, he received a decoration from the Mexican government.

11. Charles made the following comments to Brum concerning certain individuals in Haiti:

a. Gracia Jacques, in charge of the Presidential Guard. No compromise with him in case of coup; he must be eliminated.

b. Luc Desir, head of Ton Ton Macoute. Must be eliminated.

c. Clovis Desinor, Minister of Finance. He is an "anarchist" with presidential aspirations who has some "underground movement in Haiti." To be eliminated.

d. Gerard Philippeaux, Minister of Health. In early May 1967, he was in New York City to seek treatment of a serious brain tumor condition. A very sick man, he no longer has political aspirations.

e. General Gerard Constant, chief of staff. To be eliminated.

f. Theard, a former ambassador to the US. He is strongly pro-US. Charles "hopes" to give him a diplomatic post when he is in a position to do so.

g. Colonel Jacques Laroche, deputy chief of staff, "a convinced Communist." To be eliminated.

12. Charles stated that Dr. Laughlin, a US citizen, an M.D., who lives with his son in Port-au-Prince, is "an undercover agent for Duvalier." At one-time Laughlin was running a tannery for Duvalier; his son is now in charge of an extensive rice plantation.

13. If Charles receives no US help against Duvalier, he will act on his own. However, he knows that without US help (ammunition, weapons) it may take several months before he and his friends are ready to strike. During the interim period, he will endeavor to undermine the Duvalier government on the economic front. To be specific, he plans to tell his foreign friends connected with the International Monetary Fund and the World Bank that they must abandon the present regime to complete economic chaos. In addition to furnishing a copy of his memorandum addressed to Duvalier to the US ambassador in Haiti on the wrongdoings of Henri Siclait, president of the Haitian Tobacco and Match Monoply, he gave copies to "foreign communists." Charles feels that once the "economic situation of Haiti is absolutely hopeless" he and his friends will be able to carry out the coup.

NY-419-67
15 May 1967
Case 47,540 (reopened)

SUBJECT: New Developments in Plans of Haitian Banker, Clemard Joseph Charles, to Overthrow the Duvalier Government

1. On 11 May 67, Edmond Vilaire, a Haitian national, who operates a 352 ton converted LC as a cargo ship in Port-au-Prince, arrived in New York City. On 12 May 67 in the company of Louis A. Brun, B & B International Corp., New York City, he stated the following. (Letterhead of the Port-au-Prince firm is attached.)

2. President Duvalier has just transferred Captain Harry Tassy of the Presidential Guard to a rural post and replaced him with Major Coicou, who happens to be a good friend of Clemard Joseph Charles. Charles claims that through Coicou, he now has access to arms and ammunition in the basement of the palace and is in a position to carry out a coup "in the near future."

3. After an explosion near the palace in mid-April 1967, Duvalier quietly embarked upon a major shake-up in the military and the civil service. He dismissed or transferred a number of Army, Militia, and Ton Ton Macoute officers and civil servants, including those who had previously served in the presidential palace. To date no official announcements have been made concerning these important changes.

4. In addition to Captain Tassy, the following officers lost their positions in Port-au-Prince:

   a. Captain Laroche of the Presidential Guard; transferred to an unknown post outside the capital.

   b. Major Sony Borge of the Army; Borge, a confident of Duvalier, was in charge of radio propaganda. He used to see the president at least twice a day. Borge was transferred to a town in the northwest region of Haiti.

   c. Paul Verigain of the TTM.

5. Veriquin, who was in charge of the VSN in the Petionville section of Port-au-Prince, was dismissed by Duvalier because the President suspected him of siding with the Dominique clique. Dominique, an Army officer and son-in-law of Duvalier, was offered a military attache position either in Spain or Italy, which he refused to accept as his wife is reluctant to leave Haiti at this time. This situation is complicated by the decision of Duvalier's wife to side with her daughter. The rift in his own family as well as the attempt of his enemies to disrupt the celebration of his 60th birthday and the 10th anniversary of his taking office prompted Duvalier to remark that the only man he trusts is Gracia Jacques, commander of the Presidential Guard. This statement antagonized even those who have hitherto been loyal to Duvalier. Moreover, even the most faithful Duvalier supporters now fear for their lives. Colonel Caillard, who is in charge of the Coast Guard, bitterly complained to Charles about Duvalier's remark and reassured the banker that he and his friends were ready to set up a military junta.

6. In addition to the Coast Guard ships, Charles would have the use of Vilaire's converted LC, which normally plies the waters between Jamaica and Port-au-Prince carrying flour, fuel oil, etc. Vilaire is convinced that Charles has no choice but to carry out the coup with or without foreign help and that his chances of success are good since several of the new Duvalier appointees to key military and civilian positions are Charles' friends. Vilaire feels that Charles must act now since the morale of many of the military and civilian supporters of Duvalier has reached an all-time low and the Haitian Treasury is almost empty. Since Duvalier has been unable to obtain foreign capital, he has again resorted, through his Secretary of State for Commerce and Industry Lebert Jean-Pierre, to a shake-down of commercial and industrial enterprises. In a circular letter, dated 2 May 67, the Secretary appealed for "voluntary contributions as a fitting homage to the Venerable President for Life, Chief of the Duvalierist Revolution." (A copy of the letter is attached.)

7. Jean-Pierre and Henri Siclait, confidants of Duvalier in charge of the Regie de Tabac and des Allumettes, are among the staunchest supporters of the president. Both men have stolen considerable amounts of public funds and succeeded in smuggling some of their money out of Haiti.

8. Secretary of State for Justice Rameau Estimé, who is a good friend of Captain Tassy, is in serious trouble. Estimé, a brother of a former president of Haiti, may lose his position. Since he himself has presidential ambitions, he may become a candidate for this office if he survives the present crisis.

9. Another potential rival for the presidency is Secretary of State for Labor and Social Welfare Max A. Antoine, who claims the support of the labor unions.

10. According to Vilaire, the wildest rumors are rampant in Haiti. For example, even intelligent persons give credence to the allegation that the US Government is not really anxious to see the downfall of Duvalier and that a portion of the US$40 million hitherto allocated to President Balaguer of the Dominican Republic as development loans was passed on, with the tacit consent of the US, to "Balaguer's good friend," Duvalier. Another rumor states that the CIA is now in the process of training Haitian exiles in the US for a possible invasion of Haiti. The name of Luc Fouche, a former Senator in Haiti and a former Ambassador to the US now in exile in New York City, has been mentioned as one of those receiving training in guerrilla warfare.

11. One of Vilaire's aims during his present visit to the US is to convince influential Haitian exiles that Charles is not a Duvalier supporter and that he would make a good president. Vilaire has already contacted, through Brun, Louis [illegible], a prominent anti-Duvalier exile in New York City, and hopes to meet other exile leaders.

12. Brun stated that the newly appointed representative of the UNDP (United Nations Development Program) in Port-au-Prince, a Greek, has just returned to New York and stated that he will not go back to Haiti because he discovered that funds granted by the UNDP were "misappropriated by the Duvalier government."

13. Brun also asserted that an organization comprised of US citizens and calling itself the "Society for Haiti" will try to raise money for "nutrition, education, reforestation, cultural and economic developments in Haiti." Bonhomme, Haiti's ambassador to the US, is connected with this organization. An OAS mission is expected to be in Port-au-Prince this week and Bonhomme will be on hand. (A copy of a list of the names of persons supporting the Society for Haiti is attached.)

14. Engineer Louis Leveque, a member of the Haitian Economic Planning Board and a close friend of Charles', is expected in New York on or about 19 May 67 ostensibly to discuss port development projects of Port-au-Prince with the J. G. White Engineering Corporation, 80 Broad NYC. . The real purpose of his visit, however, is to contact US friends and Haitian exiles in an effort to gain support for Charles.

15. Charles and Brun talked on the phone 12 May 67. The banker stated that he is "tied down" in Port-au-Prince until the end of May, at which time he may make another business trip to the US.

16. Brun is firmly convinced that Charles has already made the decision to overthrow the Duvalier government with his friends and that he must act fast to prevent chaos and a possible Communist take-over. Vilaire and Brun agree that the political and economic situation in Haiti is such that "the population wants a change, any change, and would even welcome a Communist coup." They added that Charles and his military friends wish to prevent a Castro-supported Communist seizure of power.

SUBJECT: New Developments in Plans of Haitian Banker, Clemard Joseph Charles, to Overthrow the Duvalier Government

1. On 11 May 67, Edmond Vilaire, a Haitian national, who operates a 352 ton converted LC as a cargo ship in Port-au-Prince, arrived in New York City. On 12 May 67 in the company of Louis A. Brun, B & B International Corp., New York City, he stated the following. (Letter-head of the Port-au-Prince firm is attached.)

2. President Duvalier has just transferred Captain Harry Tassy of the Presidential Guard to a rural post and replaced him with Major Coicou, who happens to be a good friend of Clemard Joseph Charles. Charles claims that through Coicou, he now has access to arms and ammunition in the basement of the palace and is in a position to carry out a coup "in the near future."

3. After an explosion near the palace in mid-April 1967, Duvalier quietly embarked upon a major shake-up in the military and the civil service. He dismissed or transferred a number of Army, Militia, and Ton Ton Macoute officers and civil servants, including those who had previously served in the presidential palace. To date no official announcements have been made concerning these important changes.

4. In addition to Captain Tassy, the following officers lost their positions in Port-au-Prince:

   a. Captain Laroche of the Presidential Guard; transferred to an unknown post outside the capital.

   b. Major Sony Borge of the Army; Borge, a confident of Duvalier, was in charge of radio propaganda. He used to see the president at least twice a day. Borge was transferred to a town in the northwest region of Haiti.

   c. Paul Veriquin of the VSN.

5. Veriquin, who was in charge of the TTM in the Petionville section of Port-au-Prince, was dismissed by Duvalier because the President suspected him of siding with the Dominique clique. Dominique, an Army officer and son-in-law of Duvalier, was offered a military attache position either in Spain or Italy, which he refused to accept as his wife is reluctant to leave Haiti at this time. This situation is complicated by the decision of Duvalier's wife to side with her daughter. The rift in his own family as well as the attempt of his enemies to disrupt the celebration of his 60th birthday and the 10th anniversary of his taking office prompted Duvalier to remark that the only man he trusts is Gracia Jacques, commander of the Presidential Guard. This statement antagonized even those who have hitherto been loyal to Duvalier. Moreover, even the most faithful Duvalier supporters now fear for their lives. Colonel Cailliard, who is in charge of the Coast Guard, bitterly complained to Charles about Duvalier's remark and reassured the banker that he and his friends were ready to set up a military junta.

6. In addition to the Coast Guard ships, Charles would have the use of Vilaire's converted LS, which normally plies the waters between Jamaica and Port-au-Prince carrying flour, fuel oil, etc. Vilaire is convinced that Charles has no choice but to carry out the coup with or without foreign help and that his chances of success are good since several of the new Duvalier appointees to key military and civilian positions are Charles' friends. Vilaire feels that Charles must act now since the morale of many of the military and civilian supporters of Duvalier has reached an all-time low and the Haitian Treasury is almost empty. Since Duvalier has been unable to obtain foreign capital, he has again resorted, through his Secretary of State for Commerce and Industry Lebert Jean-Pierre, to a shake-down of commercial and industrial enterprises. In a circular letter, dated 2 May 67, the Secretary appealed for "voluntary contributions as a fitting homage to the Venerable President for Life, Chief of the Duvalierist Revolution." (A copy of the letter is attached.)

7. Jean-Pierre and Henri Sialait, confidants of Duvalier in charge of the Regie de Tabac and des Allumettes, are among the staunchest supporters of the president. Both men have stolen considerable amounts of public funds and succeeded in smuggling some of their money out of Haiti.

8. Secretary of State for Justice Rameau Estimé, who is a good friend of Captain Tassy, is in serious trouble. Estimé, a brother of a former president of Haiti, may lose his position. Since he himself has presidential ambitions, he may become a candidate for this office if he survives the present crisis.

9. Another potential rival for the presidency is Secretary of State for Labor and Social Welfare Max A. Antoine, who claims the support of the labor unions.

10. According to Vilaire, the wildest rumors are rampant in Haiti. For example, even intelligent persons give credence to the allegation that the US Government is not really anxious to see the downfall of Duvalier and that a portion of the US$40 million hitherto allocated to President Balaguer of the Dominican Republic as development loans was passed on, with the tacit consent of the US, to "Balaguer's good friend," Duvalier. Another rumor states that the CIA is now in the process of training Haitian exiles in the US for a possible invasion of Haiti. The name of Luc Fouche, a former Senator in Haiti and a former Ambassador to the US now in exile in New York City, has been mentioned as one of those receiving training in guerrilla warfare.

11. One of Vilaire's aims during his present visit to the US is to convince influential Haitian exiles that Charles is not a Duvalier supporter and that he would make a good president. Vilaire has already contacted, through Brun, Louis Sansaricq, a prominent anti-Duvalier exile in New York City, and hopes to meet other exile leaders.

12. Brun stated that the newly appointed representative of the UNDP (United Nations Development Program) in Port-au-Prince, a Greek, has just returned to New York and stated that he will not go back to Haiti because he discovered that funds granted by the UNDP were "misappropriated by the Duvalier government."

13. Brun also asserted that an organization comprised of US citizens and calling itself the "Society for Haiti" will try to raise money for "nutrition, education, reforestation, cultural and economic developments in Haiti." Bonhomme, Haiti's ambassador to the US, is connected with this organization. An OAS mission is expected to be in Port-au-Prince this week and Bonhomme will be on hand. (A copy of a list of the names of persons supporting the Society for Haiti is attached.)

SECRET

14. Engineer Louis Leveque, a member of the Haitian Economic Planning Board and a close friend of Charles', is expected in New York on or about 16 May 67 ostensibly to discuss port development projects of Port-au-Prince with the G. E. White Engineering Corporation, 80 Broad Street, NYC. The real purpose of his visit, however, is to contact US friends and Haitian exiles in an effort to gain support for Charles.

15. Charles and Brun talked on the phone 12 May 67. The banker stated that he is "tied down" in Port-au-Prince until the end of May, at which time he may make another business trip to the US.

16. Brun is firmly convinced that Charles has already made the decision to overthrow the Duvalier government with his friends and that he must act fast to prevent chaos and a possible Communist take-over. Vilaire and Brun agree that the political and economic situation in Haiti is such that "the population wants a change, any change, and would even welcome a Communist coup." They added that Charles and his military friends wish to prevent a Castro-supported Communist seizure of power.

SUBJECT: Plans of Haitian Banker Clemard Joseph Charles to Overthrow the Duvalier Government - Case 47,540 (Re-opened)

1. On 9 May 1967 Louis A. Brun, B&B International Corp., New York City, furnished the following information.

2. He and Clemard Joseph Charles, President of the Banque Commerciale D'Haiti and President of the Chamber of Commerce of Haiti, have discussed in detail the possible overthrow of the Duvalier Government in the near future. During his visit to New York City in the first week of May, 1967, Charles stated that he is now ready to execute his long-planned scheme to seize power with his military and civilian friends in Port-au-Prince, with or without the help of the United States Government. Charles further stated that he had rifles and hand grenades hidden "somewhere in Haiti." In addition he will have, through his good friend Colonel Caillard, Chief of the Haitian Coast Guard, three Haitian boats under his control. Caillard, who enjoys the confidence of Duvalier, is a secret ally of Charles and is now ready to place the three boats, which carry cannons, at the disposal of Charles. The trouble is that Caillard does not have enough ammunition for the cannons. Charles hopes to obtain the necessary ammunition from the US Government. He would like to receive the ammunition from the US Carrier, BOXER, which has for some time been on duty in the Caribbean area. Charles believes that it is in the best interest of the US Government to give him all necessary help in his effort to get rid of Duvalier who has brought Haiti to the brink of total economic collapse.

3. Besides Caillard, Charles has the support of an unnamed high-ranking Haitian Army officer. Charles and his military, as well as civilian, friends plan to set up a provisional Junta and get rid of the "enemies of Haiti," that is, Duvalier and his supporters. After the consolidation of power in the hands of the Junta, Charles will run for President. He is convinced that he can win since he has many supporters in Port-au-Prince as well as in rural areas. Charles claims that he "controls" Roman Catholic and Episcopalian clergy, teachers and students, several businessmen, and key militia figures in the rural areas who now wait for his signal to overthrow the present regime.

4. Charles is still pretending to be a loyal supporter of Duvalier. However, he feels that his life is now in danger and unless he strikes first, he may fall victim to the President. His position has become shaky. In early 1967, at Duvalier's request, he submitted a memorandum to the President describing the wrong doing of Henri Siclait, who is in charge of the Regie de Tabac and Des Allumettes (tobacco and match industry),

but it appears that Duvalier took Siclait's side. According to Charles, Siclait has been successful in raising money for Duvalier and also had beautiful homes built for some of the President's key supporters. Charles stated that he had given a copy of his memorandum on Siclait to the US Ambassador in Port-au-Prince.

5. Although he has relationships with the US diplomatic service in Port-au-Prince, Charles expressed his desire to "cooperate with a Liaison Officer from the US". When asked to elaborate, he stated that it would be too dangerous to contact a US diplomat in Port-au-Prince; instead he would prefer to cooperate with "a Liaison man from the Pentagon."

6. Charles stated that as President he would pursue a pro-US policy, eliminating the Duvalier elements and the Communists and establishing a "liberal democratic" regime. If he fails to receive US help in his effort to overthrow the present Haitian Government, he will still go ahead with the planning, but the execution of his scheme will take more time.

7. For the time being, Charles will continue to support the Duvalier government, in an effort to allay the suspicions of the President. Charles, in his capacity as the President of the Haitian Chamber of Commerce, will soon deliver a speech praising the achievements of Duvalier. Charles is anxious for the US Government to know that this is just a pretense, that he now is determined to go into action against the regime, and that he knows that he and his friends are facing an extremely difficult task.

SOURCE: A foreign businessman who has lived in Haiti for a number of years and who is acquainted with high officials of the Haitian Government. He is an untested source. Source obtained this information from a high-level Haitian Government official.

1. Haitians Clemard Joseph Charles and Herve Boyer are contending for power in the Haitian Government, and each has hopes of succeeding President Francois Duvalier. Although they are working together and will join forces in order to get rid of Duvalier, they probably will start fighting between themselves once this objective is obtained.[1]

2. Colonel Jacques Laroche is the military's primary contender for power, and undoubtedly he will be the one to consolidate a military movement against Duvalier. Since the dismissal of high-ranking military officers by Duvalier in November and December 1966, Laroche has enjoyed the greatest power within the Army.[2]

3. If Duvalier is assassinated, it is likely that there will be bloodshed in the streets. In this event, it would be the Army who would step in immediately and control the situation. Despite the fact that the Army is small and weakened from its loss of high-ranking offficers, it still would be powerful enough to neutralize any effort by the Haitian militia (VSN) because the VSN is disorganized and would be unable to cope with the confusion which would be caused by an unnatural death of Duvalier. However, if Duvalier dies a natural death there would be less chance of hostilities because the people around Duvalier would have a better chance of taking power.

4. There is little chance that Duvalier will step down from power voluntarily because of his pride. However, in this respect his family, particularly Mrs. Duvalier, has constantly encouraged him to give up the presidency and appoint a successor.

1. Charles is president of the Commercial Bank of Haiti, and Boyer is a former Minister of Finance under Duvalier. Another source, whose reporting has been infrequent, but considered reliable, has reported that Boyer has signed a contract to work with an international organization in Europe. If Boyer leaves Haiti, it is possible that he will forego his ambitions for power in the Haitian Government, or that his endeavors will be hampered seriously by his absence from the country.

2. Laroche is Deputy Chief of Staff of the Haitian Armed Forces. His ambitious and corrupt character, and his overtures toward Duvalier, have gained him his power within the Army over the placid, easy-going General Gerard Constant, Chief of Staff of the Haitian Army. For biographic information on Laroche see CSDB-313/00918-67.

1. In the past several months, Charles has made numerous attempts to elicit support from several U.S. Government agencies for his plot against the Duvalier Government.

2. No reason was given for Charles' belief that it would be in the best interest of the U.S. to support his scheme to overthrow Duvalier. 3. Source Comment: Cayard, who enjoys the confidence of Duvalier, is a secret ally of Charles.

SOURCE: A foreign businessman with wide contacts in Port-au-Prince who is believed to report accurately what he learns. This information was obtained from a close friend of Charles who probably was aware that it would reach U.S. officials.

1. Clemard Joseph Charles, president of the Commercial Bank of Haiti, claims that since Maj. Coicou (fmu),[1] a close friend, has replaced Capt. Harry Tassy in the Presidential Guard, he (Charles) now has an access to arms and ammunition in the basement of the Palace and is in a position to carry out a coup against President Francois Duvalier "in the near future." Although no definite date has been set yet for the coup, Charles is convinced that it must be carried out "within the next few months" to save Haiti from economic and political chaos. Charles, and especially his military friends, feel that 1967 is the year of decision.

2. Although Col. Pierre-Louis (fmu),[2] commander of the Dessalines Barracks, was not named as a fellow-conspirator, Charles believes that Pierre-Louis knows of and approves his plans to overthrow Duvalier, and that he (Charles) "controls" the Dessalines Barracks through Pierre-Louis. Col. Octave Caillard is one of the key military figures on whom Charles pins his hopes. Caillard is thoroughly disillusioned with Duvalier and is willing to cooperate. Caillard fears that if Duvalier remains in power, Haiti's economy will be completely ruined and Haitian exiles receiving guerrilla training in Cuba may attempt to seize power in Haiti.

3. Charles has the support of Capt. Preval (fmu),[3] of the Presidential Guard, and realizes that high-ranking officers loyal to Duvalier could cause bloodshed; Charles and his associates expect violence during the initial stages of the coup.

4. In addition to ships of the Haitian Coast Guard, Charles now has the use of a 352-ton converted landing craft (LC) which normally sails between Jamaica and Port-au-Prince carrying flour, fuel oil, etc.

5. Charles had no contact with Haitian exile groups until early May 1967, when he sent an emissary to New York City to talk to Louis Sansaricq, a prominent anti-Duvalier exile, whose entire family was killed by Duvalier's henchmen. Sansaricq agreed to support Charles in a final showdown with Duvalier and promised to line up some of his fellow exiles to support Charles. A close friend of Charles was planning to go to New York in mid-May 1967 ostensibly to discuss port development projects in Port-au-Prince with a U.S. construction firm; however, the real purpose of the trip is to contact Haitian exiles to gain their support for Charles.

6. On 19 May 1967, a group of prominent Haitian exiles held a meeting in New York City to celebrate Haitian Flag Day. One of the organizers of the meeting was Dr. Jumelle (fnu),[4] a medical doctor whose brother was a former Haitian Minister of Finance and who was killed by Duvalier. Another exile who attended the meeting was Vixamar (fnu)[5] who claims to be a legal advisor to the Republic of Chad and who said that he was going to be the next president of Haiti. The group of Haitian exiles, believed to call itself the "National Organization of Haitian Exiles", has some members who back Charles.

7. Following are prominent Haitians who Charles believes must be eliminated after the coup:

   a. Col. Gracia Jacques of the Presidential Guard - Jacques, who is no longer blindly loyal to Duvalier, will be needed in the execution of the coup, and can be bought; however, once power is in the hands of a military junta and Charles, Jacques will be eliminated.

   b. Luc Desir, head of the Tonton-Macoute.

   c. Clovis Desinor, Minister of Finance - an "anarchist" with presidential aspirations who has an "underground movement in Haiti."

   d. Gen. Gerard Constant, Chief of Staff.

   e. Col. Jacques Laroche, Deputy Chief of Staff - a "convinced Communist."

8. If the coup is successful, Charles hopes to give Andre Theard, former Haitian Ambassador to the United States, a diplomatic post; Theard is strongly pro-U.S. Charles regards Gerard Philippeaux, Minister of Health, as a very sick man with no further political aspirations.

9. Close friends of Charles are convinced that Charles has no choice but to carry out a coup with or without foreign help, and that his chances of success are good because several of Duvalier's new appointees to key positions are friends of Charles; also, that Charles must act soon because the morale of many of Duvalier's military and civilian supporters has reached an all-time low and because the Haitian Treasury is almost empty.

MEMORANDUM FOR THE RECORD

SUBJECT : Telephone Conversation with Genevieve Alyea (Domestic Contact Service) re Clemard Joseph CHARLES

1. At 1600 hours, 26 April 1967, Genevieve Alyea, DCS, (Green Phone 3024) relayed the following message to the undersigned, re Clemard Joseph CHARLES.

2. Today the DCS Headquarters received the following teletype from Mr. BALOG, New York City DCS representative, from Luis A. BRUN, President of B&B International Corporation, New York City.

A. Haiti's financial situation is now catastrophic. All efforts by President DUVALIER to attract foreign capital have failed. Domestic financial resources exploited through threats, extortion, etc. are rapidly drying up and unless the Government receives foreign help, it faces complete financial ruin.

B. In another effort to raise money abroad, DUVALIER gave permission to Banker Clemard Joseph CHARLES to visit the United States and contact his business friends there. (See Cases 40570 & 40576). CHARLES' visit to the U.S. is scheduled on or about 9 May 1967, at which time he will contact his business partner, Joseph DRYER, in Miami.

C. According to BRUN, CHARLES also plans to go to Washington where he wants to tell "U.S. Government officials in strict confidence that he is ready and able to overthrow DUVALIER's regime provided he receives U.S. help." BRUN will fly to Miami to meet CHARLES and will, in turn, tell "Capt. BALOG" about the results of CHARLES' efforts.

201-357039

3. There is a possibility that CHARLES will also come to New York City. If he does, BRUN and Capt. BALOG will discuss the latest developments with him.

4. During the past few days, CHARLES and BRUN have been in almost daily telecommunications, ostensibly discussing business matters. Using certain code words previously agreed upon in person, CHARLES is able to tell BRUN about the recent situation in Haiti without arousing the suspicions of Haitian phone censorship. Parts of the information contained in Paragraph 1 was received from CHARLES by BRUN during their teleconversation on 25 April 1967.

Wilma R. Van Scoy

Genevieve Alyea stated she would obtain copies of the DCS reports referred to in Para. 2-B above and call the Haiti Desk on 27 April 1967.

3 May 1967

Requirements for BALOG Contact With Clemard Joseph Charles

A. Basic Points To Be Stressed:

1. The U.S. Government cannot make any commitment of support to Clemard Joseph Charles.

2. Clemard Charles should not infer, imply or boast of U.S. support in his attempts to gain support for his project. The U.S.G. does not wish to be accused of overthrowing other governments.

3. Charles should be told, however, that any information concerning his plans, intentions and movements will not under any circumstances be divulged to the GOH nor to other countrymen of his.

4. Balog and his friends are definitely interested in Charles' activities and information he can provide relative to the situation in the latter's country.

B. Specific Requirements Relative to His Plans Since he Claims to Have Certain Capabilities:

1. What elements or groups within the GOH, the military and police do you have actually committed to your plan of overthrowing Papa Doc (Duvalier)?

2. Give the strength of each group? Names of leaders?

3. When do you plan to execute your project?

4. How do you intend to handle the situation with regard to the Presidential Guard, the Dessalines troops and the police in Port au Prince?

5. In the execution of your scheme what is the extent of violence foreseen?

6. What connection do you have with exiles and where?

7. In case you decide to act would you notify Mr. Brun beforehand?

C. Other Requirements:

1. What is the true evaluation of Papa Doc's health?

2. Who are his personal doctors?

3. In view of the deteriorating economy of the country do you think Papa Doc will step down and depart?

4. What is the reason or circumstances for the recent dismissals and transfers of junior officers within the military?

5. In a struggle for power what would be the situation between Lt Col Max Dominique and Luc Fourcard? Are these two individuals part of your scheme?

6. What part would Gracia Jacques, Luc Desir, Clovis Desinor, Gerard Philippeaux and General Constant play in case Papa Doc goes or there is a power struggle?

7. What part would the people outside of Port au Prince play in an attempt of an overthrow? What groups in the interior and other cities would begin fighting each other at this juncture?

SUBJECT : Telephone Conversation with Genevieve ALYEA, DCS, re Clemard Joseph CHARLES

1. At 1530 hours, the DCS Hqs. representative, Genevieve ALYEA (Green phone 3024), relayed the following message received this date from the DCS New York office, Mr. BALOG:

2. The "EARL" referred to in my previous message is Earl SMITH, former U.S. Ambassador to Cuba and a friend of the KENNEDYS. SMITH, who was approached by Joseph DRYER, florida businessman, to take Haitian banker Clemard Joseph CHARLES to the State Department, refused to do so. In turn, DRYER contacted Paul ROGERS, Congressman from Florida, who agreed to talk with Senator Ted KENNEDY. According to Luis A. BRUN, KENNEDY agreed to make an appointment for CHARLES at the State Department.

3. Last night (presumably 30 April), CHARLES flew from Port au Prince to New York City. He is staying at the Lincoln Square Motor Inn, Suite 1002-1003, SU-7-6800, until Wednesday (3 May) when he plans to go to Washington and Miami.

4. Also, last night, Luc Albert FOUCARD, son-in-law of President DUVALIER who is Minister of Tourism, and his wife arrived in New York City. They are staying at the Waldorf Astoria, EL 5-3000.

5. Allan COLTON, part owner of Haiti International Leather Corp, Port au Prince, a Canadian national who requested an interview with Capt. BALOG, flew back to Haiti yesterday. He told us (DCS) that his efforts to sell Haitian treasury bonds in the United States and Canada were unsuccessful.

Per our telephone conversation, there follows a copy of the message from Ambassador TIMMONS, dated 22 April 1967, concerning Clemard Joseph CHARLES:

SUBJECT: Telephone Conversation with Genevieve ALYEA, Domestic Contact Service re CLemard Joseph CHARLES (201-357029)

1. At 1500 hours, 21 April 1967, Miss Genevieve ALYEA, Domestic Contact Service, X3026 (Green Phone 3024) called the undersigned to inform the Haiti Desk of comments made on a teletype message from their DCS representative in New York City, Mr. BALOG. According to Miss ALYEA, Mr. BALOG had interviewed a U.S. businessman who travels frequently in Latin American (later identified as Luis BRUN), on conditions in Haiti. Mr. BALOG had teletyped the report to DCS Headquarters, and had added the following comment at the end of the report.

"On 20 April, Mr. BALOG in New York City, interviewed the source (BRUN). The source visited Port au Prince during the latter part of February 1967 and spent one week as the guest of CLEMARD JOSEPH CHARLES (President of the Commercial Bank of Haiti). Source, who maintains telephone and cable contact with CHARLES, is convinced the latter (CHARLES) has decided with his unnamed Army friends, to overthrow President DUVALIER now. Source says CHARLES had asked his U.S. business partner, Joseph DRYER, Palm Beach, Florida (Home phone: 655-2610; Business phone: 832-6331) and another person identified as "EARL" (probably Earl O. FINNEY, AID official) to get in touch with the U.S.State Department before the end of this week. "EARL", who is supposed to have influential friends at the State Department, will try to persuade the U.S. Government that CHARLES, who has presidential aspirations, now has the power and determination to get rid of DUVALIER. CHARLES, who now fears for his life, sent his son to New York City a few weeks ago for a medical checkup and advised him to remain in the U.S."

2. Mr. BALOG then referred to Paragraph 6 of the intelligence report which contained the following question and answer:

Question: What is your assessment of youths, their political orientation or lack of one and their general outlook for the future?

The Cuba station, which emphasizes Communist ideology, appears to be popular with the intelligencia and students while the "man-in-the street" prefers the U.S. broadcasts.

3. Mr. BALOG then commented regarding paragraph 2 above as follows:

"The radio station mentioned above is located somewhere in Massachusetts, according to our source and his Haitian friends in New York City. The believe it is a CIA operation."

4. Clemard Joseph CHARLES' Army friends mentioned above may possibly include Jacques LAROCHE, Deputy Chief of Staff.

5. At 1630 hours, the undersigned contacted Miss ALYEA to obtain additional information from Mr. BALOG concerning his interview with BRUN. Unfortunately, Mr. BALOG put the above message on the teletype and then departed for the weekend and will not be available for recontact until Monday, 24 April 1967.

1. On 8 January 1967 Subject again made contact with RACHFIELD. Contact was established through one of Subject's assistants who came to RACHFIELD's home at approximately 1750 hours on 7 April 1967. Subject's assistant asked RACHFIELD if he would like to borrow some books on the history of Haiti and if so he could go to Subject's home and make a selection. RACHFIELD, in order to stall for time to affect the proper coordination, stated he would be able to proceed to Subject's home the following afternoon at 1600 hours. On the morning of 8 April RACHFIELD touched base with both the COS and Chief, LNFURE who agreed that RACHFIELD should go to see Subject.

2. Subject was expecting RACHFIELD and apologized to RACHFIELD for not proceeding to RACHFIELD's home himself but explained that he was afraid RACHFIELD may have had guests. He proceeded to tell RACHFIELD that the economy of Haiti was in a deplorable condition and that noone can tell the President what to do. He then left the room and returned a minute later with a copy of "Le Moniteur", the official Haitian newspaper, which, he said, would not be released until sometime the following week. This newspaper stated that the Haitian Government plans to pay for the minting of new [gold +] silver coins. Subject was very upset because, he stated, the Haitian Government cannot afford such an expense. The newspaper was turned over to LNFURE.

He also stated that he hoped that the outgoing Chief, LARUSH would inform the incoming Chief, LAPOKE that he is most willing to cooperate with LAHAH because he believes that the salvation of his country depends on such cooperation.

4. Case Officer Comments. Charles appeared much more at ease during this meeting than he did at the previous one. It appeared as though he actually wanted to talk to someone and knew that he could trust RACHFIELD not to leak the conversation to the GOH. 1. A dark negro about 5'7" tall, Clemard Joseph L. Charles was born at Gonaives, Haiti, on 21 April 1923. According to himself, his father was a professor and his mother a "simple peasant". According to others he is sensitive about his origins and is reported to have changed his name from Canerien because of the connotation of nothingness implied in the name. His father is variously reported to have been a carpenter and a peasant. He received his primary education at the parochial school and graduated from the Lycee Geffrard in Port au Prince in 1939. According to his own account he taught in rural schools, worked as a pathologist, upholsterer, time-keeper, plantation supervisor, and free-lance journalist. In 1947 he was appointed Controller General of Haitian Southern Banana Industry and in 1948 became General Agent. The following year he established himself as Manufacturer's Representative and created his own export and import business. In 1953 he went to London as a member of the Economic Mission of the Haitian Government, and in 1954 negotiated on the Haitian Government's behalf a contract with the General Electric Co., Ltd. of Coventry, England for the modernizing and extending of the telecommunications system of Haiti. He later said that both his ventures into the banana and telecommunications businesses were unsuccessful due to political interference. His success story, according to a U.S. official "apparently hinges on the fact that he feels that he has achieved stature in the community both socially and politically". Charles states that he created the Banque Commerciale d'Haiti (CH) in 1960 and is now the sole owner. The

principal officer in Charles' bank when the bank was opened in 1960 with Charles as president was an American citizen in the savings and loan business named ZOLLA (fnu), who was later indicted, convicted and jailed in the United States for using the mails to defraud. Another original partner of the bank, one Gerald F. CONNOLLY, allegedly from Chicago, Illinois has a criminal record and various jail sentences and convictions. Neither Zolla or Connolly are currently signatories to the bank, nor partners. The bank is reported to have a very poor portfolio of loans since, according to rumor, the loans have been made to Government officials on the basis of their signature and without proper collateral. Besides the bank, he is also full or part owner of several other industrial and commercial enterprises in Haiti and is the sole representative in Haiti of the General Electric Co., Ltd., London England, and the Siemens Schukert Werke, Germany. He is Director of Port Concession (after Mohammud Fayed departed) and also took over the oil refinery concession which originally belonged to Valentine. (Now involved in litigation with AID over their investment guarantee.)

2. Charles is President of the Chamber of Commerce, and also belongs to several other commercial and civic organizations including the Committee for the Rehabilitation of the Rural Sections of Haiti, the International Club of Commerce of Haiti, the Commerce and Industry Association of New York, and the Rotary Club. (According to a report of March 1967 he was dropped from the last club in 1966 for non-attendance.)

3. In March 1967 he was forced to give up his interest in a number of smaller concerns (Sonafrugo, Haitian Tobacco, Haitian International Leather, etc.) but retained his monopoly of the insurance business and the bank as well as his individually owned export-import business.

4. Although it is obvious that Clemard Joseph Charles has been a favorite of President Duvalier, the recent changes in his financial empire indicate a loss of trust. The economy is in such a poor shape that Charles is not making as much out of his enterprises and the money and credit squeeze is hitting him as well as the rest of the more honest businessmen in Haiti. As symbols of past favor Charles has been decorated with the Order of Petion and Bolivar (Commander), the Order of Agricultural Merit (Commander), Knight of the National Order "Honor and Merit", Officer of the Labor Order, and Commander of the Civil Merit Order.

5. One well-informed high United States official reported in early 1963 that Charles was a "slippery character" but that some doubt existed concerning his importance or political significance within the regime. A few months after this estimate was made, Charles conversed with a US Embassy official. Throughout their talk he showed an obvious desire to demonstrate his total political disinterest in the past while simultaneously hinting that he could become a political figure in the near future. He made guarded statements about the Duvalier regime, unhesitatingly giving the impression that he was the President's friend, both through desire and necessity, but that he definitely did not agree with some of the government's policies. He attributed his support of the current government to the fact that it would be dangerous for a Haitian to withhold it. The following month (May 1963), on a business trip to the United States, Charles told a former US journalist that he was in a position to become head of a provisional government after Duvalier was removed from the scene. He expressed a belief that the President was ready to institute a reign of terror and that he was willing to accept Soviet aid. In the opinion of the journalist, Charles firmly believed that this was the last chance for the United States to help establish a democratic Haiti, friendly toward the United States, and save the country from a Castro-type Communist takeover. Charles said that although he was on good terms with the President, he felt

/continued/

that he had gone crazy and must be stopped before he liquidated the opposition. Charles talked freely of his wide range of support (peasants; forcibly retired, anti-Duvalier army officers; intellectuals; journalists and businessmen) and of the prominent individuals who were anti-Duvalier and ready to back "my government". He added that if he did not become Provisional President he would be satisfied with the post of Secretary of Finance and Economic Affairs. In addition to his having reached the constitutional age requirement for President (40), Charles gave as another qualification the fact that he was of "100 per cent black origin," noting that only those in this category could win the presidency.

6. Charles said that if he were to be President he would need the "moral and economic help of the US Government and people" to transform Haiti into a true and prosperous democracy. He noted that he would need about a year to put into effect his "plan for the economic and social development of Haiti", which included the following points: creation of a balanced economy adapted to Haitian conditions; and modernization of agriculture. He said that he would like to present this plan to US officials for their consideration.

7. Charles endeavors to attract US venture capital for various Haitian projects and claims to be thoroughly pro-United States. He is reported to be an honorary citizen of the city of Long Beach, Long Island, New York, having promoted a "sister city" relationship with that town and Port au Prince; in 1962 he reportedly received the key to the City of New York. He has visited the United States, the United Kingdom and Western Europe many times on business trips. In July 1964 Charles traveled to Mexico and the United States, ostensibly to discuss the establishment of a sisal cordage factory in Haiti, but in reality to obtain 30 surplus T-28 trainer aircraft. Charles subsequently was reported to be attempting to purchase 24 US surplus naval craft for Haiti's armed forces.

8. He is married to Sophie, nee Lherisson, and has an adopted son.

9. Personality. Charles is generally considered as shrewd but not intelligent. This is borne out by his willingness to cooperate with the international swindler, Mohammed Fayed in a number of money-making schemes which came to a grinding halt when Fayed absconded with an undetermined but large amount of money. He has little sense of economic realities and is apparently sensitive about his knowledge or lack thereof. The Embassy reported in December 1965 that at a meeting Duvalier was holding with Antonio Andre (President of the National Bank of Haiti - BNRH) that Andre should be made to divert some of the "coffee money" from the National Bank to Duvalier's own needs. (Apparently Charles was referring to certain taxes on coffee exports which go to the Bank for debt amortization.) Andre roundly criticized Charles and other self-styled financial and fiscal experts in the Government, and ended by telling Duvalier that if the latter followed the advice of such persons he would wreck Haiti. Charles reportedly burst into tears and was taken ill. This gave rise to the story which was current at the time that he had had a nervous breakdown.

REPORT

On Friday, 19 June, departed Miami for Kingston, Jamaica via Pan American, leaving Miami at 0800 and arriving Kingston via Montego Bay at 10:15 AM. This flight continues to on to San Juan, Puerto Rico, and Latin passengers are commonplace. In passing through immigration and customs, it is necessary to give the immigration inspector the name of a specific hotel or address at which you can be reached in Jamaica.

Obtained rental car from Hertz Car Rental and departed Kingston Airport at 10:45 AM via Highway A-4 for Port Antonio of the north coast. Highway A-4 follows the coast around the eastern tip of the island. There is another route to Port Antonio, over the mountains, but it is not recommended. As shown on the standard highway map of the island, there is a small cove about seven miles east of Port Antonio designated as "Blue Hole". The cove is roughly 200 feet wide by 500 feet long, and completely protected from the open sea and weather. The cove is extremely deep, and is reported to have a minimum depth of six feet at the entrance. Tidal range appears to be very small, perhaps one to two feet.

When I arrived at Blue Hole, which is about 2-1/2 hours by road from Kingston, Robin Moore was not available; I went into Port Antonio and secured a room at the Bonnie Vue Hotel. I returned to Blue Hole about five o'clock and there met Robin Moore. Mr. Moore owns most of the land surrounding Blue Hole, with the Jamaican government owning the balance. On the beach facing the sea, Moore has built and operates a bar-restaurant which he calls the Teahouse of the Blue Lagoon. This accounts for the confusion between Blue Hole and Blue Lagoon. On the side of the mountain descending to the water, Moore has built and lives in a small studio apartment. He also owns another small house overlooking Blue Hole. This house was occupied temporarily by a girl who was introduced to me as his fiancee, Margot Palmer, and her mother, Rita Palmer. They are supposed to return to their home in Vancouver, B.C., about the end of June.

About five o'clock I introduced myself to Moore as a friend of Antonio de la Carrera, and gave him the note with the recognition symbol. We talked from five o'clock until about 7:30 at which time we had dinner and parted until the next morning at 11:30.

I spent the night at the Bonnie Vue Hotel and noted in passing that a U. S. destroyer escort based at Guantanamo Bay was anchored in the harbor for the weekend, with the sailors being given liberty in Port Antonio. This seems to be a common occurrence, and could perhaps be a source of information about Cuban patrol practices along the south coast.

Saturday morning, 20 June, met Moore again, and continued our discussion of the previous day. During our conversation, he introduced me to Fred Barrett, a native Jamaican (colored), who is in charge of the operation of the bar-restaurant. I left Mr. Moore and Blue Hole about 2:00 o'clock and drove to Kingston, catching the 6:30 Pan American flight back to Miami, via Montego Bay.

Following my two serious conversations with Moore, plus my observations of the man himself, plus my reconnaissance of the site itself, I submit the following items of information as being of significance:

1. Robin Moore

a. Moore has just returned from Viet Nam where he participated in the combat operations of the American Special Forces in Viet Nam, after he had gone through about eight months of training at the Special Forces School at Fort Campbell, Kentucky. Some understanding of Moore's personality may be obtained from reading an interview between him and the magazine U. S. News and World Report, which was published recently, and copy of which was left with Maria. Further understandings and impressions of Moore may be obtained from reading his previously published book about Jack Youngblood, an American who participated in the events leading to Castro's overthrow of Battista.

b. In my opinion, Moore has a burning desire to be known as a tough, two-fisted, rip roaring soldier of fortune. He has participated in real war in Viet Nam, and has received what is probably the best training in the world for guerilla fighters, namely, the U. S. Special Forces. This includes training as a parachutist. He is inclined to brag, and is probably inclined to intemperate use of alcohol and women, and his judgement of important matters is probably immature. However, he definitely understands and is experienced in guerilla fighting, is experienced in military operations, and must surely understand military security.

c. He is definitely willing to help, but cannot contribute cash directly; is willing to furnish the use of the guest house on his property for limited periods of time. Is willing to participate and aid in an operation to land people on the south coast of Cuba, but is not willing to commit the use of his property and facilities as a staging area for resupply in the future.

d. Is willing to come to Miami, for conferences if his expenses are paid.

2. Site Evaluation

a. Blue Hole is an excellent harbor; protected against all weather, and with six feet of water at the bar. Is surrounded by very steep slopes, heavily wooded. Dock facilities are presently very meager, but could be quickly and easily improved. No fuel for a boat is available at Blue Hole, and at Port Antonio (the closest source), the fuel available is diesel fuel or automotive gasoline; no marine white gasoline is available anywhere is the area. This is a most significant factor in selecting a suitable boat.

b. The nearest source of food and other supplies is Port Antonio; Fred Barrett, manager of the Blue Lagoon Club, orders and hauls supplies from Port Antonio constantly, and could deliver whatever supplies were desired. Firearms and explosives are not obtainable on the island. They would have to be smuggled in illegally.

c. A small station wagon is available for transportation, provided expenses are paid by users.

3. Miscellaneous Information

a. A local man, George Munroe, is reported to be a very experienced small boat captain and one who has brought boats down from Miami

on five different occasions. He is reported to be available to serve as captain on a fishing boat, and to train a crew.

b. The S.S. Evangeline sails every two weeks from Miami direct to Port Antonio, and could be employed for the delivery of supplies and even a boat to Robin Moore.

c. Fred Barrett, manager of the bar-restaurant, seems to be a very capable man, and for an additional $10 per week added to his regular pay, would be quite willing to assist any operation.

d. A Mr. Anthony Gason, a retired British army colonel, is the Jamaica representative for TROJAN boats, at a place called Turtle Cove, between Port Antonio and Blue Hole.

e. The immigration chief for Jamaica is a man by the name of George Eubanks, who is the former chief of police at Port Antonio; Moore claims that they are very close personal friends.

d. Moore is acquainted with a man by the name of Mike Hedges, who is a nephew of Burke Hedges, the American who became Cuba's ambassador to Chile some years ago. Mike lives in Kingston, and, if he is not a Battista sympathizer, might prove to be a very valuable connection. The family is reported to be quite wealthy, and would establish an excellent cover.

4. Operational Considerations

a. In order to avoid the use of significant names, I instructed Moore to refer to Manolo as George King, and the operation of landing him in Cuba would be referred to as OperationKing. The most likely scheme seems to be to establish a suitable boat at Blue Hole, with the cover story to be that it belongs to American friends of Robin Moore. Housing is available locally for a limited number of Cubans, with Moore being able to accommodate up to six on his own property. The local boat captain, George Munroe, could be employed as captain initially, to train the Cuban crew in the local marine conditions, as well as serving as an effective cover. In my opinion, it will not be too difficult for persons to enter Jamaica without difficulty, provided they know a certain minimum amount of English.

I think a suitable location could be found for radio transmission and reception facilities on the hills surrounding Blue Hole, but this would have to be examined by someone skilled in radio techniques. Mateo would be excellent.

In summary, I would say that Robin Moore and his property and buildings at Blue Hole would serve as an excellent base of operations, but that the boat necessary for the operation would have to be acquired and equipped in the states and shipped down there, except for the remote possibility that a suitable boat could be found in Kingston. I think a headquarters could be established at small cost through Moore's good offices, and I think that Rudy would be a good choice to coordinate the initial operations there.

Political Prisoner in Hospital

Clémart Joseph Charles was taken from the National Penitentiary in Port-au-Prince to Haiti's General Hospital. The former Duvalier banker has been jailed since 1971 "for political reasons." No proper trial was held.

Mr. Charles is suffering from an acute liver infection and the physicians attending him have warned that he will die unless he's allowed to travel abroad for special treatment.

This isn't the first time Mr. Charles was taken from his cell to a hospital. Last year he was rushed to Haiti's military hospital for treatment of the same disease.

Mrs. Charles has been allowed to visit her husband.

This is the first time the Duvalier regime has acted half humanely with a political prisoner. It's been pointed out that Marie-Denise Duvalier Dominique, a friend of Mr. Charles, has often interceded for him.

● Army chief-of-staff Jean-Baptiste Hilaire will soon be replaced, say military sources in Port-au-Prince. His likely replacement? Col. Roger St. Albain.

On a lighter note, the General ran for cover on September 22 while there was a review on the Palace grounds to commemorate Duvalier's "election" in 1957. Accidentally the loaded automatic weapon of a militiaman went off. Many officials, General Hilaire among them, scrambled for protection. Jean-Claude, his mother and their bodyguard General Gracia Jacques were trembling, but they kept standing, says a source that was standing close to them.

ACQ 15 October 1974

FIELD NO.

SOURCE A reliable source from a Haitian exile leader who is well educated and who has a wide variety of contacts in Haitian exile groups. The exile was aware that his information would reach the U.S. Government.

1. Clemard Joseph C h a r l e s, former president of the Commercial Bank of Haiti who has been held political prisoner since April 1970 on charges of plotting against the government, was recently transferred from jail to the general hospital in Port-au-Prince. Charles is said to be dying of cirrhosis of the liver and was transferred to the hospital on orders of Madame Simone Ovide D u v a l i e r, mother of Haitian President Jean Claude D u v a l i e r.

2. Doctors recommended that Charles be sent abroad for proper medical treatment but Mme. Duvalier authorized his transfer only to the local hospital. According to close relatives, this occurred only after Minister of Interior and Defense Paul B l a n c h e t told the President and his mother that he would refuse to become involved in this case and would not sign any papers required of him as Minister of Interior certifying that Charles had died in prison. Relatives of Charles still intend to press for his removal from the country.

SUBJECT FURTHER EFFORTS BY THE GOVERNMENT OF HAITI TO BRING ABOUT RAPPROCHEMENT WITH HAITIAN EXILES

ACQ 22 MARCH 1972

FIELD NO.

SOURCE A YOUNG HAITIAN EXILE LEADER WHO IS WELL EDUCATED AND WHO HAS A WIDE VARIETY OF CONTACTS IN HAITIAN EXILE GROUPS. HIS REPORTING HAS BEEN RELIABLE.

1. ON APPROXIMATELY 20 MARCH 1972 LUCKNER CAMBRONNE, HAITIAN MINISTER OF INTERIOR AND NATIONAL DEFENSE, TELEPHONED FERMIN JOSEPH, AN OFFICIAL OF THE NEW YORK-BASED, HAITIAN EXILE NEWSPAPER "HAITI OBSERVATEUR," AND TOLD JOSEPH THAT HE WAS DISAPPOINTED AT THE ANTI-GOVERNMENT OF HAITI (GOH) STANCE TAKEN BY THE "HAITI OBSERVATEUR" IN GENERAL AND JOSEPH IN PARTICULAR IN THE 18 MARCH EDITION OF THE PAPER. CAMBRONNE STATED THAT HE HAD HOPED THAT HIS RECENT INVITATION TO ALL HAITIAN EXILES TO RETURN TO HAITI, COUPLED WITH HIS PRIVATE DISCUSSION

WITH JOSEPH, WOULD HAVE GIVEN THE PAPER CAUSE TO RE-EXAMINE ITS POSITION VIS-A-VIS THE GOH.

2. (HEADQUARTERS COMMENT: THE SAME SOURCE REPORTED IN TDCS-314/01942-72 THAT DURING A MEETING ON 16 MARCH 1972 BETWEEN THE TWO, CAMBRONNE TOLD JOSEPH THE GOH CONSIDERED THE "HAITI OBSERVATEUR" AND ITS SUPPORTERS TO BE THE ONLY OBSTACLE TO THE GOH'S PLANS TO REUNITE ALL HAITIANS IN AN EFFORT TO BUILD A NEW, PROGRESSIVE NATION. AS A FIRST STEP TO RAPPROCHEMENT, CAMBRONNE ASKED JOSEPH TO REALIGN HIMSELF WITH THE GOH AND RETURN TO HAITI. IF JOSEPH ACCEPTED, CAMBRONNE SAID, THE GOH WOULD BE WILLING TO NAME HIM TO WHATEVER OFFICIAL POSITION HE DESIRED EITHER INSIDE HAITI OR ABROAD.)

3. JOSEPH REPLIED THAT BEFORE HE OR THE "HAITI OBSERVATEUR" COULD GIVE ANY THOUGHT TO SOFTENING THEIR POSITIONS ON THE GOH, THE GOH WOULD HAVE TO SHOW ITS GOOD INTENTIONS THROUGH DEEDS RATHER THAN MERE PROMISES. CAMBRONNE THEN INVITED THE "HAITI OBSERVATEUR" TO SEND A TEAM OF REPORTERS TO HAITI TO SEE FOR THEMSELVES THE CHANGES WHICH WERE BEING BROUGHT ABOUT BY THE REGIME OF PRESIDENT JEAN-CLAUDE D U V A L I E R. BEFORE SUCH A TRIP COULD BE MADE, JOSEPH SAID, POLITICAL PRISONERS WOULD HAVE TO BE RELEASED. ALSO,

THE "HAITI OBSERVATEUR" WOULD INSIST THAT ANY SUCH TEAM OF REPORTERS WOULD HAVE TO BE ACCOMPANIED BY NEWSMEN FROM OTHER NATIONS WHO WOULD ACT AS GUARDS AGAINST ANY PRESSURE THE GOH MIGHT APPLY AGAINST THE HAITIAN REPORTERS.

4. JOSEPH ASKED CAMBRONNE WHETHER THE GOH INDEED INTENDED TO RELEASE SUCH POLITICAL PRISONERS AS HUBERT L E G R O S, CLEMARD JOSEPH C H A R L E S, AND COL. KESNER B L A I N AS CAMBRONNE HAD INTIMATED DURING HIS 15 MARCH PRESS CONFERENCE. TO THIS CAMBRONNE REPLIED THAT HE CONSIDERED LEGROS TO BE A VERY DANGEROUS MAN AND THAT HE HAD NO INTENTION OF EVER RELEASING HIM. (HEADQUARTERS COMMENT: LEGROS, A LAWYER AND SELF-PROCLAIMED COMMUNIST, WAS ARRESTED IN MAY 1970 AFTER HAVING BEEN SOUGHT BY HAITIAN AUTHORITIES FOR SEVERAL YEARS. CHARLES, FORMER PRESIDENT OF THE COMMERCIAL BANK OF HAITI, AND BLAIN, FORMER COMMANDANT OF THE QUARTERMASTER CORPS, WERE ARRESTED IN APRIL 1970 FOR PLOTTING AGAINST THE GOH.)

5. CAMBRONNE REITERATED THAT HE BELIEVED THE "HAITI OBSERVATEUR" POSED THE NUMBER ONE THREAT TO THE GOH'S PLANS TO REUNITE ALL HAITIANS. CAMBRONNE ADDED, HOWEVER, THAT THE GOH ALSO BELIEVED GEORGES R I G A U D, A LEADER OF THE HAITIAN

RESISTANCE MOVEMENT IN MONTREAL, AND A PROFESSOR RENE S A I N T - L O U I S, WHO IS ALSO LOCATED IN CANADA, TO BE IMPORTANT ENEMIES OF THE GOH.

6. FIELD DISSEM: SENT TO PORT AU PRINCE, PARIS, SANTO DOMINGO, MEXICO CITY, CARACAS, OTTAWA.

SUBJECT : RESULTS OF THE INTERROGATION OF CLEMARD JOSEPH CHARLES AND KESNER BLAIN

ACQ : HAITI, PORT AU PRINCE (16 MARCH 1971) HTP-1469

SOURCE : A FORMER HAITIAN GOVERNMENT EMPLOYEE WHO HAD THE CONFIDENCE OF MANY MEMBERS OF THE DUVALIER GOVERNMENT. HIS PAST REPORTING HAS GENERALLY BEEN ACCURATE. HE RECEIVED THIS INFORMATION FROM A HIGH RANKING MEMBER OF THE HAITIAN ARMED FORCES GENERAL STAFF.

1. ACCORDING TO BRIG. GEN. CLAUDE R A Y M O N D , CHIEF OF HAITIAN ARMED FORCES GENERAL STAFF, PRESIDENT FRANCOIS D U V A L I E R COMPLETED HIS PERSONAL INTERROGATION OF CLEMARD JOSEPH C H A R L E S , FORMER PRESIDENT OF THE COMMERCIAL BANK OF HAITI, AND COL. KESNER B L A I N , FORMER QUARTERMASTER OF THE HAITIAN ARMED FORCES, ON 15 MARCH 1971.

(FIELD COMMENT: HTP-1467, TDCS-314/02737-71 , REPORTED THAT DUVALIER HAD SEEN BLAIN PRIVATELY ON 9 MARCH 1971 AND BLAIN AND CHARLES TOGETHER ON 12 MARCH 1971. THE SAME SOURCE REPORTED THAT DUVALIER HAD AGAIN SEEN BLAIN AND CHARLES ON 15 MARCH 1971.)

2. RAYMOND SAID THAT, IN HIS INTERROGATION OF CHARLES, DUVALIER APPEARED PRIMARILY CONCERNED WITH DETERMINING IF CHARLES HAD SERVED AS A FUNDING CHANNEL FROM AMERICAN BUSINESSMEN TO THE HAITIAN CONSPIRATORS. IN THE COURSE OF THE INTERROGATION, DUVALIER SHOWED CHARLES A PHOTOCOPY OF A CASHIER'S CHECK FOR $170,000 DRAWN IN CHARLES' NAME. CHARLES ALLEGEDLY REPLIED THAT HE HAD DEALINGS WITH MANY FOREIGNERS AND HAITIANS. HE DENIED DUVALIER'S CHARGES SAYING THAT, IF HE HAD BEEN INVOLVED, IT WOULD HAVE BEEN A PURELY HAITIAN AFFAIR AND THAT HE WOULD NOT SULLY HAITI'S HONOR BY SEEKING HELP FROM FOREIGNERS.

3. ACCORDING TO RAYMOND, BLAIN ALSO DENIED ANY FOREIGN INVOLVEMENT. HOWEVER, HE SAID THAT ALL THE CABINET MEMBERS HAD CONSPIRED WITH HIM AT ONE TIME OR ANOTHER, EXCEPT FOR AURELE J O S E P H , SECRETARY OF STATE FOR INTERIOR AND NATIONAL DEFENSE; MAX A N T O I N E , SECRETARY OF STATE FOR SOCIAL AFFAIRS; AND ANDRE D U B E , SECRETARY OF STATE FOR FINANCE AND ECONOMIC

AFFAIRS. BLAIN ALSO IMPLICATED ABOUT ONE QUARTER OF THE 49-MAN NATIONAL ASSEMBLY, INCLUDING SUCH PERSONS AS ULRICH S T. - L O U I S, PRESIDENT OF THE ASSEMBLY AND DEPUTIES LUCKNER C A M B R O N N E, VICTOR NEVERS C O N S T A N T, AND MME. MARCELLE A U G U S T I N. BLAIN ADDED THAT HE HAD ALSO CONSPIRED WITH COL. BRETON C L A U D E, COMMANDER OF THE DESSALINES BATTALION, AND COL. FRED M. A R T Y, INSPECTOR GENERAL OF THE HAITIAN ARMED FORCES. BLAIN SAID THAT, LONG BEFORE APRIL 1970, CLAUDE HAD ALSO BEEN INVOLVED IN VARIOUS CONSPIRACIES WITH CLOVIS D E S I N O R, FORMER SECRETARY OF STATE FOR FINANCE AND ECONOMIC AFFAIRS, LUCKNER CAMBRONNE, AND THE LATE LEON B O R D E S, AND THAT THESE MEN HAD FORMED A CLANDESTINE POLITICAL PARTY WITH DESINOR AS PRESIDENT.

4. RAYMOND SAID THAT DUVALIER WAS CONTINUING A SECRET INVESTIGATION OF THESE ADMISSIONS, PARTICULARLY IN RESPECT TO POSSIBLE FOREIGN FINANCING OF THE PLOT. IN RAYMOND'S OPINION, DUVALIER WILL TAKE NO ACTION UNTIL THE INVESTIGATION IS COMPLETE.

5. CONCERNING THE MILITARY TRIBUNAL WHICH WAS CONVENED IN EARLY MARCH 1971, RAYMOND SAID THAT THE TRIAL WAS SIMPLY

1. ACCORDING MORNING PRESS 8 MAY, LEGISLATIVE CHAMBER PASSED DECREE 7 MAY WHICH STRIPPED FOLLOWING PERSONS OF HAITIAN CITIZENSHIP AND CONFISCATED THEIR GOODS AND CHATTELS; CLEMARD JOSEPH CHARLES, CLEMENCEAU PROSPER, ALPHONSE LAHENS, AND KESNER BLAIN. STATED REASON FOR DECREE WAS THAT THESE PERSONS WERE ACCOMPLICES OF REBEL COASTGUARDSMEN. THIS DECREE ESSENTIALLY SAME AS ONE PASSED 27 APRIL ACCORDING IDENTICAL TREATMENT TO COASTGUARDSMEN.

2. PALACE ALSO ANNOUNCED THAT IT WOULD NOT PROCEED WITH EXTRADITION PROCEEDINGS AGAINST COASTGUARDSMEN BUT WOULD JUDGE THEM IN ABSENTIA. THIS ACTION FOLLOWED NOTE RECEIVED BY EMBASSY ON 7 MAY WITHDRAWING EARLIER REQUEST FOR EXTRADITION.

3. NET EFFECT THESE ACTIONS LENDS CREDENCE TO IMPRESSION THAT HAITIAN GOVT PREPARED ACT IN OUTWARDLY LEGAL WAY IN DEALING WITH REBELLION. ON ONE HAND, REMOVAL OF CITIZENSHIP AND CONFISCATION OF PROPERTY LEAVES FAMILIES DESTITUTE WHICH PROBABLY AMPLE OBJECT LESSON TO OTHERS CONSIDERING REBELLION

SUBJECT DENUNCIATION BY CLEMARD JOSEPH CHARLES, PRESIDENT OF COMMERCIAL BANK OF HAITI, OF ANTI-GOVERNMENT PLOT

ACQ HAITI, PORT AU PRINCE (10 APRIL 1970) FIELD NO. HTP-1379

SOURCE A HAITIAN PROFESSIONAL MAN WHO HAS THE CONFIDENCE OF MANY MEMBERS OF THE DUVALIER GOVERNMENT. HE IS A NEW SOURCE AND THE RELIABILITY OF HIS REPORTING HAS NOT BEEN DETERMINED.

1. ACCORDING TO DR. JACQUES FOURCAND, ONE OF THE PERSONAL PHYSICIANS TO PRESIDENT FRANCOIS DUVALIER, DUVALIER WAS INFORMED OF THE RECENT ANTI-GOVERNMENT PLOT, WHICH SUBSEQUENTLY LED TO SEVERAL ARRESTS OF SUSPECTED PLOTTERS, BY CLEMARD JOSEPH CHARLES, PRESIDENT OF THE COMMERCIAL BANK OF HAITI. CHARLES DENOUNCED THE PLOT TO DUVALIER WHEN HE REALIZED HE HAD BEEN "DOUBLE-CROSSED" BY COL. KESNER BLAIN, QUARTERMASTER GENERAL OF THE ARMED FORCES, WHO HAD PROMISED TO MAKE CHARLES PRESIDENT OF HAITI IN RETURN FOR $100,000 TO FINANCE

A REVOLT AGAINST DUVALIER. CHARLES ALSO HAD REFUSED TO GIVE THE MONEY TO BLAIN. (HEADQUARTERS COMMENT: ALTHOUGH SOURCE DID NOT INDICATE HOW BLAIN HAD "DOUBLE-CROSSED" CHARLES, CHARLES WAS REPORTED IN OCTOBER 1969 TO BE FINANCING A PLOT BEING HEADED BY COL. OCTAVE C A Y A R D, COMMANDER OF THE COAST GUARD. SEE TDCS-314/15048-69. ALSO IN OCTOBER 1969, TDCS-314/15083-69 REPORTED ANOTHER PLOT AGAINST THE DUVALIER GOVERNMENT BEING HEADED BY BLAIN. CHARLES, HOWEVER, WAS NOT MENTIONED IN THIS REPORT AS BEING INVOLVED IN BLAIN'S PLOT.)

2. FOURCAND SAID THE INQUIRY IS CONTINUING. HE SAID THAT HE WOULD DEFEND THE PRISONERS AND ADDED THAT NO ONE WOULD BE SHOT AS HAD HAPPENED BEFORE. (HEADQUARTERS COMMENT: FOURCAND PROBABLY IS REFERRING TO A SIMILAR PURGE OF SUSPECTED PLOTTERS AGAINST THE GOVERNMENT CARRIED OUT BY DUVALIER IN MID-1967, WHICH RESULTED IN THE EXECUTION OF 19 ARMY OFFICERS.) (FIELD COMMENT: TDCS-314/03869-70 AND TDCS-314/03496-70 REPORTED THAT FOURCAND IS A MEMBER OF THE COMMISSION INTERROGATING BLAIN AND THE OTHER PERSONS ARRESTED DURING THE WEEK OF 1 APRIL 1970.)

MEMORANDUM FOR : Deputy Chief, WH/7

REFERENCE : Your request this subject

Following our receipt of information that Clemard-Joseph Charles had taken a list of requirements into the U.S. Embassy in Port-au-Prince and asked help in filling them, WH Division sent a memorandum on 19 August 1969 to the Chief, DCS, asking that DCS's contact with Louis A. Brun (from whom Charles had received the requirements) be terminated.

The DCS New York office on 29 August 1969 sent a memorandum to Chief, DCS, which reviewed the case, noted Brun had been guilty of sloppy security, and concluded that no further requirements would be given him. This memorandum did not, however, say that contact would be terminated; in fact, it said they would continue to debrief Brun whenever he returned from a trip to Haiti. This memorandum was sent to Port-au-Prince (HTPW-1347, 17 Sept 1969).

The Station replied (Port-au-Prince 6496, 11 Oct 69) that this was not enough, that the contact should be completely severed. WH/Branch 7 officers then met with Mr. George Musulin of DCS to discuss the matter further, WH/7 officers maintaining that there was more political action hazard to this contact than the FI product justified. Musulin agreed to raise the matter with C/DCS. The result was a memorandum on 16 October 1969 from C/DCS to C/WHD which referred to the original WHD memorandum of 19 August and advised that contact with Brun has been terminated. Port-au-Prince was so informed (DIR 48277, 21 Oct 69).

D U V A L I E R AND TO ESTABLISH THEMSELVES AS A JUNTA. THE PLOT IS BEING HEADED BY CAYARD AND IS BEING FINANCED BY CLEMARD JOSEPH C H A R L E S, PRESIDENT OF THE COMMERCIAL BANK OF HAITI, IN THE AMOUNT OF $600,000.

2. IN THE ORIGINAL PLAN, THE PRESIDENTIAL GUARD WAS REGARDED AS A MAJOR OBSTACLE TO THE SUCCESS OF THE PLAN AND, THEREFORE, CAYARD AND CONSTANT AGREED TO INCLUDE JACQUES IN THE JUNTA ON THE GROUNDS THAT IT WAS A NECESSARY EVIL. CAYARD'S ONLY CONTACT WITH JACQUES, HOWEVER, HAS BEEN INDIRECTLY THROUGH CAPTAIN T H O M A S (FNU). (HEADQUARTERS COMMENT: THOMAS PROBABLY IS IDENTICAL WITH MAJOR JEAN T H O M A S, EXECUTIVE OFFICER OF THE PRESIDENTIAL GUARD.)

3. BESIDES THE ASSISTANCE THE PLOTTERS HAVE OBTAINED FROM INSIDE HAITI, THEY ALSO ARE SEEKING SUPPORT FROM HAITIAN EXILES WHO ACTIVELY OPPOSE THE DUVALIER REGIME.

4. (HEADQUARTERS COMMENT: IN MID-MAY 1969, A MILITARY JUNTA, WHICH INCLUDED CAYARD AND CONSTANT, WAS BEING FORMED TO OVERTHROW THE HAITIAN GOVERNMENT. AT THAT TIME, IT WAS NOT CLEAR IF THE GROUP HAD ACTUALLY APPROACHED JACQUES, BUT IT WAS THOUGHT THAT AS COMMANDER OF THE PRESIDENTIAL GUARD, HE MIGHT BE ABLE TO

OFFER NECESSARY SUPPORT FOR THEIR PLAN. SEE TDCS-314/07619-69. THE PLANNING IN MID-MAY 1969 WAS FOR ACTION IN THE EVENT OF DUVALIER'S DEATH. IT IS POSSIBLE THAT THE PRESENT PLOT IS IN FACT ONLY A CONTINUATION OF THAT CONTINGENCY PLANNING.)

was originally introduced to WODISH in New York City by Subject on 15 April 1966. Until the early fall of 1967, much of WODISH activity with IDEN A was devoted to arranging contacts with various elements of LNHARP, which IDEN A requested on behalf of Subject, and reporting operational information. To the best of WODISH knowledge and belief, however, none of these contacts produced any tangible assistance to Subject's various schemes. With two exceptions, WODISH relationship with IDEN A since October 1967 has been exclusively that of foreign intelligence collection. The exceptions were Subject's request for a secret meeting with a WOLADY envoy in May 1969, and an independent similar request from another group in the same month. As has been fully reported, IDEN A made it perfectly clear to WODISH and to Subject and to the other group that he was acting only as a channel and that he was not actively involved or interested. We (WODISH) simply transmitted the request. We wish to point out that what the Desk calls IDEN's "Lobbying" for Subject ended before October 1967. During the nearly two years in which the contact in the WODISH New York Office has dealt with IDEN A, the latter has never sponsored or "lobbied" for Subject's various schemes. IDEN A has occasionally relayed information concerning them, but has told WODISH repeatedly that he no longer wishes to be involved politically with Subject.

"c. We wish also to point out that IDEN A, as a regular supplier of foreign intelligence on Haiti, has supplied data which originate with Haitians other than Subject, and, therefore, IDEN A is not merely Subject's mouthpiece. Specifically, IDEN B and IDEN C are two of IDEN A's Haitian sources. IDEN B is a well-known Haitian businessman; IDEN C is a former deputy.

"d. We (WODISH) are not concerned with Subject, but are very much so with IDEN A. We do not believe that IDEN A is involved in any current revolutionary scheme in Haiti. We are, however, disturbed at the unprofessional way in which IDEN A handled the questions concerning foreign companies in Haiti. We did not request IDEN A to consult Subject about the requirements on foreign companies and, in view of the manner in which IDEN A handled our requirements, we shall continue only to accept information which he proffers on his return from his frequent trips to Haiti, and shall refrain from briefing him. We have requested our WOROMP customers to give us an evaluation of IDEN A's intelligence reporting. Unless this evaluation is unfavorable, we shall continue to exploit IDEN A in the manner just described. Insofar as contact between IDEN A and Subject is concerned, (1) we cannot prevent IDEN A from talking to Subject (or anybody else), but (2) we have never in the past and shall not in the future request that IDEN A contact Subject on behalf of WODISH."

3. To date, the WOROMP evaluation of IDEN A's reporting has not been received. However, since WODISH has agreed to refrain from briefing IDEN A prior to any future trips he may make to Haiti, there should be no recurrence of the type of situation described in Ref C.

THIS IS UNEVALUATED INFORMATION

SOURCE Naturalized US citizen of Haitian birth, who makes frequent trips to Haiti. Source maintains close contact with Haitians in the US and with prominent business and political figures in Haiti.

1. Opponents of Haitian President Francois Duvalier have formed a new political opposition group. The following are members: Colonel Cayard (Commandant of the Haitian Coast Guard); Captain Daniel (assistant to Cayard); Gérard Constant (Haitian Army Chief of Staff); Colonel Kesner Blain (in charge of Haitian Army quartermaster depots); and Colonel Gracia Jacques (Commandant of the Presidential Palace Guard). [See 00-B-321/06913-69 (paragraph 2-e) and 00-B-321/14515-69 (paragraph 3) for earlier data concerning some of the members of this group.]

2. This group is now working with Clemard Joseph Charles and has formulated, largely under the direction of the latter, a tentative political plan for the organization of a post-Duvalier Haiti. The group is anxious to act, because some of the members, notably Daniel and Cayard, fear that they will be arrested in the not-too-distant future. The entire membership displays, however, the trait common to all Haitian opposition groups: they will not act until President Duvalier dies, becomes totally incapacitated or is overthrown by somebody else. Jacques is an important addition to the group. He is completely loyal to President Duvalier, but has no use for the other members of the Duvalier family. Consequently, he will play no active part unless the President in some manner disappears from the scene.

3. This group still wishes to exercise power during a transitional period following President Duvalier's departure [see 00-B-321/14515-69 (paragraph 3)]. Charles does not want to hold any political appointment during this transition period, but plans to recover his position as the head of the Haitian Chamber of Commerce and travel abroad, to raise money for foreign economic assistance to Haiti. He plans to establish a political party, to be known as TOP (Travail,

CHARLES

Ordre, Progres). Charles hopes that TOP will become one of two or three political parties in the post-Duvalier period and is convinced that TOP will win a constitutional victory at the polls and propel him to power. In the meantime, Colonel Kesner Blain will be the head of the provisional government. Blain has no long-range political ambitions. Charles and his colleagues plan a new constitution for Haiti, which will provide for a President and for a Prime Minister. The Prime Minister will exercise the effective power. Charles expects that TOP's electoral victory will make him, as TOP's leader, Prime Minister in the new constitutional government.

4. Reportedly, Charles recently received from the US (no additional data available) the sum of US$230 thousand. This money is to be used to finance the overthrow of President Duvalier. I cannot confirm the accuracy of this reported gift.

MEMORANDUM FOR: Director, Domestic Contact Service

SUBJECT : DCS Case 47540 - Contact with Louis A. Brun/Clemard Joseph Charles

1. On 29 July 1969, Station Port au Prince advised that Clemard Joseph Charles had passed a list of nine questions concerning the Haitian economy to an official of the United States Embassy in Port au Prince. The list of questions was written in English in standard U.S. Government format and, although sterile, appeared to be intelligence requirements. Charles told the Embassy official that he had just finished a "big job" for the Pentagon and implied that the list also came from the Pentagon. The Embassy official suspected that Charles had passed a copy of the list to the National Palace.

2. On 2 August, a representative of the WH/Haiti Desk contacted Mr. George Musulin, Operational Support Staff of DCS, and learned that the DCS office in New York had briefed Mr. Louis A. Brun and had orally passed a list of CIRL requirements to Brun concerning Haiti prior to his trip to Haiti during the week of 21 July. Mr. Musulin speculated that Brun had probably noted the DCS requirements on paper and then had passed a copy to Charles upon his arrival in Haiti.

3. For a number of years, the United States Government has been aware of the political ambitions of Charles and his alleged plotting to overthrow the Duvalier regime. In 1967, this rather open plotting led to his imprisonment for over one year. Also, since May 1963, Charles has been trying to obtain support from the United States Government for his plots but he has been consistently rebuffed. Charles is not held in high esteem by U.S. officials and his motives are highly questionable. He owes his position in Haiti to his relationship with Duvalier and his ability to successfully manage some of

Charles File

the more notorious financial rackets of the regime. Charles enjoys no political following and even the "plots" with which he is associated are viewed with considerable reserve. For example, we have never been able to confirm that Charles was involved with the "military junta" formed in May 1969, as he claimed. In February 1969, the U.S. Embassy in Port au Prince commented that, with regard to the most recent plotting of Charles, "the possibility cannot be excluded that Charles....could be a provocation to determine the real motives of the United States Government towards the Duvalier regime." We concur in the Embassy's views.

4. During the past three years, the WH Division has been kept advised of the contact between DCS and Brun and his relationship with Charles. We are also aware from DCS and other sources of the efforts by Brun to obtain support from the United States Government for Charles. Brun is, of course, a close collaborator of Charles and a business representative of his in New York City. Brun has contacted officials of the Department of Defense, the Department of State, and even a person with access to President Johnson on Charles' behalf. The Chief of Caribbean Affairs of the Department of State categorically told Brun in June 1967 that the United States Government was not interested in supporting the plots of Charles or anyone else against Duvalier, but this advice seems to have fallen on deaf ears. The most recent example of Brun's lobbying was in May 1969 when Brun passed on to DCS a request from Charles for a secret meeting between a U.S. envoy and a representative of the "military junta." Brun's involvement with Charles requires that he be considered a biased source of information. While some of the information Brun has obtained from Charles has been of interest, there is hardly anything that was not available through other channels and indeed, much of it was slanted.

5. As was set forth in WH/7 memoranda to the Operational Support Staff, DCS, on 16 July 1968 and 28 May 1969, we interpose no objection to DCS maintaining contact with Brun for its own purposes. However, the

relationship between Brun and Charles has now taken on operational characteristics (agent/sub-agent) with Brun levying requirements on Charles in Haiti to service on behalf of DCS. The relationship between Brun and Charles also has manifested political and security aspects which could adversely affect the interests of the United States Government regarding Haiti. Accordingly, we request that the contact between Brun and Charles on behalf of DCS be terminated.

ACTION REQUIRED: See Paragraph 5.

1. The Station would like to offer its views on the WODISH contact, through Identity of Paragraph 1 Reference A (hereinafter IDEN), with 201-357029, as well as on the question of the requirements which 201-357029 gave LNPURE and which were forwarded to Headquarters in Reference B.

2. Since IDEN has been told that his contact is with LNSHOE and since he has told 201-357029 that fact, and since 201-357029 has apparently, in his mind at least, converted that fact into contact with RVROCK, and has probably spread both stories with his associates and thereby throughout the local milieu, we have, in effect, a dangerous security situation. When we consider that the LNPURE receives all the information that 201-357029 gives IDEN anyway, and most of the time receives the information directly from 201-357029, then we have an operation that is difficult to justify.

3. In the case of the requirements forwarded with Reference B, we have a situation in which WODISH levied requirements on 201-357029, through IDEN. 201-357029 then turned those requirements over to LNPURE which returned them via 201-357029 and IDEN to WODISH. Why not cut out the middleman and the security complications, and save the headaches?

4. The Station feels that the WODISH handling of 201-357029 results in a case that has the potential of causing severe problems for AKULE, and that it could well be that AKULE will be made to bear the blame since elements within RVROCK might feel that the ultimate responsibility for supervision of the case lies with AKULE.

MEMORANDUM FOR : Director, Domestic Contact Service
Operational Support Staff

ATTENTION : Mr. George S. Musulin

SUBJECT : DCS Case 47540 - Request by Haitian Opposition Group for Secret Interview with U.S. Official

1. This memorandum will serve to confirm the telephone conversations between your office and the Chief of the Haiti Desk on 15 and 27 May 1969 concerning the request made through Mr. Louis A. Brun on the above subject. During these conversations, your office was advised that the WH Division has no interest in contacting any representative or member of the plotting group.

2. The WH Division considers Cleanard Joseph Charles to be a perennial anti-Duvalier plotter in Port au Prince with little means or following to carry out his anti-government designs. During the week of 11 May 1969, Charles approached the Embassy in Port au Prince with basically the same information as relayed to the DCS office in New York by Mr. Brun. The only difference was that he did not request that a U.S. Government official make contact with the internal group, but rather that the Embassy provide some assurance that the U.S. Government would look benevolently on the group once the coup was launched. The Embassy replied that the U.S. Government had a firm policy not to intervene in such matters and that no such assurance could be expected.

3. Since 1967, Charles has made similar overtures to the U.S. Government for support of his anti-government plans. When reviewing these approaches, there has always been some doubt as to the accuracy of the information that Charles (or Brun) has furnished. While it was accepted that Charles was actually plotting against Duvalier, it could never be determined if he was actually a member of the plotting group, which usually included members of the Haitian Army, or if Charles had simply become aware of an anti-Duvalier plot and was trying to act as a broker between the plotters and the

SECRET

U.S. Government for his own interests.

4. At the present time, fairly reliable reports have been received that certain officials of the Haitian Army are trying to form a junta to take power in the event Duvalier dies. Some members of this junta are reportedly anxious to overthrow Duvalier, should he recover, but so far have not established a timetable or decided how they intend to carry out the coup. Also, the illness of Duvalier has undoubtedly inspired anti-Duvalier plotting by other groups in Haiti but no reliable information is available on their plans. It is interesting to note that Clemard Joseph Charles is not identified as a plotter in any of the reports from internal sources.

5. As was mentioned in the WH/7 memorandum dated 16 July 1968, we do not interpose any objection to DCS maintaining contact with Brun for its own purposes. However, we feel that in the interests of security and also in conformance with U.S. policy, that Brun should clearly understand that we have no interest in establishing contact with any member of the internal group through his channel and further that the U.S. Government has no interest in becoming involved in any anti-Duvalier activities.

HE HAS SET A 1 JULY 1969 DEADLINE FOR THE ACCOMPLISHMENT OF HIS GOAL. CHARLES LISTS NO REASON FOR THE SPECIFIC TIME LIMIT OF 1 JULY 1969.

SUBJECT: REQUEST BY HAITIAN OPPOSITION GROUP FOR SECRET INTERVIEW WITH US OFFICIAL

1. ONE OF THE UNDERGROUND OPPOSITION GROUPS IN HAITI IS CENTERED IN THE FOLLOWING INDIVIDUALS: FNU LAVENS RPT LAVENS (FORMER DEPUTY, NOW IN SEMI-HIDING); COLONEL WESTNER BLAIN RPT BLAIN (HEAD OF ARMY QUARTERMASTER WAREHOUSES); COLONEL CAYARD RPT CAYARD (HEAD OF THE COAST GUARD); FNU CONSTANT RPT CONSTANT (CHIEF OF STAFF). THEY WISH TO ORGANIZE A JUNTA, FOLLOWING THE DEATH OR RETIREMENT OF HAITIAN PRESIDENT DUVALIER, AND EXERCISE POWER DURING A TRANSITION PERIOD. FOLLOWING THE TRANSITION PERIOD, THIS GROUP WISHES TO HAVE FREE ELECTIONS AND THEN RETIRE FROM POLITICAL ACTIVITY. LAVENS WOULD LIKE TO BECOME A MINISTER. BLAIN WOULD LIKE A DIPLOMATIC APPOINTMENT. CAYARD WOULD LIKE TO RETIRE TO HIS CATTLE RANCH. THE GROUP HAS NO PARTICULAR CANDIDATE FOR PRESIDENT.

2. THIS GROUP ALLEGES THAT IT COMMANDS WIDE SUPPORT AMONG ARMY PERSONNEL IN PORT-AU-PRINCE AND IN THE HAITIAN HINTERLAND. THE GROUP IS REPORTEDLY WILLING TO WORK WITH ANY OTHER OPPOSITION GROUP, EXCEPT THE COMMUNISTS BUT IT DOES NOT WANT TO APPEAR PUBLICLY BEHOLDEN TO THE US OR TO ANY OTHER NON-HAITIAN POWER.

3. UNTIL RECENTLY, THE PLAN OF THIS GROUP WAS TO SIT BACK, WAIT FOR INTERNAL UPHEAVALS AND THEN MOVE IN TO ASSUME POWER. THEY DID NOT WANT TO ACT ON THEIR OWN, BUT PREFERRED TO TAKE ADVANTAGE OF

AN INTERNAL UPHEAVAL CREATED BY SOMEBODY ELSE.

4. THE MOST RECENT RUMORS CONCERNING PRESIDENT DUVALIER'S HEALTH HAVE, HOWEVER, CAUSED THE GROUP TO CHANGE ITS MIND. THE MEMBERS NOW DECLARE THAT TIME IS OF THE ESSENCE AND THAT AS SOON AS PRESIDENT DUVALIER "GOES ON THE OPERATING TABLE" THEY WILL MOVE.

5. THE GROUP RECOGNIZES, HOWEVER, THAT CONSIDERABLE DIFFICULTIES LIE IN ITS PATH AND IS MOST ANXIOUS TO DISCUSS THE ENTIRE MATTER IN SECRET WITH A US ENVOY. WHAT THEY HAVE TO SAY TO THIS ENVOY IS NOT KNOWN.

6. THE GROUP HAS ORGANIZED THE FOLLOWING PROCEDURE FOR THE ENVOY TO FOLLOW. FIRST, HE MUST SEND A CABLE TO THE FOLLOWING CABLE ADDRESS: ETSLAMAB, PORT-AU-PRINCE, HAITI. THE CABLE MUST READ AS FOLLOWS: "ARRIVING ON (LIST DATE) TO DISCUSS THE SISAL DEAL. PLEASE RESERVE A ROOM FOR ME AT THE SANS SOUCI HOTEL." THE NAME SIGNED TO THE CABLE DOES NOT MATTER. THE CABLE ADDRESS IS THAT OF ETABLISSEMENTS LAHENS-BLAIN & CO., PORT-AU-PRINCE, HAITI. SECOND, HE MUST REGISTER AT THE SANS SOUCI AND AWAIT A CALL OR VISIT FROM A MAN NAMED EDGARD BONI RPT BONI. BONI IS KESTNER BLAIN'S BROTHER. THE ORIGINAL FAMILY NAME IS "BONI"; BLAIN CHANGED HIS NAME. BONI WILL EITHER TAKE THE ENVOY TO TALK TO CONSTANT OR WILL INFORM HIM OF ARRANGEMENTS MADE FOR THE INTERVIEW. THE ONLY PERSONS PRESENT AT THE INTERVIEW WILL BE CONSTANT AND THE ENVOY. THIRD, WHEN THE ENVOY MEETS CONSTANT HE MUST ESTABLISH HIS BONA FIDES RPT BONA FIDES BY SAYING: "I HAVE BEEN SENT BY MR. EISENHOWER TO DISCUSS SISAL". THE KEY WORD IS "EISENHOWER".

7. IT WOULD BE PREFERABLE, BUT NOT MANDATORY, IF THE SECRET US

ENVOY WAS ABLE TO SPEAK FRENCH.

1. As part of his effort to obtain foreign exchange, Haiti's President Duvalier has decided to award a gambling concession. A US syndicate, consisting of a New York City firm, Keynote Associates, and of Count Michel Levitch, Bishop of the American Orthodox Church, has been trying to obtain the concession. [Collector's Note: see reference for additional details.]

2. The Bishop has severed his connections with Keynote, which bombarded President Duvalier with telegrams and made an unannounced trip to Haiti to obtain the concession.

3. [However ___], Keynote received a telegram from Antonio André, Director of the Bank of the Republic of Haiti. This message informed them that they would not receive the concession. President Duvalier relies very heavily upon André for advice and guidance in economic matters.

4. Almost at the same time that Keynote received André's telegram, Clémard Joseph-Charles notified the Bishop that he would receive the concession on the following terms:

   a. A new group of associates of the Bishop will receive 80 percent of the gross receipts from the concession.

   b. The Government of Haiti will receive 10 percent of the gross receipts.

   c. The Bishop and his chief partner will receive five percent of the gross receipts.

U 20 | CONFIDENTIAL | S 80

d. The remaining five percent of the gross receipts will be used by the Bishop, reportedly under Haitian supervision, to begin construction of schools and child care centers in Haiti. These schools and centers will be under the auspices of the American Orthodox Church.

5. Joseph-Charles's authorship of the telegram which virtually promised the concession to the new group indicates that his fortunes may be on the mend. He certainly could never have sent such a message without the approval of President Duvalier. That he was permitted to send it indicates that the President may be beginning to look upon him more favorably than he has done in the recent past.

SOURCE Naturalized US citizen of Haitian birth, who makes frequent trips to Haiti. Source maintains close contact with Haitians in the US and with prominent business and political figures in Haiti.

1. During recent weeks, the fortunes of Clemard Joseph-Charles seem to have improved. He has been playing a not unimportant role in the award of the Haitian gambling concession [Collector's Note: see reference.], an activity which is designed to bring to Haiti some badly-needed foreign exchange. Although I do not believe that he sees President Duvalier as frequently as he used to prior to his incarceration, he does seem to have recovered some of the confidence which the President used to repose in him.

2. One reason for President Duvalier's dislike of Charles (and one possible reason why the President eventually threw him in jail) is that Charles was instrumental in bringing about the marriage of the President's daughter, Marie-Denise Duvalier, to Colonel Max Dominique. Charles and Marie-Denise have been close friends for many years. Marie-Denise became pregnant by Dominique and went to Charles for help. Charles then intervened with President Duvalier, who was furious, and persuaded him to agree to the marriage. The President was bitterly angry at Dominique and somewhat unjustly blamed Charles for the marriage. He agreed to the necessity for the wedding, but resented his new son-in-law and, by association, so to speak, resented Charles. The President and Dominique have formally reconciled. The President met Colonel Dominique at the airport, when the latter returned to Haiti, and made a point of inviting his son-in-law to ride in the presidential limousine from the airport to the palace. The purpose was to demonstrate the burial of old grudges. It remains to be seen, however, whether or not the reconciliation was genuine and whether or not the President has really forgiven his son-in-law.

U | NO | CONFIDENTIAL | S | NO

3. Luc-Albert Foucard, Haitian Minister of Tourism, is now in political, if not personal, eclipse. He no longer goes to his office. The New York City manager of the Haitian Tourist Bureau, Jean Sorel, is in Haiti and is acting in Foucard's stead. Ramah Theodore, Deputy Director of Tourism, is amiable and is a friend of President Duvalier. He is, however, of little stature and is not capable of doing anything more than the routine daily chores of the office. Foucard cannot afford to call attention to himself, because he is fearful for the physical safety of his sister, Madame Saint-Victor. President Duvalier recently dismissed her as his personal secretary and replaced her with his daughter, wife of Colonel Max Dominique. Since then, rumors have abounded that Madame Saint-Victor may be marked for physical liquidation /Collector's Note: see reference./. Whether or not these rumors have any foundation in fact, there is no doubt that the members of the Foucard family (i e, Luc-Albert, Madame Saint-Victor and their sister, Madame Bella Foucard Poitvien) have all made themselves as inconspicuous as possible. The President's change in secretaries has led to a diminution of the power and influence of the Foucard clan.

Le Président

Port-au-Prince, le 8 Novembre 1963

Excellence,

Vous n'ignorez pas l'intérêt avec lequel j'ai suivi les étapes de la campagne électorale qui devait aboutir au Triomphe de votre Compétiteur Républicain aux élections présidentielles Américaines.

Vous le savez, à n'en pas douter, que j'ai souhaité de tout coeur Votre propre Triomphe. Je le croyais irrésistible.

Vous avez fait de votre mieux, mais Vous avez perdu.

Que pouviez-Vous faire? Les sages sentent qu'il y a quelque chose qu'on ne peut écarter par des mots ou des votes - une ceinture qui enserre le monde.

> " Tout ce qui a été décidé arrivera.
> La volonté infinie et supérieure de
> Dieu ne peut pas être transgressée."

Certes, pour atteindre l'objet de vos aspirations, Vous Vous êtes heurté à des bornes immuables. Vous Vous êtes enflammé de l'espoir de bousculer les faits et les hommes.

Après maintes expériences Vous conviendrez que depuis le départ la victoire constituait pratiquement une gageure, et qu'il fallait commencer plus tôt: c'est dire que le monde est régi par des lois.

Maintenant que le rideau est tiré, je prends plaisir à formuler des voeux pour que se maintienne intact le courage magnifique dont Vous avez fait preuve tout au long de Votre campagne électorale.

Je sais, pour répéter le Président JOHNSON, que "Vous continuerez à servir l'Amérique aussi longtemps que Vous vivrez".

Port-au-Prince, le 8 Novembre 1968

Monsieur le Président Elu,

J'ai suivi, comme tous les Haïtiens d'ailleurs, les élections présidentielles Américaines qui constituent toujours un événement international de première importance.

En effet, le Monde entier a enregistré les différentes phases de la campagne électorale qui devait aboutir à Votre Avènement à la Présidence des Etats-Unis d'Amérique.

Un vent de renouveau souffle sur l'Amérique consciente de Sa force et de Son rayonnement dans le Monde.

Vous jouissez, Monsieur le Président Elu, d'un prestige incontesté.

Je suis donc certain que, sous Votre Administration, les Etats-Unis d'Amérique, avec le prestige que lui donnent Son passé incomparable et Ses grandes ressources tant humaines qu'économiques, sauront remplir sa vocation de Leadership du Monde libre et Sa place de premier plan parmi les autres Nations du Globe qui soupirent ardemment après un monde pacifique et plus humain.

C'est le souhait que je forme à l'occasion de Votre Triomphe aux élections présidentielles Américaines.

Je Vous prie de recevoir, Monsieur le Président Elu, mes voeux sincères pour Votre Bonheur personnel et la prospérité du peuple Américain.

1. Enclosed you will find a list of attendees (Enclosure A) to the Pugwash Conference held in Munich, Germany, in August, and a set of questions (Enclosure B) prepared by the ORPA analysts at our request. Since the original list of attendees contained only the last name and first initial of each US participant, we had to make some educated guesses as to the true identities of many of them. As a result, do not be surprised if some question why we felt they had attended. In many cases, however, there was no question as to the true identity of the source.

2. ORPA has been quite pleased with the reporting generated by their previous requirements. As a result, they have made an extra effort to write even more thought provoking requirements. We feel that the enclosed questions are the best we have sent out to date.

3. Responsive reporting should cite the current CIRL, Objective A1a and KIQ 90. We look forward to receiving your responses.

<u>The Aaron E. Norman Fund, Inc., New York, New York</u>

Purposes and Activities: Interests include the improvement of inter-cultural and inter-racial relations; the protection of civil liberties; the prevention and treatment of emotional disturbances, etc.

Norman Fund channeled the following amounts of CIA money to CIA projects:

1961 - $15,000 to American Society for African Culture (AMSAC)

1962 - $10,000 to African-American Institute (AAI)

1963 - $15,000 to Pan American Foundation (PAF). (This represented a part of the total budget for PAF in 1963. Virtually all PAF funds in 1963 were used for grants to individual recipients of Agency operational interest. No domestic organizations received any of the funds.)

1964 - $10,000 to International Development Foundation (IDF)

Norman Fund gave <u>its own money</u> to the following CIA projects:

1962 - $7,500 to American Society for African Culture (AMSAC)

1962 - $3,000 to African Research Foundation

1962 - $3,100 to U.S. National Student Association (USNSA)

We hold copies of Schedule of Ordinary Grants of the Norman Fund for 1962 and 1963. These documents confirm the figures and the recipients cited in the Drew Pearson column. No CIA funds were given for other than the four grants listed above.

MEMORANDUM FOR: Deputy Director for Operations

SUBJECT : Alleged CIA Use of the Norman Foundation and the J. M. Kaplan Fund, Inc. to Pass Funds to Organizations Involving Mr. Leo Cherne

REFERENCE : New York Times Article of February [illegible], 1976 by Mr. John M. Crewdson, Same Subject

1. Reference reports that the President of the Norman Foundation, Mr. Frank Weil, said that he was approached by a "mysterious gentleman" from the CIA in 196[illegible] or 1964 and asked to pass about $15,000 in Government funds to the International Rescue Committee of which Mr. Leo Cherne was then Chairman of the Board. CIA files reveal that the Norman Foundation (formerly the Aaron E. Norman Fund, Inc.) was never used to pass CIA funds to the International Rescue Committee as implied in Reference. Attached is the record of CIA funds passed through the A. E. Norman Fund, Inc. and bonafide grants made by the funds to CIA projects. It is noted that in 1961, the Norman Fund passed $15,000 of CIA funds to the American Society for African Culture (AMSAC). Possibly Mr. Weil confused this funding for African activities with the International Rescue Committee.

2. It is true as reported in the article and sourced to an executive of the J. M. Kaplan Fund, Inc., that the Fund supported a single Agency program in the 1960s. This program was the Institute of International Labor Research, Inc. (IILR) an Agency-controlled non-profit organization active in the Latin American labor field. CIA's use of the J.M. Kaplan Fund, Inc. to fund the IILR terminated in 1964 when use of the Kaplan Fund was exposed in Congressional hearings of the Patman Committee on Tax-exempt Foundations. CIA files confirm that the J.M. Kaplan Fund, Inc. made in 19[illegible] a bonafide grant to the International Rescue Committee for Czech refugee relief. There is no evidence that CIA funds were passed to the Kaplan Fund for any other purpose than support of the IILR.

3. Although there is no evidence that CIA ever directly or indirectly funded the International Rescue Committee or Freedom House, Mr. Cherne personally and through his firm, Research Institute of America, Inc., actively assisted the Agency in the past. A [illegible] agent, Joel A.

A review of the HSCA volumes did not surface an "Abram" Chayes but an "Abraham" Chayes, a legal advisor to the State Department, who maintained that at the time Oswald received his visa to enter Russia from the Soviet Embassy in Helsinik, normally at least 1 week would elapse between the time of a tourist's application and the issuance of a vias. It would appear that Abram and Abraham are not identical to each other. Betty Lichtenfeld of the HSCA reviewed the file on 17 August 1978.

Luis---I attempted to get a reaction from the analyst regarding the information in paragraph 2.Unfortunately there is a new analyst for Honduras who is now away on vacation and he left no second who understands the situation in Honduras. So rather than hold on to this report--I am returning it with no response from the analyst.

1. The Government of Honduras (GOH) recently obtained a US$12 million loan from the Central American Bank of Economic Integration for the expansion of the Azucarera del Sur sugar mill located in Choluteca, Honduras. In addition, the GOH has purchased two sugar mills, one in Brazil and the other in Puerto Rico. The mills, bought at a cost of US$15 million each, will be dismantled and shipped to Honduras, where they will be reassembled with the aid of foreign technicians. Also, another sugar mill is to be built in the country at a cost of US$20 million; however, the Japanese Mitsubishi enterprise will be the major stockholder, while Honduran private businessmen will hold a minority interest. This is part of an expansion and modernization program by the GOH with hopes of obtaining a larger share of the world's sugar market.

2. The GOH is somewhat concerned with the infiltration through Mexico and Guatemala of Communist agitators and guerrilla training personnel. These guerrillas, mostly Cubans who remained in the country after they had arrived allegedly to assist the GOH following Hurricane Fifi, are causing growing concern as a result of several uprisings and invasion of private lands by peasants in several parts of the country. The Cubans, who stayed in the country following Hurricane Fifi and others who have arrived clandestinely since that time, reportedly are training leftist militants and sympathizers among the Honduran peasants. The agitators and guerrilla instructors are taking advantage of growing unemployment and the overall poor national economic situation to stir the peasants into activity against the government.

SOURCE US citizen, executive of an import/export company with extensive business connections in Central America and the Caribbean. He makes important trips to these areas and has contact with high ranking military and political leaders. He speaks Spanish fluently.

1. The new military regime in Honduras currently is holding talks with Venezuela and hopes to sign an economic agreement in the very near future. With that in mind, the Government of Honduras (GOH) recently sent a high level commission to Venezuela headed by Captain Armando San Martin, Secretary of State for Economy and Commerce and by Attorney Antonio Jose Cuello to hold discussions with high ranking Venezuelan Government officials. Prior to the talks, the GOH recently sold to Venezuela 25 million linear feet of lumber at a total cost of US$5 million. The GOH hopes to reach an agreement by which Venezuela would buy Honduran agricultural products for an unspecified mix of cash and petroleum products. In addition, Venezuela would support a new agricultural production plan to be implemented in the very near future by Fernando Montes, Honduran Secretary of State for Agriculture.

2. Despite reports that Chief Executive Colonel Juan Alberto Melgar Castro has unquestioned authority, Honduran military sources have indicated that Mario Maldonado, Agrarian Reform Chief; Lieutenant Colonel Mario Fonseca, Director of the Military Academy, and Lieutenant Colonel Juan Ramon Molina Cisneros, Commander of the First Artillery Battalion are the real "power behind the throne." These officers, who profess a strong nationalist ideology, are interested simply in the general welfare of the Honduran people, and they are maintaining a "watchdog" attitude to insure that no one, especially people in positions of power, uses such positions for his own personal benefit. These officers are members of the National Defense Council (NDC), which also includes the commanders of all major military units in the country. Maldonado, Fonseca, and Molina appear to be the "first among equals" in the 15 member NDC.

THIS IS UNEVALUATED INFORMATION

SOURCE US national, executive of an import-export company. He is a frequent traveler to Central and South America where he has developed good contacts in the political and business sectors. He speaks Spanish fluently.

1. Businessmen in Honduras have reported that the economic and political situation in the country, currently in a sad state of affairs, is bound to become worse as a result of the indifference being exhibited by President Oswaldo Lopez Arellano. On the economic side, the private business sector is quite concerned about an expected government move to nationalize the fishing industry. Some foreign firms already are pulling out of the country and moving to nearby countries like Nicaragua and El Salvador. On the political side, President Lopez has failed to name a permanent foreign minister since November 1974, when Cesar Batres occupied that post. Ricardo A. Pineda is performing those duties on an interim basis. The President also has undermined Honduran youth by giving in to the demands of the leftist-controlled labor unions. He gives businessmen the impression that he does not know much about government; consequently, the situation in the country has become very unstable.

2. Apparently, the regime in Honduras wants to emulate the current Peruvian Government in failing to even consider elections at all. In fact, the government, which is controlled by the military, has three pro-left ministers in the cabinet. They are Manuel Acosta Bonilla, Secretary of State for Finance; Guatama Fonseca Zuniga, Secretary of State for Labor and Social Security, and Manlio Martinez Cantor, Executive Secretary, Planning Board. At one time, Acosta was the private secretary of the Mexican leftist leader Vicente Lombardo Toledano, so he has been thoroughly indoctrinated along Marxist lines.

SOURCE Naturalized US citizen who has worked and lived in Honduras for a number of years. He has numerous social contacts and business connections with officials of the government, the Armed Forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. Horacio Moya Posas is the present director of Agrarian Reform in Honduras. He is inefficient and lacks some of the necessary qualifications for that position. In spite of his being a lawyer by profession, he is not astute, is only of average intelligence, is far from decisive, and frequently vacillates when called upon to make decisions. He is, however, extremely anti-Communist. His deputy director is Roberto Oliva. He is no asset. He has no outgoing personality whatsoever, and in fact, he is rather innocuous. One thing that can be said in his favor is that he is reported to be a good engineer.

2. The previous Agrarian Reform director was Rigoberto Sandoval. He is an extremely capable lawyer, very sagacious, intelligent and he displayed great foresight in that position. His present and future course of life is worth observing closely because a possibility does exist that he may be a candidate for an important political position in the not too distant future. To date Sandoval has not mentioned which political position he plans to seek. Another reason for observing him is that he is exceedingly anti-US.

3. If Sandoval does decide to seek a political office, it would most probably be General Oswaldo Lopez Arellano who would sponsor him.

4. Early in October 1972 a US importer-exporter received a very pleasant personal letter from Rigoberto Sandoval. By the tone of the letter one would judge that a close relationship has existed between them for some time. Sandoval stated that he was in Italy working for the Food and Agriculture Organization of the United Nations (FAO), and that for the present his stay there was for an indefinite period. He enclosed a long list of items which he requested the US importer-exporter to send to him immediately if at all possible. The list consisted mostly of furniture, household furnishings, electrical appliances, etc.

[This report was developed by an Army representative assigned to the office of preparation.]

1. Honduran merchants, industrialists and some of the people have been urging the revival of the Central American Common Market (CACM). To all intents and purposes it has been practically non-existent. Salvadorians and Guatemalans have also expressed the same desire.

2. In early October 1972, these urgings were taken into consideration by the Secretaryship of Central American Economic Integration (SIECA) (Secretaria Permanente de Integracion Economica Centro Americana). SIECA appointed a president, and a board of directors was selected. Eduardo Ortes Colindres, a Honduran lawyer was named president. General Somoza of Nicaragua and General Oswaldo Lopez Arellano approved the appointment of Eduardo Ortes Colindres so much that they offered to aid him in revitalizing the CACM. The board is composed of members from Guatemala, El Salvador, Nicaragua, Costa Rica and Honduras. They are authorized to represent their countries in all matters pertaining to the CACM.

3. It is interesting to note that in spite of Honduras having informally retired from the CACM, not only is the president a Honduran, but so is the president of the Central American Bank of Economic Integration (BCIE), with headquarters in Tegucigalpa, Honduras. The fact that General Samoza of Nicaragua and General Lopez Arellano of Honduras have volunteered their assistance to Eduardo Ortes Colindres has led most of the Central Americans to believe that the CACM can once again be made active. If this does occur, it would indeed be most beneficial to the Central American countries concerned.

4. Labor is better organized in the northern part of Honduras than anywhere else in that country. It has a headquarters in every city where adminis- trative activities are conducted and where meetings of union leaders are held. So far meetings have not taken place at work centers.

5. Transactions between labor and the government are carried out by labor delegates Celio Gonzalez, through the Ministry of Labor, never directly.

6. Labor, as such, does not subscribe to any one particular political party. The Marxist theories do not appear to appeal to Labor Unions. However, many of their members do seem to be leaning towards the Liberal Party.

7. On the surface Labor Unions' actions in Honduras appear to be demagogic at times. They make demands on the government, industry and businesses in spite of their knowing that their demands may prove to be harmful to the economy of their country. It would be rather unfair to always hold the Honduran Union Leaders responsible for this demagogism, because frequently the union members themselves are guilty of pressuring their leaders to execute some specific demand, even though they had already been warned of the possible harmful effects.

SOURCE Naturalized US citizen, an engineer who has worked and lived in Honduras. He maintains contact with high ranking Honduran Government and business leaders and travels frequently to that country.

[This report was developed by an Army representative assigned to the office of preparation.]

1. I have recently had the opportunity to spend an evening with Rigoberto Sandoval, who as the General Secretary, Planification Board, is responsible for agrarian reform within the Republic of Honduras. He told me the following information:

2. Sandoval is making a trip to West Germany and possibly other non-Communist European countries in an attempt to procure technical assistance, credit and other unspecified help for the Honduran agrarian reform program. He feels it is in the best interests of Honduras to turn to countries other than the US for assistance. He claimed the US is now in decline; that she is both unable and unwilling to fulfill her international obligations, particularly within Latin America, and that she is slow to react and bogged down with bureaucratic red tape. Sandoval also suspicions that the Peace Corps, initially very beneficial to Honduras, is a tool of the CIA.

3. Sandoval considers himself to be the enemy of foreign businesses, particularly American, as they are holding large amounts of property which should figure in the agrarian reform movement. He did not mention plans to appropriate foreign land holdings however.

4. Sandoval has not heard President Oswaldo Lopez Arellano personally claim interest in another term. The feeling inside government circles is that Lopez will request a constitutional amendment permitting him to remain in office for six more years without benefit of election. If this happens Sandoval will resign. Although Lopez is behind the agrarian reform program his remaining in office would not be beneficial to the country.

An excellent report. I am sure OCI will find it useful. It answers their questions. Another reason that it appears that Lopez plans to continue in office after 1971 is that he keeps the threat from El Salvador on a high key.

SOURCE Naturalized US citizen who has worked and lived in Honduras for a number of years. He has numerous social contacts and business connections with officials of the government, the armed forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. President Oswaldo Lopez Arellano is interested in a second term. This opinion is based on a growing consensus among Congressmen, Honduran business leaders and the military that Lopez desires to remain in office for another term. The thinking in these Honduran circles is that the lack of disclaimers by Lopez is, in itself, a strong indication of his "continuismo" plans. Approximately ten days ago Herman Pascua, manager of the National Railroad, headquartered in San Pedro Sula, had a discussion with the President during which Pascua passed the remark that he would like to remain with the railroad as long as Lopez remained in office. Lopez made no specific rejoinder to this but Pascua left the President's office with the distinct impression that Lopez would run for reelection.

2. Lopez would probably be reelected with relative ease. The opposition Liberal Party is divided internally and lacks both an effective candidate and the capital necessary to offer a serious challenge.

3. The power and influence of Ricardo Zuniga has declined drastically in recent months. This is not due to any specific act but more to a growing realization by President Lopez of Zuniga's dishonesty, ambition for power and his inability to get along with some government officials and prominent military officers. President Lopez was particularly dismayed at Zuniga's handling of Honduran propaganda during the recent Honduran/El Salvadoran border war. Lopez allegedly felt that the invective against El Salvador often mirrored the type used by Cuban Communism.

4. Miguel Andonie Fernandez, a self-appointed presidential candidate, is an honest, sincere and well respected man. There is a small group of roughly ten Arab and Jewish businessmen in San Pedro Sula known as the "economic mafia" because they control so much of Honduran business activity. This group has taken note of the candidacy of Fernandez and has been impressed by his honesty and sincerity. They will not support him however, because they feel he lacks the political experience and popular base for a successful campaign.

[This report was developed by an Army representative assigned to the office of preparation.]

1. For over five years I have been in close contact with Hondurans of different backgrounds and social position. Never before have I seen the anti-American sentiment which is sweeping Honduras at the present time. The feeling is not only evident among student and labor organizations, but among sectors of what is considered to be the best informed and educated individuals in the country. Most of them are convinced that the US has the influence to exert diplomatic pressures on El Salvador in order to settle the pending border dispute, but has failed to do so. They see the US Government as favoring El Salvador.

2. During conversations with several government officials they emphatically stated that Honduras was not going to open the Pan American Highway to Salvadoran traffic. This is the attitude of almost everybody that I talked with. This single issue has served to unite the country like never before. There is a new feeling of patriotism which was lacking before the conflict with El Salvador.

3. The campaign against Salvadoran products has resulted in an incentive for Honduran investors. I have had several inquiries from Honduran businessmen who are interested in establishing production facilities for consumer articles which were normally imported from El Salvador. These individuals are eager to invest and establish factories in order to fill the demand for products which were imported from El Salvador.

4. Honduras has been purchasing arms and ammunition from Portuguese and Belgian sources. Some of this armament has arrived in the country. According to a military informant most of the armament has not been delivered, but is expected in the country before the end of the year.

SOURCE Naturalized US citizen who worked and lived in Honduras for a number of years. He has social and business contacts with officials of the government, the armed forces, and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. During early August 1969 a close business associate met with Colonel (fnu) Coreccolli (phonetic) and members of the Honduran Army General Staff. Colonel Coreccolli and members of the Staff were alarmed by the continuing reports of arms and ammunition stockpiling by El Salvador. These individuals were of the opinion that the armament of the Honduran Armed Forces was inferior to that of El Salvador.

2. During the meeting Colonel Coreccolli inquired about the possibility of a legal or illegal purchase of approximately 2500 M-1 rifles and an undetermined amount of .30 caliber ammunition from US sources. He explained that the weapons were needed to arm personnel with prior military service in case of a renewal of hostilities with El Salvador. These individuals were considered to be a reserve for the Honduran Armed Forces.

3. My associate explained to Colonel Coreccolli that under the circumstances the US Government would not issue an export permit for the armaments. As for illegal sources my associate disclaimed knowledge of any. He also considered the transportation problem. Colonel Coreccolli stated that if acquired the weapons could be smuggled aboard a Honduran refrigeration ship which was anchored in the Miami River at that time. Following this Colonel Coreccolli closed the meeting indicating that he was going to explore other possibilities.

4. Following the meeting my associate had a conversation with Rigoberto Sandoval, a member of the Planification Board. Upon being informed of the meeting, Sandoval warned my associate to be careful in any dealings with Colonel Coreccolli, since he was known as a corrupt government official, a "thief". Sandoval stated that this was the opinion of President Oswaldo Lopez Arellano who distrusted Coreccolli. A few days later my associate learned that Ricardo Zuniga, Minister of the Presidency, has been given the task of purchasing arms and ammunition for Honduras.

5. Mauricio Hernandez, wealthy owner of a lumber mill in Honduras, visited the US during the first part of August 1969. He told me that he was going to purchase two "combat aircraft" for the Honduran Government. He did not specify the type nor the source of the aircraft. About a week later I had a telephone conversation with Hernandez, during which he told me that he had been "successful" in his purchasing mission. He did not give any details. - end -

SUBJECT: Alleged Dissatisfaction of Aurelio Trillo, Cuban Merchant Marine

4 November 1963

1. A contact of this office recently reported the information presented below.

2. I had a conversation with some relatives who arrived from Cuba during October 1963. During the course of the conversation I inquired on the whereabouts of Aurelio Trillo Huerta, a former close friend of my family. From my relatives I obtained the below information and impressions concerning Trillo and members of his family.

3. Trillo is the second or third officer aboard the [illegible] ship "La Plata". He is dissatisfied with the GOC. This dissatisfaction arises from the unjust imprisonment of his father, Aurelio [illegible] Trillo de [illegible] from September 19[illegible] to October 19[illegible]. He was convicted for "counterrevolutionary activities" by the GOC. Subsequently his father was released and at the present time is in Mexico waiting for a visa to enter the US. During the time of his father's imprisonment Aurelio was planning to leave the island by clandestine means but was dissuaded by his family.

4. Trillo remains in the Merchant Marine because of the privileges obtained as an officer and because of the opportunity to travel. In his trips he acquires items which are scarce in Cuba and gives them as gifts to his family. Most of these gifts are then sold or bartered in the black market for foodstuffs and other necessities.

5. Trillo has two sisters who are married to Merchant Marine officers. Teresa Trillo Huerta is married to Alfredo [illegible]. She is a government secretary who works in classified foreign trade activities. She has one child, four years old. Among her close relatives, she is openly anti-GOC. The other sister is Lilian Trillo Huerta. One of these Merchant Marine officers is a captain but I don't recall which one.

6. Aurelio Trillo is about 23 years of age, intelligent and an introvert. He is not married. Though it has been about nine years since I have seen him, from what my relatives told me I believe that Trillo would be willing to cooperate against the GOC. During the fourth week of October the "La Plata" was supposed to be at Bilbao, Spain undergoing repairs.

SOURCE Cuban national, an engineer who has worked and lived in Honduras for several years. During this time he has developed social and business contacts with officials of the government, the Armed Forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. During the middle of January 1968 I had a lengthy conversation with Moises Lopez Maldonado, Honduran Consul in Costa Rica and a leading personality in the Partido Nacional (PN). He is a very close friend of Martin Arguero, leader of the PN. Lopez spends about half of his time in Honduras. He is an intelligent and cunning politician with a lot of common sense. He is critical of the soft lines used by the US in internal and foreign affairs.

2. During our conversation he stated that the next President of the country would be a civilian. He doubted very much if the Armed Forces could come up with a suitable candidate. He gave his opinions about several individuals with presidential aspirations.

"Armando Velazquez Cerrato has completely disregarded the Party machinery. He is ambitious, but too individualistic. He has no political future in the country.

"Manuel Acosta Bonilla present Minister of Economy, is capable, a hard worker and a good man. His Presidential ambitions at the present time are very subtle.

"Ricardo Zuniga is well qualified and would have support from most of the influential people in the government who would like to see him as a Presidential candidate. A hard working individual, he is the right hand of President Lopez Arellano. I consider him the best qualified to run for the Presidential office."

SOURCE Cuban national, an engineer who has worked and lived in Honduras for the last two years. During this period he has developed contacts with officials in government, the Armed Forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. I have known Rigoberto Sandoval for approximately eight months. As the General Secretary of the Planification Board he is a very capable and competent individual. He is progressive and liberal in his ideas, though at times seems to be inclined to the left. He is a man of great potential for the development of the country. Sandoval was instrumental in instituting a housing project of approximately one thousand houses, to be constructed in San Pedro de Sula. The houses will be built for needy families. A loan of US$2 million has been granted by the "Banco Interamericano de Desarrollo" for the project.

2. The Minister of Economy, Manuel Acosta Bonilla, is an honest, hard working, and responsible individual. I have talked with him and with people who are close to him and got the impression that Acosta has no higher political aspirations. At least he does not show any outward signs of it.

3. Armando Velasquez Cerrato is being handled by the government very carefully. He is considered to be a dangerous individual. However, he is regarded by some of his followers as a scapegoat of the present government. Personally I don't think that he has any opportunities or enough popular support to intervene in the government successfully.

4. Ricardo Zuniga, Minister of Presidency, remains as an influential figure with President Lopez Arellano. Zuniga provides financial support to the non-Communist student organizations who support his claims that the US is intervening in Honduran internal affairs. In a recent confrontation with an official of the US Embassy, President Lopez Arellano openly supported Zuniga.

5. Since the last two years there has been a marked change in the country. There could have been more progress but the government is not dynamic enough, even though President Lopez Arellano is in complete control of the government. The opposition to the government is weak, plagued by differences of opinions, and lacking unity. The large majority of the people are undergoing great misery and poverty. Still, the masses are contented. Their interest is in subsisting from one day to the other, not politics.

SOURCE Cuban national, an engineer, who has worked and lived in Honduras for the last two years. During this period he has developed social and business contacts with officials in the government, the armed forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. Negotiations are going on with Mexico for the establishment of a steel plant in Honduras. The principal force behind the establishment of this industry is (fnu) Alduvin, an engineer with the "Banco Central". Alduvin studied in Mexico, and is a very intelligent and capable person. Alduvin was Minister of Public Works during the regime of Villeda Morales. At that time he was a supporter of Brown and Root, a US company with offices in the country. Though Alduvin was instrumental in granting several important projects to the company he now criticizes it as another extension of "Yankee Imperialism".

2. A US firm, International Paper Company, has been selected as one of the major stockholders, with participation of ADELA and the Government of Honduras, for the establishment of the paper and pulp plant and for the exploitation of lumber reserves in the country. The paper and pulp plant is tentatively to be established at the junction of the Aguan and Mame rivers. The area selected by the government for the exploitation of lumber reserves covers approximately 15 thousand square kilometers in the departments of Olancho and Yoro. The government is going to face a problem trying to determine the ownership of property in the area. I estimate that it will take three years to survey the boundaries and to set landmarks in the area.

3. Two access roads will be constructed to serve the area. One, "Carretera del Projecto Forestal de Olancho", will connect the paper plant with the forest reserves, extending from Mame to Salama, a total of 130 kilometers. The other road will connect the plant to the coast, from Mame to the port of La Ceiba, a total of 100 kilometers.

SOURCE: Cuban national, an engineer, who has worked and lived in Honduras for the last two years. During this period he has developed social and business contacts with officials in government, the armed forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. The armed forces are doing a splendid job in their civic action projects. Their primary interest seems to be the construction and repair of roads throughout the Republic. In conversation with a liaison officer between the army and other government agencies he mentioned that the only difficulties they are facing in their programs is the lack of adequate equipment, and the lack of cooperation by the Public Works Office. He told me that in most instances the requests made by the army for the use of additional transportation or utilization of existing equipment are disregarded by minor officials. This creates problems requiring the action of higher officials, who are given the impression that the army is the originator of these problems.

2. Considering the available resources and facilities of the country the armed forces are well trained and disciplined. During the latter part of 1967 President Anastacio Somoza and a group of other Nicaraguan dignitaries visited Honduras. Several groups under Communist influence demonstrated against the visit. I had the opportunity to observe the development of the demonstration, from a meeting to a riot, from a vantage point. Despite the fact that the army riot control troops were stoned and abused they were disciplined enough to prevent what could have been a serious incident. They did not attack or fire at the mob, as would have been the desire of the leaders, who incidentally always remained behind the mob and utilized other people to direct and incite the demonstrators. The troops and junior officers who were present during the demonstration were highly praised by the responsible elements of the society.

3. If a guerrilla movement started I believe the armed forces would act swiftly. A special counter-guerrilla unit is well trained and equipped to prevent development of small units into large and organized guerrilla bands.

4. Two or three months ago I met three Cuban nationals, Jose de Jesus Plana, Carlos Morris, and Eduardo Garcia, members of the "Confederacion Latino Americana Cristiana", CLAC, with central offices in Caracas. These individuals travel through Latin America with the purpose of familiarizing groups with Communist methods of operation and spreading democracy. I talked several times with them, and with people who had attended their meetings. It is my impression, as well as that of others, that they tended to create the wrong impression. Several times they justified the actions of Fidel Castro, and seemed to be anti-American in their line of propaganda. Certainly they did not do anything worthwhile to aid democracy. These individuals claimed not to have any association with the US, and to receive financial support from Germany.

[This report was developed by an Army representative assigned to the office of preparation.]

1. The Honduran economy is in a deplorable state. Some young army officers are urging General Oswaldo Lopez Arellano to lead a coup d'etat to displace President Ramon Ernesto Cruz, and have offered to help him. Early in October 1972 a government official and several young army officers stated in a private conversation that Lopez Arellano did not believe it advisable for him to lead a coup d'etat until most of the following events took place:

   a. A rally in the general economy of the country.

   b. Improved diplomatic and commercial relations between Honduras and El Salvador. This improvement would further a better functioning of the Central American Common Market (CACM).

   c. Completion of the Pan American Highway extending between El Salvador and Honduras. Completion would benefit both countries by giving access to new markets for their products.

   d. Decreased corruption among government officials. Not only are some of them feathering their future nests with currency, but also permitting individuals to do likewise in return for something the government official desires the recipient to give or to do for him.

   e. Enrichment of the Treasury so that funds could be made available for projects beneficial to the country and its people.

2. During the same private conversation, General Oswaldo Lopez Arellano was quoted as having stated that it would be futile for him to lead a coup d'etat unless there was hope of improving the welfare of the masses and the general economy of the country as well; he firmly believes it would be impossible to accomplish that goal until a change in most of the above conditions were met prior to any coup d'etat in which he would be interested.

3. Selected Honduran army officers have attended special courses at an army facility in Peru since approximately 1967. According to an army officer the number of candidates sent since early 1972 has not only been increased but also each has been ordered to specialize in any one of the branches of their choice. They previously attended the various courses given at that facility.

4. The army gives an outward appearance of being in sympathy with the present regime, but in reality not all the members sympathize with President Cruz. In private conversations some speak of him in a derogatory manner, especially young officers.

5. A man who continues to wield a great deal of power in Honduras is Ricardo Zuniga Augustinus, Minister of Government and Justice, also leader of the Nationalist Party. Zuniga's ability to continue wielding power is due to his being a very clever, astute, wealthy man. He always knows exactly what he wants, and does not hesitate to utilize his personal characteristics and his wealth in obtaining his objectives.

6. Zuniga's present ambition for continued power has forced him to feign being a firm constitutionalist. That is, he is claiming loud and clear that commitments made between the government and political parties must not only be respected but must also be adhered to. Zuniga does not claim this because he really believes this to be a moral obligation, or because he is a fervent democrat. The fundamental reason is that he knows he is the recognized leader of the Nationalist Party, as well as having become influential in the Liberal Party. He believes these parties are the ones sustaining the present regime of President Ramon Ernesto Cruz in power. Therefore, he calculates that through these two parties he can protract the power he has today.

7. Today relations between General Oswaldo Lopez Arellano and Zuniga are not as cordial as they were previously. However, one must not be led to believe that this situation is unrepairable because if Zuniga needed Lopez Arellano's help, or vice versa, the former pleasant relationship would be hastily nursed back to life. It is just possible that if a coup d'etat led by General Oswaldo Lopez Arellano should take place, and be successful, Zuniga would make a great effort to settle any differences existing between them. This might not please some of the army officers who dislike Zuniga due to his character and the procedures used by him to obtain power.

8. Up to the present time the Armed Forces do not appear to be leaning towards the "left". They are naturally desirous of improving their way of life. The Air Force has recently organized a company whose entire net profits will go to the Air Force for the benefit of its members. General Oswaldo Lopez Arellano is investing in various industries and small private industries. He has very recently established a company called Empacadora de Carnes (meat packing firm) whose net profits will be for himself alone. The Armed Forces hold General Oswaldo Lopez Arellano in the highest esteem. This knowledge is based on his observations and personal contact with officers and enlisted men.

SOURCE Cuban national, and engineer, who has worked and lived in Honduras for the past two years. During this period he has developed social and business contacts with officials in government, the Armed Forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. My work takes me to the rural areas in Honduras where I have opportunity to talk with the peasants. It is my considered opinion, based on personal observations, that the peasants in the rural areas are bitter and disgusted with their lot. They have little or no faith left in anyone. Economically, their condition is second only to Haiti, in comparison with the countries in the Caribbean. The prices of staples compare with prices in the US, but Honduran wages are far below US wages. Unemployment is a very grave problem. My company hires unskilled labor but does not need more than 200. We have had to refuse hundreds who applied because we had no need for them. A small fraction of those turned back will be able to find work, the rest will remain unemployed.

2. There is little economic development in the country and almost complete lack of initiative and vigor. Seldom is a man found in Government or industry who is not afflicted with the two major vices among this segment of the population: wine and women. The economic inactivity at times appears to be the result of indifference, other times the result of intentional delays by Communist infiltrators in Government. As an example of this "lack of initiative" I will make reference to the road in the Olancho area. The loan for this 110 kilometers of road was approved in October 1963. The road is badly needed to move agricultural products from this region, to provide employment for hundreds of needy people, and to provide the only access for the construction of a US$ 20 million pulp and paper plant in the area. Until the summer of 1967, these funds remained idle. Preliminary studies were not even made. With luck, construction may commence in 1968, but by this time payments on the principal and interest are due to start.

SOURCE Cuban national, an engineer, who has worked and lived in Honduras for the past two years. During this period he has developed social and business contacts with officials in government, the Armed Forces and the business community.

[This report was developed by an Army representative assigned to the office of preparation.]

1. Ricardo Zuniga, Ministry of Presidency, is the hardest working man in the Honduran Government. He enjoys his liquor as well as any other official in government, and when he goes on a drinking spree it may last for days. However, he has a great capacity for work and lately he has cut down on his drinking. He is too intent in his presidential aspirations. President Lopez Arellano has left the administration of government to Ricardo Zuniga. Zuniga's trusted man is Lucas Lozano Zelaya, Procurador General (Attorney General).

2. There are two others who have designs on the presidency, Mario Rivera Lopez, President of Congress, and Colonel Armando Velasquez Cerrato, Honduran Ambassador to Mexico. Rivera Lopez' chances are very small, but Colonel Velasquez is a very serious contender. Both Zuniga and Lopez Arellano are fully aware of his strength. Even though Colonel Cerrato has publicly denied that he is behind the pro-Cerrato committees being formed within the National Party, I am informed that he is in fact supporting them.

Subj requested to resign from Internat'l Monetary Fund 2 Dec 52, refused to testify before Fed Grand Jury 20 Nov 52, and refused to testify before McCarran Committee 1 Dec 52. Whittaker CHAMBERS has said that while he was in Sov espionage apparatus in 30's he heard from various sources of plans to bring Subj from Canada so he could be placed in Treas. Dept. In 43, Eliz BENTLEY testified, SILVERMASTER told her that Sub had said he met former friend of his in Canada who was "in same category", i.e. Communist. BENTLEY doesn't recall name of Subj's friend but it might poss be Eric ADAMS. It is known that Subj knew ADAMS was on the Canadian For Exchange Control Board, but it hasn't been est whether men were personally acquainted. IFB-26027, 17 Apr 53, 100-4-20-13-4.

1. Frank Coe has received a promotion within the ranks of the Ministry of Finance; however, the specific position to which he has been promoted is unknown. When the US devalued the dollar, Coe determined Chinese policy regarding the devaluation. It is speculated that the People's Republic of China (PRC) will be taking a more active role in the world money market and that Coe will be in charge of that operation. He recently was given a new home that is extremely large and beautiful. It contains approximately 25 rooms with two large courtyards. The interior is beautifully decorated with paintings and artifacts. The house is comparable to the home of Madame Sun Yat-sen, which would also tend to indicate that Coe has become a person of prominence.

2. Sol Adler, who has acted as a financial advisor to the PRC for a number of years, had a lung removed in 1972 because of cancer and he is making a satisfactory recovery. He has been able to work only a few hours since his operation, but outwardly he appears healthy once again. He recently traveled to Hai Nan Tao with Dr. George Hatem to inspect the island, but it was mostly a rest trip for Adler. Adler's wife, Pat, is teaching higher education at the University of Peking.

3. Dr. Hans Mueller, head of the Medical School, University of Peking, was granted a visa from the Japanese Government to travel to Japan with his wife. Mueller's wife is Japanese and she has been permitted to travel to Japan, but it took ten years before they could travel together. They brought her mother back to Peking with them and she is now living with them. Mueller stated that there is continuous pressure on him to increase the production of medical doctors, and he is finding it difficult to find qualified students to enter the medical school; this means qualified educationally and by Party standards. He feels a cut in curriculum time would be detrimental rather than beneficial, so he continues to advocate a five- to six-year course of study.

FUNERAL CEREMONY HELD FOR NPC VICE CHAIRMAN HO HSIANG-NING

Peking NCNA International Service in English 2110 GMT 6 Sep 72 B

[Text] Peking, September 6, 1972 (HSINHUA)--Ho Hsiang-ning, vice-chairman of the Standing Committee of the National People's Congress, chairman of the Revolutionary Committee of the Kuomintang and honorary president of the National Women's Federation of the People's Republic of China, died of illness in Peking on September 1, 1972 at the age of 95.

A solemn ceremony in her memory took place in the capital yesterday afternoon, and flags were flown at half mast at Tienanmen Square and in front of Hsinhuamen and the Foreign Ministry. A funeral ceremony was held today for the deceased in Nanking.

The ceremony in Peking was held in the Great Hall of the People. A portrait of Ho Hsiang-ning hung in the meeting hall.

Wreaths presented by the great leader Chairman Mao and the Central Committee of the Communist Party of China were placed there.

There were also wreaths presented by Tung Pi-wu, member of the Political Bureau of the Central Committee of the Communist Party of China and acting chairman of the People's Republic of China; Soong Ching-ling, vice-chairman of the People's Republic of China; Chu Te, member of the Political Bureau of the CCP Central Committee and chairman of the NPC Standing Committee; Chou En-lai, member of the Standing Committee of the Political Bureau of the CCP Central Committee and premier of the State Council; Kang Sheng, member of the Standing Committee of the Political Bureau of the CCP Central Committee and vice-chairman of the NPC Standing Committee; Liu Po-cheng, Chiang Ching, Hsu Shih-yu and Chen Hsi-lien, members of the Political Bureau of the CCP Central Committee; and Nieh Jung-chen, vice-chairman of the Military Commission of the CCP Central Committee; and wreaths from the Military Commission of the CCP Central Committee, the NPC Standing Committee, the State Council, the National Committee of the Chinese People's Political Consultative Conference, the Central Committee of the Revolutionary Committee of the Kuomintang, the United Front Work Department of the CCP Central Committee, the National Women's Federation of the People's Republic of China, the Foreign Ministry, the Ministry of Public Health and other departments, and the CCP Peking Municipal Committee and the Peking Municipal Revolutionary Committee.

Attending the ceremony were Tung Pi-wu, Soong Ching-ling, Chu Te, Chou En-lai, Yeh Chien-ying, Chang Chun-chiao, Yao Wen-yuan, Li Hsien-nien, Chi Teng-kuei, Li Te-sheng, Wang Tung-hsing, Hsu Hsiang-chien, Kuo Mo-jo, Ngapo Ngawang-jigme, Chou Chien-jen, Chen Yun, Li Fu-chun, Hsu Te-heng, Fu Tso-i, Tsai Chang, Teng Ying-chao, Hua Kuo-feng and Wu Te. They expressed sympathy with Liao Cheng-chih, Liao Meng-hsing and Ching Pu-chun, family members of the late Ho Hsiang-ning.

Chu Te, chairman of the NPC Standing Committee, presided over the ceremony. Vice-Chairman Soong Ching-ling made a memorial speech.

Vice-Chairman Soong Ching-ling said: "Madame Ho Hsiang-ning in her earlier years followed Dr. Sun Yat-sen in carrying out the revolution of 1911 to overthrow the feudal rule of the Ching dynasty. Later, she took an active part in the punitive expedition against Yuan Shih-kai and in the movement to uphold the provisional republican constitution. In 1924, she firmly supported Dr. Sun Yat-sen's revolutionary programme of the new three peoples principles, the reorganization of the Kuomintang and co-operation with the Chinese Communist Party.

COE, Virginius Frank 201

After Chiang Kai-shek betrayed the revolution in 1927, she firmly upheld Dr. Sun Yat-sen's three great policies of alliance with Russia, co-operation with the Communist Party and assistance to the peasants and workers, resolutely resigned all her posts in the reactionary Kuomintang government, openly exposed the reactionary features of Chiang Kai-shek and waged an uncompromising struggle. During the war of resistance against Japanese aggression, she actively responded to the call issued by the Chinese Communist Party for [a] national united front against Japan and resolutely opposed Chiang Kai-shek's reactionary policy of passive resistance against Japan and active opposition to the Communist Party, and of false democracy and real dictatorship. She took an active part in the anti-Japanese democratic movement. After the southern Anhwei incident of January 1941, she sternly condemned Chiang Kai-shek's criminal plot to launch a civil war and waged unremitting struggle to persist in resistance and oppose capitulation, persist in unity and oppose a split and persist in progress and oppose retrogression. During the period of the liberation war, she was indignant at Chiang Kai-shek's reactionary policy of national betrayal, dictatorship and civil war; she actively called on and organized the democratic forces in the Kuomintang to oppose Chiang Kai-shek, organized the Revolutionary Committee of the Kuomintang, responded to the May 1, 1948 call of the Central Committee of the Chinese Communist Party for the convening of the new Political Consultative Conference, and contributed to China's new democratic revolution.

"After nation-wide liberation, Madame Ho Hsiang-ning became member of the Council of the Central People's Government, vice-chairman of the National Committee of the Chinese People's Political Consultative Conference, chairman of the Commission of Overseas Chinese Affairs and chairman of the Union of Chinese Artists. She consistently supported the leadership of the Chinese Communist Party and took the socialist road. In the struggle against foreign and domestic enemies, she stood firmly and showed a clear distinction of whom to love and whom to hate. Particularly, in the struggle against the rightists in 1957, she sternly condemned the anti-party and anti-socialist fallacies of the bourgeois rightists. She warmly praised the great socialist motherland, often through her poems and paintings. She paid great attention to affairs of state, supported the Great Proletarian Cultural Revolution and worked energetically and consistently in defence of the territorial integrity of the socialist motherland and for the liberation of Taiwan.

"Madame Ho Hsiang-ning was a revolutionary comrade-in-arms of Dr. Sun Yat-sen, the revolutionary companion of Mr. Liao Chung-kai, a close friend of the Chinese Communist Party and an outstanding representative of the Kuomintang revolutionaries. She warmly loved the motherland, the socialist system, the Chinese Communist Party and the great leader Chairman Mao. Madame Ho Hsiang-ning remained a revolutionary and a fighter all her life.

"We deeply mourn over the death of Vice-Chairman Ho Hsiang-ning. Let us turn our sorrow into strength and, under the leadership of the Chinese Communist Party, closely follow the great leader Chairman Mao's revolutionary line and unite to win still greater victories!"

Also present at the ceremony were:

Members of the Standing Committee of the National People's Congress Ma Chun-ku, Ou Tang-liang, Pei Shih-chang, Teng Chu-min, Lu Han, Shih Liang, Chuang Hsi-chuan, Chu Liang-tsai, Yen Chi-tzu, Wu Yu-hsun, Wu Leng-hsi, Chang Yun, Chen Chi-han, Wu Hsin-yu, Mao I-sheng, Lin Lan-ying, Lin Chiao-chih, Lo Shu-chang, Chu Ko-chen, Chi Fang, Chao Chung-yao, Hu Tzu-ang, Hu Chueh-wen, Hu Tu-chih, Hu Yao-pang, Tung Yi-chou, Hsieh Fu-min and Feng Shao-hui;

Attached herewith is a copy of DCS Memorandum SF 68-72 reporting the results of contact with Professor Aaron C. Waters of the University of California at Santa Cruz concerning the individual and organization which contacted Santa Cruz in early summer 1971 with reference to the travel to China of Dr. Robert Coe. As will be seen, this contact did not resolve the issue, however, from the details given, it appears possible that the contacting organization was LMERGO.

Case 57,563 - Robert S. Coe, Report of Initial Contact - Professor Aaron C. Waters, Department of Earth Sciences, University of California at Santa Cruz

REFS - Headquarters memo on Case 57,563, 30 December 1971
SF-994-71 (Sensitive), Robert S. Coe, 28 December 1971, on Case 56,606

1. On 20 January 1972 we met with Professor Aaron C. Waters, Department of Earth Sciences, University of California at Santa Cruz, and a cordial but not very productive discussion ensued concerning the "US Government official" who showed up on campus during the early part of the summer 1971. Professor Waters could recount few lucid details of what transpired on that particular day. In general, Waters appeared confused and even slightly pixillated over the whole matter; at one point he remarked that he was very pleasantly surprised to discover that Hudson was not the same individual who badgered him a few months ago. How Waters formed the belief that the same man was going to see him at the time of our appointment is unclear, for we explicitly outlined our reason for seeing him when we scheduled the interview. At any rate, the following information, incomplete as it may be, was provided by Waters.

2. The incident occured in late June or early July 1971 just prior to Coe's visit to mainland China. A man came to the door of Waters' office and said that he wished to ask some questions about Robert Coe. He was about five feet eight inches in height, weighed about 150 pounds, had dark hair, and used glasses only for writing. He wore a sport coat and a colored shirt. Neither the name of this individual nor his affiliation can be recalled by Waters for "he mumbled a great deal." Nor can any of the information on the credentials be remembered except that they were similar in design to the ones used by the Agency (we allowed Waters to scrutinize ours) but were not in color. For openers the man asked why Coe was going to China, and then began to ask about Coe's parents. He then inquired about Coe's character and whether he belonged to any subversive organizations. This persistent and offensive line of questioning really turned Waters off, and the man was asked to leave. Waters doubts if the individual were any kind of an impersonator because he has had "similar experiences

with the FBI in the past. Needless to say, Waters maintains a high regard for Robert Coe and felt such questions were an infringement upon Coe's privacy and were completely unwarranted.

3. During our conversation with Waters he left the room momentarily and went into Robert Coe's office directly across the alcove. When he returned he explained that he told Coe about our presence and asked him to join us for a few moments. Coe would not. Unless directed otherwise, we plan no further action on this matter.

He praised the heroic Cuban people for the tremendous victories they won under the leadership of Prime Minister Fidel Castro in opposing U.S. imperialist aggression, subversion and interference, defending national independence and state sovereignty and building up their motherland.

He said: This year U.S. imperialism unreasonably detained Cuban fishing boats and fishermen on the high seas on two occasions and savagely attacked a fishermen's village in Cuba and killed innocent inhabitants there, committing one crime after another gainst the Cuban people. The Cuban navy recently captured two pirate ships which participated in the counter-revolutionary activities against Cuba. This is an entirely just action. U.S. imperialism has gone so far as to rampantly bluff and threaten Cuba and other Latin American countries and people who are fighting in defense of their national independence and state sovereignty. The Chinese people strongly condemn U.S. imperialism for its criminal activities against Cuban and other Latin American people and resolutely support the people of Cuba and other Latin American countries in their just struggle against U.S. imperialism.

He said the fact that people of all Latin American countries are joining forces to resist U.S. imperialist aggression and control has become an irresistible historical trend. Whatever tricks it may resort to, U.S. imperialism can never stop the people of Cuba and other Latin American countries in their victorious advance.

Ambassador Jesus Barreiro Gonzalez said: "We are very glad to be invited to attend the gathering this afternoon in commemoration of the 13th anniversary of the victory of our country's liberation, which is filled with fraternal friendship."

He said that January 1, 1959 was a day of special significance. It marked the successful completion of a stage in the struggle for the liberation of Cuba. In a century and more, the ambassador continued, the Cuban people have resisted attempts at colonialist and neo-colonialist domination, the basic hallmark being the liberation wars in 1868 and 1895 against the Spanish colonial yoke and the struggle against U.S. imperialism which attempted to replace Spain and occupy the land of Cuba. He said a new stage began in 1959 after the overthrow of the Batista dictatorial regime which was abetted by the United States.

The ambassador pointed out that the U.S. imperialist government has continued carrying out its policies of aggression, sabotage, subversion, blackmail, economic blockade, invasion and piratical attack against Cuba. But all these schemes have met with the most ignominious failure.

He said that the restoration to the People's Republic of China of her lawful rights in the United Nations and the expulsion of the Chiang Kai-shek clique from the UN is a victory for the people of the world and a failure for the U.S. imperialist government.

A Cuban film "Hundred Years of Struggle" and a Chinese film "The Working Class Creates Miracles" were shown at the reception.

PARTY, STATE OFFICES FETE FOREIGN EXPERTS AT NEW YEAR

Peking NCNA International Service in English 2145 GMT 31 Dec 71 B

[Text] Peking, December 31 (HSINHUA)--The General Office of the Central Committee of the Communist Party of China and the Office of the State Council gave a New Year's

Virginius Frank COE
201 -

Eve banquet here today in honor of foreign experts and their wives coming from various countries of the five continents.

Seated at the tables for guests of honor were Rajko Lutovac and his wife, Vasiliki, Un Bon Su and his wife, Ha Huu Cy, Frank Coe and his wife, Sol Adler and his wife, Tatsu Tokuda, Rani Karthigesu, Hamid Rashid, Andre Souvarin and his wife, Mohammed Hassan Aydie, Aysha Amour Zahor, Claudio Cini, Adriana Keltinti, Denise Ly, Jayme Martins, Maria Angelina Piechi, Yaw Ansante, Sid Engst, Joan Chase Hinton, Julian Schuman, Rose Smith, and Leopold Christer and his wife.

Attending the banquet and happy get-together with the foreign friends to greet the militant new year of 1972 were Chou En-lai, member of the Standing Committee of the Political Bureau of the CCP Central Committee and premier of the State Council; Yao Wen-yuan, member of the Political Bureau of the CCP Central Committee; Li Hsien-nien, member of the Political Bureau of the CCP Central Committee and vice premier of the State Council; Chi Teng-kuei, alternate member of the Political Bureau of the CCP Central Committee; Keng Piao, member of the CCP Central Committee and head of the International Liaison Department of the CCP Central Committee; Chi Peng-fei, acting foreign minister; Li Po-shih, a leading member of the Bureau of Foreign Experts Affairs; and others.

The banquet was presided over by Wang Tung-hsing, alternate member of the Political Bureau of the CCP Central Committee and director of the General Office of the CCP Central Committee.

When the leading Chinese party and government comrades entered the banquet hall, they warmly shook hands with the foreign experts and their wives and thanked them for their valuable contributions to China's socialist revolution and construction.

Making a speech at the banquet, Vice Premier Li Hsien-nien extended warm festival greetings and cordial regards to the foreign experts and their wives.

He said: "You experts have come to China from thousands of miles away and have worked diligently in the press, publication, education, health and other departments of our country with your efforts and know-how, you have made valuable contributions to China's socialist revolution and socialist construction and to the support and assistance to the world revolution. Your noble internationalist spirit is well worthy of our emulation. On behalf of the Chinese Communist Party, the Chinese Government and people, I extend to you our sincere gratitude!"

Vice Premier Li Hsien-nien said: "In his solemn statement of May 20, 1970, the Chinese people's great leader Chairman Mao said: 'The danger of a new world war still exists, and the people of all countries must get prepared. But revolution is the main trend in the world today. The development of the world situation in the past year and more has fully proved the correctness of Chairman Mao's wise conclusion. The three Indochinese peoples have won brilliant victories in their war against U.S. aggression and for national salvation. The Palestinian and other Arab peoples are persevering in their struggle against U.S.-Israeli aggression. The Pakistan people are waging a just struggle in defense of state sovereignty and territorial integrity and against aggression and interference.

"The national liberation movements of the peoples of Asia, Africa and Latin America are continuing to surge forth vigorously. The revolutionary mass movements of the peoples of Europe, North America and Oceania are developing in depth. Countries want independence, nations want liberation and the people want revolution--this has become an irresistible historical trend. The truculent practice of power politics and hegemony by the superpowers has met with the strong resistance of an increasing number of small and medium countries; the superpowers are beset with internal and external difficulties and are having a tougher and tougher time."

The Chinese vice premier said: "In external affairs, our country has firmly carried out Chairman Mao's proletarian revolutionary line in foreign affairs and won great victories. The exchange of friendly visits between our people and the people of other countries, including the American people, is continuously expanding; and the number of countries which have established diplomatic relations with our country is ever increasing. The vain scheme of the superpowers to blockade and isolate China has gone totally bankrupt!"

He continued: "The domestic situation of our country is also excellent. Since the Ninth Congress and the Second Plenary Session of the Ninth Central Committee of our party, the whole party, the whole army and the whole nation, acting on our great leader Chairman Mao's instruction 'carry out education in ideology and political line', have unfolded a deep-going movement for criticizing revisionism and rectifying the style of work, further heightened their consciousness of class struggle, the struggle between the two lines and of continuing the revolution under the dictatorship of the proletariat, and have won great victories. The struggle-criticism-transformation campaign of the Great Proletarian Cultural Revolution is continuing to develop in depth. We have reaped bumper harvests for 10 years running. A new upsurge is emerging in industrial production. Prices are stable and the market [is] flourishing. The revolutionary spirit of our people is rising higher than ever. Our socialist motherland is prospering and thriving with each passing day."

Vice Premier Li Hsien-nien wished the experts success in their work and good health. In conclusion, he said: "Let us work together to better promote the mutual understanding and militant friendship between the Chinese people and the people of other countires and support and assist the world revolution!"

The banquet proceeded in a warm and friendly atmosphere. Hosts and guests talked cordially and proposed toasts to the daily consolidation and development of the revolutionary friendship and militant unity of the people of various countries.

Also attending the banquet were leading members of departments under the CCP Central Committee, Chinese Government departments, the Peking Municipal Revolutionary Committee, the Chinese People's Association for Friendship With Foreign Countries and other departments concerned Wang Liang-en, Wu Ching-tung, Ma Wen-po, Yang Te-chung, Tu Wan-jung, Hsieh Hua, Chang Chi-chih, Liu Chien-kung, Cheng Shih-chang, Lu Ying, Li Meng-fu, Liu Fu, Chiu Wei-kao, Liu Chuan-hsin, Wu Yin-hsien, Ting Hsi-lin, Li Ching-chuan, Wang Lei, Chu Kai-yin, Chu Chih-tung and Chiang Shou-li.

L. DETAILS OF MEETING (continued)

1. DELASCIO initiated this meeting with STCLOY/1 to discuss about the following operational matters:-
   a) Can he write to Dr. S.C. SUNG, the Taiwanese bio-chemist in Vancouver, B.C., and invite him down to Los Angeles for a visit?
   b) What is the medical publication he has received which purports a travel of American scientists to Mainland China?
   c) Has he found out the name of that 'Mrs. YANG' who first talked about the travel plans of the American/Chinese engineers?
2. In reply, STCLOY/1 answered as follows:
   a) He can write to Dr. S.C. SUNG, but he does not have a good reason to request for his visit. Unless there is a medical conference or certain occasion of interest to SUNG, STCLOY/1 feels he can not just suggest SUNG to make a trip to see him.
   b) The medical publication which reports the interest of some American scientists in the travel to Mainland China is 'Biomedical News' (copy of the news attached). The II/5-71 issue of the news has published an article written by Harry L. TENNANT entitled 'Scientists Bid For Travel to China', which names Dr. William McElroy, director of the National Science Foundation, and Dr. Philip HANDLER, president of the National Academy of Science, as ones who had suggested to make a trip jointly to China. The article also promotes the cultural exchange of scientists between Mainland China and U.S., and it credits members of two academic committees for their efforts.
   c) The name of that 'Mrs. YANG' is 'Mrs. (Paul) YANG'. Paul YANG, husband of the woman who first talked about the travel plan of a group of local Chinese engineers to Mainland China, is an engineering staff of Southern California Edison Company, Los Angeles. STCLOY/1 does not think that the travel plan as mentioned by Mrs. YANG has materialized yet. Therefore, there is not much to be found out.
3. STCLOY/1 showed DELASCIO two postcards which STGAZER/1 and STSEEK/1 had sent him from Spain. He undertood that STGAZER/1 had returned to Los Angeles a few days ago, and he is going to meet STGAZER/1 to find out when is he going to Canada to bid for travel permission to China. STCLOY/1 also agreed to contact Dr. ROSENFELD to check about their movements as well as new activities of HAN Suyin. STCLOY/1 believed that HAN might play an active role in the near future in the Chinese-American relation developments.
4. DELASCIO sought STCLOY/1's assistance to look for a job for TS'AI Yin-Ying (201-875838), wife of P'AN Han-Sung. STCLOY/1 regretted that he could not help because he does not know directly any hospital laboratory in this area, but he estimated that she should find a position of Lab Assistant to work under a licensed laboratory technician or a clinical assistant in a physician's office if she persists in trying.

M. ACTIONS PLANNED OR REQUIRED - RECOMMENDATIONS:

a. HQ - For information.
b. Local - Please make Xerox copies of Biomedical News and forward to HQ as members of these committees may be good sources to provide us with information about exchanged scientists.

   Will see STCLOY/1 to give him the full address of Dr. SUNG because STCLOY/1 has mislaid it. Then will discuss with him again about what reason he can invite SUNG's visit. Will also pursue the case of Paul YANG and STGAZER/1 and Dr. ROSENFELD.

K. ACTIONS (continued)

On 30 June 1971, DELASCIO returned STCLOY/1 with the 'Biomedical News'. At the same time, DELASCIO gave him the business address of Dr. S.C. SUNG, and convinced STCLOY/1 that he could try to write Dr. SUNG, stating that STCLOY/1's office ~~address~~ will soon move to a new address and that STCLOY/1 welcomes SUNG for a visit because SUNG will surely enjoy the new tourist attractions in Los Angeles such as 'The Magic Mountain' and 'The Lion Safari'. STCLOY/1 still doubted that SUNG would spend so much money to make such a trip, but he promised to write this letter inviting him.

Scientists Bid for Travel to China

by Harry L. Tennant

WASHINGTON—Nearly 100 U.S. scientists who are hoping to be China-bound this summer are thread-ay through papers, reports, journals and third country s while they patiently ance from the People's Re- China. This was evident reports that three U. S. have been cleared to enter

epped-up activity here in scientific quarters seems to have spurred preparation for what could be an influx into China of U. S. scientific specialists of all types. Early indications point to the possibility that an exchange of citizens between U. S. and China might place the scientist in a priority position over professions of other areas, as well as the general tourist himself.

Meantime, the overall rush was ob. as by a flood of applications and inquiries from U. S. professors to China's new and only embassy in North America at Ottawa, Canada. The fast-moving breaks came after the two U. S. scientists, Dr. Arthur W. Galston, Yale University plant physiologist, and Dr. Tchan Signer, Massachusetts Institute of Technology biologist, had received clearance. Another scientist, Dr. Robert Cox, geophysicist, University of California at Santa Cruz, also was cleared for entrance.

The National Academy of Sciences said large groups of biochemists and

Some 10,000 experimental biologists discussed the frontiers of research in physiology, pharmacology, pathology, immunology and nutrition in mid-April when the Federation of American Societies for Experimental Biology met in Chicago.

A last-minute change in speakers was made at the General Session April 13 because Dr. Marshall W. Nirenberg, Nobelist in physics in 1968, was in this country were present.

The 400 industrial and institutional exhibits at McCormick Place featured instruments applicable to research in experimental biology.

Among the session highlights were 28 symposiums of invited speakers and 45 intersociety meetings having to do with current fundamental problems of the diseases that research biologists in all fields are trying to conquer.

biomedical, biological, and natural scientists are eager to survey the scientific scene. At the same time it was pointed out that Dr. William McElroy, director of the National Science Foundation, and Dr. Philip Handler, president of the National Academy of Sciences, had suggested that they make a trip jointly to China. This view was part of the feeling in science quarters in Washington that an exchange of scientists between both countries would be very beneficial to the two countries even though all sorts of understandings would have to take place. This was the reasoning expressed by President Nixon's science advisor, Dr. Edward Davis, Jr.

Up to this point there has been no official Government effort to initiate exchanges and an early appraisal of this possibility indicates that funds would have to be obtained to finance any sizeable program. Nevertheless, those on the scene say these could probably come from foundations. It is even quite possible that the White House would push for early passage of an emergency request for funds to see that such a scientific venture got underway. The present Administration, which credits itself with the break-through which led to the ping pong matches, is certain to push harder for a more forceful exchange now that the door is slightly open, even if the Administration has to finance an exchange from funds which it might consider of an emergency nature.

The updating of papers on Chinese advancements has been underway for some time. The National Academy of Sciences prepared about 300 papers for just such a possibility in 1968. But the papers remained undisturbed after it became known that an exchange was far in the future.

The Committee on Scholarly Communications with the People's Republic of China, a highly placed group, has been studying the activity intensely. Headed by Dr. John Lindbeck until his recent death, this committee is perhaps the most knowledgeable of any group as to just what is to be found in China, if and when an exchange takes place. Committee members are Professor A. Doak Barnett, Foreign Policy Studies Program, the Brookings Institution, (Chinese Studies); Dr. Horace R. Byers, Academic Vice President, Texas A & M University, (Meteorology); Dr. James

Cahill, Department of Art, University of California, Berkeley, (Fine Arts); Professor Jerome A. Cohen, Langdell Hall, Harvard Law School, (Law, Chinese Studies); Dr. Paul Doty, Department of Chemistry, Harvard University, (Physical Chemistry), and Dr. Alexander Eckstein, Department of Economics, University of Michigan, (Economics). Dr. Eckstein heads another group interested in scholarly exchanges, the National Committee on United States-China Relations, and is a well known authority on Chinese economics.

Others on the Scholarly Communications committee are: Dr. Caryl P. Haskins, President, Carnegie Institution of Washington, (Physiology, Genetics); Dr. Gerald J. Holton, Department of Physics, Harvard University, (Physics); Dr. Walsh McDermott, Department of Public Health, Cornell University Medical College, (Medicine); Dr. Emil Smith, Department of Biological Chemistry, University of California, Los Angeles, (Biochemistry, Biophysics); Dr. Kenneth V. Thimann, Provost and Professor of Biology, University of California, Santa Cruz, (Botany, Plant Physiology), and Dr. John A. Wheeler, Palmer Physical Laboratory, Princeton University, (Physics).

Medical Progress

Despite a 25-year period of no exchange of information between the U.S. and China, a vast amount of detailed data has been accumulated, all indicating that China has again stabilized itself after the turmoil of 1966. Since 1969 over 2,000 types of Chinese traditional and Western medicines have been reduced in price by an average of 30 per cent. Imports of scientific equipment and chemicals such as pharmaceuticals, fertilizers and synthetic fibers have dropped because of China's improving capability to produce its own instruments, machinery and chemicals. This accounts in some measure for the fact that the Department of Commerce does not expect a vast amount of medical goods and equipment to be exported when and if the Administration relaxes controls on movement of non-strategic goods to China.

Western Influence

The Autumn Canton Trade Fair recently gave some indication of the trends in China. Among the changes noted were the 30 per cent increase in customers and the Chinese favoritism for West European countries, especially France and Italy, at Japan's expense. Exhibits at the fair reflected numerous technological advances over the previous year. Among the displays were silicon-controlled automatic electronic and punch-tape-controlled tools, measuring and testing instruments, oscilloscopes, microscopes, and a wide range of synthetic plastics, resins and such basic drugs as antibiotics, sulphur drugs and vitamins.

The revolution in Chinese education has produced many schools such as the Shantung University of Science and Technology in Tsinan which opened last October.

Chairman Mao's thinking along medical lines is responsible for the "cooperative medical service" intended to bring medical treatment to all rural areas. It has been reported that one-

third of a million city medical workers and graduates of medical colleges have settled in rural areas while 400,000 others were organized into mobile medical teams to tend rural areas. This has prompted shifting of some hospitals from large metropolitan centers to the country. The Hailung area, it is reported, has set up a so-called "red medical network" designed to enable each production team and factory to have its own highly publicized "barefoot doctors."

In another area all medical school graduates have been dispatched to the countryside and one-half of the medical workers in Harbin, Tsitshihar, Mutanchiang and Chiamusze have been sent to the rural and mountainous regions. "In this spirit," the Chinese say, "they have converted rural homes to allow for surgical operations."

Curing the 'Incurable'

Other reports point out that the integration of western medicine and Chinese traditional medicine has resulted in successful treatment of many common and recurrent diseases as well as curing some of the "incurable" diseases such as osteomatosis, epilepsy and chronic laryngitis proliforans.

A mass program in which Chinese traditional medicine and medicinal herbs are being used to prevent and treat diseases and heal injuries is sweeping the country, according to reports. Several instances of rejoining severed limbs to the body by using herbal drugs have been described. As part of this broad movement "red medical counters" have been set up in Canton's state-run drugstores to treat minor injuries and illnesses and recurring diseases by several methods including acupuncture and injections.

To assist in the struggle against disease a new type of diadynamic current stimulator used for back strains, sprains and neuralgia has been developed. Transistors substitute for electronic tubes and ordinary dry batteries for alternating current, the stimulator no larger than a book. A transistor device with a freezing microtome and a unit for cryotherapy has been developed, lessening the time for making thin sections for rapid biopsy inspections and used in the treatment of skin diseases and surgical procedures in dealing with warts and tiny vascular tumors.

Population Control

Shanghai recently has been the scene of posters urging young people to marry later in life, prompting observers to believe the Chinese are taking serious note of the population increase. At a Tokyo family planning conference recently it was reported that the mainland China urban birth rate was down. If this is true, it is the result of a 15-year birth control campaign. Through a combination of contraception, abortion, sterilization and encouragement of the late marriages, China is said to have almost halved its earlier population growth pace.

New developments in the pharmaceutical industry also have been reported. Of particular pride are drugs made from indigenous herb medicines. A new medical herb in Yunnan proved effective in curing 12 cases of acute hepatitis and streptomycin and another antibiotic have been produced from active carbon.

On the research front, there is continued interest in prevention of pollution and re-utilization of waste products. In Shanghai it is reported that an electrolysis plant made six different commodities including cryolite, pure soda and liquified ammonium chloride from waste materials.

Peking Pollution

According to published reports, Peking shares the Western world's concern for environmental control. Methods for anti-pollution measures include producing new substances from chemicals extracted from waste materials for medical and commercial purposes, using unwanted materials from large-sized factories to construct smaller industries, and maximizing possible usage and resusage of material products in order to economize in production costs are under study.

In a controlled set of laboratory experiments using operant conditioning techniques, five of seven patients with moderate to severe hypertension were able to reduce their systolic blood pressure by 9 per cent through their conscious reaction to external stimuli such as tones, lights and projected slides.

The reductions in blood pressure occurred during a series of studies under the direction of a group of four Harvard investigators in the behavioral laboratory of the Thorndike Memorial Laboratory and the Channing Laboratory, Boston City Hospital.

Biologists Critical of War Said Either to Be There or About to Go From Hanoi

May 21 NYT

By WALTER SULLIVAN

Two American biologists are reported by their colleagues to be in China or about to go there from Hanoi, the North Vietnamese capital. A third American, a geophysicist from the University of California at Santa Cruz, is also said to have received permission to visit Peking shortly.

The biologists are Dr. Arthur W. Galston, professor of biology at Yale University, and Dr. Ethan Signer, an associate professor of biology at the Massachusetts Institute of Technology.

The geophysicist is Dr. Robert Coe, whose father has been living in Peking. Dr. Galston is a specialist in plant physiology who has been an outspoken critic of American defoliation in Vietnam. Dr. Signer, a specialist in the genetics of bacterial viruses, has also been an active critic of the war in Vietnam.

Few, if any, American scientists have been able to visit the Chinese mainland since the

Communists took control in 1949. For a number of years scholarly journals were exchanged, but in about 1966 with the onset of the Cultural Revolution this flow was cut off. In fact, publication of many journals in China was apparently suspended during that period of turmoil.

However, a trickle of publications out of China has continued, primarily to scientists in countries other than the United States. Thus there has been a limited flow of information on developments in such fields as astronomy, archeology and biochemistry.

Some Western Visitors

There have also been some scientific visitors from Western nations whose relations with China were less hostile than those of the United States, notably Britain, France and Canada. In recent years such visits have become rare. However, it is reported that Dr. Pierre Chouard, professor of botany at the Sorbonne in Paris, has now received clearance for a trip.

The sudden opening of China to visits by American journalists a few weeks ago has raised hopes for a breakdown of the barriers against scientists. Last week the Committee for the Development of Scholarly Communications with the People's Republic of China met in Washington to consider possible action.

The committee was headed by Dr. John Lindbeck, director of the East Asian Institute of Columbia University, until his death in January, and a new chairman has not been chosen. It represents the National Academy of Sciences and other learned societies. Under consideration by the committee is an invitation to some Chinese scientists to meetings to be held in this country next summer.

Another group interested in scholarly exchanges is the National Committee on United States-China Relations. It is headed by Dr. Alexander Eckstein of the University of Michigan, an authority on Chinese economics, and includes businessmen and retired government officials as well as scholars.

Of major importance to the scholarly community will be the restoration of exchanges of specialized journals. Visitors to China have found American journals on file at research centers, but the flow has been one-way and, apparently, of a limited nature.

'American Friends' at Rallies in Peking

CX

Special to The New York Times

HONG KONG, July 10 — Frank Coe and Sol Adler, two aging former officials of the United States Treasury Department, appear to be filling the social niche formerly occupied in Peking by Anna Louise Strong, the 84-year-old American leftist who died last March after years of service in the cause of Chinese Communism.

For the second time in little more than a month Mr. Coe and Mr. Adler were listed this week in Peking reports sent here by Hsinhua, the Chinese Communist press agency, as "American friends" present at a mass function along with top Chinese and foreign officials.

The function, on Tuesday, was a sports performance before 20,000 people in an indoor stadium arranged in honor of Prince Norodom Sihanouk, former Chief of State of Cambodia who now heads a Cambodian government in exile in Peking.

Mao's Wife Present

Tung Pi-wu, the aging deputy head of state; Premier Chou En-lai; Chiang Ching, the wife of Mao Tse-tung; and Huang Yung-sheng, chief of staff of the armed forces, were among the Chinese officials present. In the Prince's entourage were his premier, Penn Nouth, his wife, Princess Monique, and three sons and others of the Cambodian community in Peking.

The previous occasion at which Mr. Coe and Mr. Adler were listed in attendance as "American friends" was a Peking mass rally on May 21 held to mark the statement made by Chairman Mao the previous day calling for world revolution against "United States imperialism."

Mr. Coe and Mr. Adler figured in Washington investigations of alleged Communist subversives in the United States Government in the late 1940's and early 1950's, at the time of the Alger Hiss case. They have both been in Peking for many years and seem to have escaped serious trouble during the Cultural Revolution purges in 1967-68.

Wives Also in Peking

Whether they have helped the Chinese Communists as financial specialists is not known, but it is thought here they have mainly been employed in editing English-language news and propaganda material.

Both have wives in Peking. Mr. Adler is author of a book on the economy of Communist China.

There are a few other Americans in Peking in good standing with the regime there, but only Mr. Coe and Mr. Adler have been listed as "American friends" at the two functions. This is believed to indicate that they have been selected to act as the American representatives at public affairs at which the Chinese wish to give the impression of broad international participation.

Coe Calls Charges 'Outrageous, False'

By Herbert Foster
United Press Reporter

V. Frank Coe, former secretary of the International Monetary Fund, yesterday denounced as "outrageous and false" charges that he was a fugitive and once tried to regulate Austrian currency valuations to favor the Communists.

He read his statement to reporters after secret questioning by the Senate Permanent Investigating Subcommittee. Acting Chairman Karl E. Mundt (R-S.Dak.) said Coe refused to say under oath whether he is a Red.

Apparently there was little testimony concerning charges by two former United States officials in Austria that Coe tried in 1949 to block negotiations to devalue the Austrian shilling because Communist Czechoslovakia had objected.

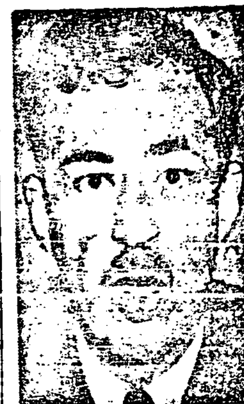
Mundt gave Coe until Friday to go over his records. At that time, he will be questioned in private again before testifying in public.

Coe told reporters the subcommittee had released "two serious allegations concerning me . . . that I was a fugitive, and that I in some manner had attempted, in concert with the Russians or Czechs in 1949, to have the Austrian currency devalued in a way desired by those governments.

"Those allegations are outrageous and false," he said.

Mundt said Coe testified that he is not a spy now nor was he one last December 2. But he said the witness refused to say whether he had been a spy on December 1, when he was questioned by the Senate Internal Security Subcommittee.

Last Friday, Mundt announced that the subcommittee was unable to locate Coe and was asking the Attorney General to search for him.



FRANK COE

The 46-year-old Coe said he has been out of work since his forced resignation from the Monetary Fund last December and had traveled in Canada, Cuba, the Bahamas and Mexico looking for a job. He would not say why his wife did not know his whereabouts.

McCarthy Suggests Borders Of Nation Be Closed to Coe

By G. Milton Kelly
Associated Press Reporter

Senator Joseph R. McCarthy (R-Wis.) suggested yesterday that the State Department "immediately close the borders" to Frank Coe, saying the former secretary of the International Monetary Fund should not be allowed to leave the country.

"I think he is an extremely dangerous man," McCarthy said after Coe, a former Federal financial expert, refused to say whether he is a Communist or was a Communist spy while holding his $20,000-a-year job with the Monetary Fund.

Coe protested what he called McCarthy's "command" to the State Department.

McCarthy told him he had not commanded the State Department to do anything but had suggested that Coe be forbidden to leave the country.

The exchange came at a hearing by McCarthy's Senate Investigations subcommittee.

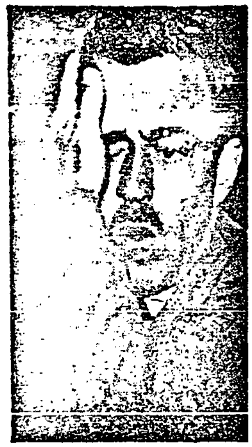
Coe was called before a televised public hearing of the subcommittee to answer testimony that in 1949 he had tried to block a revaluation of the Austrian currency opposed by Communist Czechoslovakia.

He came with a lengthy prepared statement in which he denied he had a hand in any such intrigue.

The currency matter was scarcely mentioned, however, as the Senate investigators went over his record and fired questions at him about Communist Party membership and espionage.

McCarthy asked Coe if he had contacted any member of the Russian secret police on a recent trip to Mexico.

Coe replied that he saw a great many people in Mexico, but so far as he knew none was a member of the Soviet secret police.



Associated Press Photo
FRANK COE
... in exchange with McCarthy

Asked if he had met with any members of the Communist Party in Mexico, Coe refused to answer. He said that to do so might tend to incriminate him.

Were any of the persons he met there members of an espionage ring? McCarthy asked.

Again Coe replied that so far as he knew none was.

It was at that point that McCarthy suggested to L. M. Drury, a State Department security officer present as an observer, that the borders of the United States immediately be closed to Coe.

Coe, 46, is a witness McCarthy's group has been trying to get before it for a long time.

Coe, who showed up Wednesday, denied he was a fugitive. He said he had been looking into employment possibilities in Mexico, Cuba and elsewhere. He resigned his well-paid job with the Monetary Fund last December 2 after refusing to tell another Senate group whether he was a Communist.

Coe testified he is "not engaged in espionage now" and was not last December 2. But he refused, on grounds that the answer might tend to incriminate him, to say whether he was so engaged on December 1.

Datelined: New York, Nov. 29, (AP).

"A cryptic note hinting that the Russians obtained plans for two prewar American superbattleships was read today at an explosive session of Alger HISS' perjury trial.

"The Government also bared secret reports intended to show how a fantastic Soviet underground web was woven deep into Washington in the early New Deal days to influence United States Government Policy.

"Both disclosures came in the form of reports by Government officials of talks with Whittaker CHAMBERS, chief accuser of HISS and former courier for a Russian spy ring.

"The battleship note, jotted by Assistant Secretary of State Adolph BERLE in 1939, read:

'Plans for two superbattleships -- secured in 1937 -- who gave KARP -- brother-in-law of MOLOTOV -- working with Scott FERRIS got this released -- now; naval architect working on it, why; FIELD was original contact. He introduced Z to GOMPERTZ (Hedda) -- Z relationship was casual -- shall excuse? ---where is Hedda GOMPERTZ? --Z and FIELD supposed to have been both members of party.'

"The Z referred to an individual whose name was blacked out. Defense Attorney Claude B. CROSS said he did not object to the document but thought use of the name would affect the reputation of a dead man.

"MOLOTOV, former Russian Foreign Minister, now is Deputy Premier.

"A Hedda GUMPERZ MASSING is a former wife of Gerhart EISLER, who fled the U.S. last spring after being identified as the No. 1 Communist in this country.

"Mrs. MASSING has been described as a 'cooperative witness' in post-war American spy hunts.

"There was no claw to the identity of "FIELD" or the "Scott FERRIS" mentioned.

(continued)

15. FILE THIS FORM IN FILE NO. 201 169934

"CHAMBERS has testified that he approached BERLE in 1939 to warn him of Communist activities in the U.S.

"CHAMBERS has also accused HISS of feeding him State Department secrets before the war in wholesale fashion. HISS was indicted for perjury when he denied ever giving CHAMBERS state documents or even seeing him after January 1, 1937.

"HISS was tried for perjury last spring but a jury split eight for conviction and four for acquittal, and a new trial was ordered.

"The second report in the form of twin memos on the underground was full of some of the names from Franklin D. ROOSEVELT's early New Deal. The individuals were described as 'anti-Administration' at the time.

"The names came out in memos written by Raymond MURPHY, Security officer of the State Department, who made notes of two talks in 1945 and 1946 with CHAMBERS.

"The underground's purpose was said in the memos to be 'far more important and cunning' than spying.

"'......... each member (was) to advance as high as possible in the Government to shape legislation favorable to the program of the Communist government,' read the hitherto secret reports.

"Named in the memos were: Alger HISS and his brother, Donald (HISS); Harold WARE, Lee PRESSMAN, Henry COLLINS, Charles KRAMER (KRIVITZKY), Helen WARE, Alice MENDHAM, Harry Dexter WHITE, Nathan KAPLAN, Rose WEINSTEIN, Nathan WITT, John ABT, Eleanor NELSON, Nat PERLOW, and persons identified by their last names only, as CDLER, GLASSER AND COE.

"The guiding genius of the entire underground was identified as Hungarian-born J. PETERS, a 'little dark fellow, small feet and wavy black hair.'

"Top man and founder of the 10-man Washington cells was said to be the late Harold WARE, who died in 1936, and was allegedly succeeded by Nathan WITT and later by John ABT.

"Immediately below him in order of importance, the reports charged, were Lee PRESSMAN, former general counsel of the CIO, and Alger HISS, later to become a top-level State Department aide.

"The memos said HISS' job 'was never to make converts -- his job was to mess up policy.'

"The Government aides whom CHAMBERS accused were said in the memos to have 'arranged among themselves a program committing this Government to a policy in keeping with the desires of the Communists.'

"Underground headquarters in Washington, the memos said, included 'a violin study near Dupont Circle run by Helen WARE, (and) a school on the outskirts of Washington run by Alice MENDHAM.'

"CHAMBERS was quoted as saying he entered 'the Washington picture' in 1935 and left it and the party at the end of 1937.

"'The heads of the various underground groups in Washington who met with PETERS,' the memos continued, 'were the HISSES, KRAMER (KRIVITSKY), Henry COLLINS who was either a secretary or treasurer of the group; John ABT, Lee PRESSMAN, Nat PERLOW and Nat WITT.

"'These men met regularly at special meetings, with the exception of Donald HISS, who did not have an organization. They headed parallel organizations......'

"The memos alleged there were other underground Communist groups in Washington at the time, 'but this was the elite policy-making, top-level group.'

"'It was not a spy ring,' read the records, 'but one far more important and cunning because its members helped to shape policy in their departments.'

"The memos described Henry COLLINS, as an employee of the forestry division of the Agriculture Department at the time and said he took the lead in deliverying Government documents to CHAMBERS.

"In testimony after the memos were read, CHAMBERS said sailors or stewards of the North German Lloyd Line usually took Government secrets to Europe for the ring."

1. LNERGO/MIAMI ADVISED STATION THAT:

A. CONFIDENTIAL NEGOTIATIONS HAVE BEEN INITIATED BY WIFE OF AMDENIM-14 WITH AMECRU-1, TO ATTEMPT RANSOM HUSBAND. DR. MARTINIANO ORTA, A FRIEND OF AMDENIM-14'S, IS ACTING AS INTERMEDIARY WITH AMECRU-1 AND MET WITH HIM CIRCA 1 JAN 1971 IN MIAMI BEACH TO DISCUSS RANSOM TERMS.

B. RANSOM PRICE QUOTED BY AMECRU-1 WAS $50,000 AND HE WANTED ASSURANCE IN WRITING FROM WIFE OF AMDENIM-14 THAT SHE COULD RAISE THE MONEY. SHE GAVE ASSURANCE ALTHOUGH SAID PRIVATELY SHE HAD NO IDEA WHERE SUCH AN AMOUNT WOULD COME FROM.

C. AMECRU-1 WAS IN NEW YORK 9 JAN ON HIS WAY TO PARIS PRESUMABLY TO INITIATE NEGOTIATIONS.

D. LNERGO HAS A "HUMANITARIAN" INTEREST IN FREEING AMDENIM-14 AND ASKED FOLLOWING QUESTIONS INFORMALLY OF STATION:

(1) CAN JKLANCE SUBSCRIBE TO THIS RANSOM IN ANY AMOUNT?

(2) CAN JKLANCE INFLUENCE OR OTHERWISE ASSIST IN THIS RELEASE, I.E., GET PRICE REDUCED?

(3) CAN JKLANCE SUGGEST ANY SOURCES OF FUNDS FOR THIS PURPOSE OR ACT AS INTERMEDIARY IN OBTAINING SUCH FUNDS?

2. LNERGO/MIAMI COMMENTED THAT RELEASE OF AMDENIM-14 MIGHT BE ADVANTAGEOUS TO JKLANCE AS SOURCE OF INFORMATION (AND, POSSIBLY, AS OPERATIONAL AGENT) AS WELL AS BEING A PROPAGANDA VICTORY IN THE CUBAN COMMUNITY.

MEMORANDUM FOR: Chief, WH/COG

SUBJECT: James C. Wray

1. I called Mr. James C. Wray today to determine his reason for having called the Agency on 27 February regarding Antonio CUESTA Del Valle's patent application. At that time Wray had stated that as a patent attorney he was representing CUESTA who had an application pending on which some $140 in fees was due.

2. Wray advised that he had been retained by CUESTA several years ago to file an application concerned with a high speed boat on which a patent was ready to issue upon payment of $140 in filing fees. He stated further that as a consequence of CUESTA's subsequent capture he had been unable to communicate with him and that he had failed in his efforts to interest CUESTA's friends in assuming responsibility for the fees. Wray readily accepted my representations that the Agency had no responsibility in the matter. According to him, he had called us merely as a matter of last resort.

3. I found Wray's description of the boat's configuration and attributes to be interesting. While emphasizing that we had no responsibility for his client's present situation or for his fees, I suggested that he might want to provide me with the boat's specifications. Wray accepted this suggestion. My thought here was that an item of this nature might be of interest to SOD/Maritime Branch.

SUBJECT: TYPIC/Operational
CUIS Recruitment of IDENTITY

ACTION REQUIRED - REFERENCES

1. On 8 and 13 June 1967 the local LNERGO officer who is handling the *IDENTITY case informed a JMWAVE officer that she had been recruited by the CUIS on her recent visit to Cuba. LNERGO requests that the knowledge of this information be kept to a minimum, for they intend to operate her as a double agent. LNERGO does not intend to disseminate any information on the case, at this time; however, the following information was provided so that JMWAVE could furnish LNERGO with traces and comments:

A. IDENTITY received permission from U.S. and Cuban authorities to travel to Cuba to visit her imprisoned husband. She arrived in Cuba on 7 April 1967 and *(fnu) INFANTE of the MININT met her at the airport. In general, INFANTE was her escort; however, she also had to keep Tita (lnu) at *telephone number 30-2056 informed of her movements. *Enrique ECHEVARRIA was also assigned to IDENTITY's case and she thought possibly that he was INFANTE's superior officer. She described ECHEVARRIA as a DSE officer who had formerly been in the U.S. and who had some type of a back ailment.

B. *Omar HERNANDEZ was in charge of her husband's case and *Raul ALFONSO was his assistant. IDENTITY said that her husband was normally kept at the Campo Libertad Hospital, not at the main building, but at a small building on the hospital grounds. She visited him frequently at the hospital and on one occasion they met in an office at the Villa Marista Detention Center. This office had telephone numbers 40-3535 and 40-3536.

C. On 13 April INFANTE made the recruitment pitch to IDENTITY. He said the pitch was on behalf of the DSE and would benefit her and her husband. He said if she would successfully report on anti-Castro activities in Miami, and especially activities of the Commando L, for a period of six months they would release her husband from custody; and after three years of reporting they would grant him permission to depart from Cuba. She said that she certainly wanted to help her husband; however, she did not have any information regarding her husband's activities nor information about anti-Castro activities in Miami. INFANTE instructed her to just do her best and he thought everything would work out all right.

D. For the next few days, INFANTE debriefed her on her family, friends, work, etc.

E. From 20 thru 22 April she was picked-up daily by INFANTE and taken to a safehouse in the Marianao district of Havana for training. Somewhere along the route, they would stop and pick-up the instructor, *Pascual (LNU). Pascual gave IDENTITY training in document photography, development, and techniques in the collection of information. She was instructed in the use of a single lens reflex camera and although she claimed to have done very poorly, Pascual assured her, that with more practice, she would do OK. He told her to purchase a camera and two goose neck table lamps with 100 watt bulbs on her return to Miami and practice until she became proficient.

F. IDENTITY was instructed to print or typewrite (using all uppercase letters) her reports as she obtained the information, hold them and every fifteen days photograph them, develop the film, destroy the reports, and hold the negatives. Every six months she would take all of the negatives to New York and deliver them to *Chafik Homero SAKER Zonni (201-335014) at the Cuban U.N. Mission. Her first assigned meeting with SAKER was scheduled for any work day between 28 September and 2 October 1967.

G. IDENTITY was told that she would have no further contacts with the DSE in Cuba, but should she have any serious trouble, she could write to *"Rafaela Domenech E.
Avenida 41 # 6011
Ent. 68 y 70, Ceiba,
Marianao, Havana, Cuba"

She was told to make up a false name and return address and sign the letter with the first name used in the return address. She did not receive a code name, was told nothing about SW, was not promised money nor expenses, and was not given any further information or training.

THIS IS UNEVALUATED INFORMATION

SOURCE Honduran national, US resident, executive of a foreign airline. Through travels and contacts he keeps in touch with events occurring in foreign countries.

[This report was developed by an Air Force AFNIN representative assigned to the office of preparation.]

1. My secretary recently returned from a 17-day visit to Havana, Cuba. Through conversation, with her, I learned of her visit and permission to visit her husband, Antonio Cuesta Valle, a political prisoner of the Cuban government.

2. Cuesta, who was active in an anti-GOC movement, was taken prisoner on 29 May 66 in company of four other men, while on an infiltration mission. While trying to escape he supposedly blew up his boat and as a result of the explosion he lost his left hand at the wrist. He was captured along with Eugenio Saldivar Cadena, and both are presently held prisoners at the Military Hospital in Marianao, Havana.

3. While in Havana she was permitted, on a daily basis, to visit with her husband in his hospital cell. She was permitted to visit alone with him on one occasion in a room that had several mirrors and for a period of approximately 15 minutes. The remainder of her visits were in the presence of her assigned escort or the guard assigned to her husband's ward. She knew her escort as "Infante," and he was always dressed in civilian clothes. He was most polite and courteous at all times. She was told what hours she could visit her husband by phone each specific day, and her escort would pick her up and take her to the hospital.

4. I was told that her husband has been given the best treatment available and that he had no complaints in that respect. He is suffering from advanced active cataracts and is almost blind. He has been treated by two Soviet doctors, but due to the language barrier proper treatment was not administered and the Soviets became very angry at the nurses at the hospital. Considering his background he is being treated like a VIP. He was told that a Cuban specialist is going to take his case in the near future. He said that his food is very good and generous servings are the order of the day. By direct order of Fidel he is furnished a box of the best cigars, and they are replenished each time the box becomes empty. During a Sunday afternoon he and his wife were taken to the beach, complete with a picnic lunch, in company of four guards that kept a distance of about 100 feet.

201-281313

5. He has not been formally charged and she was told that because of his condition a date could not be set. However, she was told not to worry because Fidel was a kind man and would be most lenient with his case. She was also told that as far as the Cuban government was concerned she could visit with him again at any time in the future.

6. She stayed with family members of her husband and was permitted to go anywhere she liked when not visiting her husband, but because of fear she stayed in her quarters.

Honorable J. Walker Yeagley
Assistant Attorney General
Department of Justice
Washington 25, D. C.

Dear Mr. Yeagley:

By letter of 5 January 1966, you advised that the Department is contemplating prosecutive action against certain individuals involved in the hit-and-run raid conducted in the Havana Harbor area in November 1965. In this connection, you requested our comments relative to any past or current interest this Agency might have had or has in Antonio CUESTA Del Valle and whether disclosure of that interest in the event of prosecution would be detrimental to its operations. In addition, you also requested to be advised whether this Agency has or ever had an operational interest in Jorge MAS Canosa or his anti-Castro organization, the Cuban Representation In Exile (RECE).

This Agency has no present operational interest in CUESTA or MAS, although it did have in times past. We do not believe that disclosure of these past interests would have any serious consequences for the Agency.

For your information, with 303 Committee approval, this Agency does have a relationship with the RECE pursuant to which limited financial support is provided for the maintenance of its Miami office. While MAS should not be knowledgeable of this fact, any statements he might make should not affect our relationship with that organization.

Sincerely,

SIGNED

Lawrence R. Houston
General Counsel

2. This date I called Maykovich who was well aware of the Justice interest. He said that Justice was now waiting for an assessment of the man by Army.

1. According to Luis Diaz, a member of Comandos L, a militant Cuban exile organization, Antonio Cuesta del Valle has been in Puerto Rico for several months attempting to set up a camp there for training Cuban exiles. He has also been attempting to obtain permission from the Dominican Republic to use the Dominican camp which was used by Eloy Gutierrez Menoyo, a military leader of the Segundo Frente Nacional del Escambray (SFNE, Second National Front of the Escambray), and has been making regular trips to the Dominican Republic from Puerto Rico for that purpose.

2. On 3 February 1965, Ramon Font Saumell, second in command of Comandos L, told Diaz that the recent accusations made against the top Dominican military personnel by Gutierrez after his capture in Cuba in January had jeopardized his organization's good relations with the Dominican Government.

SUBJECT: Request for Operational Clearance on James S. Owens, Director, Ohio State University Research Foundation

1. With reference to the conversation between Mr. Kaufman and Mr. Osborn on 20 December 1951, it is requested that action be taken to secure provisional operational clearance on Dr. James S. Owens, Director, Ohio State University Research Foundation.

2. Subject to successful clearance, it is planned to have a representative of FDM contact Dr. Owens through an appointment arranged by OO to determine if he would be willing to prepare a letter from the Foundation to the American-Scandanavian Foundation in New York. The content of this letter would introduce and sponsor financially an agent whom FDM has arranged to send to one of the Scandanavian countries under sponsorship of the American-Scandanavian Foundation.

3. Mr. Owens and his assistant, Thomas E. Davis, already possess a CIA clearance up to and including "Secret" in connection with a classified CIA project being carried out by the Mapping and Charting Laboratory of the Foundation. The O.S.U. Research Foundation has a considerable unclassified program, however, and its connection with CIA is not publicly known. It is understood that Mr. Harris Lyons, IASS, has all the details concerning the clearances on Dr. Owens and Mr. Davis.

4. FDM is extremely anxious to complete these arrangements, and it would be appreciated if you would treat this request as a priority matter.

1. Reference is made to the I-57 form regarding Subject who entered the United States on 2 October 1964. The files of this office contain the following pertinent information.

2. According to another office of this Agency, a Pan American Airways employee who spends considerable time in Haiti stated that during her many trips there she learned Subject has demanded and received things from members of the Ton Ton Macoutes (TTM, President DUVALIER's internal Security Force). One incident occurred at a DUVALIER rally held at the Presidential Palace on 1 May 1964. A palace guard refused to allow Subject to leave the grounds while someone was speaking. SAUREL called a member of the TTM, demanded to be released, and was allowed to leave. On 20 September 1964, a subsource of unknown reliability, whose family was well acquainted with Subject, commented that Subject was a member of the TTM.

3. According to a report received in September 1964 from an untested source, Subject, a former employee of Pan American Airways in Port-au-Prince who was recently named Director of the Haitian Tourist Bureau in New York, is an agent of President DUVALIER. DUVALIER is counting heavily on SAUREL because of the latter's experience in dealing with American personalities and situations.

MEMORANDUM FOR THE RECORD

SUBJECT: Conversations with REICHHARDT, 8, 9, 16, 17 September 1959

1. On 8 September Reichhardt phoned to report the following:

a. He took Marcos DIAZ Lanz to the office of INS on Monday, 7 September to take care of his immigration status. (Comment: I was later called by Bill COTTER of the Alien Branch, CS concerning this. COTTER said that when they reported this to INS - that service said that AHRENS, the INS man in Miami has told them that DIAZ' hearing had already been held shortly after his arrival. COTTER implied that Bernie was not reporting accurately on the situation in Miami. I have not repeated this to Bernie, because Alien Branch seems to be in something of a tissy in regard to the new people in INS with whom they are dealing as a result of recent transfers of personnel.)

b. Bernie asked me to clarify what I wanted in the way of an affidavit of support for the wife of Marcos DIAZ. I dictated a simple statement and told Bernie to have it notarized and accompanied by a bank statement or similar document indicating WILLIAMS' ability to support Mrs. D should it become necessary.

c. Bernie reported that Mrs. Catherine TAAFE, the international busybody claims that she is going to Cuba on our instigation. She is accompanied by her entire family. This information came from the Miami Chief of Detectives to the OO Representative.

d. Bernie asked how he could identify himself to the three evacuees in Miami we have instructed him to contact re going to the Dominican Republic on our behalf. I told him to use Dave Morales' name.

e. He asked me for information on our dispatch to Cuba in connection with the PRCs for AMCOO and the gift. I told him I'd check and let him know. (Comment: The same day I saw a dispatch from Havana answering the questions, an info copy of which went to Bernie.)

2. I phoned Reichhardt on 9 September and we discussed the following matters:

a. I told him about the visit of Angel ROS. He said he had talked with [BYERS] on this matter and that [BYERS] 04 reported that ROS came to Miami on 1 September and left on 3 September. [BYERS] thinks ROS is a secret police agent. Bernie is to see [BYERS] for details on 04 this. (Comment: Reichhardt's report was received on 11 September.)

b. Reichhardt asked me to check on his money situation since no deposit has been made.

c. Reichhardt asked if I had seen copies of the news letter being distributed by Emilio NUNEZ Portuondo called Latin American Events. NUNEZ is listed as editor and publisher and the firm is Latin American Affairs Inc., 1028 Connecticut Avenue, Washington. The first issue was published on 7 August. The 17 August issue includes a list of Communists. (Comment: I am arranging for the CIA library to procure loan copies of the publication for me to review.)

d. NUNEZ was in Miami last week. ORTEGA did not see him, but according to ORTEGA's sources, NUNEZ strongly implied that he has succeeded in obtaining US support in the Departments of State and Defense including commitments for training sites in the United States. NUNEZ also said that he is in touch with Col. King. This was covered in UMAA-15.

3. On 15 September I talked with Reichhardt concerning the following:

a. Ricardo LORIE saw ROS. Bernie will see LORIE about this.
b. Bernie will see FOX this week.
c. The addresses for the two evacuees who came by way of El Salvador are not correct. I told Bernie to try to find out where they are from the third, with whom he is in contact.
d. Bernie asks that his local travel order be renewed. (Comment: I checked this and the order has been renewed through 31 December 1959.)

4. On 16 September the following matters were discussed with Reichhardt:

14-00000

SECRET

(Bernie 24)

a. SALVENTIS: He called in the morning to ask for information on this man. According to Reichhardt, LORIE says that he was fired from the DIER for anti-Communist activities and was expected to arrive in Miami last night. LORIE is worried about him because of his previous post as No. 2 man in the DIER. The Cuban card confirms that he held the latter post.

b. De LORIE says that he knows ROS well, and likes him. They met in Miami last week. ROS is in Miami again. ROS is principally interested in getting Reynaldo BLANCO out of Cuba. ROS says he was told the American Embassy can have no part of this but suggested he (ROS) ask De LORIE to see his Miami contact about assistance. Bernie discouraged LORIE about helping BLANCO. Bernie feels it is strange that Station Havana would tell ROS about LORIE's Miami contact and that the former might have mis-represented what was said. (Comment: We cannot positively identify BLANCO - although such an individual was listed by LORIE and the DIAZ Lanz as an Army officer. He may have been one of the 1957 regular army plotters.)

c. LORIE also asked help in converting Pesos to dollars. Bernie did not give him an answer on this.

d. LORIE said he wants to establish contact with ROS. The plan we have so far only envisages communication from ROS in Havana to LORIE. While Bernie would prefer to handle the matter personally, I think I convinced him that this is unfeasible because of the danger of provocation. He therefore suggested having 04 Cheesman brought into the picture, anonymously, as an individual who would get in touch with LORIE when there is something for him from ROS - and who will call LORIE periodically to find out if LORIE wants to transmit anything to ROS. This sounds OK to me. Bernie will see CHEESMAN 04 within the next few days on this.

e. LORIE told Bernie that Cuban opposition views BONSAL's trip to the US as a victory for the opposition - but that if BONSAL returned to Cuba they will view the return as a triumph for CASTRO.

f. According to an OO source Mrs. Katherine TAAFE will be returning to the US from Cuba in a few days. She told at least one American in Cuba, Harry Rosenfeld, that she is working for CIA.

g. In connection with my earlier query re the report from Cuba that the Revolutionary Air Force is planning to remove a couple of planes from the US to Cuba without an export permit, Bernie got the following information 04 from BYERS. A Cuban air force mission is in Miami concerning the aircraft. The Cubans are happy with the 04 way BYERS has handled things for them even though they don't have the export license yet. BYERS has been asked 04 to a party in Havana to be given by Juan Almeida in his honor. He may go on Friday. Do we have requirements for him?

5. On the morning of 17 August I phoned Bernie to tell him about the followup on the report concerning the planes (Haba 2653). He said Reynolds 03 phoned him on the evening of 16 September about this. Bernie said he passed the information to Customs, who said that since the Cuban Air Force are the owners of the planes (they are AT 6's) there is little that can be done if they file flight plans for a local flight and then leave for Cuba. They asked Bernie for suggestions and he said he had none. BYERS reports that 04 the Cubans asked him if he could find American pilots for the planes - and he said he'd try, but actually has no intention of doing so. BYERS 04 was impressed at the speed and accuracy of our information, but believes that the Cuban Government is being precipitate in expecting to get the planes out.

HEADQUARTERS FILE NO.

FROM: Miami (KARNLEY)

DATE: 13 August 1959

SUBJECT: Report of Contact with QDCHAR on 13 August 1959

RE "43" - (CHECK "X" ONE) MARKED FOR INDEXING / NO INDEXING REQUIRED / INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY

ACTION REQUIRED: See Para 10.

REFERENCE(S): UMWA-11

1. QDCHAR was asked first to bring me up to date on what he and the others in his group have been doing and he reported that they were not doing much of anything except waiting. Waiting, first, for some funds which they are expecting to come primarily from the sale of the C-46; and, second, waiting for the establishment of some better communication with their contacts in Cuba.

2. With regard to the aircraft, DALM told me on this date that he believes he does now have a sale for the aircraft and he thinks the sale price will be between US$50 and US$55 thousand.

3. QDCHAR said that QDCOVE has communicated with someone (he wasn't sure of the name) in an attempt to solicit funds from people in Cuba. QDCHAR presented this in the light that QDCOVE was "authorizing" some people in Cuba to go ahead and solicit funds. In this connection, QDCHAR mentioned that at one time in the past Julio LOBO (note: this name has never been mentioned in any previous conversations with this group) had considered donating US$100 thousand for the air force school which QDCHAR was promoting at that time, but apparently became frightened of the deal and nothing along this line materialized. QDCHAR said that he was hopeful that sometime he would be able to re-establish contact with LOBO. All this reference is entirely coincidental to my suggestions made to LEBANON that I might try to bring this group together with Julio LOBO. Having learned of this previous connection, I want to revive this idea and proceed with the plan to bring these two together.

4. If and when they are able to accumulate some funds, it is their intention to go ahead with their plans for the establishment of a propaganda program which would be initially voice radio. QDCHAR said that he had been trying to persuade QDBIAS and QDCOVE to a more narrow program within the limitations which I had cited for them in a previous meeting (See UMWA-11). He said he thinks now that this is the more realistic approach, but QDCOVE holds to the original thinking that they cannot commit themselves to such limitations. QDCHAR informed me that QDCOVE requests another meeting with me. He was told that I would be away for a few days but would contact him as soon as I return.

5. I then questioned QDCHAR about his knowledge and QDBIAS' knowledge of the presence of Soviet Russians in Cuba. QDCHAR stated that his only information had come to him through Douglas ROOT (this is the Canadian whom QDCHAR referred to frequently in his earlier debriefing by SADELLY et al). Root claimed to him to have seen the Soviets in Santiago de Cuba and QDCHAR said that furthermore he had obtained the names which he passed to Colonel NICHOLS in the American Embassy in Havana. When asked if he thought these were the same Soviets that QDBIAS had referred to in his testimony in Washington, QDCHAR said he felt that they were, although he believed QDBIAS' information was obtained independent of his, QDCHAR's, source.

6. Going on in this vein, QDCHAR stated that ROOT is one of several people whom QDCHAR encouraged to remain in place and to go along with Raul CASTRO and others for the purpose of obtaining more specific information on Communists and Communist activities in the armed forces. He said that along this line ROOT had been introduced to Fidel CASTRO's secretary, whose name is Maria. QDCHAR said her full name is a Russian name but at the moment he can only recall the name "Maria". Through this relationship, it was expected that ROOT would develop a good deal of information. Others named in this connection were Ramir VALDES, who is close to Raul Castro, Juan FERNANDEZ de Castro of the Air Force, and Efran FAJARDO, whom QDCHAR says is an American. QDCHAR is certain that if he by some means can re-establish communication with these individuals he will obtain important information regarding Communist activities in the Cuban armed forces.

7. In answer to his appeal for assistance, I said I would try to help him devise some means of establishing this communication. He suggested that we pass word to his wife to contact Juan FERNANDEZ de Castro before she leaves for the purpose of putting him in contact with anyone we want to name and to instruct him in QDCHAR's name to pass on any and all information he has at this time.

8. This group still believes, in spite of what has been reported from Cuba, that, while they may have some little different view as to how much MORGAN can be trusted, Eloy GUTIERREZ Menoyo and MORGAN and the men of the Second Front of the Escambray are and will remain anti-Castro and eventually will move against him.

9. It was learned that QDCHAR is presently living in Frank FIORINI's house at 20[illegible]0 SW 60th Court, Miami, telephone M[illegible] 7-[illegible]0. He also informed me that ODENVY had been talking with him about some local friends through whom he produced the names of some acquaintances of those whose names are Russian. I have not yet had an opportunity to discuss this with the ODENVY agent involved.

10. I will meet with the group again at the end of this week, at which time I expect they will have some modified position with regard to their activities and will appeal again for assistance. Meantime, it is recommended that QDCHAR's recommendation with regard to having his wife get in touch with FERNANDEZ de Castro and to get him debriefed be passed to the Havana Station.

OPERATIONAL DEVELOPMENTS

1. Identity was originally contacted by JMPALM Case Officer in mid-1963. The results of Identity's assessment by the JMPALM Case Officer were reported in detail in Reference B. It later developed that Identity was an acquaintance of AMPAL-1 who was subsequently put in contact with Identity for training and subsequent recruitment.

2. Training sessions continued between AMPAL-1 and Identity through most of November and early December 1963. As in other newly recruited JMPALM assets, the agent was regularly critiqued as to the value of his information and was provided with regular guidance in order to better strengthen his value to JMPALM. Following is a list of those persons with whom the subject is in contact on a regular basis or with whom he corresponds frequently:

no 201 a. Dominican Air Force Colonel Pedro BENOE who visited Miami from the Dominican Republic. BENOE plans to return to Miami in early 1964. (05 CIT DOMINICAN REPUBLIC)

no 201 b. Antonio LLANO Montes, a Cuban newspaperman now living in the Dominican Republic who occasionally visits the Miami area. (05 CIT CUBA)

VARONA SAID THAT SUCH A MEETING SHOULD BE HELD AT A VERY EARLY DATE AND THAT CHIARI SHOULD INVITE PRESIDENT KENNEDY TO ATTEND. CHIARI TOLD VARONA THAT THIS WOULD BE A MOST SERIOUS UNDERTAKING REQUIRING INTENSIVE STUDY AND THAT HE COULD MAKE NO COMMITMENT TO VARONA ON THE MATTER. 20 AUGUST AND HOPED TO TALK TO PRESIDENT CHIARI AGAIN AT THAT TIME.

2. ON 20 AUGUST A GROUP OF CUBAN EXILES IN PANAMA CALLED ON MARCOS ROBLES, PANAMANIAN MINISTER OF GOVERNMENT AND JUSTICE, AND REQUESTED ROBLES TO TRY TO PERSUADE PRESIDENT CHIARI TO PERMIT THE ESTABLISHMENT IN PANAMA OF A TRAINING BASE FOR CUBAN EXILES.

3. ON 21 AUGUST PRESIDENT CHIARI SAID THE MAIN PURPOSE OF VARONA'S VISIT WAS TO REQUEST CHIARI'S APPROVAL OF A TRAINING BASE IN PANAMA, AND THAT HE HAD TOLD VARONA HE WOULD TAKE THE MATTER UNDER CONSIDERATION. HOWEVER, CHIARI DISCUSSED IT WITH MEMBERS OF HIS GOVERNMENT SUBSEQUENTLY AND IT WAS AGREED THAT PERMISSION WOULD NOT BE GRANTED FOR THE ESTABLISHMENT OF A TRAINING SITE.

4. HEADQUARTERS COMMENT: ON 13 AUGUST DR. JOSE MIRO CARDONA, PRESIDENT OF THE CRC, SAID IN MIAMI THAT VARONA WAS LEAVING MIAMI 14 AUGUST ON A TRIP TO PANAMA AND COSTA RICA. MIRO SAID THAT THE PURPOSE OF THE TRIP WAS GENERAL PUBLIC RELATIONS WITH NO PARTICULAR MOTIVE IN MIND. HE MENTIONED THAT VARONA WOULD SEE PRESIDENT CHIARI WHILE HE WAS IN PANAMA TO DISCUSS THE CUBAN PROBLEM IN GENERAL AND ATTEMPT TO ENLIST "FURTHER SUPPORT FOR THE CAUSE." HE SAID VARONA WOULD ALSO INQUIRE OF CHIARI WHETHER THERE WERE ANY NEW DEVELOPMENTS ON A SUGGESTED MEETING OF THE

FOREIGN MINISTERS OF CENTRAL AMERICA WHICH HAD BEEN DISCUSSED WHEN HE (MIRO) WAS IN THE AREA IN JUNE. THERE WERE APPARENTLY REASONS FOR VARONA'S TRIP OTHER THAN THE OSTENSIBLE ONES STATED BY MIRO. THERE ARE RUMORS THAT SOME MEMBERS OF THE CUBAN EXILE COMMUNITY IN MIAMI ARE MAKING EFFORTS TO OBTAIN HELP IN CONVINCING PRESIDENT CHIARI TO PERMIT THE ESTABLISHMENT IN PANAMA OF A CUBAN GOVERNMENT-IN-EXILE HEADED BY DR. MIRO CARDONA.

1. Transmitted herewith is the Memorandum of Oral Commitment for Mr. Alberto PONZOA y Alvarez (aka "Junior").

2. Subject was originally a contact of the Havana Station and in the summer of 1960, using his boat PISCIS made the first of four successful sea rendezvous operations with MATUSA TIME. He was subsequently forced to escape from Cuba, in PISCIS, in December 1960. Since this date Subject has sailed on many maritime operations in WASP, MATUSA TIME and on several Cuban-crewed boats. On several occasions he has effected rubber-boat beach landings to meet reception parties under extremely hazardous circumstances.

3. In Miami Subject was associated with the AMDIPs but has become disenchanted with this group because of constant political squabbles and their lack of ability to perform to his satisfaction. He now wishes to disassociate himself completely from any Cuban political group and desires to place himself under KUBARK control.

4. It is proposed to use Subject as a small boat captain in maritime operations; as an intermediate craft crewman in beach landings; as interpreter on American-crewed vessels; to assist in training Cuban, non-English-speaking crews and to assist generally where and when needed.

1. Transmitted herewith is the Memorandum of Oral Commitment for Mr. Alberto PONZOA y Alvarez (aka "Junior").

2. Subject was originally a contact of the Havana Station and in the summer of 1960, using his boat PISCIS, made the first of four successful sea rendezvous operations with MATUSA TIME. He was subsequently forced to escape from Cuba, in PISCIS, in December 1960. Since this date Subject has sailed on many maritime operations in WASP, MATUSA TIME and on several Cuban-crewed boats. On several occasions he has effected rubber-boat beach landings to meet reception parties under extremely hazardous circumstances.

FAL/Vertice Tres

1. On 31 March 1962 [Alberto Mariano Parejon Cardenas, A 12895479], born 11 December 1933, a bank employee, Miami address: [4901 NW 18th Ave.], no telephone, was interviewed.

2. Source said he was a member of SAC, FAL and Vertice Tres ("The Third Position").

3. Source said that SAC (Salvar a Cuba) was destroyed by Cuban security forces.

4. Source said that FAL (Fuerza Anti-Comunista de Liberacion) is well organized, the best organized being the forces in Pinar del Rio Province. He said that FAL has some arms and ammunition, and is an action type group, conspiring to provoke an uprising and cutting off communications. Source was reluctant to name any FAL contact, but finally named [Rene Parejon Perez] as a contact man. He said that he could arrange bona fides with Parejon, and he was told that perhaps in the future someone would call upon him and introduce themselves as "amigos de Roberto" and discuss this in further detail. He agreed. He said that some months ago the FAL sent out microfilmed maps showing sites for landing arms and also its proposed caching sites, but he did not know to whom this information was passed.

5. Source said that he was also associated with Vertice Tres, and described this organization as being composed of intellectuals and professionals. Its mission is not clear because as he described it one of the functions is to explain the horrors of the Communist system to the masses by the adoption of a third position. Vertice is also interested in more subtle approaches, such as industrial slowdowns and sabotage. The emphasis, however, appears to be on propaganda and he said Vertice is on the point of obtaining a radio plant. He was asked if this was a "pirate radio", but he replied no, that it would remain on the air so that it could be heard. When asked about the DFing problems, he said he was told by an engineer who is working on this project that it was a "Delta System Radio" and they would not have to be afraid of DFing. (This does not make sense, but it was all the source knew on this subject.)

6. Source said that Vertice needs supplies, such as Minox cameras, but he would not or could not give the name of a Vertice contact in Habana.

He said there/

3/BR

He said there is a Vertice contact in Miami, Gerardo (lnu) and although he did not know the lastname or address of Gerardo, he was going to try and locate him. He was again reminded of the "amigos" who would call on him for this information.

7. Source said that before he left Cuba he met with [Maggie] Carrillo, the niece of Justo Carrillo. She told him that Justo sent in a message saying "Be careful with Flavio." [Maggie] asked the source to get in touch with [Justo] and tell him that if he had derogatory information on Flavio he should send the details. She thought [Justo]'s message was confusing. Source said that "Flavio" is the war name for Evelio Duque who also uses "Frank" and "Manolito." Source said that it is believed that the name Evelio Duque is in itself a war name.

8. Source identified Arturo Golpi, an employee of the National Bank, Agencia 4-10-40 , Linea y O Vedado, Habana, as a self-admitted member of G-2. Arturo is about 32 years old, white, stocky (about 190 pounds), 5'8" tall, white, black hair and has a large mustache. He was formerly the handyman at the bank, but because of his G-2 position he is now a man of prestige and catered to by all.

MARKED FOR INDEXING
NO INDEXING REQUIRED
INDEXING CAN BE JUDGED BY QUALIFIED HQ. DESK ONLY

1. I suggest that the story of AELADLE, from the moment he walked into the home of Martin K. HOODINK until he was safely under ALBANA custody in the United States, deserves compiling, analysis, and publication in the form of an Operational Aid. It richly illustrates the many problems which must and can be surmounted, and could be highly instructive to Chiefs of Station in all countries where the next Soviet defector might appear.

2. Here is the Frankfurt contribution (written at my request) to such a compilation: a cliffhanger from start to finish, but also a commentary on the many types of problems which can arise, and the fact that it takes hard work and skillful improvisation to solve them. It was a cliffhanger both before and after the Frankfurt chapter (I nominate HOODINK for a medal for his part) and ought to make excellent reading.

3. The handling of defectors obviously is not a new responsibility to the German Station. The CANKZONE facility which exists primarily for the receipt, establishment of bona fides, debriefing, and resettlement of defectors has existed here for the last decade. Nor is the movement by black evacuation of operational personnel a unique task for us to perform. We have accomplished this many times by use of our own integrated ODUMIT facility and also by the furnishing of alias documentation to the person of interest and accomplishing the transport via scheduled MATS flights. The significant points which made the AELADLE case unique may never again in their entirety be duplicated but in part they may well be, and therefore should be enumerated:

a. A Soviet diplomat, and member of the RIS, stationed in a non-Satellite but politically sensitive country, which at the time of AELADLE's defection was under considerable Soviet pressure.

b. The fact that the actual circumstances concerning his act of defection were such that an immediate decision by the man on the scene had to be made to take advantage of the opportunity.

c. The fact that little alternative could be given, under the facts as described in (a) above, except to believe the defector's statements and acquiesce in his demands, i.e., he possessed information of a significant and perishable nature and would disclose it completely only upon arrival in the United States.

d. The fact that once the commitments in (c) above were made every reasonable effort had to be made to accommodate the defector's demand.

e. In order to accomplish all this an untried method of evacuation, i.e., black evacuation via commercial aircraft had to be accomplished in order to successfully proceed with the undertaking.

4. A retrospective analysis as to how this case commenced, and the unique factors connected with it as enumerated above, lead me to suggest for Headquarters study what I refer to as "findings" and "areas of study." What I have labeled as "findings" in effect represent facts which, if not present, quite probably would have deprived us in Germany of participating successfully in the movement of the AELADLE family. The "areas of study," on the other hand, represent either answerable questions or matters in areas wherein operational discussions may well take place to see if some type of school-book solution can be devised.

5. I will elaborate below, where appropriate, on some of these "findings" but will first record them:

COPY ROUTING

1/20

a. The wisdom of ALMARK maintaining in the European area at least one field installation having assigned to it personnel representing the many competencies necessary in the intelligence undertaking has been reconfirmed.

b. The wisdom of obtaining appropriate security clearances, and having Stations brief and make witting of at least an AIS contact, the resident senior United States citizen personnel of United States flag air carriers operating within any Station's area.

c. The fallacy of depending on marginal or obsolescent equipment to accomplish sensitive tasks of high priority. We here refer to 17-year C-54 aircraft.

d. A realization that a ratio exists between the number of people made aware of a given undertaking in relation to the obstacles encountered in successfully accomplishing that undertaking.

6. A few words of elaboration are in order on the four preceding points. Because the initial endeavor at black evacuation by ALMARK aircraft aborted, we were given an opportunity to see with great clarity the application of these points. If the attempt to evacuate by ALMARK-assigned aircraft had been successful, then knowledge of the defection could have been held to approximately six staff and assigned military personnel. Because that endeavor was unsuccessful, at least nine additional staff and military personnel became generally or specifically aware of the matter, plus the Consul General and one of his senior officers. Additionally one private United States citizen, the senior Pan American official in Frankfurt, became very much aware of this sensitive case. This increase in the number of individuals came about because of an immediate need late in the evening of Saturday, 16 December, to use two [CAMZONE] staffers to assist in the safehousing function, a total of six MKTOPAZ staffers (documentation, graphics, photographic) to prepare and issue fraudulent and alias passports, and an assigned enlisted man to act as a safehouse guard. The Consulate General had to affix visas to the fraudulent passports. The most crucial individual involved, however, was the Pan American official who to a certain degree put his position in jeopardy by being as cooperative on the matter as he was. Without previously having cleared and briefed this official (His counterpart in TWA is also so cleared and briefed) the whole undertaking would have been precluded. It would have been impossible to accomplish departure without documentation on a commercial aircraft without the connivance of the commercial airline involved. Indeed with such connivance it was difficult and risky enough. Finally, the point concerning obsolescent equipment speaks for itself. Headquarters is fully aware of the feelings of this Station concerning the inadequacy for our purposes of assigned aircraft. Suffice it to say that when defectors apparently of significant value refuse to ride such aircraft the matter merits thorough study.

7. The matter of "areas of study" appears to us to encompass at least the following:

a. <u>Average time differences in transmitting high precedence electrical communications between and among representative groupings of Stations.</u> The German Station is extremely fortunate in having KW-26 circuits with Headquarters. It affords us a facility for instantaneous communication. We can make certain rough estimates as to how long it might take appropriate Headquarters officials to answer our queries and we can then approximate the arrival time of answers to high precedence traffic. Other Stations, however, do not have KW-26 equipment, all do not have the same type of cryptological equipment, and there is a different pattern as to the type of circuitry, i.e., direct leased lines, twx, straight commercial service, etc. We believe there is merit in the appropriate Headquarters unit endeavoring to group geographically Stations and then based on the type of communications and cryptological equipment and the channel of transmission to come up with predictions as to the average length of time the transmission of a priority or operational immediate cable would take between and among the various representative groupings. In the case under study, which represented a rather fast-breaking situation, it was not possible for us to estimate the length of time it took to transmit an operational immediate cable between [Stockholm] and Frankfurt. It would have been of value to us to have had some idea on this matter.

b. <u>Coordination between U.S. Air Attaches and COS.</u> We believe it would be worthwhile to request each Chief of Station in a location where the Air

14-00000

CONTINUATION OF DISPATCH	CLASSIFICATION: SECRET KYBAT	DISPATCH SYMBOL AND NO: EGOT-14004, 31 January 1962

Force or Navy has an assigned attache plane to establish procedures whereby the Air or Naval Attache will advise COS of any absence of the attache plane, the point of designation of the aircraft, and the duration of the absence. There have been previous defections where attache planes were used as the initial vehicle of black evacuation. In the evacuation plan of [Stockholm] for AELADLE they informed us by cable that they proposed to use the attache plane. We are of the opinion that when the statement was made [Stockholm] made the assumption the plane was immediately available. As was later discovered by us the particular plane in question was at Wiesbaden and not [Stockholm]. This, however, was some six hours after [Stockholm] stated its intent to use that aircraft. While in this particular case matters eventually worked out successfully the story might be otherwise in a different set of facts.

e. Priority furnishing of traces. When a Station is alerted to a request to render operational support to the movement of a defector and simultaneously answers a request in the negative if it can furnish traces, the following procedure is worthy of study. If Headquarters possesses, and time permits, we believe it worthwhile to forward an immediate summary to the Station rendering support if the background of the defector is such that it would be a matter of local interest. This would have been the case in AELADLE. As subsequent Headquarters debriefing developed (and we assumed it would have been disclosed in Headquarters traces) AELADLE had previously been stationed in Berlin. Had such facts been known here, and had time allowed, certain debriefing on the Berlin period designed to elicit any matter of immediate concern could have been undertaken.

TO EGOT-14004, 31 Jan 1962

18 December 1961

MEMORANDUM FOR: The Record

SUBJECT: Handling at German Station 16 and 17 December of Soviet Defector from Russian Embassy at Helsinki

1. This memorandum is designed to record, soon after the event, all facts pertaining to the handling within the German Station of the evacuation of a Soviet Vice Consul (and member of the RIS) from the Russian Embassy at Helsinki. At the time of this writing there is still lacking certain information to complete the entire story. However, it is felt worthwhile to record all events while the memory is still fresh. In the following paragraphs the defector is referred to as "subject" and pseudonyms and identities are used in all other cases.

2. At approximately 0730 hours Saturday, 16 December, Arnold J. LYACK (Chief, [CABEZONE]) contacted me at my home and asked me to proceed immediately to the residence of Joel D. BENTHAM (Chief of Station). Upon arrival at BENTHAM's residence, BENTHAM and LYACK briefed me on the [Stockholm] cable which announced [Stockholm]'s intent to endeavor to fly subject and family "black" from [Stockholm] to Frankfurt aboard the Air Attache aircraft. Cable also requested Frankfurt to have an aircraft available to receive immediately subject and family and take off forthwith to the United States. LYACK also mentioned an IN cable from DIR which requested [Stockholm] to move family soonest to [CABEZONE] in Frankfurt for establishment of bona fides.

3. We then adjourned to the office and awaited more word from either [Stockholm,] which would advise on the arrival time of the family at Frankfurt, or from Headquarters concurring in [Stockholm's] request for immediate departure of the family for the United States upon arrival at Frankfurt. EAOB was immediately alerted and they made arrangements to have a C-54 with augmented crew prepared to depart for the United States by 1200 hours. A compartment for the subject's family was put in the C-54 and the regularly assigned tail number was removed and a false number put on the aircraft. Conrad V. LAPOLLA (Acting Chief, COS/KUSODA) was contacted and asked to come to the office immediately. Discussions were then held with LYACK and Carl T. UPDILL as to the availability of a KUDOVE case officer with Russian language capability to act as escort.

4. Having heard nothing from either [Stockholm] or Headquarters by 0945 hours OPIM traffic was sent in both directions telling them Germany was prepared to receive and effect immediate black evacuation of the family to the United States. In the meantime, it had been determined that IDENTITY A would be used as the security escort and Russel K. MUCHANE (AD/PI Staff) would be on standby to serve as a KUDOVE escort. This was a contingency arrangement because we lacked knowledge whether or not a KUDOVE officer from either Helsinki or 14-3 [Stockholm] was prepared to travel with subject all the way to Washington.

5. Around 1100 hours I asked Edward P. TOCHENSKY (Chief, EAOB) to establish contact with the Wiesbaden Air Base tower and lay on arrangements to monitor the flight of the [Stockholm] 14-3 Air Attache plane. This was done because we have had previous instances of "black" arrivals at Wiesbaden where the aircraft actually arrived before the ETA cable from [the Station] 14-3 dispatching the body. At about 1115 hours TOCHENSKY informed me by telephone that the [Stockholm] 14-3 Air Attache aircraft, a C-45, was and had been at the Wiesbaden Air Base since 12 December. At about 1130 we cabled this information to [Stockholm] 14-3 and DIR and also offered to dispatch an aircraft to Copenhagen to make the pickup if [Stockholm] 14-3 could move the body there. Because of technical difficulties involving air clearances and lengths of runways, we could not immediately get into any field north of Copenhagen.

6. At approximately 1145 hours a cable was received from Headquarters concurring in the immediate evacuation from Wiesbaden by EAOB aircraft of subject's family upon arrival. If such could not be arranged we were then requested to hold subject and family at (CABEZONE. 02

7. Having heard nothing from [Stockholm] 14-3 by approximately 1600 hours we again sent them OPIM traffic asking that they inform us immediately of their intentions. I had previously left the office about 1430 hours in order to get some lunch and take care of one or two personal items. I had called Nelson R. POLIAKOFF (Deputy for Administration Staff) in to cover for me and had briefed him on the then current situation. When I returned at 1600 hours MUCHANE had come into the office prepared for the trip. We then sent the above-mentioned cable and suggested that MUCHANE return to his quarters and await further developments. I phoned TOCHENSKY and suggested that he and his communicator return to their quarters. LAPOLLA, in the meantime, had gone to Rhein/Main Airport to meet an incoming staffer carrying classified material and get him through Customs. He then returned to his home. I left word with the Signal Center Watch Officer that any incoming traffic on subject's trip should be telephoned immediately to LAPOLLA who would come in, review the traffic and contact me. The

SECRET

Watch Officer was also asked to immediately phone the Wiesbaden Communicator who in turn would contact TOCHENSKY and both of them would go to their office.

8. At approximately 1900 hours LAPOLLA contacted me at home from the Signal Center and informed me that an ETA and other information was in from [Stockholm]. I told him to stand by and I would immediately come in. Based on [Stockholm's] cabled statement that Martin K. ROODINE [(Chief of Station, Helsinki)] was escorting subject to the United States, I told LAPOLLA not to alert MUCHANE. I arrived at the office at 1930 hours and immediately dispatched the Guard Sergeant to buy certain types of foods and magazines that [Stockholm] asked to be put aboard the United States-bound aircraft. We contacted TOCHENSKY and ascertained that EAOB was in a state of immediate readiness. David R. MULPALL (COS/KUSODA Office) then arrived with IDENTITY A. IDENTITY A was given a general briefing on the mission and his responsibility following which he and LAPOLLA took off immediately for Wiesbaden. They took with them the purchases of the Guard Sergeant.

27, 14-1

9. I then proceeded to the home of Ronald M. CORBANE (COS Lawyer) where we were guests for dinner. At approximately 2200 hours I received a call from LAPOLLA that subject and family had arrived, the turnover was made, and that the EAOB aircraft was airborne at approximately 2150 hours. I telephoned this information to BENTHAM.

10. At approximately 2245 hours I received a call from the Signal Center Watch Officer who relayed to me the following message from the Wiesbaden Communicator. That message stated the EAOB aircraft was immediately returning to Wiesbaden because of a sick passenger. Immediately thereafter I received a call from LAPOLLA who was at the quarters of Arthur G. DREIBELBIS (EAOB) in Wiesbaden. LAPOLLA stated that he had gotten hold of the Air Base Flight Surgeon and was proceeding to the Air Base. He knew at that time no other details. I told him Chester E. FAGERLUND (COS Medical Officer) and myself would leave immediately for Wiesbaden Air Base.

11. FAGERLUND was in attendance at the same dinner party and we departed immediately for the Air Base. Upon arrival at approximately 2300 hours the EAOB aircraft had already landed and maximum security provisions were observed in the area. Air Police had the "Hangar 34 Area" blocked off two blocks in either direction.

12. TOCHENSKY met me outside the building and informed me that immediately after take-off subject's six-year-old daughter had become extremely airsick and suffered respiratory difficulties. She was administered oxygen. The mother became hysterical and the father demanded that the aircraft immediately be returned to its point of

4/90

departure. He further stated he would not agree to further travel to the United States except by commercial jet. We then entered the Operations Office of the 7405th Flight Squadron where I was introduced to ROODINE, who recited basically the same story as told by TOCHENRAY. We also ascertained that the Flight Surgeon had looked at the daughter and had found nothing organically wrong. We then asked ROODINE to bring FAGERLUND into the room where subject's family was staying and introduce him as an "American Intelligence Service Medical Officer" and have FAGERLUND examine the child. FAGERLUND's results were the same as the Flight Surgeon and no medication was given the child. A discussion of some fifteen minutes then took place as to how best to proceed with onward transportation arrangements. ROODINE took me aside and strenuously impressed me with the fact that subject was of the opinion that certain of his information on the matter of Soviet/Finnish relations was of great perishability and that subject deeply felt his necessity to arrive in Washington and state this information within the next 48 hours. ROODINE also stated he concurred in subject's feelings. All KUBARK representatives then on the scene again got together and the undersigned made the decision to abort the mission, arrange immediate safe-housing overnight for subject and his family, and attempt commercial transportation on Sunday.

13. Earlier in the day LYACK informed me that he had cleared out their Eschborn safe-house in case we should need it. I immediately tried to contact LYACK by phone but there was no answer. I then phoned Henry R. GARLINGAY (Deputy for Administration Staff) and asked him to do for me the following things:

a. Contact Stephen R. LACKLEN (CABEZONE) and tell him we had an immediate need to house a family of three, plus two KUBARK officers at Eschborn. To further tell LACKLEN to be standing by at Opel Circle opposite the Minneapolis Honeywell Building at 0100 hours and be prepared to escort another vehicle to Eschborn.

b. Phone BENTHAM and tell him we would drop by his house later that evening to brief him on any developments.

c. Phone LYACK and tell him we were using Eschborn.

14. All concerned departed Wiesbaden Air Base at approximately 0020 hours on 17 December and arrived at the meeting point at Opel Circle at exactly 0100 hours. Subject's family plus MULFALL, who had also gone immediately to Wiesbaden, followed LACKLEN's car to Eschborn. FAGERLUND, LAPOLLA, ROODINE, and myself went immediately to BENTHAM's house.

15. BENTHAM was then fully briefed on developments and ROODINE gave certain operational information of a sensitive nature from subject to BENTHAM. After necessary analysis and discussion the following decisions were reached:

a. We would endeavor to remove the family out of Frankfurt by commercial aircraft that day, i.e., Sunday, 17 December.

b. In the absence of the ability to accomplish this, we would endeavor to remove them on an Air Force Medical Evacuation Flight on Monday, 18 December.

c. Joseph Q. KLEMACK (Chief, COS/KURIOT) was contacted by phone from BENTHAM's residence and said he believed that his people could affix in the subject's passports a Federal Republic entry stamp. This was considered necessary in order to prevent embarrassing questions by German Immigration Authorities on Sunday when the family would depart by commercial air. The family had entered the Federal Republic "black" and accordingly there was no entry permit in their Soviet Diplomatic passports.

d. We would return LAPOLLA and ROODINE to the safe-house and I would also send out one enlisted guard with sidearm.

16. A cable to Headquarters was drafted on the basis of all this information and everyone departed the BENTHAM residence for their respective missions. I proceeded to the Signal Center and released the drafted cable.

17. I arrived back at my quarters about 0330 hours. At about 0410 hours I received a call from KLEMACK, wanting to get in touch with LAPOLLA on matters pertaining to the documentation work he was trying to accomplish. I gave him the telephone number of the Eschborn safe-house. It turned out that the cold weather had affected telephone communications to Eschborn and the phone was dead. KLEMACK then went out to Eschborn and discussed his problem with LAPOLLA and ROODINE. I am informed, but as yet do not know the technical reason why, that KURIOT could not put in the subject's passport the required German entry stamp. It was decided at the meeting at the Eschborn safe-house that KURIOT would try to make and have ready by the next morning [Austrian] passports for subject and his family.
11

18. At about 0600 hours I received a call from the Signal Center Watch Officer informing me that Headquarters "approved your plan." I immediately tried to contact the Eschborn safe-house by phone but to no avail. Around 0630 I contacted KLEMACK at the KURIOT installation and was then informed by him of his earlier visit to Eschborn around 0400. He told me during his phone conversation that LAPOLLA was going to get up about 0700 hours. I surmised that LAPOLLA would proceed immediately to the office and then did so myself.

19. LAPOLLA arrived at the office sometime shortly after 0800. We then discussed what our possibilities were, based on the situation as we then saw it. We had no guarantee that the [Austrian] passports would be finished by AURIOT in time to be used by an early afternoon United States flag commercial jet. We discussed again, as we had the previous evening, contacting Mr. William Naylor, the Pan American Senior Officer in Germany and a cleared and witting contact, as to whether or not he could arrange to board passengers without going through German Immigration, i.e., Passport Control. The question of the availability of seats was also involved. LAPOLLA suggested that we phone Naylor in his residence in Bad Homburg and explain to him we had a matter of serious urgency and ask him to come immediately to the I.G. Farben Building and discuss the matter with us. The phone call was made and Naylor agreed to do this. LAPOLLA then contacted the MATS Office at Rhein/Main to ascertain if MATS had any commercial jets chartered for departure that day. He discovered that they had no commercial jet chartered flights that day but at midnight on Sunday they were dispatching a C-135 configured to carry 66 passengers. He was further informed that 36 of these seats had been given to the Air Force and 30 to the Army to be used only by single military personnel departing to the States on Christmas leave. No families could be sent on the flight. Inasmuch as a C-135 is the military cargo version of a Boeing 707, LAPOLLA and myself discussed seriously the advisability of endeavoring to get military authority to fly this family out. We decided against such course of action for several reasons. We anticipated that there would be too much conversation among the single military personnel aboard the flight when they observed five civilians, three of whom were obviously a family, flying on the same plane. The fact that the six-year-old daughter spoke no English also contributed to the adverse situation we anticipated. Secondly, subject and family had already been aboard one cargo type aircraft and were reported by WOODINE to have made a series of uncomplimentary remarks of the type transportation that they were being afforded.

20. Naylor arrived at the office at about 1000 hours and was made generally aware of our problem. He was informed that the principal traveler involved was a defecting Russian diplomat, plus wife and child, and that we were under obligation to expeditiously and securely return them to the United States by jet aircraft. He was further informed that we lacked the proper documentation to board them on the commercial aircraft through normal clearance procedures and we had no guarantee that we would have the documentation by flight departure time of PAA No. 73 at 1315 hours. We then asked him what he considered to be the possibilities of working out a procedure to board the party "black" and to prevent any divulgence of their existence to the German Immigration Authorities. After considerable discussion it appeared that there

14-00000

existed a very good possibility to get the passengers aboard the aircraft and successfully circumvent German passport controls. Naylor contacted his own assistant and the PAA Operations Officer assigned to Rhein/Main, both of whom are United States citizens, and asked that they proceed to the airport and stand by to assist him in the handling of some very important personages who were departing on PAA No. 73. He then ascertained that only three first class seats were available on this flight. He told his assistant to seat two passengers in the aircraft lounge and he would accept full responsibility for it. This is somewhat touchy in the airlines business as lounge seats have no safety belts. He also knew additional first class seats were available out of London.

21. In the meantime, KLEMACK and one of his men working on the documentation had returned to Eschborn to take pictures of subject and his family that would be necessary for the [Austrian] passports. The best reading we could get from the KURIOT people working on the documents was that they would not be ready on time. Inasmuch as decisions had been made, we decided to set the wheels in motion and started the family to the airport. LAPOLLA accordingly took off for Eschborn and a plan was agreed upon where he would arrive with the family in front of the Rhein/Main Departure Building at 1230 hours. Naylor would be standing by the entrance and take the family via a circuitous airport building route to the PAA Operations Office which is located on the second floor of the building beyond Passport Control. Naylor departed at about the same time as LAPOLLA and went directly to the airport.

22. Earlier in the morning I had asked BENTHAM if he could effect arrangements at the Consulate to have a Visa Officer standing by to put United States visitors' visas for subject's family in the [Austrian] passports. BENTHAM accomplished this and, at Naylor's suggestion, we asked if the Consulate Officer could go to the PAA Operations Office at Rhein/Main and stand by there to accomplish his visa work. By so doing we could save approximately 30 minutes time. I contacted Mr. Rollie White of the Consulate office and he agreed to meet us at the airport at 1245 hours.

23. I next phoned BENTHAM and made him aware of our situation. It did not look as if we would have any usable documentation to pass the family and would have to take the chance of circumventing the Passport Control. Our principal concern was that a German Immigration Officer would be standing by the aircraft departure area and would ask to see subject's passport. We could not get subject's family aboard the regular bus that goes from the departure building to the aircraft because there was no way we could get them to the bus loading area without going through Passport Control. BENTHAM asked how we evaluated an ability to withdraw gracefully at plane side if challenged by German

authorities. I told him the chances were better than even and that we would appeal to the fact that this was a VIP party being handled out of the regular airport procedures and that the passports had been left in the PAA office. We would then put the party back in the vehicle that took them out and just keep going. BENTHAM authorized us to proceed with the "black" evacuation.

24. I then made one last call to KURIOT and told them if they could not complete their work and get the passports to the airport by 1315 hours to forget it. With that MULFALL and myself left for Rhein/Main.

25. We arrived at Rhein/Main exactly at 1230 hours as subject's party was drawing up. The group was then taken by a circuitous route to the PAA Operations Office. It was ascertained that PAA No. 73 would arrive at 1245 hours, approximately thirty minutes late.

26. During our wait at the PAA Operations Office, ROODINE got me aside three or four times and kept me continuously aware of subject's fear that an attempt would be made to sabotage his plane. He had evidenced this concern ever since his arrival in Frankfurt. Subject told ROODINE he felt sure that Soviet agents would be found among some of the employees of the commercial airlines and the management of Rhein/Main Airport. He mentioned the section of the RIS that works specifically on assassinations and sabotage. He was fearful of any baggage being loaded very late or any "spare baggage" that might be found aboard the aircraft. I told ROODINE we were very sympathetic but we were not about to ask Naylor, who had now gone much further than one could be reasonably expected to on our behalf, to off-load the baggage of 184 passengers and search it.

27. Two events happened while we were waiting in the office to board the parties that were of some disturbance. The airplane Captain reported to the PAA Operations Officer that a gun was found aboard the plane. Upon investigation it was determined that this gun belonged to an Armed Forces courier who had carried classified material on the aircraft to Frankfurt. The airplane captain, upon being asked by Naylor if there had been any unusual activities on the part of the passengers, then described one party flying in the first-class compartment. This flight had originated in San Francisco and was flying around the world westbound. At New Delhi a United States citizen, a correspondent for an unknown newspaper, boarded the plane with his wife and a female nurse. The flight crew had been informed that he was an alcoholic and was being returned to the United States at the request of the United States Embassy at New Delhi. For part of the trip he had acted in somewhat of an obnoxious fashion and had insulted some of the other passengers. The Captain had investigated the situation and was of the opinion that the correspondent was now sufficiently drunk and lacked sufficient stamina

to insult anybody. I asked the Captain if there was a purser or a male attendant assigned to the first-class section. He stated on this particular flight all cabin service personnel were female. He stated, however, that another PAA Captain was flying dead-head on the trip, was a big burly sort of fellow, and if need be, could spend most of the trip in the lounge to watch the correspondent. IDENTITY A expressed grave reservation about now going forward with the trip because of the correspondent. It was my opinion, however, that between IDENTITY A, ROODINE, and the extra PAA Captain that if the correspondent again got obnoxious they could sufficiently cope with him. The regular Captain left the definite impression with me that the correspondent was sufficiently drunk, that he would either soon pass out or in any event would not represent a threat to subject's making the trip. It was, therefore, decided that the trip would proceed. IDENTITY A informed the Captain that he was a United States Government representative escorting a family aboard the plane and requested the Captain to keep the door of the flight deck locked from the inside during the length of the trip. To this the Captain agreed.

28. Subject's party, accompanied by Naylor and the PAA Operations Officer departed the office at 1325 hours, entered a PAA crew bus, drove immediately to the first-class ramp and successfully boarded the aircraft. At about 1335 KLEBACK arrived with subject's two original Russian passports. These were then put in a brown manila envelope and one of Naylor's United States citizen employees was asked to proceed immediately to the aircraft and give these to ROODINE.

29. At about 1300 hours we had phoned to KURIOT and told Ralph O. NASSBOCK that he had another thirty minutes to get the Austrian passports to the airport because of the aircraft's delayed departure. The Austrian passports arrived at approximately 1345 hours. Hollie White immediately started to enter in those passports the United States visitor's visas. At approximately 1355 the PAA Ground Crew Chief notified PAA Operations that Flight No. 73 was mechanically cleared for departure and completely loaded. At that time a PAA representative started to run from the Departure Building to the plane with a little piece of luggage. Naylor was coming back from the plane in the crew bus. He intercepted the PAA employee and took the bag and drove it back to the plane. He later told us he opened the bag, one of the flight bag variety, and on his own initiative examined the contents. It contained items of apparel used by ladies that will not be further identified.

30. At 1400 the Ground Crew Chief stated again the plane was ready for departure and asked why the plane was being held up. It was being held up because White had not finished all the entries on the passports. However, the PAA Operations Officer informed the Ground Crew Chief that

SECRET

the weight of the loaded plane had been questioned and they were recomputing total weight. At about 1405 the [Austrian] passports with United States visas were carried in a brown envelope by a PAA United States citizen employee and given to ROODINK. The plane was then cleared for departure and rolled out at 1414 hours.

31. The only other information known at the time of this writing is that the aircraft was diverted to Bermuda because of bad weather conditions in New York. Naylor telephoned me that information about 1000 hours on Monday morning, 18 December.

1. The ODENVY approval for passage of information on Subjects to the INANITIONs was received in February, but, apparently through an inadvertence, was retained an inordinately long time in KUCHEK. It has just now reached our hands.

2. ODENVY has approved the following for passage to the INANITIONs:

"Susan FRANK, nee Heiligman, wife of Richard C. FRANK of New York City, has for several years been active in Communist front organizations in the United States, has taught courses in such schools as the Jefferson School of Social Science, which appears on the Attorney General's list, and her writings have appeared in such magazines as "Political Affairs", which has been listed in the "Guide to Subversive Organizations and Publications", and described as an official Communist Party theoretical organ. Susan FRANK appeared before the House Committee on Un-American Activities on 22 July 1959, and declined under "Privileges under the Fifth Amendment" to answer the Committee's questions as to whether or not she was a member of the Communist Party, had written an article which appeared in the November 1949 issue of "The Worker" entitled "No Peace for the Chinese People", had ever lectured on Chinese culture and Chinese civilization and had been an instructor at the Faculty of Social Sciences. Susan FRANK had used the name Susan Warren in her lectures and writings, most of which indicate her interest in Chinese affairs.

"Richard C. FRANK, born 22 August 1922, has described his occupation as a free lance moving picture assistent director. He is known to have received Communist literature, is believed to have made financial contributions to the Communist Party in the U.S., and there is information to indicated Communist Party membership on his part as late as 1957."

3. ODENVY states that they have referred the case of the FRANKs to the Legal Attaches in London, Paris and Tokyo to alert appropriate security

services concerning possible travel of the FRANKs in England, France, and Japan. Should the [illegible] be able to furnish any additional info concerning travel of Subjects, it is requested that you communicate it to the appropriate KUBARK station for passage to the Legal Attache, and into info Hqs. This is still pertinent for - although Subjects would by this time probably be in China if they did in fact intend to go there - they may possibly return to the U.S. via Prague, with a break of a month or so for travel in Western Europe. According to what is known of their plans, they do not intend to return to the U.S. before August or September.

EGBA 8833 dated 30 December 1959

1. The information provided in reference was most timely in its arrival. Shortly after we had received it, ODENVY informed us that the Frank couple was traveling abroad, and that in view of Susan Frank's interest in Far Eastern affairs and Chinese history it was not unlikely she and her husband would attempt to travel to China before returning to the U.S. ODENVY asked for any information we might receive which would indicate Subjects had traveled to China. We have passed the gist of the information in reference to ODENVY. We shall appreciate receiving any additional information on the activities of Subjects which you may be able to uncover utilizing liaison as you see fit. FYI: Susan Frank has indicated she does not expect to return to the States until August or September, and most likely the latter month.

2. The material in Headquarters' file on the Franks, all of which was supplied by ODENVY, indicates they are active members of the Communist Party in the U.S. Upon receipt of ODENVY's approval to our request to pass a summary of this material to our official source of reference we shall forward the summary to you for passage to the IKANTYIONS. Meanwhile, the following, most of which was supplied by informants rated as having provided reliable information in the past, is forwarded for your information:

a. Susan Frank, nee Heiligmann, born 8 November 1913 of Russian parentage, resides with her second husband, Richard Cyril Frank, at 110 Christopher Street, New York City. There are reports as early as 1942 providing information on Susan Frank's activities in behalf of Communism, all of which refer to her as Susan or Sue Warren, the alias she has commonly used in her Communist activities and in articles she has written. One example of her activities in 1942 refers to an application for a permit to operate a public address system at street meetings in New York City. The application bore the signature of Sue Warren, and listed her as Chairman of the Communist Party at 132 East 26th Street, New York City. Since 1942 there have been numerous informant reports of Sue Warren's active participation in Communist affairs in the U.S., the most recent describing her as a member of the Greenwich Village Section, NY County CP as of October 1959. Frank has given her present occupation as writer and lecturer, and has taught at the Faculty of Social Sciences and Jefferson School of Social Sciences, conducting courses entitled, "The New China", "The Chinese Communes", "World of Socialism", "On the Correct Handling of Contradictions (Mao)", etc. The Faculty of Social Sciences was apparently established by Max Weiss, who was referred to in the April 1956 edition of the "Daily Worker" as "National Educational Director, Communist Party". The Jefferson School of Social Sciences has been designated by the Attorney General.

CONTINUATION OF DISPATCH | SECRET | EGBW 8273

On 22 July 1959 Susan Frank appeared before the House Committee on UN-American Activities, and refused under provisions of the Fifth Amendment to answer questions as to whether she had ever lectured on Chinese culture and Chinese civilization, had been an instructor at the Jefferson School of Social Sciences, was the author of an article in the 13 November 1949 issue of "The Worker" entitled, "No Peace for the Chinese People", and was "at this time" a member of the CP.

b. Richard Cyril Frank was born 22 August 1922 in Rochester, New York. He has given his profession as film technician and has worked in various directing and production jobs in television. Indications of Richard Frank's CP membership and activities in behalf of the CP are:

1. In June 1956 Sue Warren (Frank) stated at a Greenwich Village CP meeting that she could not contribute the $75.00 she had previously pledged because her husband (Richard Frank) had given $100.00 in "his club", and they had planned to contribute together only $150.00.

2. Frank was reported to have been seen on 1 February 1954 at a meeting of the New York Council of Arts, Sciences and Professions, which has been cited as a Communist front organization.

3. Frank has written letters in behalf of persons on trial for their Communist activities, has provided storage in the basement of his residence for cartons containing volumes of Communist literature, has received through the mail CP literature from Czechoslovakia, and has been a recipient through the mail of the "Daily Worker".

4. He has refused to speak to agents of ODENVY about his activities.

1. In response to your 22 December communication (File No: 100-339235, 100-401762) we wish to inform you that we have received the following from an official Swiss source:

"Richard Frank (born 1922), U.S. citizen, film technician, resident of New York, arrived at the Hotel Savoy in Bern with his wife Susan on 10 December 1959; they stayed there until 12 December leaving for Zurich. Frank inquired for a flight ticket to Prague from Zurich. While in Bern, Frank had contact with the Chinese Communist Embassy on two occasions; he or Mrs. Frank having called at the Embassy. No information is available on the nature of these contacts, nor do we have more detailed personalia."

2. We have observed that persons desiring to travel to Communist China from Switzerland frequently fly via Prague.

3. The following summary has been drawn from material which you have provided us on Subjects (see NY 100-43479, NY 100-107383 and Bureau 100-339235). Please advise if we may pass this summary to our Swiss source, but without revealing that your organization supplied the information contained in it:

AMSPELL Underground Activities - November 1962

ACTION REQUIRED REFERENCES

Action: For your information

Ref : UFGA-5897, dated 25 September 1962

1. Forwarded under separate cover as Attachment A is a copy of the original, and translation of a letter from the National Coordination Committee of AMSPELL in Cuba dated 28 November 1962. This letter was obtained through the AMBLEAK courier intercept channel prior to delivery to AMSPELL on 4 December 1962.

2. The communication is of interest since it contains the most recent report of AMSPELL underground activities and particularly claims commitment of a guerrilla warfare effort in two provinces. It also refers to the infiltration of AMHINT-58 as still feasible, and confirms the arrest of AMHINT-10, who is described as a prisoner in Block 9 at La Cabana Prison.

3. Attachment B is a report of underground financing for October 1962 and is the first detailed analysis of Cuban finances ever received by JMWAVE. This report was compiled by "Cuca" (National Coordinator for Civil Resistance identified in Para 5 of Reference). It should be noted that the total of $9,129.67 Cuban pesos as monthly maintenance is for the "Resistance" only and does not include the "National Military Committee" expenses for the month.

4. It should also be pointed out that the dire need for money expressed in Attachment A letter was soon thereafter satisfied when JMWAVE funded AMSPELL with $5,000 for exchange of $40,000 Cuban pesos and this was transmitted via local deposit and credit in Cuba.

Attachment A to UFGA 6857 Havana, 28 Nov 62

Dear Brothers:

I hope from my call (LD telephone) yesterday you are aware of how desperate we are, financially. The week before last, I went to Las Villas and I want you to know that the DRE flag has now been raised in the Free Territory in Cuba. A small guerrilla (group) well supplied, is now representing us in the North Zone of Las Villas. And the guerrilla banda in Matanzas to whom we have offered some support will no doubt come into our organization if assured a little more help from the DRE.

We have been working on the total reorganization and if we cannot claim complete success it is because if our limited resources. Propaganda, although on a small scale, is functioning well, I am enclosing a copy of our last issue of Trinchera and examples of the seals we are producing in homes of Pre- University members. These are now appearing in public places. As you can see there is a willingness to work and with a little material support a great deal of effective work could be forthcoming.

I cannot understand yet, the delay in sending money. You remember how you witnessed our needs that day in Varadero, Luis? We only had a few centavos in capital? Well, that is the way we are now. We have asked a small local loan and after that must travel to Las Villas for a loan from the Provincial (Committee) there, since they seem to have money. I hope upon receipt of this (letter), if you have not sent money, you will do so immediately.

Concerning the travel of Angel (AMHINT-58 infiltration), advise me as soon as this can be arranged so that we can check the security aspects here. Our purpose is to be organized to facilitate the work

Encl A to UFGA 6857 19-124-26/3

of the infiltrees since it has been our unfortunate experience that if those infiltrating must move about, the exposure to arrest is greater.

Write at the first opportunity and advise me of the planning sq that we may work toward that end. Greetings from Marivi, Maggie, Pancho, Lazaro, etc. Rest assured we have not forgotten you.

(Signed) Ramon

P.S. Julio's mother has visited him and found he is well (AMHINT-40). Apparently all of them (prisoners) have been transferred to La Cabana. Luis, Julito is in the Cabana, Block 9 and tomorrow, Thursday, is visiting day. They have not given me a copy of Trinchera as yet.

(Signed) "Cuca"

La Habana 28-Nov 62

Queridos hermanos:

Espero por mi llamada de ayer se habrán dado cuenta de lo necesitados que estamos, económicamente hablando. La semana antepasada estuve en Las Villas, sepan que la bandera del D.R.E. ondea ya en Territorio Libre de Cuba. Una guerrilla pequeña, pero bien abastecida, nos representa en la zona Norte de Las Villas. Y los alzados de Matanzas a los que hemos hecho llegar varias cosas, de podérseles hacer llegar una ayuda más efectiva, no dudarían en pasar a las filas del D.R.E.

Se ha trabajado en la reorganización total de la organización y si no te digo aún que está totalmente organizada es porque la ~~escasez~~ escasez de recursos no se ha hecho sentir mucho. Propaganda, con lo poco que tenemos está funcionando bien. Con esta les va una copia del último Trinchera y una muestra de los sellitos, que con material escaso han fabricado los muchachos de la Pre y que ya hoy se empiezan a ver en los lugares públicos. Como verás los deseos de trabajar son muchos y de tenerse los

medios necesarios, el trabajo sería mucho más efectivo.

No comprendo aún la demora con el dinero, nos las hemos visto, como aquellos días de Varadero. ¿Te acuerdas, Luis? Cuando teníamos unos centavos por capital, bueno pués así estamos. Ahora pedí una pequeña cantidad prestada y como no podemos mantener más esta situación voy a las Villas a pedir un préstamo a la Provincial ya que son los únicos que tienen algún dinero. Espero si al recibo de esta aún no han enviado el dinero, lo hagan inmediatamente.

El viaje de Angel, avísame tan pronto se pueda realizar, para comprobar aquí la seguridad. El propósito nuestro era organizarnos, para facilitar el trabajo a los que vengan ya que si después de estar aquí tienen que ponerse a organizar, iríamos a caer nuevamente en otra desgracia.

Tan pronto tengas una oportunidad escribe para saber que planes hay y organizarnos con vistas a eso. Recuerdos a todos, y salúdame a Mirirí, Maggie, Panchito, Lazaro etc. Tengan la certeza de que no los olvidamos.

Ramón

Nov. 23 de 1962

La Habana, Noviembre 23 de 1962

Querido Bruno:

Adjunto enviamos el Estado de Cuentas desde el 19 de Octubre hasta el 23 de Noviembre. Te haremos algunas explicaciones:

1 .- Cuando recibimos los $10,000.00, pagamos el mes de Septiembre (el 19 de Octubre). Más tarde dimos la mitad de la ayuda correspondiente a Octubre.

2 .- La Sra. de Montoya y Ruiz* son las encargadas de repartir el dinero entre los familiares y presos de Boniato y San Severino respectivamente. Próximamente enviaremos un informe detallado de cada prisión y de cada giro.

3 .- Al Abogado, M. Caláz* se le habían dado $100.00 y faltaban $250.00. Es el encargado de defender al grupo de Pinar del Río y Rafael, Máximo y Orestes.

4 .- Cuando veas tres nombres y $180.00 quiere decir $60.00 para cada uno.

5 .- Mongo ha firmado varios vales porque se está encargando de arreglar y recoger los carros.

6 .- El traspaso varía de precio según los papeles que se tengan. Casi todos tienen a los dueños presos o fuera del territorio Nacional, y para no perderlos hay que ir por tramitar. No es verdaderamente un traspaso si no la inscripción para la nueva chapa y tiene que ser personalmente.

7 .- El cojín fué para la Sra. que vivía en la calle 6 que falleció y es donde duermen los muchachos cuando no tienen donde ir. Luis conoce el lugar, pues tuvimos allí una reunion.

8 .- El mes de Noviembre fué la ayuda familiar solamente de $20.00 pues no había más. Solo Cquendo recibió mas, $80.00, porque la Sra. tuvo un bebito muerto, nacido antes de tiempo y estaba ingresada delicada de salud.

9 .- Malanga y Fernando reciben el dinero quincenalmente, por eso es que aparecen dos veces en el mismo mes.

10.- Ninguna familia recibe la cantidad de la madre de Julito, pero esto es provisional, ya que el padre está también preso y sin la firma Julia no puede cambiar cheques ni sacar dinero del banco.

11.- Juancco era el encargado de Finanzas y me entregó $409.00 que era lo que tenía en caja. Uno de los carros que estaba a su nombre lo tenía que entregar al gobierno porque se embarcaba y nos dió $500.00 por el, aunque nos tiene que dar más, ya que costó $2,400.00 ó $2,500.00, no me han informado aún.

12.- Yo no soy responsable de Finanzas, sólo he aceptado guardar y repartir el dinero provisionalmente hasta que se nombre a alguién definitivamente.

No tenemos que decirte la necesidad que hay de dinero. Ya Luis te habrá explicado como está el asunto de la comida, por ejemplo. Para comer hay que comprar en bolsa negra o si no morirse de hambre. El pollo está ya a $2.50 la libra en pie, y todo por el estilo. Esto no quiere decir que empecemos a comer pollo y no picadillo, pero el asunto es que se puede conseguir uno y no lo otro.

Te aseguramos que no malgastamos ni un centavo. Si quieres tener mas datos nos los dejas saber que con mucho gusto te complaceremos. Hoy en día ni se consigue ni la gente tiene para hacer donativos. Acuérdate que ha habido un canje "FUNESTO" y no hay muchas personas con efectivo.

Espero me escribas aunque sean dos líneas, ya que no me has mandado mas que recados con los muchachos. Dime si ya eres padre, pues nos gusta estar al tanto de los acontecimientos de nuestra GRAN FAMILIA.

Un abrazo para todos mis sobrinos en XTO.

1. The September Progress Report for AMSPELL, including AMHINT and AMBARB activities, is transmitted herewith:

A. AMSPELL

1) General:

a. On 21 September 1962, AMHINT-[53] 01 exfiltrated PBRUMEN in a refugee vessel and made his preliminary operational report on release from CAC on 22 September (Reference B). Subject was accompanied by the National Coordinator for Agricultural Affairs (actually an organizer for guerrilla warfare and resistance groups throughout the Island) Jose Angel LOZANO y Lozano. Briefly, AMHINT-[53] 01 and LOZANO rendered an optimistic operational report on

AMSPELL organization in PBRUMEN, including the situation in the underground, compartmentation, organization, communications control and intelligence structure. Subjects are undergoing intelligence debriefing on a continuing basis.

b. While AMHINT-53 was arranging his exfiltration and AMSPELL Psywar operations in PBRUMEN and the hemisphere were continued on their normal course, the AMHINTs were still smarting from the ODYOKE confiscation of their vessel, the JUANIN-I, as a consequence of the 24 August attack on Havana. AMHINT-2 went to Caracas on 7 September for a meeting with President BETANCOURT (or his official representative) and a press conference where he released an AMSPELL statement, which in effect, served a notice on PBRUMEN and the USSR that any Communist shipping encountered in PBRUMEN territorial waters will be attacked on sight. (Reference F and G)

c. Behind the scenes, however, AMHINT-2 was reportedly (Reference D and E) negotiating with Venezuelan Naval Officials for surfacecraft and possibly a base from which to operate. What success he achieved in this quest, or to what extent President BETANCOURT is prepared to help AMSPELL, is still an unknown quantity. Judging from their attempts to raise funds in other spheres, allegedly for the purchase of a replacement vessel, they were not very successful in Caracas. (A PM Case Officer handling the CEDAR team has reported that one of the members complained of forfeiting a 20-percent "kick-back" in his AMSPELL salary. (For a breakdown of AMSPELL salary see Attachment B.)

d. AMHINT-2 returned from Caracas and as to be expected, gave no indication of the "secret negotiations" or their outcome. On 27 September, along with AMHINT-5, he requested a meeting with the JMWAVE officer for discussion of the AMBARB funding disagreement and the general AMSPELL situation (See Attachment C). Perhaps this session gave JMWAVE a bit more insight as to AMSPELL plans and intentions, but no real solution for the AMBARBs resulted. In short, AMSPELL policy is to mold PBPRIME public opinion and bring pressure to bear on ODYOKE and GPIDEAL for action in the PBRUMEN situation within the next four months.

e. To implement such a policy, AMSPELL has exploited the impact of their 24 August attack on PBPRIME news media, as well as their Caracas Declaration. Also, they have published a weekly news letter in English entitled "The Cuban Report" (Reference C) and about 1,000 copies are mailed out to ODYOKE officials and congressmen. Initiated in late August, the main theme of this publication has been the Soviet/Bloc materiel buildup in PBRUMEN. (See Attachment A)

2) <u>Total AMSPELL Support for September 1962:</u> <u>$50,960.40</u>

a.	AMBARB Section:	Salaries	$12,240.00	
		Operations	7,700.00	
		Processing	1,020.40	$20,960.40
b.	AMHINT Section:	Support	$ 5,000.00	
c.	AMSPELL General:	Salaries	9,000.00	
		Overhead	2,100.00	
		Operations	13,900.00	$25,000.00

3) Intelligence Production:

UFG-1572 - "Status of Equipment at the Nico Lopez Refinery & UK, Czech, and Soviet Assistance in its maintenance; Shipment of Gold Bullion from the Refinery to the USSR."

UFG-1585 - (As above)

UFG-1607 - (As above)

UFG-1622 - (As above)

UFG-1628 - (As above)

4) Development and Plans:

All planning phases of AMSPELL activities supported by JMWAVE at the present time are subject to the results of meetings with AMSPELL concerning increased control, and, the decisions of JMWAVE to continue a support relationship if an acceptable degree of KUBARK control can be established.

B. AMHINTS:

1) General:

a. As reported in Reference B, the most important AMHINT development during September was the exfiltration of AMHINT-53. 01 This was also significant for JMWAVE, since all negotiations with AMSPELL would be transferred from AMHINT-2 to 01 AMHINT-53. 01 Although AMHINT-53 01 will undoubtedly be fully briefed and re-indoctrinated by AMHINT leaders concerning AMSPELL present status and operational relationship with JMWAVE, AMHINT-53 01 is a mature and astute leader and can be expected to appreciate the broad scope of JMWAVE-AMSPELL operations.

b. In the Psywar field, the AMHINTs in PBRUMEN continue to produce "Trinchera" on a hand-operated mimeograph machine in Havana and distribute about 10,000 copies monthly. They are also committed to the collection and transmission of reports and photographs on the Soviet buildup, at least until the DAMSON intelligence operations are begun. This activity is in direct support of the AMSPELL policy cited in Paragraph A.1)e above. The AMSPELL propaganda section is divided into four departments to carry out this program: PBRUMEN, Latin American, PBRUMEN Exile Community and PBPRIME.

c. 24 Diplomatic pouches intercepted for JMWAVE by AMBLEAK-1 have revealed much of AMSPELL operational planning not heretofore reported. In a series of letters written by the AMSPELL national coordinators in exile to their opposite numbers in PBRUMEN on 20 September, it was indicated that:

i. Negotiations by AMHINT-2 01 in Caracas, Costa Rica and Panama are practically completed for an AMSPELL operations base. (Letter from Bernabe PENE to AMHINT-40)

ii. AMSPELL has levied intelligence requirements on AMHINTS in PBRUMEN for sending out information on PBRUMEN ports that can be attacked from the sea. (Intelligence Plans Numbers 5, 6 and 7, in a letter from AMHINT-39 to "Jesus", National Coordinator for Intelligence.)

iii. In the interim, reports on Mariel, Cabanas, Bahia Honda, La Habana, Matanzas and Cardenas are requested on a continuing basis.

d. Subsequently, in an incoming pouch and probably crossing with the foregoing communications, a series of letters from the National Coordinators in PBRUMEN reported a severe blow to AMSPELL clandestine organization. Jore MEDINA Bringier ("Mongo"), National Coordinator for Military Reception and Supply, reported that AMHINT-40 (PBRUMEN National Coordinator) had been missing. (Later reported as arrested and being held at G-2 Headquarters on Ave 5 in Miramar.) Also, "Juan" and "Miguel" were arrested in Havana. Several others were missing. MEDINA went on to describe security measures implemented and report on a re-organization of the National Coordinator Committee. He closed with a plea for a small shipment of small arms for defensive use, clothing and medicine, and a full-scale propaganda effort if AMHINT-40 should be sentenced to summary execution.

e. In this same pouch, the National Coordinator for Propaganda, Nicolas PEREZ Diez-Arguelles ("Jose Alfredo") rendered a detailed report on Agit/Prop assets in PBRUMEN. The printing and distribution of "Trinchera" has been moved up to every fortnight, and efforts to get it printed on a commercial printing press in Havana appear to be successful. Regular couriers are being trained for delivery of the newspaper to the provinces. PEREZ also reported their progress in mounting two clandestine radio transmitters for Agit/Prop purposes, one in Las Villas and one in Havana. These are powered by 110 volt generators usually found on a small farm. It is projected to transmit a regular propram, probably entitled "Tele-periodico Trinchera". The report does not explain what counter measures will be taken to prevent GOC detection. Finally, PEREZ describes an Agit/Prop program already in progress: First a plan for printing and marking walls with their organization abbreviation, carried out in one operation, synchronizing municipal and borough teams for the job. As a follow-up phase, large cloth banners bearing the same letters will be raised or tended in congested areas and photographs taken for publication in "Trinchera". Also, with the aid of their Intelligence Section, AMHINTS have penetrated two radio stations in Havana and are identifying all Sov/Bloc personnel employed there, their security practices, addresses and routes for commuting.

2) Total AMHINT Support for September 1962: $5,000.00

(Included in AMSPELL General section of this report)

3) Intelligence Production:

(Reported in AMSPELL General Section.)

4) Development & Plans:

(See this section under AMSPELL General of this report)

C. AMBARB

During the reporting period no changes occurred in AMBARB personnel assignments. With the exfiltration of AMHINT-53 from PBRUMEN it is hoped that it will be possible to negotiate with AMBARB the still unsettled question of AMBARB funding. We will report further to Headquarters as soon as an agreement is reached with AMBARB on funding of AMBARB representatives in the field by local KUBARK Stations. For the present it can only be said that the AMBARB leaders are strenuously resisting any effort by JMWAVE to increase to more than eight the number of their people whom they will permit KUBARK to fund directly rather than through AMBARB Headquarters in Miami.

The inspection tour of AMBARB-16 to delegations in Latin America resulted in the general report forwarded for your information as Attachment D: in reading this report, it is useful for reference purposes to examine Attachment E a report which the AMBARB office has prepared on its general progress since inception

of the AMBARB program. As Attachment F we forward a special report prepared by AMBARB-16 on AMBARB mailing operations capabilities.

Individual reports on the activities of AMBARB overseas delegations are forwarded in the following Attachments, which Headquarters may wish to bring to the attention of KUBARK Area Divisions or Stations as it deems best:

R E P O R T

During the recent trip I made through the DRE Delegations in Latin America, the results of the sending of propaganda by mail to Cuba were reported to me. For the better understanding of the agreements reached, we will now explain them within each Delegation visited.

VENEZUELA.-

The Delegation at Venezuela sent some months ago the propaganda we sent them to be mailed to Cuba. They used the lists of addresses given by Roger.

Venezuela has continued this system using the propaganda edited by the DRE and the propaganda prepared in Venezuela. An average of 1,700 letters was sent during May, June, and July, mailing them from Caracas one month, from Maracaibo another month, and from Barquisimeto another. All security means were studied (that they be sent by different persons with different handwriting, that regular, and not commemorative, stqmps be used, ordinary envelopes, and mailed in different post offices, etc.)

BRAZIL.-

The Delegation at Brazil also sent the propaganda given by Roger, but no reply was obtained from any person. We studied the security means and the conditions for the sending of the propaganda to Cuba. The Delegation remarked on the risk run with the mail and the violations to which it is subject in Brazil (they explained that the salaries of post office employees are so low that they take off the stamps from the letters when they have not been marked, to sell them, and then they destroy the letter.)

They sent 1,500 letters during May, June, and July.

URUGUAY.-

We did not send the propaganda to Uruguay because then we had no Delegation there.

CHILE.-

The Delegation at Chile sent the third propaganda given by Roger, which was the propaganda on the members of the 26th of July that are imprisoned or have been executed. They sent 1,000 letters.

NOTE.- The list of addresses has to be previously checked up, because there were persons in it who are actually working in the under-ground, and the sending of propaganda addressed to them could, consequently, place them under great danger.

3. While AMHINT-[2] is now PBPRIME, he will determine AMSPELL policy as approved by the AMSPELL Executive Committee. However, the activities of the last four months wereplanned and controlled by AMHINT-[2] and assisting him were AMHINT-5 and Bernabe PENA, who were present at this meeting. After the AMBARB discussion, the meeting turned into a long discussion of the International Communist situation, ODYOKE, KUBARK and AMSPELL policies as related to this situation. Some of the noteworthy items revealed:

a. AMSPELL had the 24 August Havana attack plan for six months, but had shelved it for the "right time" and a considered decision not to embark upon a course independent of KUBARK approval. The Sov/bloc buildup changed that decision.

b. AMSPELL analyzes the situation as hopeless for the PBRUMEN revolutionary movements after four months because:

1- The Soviets will be firmly established and ODYOKE policy as defined by GPIDEAL tends toward and will probably result in a hemisphere acceptance of PBRUMEN as a satellite.

2- After four months, the degree of police controls, repression and persecution will make any internal action in civic resistance and guerrilla warfare virtually impossible.

c. AMSPELL feels that ODYOKE policy on PBRUMEN cannot be influenced by the rising tide of public opinion and congressional action, partly because GPIDEAL is surrounded by a group of advisors who are "one step from being parlor pinks or worse". The list began with Chester BOWLES.

d. This situation is not an original AMSPELL observation. During his European travel in August, AMHINT-[2] went to the Vatican for a meeting (claimed to be high level) which had been arranged some time ago. His impression of thinking in the Vatican re World Communist advance, was that ODYOKE or PBPRIME was no longer calculated as an effective power for defending the world against total takeover. That the Catholic Church was beginning the long process of preparing their forces for a world dominated by Communism.

4. As a result of their observations and analysis, AMSPELL has assumed a "now or never" attitude and policy. They feel they must resort to tactics that mold PBPRIME public opinion and bring pressure to bear on ODYOKE and GPIDEAL for action in the PBRUMEN situation. Latin America must also be kept aware and urged to support an action. They would hope that such an AMSPELL policy and resultant activity would not be interpreted as opposition or hostility to KUBARK or ODYOKE, and that their KUBARK relationship would survive the critical months before them. They recognize that KUBARK is bound by policy and burdened by ~~xxx~~ bureaucracy, and feel that the actions - although independent and uncontrolled - of AMSPELL might contribute to the formation of action policy in PBRUMEN, despite consternation in ZRMETAL.

1. The meeting with AMHINT-2 was to clarify the continuing misunderstanding and disagreement over AMBARB funding. The original AMBARB policy meeting with AMHINT-2 was reviewed, and AMHINT-2 pointed out that it was not agreed that KUBARK stations would pay all AMBARBS, but only the coverts. Without going over the entire evolution of the AMBARB project funding, it was pointed up to AMHINT-2 that the project was a two-way arrangement, of great mutual convenience, and we must find a functional "middle-ground" upon which to operate, although it may not be entirely satisfactory to either of the parties. AMHINT-2 agreed, and the following ground rules were arrived at as a workable funding plan:

a. AMBARBs assigned as overt AMSPELL representatives will be funded by AMSPELL from Miami on all future assignments. Those now being funded by station will remain status quo.

b. Covert AMBARBS for station contact will be assigned by individual processing, both parties agreed, and station will fund and control.

c. Re the four pending cases where stations have requested funding as soon as possible - a meeting is to be held where each case will be considered individually and decided upon.

2. While this arrangement is not entirely acceptable, it is believed that upon the return of AMHINT-53 to the operational control, a better arrangement can be made.

REPORT

SUBJECT. Eduardo Muñiz' trip to Latin America.

This report is aimed on narrating briefly the results of Mr. Eduardo Muñiz recent trip to several countries of Latin America carried through for the purpose of visiting the D.R.E. Delegations.

In order to make easier the understanding of its points, we will outline the impressions gathered throughout the different countries according to the order in which they were visited, and dividing them into the following aspects.

A.- Actual situation of the Delegation

B.- Deficiencies

C.- Future possibilities.

VENEZUELA

A.- Actual situation of the Delegation.

Undoubtedly, the D.R.E. Delegation at Venezuela is at present the best delegation the D.R.E. has in Latin America

There are many reasons for which this Delegation has reached to occupy the first place in the Latin American Plan of the D.R.E. Suming them up they are the following.

1.- It is identified with the nation's problems and national aims.

2.- Team-work coordination and unity in the accomplishment of labor

3.- A high sense of duty and a skilful plan of labor intelligently organized.

Consequently, the D.R.E. Delegation at Venezuela has succeeded in attaining a high prestige for the Directorio Revolucionario Estudiantil among the most representative elements and institutions of the Venezuelan people agreeing their ideals with ours. The central management of the D.R.E. Delegation at Venezuela is located in Caracas. It is a small office situated at a central city point.

att. DE UFGA 6140

19-124-26/3

It has two sub-delegations, one in Maracaibo, a northern city of Venezuela, under the direction of Roberto Prado, Ramon Calera, and Ricardo Rodriguez, and the other one in Barquisimeto.

At the central office of the D.R.E. Delegation in Venezuela under the direction of Rafael Tremols, General Delegate of the D.R.E. in Venezuela, Jose Miquel Gonzalez Llorente, Lorenzo Martin, Joaquin Perez, and Luis Roza are actually working. In Caracas, the D.R.E. trasmits a daily radio broadcast which lasts for 30 minutes. Also in Maracaibo the D.R.E. transmits a radio broadcast which holds great popularity. (It is interesting to point out as a proof for the advantageous effects of this broadcast that a group of action men of the communist party tried to burn with Molotov bombs the radio station which transmit the broadcast).

The labor accomplished by the D.R.E. in the student field is of vital importance. At present the Delegation has the possibility of moving enough forces in a definitive moment to counteract Communist action inside the University which is totally controlled by Communists.

We can to point out as highly important the so - called "personality - building courses" which were created by the members of the D.R.E. and which are carried through today due to intimate cooperation, among the D.R.E., the government, the Cristian Social Party and ecclesiastical hierarchy. Each of these courses last for approximately one week and las for approximately one week and are generally given in a farm. The attendants are almost always no more than 35 and are submitted during one week to strong military discipline and intensive indoctrination which lasts until night, ending the activities of the day with a General Assembly in which the results attained during the day are discussed. I had the opportunity to assist personally at one of these courses which was being given by Ricardo Rodriguez, member of the D.R.E. Delegation at Maracaibo, in a farm given by the Venezuelan government for such purpose. Up to the present 1,800 Venezuelan Students have received these courses and, certainly, their effects have influenced greatly in the consolidation of the democratic system in Venezuela.

We could now tell of the many other activities of the Delegation but would result unending. That is why we have only pointed out the most important.

B.- Deficiencies

Generally, we could assert that the balance maintained by the D.R.E. Delegation at Venezuela on this aspect cannot be more positive. Excepting the logical and natural deficiencies in the labor due greatly to the limitations, the D.R.E. Delegation at Venezuela does not have any deficiencies of importance. On the other hand, the Delegation at Venezuela presented to me a complaint which was also made by the rest of the Delegations, as I will explain further on. It is that the Delegation has been on several occasions under emotional pressures motivated by the large periods of time it has gone through

with no visits by anyone of the Central Office of International Relations. In other words, the D.R.E. Delegation at Venezuela asked through all its members more frequent visits in order to avoid a feeling of forlorness during our common struggle.

C.- Future possibilities

The D.R.E. has huge future possibilities in Venezuela. The prestige it actually has among the people and inside government circles opens new fields for a near future in all the aspects. We will synthesize these possibilities in the following points.

1.- More "personality-building coursses" in order to double th e number of Venezuelan students receiving them.

2.- Organization of brigades to encounter Communists and move them out from the Central University of Caracas in the elections next year.

3.- Increase in the propaganda

4.- Spreading of activity throughout all the States of the country.

BRAZIL.-

A.- Actual situation of the Delegation.

For the better understanding of the situation of the DRE in Brazil, we will first consider the situation of the DRE Delegation at Rio de Janeiro and then the labor of the Delegation at Sao Paolo.

As well as the Delegation in Caracas, the Delegation in Rio de Janeiro has succeeded in carrying through a labor which is worthy of all praise.

In spite of the idiosyncrasy of the Brazilian people and the seriousness of the interior situation of the nation, we believe that the Delegation at Brazil follows the Delegation at Venezuela in best functioning. We could point out as main reasons for this success the following.

1.- The members of the Delegation are fully identified with the reality and problems of the Brazilian nation. All the members of the Delegation speak Portuguese.

2.- As well as in Venezuela there is "team work" and unity in the accomplishment of labor.

Undoubtedly, the labor at Brazil is the hardest to be carried through, followed by Chile. The idiosyncrasy of the Brazilian people, which are in general somewhat ignorant about most serious problems the world is actually encountering, the powerful forces of extreme left, the desperate economic situation product of the growing depression which has more than once almost drawn the nation to civil war, are the reasons for which many times the Cuban problem has been placed in second level, generally giving it little importance even inside democratic sectors.

For approximately one year, the DRE Delegation at the Rio de Janeiro has been struggling against this real difficult situation, and the results obtained cannot be better.

1.- The Press which for long time had held an indifferent attitude towards the Cuban problem - most of the times it even refused to publish any communiques or news given by the DRE - has offered us its support for the first time and the name of the DRE appears frequently in its pages (at my arrival at Rio de Janeiro they interviewed me).

D R E — DIRECTORIO REVOLUCIONARIO ESTUDIANTIL

jose antonio echeverria con tus ideas en marcha

2.- In the student ground, the National Union of Students of Brazil (U.N.E.B.) has already experienced the labor the DRE is accomplishing. At the National Assembly recently held by the UNE, though the DRE Delegates were not permitted to speak, the support our movement has awakened among the Brazilian students was clearly displayed, when several State Student Unions protested for the measures taken against us. During the trip recently made by Benito Diaz Faret to Santa Catarina he succeeded in attaining a resolution voted by that State Union and signed by [illegible],000 students soliciting the intervention in Cuba to move out the Russian troops which have been recently landed in the Island.

3.- The Delegation has already edited three pamphlets in Portuguese which have had great acceptance among the people "Que es el DRE" (What the DRE is) "Bases para una revolucion Latinoamericana" (Fundamental points for a Latin American revolution) "Cuba Socialista" (Socialist Cuba). Good relations are held with the Government of Carlos Lacerda. Useful trips to Recife, Minas Gerais, and Belo Horizonte, have been made and good contacts have been established.

B.- Deficiencies

In general terms, the deficiencies of the Delegation are very few, though the limitations are greater. The legal situation of Carlos Valdesuso and [illegible] in the country is rather difficult due to the fact that Joao Goulart's Pro Communist government has obstructed them greatly in their staying at Brazil. Nevertheless, the solution of this problem is shortly expected. As well as in Venezuela the Delegation protested because of the "supposed" abandonment to which it is submitted (since January nobody has visited them). Undoubtedly, this visit encouraged them greatly and lifted up high their moral spirit.

The Delegation also complained about the lack of propaganda. For such purpose they solicited funds in order to reprint in Portuguese the most important propaganda the DRE edits.

C.- Future possibilities

It is important to point out that the Cuban Embassy at Brazil formally protest to the Brazilian government because of the presence of Eduardo [illegible] in the country, also other Communist Brazilian figures backed up the protest. However, new activities for the future were planned. They are.

1.- Continue editing pamphlets of guidance for the people

on the Cuban problem.

2.- Send two Delegates to Recife for the next visit of President Kennedy to Brazil.

3.- Perform several trips throughout the country in order to establish groups of supporters in the different places of the nation.

4.- Attaining of a radio broadcast.

5.- Intensify the labor with the democratic student groups in order to continue the work to restore the U.N.E. to our democratic cause.

SITUATION OF THE DRE DELEGATION AT SAO PAOLO

The case of the DRE Delegation at Sao Paolo which is composed by Raul Gonzalez Simon and Antonio Vega, can be considered as an exceptional case inside the Latin American plan. In Sao Paolo, I had the opportunity to hold deep conversations with Raul Gonzalez Simon, and we reached at the following conclusions.

1.- In one whole year the DRE Delegation at Sao Paolo HAS NOT BEEN ABLE TO ACCOMPLISH ANY EFFECTIVE LABOR, nothing has been published by the DRE, not one communique of the Delegation has appeared in the [illegible] held by the Delegation, not one of the campaigns and plans traced by the Section of International Relations has been carried through. Summing up the genuine words of the DRE Delegate at Sao Paolo, Raul Gonzalez Simon, together with the conversations held at my arrival at Miami with Antonio Vega, another member of the Delegation at Sao Paolo, we reached at the following conclusion.

a.- During one year no effective labor has been accomplished in the city of Sao Paolo on the Cuban problem.

b.- Time has been wasted uselessly to obtain only as a result a sounding failure.

The motives for this failure can be outlined as follows.

1.- The DRE Delegates in Sao Paolo have been submitted to the arbitrary direction of Mr. Vladimir Lydoshenky, director of the S.E.I. (Service of Inter American Studies) who during the whole year prohibited the Delegates to work in the name of the DRE, submitting them to a labor system which has nothing to do with the Cuban problem. It would be wise to point out that for the Chancellors ' Conference held at Punta del Este, special funds had been dedicated to the Cuban case. But Mr. Lydoshenki, did absolutely nothing about this, remaining this unsuccessful the "handling" of such funds.

2.- The DRE Delegates did not take in time the decision of working independently in order to accomplish something useful, and consequently, continued submitted to an entirely discredited organism which is the S.E.I.

Future possibilities.

Both Mr. Raul Gonzalez Simon and Mr. Antonio Vega are unwilling to continue working with the S.E.I. For such end, Mr. Gonzalez Simon and Mr. Antonio Vega are preparing numerous and detailed reports which will openly disclose the attitute taken by Mr. Vladimir Lydoshenki, for what he has used the

funds destined to the Cuban case, his repeated boycott to everything which holds the name of ~~the DRE~~, and the little labor accomplished throughout the year. In the report which is being made by Mr. Raul Gonzalez Simon, a plan of labor to be carried through in Sao Paolo will be presented. The DRE well engage to accomplish in 6 months a superior labor then that accomplished by the S.E.I. during one whole year on the Cuban problem. Good contacts and a well traced plan are arranged for such ends. The plan together with the reports will be presented as soon as they reach us.

URUGUAY

A.- Actual situation of the Delegation

Though the DRE Delegates in Uruguay, Mario Garcia and Armando Frias, have been in Montevideo for scarcely one and a half month, they are beginning to carry through a very positive labor which promises to bear splendid fruits. We must have in mind that anti-Castrist propaganda has widely circulated throughout Uruguay. Up to the present a great number of public acts have been held and it results difficult to move public opinion on the Cuban problem, since it is somewhat exhausted. Nevertheless, the plans which have been worked out will strengthen public opinion on this aspect. During my stay at Uruguay, the voting campaign for the elections which will be held on next November was being carried through. Thus it was rather difficult to turn the attention of public opinion towards the Cuban problem. However, in order to reinitiate the labor, the Delegation has worked out a plan which will last for one month and end with a great public act. While I was there, 100,000 leaves of propaganda exhorting the people to express their protests for the presence of Russian troops in Cuba were distributed throughout the city. Also a manifestation which took place the 8th of September in front of the Cuban Embassy was organized. The Delegation will shortly begin to edit a news bulletin which will be sent to the Press, Radio, TV, to political, civic, and religious leaders. Also a trip throughout the different cities of the country in order to strengthen the contacts we already had there is being planned.

In the student field, the Delegation is striving to work to achieve unity in the groups of opposition to the FEUU (Federation of University Students of Uruguay) by creating a common front and thus move out the Communists which control fully the leading position of the FEUU.

B.- Deficiencies

The deficiencies of the Delegation at Uruguay can be considered as little important due to the fact that it has been functioning for only a few weeks and this does not permit to see things clearly and judge them how they really are. In general, the Delegation is at present in a process of consolidation and self-securing, for which reason its deficiencies cannot be fully observed.

C.- Future possibilities

The DRE Delegation at Uruguay has huge possibilities which we believe will be determined during the next few days. In addition to the news bulletin and the trip through the different cities of the country, a one-hour radio broadcast and new public acts are being planned. Besides

D-R-E

DIRECTORIO REVOLUCIONARIO ESTUDIANTIL

jose antonio echeverria con tus ideas en marcha

the Delegation is working together with a group of students that are interested in creating the DREU (Directorio Revolucionario Estudiantil of Uruguay).

CHILE

A.- Actual situation of the Delegation

The DRE Delegation at Chile -which is composed by Nelson Amaro, Rafael Espinosa, and Nolis Mesa- is now accomplishing a rather hard labor. However, it is beginning to bear fruits. As we had stated before, the Delegation at Chile follows Brazil in a situation which implies great care in Latin America. The outstanding force of the FRAP in contrast to the weak position held by Christian Democracy towards the Cuban problem have enormously hindered the development of labor. Undoubtedly, however, the situation has greatly improved. During the last month, three different posters were printed and distributed throughout Santiago, short trips through the communities of the country were made and conferences on the Cuban problem were given, a half-hour radio broadcast is transmitted every Sunday (it is the only anti-Castrist radio broadcast in Chile). In the student field, the best relations are held with the Union of University Federation of Chile (UFUCH), maximum student organism of the nation.

B.- Deficiencies

On repeated occasions the Delegation has had to face the distrustful attitude taken by Demo-Christian leaders. As a consequence, the Delegates have sometimes felt disconcerted, in a situation of disorganization at work and lack of coordination. However, through repeated efforts the Delegation has succeeded in keeping itself functioning, and is actually fully working.

C.- Future possibilities

After glancing over the labor already accomplished, we reached at the following conclusions in several assemblies we held at Santiago. We determined what were to be the next steps to be taken in Chile.

a.- Strengthen the bonds which tie us with the UFUCH and with the youth of the Democrat Christian Party.
b.- Create a clashing force ready to be used at any moment.
c.- Begin the edition of a news bulletin which will be sent to all the radio stations, the press, TV, Senators, Representatives, and institutions of the nation.
d.- Attaining of a radio broadcast to be heard throughout the nation.
e.- Strengthen our activities inside the communities and the popular mass by means of giving conferences, public acts, etc.
f.- Plan the possibilities of carrying through an action with relation to the Cuban Embassy.

INTRODUCTION

This report is a general analysis on the labor performed by the Section of International Relations of the Directorio Revolucionario Estudiantil (DRE) and on its plans for the future. Hower, it would take much time to make a precise account on the labor accomplished in more than one year, so we will limit it to be a general outline, hoping that in the near future a more detailed one may be presented.

GENERAL VIEW OF THE LABOR ACCOMPLISHED

The DRE can firmly assert that the labor carried through by the Section of International Relations has been a definite triumph for the organisation, due to the importance of the ground of operation and the intensity with which it has been developed. It is not an easy task to organise in such a brief term an international field of operation like ours, which has already born fruits and, in only one year, has attained great renown, even outside the borders of our continent. If all the motives for which the DRE's Latin American Plan has attained such success were to be outlined, we would never finish. We are going to list those which we consider are the most important:

A.- There can be no doubt that the most important labor has been the one developed by teh DRE Delegates in Latin America. During many months, the economic support given to the Section of International Relations was so short that only with the voluntary sacrifices of our delegates in Latin America could the section be kept in function. We can name countless examples of generosity and self-sacrifice to our cause: There were Delegates who, for many months, slept in cots and even on the floor, others who lived surrounded by a wretched atmosphere, and others who even went hungry. Our delegates fought to undergo all difficulties and, many times against hostile atmospheres, equipped only with their enthusiasm and their ardent desire to carry our truth throught America. The merits of our enterprise belong solely to them.

B.- Maintain the DRE identified with the struggles of Latin America Students, with whom we have shared ideals and cooperation during this year.

C.- Mantaining the system of propaganda from Miami to the labor which has made the DRE known throughout the continent and has increased Delegations its prestige, in spite of the lack of information and economic means.

D.- Maintain the DRE identified with the representative movements in each country, its firm position fighting for the redonstruction of Cuba, crossing out Batista's abhorrent past and Castro's inhuman present, and holding an understanding posture towards the serious problems in Latin America, social injustice, oppression, militarism and ignorance. We have made also ours the longing for the ransoming of our continent. We have experienced all this surrounded by gigantic difficulties, limitations and, in many occasions, incomprehensions by those whom we had trusted. Moments of downheartedness have lived within us more than once, but our spirit has maintained its firmness still hoping that the

people of the world towards our desperate calling may be some day achieved and that they may stretch their friendly hand to our patient, but erect, people. For the better understanding of the labor accomplished we will synthesise the main steps taken by this section in the develop ment of the mission the DRE has assigned it.

ORIGIN OF THE SECTION OF INTERNATIONAL RELATIONS

The Section of International Relations was created by the National Executive of the DRE in the months of November-December 1960. Luis Bosa Bomingues, ex-President of the Faculty of Science of the University of Havana, was appointed for its direction on January 1961, Mr. Eduardo Munis was ordered to come to Miami and was assigned the coordination of the DRE's labor in Latin America. Mr Munis arrived on the 8th of February, 1961.

THE FIRST STEPS

Before Muniz's arrival at Miami, the DRE's activity in the international ground was so limited that it lacked importance, even thought had sent a Delegation to the Chancellars' assembly which was held on 1961 in the city of San Jose Costa, Rica, and had also sent a Delegation to Central America for the purpose of establishing contacts with student leaders in these countries. On the last days of February 1961, a DRE Commission composed by Ernesto Fernandez Travieso, Teresa Valdes Hurtado, and Eduardo Muniz was sent to Washington for the purpose of delivering a letter written by the DRE as genuine representation of Cuban Students to the President of the United States John F. Kennedy. This letter was handed to Mr. Richard Godwin (se ignore if it ever reached President Kennedy) It stated the basis and ideals which moved the DRE th fight the Castro regime and the common inspirations which led it together with the rest of Latin American Students towards the ashievement lf social justice for the people of our continent.
Despite all this - and for motives which have not yet been given to us - during February, March, and April 1961, we were entirely restrained in the development of our labor because of the poor admitance given to our plan. Our labor was reduce to the sending of some propaganda to Latin America, to the organising of files of contacts and organizations, and to the maintaining relations with them by mail. However, at the beginning of March 1961 the first three DRE Delegations in Latin America were stablished : Costa Rica, Venezuela , and Mexico. These Delegations practically, received no economic support for more than five months (they subsisted almost only by their own means) and so its labor was reduced to the least.

GIRON INVASION; NEW OUTLOOKS

New possibilities in the Latin American ground were disclosed when, on the 17 th of April, the invasion through Playa Giron was defeated by the Communist forces, demonstrating this the mistake which the administration of the United States had performed in not relying upon continental publick opinion which had been skillfully influenced by Castrist propaganda. An objective glance on the

actual reality clearly made this known to us, continental opinion supported the Castro regime, Latin American youth beheld Fidel Castro as the legendary leader who would guide the Latin American people towards their total emancipation and development. Little or nothin had been done to face this skillful propaganda. The possibilities of opening a battle front against Castrism in the Latin American countries - the fundamental point of our plan - began to be taken into consideration. The first attempts were:

1.- In May 1961, our members Zoila Dias, Marta Elena Rosdrigues and Raul Gonzales Simon were sent to Sao Paolo, Brazil, and stayed there for one month carrying through labors of propaganda.

2.- Immediately after Alberto Muller, Secretary-General of the DRE, was caught, a Delegation composed by Jorge Dorticos, Rogelio Helu and Joaquin Perez Rodrigues, traveled through Brazil, Uruguay, Argentina and Chile working to avoid the execution of our Secretary-General by the Castro regime. The labor it accomplished together with the labor accomplished in other countries turned public opinion towards our cause. When the Deletation arrived at Montevideo, Uruguay, the " Congreso por la Libertad y la Democracia " was being held in that city, and the Delegation was invited to take part in it, holding an outstanding posture in its acting.

3.- Immediately after the trial of our Secretary-General, Alberto Muller, and other 32 prisoners with him, one of the strongest and most successful campaigns we have accomplished, was carried through. Four delegations were urgently sent to Latin America, organised as follows.

Brazil - Raul Gonzales Simon, Mario Garcia, Jose Basulto
Chile - Nelson Amaro, Alejandro Portes, Rafael Oller
Argentina- Rogelio Helu, Jorge Dorticos.
Uruguay - Eduardo Muniz, Rene Morato, Ramon Machado

At the same time, cables were sent from our main office at Miami to all the governments of the continent, Student Unions, and civic organizations, making use of the contacts we had made by mail from our beginnings. The results of the campaign were really astonishing. All the governments of the continent pleaded in favor of Muller and the other prisoners, almost all the Student Unions, countless civic organizations did the same, public manifestations were made in Mexico, Panama, Chile, Venezuela, Ecuador, and Peru, stones were thrown at the Cuban Embassy at Bolivia all the Liceos (High Schools) in Montevideo, Uruguay, went on strike on the day of the trial, the Federacion Estudiantil Universitaria(FEUH) in Honduras also went on strike for one day, through the streets of San Jose, Costa Rica, a great student manifestation was made, and the Federacion Estudiantil Universitaria (FEUCR) proposed to change Alberto Muller for one tractor.
The labor performed was so effective that traitor Ernesto Che Guevara, in his interview with President Janio Quadros during his stop at Brazilia returning from the Conferencia Interamericana Economica y Social (CIES), was asked from the Brazilian government to spare the lives of Muller and the other prisoners. We must point out that in speech pronounced by Guevara

in the city of Manzanillo in Oriente province, Cuba, he stated that in his trip through South America be had seen certain stirring in favor of a group af prisoners caugh in Cuba. (He was evidantly talking about the campaign in favor of Muller) . This Campaing clearly showed the great possibilities we had in Latin America and the urgent need to carry through all the nations the great truth of what was happening in Cuba.

DEVELOPMENT OF THE LATIN AMERICAN PLAN

In Agust, 1961, the fust conversations to achieve the economic support for our plan were held. They lasted for approximately one month because we were not in accordance on several points. It was decided that permanent delegations were to be established in Latin America and for such purpose we made a well-studied and detailed plan in which we exposed our opinion on how to develop the labor throughout the continent. Unfortunately, many of the points we exposed in the plan were not approved (time gave us after the reason for as labor was being developed it was necessary to enforce many of the points which had once been rejected) and we began to dovelop the plan through the limited means we passessed to achieve the objectives we had assigned ourselves. The main objective in the first plan of the DRE were:

A.- Make the DRE known through continental public opinion, principally the Students ' opinion.
B.- Make openly known the truth of what was happening in Cuba through all the means which could be useful.
C.- Stir public opinion in favor of our cause.

Delegation were established in less than three months in the following countries : Costa Rica, Venezuela , Mexico, Bolivia , Brazil (Sao Paolo) , Peru, Argentina, Chile, Uruguay. Later, Delegations were established in Colombia, Ecuador, Panama, Honduras, Guatemala, Puert Rica and Santo Domingo and Brazil (Rio de Janeiro) The activity unfolded since then needs not be narrated, not only because it would take mucha time , but also because evident facts demostrate the importance and the dimension acciewed by the labor in the plan of the DRE for Latin America. In general form we will list wome of the most important events during this period of time.

1.- 27th of November: day of duel for Latin American Students in memory of the Students executed in Cuba. At the IV Latin American Assembly of Students (CLAE) to which a DRE Delegation assisted and which we detail later on this report, it was decided to declare the 27th of November (date in whichi 8 students of Medicine were shot by the Spanish soldiers during the Cuban war of Independence) day of duel for Latin American students. This date was commemorated in almost all the Latin American countries, being this one of the first great blows we achieved coordinately throughout the continent. All the acts which were performed and the propaganda which was issued are filed in our office.

2.- Student manifestation in Costa Rica on the 17th of October. It was possibly

the greatest student manifestation that has taken place in San Jose. More than 6.000 students asking the goverment to break relations with Castro were present at it.

3.- The campaign to save the life of Miguel Garcia Armengol. For this campaign, as well as for the campaign in favor of Muller, we appealed to every means possible, thus attaining the help from the Latin American governments and from almost all the Student Unions and civic organizations of the continents.

4.- The campaign to save the life of Hans Gengler and Juan Pereira (Juanin) As in the previous campaigns, we moved continental public opinion in favor of our just demands. Unfortunately, our dear Juan Pereira Varela was killed in the coast of Cuba, before the pleadings for mercy from all places of the continent reached Castro and before the Secretary of Foreign Relations of Brazil, San Thiago Dantas, could intersede for his life, as he had promised Jose I. Rodriguez, with whom he had held a private interview. The whole account on the labor we accomplished for this campaign and for the campaign in favor of Miguel Garcia Armengol, is filed in our offices.

5.- Help rendered to Latin American Student Unions. From the b Latin American outlook, this labor has probably been one of the most important labors carried through by our Delegations. During this year many of our Delegations have worked intimately with the democratic leaders of the Student Unionsof the continent in order to throuw the Communists out from the positions which they control and to attain success in student elections of simply maintain the actual positions held. Some efforts which deserve to be named are: The labor accomplishe by our Delegation in Panama due to which (according to the exact words of student leaders in Panama) the direction of the Union de Estudiantes Universitarios (UEU) which had follen in Communist control, was reconquered by the Democrats. The labor accomplished by our Delegation at Venezuela has been perhaps the mos important, through which student groups of the Partido Social Cristiano (COPEI) and the Partido Accion Democratica (AD) have stronly opposed in armedactions the Communist groups which control the University and have even received the compliments of President, Romulo Betancourt. The labor accomplished by our Delegation at Honduras, through which it has helped and guided the democratic administration of the Federacion Estudiantil Universitaria (FEUH) and also payed for the publication of the newspaper "Avance", official reporter of the FEUH. The account on the labor carried through by the DRE together with the Confederacion Universitaria de Bolivia, the Federacion Universitaria del Peru, with that of opposition of Uruguay, Argentina and Brazil and Santo Domingo is filed in our offices.

6.- The system of propaganda of the Section of International Relations. Our system of propaganda is probably one of the most strong in the student Latin American ground, in spite of the limited means we possess. Our labor of propaganda has been so intensive that we have practically had to use a larger place, to file the propaganda the Delegations have issued and sent us. We have maintained the best relations with Latin American press, which frequently publishes articles on the DREalso the international news agencies (UPI, AP, etc.) have published cables related to the DRE. For the better understanding of the labor developed we are going to divide it in written propaganda and propaganda by radio broadcasts.

a.- Written propaganda

Mexico.- The newspaper " Ataque ", official reporter of the Delegation, is published. Many pamphlets,as the one about the 27th of November, and tons of written propaganda have been edited.

Costa Rica.- Posters and great amounts of written propaganda have been printed and pamphlets edited by our main office at Miami have been printed again.

Venezuela .- "Trinchera", official reporter of the DRE Delegation at Maracaibo, is edited in Maracaibo. c.- Photographic propaganda.

There can be no doubt that the success attained in this fiel is of the greatest importance. The main office has been supplying photographic material to the Delegations for several months, so that they could use it for propaganda. A great blow was achieved with the photographs illustrating the events at the Ecuador Embassy in Cuba, when three Cubans seeking political assile, tried to enter the Embassy and were shot by the militia being already inside Ecuatorian field. These photographs were distributed

among all the Delegations and a day was appointed for their publication in all places of the continent. Thus, a great success was achieved. This same the photographs were published in almost all the Latin American newspapers, and, later, they were even published in extra-continental press.

It is of vital importance to point out the success achieved by the photograph exhibition, organized by the photograph department of the Section of International Relations. This exhibition was composed of 30 enlarged photographs to be shown at public squares and organizations and were sent to each Delegation. These exhibitions are still being shown in Latin America. Thousands of persons have visited them and the success achieved up-to-date has been great.

7.- Intelligence and Agitation. During one lo ng year we have received through the Delegations many informations on Castrist activities throughout the continent, as well as on Communist activities in general. Stirring has neither been absent - Two libraries of the Communist Party were destroyed in Montevideo, a place were support for Fidel Castro was received was also destroyed in Montevideo, and students groups in Venezuela have been trained.

THE CHANCELLORS ' CONFERENCE

When the Chancellors' Conference was held in January 1961, there was a plan to turn public opinion in favor of taking energetic steps against the Castro regime. For this purpose, the 25th of January was appointed as the day in which " La Marcha del Silencio" (The Silence March) was to be carried through in the principal Latin American cities, to give support to the Conference and protestd for the crimes accomplished by the Castro Communist Regime. The results were truly astonishing. In Bolivia more than 20,000 people took part in " La Marcha del Silencio", they all carried lighted torches since it was at night fall. In Peru, more than 10,000 persons were assembled and in Guayaquil, Ecuador, around 5,000. Also smaller manifestations were made in Honduras, Panama, Mexico, and Colombia. The DRE Delegation sen to the Chancellors ' Conference visited several countries before arriving at Montevideo, so as to develop in them the labor of propaganda and organization previous to the events that would take place during the Conference. This Delegation was divided in two groups. The first one was composed by Juan M. Salvat, Fernando Garcia Chacon, Jose Maria Lasa, Ernesto Fernandez Travieso, and Mario Pita. This group visited Bolivia, Peru, Chile, and Argentina. The second group was composed only by Eduardo Muniz, who visited Honduras, Costa Rica, Panama, and Brazil. During this trips, press conferences, interviews with secretaries of Foreign Relations, and with Presidents of the nations, were held. In Uruguay, the first photograph exhibition was shown in the Plaza Libertad, a gigantic meeting was held in Montevideo and four meetings were held in other cities of the country (San Carlos, Piriapolis, Minas, and Maldonado), pest bombs were placed at the Communist meeting in the University, press conferences were held, and radio programs were broadcasted, all during the Conference.

In a general form, we have explained some of the activities developed by the Section Of International Relations of the DRE. It would be impossible to describe them all completely.

INTERNATIONAL STUDENT ASSEMBLIES

We are going to narrate separately the labor accomplished by the Section of International Relations in the international student assemblies, for it results of great importance. The DRE has sent Delegations to three great student assemblies: IV CLAE (Congreso Latinoamericano de Estudiantes), III CEUCA (Congreso de Estudiantes Universitarios de Centro America) and X CIE (Conferencia Internacional De Estudiantes). A Delegation was also sent to travel through several countries of Africa (Senegal, Ghana, Kenya, Egipto, Marruecos, Nigeria, Argelia, and Tunez) in order to establish contacts with the Student Unions of Africa in preparation for the CIE.

a-. IV Congreso Latinoamericano de Estudiantes (IV CLAE)

The DRE sent a Delegation to the IV CLAE -the most important LatinAmerican student assembly- composed by: Luis Fernandez Rocha, Luis Boza Dominguez, Joaquin Perez, Jose I. Rodrigues Lombillo, Antonio B. Abella, and Eduardo Muniz.

The report on the labor accomplished by this Delegation in the IV CLAE -a Delegation from the FEU of Cuba was present at it also- has been already presented. But we will only list the following resolutions which were taken in the assembly due to our vigorous action.

Condemn the executions of students in Cuba.
Demand freedom for Alberto Muller and the other imprisoned students.
Proclaim the 27th. of November day of duel for Latin American students, in memory of the Cuban students that have been executed.
Ask the Comision de Estudios e Informacion (RIC), organism of the International Student Conference, to perform an investigation on the situation of Cuban students.

b-. Congreso de Estudiantes Universitarios De Centro America (III CEUCA)

The DRE sent a delegation to this assembly, held in San Jose, Costa Rica, led by Rogelio Helu and composed by delegates of the DRE in Costa Rica. The celebration of the III CEUCA did not finally take place because the Unions controlled by Communists asked that the Cuban Revolution be given a vote of confidence. Mexico, Costa Rica, Guatemala, and Honduras, opposed this petition. At this critical situation, the democratic delegation retired, finishing thus the Assembly and leaving the Communists unable to reach their objective.

c-. Conferencia Internacional de Estudiantes (X CIE)

In the X CIE just held at Quebec, Canada, the DRE Delegation obtained the greatest success ever in the assistance to a student assembly. This Delegation was composed by: Jose I. Rodriguez Lombillo, Rafael Tremols, Joaquin Perez, Lourdes Casals, Rogelio Helu, and Eduardo Muniz. Their assistance at the assembly turned out to be a great success owing to the efforts of the Delegation. The assembly condemned, with only one vote of opposition from India, the executions and imprisonments of Cuban students and the suspension of the publication of the newspapers of the University b y the Totalitarian State.

Copies of this resolution will be sent to all Student Unions of the world, to the United Nations, and to the government of Fidel Castro. The report on the X CIE will soon be delivered.

d-. The Delegation sent by the DRE to Africa

On the last days of May, 1962, the DRE sent a delegation to Africa composed by Jose I. Rodriguez Lombillo, Raul Gonzalez Simon, and Lourdes Casals. They traveled through these countries: Senegal, Nigeria, Kenya, Ghana, Egypt, Marruecos, Tunez, and Argelia. They established contacts with the leaders of Student Unions and distributed among them extensive informations on the actual situation of Cuban Students, translated to English and French. The leaders

were greatly impressed by the pamphlet "The Perversion of a University". The positive sesults of this trip to Africa were clearly disclosed at the X CIE, where the Student Unions from Ghana, Nigeira and Kenya ardently defended us.

e-. Actually the DRE is planning to send a Delegation to the Festival Mundial de la Juventud whcih will be held this year at Helsinki, Finland.

DEFFICIENCIES AND DIFFICULTIES

During more than one year of vigorous working, the Section of International Relations has encountered countless deficiencies and diffitculties, many of which have been already surpassed, though others still prevail. We will state bellow the main difficulties which we are actually facing and which we endeavor to surpass as soon as possible.

1.- Personnel

The problem on lack of personnel has been and is one of the main difficulties which the Section has encountered in its labor. Countless are the motives for this, among which we can list.

A.- Lack of capable personnel : Due to the importance of the labor developed in Latin America, the personnel with capacity for the work is not very abundant.

B.- Personal problems of the aspirants to Delegates : This is one of the most conflictive motives we are actually facing.
More than exile by the Cuban people, what is actually taking place is a massive exodus of our people. Consequently, being in the need of working to help their families, many Delegates have had to give up their labors and cooperation with us. In many cases, aspirants to Delegates have been forced to abandon the Plan remaining only a few days for their departure.

C.- Problems on obtaining visas: The difficulties in obtaining the visas for several countries (like Colombia, Mexico, El Salvador, Santo Domingo) has also , on many occasions, hindered the departure of the Delegates for Latin America. There is a specific example in Mexico, for which it has been absolutely impossible to obtain the visas; in spite of all the efforts made. Many delegates in these said conditions of inactivity have consequently abandoned the plan.

D.- Problems of Delegates in the respective countries: The problems the Delegates have had to face in the different countries have been so many that it results imposible to outline them all. We will try to point out those which we consider are the most important:

a.- Economic difficulties : The Delegates lacked operational funds to develop their plans for approximately one year. Their field of operation was logically reduced to the least. Actually the delegates do have these funds, though, evidently, many of the plans could not be carried through them.

b.- Problems with American officials in the different countries: Though in the majority of the countries our relations are the best, nevertheless, we have had to face problems in some. For example, in Honduras we have had to change the Delegate due to pressure of Batista supporters. In our Delegation at Sao Paolo, Brazil, our Delegates have even had to clean fields, just as simple workers, (they were not sent to Latin America for such purposes) and further more they have even been prohibited to use the name of the DRE.

C) Psychological pressures which influence on the Delegates. One ought to understand the situation which a DRE Delegate has to encounter in Latin America. Generally, they are young boys and the lonesome atmosphere in which they are, influences greatly upon them. In repeated occasions we have stated the need of making frequent trips to the Delegations, but up to the present, no heed has been paid to our demand. We consider this of vital importance and, once again, we state our demand of traveling to the Delegations in order to maintain high the moral of the Delegates and to avoid a feeling of forlornness and isolation in them.

We have breefly exposed some of the deficiencias and difficulties which we are actually facing. They have been written in the best spirit and not moved by any wrong motive, but for the only purpose of attaining a prompt solution for our problems.

Bombardeo a Cuba fue militarmente premeditado - dicen jóvenes cubanos

300 mil son los exilados que luchan por liberar a Cuba de rojos

Que el último bombardeo a La Habana, por miembros del Directorio Revolucionario Estudiantil, fue "militarmente premeditado", revelaron a LA CRONICA, Roberto Pérez San Roman y Rafael Quintero, miembros de la Brigada de Asalto 2506 que participaron en la invasión a la isla Cubana y que actualmente visitan el Perú. El primero, tiene el cargo de Jefe de Artillería. En su visita a nuestro diario estuvieron acompañados de Rolando Fernández, delegado del DRE en el Perú.

Manifestaron también que esos ataques se estaban preparando desde hace tiempo y que en el momento del bombardeo al hotel ICAP, Fidel Castro se encontraba comiendo con los técnicos rusos. "De allí el bombardeo al hotel", dijeron.

Revelaron igualmente que el gobierno de Fidel Castro, va a fusilar a seis jóvenes, entre ellos estudiantes y líderes obreros y campesinos, [illegible] de ser actores de los bombardeos. Esto, sin juicio previo.

Como se sabe, el bombardeo a La Habana, se produjo en la noche del viernes 24 del presente, hecho que motivó que Cuba culpase a Estados Unidos de ser el autor intelectual.

Roberto Pérez [illegible] y Rafael Quintero manifestaron que en el bombardeo, participaron dos lanchas con 23 hombres al mando del [illegible] del DRE en Miami, Juan Manuel Salvat. Los 23 hombres no pasan de los 23 años.

El objetivo de estos dos exilados cubanos, miembros del Consejo Revolucionario Cubano, recorrer toda Latinoamérica, con el objeto de informar sobre la verdadera situación de Cuba. Ellos ya han visitado Caracas, Montevideo y Santiago, y posteriormente enrumbarán a Colombia y de allí a Centro América.

Dijeron también que visitaban Latinoamérica, para recabar toda ayuda que estos países podrían proporcionar y contribuir así a la liberación de la Cuba oprimida.

"Hay en Miami — manifestaron — más de 300,000 exilados cubanos que están haciendo esfuerzos desesperados por lograr la liberación de su país. Ellos — continuaron — prefieren morir luchando por la liberación que estar impasibles ante los fusilamientos impunes que se hacen en Cuba".

Revelaron que en la prisión de La Cabaña se encuentran Manuel Guillot, estudiante de la Universidad de La Habana, y Enrique Cepero, sobrino de un actual Ministro de Fidel Castro.

Los exilados cubanos que actualmente se encuentran en el país. De izquierda a derecha, Rolando Fernández, Delegado Oficial en el Perú del DRE, y Roberto Pérez San Ramón y Rafael Quintero, miembros de la Brigada de Asalto 2506.

DECLARACIONES DE ROLANDO FERNANDEZ

El Delegado en el Perú del Directorio Revolucionario Estudiantil de Cuba, Rolando M. Fernández, declaró "que la actual política de Estados Unidos con respecto de Cuba parece querer ingresar a una etapa de convivencia".

"Llego a esta conclusión — expresó — luego de considerar las afirmaciones hechas por el Departamento de Justicia y el Encargado de Prensa del Departamento de Estado del país del Norte, referentes al bombardeo efectuado desde el mar contra una zona militar de La Habana, y la incautación por el gobierno estadounidense de las dos embarcaciones que tomaron parte en la citada acción naval".

"Me pregunto — dijo el Delegado cubano — ¿qué beneficios puede aportar a la democracia, a la lucha contra el comunismo amenazante una actitud como la que está adoptando Estados Unidos? Me pregunto, también, si es posible creer que vamos a fortalecer la democracia impidiendo actuar a los cubanos demócratas o si va a aumentar el prestigio del sistema occidental cristiano disponiéndose la incautación de los instrumentos que sirven a la lucha contra el comunismo [illegible]".

"Yo en particular, desearía equivocarme en la consideración de los propósitos norteamericanos, porque juzgo que una política de convivencia [illegible] continental [illegible] con Cuba [illegible] estadounidense [illegible] arrastraría sino una secuela [illegible] de perjuicios muy grandes para [illegible] interamericano y el [illegible] del comunismo en América [illegible] actualmente, empiezo a dudar de las palabras del Presidente Kennedy, en el sentido de que "Cuba no será abandonada".

"El movimiento democrático de los cubanos en el exilio y de los cubanos de la resistencia en Cuba contra el régimen de Castro, reitero, o discrepa totalmente de toda actitud o política que pretenda dirigirse o se dirija a lograr una coexistencia con el comunismo que desgobierna a la república del Caribe. Estamos, por el contrario, de acuerdo con toda posición que no signifique daño para la democracia continental y sí, más bien, el debilitamiento y la destrucción del [illegible] en Cuba y sus [illegible] [illegible] más que el [illegible]."

Sólo promesas convertidas en hambre hizo Fidel Castro al pueblo de Cuba

MIAMI, Agosto 27 (UPI). — Hace hoy justamente un año que el Primer Ministro de Cuba, Fidel Castro, prometió al pueblo cubano que "en unos meses" su situación estaría mejor ... y que serían resueltos ... los principales problemas de abastecimiento de la nación, según recordó un diplomático destacado en Cuba de paso en esta ciudad.

Hace un año, tuvo lugar la primera reunión nacional de producción y el discurso central de ese acto fue dicho por Castro. El cuadro de promesas halagüeñas presentado por el Primer Ministro, afirmó el diplomático, fue el siguiente:

—En el mes de Diciembre de 1961, estaría resuelto plenamente el abastecimiento de aves en La Habana, y para el 1o de febrero del entrante año, en todos los mercados nacionales.

—A partir de Enero de 1962, la producción de viandas —tubérculos— superaría las necesidades del mercado nacional.

—En junio de 1962, la producción de pescado satisfaría la demanda del consumo.

—El 1o de Enero de 1963, quedaría abolido el racionamiento de grasas comestibles.

Sin embargo, apuntó el diplomático, en vez de la mejoría prometida, la situación se ha agudizado. Por primera vez en su historia, el pueblo cubano sufre los rigores e inconvenientes de la libreta de racionamiento para obtener alimentos.

Doce meses pues de aquella histórica reunión —agregó— la escasez de alimentos, ropas, zapatos y medicinas se hace más acentuada.

Las futuras madres tienen que hacer largas colas, para obtener piezas de telas con qué hacer pañales. Ni siquiera pueden enviar a un familiar, pues para comprarlas tienen que exhibir su estado de gravidez.

En las tiendas de ropa interior de mujer o de hombre, solo venden dos piezas por persona.

En las tiendas de calzado, para evitar que los escaparates se vean vacíos, se obliga a que sean llenados con cajas vacías.

En cuanto a los alimentos, el diplomático se remitió a las propias ... públicas de los ... actual, mucho ... después de las promesas de hace un año:

Canciller Unda de Guatemala, dice:

Presencia de tropas rojas en Cuba pondrá a prueba el Tratado de Río

GUATEMALA, agosto 27 (UPI). — El Canciller Jesús Unda Murillo declaró hoy que la presencia de tropas comunistas rusas, checas y chinas en Cuba "justifica poner a prueba inmediatamente la efectividad de los artículos sexto y noveno del Tratado de Río de Janeiro que prevén el caso de agresión armada contra el Continente americano".

"Justificaría también una conferencia inmediata de Ministros de RR. EE. para tomar medidas en nuestra propia defensa, en lo que estimo que estarían de acuerdo muchos Gobiernos americanos" — agregó.

"La llegada de esas tropas a Cuba —explicó Unda Murillo— significa grave peligro para la América en general y especialmente para Centro América, considerada como el punto más vulnerable de la defensa del Continente.

"Ello es parte de la maniobra militar anunciada en Moscú hace tiempo, que persigue dividir al continente en dos fracciones, dejando aislados en esta forma a los Estados Unidos, que constituyen la fuerza militar más poderosa capaz de enfrentarse al comunismo soviético.

"Estos hechos —la llegada de tropas— pueden significar dos cosas: primero, que Castro ha perdido la confianza del propio pueblo y de las milicias populares y se ve obligado a recurrir a fuerzas mercenarias comunistas para sostenerse en el poder.

Kennedy examina Tensión en Cuba

HY[illegible] PORT, MASSACHUSETTS, Agosto 25 (UPI). — El Presidente John Kennedy, que para el fin de semana en Cape Cod examinó hoy todas las informaciones del Servicio de Inteligencia en relación con el aumento de la tirantez en Cuba.

En Washington, el gobierno negó ategóricamente la afirmación hecha or el Primer Ministro cubano Fidel Castro, de que el bombardeo de la costa de La Habana "fue un ataque directo Norteamericano".

El Jefe de Estado conferenció por teléfono con varios funcionarios. Dispuso que su principal asesor en cuestiones militares realice inmediatamente una inspección de las instalaciones norteamericanas que se [illegible] an directamente complicadas en caso de que el anunciado fortalecimiento del personal soviético en Cuba diera lugar a algún incidente.

El Ayudante Naval del Presidente, Capitán Tazewell Shepard, conferenció con Kennedy y lo puso al tanto de la información recogida por el Servicio de Inteligencia. A pesar de que nada se ofrece información sobre el particular, se tiene entendido que la conferencia de hoy estuvo relacionada con la situación en Cuba.

Fuentes oficiales en la residencia del Presidente en Cape Cod descartaron totalmente la denuncia de Castro de que el ataque fue realizado por Estados Unidos.

BAN HOUEI SAI, Laos. — CONTRA EL ENEMIGO ROJO. — Estos pacíficos ciudadanos se ven obligados a abandonar sus hogares ante el continuo hostigamiento de las guerrillas comunistas. Las fuerzas gubernamentales controlan la situación, pero no faltan los alevosos ataques de parte de incondicionales rojos que traicionan a su patria con tal de servir los inconfesables designios del Kremlin.

WASHINGTON, agosto 25 — (UPI). El Departamento de Estado declaró hoy que tiene pruebas de que el Directorio Revolucionario Estudiantil (DRE) anticastrista de Miami fue responsable del ataque contra el litoral del puerto de La Habana.

Un portavoz autorizado [illegible] que el Servicio Guardacostas intenta el secuestro de los [illegible] involucrados.

El Departamento dijo que toda la operación [illegible] "ataque inspirado en la excitación del momento" no puede realmente derribar el régimen comunista de Cuba.

Al mismo tiempo, el Departamento de Justicia anunció que está investigando si la Ley de Neutralidad de los EE. UU. ha sido violada como consecuencia del episodio.

"Aunque comprendemos los [illegible] sentimientos de este grupo de estudiantes libres y su hostilidad hacia el régimen opresivo, no podemos aprobar que se use el territorio norteamericano como base de semejante acción", dijo el Encargado de Prensa del Departamento de Estado, Robert J. McCloskey, hablando con los periodistas.

Los funcionarios dijeron que el ataque probablemente fue realizado con dos lanchas a motor privadas.

Añadieron, sin embargo, que aún no saben si las lanchas salieron realmente de aguas norteamericanas para llevar a cabo la expedición.

Se tiene entendido que los miembros del DRE anticastrista en Miami están siendo interrogados allí por funcionarios norteamericanos.

La Ley de Neutralidad considera un delito organizar en suelo de los EE. UU. una invasión contra otro país.

El anuncio del Departamento de Estado dice:

"Debemos informar a los participantes que toda petición de semejante acción por parte de cualquier grupo pudiera significar la aplicación de lo previsto en la Ley de Neutralidad".

Posteriormente, empero, dichos funcionarios dijeron que esto no quiere decir que el grupo estudiantil [illegible] a recibir de las leyes de los EE. UU.

Previamente, durante el día, el Departamento de Estado había negado firmemente que los Estados Unidos estuvieran "involucrados en forma alguna o tuvieran conocimiento del ataque a Cuba que se ha anunciado".

Los funcionarios aludidos dijeron que esa declaración es exacta, y el Gobierno norteamericano no tuvo en ningún momento conocimiento del plan.

En fuente norteamericana se [illegible] que las dos embarcaciones involucradas "presumiblemente están [illegible] en aguas de los EE. UU." No se [illegible] plió esta declaración. Previamente los funcionarios aludidos insinuaron que a su juicio elementos de la [illegible] mada Cubana fueran responsables del ataque.

Agregaron que unidades navales cubanas estuvieron realizando maniobras recientemente y que en el pasado el DRE se ha atribuido crédito por actos en los que no tuvo participación.

WASHINGTON, agosto 25 — (UPI). El Departamento de Justicia anunció hoy que está investigando para determinar si la Ley de Neutralidad de Estados Unidos fue violada en relación con el ataque al litoral de La Habana ocurrido anoche, que se ha anunciado.

Entretanto, el Departamento de Estado negó categóricamente que haya habido "involucración o conocimiento por parte de los Estados Unidos" respecto del incidente, en que se alegó el Primer Ministro cubano, Fidel Castro, "buques armados" atacaron el litoral de La Habana con fuego de cañones.

La Ley de Neutralidad hubiera sido afectada en el caso de que una expedición de cubanos exilados hubiera salido de algún lugar de Estados Unidos para llevar a cabo esa aventura en La Habana.

La ley prevé que semejantes expediciones no pueden ser organizadas en suelo de esta nación.

Un organismo anticastrista, el Directorio Revolucionario Estudiantil (DRE) se responsabilizó con el incidente. Un portavoz del DRE dijo que dos pequeñas embarcaciones de ese organismo participaron en el ataque.

Una persona asociada con el movimiento dijo que las embarcaciones partieron de las Bahamas.

[P]INAR DEL RIO, ESCAMBRAY, SIERRA CRISTAL Y LOS ORGANOS FOCOS DE REBELION

MEXICO, agosto 25 — (AFP) El bombardeo efectuado anoche contra la costa Norte de la provincia de La Habana, estuvo combinado con desembarcos de comandos del Directorio Revolucionario Estudiantil Cubano, en la Provincia de Pinar del Río, informaron hoy dirigentes de este Directorio, en México.

Refiriéndose a la operación efectuada anoche contra la capital cubana, Angel González y Modesto Vázquez, que dirigen la sección de México del Directorio Estudiantil, suministraron hoy los siguientes datos: miembros del Directorio que están en exilio partieron anoche desde bases secretas, en varias embarcaciones, para bombardear la costa Norte de la Provincia de La Habana. Las bombas lanzadas hicieron blanco en el Hotel "Rosita Hornedo", y se escogió este lugar por ser donde se concentran los técnicos rusos y checoslovacos que han llegado a Cuba últimamente.

Al mismo tiempo, otras unidades de miembros del Directorio desembarcaban en la Provincia de Pinar del Río, mientras estudiantes del Directorio en La Habana misma se sublevaban y se internaban en la Sierra del Escambray, en la Cordillera de Los Organos y en la Sierra Cristal. Campesinos y obreros en número todavía no determinado se han unido a estos estudiantes en los mismos montes.

González especificó que ha habido ya encuentros con fuerzas castristas y que se han registrado bajas por ambos lados, pero sin suministrar cifras. Añadió que no pueden dar datos sobre las fuerzas que desembarcaron, que "son bastante crecidas" y están al mando de uno de los altos jefes del Directorio Estudiantil.

Seguidamente agregaron que según informaciones que tenían fueron muertos muchos de los técnicos soviéticos que están en La Habana, pero sin concretarse a más detalles. "Esperamos que esta operación sirva como catalizador para que el pueblo cubano se subleve, ya que estaba siendo esperado por los cubanos que trabajan en la clandestinidad en el interior de Cuba y ha significado algo así como un "grito de guerra" para el levantamiento contra Castro", prosiguió Vázquez.

Ninguno de los dos dirigentes quiso dar precisiones sobre las bases secretas de las cuales partieron las embarcaciones que efectuaron el bombardeo de La Habana, pero indicaron que las armas y los barcos que usan los cubanos que realizan tal operación son mu-

Delegado de los estudiantes anticastristas hace declaraciones sobre bombardeo a Cuba

El delegado Oficial en el Perú, del Directorio Revolucionario Estudiantil, Rolando M. Fernández, declaró ayer "que las declaraciones formuladas por el Departamento de Justicia de los Estados Unidos son impropias e improcedentes, ya que lo que se ha violado no es la Ley de Neutralidad de ese país, sino el Tratado de Río celebrado por los cancilleres de la Organización de Estados Americanos, al permitir en este Continente en primer lugar el propio Gobierno de los Estados Unidos— que impunemente tengan acceso a la Isla del Caribe, barcos repletos de armas y hombres procedentes de una potencia extracontinental."

En relación con las declaraciones hechas por Robert Mac Closkey, encargado de Prensa del Departamento de Estado, Rolando M. Fernández dejó constancia, "Que la Delegación del DRE en el Perú es la que no comprende de cómo si el Departamento de Estado se da cuenta de la actual situación existente en ese Hemisferio— como consecuencia de la intervención comunista en Cuba— formula semejantes declaraciones".

Para nosotros los cubanos —afirmó el Delegado del DRE en el Perú— la liberación de Cuba de las garras del comunismo que la oprime, ha estado y estará siempre por encima de cualquier otra consideración, y jamás estaremos dispuestos a entrar en una política de convivencia con los rojos.

Al conocerse la noticia del bombardeo a La Habana, el Directorio Revolucionario Estudiantil, por intermedio de su delegado en Lima, emitió el siguiente comunicado:

Como era de esperar, los últimos acontecimientos que se refieren al traslado a Cuba de soldados y material bélico comunista realizado por buques soviéticos ha provocado la reacción enérgica de las fuerzas contrarias al régimen de Castro.

Es, pues, la intervención militar comunista en Cuba la que ha originado el bombardeo de un hotel de La Habana en el que se hospedaban militares de países de detrás de la Cortina de Hierro y la que ha precipitado el alzamiento armado de un importante grupo de patriotas del Directorio Revolucionario Estudiantil de Cuba en la histórica Sierra del Escambray.

Como era lógico, también, que tenía que ocurrir, el Gobierno de Castro con el claro propósito de engañar a la opinión continental trata de desprestigiar la valiente acción armada iniciada por las fuerzas que se le oponen. Ha llegado a decir, incluso, en una maniobra netamente demagógica, que los disparos hechos contra el citado hotel habían puesto en peligro la vida de varios niños.

Reiteramos la transmisión radiofónica del DRE lanzada al aire desde el mismo suelo cubano, que hizo un dramático llamamiento a las naciones del Mundo Libre sobre la situación cubana y planteó la "lucha frontal contra el despotismo rojo", las declaraciones sobre cómo Cuba comunista vulnera impunemente los tratados de Defensa Continental como el de Río de Janeiro, la Carta de Bogotá y los acuerdos de Punta del Este; y la política de "guerra total al presidio que las circunstancias nos exigen". José Antonio Echevarría con sus ideas en marcha.

Él estaba solo en la calle, su sombra era el otro único objeto que se movía. Violentamente iba de un lado a otro, como si no supiera adonde dirigirse. En la callada y calurosa tarde, su voz se escuchó perfectamente cuando gritó: "No tiren más". Varios hombres situados en la esquina acababan de levantar sus rifles. Los primeros tiros lo alcanzaron en la espalda. La víctima tropezó y cayó. Luego los hombres pasaron por encima de él, aplastándole la cabeza.-

Este suceso parece un episodio ocurrido bajo el régimen comunista de Fidel Castro; o quizá bajo el de su predecesor, el dictador Fulgencio Batista. En realidad este incidente ocurrió hace casi 30 años atrás, durante el régimen de otro tirano cubano, Gerardo Machado. La víctima era un estudiante, apresado por realizar actividades contra el gobierno, quien fué deliberadamente fusilado, mientras trató de escapar. La brutalidad no es nada nuevo en la Perla de las Antillas; tampoco lo es, el valor.-

El pequeño bombardeo en la Habana castrista, hace 15 días, fué obra de una nueva generación de estudiantes cubanos que no está de acuerdo con el gobierno. Estos estudiantes son miembros del Directorio Revolucionario Estudiantil.-

[illegible]:

El Directorio se formó durante los sangrientos días de Machado, contribuyó a derribar al dictador en 1933, asesinando al Jefe de la Policía Secreta y al Presidente del Senado. (Uno de los pocos fracasos, lo constituyó el intento de asesinar al propio Machado, abriendo un túnel que iba a dar a un cementerio, donde Machado pronunciaría un discurso fúnebre). El Directorio también se opuso al ex-sargento Batista, cuando tomó el poder en 1952. Encabezado por un estudiante de derecho, llamado José Antonio Echeverría, el Directorio llevó a cabo una serie de actos contra el Dictador Batista, por toda la Isla, cooperando entonces con Castro, pero manteniendo su independencia.-

Su acción más espectacular tuvo lugar en la tarde del 13 de Marzo de 1957, en el Palacio de Batista, en La Habana. Un camión llegó al Palacio y de él saltaron 35 estudiantes, miembros del Directorio. Lanzando granadas de mano y ametrallando, tomaron de sorpresa a la Guardia del Palacio, tiraron abajo las puertas, y llegaron hasta el segundo piso, antes de que muriera el último de ellos. Batista, tembloroso y con pistola en mano, estaba en el tercer piso.

//..

Cerca de la Universidad, Echeverría tomó una emisora de radio para llamar a ¡Revolución!, pero fué capturado por la policía, y fusilado luego. Hacía sólo unas semanas que él había dado al Directorio su lema: "Los estudiantes cubanos no tememos la muerte". En otro acto, miembros del Directorio irrumpieron en la Boite Montmartre en La Habana, y mataron al Jefe del Servicio de Inteligencia Militar de Batista.-

BOMBAS CON CAPA DE CHOCOLATE:
Después de la huída de Batista, de Cuba, en 1959, los miembros del Directorio tuvieron divergencias con Castro. En el mes de febrero de 1960, estudiantes del Directorio, llevaron a cabo la primer demostración contra el régimen comunista de Castro, un motín en La Habana, durante la colocación de una corona al Primer Diputado Soviético, Premier Anastas Mikoyan, ante el Monumento a José Martí. Dirigidos por el estudiante de derecho, Alberto Müller, de 20 años; y el de sociología, Juan Manuel Salvat, de 19 años; un grupo de jóvenes estudiantes del Directorio, tomaron las armas nuevamente, cuando el viejo comunista cubano Carlos Rafael Rodríguez, ocupó una cátedra universitaria.-
Los jóvenes volaron plantas generadoras de electricidad (su herramienta favorita la constituía una bomba recubierta con chocolate, que era fácil de transportar en el bolsillo), tomaron parte en el incendio que destruyó la tienda "El Encanto", en La Habana; usaron durante 3 meses una estación transmisora clandestina, desde donde salían al aire en un programa de 15 minutos, tres veces por semana, utilizando la frecuencia de un canal de T.V. de La Habana, que se encontraba en desuso. El Directorio estuvo también envuelto en el plan relacionado con la invasión de Bahía de Cochinos, pero sufrió consecuencias desastrozas: Müller, con órdenes de abrir un frente guerrillero en Sierra Maestra, no vió ninguno de los prometidos abastecimientos que le enviarían por paracaídas; tampoco recibió la noticia de la invasión, por lo que él mismo bajó de la Sierra para averiguar. Fué capturado, y actualmente está preso en la Isla de Pinos, condenado a 20 años de prisión. Aún así tiene suerte, el Directorio dice que entre 170 y 200 de sus miembros han sido fusilados luchando contra Castro.-

"LAS BROMAS DE HELSINKI":
A pesar de sus víctimas, el Directorio es una de las pocas unidades efectivas, entre las 30 ó más, de grupos anticastristas que trabajan dentro y fuera de Cuba. El mes pasado, Salvat y tres miembros más del Directorio, viajaron a Helsinki para hostigar a la delegación castrista que se encontraba allí, participando en el Festival Mundial de la Juventud, patrocinado por los rojos. Salvat fué golpeado por 6 de sus compatriotas comunistas.-

///...

Hace dos semanas, Salvat y 7 hombres más, salieron en una lancha veloz, de 31 pies, con un viejo cañón alemán de 20 mm. (que ellos compraron por 300 dólares), sobre la cubierta.-

Luego Isidro Borja, un estudiante de ingeniería, de 26 años, que comandaba el ataque, contó lo que había ocurrido:

"A las 9 p.m. vimos las luces de La Habana. Nos dirigimos directamente al Castillo del Morro, y dimos vuelta a la derecha. Contábamos con el hecho de que el radar estaba más alto que nuestra lancha, por lo que podíamos pasar por debajo. Llegamos a 250 yardas de la costa, frente al Hotel Rosita de Hornedo (donde se alojaban técnicos del bloque comunista). Hicimos fuego durante 7 minutos, efectuamos alrededor de 24 descargas. Nuestros proyectiles atravesaron las ventanas y las luces se apagaron. Cuando comenzamos a escapar, huímos de verdad. Pusimos los motores a toda velocidad, durante más tiempo del que se debía, luego disminuímos. Nos besamos unos a otros. Todos llorábamos como niños. Acabamos sentándonos en el piso de la lancha, y lloramos".-

"Fidel Castro traiciono la revolucion!" — declara o estudante cubano Benito Diaz

Convidado pela direção da União Catarinense dos Estudantes, encontra-se em nossa Capital, o estudante cubano Benito Diaz.

O acadêmico Rogério Duarte de Queiroz responsavel pela secção "Notícias Universitárias" dêste matutino procurou ouví-lo a respeito da Revolução Cubana, bem como da situação atual do regime imposto por Fidel Castro, resultando no que se segue.

Quem é Benito Diaz

Benito Diaz nosso entrevistado, iniciou seus estudos superiores na Faculdade de Direito da Universidade de Havana quando se viu forçado pelos acontecimentes a pedir e obter asilo na embaixada brasileira em Havana, lá permanecendo pelo espaço de três meses, após o que veio para nosso país no dia 28 de março dêste ano.

Conta 20 anos de idade e continua atualmente seus estudos de Direito na Pontifícia Universidade Católica da Guanabara. Lutou ativamente contra o regime de Fulgêncio Batista participando da Frente Estudantil Nacional, que agrupava tanto estudantes secundários como universitários. Após a memorável vitória sobre Batista continuou apoiando a Revolução durante dois anos quando compreendeu que a mesma tinha sido traída em seus princípios. Daí em diante passou a lutar contra Fidel Castro principal traidor, filiando-se ao Diretório Revolucionário Estudantil — DRE —, usando de todos os meios necessários como guerrilhas, sabotagens constantes e atentados pessoais.

Cuba: Situação atual

Respondendo primeiramente, qual a situação atual de Cuba, declarou-nos Benito Diaz, que o racionamento de viveres e gêneros de primeira necessidade é constante, provocando com isso muitas desordens e descontentamento na população. Apesar da bem armada e terrivel milícia, a luta contra Fidel continua progredindo. Comícios organizados contra o regime são sempre dissolvidos pelas armas sendo presos seus manifestantes .Contudo, é oportuno que se destaque — prossegue — que essas mesmas milícias viram-se contra Castro quando têm oportunidade de fazê-lo com êxito.

Quanto da chegada à Cuba de contingentes do exército russo disse que nada podia acrescentar além daquilo que tem lido através de jornais.

Frisou, porém, que quando de sua vinda ao Brasil, grande era o número de russos, tchecos e chineses que entravam diariamente em Cuba, com a finalidade de garantir o regime castro-comunista, mas, rotulados todos êles de técnicos, os quais vivem confortàvelmente instalados nas antigas mansões dos latifundiários inclusive com carros de luxo à disposição numa afronta ao bom povo de seu país.

O operário cubano

É lastimável as condições do operário cubano — declarou nosso entrevistado. Não possuem a mínima liberdade sindical sendo seus órgãos de classe dominados pelos comunistas, e seus legítimos líderes, como aconteceu com David Salvador secretário-geral da Confederação dos Trabalhadores de Cuba e dirigente máximo da clandestinagem operária contra Batista que foi condenado a 30 anos de prisão.

Além diso a classe operária cubana se viu privada do: direito de greve, direito de enfermagem por nove dias, e 13.o salário que vinha percebendo há cinco anos. O regime castrista, impôs ainda um desconto mensal obrigatório de 14% dos salários e quase que diàriamente fazem-se coletas voluntári[as] para todos os fins chegando-se e[n]tão a um desconto aproximado [de] 25% ao mês.

Como são realizados os comícios

Os famosos comícios de Fi[del] Castro, são de fato muito conc[or]ridos, pois para tanto são convi[dados]

dos todos os operários. Aquêle que não aceita tal convite é tido como contra-revolucionário sofrendo as consequências de seu ato. E claro que a grande maioria prefere ouvir as demagogias de seu falso lider a ter que enfrentar "el paredón!

Resultados positivos da Revolução

Indagado dos resultados positivos da Revolução Cubana respondeu que a mesma conseguiu despertar o povo latino-americano para seus problemas.

Disse que as desapropriações e nacionalizações das emprêsas e companhias americanas de nada resolveram, pois apenas trocaram de patrão, passando para os russos.

Sôbre o ataque de Playa Girón

"Grande êrro que não devia ter sido cometido, pois destruiu completamente a clandestinagem e mesmo porque, não era o momento propício. Mal preparados militarmente, não consideraram as tropas de Fidel. O próprio povo cubano foi colhido de surprêsa pela invasão, pois não esperava".

Afirmou Benito, que não se precisará de nova invasão, pois Fidel Castro não permanecerá por muito tempo no poder.

Diretório Revolucionario Estudantil

O que é DRE? Explicou-nos o estudante cubano: "O Diretório Revolucionário Estudantil — D.R.E. —, é o representante da opinião e do sentimento dos estudantes cubanos e por esta causa faz questão de levar ao conhecimento de todos os estudantes e povos da América Latina o que está acontecendo de verdade na minha terra. E mtodos os países de govêrno democrático de nosso continente temos representantes. No Brasil somos em seis quatro no Rio e dois em São Paulo".

Fez questão de acentuar que o DRE não é contra-revolucionário, mas, sim revolucionário contra a traição comunista!

Terminando suas declarações, pediu ao reporter que transmitisse aos estudantes e povo catarinenses o seu abraço cordial, e a confiança de melhores dias para Cuba!

O DRE de Cuba e o desembarque de tropas comunistas em Havana

"O Diretório Revolucionário Estudantil de Cuba denuncia perante o povo de Santa Catarina o desembarque de cêrca de 10 mil soldados do bloco comunista mandados chamar por Fidel Castro neste momento que os operários, os camponeses, e os estudantes estão lutando e pondo em perigo a continuidade do regime comunista do traidor Castro. Entre os dias 26 e 31 de julho desembarcaram no pôrto de Mariel, na costa norte de Pinar del Rio, de 2.500 a 3.000 "técnicos" com uniforme verde-escuro, casquete branco, mochilas, fuzil-metralhadora; 2 mil de aspecto asiático ou coreano entre 4 e 9 de agôsto no pôrto de Casilda, na costa sul de Las Villas. Chegaram em jipes e caminhões, trazendo canhões e ambulâncias-hospitais; entre 26 e 31 de julho aportaram em Banes na costa norte de Oriente, 500 homens, a 7 de agôsto no pôrto de Havana 2.000 russos.

Também em Matanzas ocorreu um desembarque sôbre o qual não há outros detalhes. As informações recebidas indicam que as tropas invasoras estão localizadas em Guatana, antigo campo de tiro entre os quilômetros 7 e 8 da estrada que vai de Pinar del Rio ao pôrto de La Coloma. Em San Julian, onde nem a entrada de Dermidio Escalona, chefe militar de Pinar del Rio é permitida; na Cordilheira dos Orgãos, perto de Cabana; na Costa norte de Pinar del Rio, entre os portos de Santa Lúcia e Esperanza e entre o de Santa Lúcia e Dimas, em Torrens e Limonar, nas provincias de Havana e Matanzas; em La Cayuga, no aeroporto subterrâneo de San Antônio de Los Banos em Havana. Com todos êstes desembarques de soldados estrangeiros a serviço do imperialismo soviético, que dirão os defensores da "auto determinação de Cuba"? Possivelmente calarão e não reconhecerão que neste momento a verdadeira auto determinação do povo de Cuba está em perigo. Não reconhecerão que o povo cubano continua lutando pela sua liberdade. Continua lutando contra o homem que traiu a revolução cubana, a verdadeira Revolução Cubana. E neste momento a América Latina não pode permanecer calada ante a invasão de Cuba por soldados comunistas. O O D.R.E. de Cuba faz um apêlo ao povo de Santa Catarina, para que expresse ao conselho de segurança da OEA sua condenação. O D.R.E. faz um apêlo a juventude catarinense, a todo o povo de Santa Catarina para que não permita que Cuba seja uma nova Hungria, para não permitir que sejam afogados êsses gritos de revolta do povo cubano pela sua auto determinação.

De vocês depende nêste momento que Cuba seja Livre !

Benito Díaz, Delegado".

Excesso[illegible] Eduardo Muniz, ao lado de Carlos Valdes[illegible] delegado no Rio de Janeiro, no aeroporto do Galeão

Entrevista Exclusiva Com Eduardo Muniz

— Qual o motivo de sua viagem por todos os países da América Latina?

— Coordenar ao máximo o trabalho que vêm realizando os delegados do Diretório Revolucionário Estudantil, ao lado dos estudantes latino-americanos, nesta etapa decisiva de nossa luta.

— Quais são os planos insurrecionais do DRE para derrubar a Tirania, e que importância teve a ação levada a cabo no dia 24?

— Principalmente, dividimos nossa luta em dois campos de vital importância, dentro de Cuba e no estrangeiro; enquanto, no interior do país, preparam-se as circunstâncias propícias para o levante das massas, através ações de sabotagem nas cidades e incremento das guerrilhas nas montanhas, no estrangeiro levamos adiante uma campanha de esclarecimento, que contribui para que ganhemos adeptos, que nos auxiliem moral e materialmente. Assim sendo, o clímax da luta só se produzirá quando tenhamos as condições necessárias. Lograremos o triunfo com o desembarque de forças expedicionárias, armadas na mesma proporção em que o estão as tropas de Castro. Este desembarque será efetuado em coordenação com os elementos da clandestinidade, que conduzirão o povo: as forças castristas se encontrarão entre dois fogos e êsse será o comêço do fim.

— Quais os resultados do ataque do dia 24 de agosto ao litoral cubano?

— Em primeiro lugar, logrou que se produzisse, sem maiores dificuldades, o soerguimento de nossa resistência na Serra de Escambray, ao se distraírem os esbirros de Castro com o ataque marítimo; em segundo lugar, serviu para fazer lembrar ao tirano que os estudantes de Cuba não se conformarão diante da já consumada invasão soviética da nossa Ilha, e, se bem que a localização de Brigadas Internacionais em Cuba coloca a libertação em mãos de organismos internacionais, não será por isso que cruzaremos os braços, embora os esperemos que êles atuem; nossa luta é sem quartel, e nela deixaremos até o último gemido de nossa existência.

— E que nos pode dizer quanto à posição dos EE.UU. em relação a Cuba?

— Sinceramente, devo dizer que não estranhamos a atitude de coexistência pacífica por êles assumida com respeito a Cuba, pois que inúmeras vêzes sua posição foi errada para com muitos povos da América Latina; no entanto, confiamos em que modifiquem esta posição, e o mesmo dizemos de outros países da América Latina, que se mantém em plano idêntico.

— Como é que vocês se intitulam — Revolucionários? O FC não é um Revolucionário?

— Esta pergunta, companheiro, é quase uma insinuação de que somos Contra-revolucionários; nada mais falso, já que os militantes do "Diretório Revolucionário Estudantil" são jovens que combateram a Tirania Batistiana, seguindo os ideais daquêle que foi então o líder do Diretório Revolucionário, o Mártir Universitário José Antônio Echevarría. Não somos sòmente revolucionários quanto à ação, mas também quanto à ação, mas também quanto à ideologia. Quando lutamos contra Batista, tínhamos ideais bem definidos, sabíamos claramente que era necessária uma mudança radical das estruturas existentes; víamos com ânsias a implantação de uma Reforma Agrária, que proporcionasse uma distribuição mais justa das terras, proscrevendo o latifúndio, tecnificando a produção agrícola e pecuária em todos os seus aspectos, inspirando aos camponêses a criação de cooperativas, para evitar que se produza o fenômeno do minifúndio por meio de uma educação bem orientada e intensiva, para que as ditas cooperativas sejam única e exclusivamente dirigidas pelos camponêses que a formem, sem intervenção estatal, a não ser uma ajuda desinteressada de tipo econômico e técnico. Bem assim as demais reformas: educacional, urbana, fiscal, reforma de Emprêsa, a instauração de um Salário Social de Rendimento. E quanto à política no exterior, uma de total independência em nossas decisões, reafirmando nossa soberania e repudiando todos os totalitarismos, desde o soviético até os dos Somoza, Stroessner, Salazar e Franco.

ACABAR COM A UNE, CONQUISTÁ-LA OU CRIAR OUTRA ENTIDADE?

O movimento universitário brasileiro se apresenta na atual conjuntura dividido em três grandes correntes: acabar com a UNE, conquistá-la ou criar outra entidade.

O processo que muitos advogam para acabar com a UNE seria o desligamento em grande escala dos diretórios acadêmicos. Simplesmente passariam a ignorar a União Nacional dos Estudantes, por a considerarem nefasta à vida universitária do país. Lá não vejamos mais os pés.

Esta parcela da opinião estudantil, despolitizada, bem intencionada, mas sem compreender o mecanismo usado pelos totalitários para se perpetuarem no poder, comporta-se como crianças face a um aparelho indecifrável. A primeira reação é quebrá-lo ou deixá-lo de lado.

Outra coisa não querem os atuais dirigentes da UNE do que continuar a receber 1 bilhão e setecentos milhões que deve subir em 1962 para 2 bilhões e 400 milhões [illegible] o financiamento do senhor Santos Vahlis via governador Brizola, sem apresentação de contas, e [illegible] o dinheiro do povo em viagens, gastar em propaganda política de entidades estudantis e sindicais comandadas pelos pelegos e comunistas, conforme revela o próprio relatório da UNE apresentado ao seu 1º Conselho Ordinário na gestão Aldo Arantes. Enfim, continuar com a vida que pediram ao bom deus totalitário. O estudante que se dane; o negócio é enriquecer com a política.

Os estudantes que defendem o extermínio puro e simples da UNE são tão inocentes e irresponsáveis que ignoram que a União Nacional dos Estudantes não é propriedade do atual grupo da UNE. Por mais que seja exibida como instrumento pelos totalitários que vivem de pensar ideias como dinheiro, demagogia e [illegible], pertence aos universitários.

É pela falta de participação dos democratas, que nem sequer comparecem às assembléias para eleger o presidente do seu diretório ou para impedir a [illegible] a paralisação da vida universitária, que o movimento estudantil, deturpado, se transformou na desonesta galinha dos ovos de ouro conhecida, em 1962, como UNE.

Os estudantes comodistas, que não comparecem às eleições do seu diretório, ou quando o fazem é sem critério de escolha, são os principais responsáveis pela utilização dos diretórios acadêmicos para finalidades puramente políticas [illegible] da sujeira e da desonestidade dos pelegos e dos ignorantes como Santos Vahlis, que põem em dúvida a capacidade dos nossos professôres, como fez nesta semana com o ilustre professor amigo dos estudantes, Alcântar [illegible]leiro. Espera que o Santos Vahlis não vá à Faculdade Nacional de Ciências Econômicas para ter uma idéia do conceito de que ali goza altário, só servindo para conservar os atuais dirigentes da UNE no poder.

Conquistar novamente a União Nacional dos Estudantes para as verdadeiras causas da universalidade do homem e particularmente para ajudar decisivamente, através de uma aprimorada educação, o povo a libertar-se das garras do subdesenvolvimento e do totalitarismo que já nos ameaça [illegible] — êsse é o pensamento da grande maioria dos estudantes brasileiros, que atualmente [illegible] a vergonha de verem a UNE [illegible] o sangue do povo ao visitar [illegible] [illegible] parcela do [illegible] seus próprios filhos. Sentem a vergonha de verem a UNE se fazer representar com exclusividade para os círculos do poder nos conclaves totalitários, [illegible] os [illegible] como a pequenina [illegible] em Helsinque. Sentem a vergonha de verem a UNE [illegible] os estudantes de [illegible] o governador Brizola quando fazia [illegible] com a de [illegible], estudantes, no dizer dêle [illegible] [illegible] [illegible]

[illegible] vergonha de verem a UNE [illegible] [illegible] [illegible] [illegible] ao [illegible] de [illegible] [illegible] a UNE [illegible] [illegible] vermelho [illegible] pelos livres [illegible] vez [illegible] Sentem a [illegible] de [illegible] [illegible] [illegible] de [illegible] a UNE [illegible] do povo [illegible] o [illegible] liberta).

[illegible] estudantil [illegible] contra êste [illegible] que a grande maioria está disposta a lutar. Aos poucos, tomam consciência de que a operação se faz [illegible] e para isso começam a participar das atividades dos seus diretórios, a comparecer, a votar e a [illegible] enquanto [illegible] a [illegible] tória. Os futuros médicos da Faculdade de Medicina já tomaram providências, [illegible] da [illegible] logia idem, os da Nacional de Ciências Econômicas fazem o orçamento dos [illegible], os da Engenharia estudam cálculo para que nada falte.

[illegible] ... sem que nos falta [illegible] ...

... "Não aceitamos os [illegible] de [illegible] ...

[illegible] ... numa reforma universitária na linha de uma mobilização geral de todos os recursos do país para a educação, e que permita oportunidades iguais a todos no acesso à universidade.

Em matéria de política, nossa experiência, alimentada pelas fontes do cristianismo, nos levou a repelir tôdas formas de totalitarismo que são, essas sim, verdadeiras alienações. Temos como critério principal a especial nobreza da natureza humana e seus direitos fundamentais, que os totalitarismos desconhecem ou ferem.

Democracia, para nós, é a forma política que se coaduna com os direitos do homem e que, por imperativos de justiça, e não por uma lei inelutável, procura levar a todos os frutos do gênero humano e a melhor participação dos frutos da terra.

Finalizando, desejamos ardentemente a concórdia em nosso meio mas, não podemos, de forma alguma, aceitar um falso compromisso, uma paz de conveniência, com sacrifício de nossas mais profundas e vitais convicções de brasileiros e cristãos.

É por isso, para preservar o que cremos nessa hora crítica para a PUC RJ, lançamos a ALIANÇA DEMOCRÁTICA UNIVERSITÁRIA, que será estrutura e ação para os que acreditam, como nós, na democracia e na dignidade humana.

LEVANTE EM CUBA

O Diretório Revolucionário Estudantil em Caracas, Venezuela, informa que às 23,30, hora local, do dia 24 de agôsto, o Comando Marítimo do Diretório Revolucionário Estudantil, sediado em Cuba, bombardeou o Hotel Rosita Hornedo e o Teatro Blanquita, próximos ao mar, onde se encontravam os tchecos e russos chegados recentemente à Havana para reforçar as tropas fidelistas.

Ocorreu também um Levante dos Comandos de Resistência nas serras de Escambray.

Foi distribuído clandestinamente um manifesto concitando o povo à revolução.

[illegible] ... ra-paga e o [illegible] de dinheiro.

Infelizmente muitos estudantes, bem intencionados, vivem situações normais em tempos anormais. Esquecem que nos dias que atravessamos, além de estudar, temos que lutar para continuar estudando. O duplo esfôrço é enorme, mas êsse é o preço da liberdade.

Êsse grupo simplesmente abandona a luta, apesar de vontade e vitalidade para lutar, considerando a UNE invencível, apesar de os estudantes livres da Alemanha comunista, no intervalo entre uma aula e outra, atirarem suas pedradas no muro da vergonha, e os portuguêses aliarem-se aos professôres também nos intervalos das aulas, para lutar pela democracia.

A segunda corrente advoga o desfiliamento dos diretórios acadêmicos para a posterior criação de uma entidade autênticamente democrática, capaz de fazer frente à União Nacional dos Estudantes, mesmo sem possuir 1 bilhão e quatrocentos milhões, para serem gastos da mesma forma que a do ano anterior, a não ser que o atual tesoureiro da UNE, Kluttau, disponha-se, no entender de alguns, a preservar o conceito de honestidade de que goza entre os seus colegas de estado, independentemente de qualquer posição ideológica, fizer pé firme na prestação de contas que nunca foi feita e enfrentar as iras do Partido Comunista, negando-se a compactuar com êste acinte ao povo.

Esta corrente, quase tão despolitizada quanto a primeira, não explica como criar uma nova entidade, impedir a infiltração da mesma, participar do escasso movimento universitário. Falam em criar uma entidade sem saberem como mantê-la, arregimentar estudantes, politizá-los, impedir que a famosa minoria domine os diretórios acadêmicos e, o que é fundamental, acabar com a imoralidade existente na UNE em nome do estudante e em prejuízo da nação. Com a mesma boa intenção da primeira corrente, consideram a UNE propriedade dos que viajam enquanto o povo passa fome.

Esta parcela dos estudantes, os totalitários também não temem e sabem perfeitamente que a tentativa não dá em nada, muito menos em nova entidade. Não precisarão sequer utilizar a violência e o terrorismo, como aconteceu em Quitandinha, para derrotá-los. Afinal de contas sabem os da UNE que, se demora algum tempo para fabricar um totalitário com todos os apetrechos tècnicamente necessários, demora muito mais educar um ser humano. Esta posição de criar outra entidade é, como a primeira, inútil e sem sentido para o movimento univer-

[illegible] ... se prepara ... [illegible] UNE, porque preferem ... [illegible] fique boa na primeira tentativa, serão feitas a segunda, a terceira e quantas se fizerem necessárias.

Os [illegible] desligaram-se da UNE que estão [illegible] o país [illegible] contra a [illegible] que houve no XXV Congresso da UNE e a orientação dada à entidade nos últimos anos. A grande maioria dos estudantes, que não votaram no congresso da UNE, votam agora no desligamento, exigindo a UNE [illegible] totalitária, não compactuando com a opressão e a desonestidade.

O desligamento destes estudantes da UNE, não é uma fuga, não significa retirada, é sua participação política no seu diretório, onde acorrerão em massa para discutir sôbre os destinos ... [illegible], do estudante e da Universidade brasileira.

Votem os democratas que [illegible] nos centros acadêmicos, dispostos a comparecer, em 1963, em massa ao Congresso da UNE, para pôr abaixo o [illegible] muro da vergonha dos estudantes brasileiros, representado pelo [illegible] dos atuais detentores do poder na Praia do Flamengo, fora do [illegible] vermelho.

Não se [illegible] os [illegible] ... [illegible] da UNE, em [illegible] tas que não podem [illegible] para enfrentar os prepotentes, e [illegible] físico e intelectual. Estes [illegible] estudantil são definidos ideològicamente e exigem definição. Repudiam a [illegible], o [illegible] bido de muito que se dizem [illegible] e se calam. São democratas e [illegible] que o são. E são dispostos a [illegible] um dia se fôr necessário para salvar [illegible] ou ganhar a [illegible], acabar com o comodismo, principal [illegible] vitória das minorias e, para isso, [illegible] mais democrático, a assembléia [illegible] a maioria diz não à UNE, não se [illegible] e partem para a conquista daquilo que é de todos, dos estudantes, dos velhos, dos moços, do povo: a UNE. Estão dispostos a acabar com a falta de vergonha dos [illegible] do bem público e lutar por uma educação adequada à realidade brasileira juntamente com os seus professôres. Estão cansados dos [illegible], dos demagogos, dos que só querem poder para afirmar a personalidade, muitas vêzes perdida no próprio trabalho para felicidade de todos.

PALAVRAS INICIAIS

Na primeira publicação feita por esta delegação do "Directorio Revolucionario Estudantil de Cuba" no Rio de Janeiro, G. B. (BASES PARA UMA REVOLUÇÃO LATINOAMERICANA), adotamos uma posição ideológica a respeito dos critérios que pretendem orientar o desenvolvimento econômico, social e político de nossos países. Já sendo conhecido nosso pensamento a êsse respeito pelos estudantes e pelo povo brasileiro, agora nos propomos a lhes trazer informações concretas sôbre o que ocorre presentemente em nossa pátria.

Foi implantado em Cuba um regime marxista-leninista, comumente chamado comunista. Isso não é novidade, porque todos o sabem. Seu líder máximo teve que mentir muito até chegar a tal ponto; teve que trair a todo um povo.

Não viemos aqui analisar a espécie de traição de que fomos vítimas; em outra ocasião, será analisada devidamente. Vamos demonstrar que o regime marxista-leninista introduzido em Cuba não conseguiu realizar a prosperidade e nem levar à liberdade, mas sim à miséria e ao terror.

Vamos citar palavras dos dirigentes comunistas cubanos e suas próprias leis. Discursos e leis estas que qualquer comunista tem... mas que não querem divulgar como o fazem ao propagar os ensinamentos de Marx e Lenine. Tão terrível é, portanto, o comunismo que nem as suas próprias doutrinas e realizações pode revelar.

Vamos esquematizar apenas tudo o que se passa em Cuba, apresentando somente a legislação revolucionária e os discursos de Fidel Castro, de Guevara, e outros.

VAMOS MOSTRAR O QUE REALMENTE SE PASSA NA "CUBA SOCIALISTA".

O Primeiro encontro Nacional de Produção

No sistema comunista implantado em Cuba por Fidel Castro e seus camaradas, seguem-se ao pé da letra as práticas dos partidos comunistas de todo o mundo. Uma delas consiste nas reuniões de autocrítica entre todos os membros participantes de uma determinada atividade do Estado comunista.

A baixa do nível da produção, o aumento dos preços, a qualidade inferior dos produtos, o aumento exorbitante dos custos da produção, o fechamento de indústrias e os deficits enormes das chamadas Indústrias Consolidadas — tudo isso, produto do plano de industrialização do Ministério de Indústrias, controlado por Ernesto Guevara — obrigou o estado maior comunista cubano a convocar uma reunião de todos os elementos que intervêm no processo de produção.

Entre os dias 26 e 27 de agôsto de 1961, com dois anos e nove meses de govêrno revolucionário, no Teatro Blanquita de Havana, localizado em Miramar, os "líderes da indústria cubana" estiveram reunidos, analisando o fracasso de seus planos e o êxito conseguido na destruição das principais fontes de riqueza de Cuba.

Os jornais, controlados pelo regime, reproduziram aspectos de tais reuniões, transmitidas pelo rádio e pela televisão, mas às quais quase ninguém prestaria atenção, por já estar acostumado demais a tais "shows". Ao ser publicada a matéria relativa a êsses encontros, evitou-se menção a todos os insultos e recriminações que os "camaradas" se fizeram ao tentar cada um sair mais "limpo", mas foram tantos os insultos que a censura não pôde policiar a todos.

As expressões de Fidel Castro e de "che" Guevara aqui vão citadas, (1) e delas se deduzem muito bem as "grandes" conquistas realizadas no processo da industrialização de nosso país, e que se constituem numa das bases da propaganda do regime para a América Latina.

EIS AS EXPRESSÕES PROFERIDAS POR ERNESTO GUEVARA, MINISTRO DAS INDÚSTRIAS:

"Não se realizou nenhuma das metas assinaladas para a produção. Apenas uma ou duas das quarenta Emprêsas Consolidadas conseguiram isso".

"Na Emprêsa Consolidada do Fósforo, êsse produto é uma das maiores vergonhas que temos a registrar no Ministério das Indústrias".

"A verdade é que os refrescos têm o sabor de algo que não se sabe muito bem o que é... A Coca-Cola, que era o mais tomado, tem um gôsto de Xarope de tosse".

"Todos estamos enfrentando a falta de garrafas. Ela se faz sentir tanto para os refrescos como para os vidros utilizados nos laboratórios médicos e apresentou-se também para o leite, em alguns momentos".

"Isso quer dizer que havia uma série de indústrias que estavam se ressentindo da falta de vasilhames adequados e as fábricas de vidro permaneciam paradas, muito provàvelmente por falta de capacidade".

"Não é nada bom, por exemplo, haver sabão em Havana e não haver no campo, devendo ser o produto distribuído de tal forma que não haja falta em parte alguma".

"No caso da borracha, houve insuficiência nos comêços de ano. Houve ausência de papelão e de sacos de papel, em momento determinado. Há atualmente escassez de pastas para dentes. É necessário ser pontualizada a razão. Há quatro meses que se vem verificando paralização do fabrico e não se tomou ainda providência urgênte, como seria de desejar".

"Se bem que não tenham sido muitas as indústrias paralisadas, o ritmo da produção tem sido mais lento do que era previsto".

"A escassez de sucos concentrados foi uma falta de previsão dos companheiros do INRA na planificação de sua produção dos sucos de laranja".

"A "Antilhana do Aço" foi obrigada a parar".

"É verdade que o Ministério do Comércio Exterior cometeu êrros e que alguns dêles nos custaram paralização, mas não é menos verdade que houve uma ausência total de previsão por parte da maioria dos diretores de emprêsas".

"O crescimento da produção poderia ter sido mais intenso e a distribuição mais eficiente, se se houvessem superado as falhas de organização postas em destaque no curso das exposições e discussões".

"NÃO PODEMOS CONVERTER NEM O IMPERIALISMO, NEM O AUMENTO DO CONSUMO EM "TOTI" (*) E PRETENDER QUE TUDO SEJA INCRIMINADO PELO AUMENTO DO CONSUMO, PORQUE NÃO É EXATO".

EXPRESSÕES DE FIDEL CASTRO NO PRIMEIRO ENCONTRO NACIONAL DE PRODUÇÃO.

"Cada um de nós se encontra ante a circunstância de fazer algo que jamais tinha feito antes, e daí tôda a atual situação do país, a reestruturação nacional, a sua administração terem caído entre mãos que não tinham experiência de tais trabalhos".

"No primeiro aniversário da Revolução havia abundância de tudo, nada faltava e os armazéns andavam abarrotados".

"Já existem muitas obras projetadas e falta cimento, faltam vergalhões de ferro e não há o material necessário para começá-las".

"Além de tudo, êsse primeiro encontro está cheio de deficiências de organização".

Ser mais claro não é possível. Aí está o desastre na bôca dos próprios líderes. Bem como a necessidade de consertar um pouco as coisas, com umas tantas promessas. Por isso Castro prometeu que em dezembro de 1961 estaria solucionado o problema do abastecimento de aves em Havana; a partir de janeiro de 1962, a produção de cereais superaria tôdas as necessidades do mercado nacional; em junho de 1962, a produção do pescado atingiria as necessidades do consumo; a 1.º de fevereiro de 1962, estaria abolido o racionamento de banha de porco, etc., etc.

Mais uma vez ficaria comprovado que o Socialismo Econômico é um "sistema de futuro"...

(*) Toti, pássaro tropical cubano.

"A culpa é do toti", frase popular cubana, usada para encerrar as discussões.

Mas o que sucedeu com as promessas?

A 12 de março de 1962 foi promulgada a lei n.º 1015, (2) que diz o seguinte:

Primeiro Ministro
Máximo Berman Berman
Ministro do Comércio Interior

Nessa mesma noite, Fidel falou com amargura e anunciou o próximo racionamento. Disse que "a situação põe à prova a capacidade da Revolução e dos revolucionários. Nem tudo são rosas. Há também espinhos no caminho".

Enquanto a "Nova Classe" come e bebe . . .

Anunciou que se adotariam medidas drásticas contra os especuladores... "Se fôr necessário chegar ao paredão contra os especuladores, chegaremos ao paredão".

Disse também, como de costume, QUE A CULPA DE TUDO CABE AO IMPERIALISMO NORTEAMERICANO e que "é difícil construir o paraíso", mas "a grande tarefa revolucionária é construir para o futuro...".

No dia seguinte, entrava em vigor a primeira Resolução da Junta Nacional para Distribuição dos Gêneros, que é a seguinte:

Havana, 13 de Março de 1962, "ANO DA PLANIFICAÇÃO"

Junta Nacional para a Distribuição dos Gêneros

Pior que os escravos da Colônia

Estão os cubanos fazendo História. Em 1842, sob o domínio espanhol, os escravos tinham, garantidos por lei e tradição, ao menos 280 gramas ao dia de carne ou bacalhau, 2.240 gramas de legumes, 140 gramas de arroz e 420 gramas de banha de porco. (*)

Em 1962 sob a dominação comunista, os escravos — ou seja, qualquer cidadão que não pertença à classe dirigente — nem Fidel nem Dorticós vão entrar na "fila" — só tem direito por lei (o que também não quer significar que seja encontrado efetivamente nos estabelecimentos fornecedores) 59,5 gramas de carne e 17,5 gramas de peixe por dia, 112 gramas de arroz, 280 gramas de legumes e 35 gramas de banha de porco.

Tudo isso foi o que conseguiu quem afirmou que "sem a satisfação das necessidades do homem não há nem democracia nem liberdade possível"; "os homens são escravos de tôda espécie de misérias e por isso, reclamamos um regime que liberte o povo de todo gênero de privações e explorações". (3)

Uma Sentença Econômica

No mês de abril de 1962, Castro condenou formalmente os frustrados invasores de Playa Girón a trabalhos forçados durante 30 anos, a menos que fossem resgatados por um total de 62 milhões de dólares.

(*) Tomado do "Bando de 14 de novembro de 1843 do Governador Don Joaquim Ezpeleta e Jos. "Apuntos Autógrafos Inéditos" de José Antonio Saco".

(3) Palavras de F. Castro na CMQ-TV 21 de Maio 1959

Não nos interessa analizar aqui a parte moral ou jurídica da questão. (Basta dizer que tôdas as organizações revolucionárias cubanas rechaçaram tal proposta de negociação do Tirano):

É interessante frisar apenas a necessidade urgente que têm os comunistas cubanos de conseguir dólares.

Explicação? Muito sutil. A sua maior fonte de divisas é a indústria açucareira. Mas, a troca de compradores — U.S.A. pelo Bloco Socialista — teve resultados inteiramente negativos, apesar das declarações do atual Ministro das Indústrias, Ernesto "Che" Guevara, em março de 1960:

> "FALA-SE EM DIMINUIR A COTA DE AÇUCAR CUBANO E MESMO SUSPENDÊ-LA INTEIRAMENTE. QUANTO ANTES MELHOR; PARA CUBA ERA UM SÍMBOLO DO COLONIALISMO. NÓS NOS ARRUMAREMOS MELHOR SEM OS JUGOS IMPERIALISTAS".

Sirva como ilustração das conseqüências desta "libertação do imperialismo" o seguinte fato: em 1957, o total dos salários pagos aos trabalhadores agrícolas e industriais, no setor açucareiro, subiu a 327 milhões de pesos (dólares), cifra que representava quase 50% do valor total da produção dêsse ano, e que era o resultado das conquistas devidas à Federação Nacional dos Trabalhadores Açucareiros (Os outros fatores da produção eram: os colonos — empreiteiros agrícolas — e os fazendeiros — empresários industriais —).

O valor total da produção açucareira vendida ao Bloco Socialista, segundo o Convênio que serviu de base para regular a safra de 1961, elevou-se a $320 milhões de pêsos (4 milhões de toneladas a $ 0,04 as 460 gramas). Isso quer dizer que o total percebido pela safra vendida ao Bloco Socialista não chegou a cobrir o que era antes a participação de um só dos fatores da produção açucareira.

Além disso, essa quantidade paga-se, sobretudo, em mercadorias de má qualidade e não em dólares.

E como se isso fôsse pouco, a safra (como tôdas as demais atividades do país) foi bastante fraca. Em março de 62, afirmou "Che" Guevara, numa reunião de trabalhadores açucareiros: "A primeira afirmação a fazer é que a safra foi má".

E afirmou que a sêca afetou os canaviais, mas que a principal razão da baixa da produção foi o trabalho agrícola e industrial mal feitos.

Depois de revelar que sòmente três ou quatro das cento e sessenta usinas de açucar haviam conseguido as cotas previstas, acrescentou: "Trabalha-se com deficiência no cumprimento das metas pré-estabelecidas". Segundo Guevara, a produção dêste ano atingiu sòmente a 3 milhões de toneladas de açucar bruto.

Por último, revelou que em muitos pontos do território também foram queimados muitos canaviais.

RESUMINDO:

— Não foram criadas novas indústrias.
— Algumas indústrias foram paralisadas.
— Diminuiu a produção.
— Caiu a qualidade dos produtos.
— Há necessidade urgente de divisas.
— O trabalho foi mal feito.
— Há sabotagem.

Tudo isso por que?

Os marxistas apresentam dois motivos: o primeiro, as agressões do imperialismo ianque; o segundo, as dificuldades inerentes ao começo de tôda Revolução.

Sôbre o primeiro, deve-se afirmar claramente, e de uma vez por tôdas, que foi Fidel Castro quem, deliberadamente, procurou o apoio do Bloco Socialista e a inimizade dos Estados Unidos. E assim procedeu com todo o cinismo, enquanto proclamava o contrário, fazendo-se de vítima.

A 17 de abril de 1959, em seu discurso perante a Associação Norte-Americana de Diretores de Jornais em Washington, Fidel Castro declarou (em inglês):

— Desejo explicar que não viemos aqui por dinheiro. É possível que muitos outros govêrnos tenham vindo aqui por dinheiro e muita gente crê que cada vez que um govêrno vem aqui, vem por dinheiro.

Eu estava mais interessado na opinião pública do que no dinheiro. E não estava de acôrdo com que se confundisse a finalidade da viagem. (4)

O antigo ministro da Fazenda cubano Rufo López Fresquet declarou:

— Quando acompanhei Fidel a êste país em abril de 1959, o primeiro ministro me advertiu, quando saímos de Havana, para que não discutisse assuntos econômicos cubanos com as autoridades, banqueiros ou capitalistas do Norte. Em diversos ocasiões, durante a viagem, Castro repetiu a advertência. Esta é a razão por que, quando visitei o secretário do Tesouro, Robert B. Anderson, não respondi às indicações oficiais de que os Estados Unidos eram favoráveis a prestar ajuda ao nosso país. Também por esta razão, durante nossa permanência em Washington, quando troquei pontos de vista com o Subsecretário de Estado para Assuntos Latinoamericanos, Roy Rubottom, fingi uma indiferença cortês ante sua declaração concreta de que o govêrno dos Estados Unidos desejava saber como e de que forma poderia cooperar com o govêrno cubano na solução das necessidades econômicas mais urgentes. (5)

Outro dos peritos financeiros cubanos, o antigo presidente do Banco Nacional de Cuba, Felipe Pazos, falou da reunião a que assistiram o subsecretário Rubottom, funcionários do Departamento de Estado e do Departamento do Tesouro, o Ministro da Fazenda cubano López Fresquet, o Ministro cubano de Economia Regino Boti e o próprio. Os norte-americanos, que haviam tomado a iniciativa de convocar a reunião, pediram repetidas vêzes aos cubanos que dissessem o que os Estados Unidos podiam fazer para ajudá-los econômica e financeiramente. Atados pelas instruções de Castro, os cubanos só puderam responder que não necessitavam de ajuda e que não tinham nenhum pedido a fazer. Pazos passou pela mesma experiência no Fundo Monetário Internacional. O terceiro perito cubano, Dr. Ernesto Betancourt, fêz as mesmas revelações.

Isto não quer dizer que negociações financeiras ou econômicas entre os Estados Unidos e Cuba teriam tido necessàriamente um desfêcho feliz. Significa, sim, apesar de uma impressão contrária muito disseminada, que Castro nem sequer quis tentar a negociação. Poder-se-ia replicar que a revolução na qual pensava não podia ser apoiada

pelos Estados Unidos, mas não é isso o que têm dito os propagandistas de Castro, que têm preferido a versão mais fantástica do Prof. Mills sôbre a "fria acolhida" dispensada, inclusive, a "pedidos de escassa importância".

Muito mais lúcido foi o "camarada" Ernesto "che" Guevara. Fidel demorou mais, porém já proclamou seu pensamento. E assim, a 13 de março de 1961, declarou pomposamente: "Por isso, vista a questão de fôrça contra fôrça, o poderio do imperialismo é um poderio decadente face ao da União Soviética, da República Popular da China e dos países socialistas".

A entrega de Cuba ao Bloco Socialista tem trazido fome e opressão ao povo cubano o que parece fazer rir a Fidel e Nikita, unidos em íntimo abraço.

E melhores ainda, mais cínicas e descaradas foram as declarações que circunstâncias internas levaram-no a expressar a 1.º de dezembro de 1961. (6) "Acredito no Marxismo? Sim, creio no Marxismo! Acreditava o 1.º de Janeiro? Sim, acreditava o 1.º de Janeiro (1959)! Acreditava o 26 de Julho? Sim acreditava o 26 de Julho (1953)!"

(6) Palavras de F. Castro na CMQ-TV 1.º de Dezembro 1961

"Terei algumas dúvidas a respeito do Marxismo e entendo que algumas interpretações foram equivocadas, e será preciso revê-las? Não tenho a menor dúvida sôbre êle !".

"Algumas pessôas têm me indagado se eu pensava, quando do ataque ao Quartel Moncada (26-7-53) como penso hoje".

"Quem quer que leia o que diziamos naquela ocasião verá... que se trata de um documento escrito com muita cautela. "Se o tivéssemos escrito sem cuidado, se houvéssemos lançado um programa mais radical... não teria conseguido a amplitude que teve e que tornou possível a vitória". "Não se poderá esquecer jamais, a meu crédito, os primeiros dias depois do triunfo,os visitantes que chegavam a minha casa". "... repugnava-me de verdade aquela procissão em tôrno de mim de tôda aquela gente naquele dia. Bem, mas, em primeiro lugar, que estarão acaso acreditando? E eu dizia: os que acreditam, melhor. Quanto maior número acreditar que poderá vir até cá e contar conosco, melhor! MAIOR SERÁ A SURPRESA QUE ÊLES TERÃO"!

Ei-lo aí, em suas próprias palavras. Marxista há muito tempo, negou essa condição durante muitos anos e acredita que o bloco socialista está em ascenção do mundo e que a fôrça do "imperialismo" está em decadência com relação a êle.

Pois bem: o "poderoso" Bloco Socialista, liderado por um grande país, que conta com 45 anos de socialismo, não pode salvar a economia cubana. Isso está sendo já demonstrado... com as leis e palavras dos próprios comunistas cubanos.

A Economia, Talvez, mas a Liberdade, Não.

Agora vamos proceder a concessões no campo da Lógica pura. E vamos conceder muito... Tanto como nem sequer Kruschov concederia... (E se não o acreditam, verifiquem seu discurso de março de 1962 — 45 anos de socialismo — sôbre a agricultura na URSS). Vamos conceder que o problema econômico possa vir a ser resolvido daqui a 100 ou 150 anos... Mas o que não se pode solucionar é a falta de liberdade; e com isso passamos ao segundo argumento.

As dificuldades inerentes ao início de tôda revolução — conseqüência da eliminação da oposição da Direita — não foram grandes.

Isso foi reconhecido pelo próprio Fidel Castro. (7)

"O Comunismo coloca a unidade de um setor e a guerra de classe. Nós queremos a união de todos os setores e de tôdas as condições simplesmente porque devemos procurar colaboração em todos os setores da vida social. E isso já o conseguimos, contando a Revolução entre 90 e 95% do povo, pois o priva de nada e nada lhe exige e sem dúvida adota leis profundamente revolucionárias".

O Povo, de fato, apoiou Castro em seu programa,

Encontram-se nas mais ínfimas condições. (note-se o lixo chão, e a falta de assistência médica).

Mas o Povo, logo depois, devido a sua traição, se opôs a Castro. E é por isso que se queimam casas comerciais, indústrias e canaviais. Por isso, o trabalho é mal feito. Por isso, as prisões estão cheias. Por isso, é grande o número de exilados. Por isso, fuzila-se continuamente.

(7) Palavras de F. Castro no CMQ-TV 21 de Maio 1959

Sirva como fato esclarecedor da oposição do povo o êxodo dos profissionais. Dos 5 mil médicos que havia em Cuba saíram do país 1300; dos 1800 farmacêuticos, 300; dos 700 engenheiros agrônomos, 300; dos 1800 contadores públicos, 1000; de 800 engenheiros civis, 350; de 530 engenheiros eletricistas, 300.

Por que? Porque ninguém quer ser escravo. Sim, tal como soa a palavra: ESCRAVO. Porque em Cuba...

O Profissional não tem Liberdade

Muitas Associações Profissionais foram tomadas à fôrça, sem subterfúgios legais de espécie alguma.

Exige-se um juramento de fidelidade ao regime. Torna-se difícil a saída do país, para o que se é obrigado a negar a profissão no passaporte, ou a refugiar-se numa embaixada estrangeira.

Milhares de profissionais dignos têm abandonado o país, colaborando desta maneira ao enfraquecimento do Regime.

Por fim, as Associações Profissionais foram transformadas em "Academias" e os fundos e abrigos, suspensos.

Se se acredita que os profissionais são os "menos mal" tratados pelo regime vigente, pela necessidade que tem dêles poder-se-á formar uma idéia de como terão sido tratados os setôres restantes do trabalho.

O Estudante não tem Liberdade

Nos centros oficiais, foram substituídas as Associações Estudantis pela "Asociación de Jóvenes Rebeldes", organização militar juvenil que teve a sua origem na "Juventud Socialista", generosamente dissolvida "em sacrifício da unidade revolucionária".

Brigadas Universitarias. Hoje em Cuba, o estudante só tem "o direito" de desfilar uniformizado.

Esta A.J.R. conseguiu precisamente o oposto da propaganda castrista: CONVERTER ESCOLAS EM QUARTÉIS, entronizando a coação física nos centros de estudos.

A A.J.R., além disso, serviu de trampolim. A 13 de março de 1962, Fidel Castro declarou que deveria mudar seu nome para "JUVENTUDE COMUNISTA". Como se pode verificar, da evolução dos nomes que lhe foram dados, foi ela muito significativa: "Juventude Socialista — Jóvenes Rebeldes (A máscara) — Juventude Comunista".

Para os centros privados, foi promulgada uma lei que permite a "intervenção" do Ministério da Educação em caso de desordens para garantir a normalidade funcional do curso escolar. E paralelamente se fomentou a criação de grupos de "jovens revolucionários", para provocar tais desordens, ou seja: o pretexto da "intervenção". O primeiro centro a sofrer intervenção por êsse método foi a Escola Eletromecânica Belém, em Havana, em fevereiro de 1961.

Mas, a oposição firme dos estudantes provocou a radical ESTATIZAÇÃO DE TODOS OS CENTROS EDUCACIONAIS NA NAÇÃO, no mês de maio de 1961.

Na Universidade de Havana, a 15 de julho de 1960, em reunião realizada no anfiteatro da Faculdade de Filosofia e Letras, uma minoria de estudantes e alguns poucos catedráticos traidores concordaram em dissolver o Conselho Universitário e tôdas as Congregações de Professores e constituir uma Junta de Govêrno integrada por quatro estudantes e quatro professores para dirigir totalitàriamente os destinos da Universidade. A Junta assim constituída — absolutamente ilegal — conclamou todos os professores a acatarem sua "autoridade" pùblicamente. Os professores que não atenderam ao "apêlo" — mais de 80% — foram "afastados" de suas cátedras. A 4 de agôsto, por meio da lei 859, o Govêrno legalizou a espúria "Junta de Govêrno".

Na Universidade de Oriente, chegou-se aos extremos de forçar, mediante uma campanha de calúnias, a renúncia do Reitor, fundador da mesma, Dr. Felipe Salcines e de expulsar um numeroso grupo de alunos pelo simples fato de terem assistido às festividades religiosas de "Santo Tomás de Aquino", no Dia do Estudante Católico.

O Reitor da Universidade de Las Villas, Dr. Pedro Oliver, e um grupo professores arriscaram suas vidas, fugindo numa embarcação, face à perseguição de que foram vítimas depois de protestar contra o fusilamento do Presidente da Federação Estudantil Universitária, Porfirio Ramirez, que foi capitão do Exército Rebelde na luta contra a Ditadura de Batista.

Completa êsse quadro da situação universitária o contrôle, por um organismo supra-universitário, composto de representantes das três Universidades, funcionários do Ministério da Educação e do I.N.R.A.; a ausência de eleições estudantis e a substituição do sistema de concurso para a entrada de catedráticos pela contratação.

Resumindo, ouçamos o próprio Castro: "Naturalmente, hoje o Ministério da Educação tem que estar também ao serviço da Revolução". E isto significa: 1) Os pais não podem ministrar a seus filhos a educação que desejarem; 2) Só os membros da "Juventude Comunista" podem ser dirigentes estudantis; 3) Só os professores incondicionais podem ser catedráticos; 4) Em todos os níveis e currículos deve-se estimar obrigatòriamente o Marxismo, ficando abolido o ensino de qualquer outro sistema filosófico.

O Camponês não tem Liberdade

A Lei de Reforma Agrária Cubana, baseada nos mesmos princípios da mexicana e da boliviana, pode ser sintetizada, enquanto promessa e texto, a êste fragmento da auto-defesa de Fidel Castro no processo pelo ataque ao Quartel Moncada: (8). "Um govêrno revolucionário depois de assegurar em suas colônias, com caráter de donos, aos cem mil pequenos agricultores que hoje pagam arrendamentos, solucionaria satisfatòriamente e de forma definitiva, o problema da terra. Primeiro: estabelecendo, como ordena a Constituição, um máximo de extensão para cada tipo de emprêsa agrícola e adquirindo o excesso, por meio da expropriação, reivindicando as terras usurpadas ao Estado, secando os pantanais e alagadiços, plantando grandes viveiros e reservando zonas para o replantio florestal; segundo: repartindo o restante disponível entre as famílias camponesas, de preferência as mais numerosas, fomentando cooperativas de agricultores para a utilização comum de equipamentos de grande custo, dos frigoríficos e de uma só direção profissional e técnica para as culturas e a criação e facilitando, por fim, os recursos, equipamentos, proteção e conhecimentos úteis aos camponeses".

Na realidade, porém, que aconteceu?

- A formação de cooperativas — sobretudo nas terras dos latifúndios exploradores — já vem viciada desde a própria Lei. Diz o artigo

(8) Folheto "La Historia me Absolverá" por F. Castro 1953

43: "Sempre que seja possível, o Instituto Nacional de Reforma Agrária fomentará cooperativas agrárias. As cooperativas agrícolas organizadas pelo Instituto Nacional de Reforma Agrária nas terras de que disponha em virtude do determinado nesta Lei, estarão sob a sua direção, reservando-se o direito de designar os administradores das mesmas com o objetivo de assegurar o seu melhor desenvolvimento na etapa inicial dêsse tipo de organização econômica e social, até que se conceda por lei a sua mais ampla autonomia"

Como se vê, a Lei pretende organizar Granjas Estatais e o fato de se referir a uma "etapa inicial" não diminui tal juízo, já que não enumera os princípios cooperativos. Tudo fica nas mãos do I.N.R.A. que não procedeu a nenhuma regulamentação tendente à "mais ampla autonomia". E, além disso, não se "fomentou" senão que se "fez" isto é, não foi permitida a livre iniciativa do camponê.

Devido à resistência do camponês pelas imposições da Reforma Agrária Comunista, o Regime têm tido que obrigar as mulheres fazer trabalho da lavoura

• "A terra é de quem a trabalha", é o que pretende defender o artigo 18: "As terras de domínio privado cultivadas pelos colonos, subcolonos, arrendatários e subarrendatários, parceiros e biscaristas, serão adjudicadas gratuitamente a seus cultivadores, quando a sua extensão não exceda do "mínimo vital". (*) Quando tais agricultores cultivarem terras inferiores a êsse "mínimo vital", ser-lhe-ão acrescentadas gratuitamente as terras necessárias para completá-las, sempre que se possa dispor das mesmas e as condições econômicas e sociais da região o permitirem".

Se as terras cultivadas nos casos que se mencionam no parágrafo anterior, excedem do "mínimo vital", sempre que não passam de 67,5 hectares o arrendatário, sub-arrendatário, colono, sub-colono, parceiro ou biscarista, receberá 27 hectares a título gratuito, depois de prévia expropriação feita pelo Instituto Nacional de Reforma Agrária, podendo adquirir do proprietário, mediante venda forçada, a parte de sua possessão que exceda da área adjudicada gratuitamente, até um limite de 67,5 hectares.

Mas aqui, como se vê, não se fala de propriedade. E na prática tem sido assim. Relativamente foram distribuídos poucos títulos de propriedade e os repartidos são "papel molhado" (**), pois só se pode vender a terra, ceder ou explorar com permissão do I.N.R.A. Raro tipo de propriedade na qual o uso depende da permissão de outra pessoa.

• Além de tudo isso, o artigo 66 põe nas mãos do I.N.R.A. uma arma formidável: "Toda prática em contrário aos fins desta Lei, ou o abandono ou aproveitamento negligente das terras que em seu amparo se outorgam, poderá ser sancionado pelo Instituto da Reforma Agrária, declarando rescindida a transação a título gratuito das mesmas e seu reingresso no fundo de reserva de terras. O Regulamento desta Lei regerá a aplicação dêsse artigo".

Mas aqui, como de costume, não foi feita a regulamentação.

• E ainda que existisse, o artigo 54 diz: "São criados os Tribunais da Terra, para julgamento dos processos judiciais que regem a aplicação desta Lei a dos demais relacionados com a contratação agrícola e a propriedade agrícola em geral. O Instituto Nacional de Reforma Agrária formulará, dentro do prazo de três meses, a partir da promulgação desta Lei, o projeto de Lei Orgânica dos referidos Tribunais".

(*) Mínimo Vital. Equivalente a 27 Hectares.

(**) "Papel Molhado". Significa em Cuba uma lei que não se cumpre.

Passados três meses, a Lei Orgânica ainda não apareceu. Quem resolve na verdade são os advogados do I.N.R.A. NÃO HÁ OUTRA ALTERNATIVA.

E o que é mais conclusivo: o completo contrôle do mercado, que converte o agricultor em vendedor forçoso do I.N.R.A., acaba de delinear a situação atual do agricultor cubano: usufrutuário das terras estatais, sob o seu contrôle completo.

O Operário não tem Liberdade

O operario Julián Montesinos assassinado pela Milicia Comunista enquanto procurava asilo na Embaixada do Equador.

O Govêrno Revolucionário promulgou acaso alguma lei que ponha as massas trabalhadoras em condições de dirigir a produção e distribuição de acôrdo com o interêsse de todos?

Não.

As indústrias, os comércios exterior e interior e os sindicatos estão nas mãos do Estado. O Estado — segundo a "Lógica" marxista — há de refletir as decisões do Partido, não as da sociedade. E por isso não se procurou que representantes livremente eleitos por unidades produtoras, setor ou profissão, se constituíssem em assembléias planificadoras, mas os homens do Partido vêm ocupando a direção da vida econômica do país, para dirigi-lo como bem quiserem, sem responder perante o povo.

Os quatro passos principais para conseguir isto foram: as "intervenções", o "censo trabalhista", as "nacionalizações" e as "depurações".

1) A Lei 696, de 22 de janeiro de 1960, orgânica do Ministério do Trabalho, conferiu ao Ministro, no inciso j de seu artigo 7, a faculdade de "intervir em emprêsas patronais e organizações operárias, patronais e profissionais, quando as circunstâncias o exigirem, para manter em atividade os centros de produção ou o exercício dos direitos sindicais e sociais, sempre por motivo justificado ou com vistas à Lei, designando para isso os delegados interventores que achar adequados por sua capacidade". Estas "intervenções", sem regulamentação, na verdade, convertem o Ministério do Trabalho em patrão efetivo, equivalendo a "nacionalização".

2) A Lei 761, de 19 de março de 1960, dispõe sôbre a confecção do Primeiro Censo Trabalhista, convertendo o Ministro do Trabalho no empregador único, privando assim os sindicatos de tôdas as suas prerrogativas, posto que lhes nega até o direito de negociar com as emprêsas. Em seu artigo 1.º ela dispõe, de acôrdo com o estabelecido na Lei n.º 696, de 22 de janeiro de 1960, sôbre "a organização e realização do Primeiro Censo Trabalhista para efeito do qual o Ministério do Trabalho REGULAMENTE E CONTROLE o movimento do emprêgo em todo o país e se cumpram assim os fins que lhe forem impostos".

3) A 13 de outubro de 1960 foram "nacionalizadas" 381 emprêsas nacionais, por meio da Lei 890 e todos os bancos mediante a 891. Já no mês de junho haviam se nacionalizado (aí tem sentido a palavra nacionalização) as usinas de açúcar de propriedade norte-americana.

A 17 de outubro, Castro comentou tais leis pela televisão e de seu discurso se deduz, implícita, a definição socialista da Revolução. *Disse* ele: "O programa de Moncada foi cumprido". Mas os trabalhadores que tinham memória não poderiam acreditar. Disse Castro *naquela* ocasião: "A terceira lei revolucionária outorgava (no caso de ter triunfado o ataque ao Quartel Moncada) aos trabalhadores e *empregados* o direito de participarem de trinta por cento das utilidades em *tôdas* as grandes emprêsas industriais, mercantis e de mineração, incluindo as centrais açucareiras. Excetuavam-se as emprêsas meramente agrícolas, tendo em vista a implantação futura de outras leis agrárias".

Decididamente, o programa do Moncada não se havia cumprido.

4) A dominação dos sindicatos foi iniciada pelo Executivo da Confederação de Trabalhadores de Cuba, C.T.C., mediante a submissão, coação ou expulsão de seus integrantes. Face a isso, *não foi* difícil preparar eleições gerais com candidatura única e colunas em branco. Houve o caso de alguém que tomou a decisão de apresentar sua candidatura pela coluna em branco, em seu centro de trabalho; *os milicianos* do centro, um dia antes da eleição, deram-lhe a escolher: *retirar* o pedido ou ir para a prisão. Em outros lugares foi mais fácil: *o* aviso de ter-se encerrado o prazo da candidatura chegou no dia seguinte ao previsto.

Com tal esquema não é difícil compreender a "nova mentalidade proletária", tal como se expressa na revista "Cuba Socialista" *(fevereiro* de 1962, n.º 45): "... com antecedência ao XI Congresso Nacional, na totalidade dos Congressos das Indústrias se havia *concordado*, por unanimidade que, a partir de 1962, se renuncie a algunmas vantagens de ordem secundária que certos setôres operários haviam conseguido, em suas justas lutas contra os patrões. Entre essas se acha, por exemplo, o chamado 13.º mês de fim de ano.

Os milhões de pesos que se destinavam a este conceito, aumentariam os fundos do desenvolvimento industrial... Entre essas vantagens, encontra-se também o pagamento dos chamados nove dias *por* enfermidade, que em algumas indústrias era feito aos trabalhadores *no* fim do ano, mesmo sem ter estado doentes. Os Congressos Sindicais de comum acôrdo renunciaram a esta *prática viciosa que alimenta a falta ao trabalho...*

"O XI Congresso da CTC-R e os Congressos Sindicais das Indústrias... consideram a necessidade de revisão dos velhos contratos de

trabalho, que não correspondem mais à nova situação... e dentro dos quais se encontram *cláusulas que freiam o processo produtivo.*

Um dos acordos feitos com êsse sentido é o que estabelece que em tôdas as indústrias e trabalhos, com exceção dos insalubres e perigosos, ou em que o trabalho resulte penoso e esgotante, *os trabalhadores trabalhem efetivamente o dia de oito horas.*

Com esta falta de liberdade é muito fácil mostrar ao mundo um país em que as classes trabalhadoras, "como estão no poder", não necessitam de recorrer a greves ou reclamações.

Em Cuba ninguém tem Liberdade

• Em Cuba não ha liberdade de expressão. Disse Castro a 10 de novembro de 1961. (9)

(As históricas declarações desse dia, ante os Instrutores Revolucionários das "Organizações Revolucionárias Integradas", tinham dois fins: livrar-se da responsabilidade pelas injustiças que citou e ir preparando o ambiente para a creação do Partido Unico com *férrea* disciplina): "Pois bem, todo êsse aparato (de informação e propaganda) está hoje nas nossas mãos e esteve pràticamente em parte considerável desde os primeiros meses da Revolução,", "... já tôdas as estações de rádio estão em mãos revolucionárias e sob a direção da Comissão de Orientação Revolucionária". "As 156 estações estão hoje ao serviço da Revolução, as duas estações nacionais de televisão e todos *os* jornais".

• Dentro de um esquema totalitário, como o existente em Cuba, é muito fácil usar a coação.

Igual método é usado para conseguir as "grandes concentrações".

"Porque em vez de fazer tantas coletas (Disse Castro) não travaremos uma batalha pela produtividade? Com o aproveitamento dos recursos humanos, em vez de coletar 500 mil miseráveis pesos, pela fôrça, coletaremos 50 milhões de pesos, honesta e revolucionariamente. Não é muito melhor do que andar mendigando, pedindo e recolhendo tostões, e começar tôda a gente ver nos delegados e revolucionários uns "picaretas"? Interessa-nos que comprem uma revista que não se lê? Perde o país, com o papel que consome e perde o jornal porque, então, se procede a um desconto ao leitor, que não o lê, mas que

(9) Todos os trechos que seguem foram publicados no Diário "El Mundo" de 11 de Novembro de 1961.

lhe parece ter sido imposto. É muito melhor serem tirados 5 mil, 10 mil exemplares a menos e que todo o mundo o compre espontâneamente. Se causam dano ao jornal, se causam dano à Revolução, as coisas que implicam nesse tipo de *descontos obrigatórios*, isso está refletido na desconfiança de tôda a gente".

"Quando me indagavam: bem, por que querem descontar o sindicato por assembléias? Porque de outra maneira não pagarão todos. Ou seja: no fundo há um *processo coercitivo* para obrigar a gente a pagar".

"Há momentos em que são mais psicológicos para falar ao pessoal que outros; talvez no momento em que todo mundo tem fome com vontade de ir logo para casa, se o detêm ali, detem-se a desgosto. Haverá muitos que para que não digam que não querem ouvir, ficam".

• Já mais diretamente, têm a seu cargo a vigilancia os "Comitês de Defesa da Revolução" e os agentes do "Departamento de Segurança do Estado".

Os membros dos C. D. R. são os instrumentos para coagir o povo.

Os "Comités" estão organizados por bairros e centros de trabalho e estão integrados pelos piores elementos populares. Uma idéia disso é-nos dada pelas próprias palavras de Fidel Castro: "... temos o paradoxo de que enquanto intervínhamos nas sociedades da burguesia e havíamos estabelecido nela um Comitê de Defesa... o Comitê de Defesa que tinha êsses lugares num abandono espontoso, que mais parecia um "chiqueiro" que outra coisa".

• Sôbre os temíveis agentes do Departamento de Segurança do Estado ouçamos de nôvo a Castro: "Basta que qualquer companheiro numa granja, numa cooperativa, numa usina de açúcar, venha a crer que é membro da Segurança... e que tem poderes omnímodos sôbre a liberdade das pessoas, qualquer trabalhador, qualquer camponês, qualquer cidadão pode se ver prêso durante 15 dias ou 20, sem ver a sua mulher, sem os filhos, sem ver ninguém, e isso é realmente uma iniquidade".

"Mas há algo que me preocupa mais: mencionar o nome do órgão de Segurança, com certo temor, como um aparato misterioso do qual poderia surgir a qualquer momento alguma arbitrariedade...".

"E não é fácil explicar o fato de que um cidadão possa ser vitima de uma arbitrariedade desse tipo. Como explicar que um cidadão esteja 40 dias preso, sem julgamento? Ou que outro fique 30 dias e depois o soltem? Que outro fique 35 e outro 60? E que, nesse interim, além da prisão, lhe tenham tomado o carro e o tenham arrebentado, se é que chegaram a devolve-lo? ... nossa luta face aos ladrões de automóveis, aos "ocupadores de carros livremente", que tinha levado o Govêrno Revolucionário a sancionar uma lei determinando prisão de dez anos a todo o membro das fôrças armadas, miliciano, membro da Segurança, que utilizasse por conta própria veículo de uma pessoa prêsa... lei que, infelizmente não foi aplicada uma só vez".

"E vou dizer com toda franqueza: grande número de cidadãos em nosso país podem ser perfeitamente vítimas inocentes da arbitrariedade de cem e provàvelmente de mil pessoas".

"...a Revolução é a primeira a lamentar que não possa conceder garantias individuais...".

"...propor as coisas como o prêço inevitável da Revolução".

• A essas palavras, que não precisam de comentário, há que se juntar a anulação do recurso de "habeas corpus" e a criação dos "Tribunais Revolucionários", cujas terríveis características são as seguintes:

1) Fazer parte da jurisdição militar, que indica em cada caso os soldados e oficiais do Exército Rebelde e das Milícias que deverão integrá-los; soldados e oficiais, iletrados na maioria das vêzes, que padecem das condições mínimas de imparcialidade, independência e capacidade necessárias à função de administrar a Justiça.

2) Têm faculdades para "definir o delito e suas circunstâncias", assim como para "determinar o grau e quantidade das penas". (*)

Em Cuba, antes, as Leis diziam que "ninguém podia ser julgado por um crime que não estivesse previsto no Código", nem se poderiam impor outras sanções que as estabelecidas nas leis penais". Do mesmo modo proibia-se a aplicação por analogia dos citados preceitos. Mas Castro eliminou tôdas as garantias do moderno Direito Penal.

3) Não há necessidade de provas para condenar um acusado; basta a acusação do agente do Departamento de Segurança do Estado.

4) Não há limite de tempo para a apresentação dos detidos ante as autoridades, nem para a realização dos julgamentos. O caráter irregular dêsses Tribunais tem levado a casos extremos, no Presídio Militar de la Cabaña, de Lázaro Reyes — convocando-se, de surpresa, para julgamento, sem se poder dispor de advogado e condenando à morte em 15 minutos — e Efrén Rodrigues Calvo, fusilado após ter sido condenado à pena de 30 anos.

• Para resumir, bastam algumas palavras do magnífico analista do regime comunista. Milovan Djilas:

"O mecanismo do poder comunista é aliás o mais sutil que se possa conceber, ainda que leve à tirania refinada e à exploração mais brutal.

A sutileza desse mecanismo se deve a que um só partido, o Partido Comunista, constitui o fundamento de toda a atividade política, econômica e ideológica. Tôda a vida pública fica detida, avança, retrocede e dá voltas, de acordo com o que sucede nos centros do Partido.

(*) Lei 33 de 21 de Janeiro de 1959.

No sistema comunista a gente se dá conta em seguida do que se lhe permite e não se lhe permite fazer.

As leis e os regulamentos não tem importância mais especial para ela. Mas, sim, as regras reais e não escritas, no que diz respeito às relações entre o Govêrno e seus súditos. Com independência das lêis todos sabem que o Govêrno está nas mãos dos comitês do Partido e da Polícia Secreta".

Conclusões Finais:

O Comunismo Internacional pretende apontar a Revolução Cubana como modêlo para a América Latina.

Sai de Cuba continuamente enorme quantidade de propaganda, absolutamente contrária ao que ali acontece e tem acontecido.

Os comunistas cubanos incitam à realização da Revolução Marxista-Leninista. Inclusive durante a crise brasileira de 1961, Fidel Castro conclamou o povo brasileiro à insurreição. Menos mal que êste povo é inteligente e não lhe fêz caso.

Pois os que fizeram caso do "máximo líder de Cuba Socialista" encontrarão para seus povos a Miséria e o terror.

Esperamos que a leitura dessas páginas ajude a que se compreenda isso.

Quizermos apenas citar fatos, cifras concretas.
Sejam suficientes, por fim, os seguintes:
Em três anos de Revolução:

2.245 fuzilados
93.500 presos
300.000 exilados
1.000.000 de vistos pedidos.

Eis o que é "Cuba Socialista". "Viva o Marxismo-Leninismo"!

EPILOGO

"Todo o poder que iria adquirindo a casta de funcionários, unidos pela necessidade de manter-se numa ocupação privilegiada e pingue, iria o povo perdendo, sem ter a mesma razão de cumplicidade com esperanças e proveitos, para fazer frente aos funcionários enlaçados por interesses comuns.

Como tôdas as suas necessidades públicas viriam a ser satisfeitas pelo Estado, adquiriram os funcionários então influência enorme que naturalmente advém aos que distribuem algum direito e benefício.

Aquêle que quer agora que o Estado cuide dele para não ter que cuidar de si, teria então que trabalhar na medida, por tempo e em tarefa que o Estado pudesse lhe assinalar, posto que êste, sôbre quem cairiam todos os deveres, se daria naturalmente tôdas as faculdades necessárias para conseguir os meios de cumprir aquilo. De ser o servo de si próprio, passaria o homem a ser escravo do Estado. De escravo dos capitalistas, como se diz agora, iria até ser escravo dos funcionários.

Escravo é todo aquele que trabalha para outro que tem domínio sôbre êle; e nesse sistema SOCIALISTA dominaria a comunidade ao homem, que à comunidade entregaria todo o seu trabalho.

E como os funcionários são seres humanos e portanto prevaricadores, soberbos e ambiciosos, e nessa organização teriam grande poder, apoiados por todos os que se aproveitassem ou esperassem se aproveitar dos abusos e por aquelas fôrças vis que sempre compram entre os oprimidos o terror, prestígio ou habilidade dos que mandam, êste sistema de distribuição oficial do trabalho comum conseguiria usufruir em pouco tempo brutalidades, violências, furtos e tergiversações que o espírito de individualidade, a autoridade e ousadia do gênio e da astúcia do vício originam pronta e fatalmente em toda organização humana. "Do mau elemento humano — diz Spencer — não se podem fazer boas instituições". A miséria pública será, pois, com semelhante Socialismo, palpável e grande. O funcionalismo autocrático abusará da plebe, cansada e trabalhadora. Lamentável será, e geral, a servidão".

1. SUMMARY. The Reference A. AMSPELL exhibit toured six Latin American countries during a five-month period, February-June 1964. With the exception of Guayaquil and La Paz -- where excellent results were achieved -- the tour was only moderately successful, and must be classified a failure in Quito, Santiago and Montevideo. According to AMSPELL, the total number of persons who viewed the exhibit was 6,720. Another 2,792 persons reportedly attended conferences at which the AMSPELL team gave talks on the Reference A. exhibit and the dangers and weaknesses of Castro-Communism. Publicity was given the exhibit by 34 newspapers (47 items), 30 radio stations, and six television stations. AMSPELL estimated the TV audience at 1,300,000. Sample clippings are enclosed under separate cover. Reports from WH stations and the WAVE debriefing of the AMSPELL team lead us to conclude that the tour was a moderate success that could have been much better if it had been better organized and if the AMSPELL team had had more experience. (On balance) we believe the tour was well worth the approximately $12,000.00 KUBARK paid out. We do not, however, believe it should be repeated in the foreseeable future in view of the relative inexperience shown by the AMSPELL team on the recent tour and the many difficulties encountered in trying to organize the exhibit in the various cities.

2. COLOMBIA.

a. Bogota. The AMSPELL team arrived in Bogota on 12 February 1964 but were unable to make contact with the local AMSPELL/AMBARB contact until the next day. They were unable to get adequate advance publicity and had trouble finding space for the exhibit. About 200 persons attended the exhibit, and AMSPELL conferences were attended by approximately 485 persons. HLBA-6911 reported GISNEAKER-9's observations on the local reaction to the tour, which he judged to be indifferent. The AMSPELL team freely admitted to WAVE that the Bogota operation was something less than successful, but blamed the lack of advance preparations and the existence of an unfriendly press for their failure. It should also be noted that the AMSPELL team was not on the best of terms with some of the local Cubans, and this fact probably had a good deal to do with the poor showing.

b. Medellin. The showing in Medellin was better than in Bogota. The press was lukewarm but the director of the Caracol radio station gave them considerable publicity, and they were able to hold the exhibit in a central spot in the city. About 400 persons visited the exhibit over a period of three days, and 850 persons attended conferences given by the team.

c. Cali. The team received good advance press play in Cali, which was perhaps one reason for the fact that the local Communist party was also well prepared for their arrival. On the very first morning of the exhibit, a large crowd of Communists tried to enter the exhibit with the obvious intention of starting trouble, and when they were locked out began to throw rocks and "stinkbombs" into the exhibit hall. The incident provided considerable publicity for AMSPELL, as reported in BOGO 4332. A total of 100 persons attended the exhibit. The AMSPELL team claimed that the Communists were very strong in Cali and that working there was like swimming upstream.

3. ECUADOR.

a. Quito. The team arrived in Quito on 25 March, after spending several days in an unsuccessful attempt to obtain visas for Peru. QUIT 5867 reported the AMSPELL team's personality clashes with the local AMBARBs and the consequent poor performance by the AMSPELL team, who complained of the absence of police protection, adequate facilities for the exhibit, etc., and departed just two days later on the 27th. One member remained in Bogota to hold conferences, attended by 325 persons. While not accepting the blame for this fiasco, the AMSPELL team generally corroborated the above story in their debriefing by WAVE. After such incidents as reported in QUIT 5867, we are reluctant to recommend any future tours.

b. Guayaquil. The AMSPELL team considered Guayaquil their most successful operation, an opinion seconded by Guayaquil base who termed it a "resounding success." (See QUIT 5867 and HEGA 2900). The exhibit received front page coverage in "El Universo" and "El Telegrafo", and they were given a half hour on a major TV station. An estimated total of 1,200 persons visited the exhibit, and the team spoke before 40 members of a local group, Frente de Defensa Nacional.

4. Santiago, Chile.

The AMSPELL team arrived in Santiago on 5 March to coincide with the opening of the Latin American Youth Congress (LAYC). The Santiago operation was a complete loss because Chilean customs authorities would not release the exhibit during the congress and the AMSPELL team was unable to obtain space of any kind to hold conferences due to competition from the congress for space. (See SAGO 6577). The AMSPELL team had been counting on a contact in the Catholic University, Fernando SANHUESA, to facilitate their activities but SANHUESA told them that the LAYC was a failure from the Communist side and that the AMSPELL team could contribute more by remaining quiet than by actively propagandizing

against (and thereby calling attention to) the congress. The end result was that the AMSPELL team did nothing. An amateurish plan to kidnap a Cuban delegate to the LAYC as hostage for political prisoners in Cuba was quickly scotched by the Station. (See SAGO 6595).

5. La Paz, Bolivia.

The AMSPELL team arrived in La Paz on 17 March, and after some difficulty in obtaining space were finally able to open the exhibit in Club La Paz on 21 March. As noted in LAPA 5550, exhibits and conferences were held in various locations in the city, with the closing performance on 25 March at the Scala Theater hosted by the Venezuelan ambassador. The exhibit received excellent coverage in all four of the leading La Paz newspapers and the three largest radio stations carried AMSPELL conferences. Despite the excellent publicity, a total of only 600 persons visited the exhibit in La Paz. According to AMSPELL, this was due to Bolivian preoccupation with such things as a national day to demand a passage to the sea for Bolivia which stopped all traffic and communication.

6. Argentina.

a. Buenos Aires. The AMSPELL team arrived in Buenos Aires on 27 March during Holy Week. In addition to the delay caused by Holy Week celebrations, the team had difficulty finding space for the exhibit. With the help of the Chamber of Commerce, the exhibit finally opened on 6 April in Chamber of Commerce offices on Leandro Allem street. An estimated 1,200 persons visited the exhibit during a four-day period, and good publicity was also obtained in the La Prensa and La Razon newspapers. The AMSPELL group also obtained 10 minutes on Panorama Mundial, Channel 7 TV, as part of a 30-minute program on Cuba and the overthrow of Goulart in Brazil. According to AMSPELL, the Panorama program is rated as having 500,000 viewers. The AMSPELL team also held four conferences before small groups of Rotarians and university students which were attended by a total of 400 persons.

b. Rosario. The AMSPELL team arrived in Rosario on 11 April and opened the exhibit on 15 April, after the customary difficulties of finding a site due to the lack of advance preparations. The local chamber of commerce finally came through with an excellent site, the "Galeria Libertad", in the center of town. A total of 2,000 persons visited the exhibit during the three days it was open. Local newspapers (La Cronica, La Tribuna, La Capital) gave good publicity to the tour. The local radio stations gave spot announcements of the exhibit but did not give any additional publicity.

c. Cordoba. The AMSPELL team made a hurried trip to Cordoba, where they were able to show the exhibit to an estimated 600 persons during a three-day stay, 20-23 April. The local chamber of commerce was again very helpful in arranging for space for the exhibit and obtaining local press publicity. Good press coverage was obtained in Los Principios and Cordoba.

7. Montevideo, Uruguay. The AMSPELL team reported that Montevideo was the worst performance of the entire tour, with only twenty persons attending the exhibit. They arrived on 26 April and after unsuccessfully attempting to obtain a site in a central location, felt obliged to accept space in the Catholic Club, considered a center of reaction by many Uruguayans and remote from the main thoroughfares. Despite the poor reception and the lack of good local contacts, a fair amount of publicity was obtained in the local press and the AMSPELL team had a one-hour show on the local TV channel 10.

/ CONTINUED /

8. Caracas, Venezuela. The AMSPELL team arrived in Caracas on 9 May, having cut Brazil from the tour because of visa problems. Their early arrival caught their local contacts unprepared and it was not until 16 May that the exhibit opened. Excellent support was provided by station assets and widespread publicity was given to the event. However, the exhibit was located in a relatively remote spot and only 300 persons attended the exhibit, according to AMSPELL. (The Station estimate was 400-500). Another 140 persons attended AMSPELL conferences. The station report (HVCA-11393) which has been corroborated by the WAVE debriefing of the AMSPELL team, describes the typical experience of the AMSPELL team throughout the tour with the exception that local support was not always as effective as in Caracas.

9. Enclosed under separate cover is an AMSPELL statistical summary of the tour and press clippings from the countries visited.

1. José Antonio ECHEVERRIA Bianchi[2] and Juan NUIRY Sánchez,[2] leaders of the Directorio Revolucionario Estudiantil[4] (Revolutionary Student Directory) formed at the University of Havana, met in October 1956 in Miami, Florida, with two delegates of FIDEL CASTRO Ruz and with Carlos PRIO Socarrás to plan the uprising against the BATISTA regime. The delegates of the three groups agreed on a plan which called for CASTRO's group to land in Oriente and the other two groups to go into action at the same time in support of CASTRO's landing and subsequent activities. Faustino PEREZ,[2] a physician, and Juan Manuel MARQUEZ,[2] who was killed in the Sierra Maestra fighting, were CASTRO's delegates. Carlos MARISTANY,[2] former Minister of Labor, accompanied Carlos PRIO.[2]

2. After the assassination of Lt. Col. Antonio BLANCO Rico in late October 1956, ECHEVERRIA, NUIRY, and other members of the Directorio Revolucionario Estudiantil had to go into hiding because they were accused by President Fulgencio BATISTA of having been the authors of BLANCO Rico's death. Since then they have been working clandestinely to organize, arm, and prepare their group to go into action. There are approximately 100 men hidden in the Habana area awaiting the signal to strike, and other groups are ready throughout the island. Considerable support is expected from Cuban Navy personnel, once the action starts, as well as from many persons who have asked to join the group but have not been incorporated into the group for lack of proper arms. The Directorio has also been in contact with Army personnel and hopes that many of the troops will desert or go over to the Directorio's side when the fighting begins.[1]

3. The Directorio does not know or understand why the PRIO group, which is believed to be well-armed, has not gone into action as yet. The Directorio knows that PRIO has given instructions to his group leaders to remain quiet, but the reasons behind these instructions have not been determined.

Case 16603

15-21577

1. Confirming and supplementing our several long-distance telephone conversations, I report herewith concerning my interview with Mr. Frank Jackson and two members of the Prio Socarras' group in Miami, Florida, on 17 and 19 September 1958. This portion of the report is concerned with the mechanics of the operation and the personalities involved. It would be, I presume, of little interest to FI. A supplemental section contains a description of the material offered by the Cuban refugees, which portion, I assume, you will turn over to FI/WH Division.

2. On arrival in Miami, I called at the office of the FBI with a view to informing that Agency of my presence and of the general nature of the activities I proposed to engage in, so that the agents of the Bureau would not be unduly surprised if they learned of my activities from other agents who were presumably keeping my proposed contacts under surveillance. The SAC was absent from the office. I accordingly talked with one of the Duty Officers, a Special Agent named Schilldecker, whom I had met before and who has frequently cooperated with our representative in Miami, John H. Dyer. Schilldecker was most pleasant and cooperative. I informed him that the matter on which I was engaged had been coordinated with FBI headquarters through Mr. Charles Bates and that the Bureau interposed no objections. I then told him, in general terms, about the activities of Mr. Frank Jackson in Washington. The agent said that he had known Jackson for about 10 years and that he considered Jackson to be an unreliable person and a complete opportunist. He said that Jackson had been in Naval Intelligence during World War II and that since the end of his tour of active duty he had held a number of jobs in none of which he had been able to make a success. These jobs included the agency for a wine manufacturer, the position of deputy sheriff in Miami Beach, the agency for a maker of concrete blocks and several other enterprises. In one of his jobs Jackson had been suspected of pilferage and had been discharged on that account, although no prosecution was instituted. Jackson is now, according to Schilldecker, operating a private detective agency and is also acting as public relations adviser to Prio and his group. He is believed to be the owner of a corporation known as "Enterprises Many, Inc," the exact operations of which are unknown.

3. Schilldecker said that Jackson claimed to have excellent sources of information on Cuba and that he particularly had referred to a Captain Salvador Diaz y Versen, a political refugee from Cuba, who had engaged quite intensively in anti-Communist activities. Schilldecker said that the "legal attache" (I assume that means an FBI representative) at the US Embassy in Havana had at one time written to the SAC in Miami about Versen and had said that the latter had once been in a position to obtain valuable information concerning the activities of the Communists in Cuba, but that, in his belief, Versen was given to flights of fancy.

4. Schilldecker pointed out that, although the criminal cases against Prio and Curti had been ended with pleas of nolo contendere and fines, cases were still pending against four other Cuban exiles who are allegedly engaged in the gun-running plot. He said that inasmuch as the cases were primarily the interest of the Customs Department, the FBI was not immediately interested. He voiced the opinion that Customs representatives were maintaining surveillance on the defendants in the various suits.

5. Returning from the FBI office, I telephoned Jackson, as arranged, at 3:00 p.m. and identified myself as directed in WA-9979. Jackson said that it would be impossible to arrange a meeting with the Cubans that afternoon, since the leader of the group would not be available. He said that a meeting could be arranged for the following morning, Sunday, 19 September, at 11:00 a.m., and I accordingly arranged to meet the group in a room at the Columbus Hotel which I had reserved for that purpose. I suggested a preliminary meeting with Jackson so as to obtain information about the persons I was to see, but he said that that would not be feasible on Saturday and that he would drop in on Sunday morning a few minutes ahead of the rest of the group.

6. Jackson arrived at the designated room on Sunday morning at 10:45 a.m. He did not request the exhibition of credentials and I did not exhibit them. He said that the meeting with the Cubans would have to be postponed until 4:00 o'clock Sunday afternoon, inasmuch as the leader of the group was at that time engaged in preparing a speech. He said he would bring two members of the group to the Columbus Hotel at 4:00 p.m., and I agreed to meet them at that time.

7. Jackson said that the two men he wanted me to talk to were Senor Carlos Hevia and a Captain Verson, whose full name Mr. Jackson did not know. He said that Carlos Hevia is a leading Cuban consulting engineer and is a graduate of the US Military Academy of the class of 1919. For a short time he was President of Cuba and was subsequently Ambassador to the US. He is a member of Prio's Authentico Party, but belongs to the conservative wing which is highly critical of some of Prio's actions. Hevia was exiled from Cuba when his name was found on an envelope in the possession of Sanchez Arango. He is under indictment in the US District Court but has pleaded not guilty to charges of gun-running growing out of the same incident concerning which Prio pleaded "nolo contendere."

8. Captain Verson, according to Jackson, is and has been for many years the president of the Anti-Communist League of Cuba. During a part of the terms of Grau San Martin and Prio, Verson held the rank of Captain in the Cuban army and was in charge of a counter-espionage section dealing with Cuban Communists. Verson, in his official capacity, was largely instrumental in having the Soviet Embassy in Havana closed. He was removed by Batista from his Army post in 1952 and, after spending some months in sanctuary in the Uruguayan Embassy in Havana, he came to Miami in June of 1954.

9. Jackson also wished me to meet Prio, Dr. Pedro Martinez Fraga and Luis Ortega. Prio was currently in New York. Martinez was formerly Ambassador to the US and a delegate to the United Nations. He was described by Jackson as one of the most brilliant persons he had ever met and he said that I could obtain a

great deal of information from him concerning the present political and economic situation in Cuba. He was not immediately available and had no connection with the documents allegedly possessed by Verson. Ortega, a former newspaper columnist and member of Batista's Consultative Council, was also described by Jackson as a prolific source of information on Cuban political matters. He too was not immediately available and had no connection with the Verson documents. In the circumstances, I told Jackson that I would defer interviews with Martinez and Ortega until some future time.

10. At 4:00 p.m. on Sunday, 19 September, Jackson returned to the room in the Columbus Hotel, bringing with him Senor Hevia and Captain Verson. Jackson introduced me as Mr. Bruton, a pseudonym I had supplied. He told them that I was a representative of the US Government and that we were interested in the documents in Verson's possession. He assured them that the information which they might give me would be treated as highly classified material, and he then left the meeting. It developed that Captain Verson could not speak any English (incidentally, Jackson does not speak Spanish), so that it was necessary to converse with him through Hevia, who acted as interpreter. Hevia is fluent in English and Spanish.

11. The substance of the information supplied by Verson concerning the documents in his possession is contained in the second part of this report. Verson appeared to attach a very high historical value to the contents of his documents and seemed anxious to make them available to US authorities. He disclaimed any desire for a fee and merely said that he wished to retain the originals, since he considered that they constituted an authentic account of the growth of the Communist movement in Cuba, but that we would be entirely welcome to photostat or otherwise copy the contents of his files.

12. At the conclusion of the interview, I thanked the two Cubans for their courtesy and cooperation and told Senor Hevia that I would get in touch with him later in the week either directly or through Mr. Jackson.

13. I enclose herewith a letter to Hevia confirming our interest in the Verson documents and asking him to notify me when it is expected that they will begin arriving, so that we may attempt to facilitate their entry. You will note that I have signed the letter with the name "Bruton" which is how I was introduced to Hevia and Verson by Jackson. I think the letter should be mailed in Washington rather than in New Orleans, so as to allay any suspicions that Hevia may harbor that I am not actually a government representative. You will note that I have suggested that Hevia write to me in New Orleans in care of Miss Joan M. Eaton at Post Office Box 1016. He will, no doubt, assume that this is a letter-drop.

14. In view of the fact that I refer by implication to the Customs Department, I suggest that you hold the letter to Hevia until you or Ciecielski have discussed the matter with Mr. Emerick, who is the superior of Mr. Wyatt, the Supervising Customs Agent in Miami. I suggest that the letter be sent air mail, unregistered. I have left the date blank and I request that you insert it before mailing. If you wish to change the letter in any way, please do so. Hevia does not, of course, know my handwriting, so that the letter can be signed by anyone.

WE HAVE ALSO BEEN INFORMED THAT THERE IS A SAFETY DEPOSIT BOX IN THE NAME OF MRS. CARLOS PRIO AT THE BANK, TO WHICH HER HUSBAND HAS ACCESS. WE HAVE NOT ATTEMPTED TO FIND OUT THE EXTENT OF THE ACTIVITY WHICH HAS TAKEN PLACE IN CONNECTION WITH THIS BOX BUT COULD POSSIBLY DO SO IF IT WOULD SERVE ANY GOOD PURPOSE.

WITHIN THE PAST WEEK CARLOS PRIO PRESENTED ONE HUNDRED THOUSAND PESOS TO THE BANK AND REQUESTED CASH IN EXCHANGE THEREFOR. WE UNDERSTAND THAT THE ENTIRE AMOUNT WAS IN NEW BILLS. HE WAS TOLD THAT THE CURRENCY WOULD HAVE TO BE SENT TO CUBA FOR EXAMINATION AND THAT IN ALL PROBABILITY THE BANCO NACIONAL DE CUBA WOULD WANT TO KNOW THE IDENTITY OF THE PERSON EXCHANGING THE PESOS. CARLOS SAID HE WOULD RATHER NOT HAVE HIS NAME DISCLOSED BUT CONSENTED TO BE NAMED IF THE BANK INSISTED UPON IT. AT THAT TIME, CARLOS TOLD THE BANK OFFICIALS THAT HE HAD PREVIOUSLY SOLD A LARGE SUM OF PESOS TO ANOTHER BANK WITHOUT ANY DIFFICULTY.

APPARENTLY IN THE COURSE OF THE NEGOTIATIONS FOR THE EXCHANGE OF THE PESOS CARLOS REMARKED THAT HE FEARS A DEVALUATION OF THE CUBAN CURRENCY BECAUSE OF THE RAPID DEPLETION OF CUBAN GOLD RESERVES IN THIS COUNTRY, WHICH WOULD RESULT IN A LARGE FINANCIAL LOSS TO HIM.

OUR CONTACT IS AT THE MAIN OFFICE OF THE GUARANTY TRUST AND THE ACCOUNT AND SAFETY BOX OF THE PRIO'S ARE LOCATED IN ONE OF THE BRANCHES. BECAUSE OF THE IDENTITY OF THE DEPOSITOR AND THE MANNER IN WHICH THE ABOVE INFORMATION WAS NECESSARILY OBTAINED, OUR CONTACT HAS ASKED THAT THE DATA BE TREATED IN THE STRICTEST CONFIDENCE. ACCORDINGLY THIS INFORMATION MUST BE RESTRICTED TO CIA RPT CIA INTERNAL USE ONLY.

A. OPERATIONAL

1. During the period under review, financial support to the AMSPELL organization has been reduced significantly. As reported in references, the primary reason for the reduction was the inconsistencies of many AMSPELL activities with current WOFACT directives.

2. Cooperation between AMSPELL and the Station has been maintained through AMHINT-2, the principal agent of the AMSPELL operation. Although no longer being carried on a salaried basis, AMHINT-2 has continued to be responsive to Station guidance.

3. AMSPELL has continued its correspondence with various student groups and leaders throughout the free world, and especially in Latin America. AMSPELL has contacted various international student groups requesting passage money so that its delegates could be afforded the opportunity to attend upcoming international student conferences.

4. A campaign was launched to call attention to the plight of Pedro Luis BOITEL, a Cuban student leader who was unjustly imprisoned on the Isle of Pines by the CASTRO regime. A report/denunciation of the imprisonment of BOITEL was prepared and sent to AMSPELL's principal contacts in the Latin American student field seeking support for AMSPELL's demand that BOITEL be released.

B. PRODUCTION

1. AMSPELL bi-monthly magazine (copy being forwarded under separate cover)

a. AMSPELL efforts during recent months have been mainly concentrated on the preparation of its new bi-monthly magazine. 8,000 copies of the magazine's first edition which was published in May 1966 were distributed as follows:

(1) 3,000 copies sent to Latin America
(2) 1,100 copies distributed by AMSPELL delegations
(3) 3,000 copies distributed among Cubans in the United States
(4) 100 copies were sent to AMSPELL contacts and student movements in Europe, Africa, Asia, Canada, etc.
(5) Members of the AMSPELL organization also received copies in which the AMSPELL internal bulletin was inserted. Each member was asked to promote the sale of subscriptions and advertising space as well as to seek persons who would collaborate with the magazine staff by contributing their talents.
(6) The remainder was distributed among the various embassies, official representations of governments and organizations, both in the United States and abroad, as well as among Cuban exile journalists and organizations.

2. AMSPELL Cuban mailing

Since March 1966, 1,000 envelopes containing AMSPELL propaganda have been mailed to Cuba on a monthly basis. This propaganda is directed particularly at students who support the regime (copies of the propaganda are being forwarded under separate cover).

3. Press

The majority of AMSPELL press releases have been in connection with the mistreatment of political prisoners by the Castro regime. Other releases concerned the aforementioned BOITEL campaign and a tribute to Cuban martyrs who gave their lives fighting against the BATISTA dictatorship in 1957. (Copies of the press releases are being forwarded under separate cover.)

C. FINANCIAL

1. Final payment of AMSPELL salaries and termination bonuses was made in February in line with the Station's reduction of financial support to AMSPELL. Under the present arrangement JMWAVE support is limited to $1,600 monthly, this includes the $200 monthly financial support payment to AMHINT-1's family, office overhead, and support for printing/distributing the bi-monthly publication.

2. The following amounts were expended by the Station in support of AMSPELL activities during the second half of FY 66:

Operational expenses	$ 9,929.74
Salaries and termination bonuses	6,200.00
Total expenditures	$16,129.74

D. FUTURE PLANS

It is anticipated that AMSPELL efforts in the near future will be directed at the upcoming CLAE meeting which is scheduled to be held in Havana 29 July to 9 August 1966.

AMSPELL Progress Report, July-October 1965

ACTION REQUIRED - REFERENCES

ACTION REQUIRED: FYI

A. OPERATIONAL ACTIVITIES

1. General

During the period under review, AMHINT/2 visited Caracas and turned in a report on the university situation in that country which was submitted in Reference. In addition to the normal propaganda activities, the AMSPELL group waged a campaign for the release of political prisoners and has intensified this campaign since the announcement of the "open door" policy on 28 September 1965.

2. Propaganda Production (samples forwarded under separate cover)

a. 4,800 copies of the bulletin were mailed into PBRUMEN each month. Over 6,000 copies of the international edition were sent monthly to addressees in Latin America and Western Europe. Among the main issues treated in the bulletins were: internal problems of PBRUMEN communism as a result of Ben Bella's overthrow; communist atrocities in Viet Nam; testimony of Alberto Muller on the secret executions in Communist PBRUMEN; the comments of Identity A with respect to the PBRUMEN situation, the exodus and Che Guevara's disappearance.

b. Miscellaneous press clippings and press releases are also forwarded under separate cover. Included is an article by AMHINT/2 on the student discontent in PBRUMEN which appeared in Identity B. Other articles and press releases were used by Identities B, C and D and by AMHIM.

3. Radio Propaganda

AMSPELL continued its weekly radio programs and in addition prepared tapes for distribution to numerous Latin American radio stations. One such tape featured statements made by Alberto MULLER before his imprisonment. Local Spanish language stations also used AMSPELL tapes.

4. Other developments

In September, AMBARB/54 and two other members of AMSPELL resigned to seek other employment. The Station would appreciate current information regarding KULAMP's interest and possible employment of AMBARB/54 (per DIR 40414). He is an intelligent and capable individual and is currently investigating job possibilities in ZRMETAL with several international agencies.

AMHINT-2 Trip to Caracas

ACTION REQUIRED - REFERENCES

AR: FYI

1. Subject, Identity A, recently visited Caracas for the purpose of obtaining his residence visa and while there was in contact with the local AMSPELL delegation as well as with representatives of the major student political groups at the Central University in Caracas (UCV). AMHINT-2 was particularly interested in promoting a productive working relationship between AMSPELL in Caracas and Identity B, which appears to be a new Christian-oriented group organized to provide Liceo students with courses and seminars in fighting communism. A copy of the Identity B brochure is being forwarded under separate cover No. 1.

2. On his return, AMHINT-2 reported on the present composition of the local AMSPELL group. He indicated that Identity C, who first joined AMSPELL in 1960 in Cuba and who recently arrived in Venezuela from Santo Domingo, has replaced Identity D as leader of the group. A list containing the names of the other members of the delegation, as well as a brief description of their AMSPELL duties, is also forwarded under separate cover, Attachment No. 2.

3. At present, the AMSPELL group in Caracas is concentrating its efforts on working with Identity B and in maintaining good relations with the press in order to carry out propaganda at the least cost with such groups as the Jose Marti Patriotic Club and the UCE.

4. The AMSPELL delegation is in contact with a number of student political leaders not only at UCV but at several of the other universities. These contacts include Identities E, F, G, H and I.

PRINCIPIOS ESENCIALES DEL GREMIALISMO ESTUDIANTIL

Un Centro de Estudiantes, para considerarse ORGANISMO GREMIAL, debe distinguirse por su:

UNICIDAD:

— Debe ser único: por eficacia, conveniencia económica, educación del estudiante en materia de solidaridad y fundamentos legales de representatividad de TODO el estudiantado.

— En muchos países (el nuestro) no se da por la violenta división política.

NEUTRALIDAD:

— No puede identificarse con intereses de grupo.

— Su formulación aparece en un artículo de los estatutos que señala la aconfesionalidad y el apartidismo del gremio.

— No significa desinterés por las actividades religiosas o políticas.

— Tampoco puede significar la neutralidad, que el gremio no puede pronunciarse frente a la realidad: contra el engaño y en favor de la verdad.

DEMOCRACIA INTERNA:

— Principio que tiende a promover y a garantizar la libre contribución de todos los estudiantes en todo lo que atañe a la vida misma del Gremio Estudiantil.

REPRESENTATIVIDAD:

— Un Centro de Estudiantes debe ser el UNICO gremio estudiantil de derecho y de hecho.

— La Unicidad y la Democracia Interna son bases de la Representatividad.

— Lo fundamental es el contenido: SERVICIO DEL BIEN COMUN ESTUDIANTIL.

I) DELEGACION DEL D.R.E.

Hasta nuestro viaje a Caracas el delegado era Enrique Baloira, quien fue sustituido debido a su decision de venir a seguir estudios en Estados Unidos. El nuevo delegado es Lazaro Fariñas, quien es miembro del D.R.E. desde 1960 en Cuba dentro de la Pre-Universitaria y luego en Accion y Sabotaje. En el exilio participo dentro de la seccion militar y mas tarde en Santo Domingo como delegado ocupado en resolver los asuntos pendientes despues de la paralizacion del plan militar. Lleva alrededor de un mes en Venezuela.

Antonio Yañiz, miembro del DRE. desde Cuba en 1960. Actuo como Coordinador Provincial de Las Villas. Mas tarde vino al exilio y se infiltro a principios de 1961 clandestinamente en coordinacion con nuestros amigos para preparar un alzamiento en Las Villas. Sergio Gomez, Actualmente trabaja como Vice-Generente de la Empresa de Television "Vene-Vision". Es miembro del DRE. desde 1960 en Cuba. Su actividad dentro de la delegacion es de colaboracion en diversos asuntos pues carece de tiempo para algo especifico. La importancia basica es la influencia dentro de una estacion de Television, paralizando noticias que alienten o favorezcan el comunismo.

Pacifico Calera, estudia en la Universidad del Zulia junto con Aurelio Bussot. Viven en Maracaibo donde mantienen la delegacion especialmente en actividades de relaciones estudiantiles. A. OPERATIONAL ACTIVITIES

1. General

AMSPELL has continued its normal propaganda activities as outlined below. On 23 March 1965, AMHINT-2 agreed to the terms outlined in Reference B, including a substantial budget reduction, to become effective 1 April. AMSPELL's chief problem at the present time is to liquidate debts incurred as a result of the defunct AMSPELL paramilitary operation.

2. Propaganda

a. The March 1965 edition of the regular AMSPELL newspaper was mailed to Latin America and AMSPELL delegations in the U. S. (9,800 copies), attachment No. 1 under separate cover.

b. The March 1965 edition of the pony AMSPELL newspaper was mailed into Cuba (4,800 copies), attachment No. 2 under separate cover.

c. The AMSPELL international bulletin was mailed to its normal recipients during March 1965. Spanish edition — 2,900 copies, attachment No. 3. French edition — 1,925 copies, attachment No. 4. English edition -- 1,925 copies, attachment No. 5.

In connection with the prisoners' campaign (paragraph 5(a) below), 10,000 copies of the Prisoners' Message were printed, attachment No. 6; 5,000 copies of a letter to Chilean President Eduardo Frei, attachment No. 7; 5,000 circular letters to Latin American Identity A organizations, attachment No. 8; and 5,000 copies of a circular letter to AMSPELL Delegates, attachment No. 9.

3. Radio Propaganda

AMSPELL continued its regular radio operations consisting of a 15-minute program Tuesdays through Saturdays on AMTHIGH, and a 15-minute program broadcast every Monday over WMIE and several Latin American stations.

4. Press Releases

Miscellaneous press releases are included as attachment No. 10, under separate cover.

5. Other Activities.

a. The prisoners' campaign got off to a slow start. The Identity B meeting in March, which was supposed to have been the kick-off of the campaign, did not produce the expected results. Identity C was on a Latin American tour and was unable to attend, and Identity D, who had promised to push the prisoners' cause at the meeting, limited himself to pleas for Cuban Identity E prisoners. The letter written to Chilean President Eduardo Frei (attachment No. 7) by AMSPELL members imprisoned on the Isle of Pines was forwarded to the AMSPELL delegation in Santiago for delivery to the President. The Chilean elections, followed by the earthquake complicated this plan and the delivery of the letter was delayed. (See paragraph 2-d above for information re propaganda printed by AMSPELL in connection with the campaign.)

b. In connection with the 13 March anniversary of the assault on the Cuban Presidential Palace, AMSPELL issued a press release (attachment No. 10), all publications contained appropriate editorials and, in addition to full coverage on the regular AMSPELL radio programs, additional radio coverage was obtained on JMHOPE and AMTHIGH with a special interview. The AMSPELL publication re the anniversary is attached under separate cover, No. 11.

c. The AMSPELL delegation in Mexico participated in the tribute to Venezuelan workers (CTV) organized by the Cubans residing in Mexico City. (See attachment No. 10 for pertinent press releases.) Activities of other AMSPELL Delegations including publications and press releases are included under attachment No. 12.

Additonal printing expense (prisoners' campaign)	2,100.00

AMSPELL Progress Report -- January and February 1965

ACTION REQUIRED · REFERENCES

FYI:

REF: UFGA 19,393, 18 January 1965

A. OPERATIONAL ACTIVITIES:

1. General.

AMSPELL operational activities during January and February were of a routine nature, details of which are noted in the paragraphs below. AMSPELL-KUBARK relations have continued to deteriorate since the collapse of the AMSPELL paramilitary effort in the fall of 1964, and at the end of February the Station decided to reduce the AMSPELL subsidy. This problem was discussed in UFGA 20,262, 9 March 1965. We shall start implementing this decision at the beginning of April.

2. Propaganda.

a. The January and February 1965 editions of the regular AMSPELL newspaper were mailed to Latin America and AMSPELL delegations in the U. S. (9,800 copies each), attachment No. 1 under separate cover. This represents a planned reduction from the previous 19,800 monthly figure.

b. The January and February 1965 editions of the pony AMSPELL newspaper were mailed into Cuba (4,800 copies each), attachment No. 2 under separate cover.

c. The AMSPELL international bulletin was mailed to its normal recipients during January and February 1965. Spanish editions--2,900 copies each, attachment No. 3. French edition--1,925 copies each, attachment No. 4. English edition--1,925 copies each, attachment No. 5.

3. Radio Propaganda.

AMSPELL continued its regular radio operations consisting of a 15-minute program daily except Sunday on AMTHIGH, and a 15-minute program broadcast every Monday over WMIE and several Latin American stations.

4. Other Activities.

CARA 9922 and related traffic discussed problems with AMSPELL representatives in Caracas.

AÑO 1 DICIEMBRE 1964 BOLETIN INFORMATIVO DEL DIRECTORIO REVOLUCIONARIO ESTUDIANTIL No. 7

NUESTRA OPINION

MENSAJE DE NAVIDAD

Al finalizar un año más, encontramos ante nosotros el panorama de un Mundo Nuevo en muchos aspectos, pero estatico y quizás atrasado en otros sentidos de la vida. La humanidad cumplirá dentro de unos días un año más; ¿pero acaso no está el hombre de hoy buscando para sí al igual que hace siglos un camino que le ayude a encontrar el verdadero objetivo de su Ser?

Diciembre es un mes de meditación en la vida de los hombres. Finaliza un año y comienza otro. Es hora de análisis y planificación de vida. Pero más que todo esto representa el renacimiento de una idea y de un modo de vivir para la humanidad. Un orden nuevo y revolucionario que nació hace veinte siglos, vuelve cada año en este mes a tomar plena vigencia, porque nosotros no hemos olvidado en nuestro duro bregar de meses la verdad y la razón de nuestras vidas.

Cabe entonces en este momento hacer una pregunta: ¿Se ha logrado consolidar la Paz Mundial? Una respuesta semejante y definitiva aparece cada año. El Mundo de hoy no solamente vive alejado de la Paz sino que cada día escoje caminos más difíciles para su logro, llevándole al irremediable peligro de las guerras nacionales e internacionales.

Dos causas hay en la realidad de este Mundo, una de orden Moral, la otra de características sociales y políticas. Ambas se complementan entre sí y son necesarias para lograr una estabilidad dentro de la sociedad que ha tocado vivir al hombre.

Se quiere por una parte lograr la Paz en el Mundo de hoy, mientras por otra se rompen las fuerzas de Paz interior que existen en cada hombre. El hombre, la familia y la sociedad; únicos elementos capaces de lograr para el Mundo una Paz real y positiva se encuentran totalmente divididos y dentro de cada uno de ellos se ha sembrado la desconfianza y el temor hacia los demás.

Se ha jugado demasiado con las doctrinas e ideologías y éstas en vez de sembrar en el hombre confianza en su destino y a su función dentro de la sociedad han servido para acrecentar el odio entre pueblos y razas, y aún entre hombres dentro de una misma comunidad.

Razón Moral esta que se basa en el olvido de un mandato: "Amaos los unos a los otros como yo os he amado" y "Mi Paz os dejo, mi Paz os doy".

Razón Social aquella que parte de una realidad olvidada por conveniencias particulares o de gobiernos: "La Paz es solamente consecuencia del establecimiento en cada Nación y el Mundo de regímenes o sistemas de gobierno basados en la justicia y la libertad del hombre".

El Mundo de hoy no es muy propicio a una Paz verdadera. El colonialismo, el imperialismo y los regímenes totalitarios de izquierda y derecha, proliferan sobre el globo ahogando al hombre sus ansias de libertad y justicia.

Nosotros como jóvenes y cubanos tenemos un derecho y deber para con nuestra Patria y la Paz del Mundo. Creemos que solamente habrá Paz en nuestra Patria cuando devolvamos a nuestros hermanos su derecho a pensar y actuar libremente, haciendo desaparecer el régimen de injusticia y terror que hoy sojuzga indiscriminadamente a nuestro pueblo.

El Mundo tiene un camino semejante al nuestro pero en una mayor escala. Debe darse a cada hombre dentro de cada sistema la libertad y la justicia a las cuales tiene derecho todo ser humano.

Prometer y hablar de Paz es un crimen y una cobardía cuando no existen detrás una clara y noble decisión de luchar incansable y tenazmente por su establecimiento dentro de cada país o conglomerado de naciones.

La Paz como todas las cosas valederas tienen un alto precio y hay que luchar por ella. Los enemigos del hombre son sus principales enemigos. Los que matan y esclavizan los pueblos condenándoles a vivir en condiciones indignos también son sus enemigos. Los que niegan al hombre y su personalidad calificándole como cosa animal y deshumanizada, están contra la Paz del Mundo porque siembran más que nadie el odio dentro de la sociedad.

Quien quiera la Paz declare la guerra a estos enemigos de la humanidad.

Que estos días de Navidad sirvan para hacernos tomar una decisión definitiva: El restablecimiento moral de nuestra sociedad y el imperio total de la justicia en el Mundo.

LOS SUCESOS DEL CONGO

UNA MUESTRA DE LO QUE ES EL COMUNISMO

Los hechos sucedidos recientemente en el Congo han estremecido con honda preocupación al mundo civilizado, ya que en ellos se han violado los más esenciales principios humanos en un alarde de crueldad y crimen.

Los movimientos de Liberación han tenido para nosotros la natural simpatía porque mejor que nadie conocemos lo significativo de esa lucha. Sin embargo, en el caso de las mal llamadas tropas de Liberación del Congo, no tenemos, al igual que el resto del mundo civilizado, que repudiar esa acción sanguinaria que constituye una contribución más del comunismo internacional en su lucha por llevar a las naciones el dolor y la esclavitud.

El movimiento de Liberación del Congo al igual que otros, ha sido infiltrado totalmente por los comunistas y en este como en todos los anteriores puede verse con claridad el verdadero fin de destrucción y muerte que persigue la Internacional.

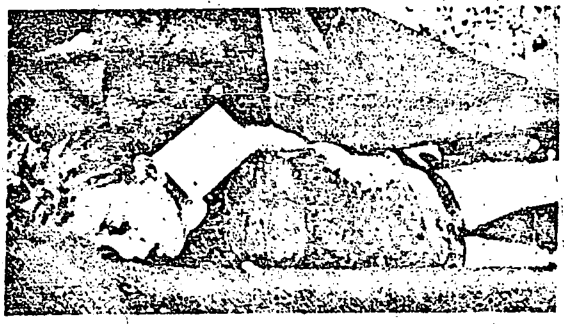
La lucha de Africa ha sido para los jóvenes del mundo una lucha mirada con honda simpatía y el crecimiento del Continente negro en Repúblicas con gobiernos propios es un símbolo de la decisión incontravertible de llevar esos países hacia un destino mejor.

Por ello es que cuando una nación dentro del Continente africano ha peleado por su liberación ha tenido siempre el apoyo de todas las naciones del mundo.

Hoy sin embargo nuestra actitud y la del mundo civilizado y libre es totalmente adversa. Los hechos del Congo no están inspirados en un ansia de justicia y libertad, sino que por el contrario son el reflejo de la política que quieren imponer desde Moscú y Pekín.

Si ha molestado el hecho de sangre con sus consecuencias de crímenes, violaciones y atrocidades mucho tiene que molestar la actitud de los países del Bloque Comunista y de algunos que sirven a sus intereses consciente o inconscientemente.

Estos sin el menor escrupulo se han lanzado a acusar a los países que participaron en la acción de rescate menospreciando totalmente el acto humanitario de salvar la vida a personas de nacionalidades pertenecientes a países no beligerantes.



Esa actitud acompañada con las protestas organizadas de estudiantes dentro de los países comunistas demuestran claramente la dirección e intervención que mantienen en la guerra del Congo que pudiera haber sido una guerra de liberación y que infortunadamente se ha convertido en una guerra de mercenarios dirigida y alentada por las potencias comunistas.

Ante los hechos a un funcionario soviético sólo se le ocurrió decir que se había avisado de la ejecución de los prisioneros si se intentaba rescatarles.

Nosotros queremos hacer una pregunta al mundo civilizado porque sabemos que los comunistas no contestan es-

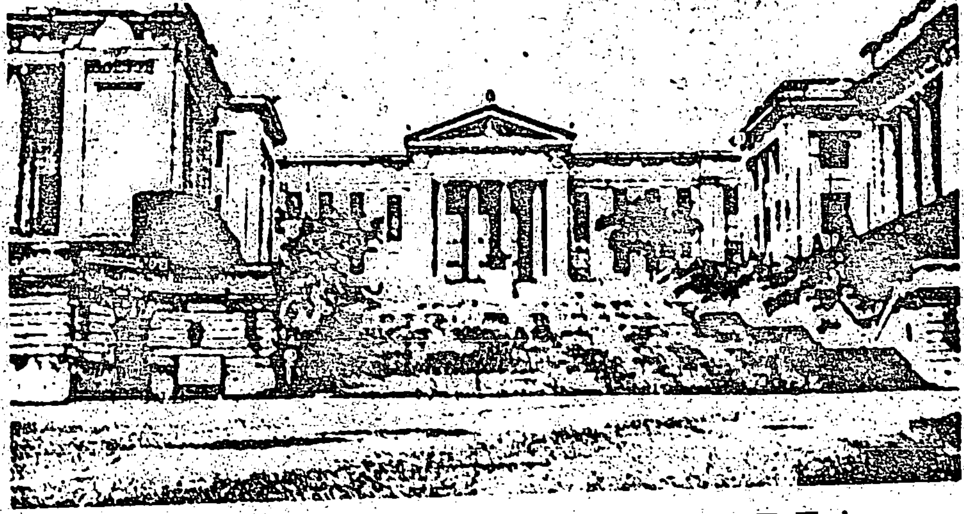
tas preguntas ya que carecen de sentido humanitario: ¿Desde cuándo y en que Código de Guerra es permitido asesinar masivamente a los prisioneros cuando se les trata de rescatar? ¿Desde cuándo se autoriza a un ejército perpetrar crímenes contra ancianos, mujeres religiosas y niñas indefensas como represalia? ¿Desde cuándo es permitido realizar actos racistas a un pueblo o raza, máxime cuando este ha sido defendido en múltiples ocasiones de la descriminación a que fueron sometidos por intereses colonialistas?

Los asesinatos masivos, las violaciones de religiosas, mujeres y niñas y el crimen del Congo no pueden tener justificación nada más que para los que siembran el odio y dividen los pueblos.

Los comunistas no ganaron esta batalla. Africa tiene que ser libre pero no condicionada a la política soviética o china. Los causantes de estos hechos vandálicos no son representativos del verdadero espíritu del pueblo congoleño y tienen el total repudio de Africa y el Mundo.

Africa se siente avergonzada de esta acción, pero ello servirá para comprender que existe otro enemigo tan peligroso o más que el colonialismo.

La acción criminal del comunismo en Africa sólo tiene una respuesta y se la darán los propios africanos: SU DESTRUCCION.



LA SITUACION UNIVERSITARIA

Antes del Comunismo

1.- Habian 8 Universidades en Cuba.

2.- En 1959 habianmás de 30,000 estudiantes Universitarios en las 8 Universidades.

3.- La Constitución de 1940 estipulaba que el 1% del Presupuesto Nacional sería entregado a la Universidad de La Habana.

4.- La Carta Magna Cubana garantizaba la autonomia Universitaria lo que hacía que la enseñanza superior en Cuba no estuviera sometida a ningún gobierno.

5.- En nuestras Universidades existía el ejercicio libre de las ideas, no coartandose ningún pensamiento.

6.- Los estudiantes Universitarios eligian cada año sus representantes estudiantiles en libres elecciones, asistiendo los dirigentes a Congresos Internacionales de juventudes en representación de los jóvenes cubanos.

7.- Las Universidades como centro máximo de la Democracia servian de medio idóneo para plantear las mejoras que el pueblo cubano pedia.

8.- Era requisito para el ingreso en las Universidades el tener 17 años de edad y haber cursado el Bachillerato (enseñanza de estudio) o aprobar severos exámenes de ingreso.

9.- El 90% del profesorado Universitario actuante en junio de 1959, ha marchado al exilio o ha renunciado a sus catedras por no querer aceptar al comunismo o no quererse doblegar a su doctrina.

10.- Cientos de estudiantes Universitarios guardan prisión en las cárceles comunistas, por el solo delito de amar la libertad. Las listas de martires cubanos asesinados ante los pelotones de fusilamiento o muertos por sus gestos de rebeldia han aumentado con los nombres de estudiantes universitarios como, Juanin Pereira, Virgilio Campanería, Julio A. Yebra, Tapia Ruano, Porfirio Ramirez, y tantos otros que han sabido morir antes que claudicar frente al comunismo.

Con el Comunismo

1.- Hay tres Universidades.

2.- Actualmente no llegan a 20,000 los estudiantes Universitarios.

3.- Abolida la Constitución del 40 y según el Presupuesto Nacional del Gobierno Comunista, la Universidad de la Habana ha recibido una rebaja de un 75% de sus entradas.

4.- El gobierno comunista, pisoteó la Autonomía Universitaria, alegando que las Universidades deben marchar junto a la Revolución Roja, sirviendo los intereses del régimen.

5.- El régimen dictatorial de Fidel Castro impuso el marxismo-leninismo, como asignatura obligatoria en todas las carreras y proscribió la enseñanza de cualquier ideología contraria al comunismo.

6.- Desde octubre de 1959, no se han celebrado elecciones Estudiantiles, ya que la única vez que quisieron legalizar la representación universitaria, los comunistas celebraron una llamada Asamblea General, donde por "aclamación" se aligió la Nueva Directiva que después de 3 años sigue rigiendo, salvo contados casos.

7.- Actualmente las Universidades son organismos serviles al Gobierno comunista, controlados directamente por funcionarios de la Dictadura Roja.

8.- No hay requisitos de edad ni tampoco de haber cursado estudios secundarios. Dándose el caso que jóvenes de 14 años de edad realicen estudios universitarios sin estudios previos actualmente.

9.- No es requisito actualmente ser graduado universitario para ejercer de profesor en las Universidades comunistas de Cuba. Alumnos que han aprobado asignaturas del primer año y que cursan el segundo, son profesores de sus compañeros que inician sus estudios ese año, y asi en la misma proporción los alumnos del 3er. curso con profesores del 2do. y los del 4to. el 3ro. etc.

10.- Mientras los verdaderos estudiantes dejan de estudiar en Cuba, guardan prisión, marchan al exilio o realizan la lucha contra el comunismo, el gobierno Rojo utiliza jóvenes que sin preparación previa asisten a las aulas universitarias con el solo próposito de servir de titeres a los comunistas en el Tablado Internacional.

Noticiero ESTUDIANTIL

CIEN ESTUDIANTES PANAMEÑOS A MOSCU – *Según César Brugiatti, estudiante en la Universidad Patricio Lumumba de Moscú y dirigente de la Asociación de Estudiantes Panameños en la capital moscovita, treinta jóvenes de Panamá estudian actualmente allí; su número se elevará muy pronto al centenar. Los becados panameños se dirigen a Moscú vía México, La Habana y Praga.*

EN EL FUTURO: UNION DE ESTUDIANTES UNIVERSITARIOS CENTROAMERICANOS – *Dirigentes estudiantiles de las universidades de Costa Rica, Guatemala, Honduras, Nicaragua, El Salvador y Panamá se hallan laborando - local y colectivamente - en pro del propósito de fundar una Unión de Estudiantes Universitarios Centroamericanos. La idea no es nueva, pero ahora gana fuerza y es probable que se convierta en realidad antes de que transcurran muchos meses.*

EL PROGRAMA DE COOPERACION POPULAR, MOTIVO DE DISCORDIA EN PERU – *Los partidos de oposición convienen en la utilidad del programa de Cooperación Popular - asistencia técnica para proyectos comunales - auspiciado por el presidente Belaunde e impulsado por los estudiantes en gran parte, pero se oponen a su centralización de control en las manos personales de aquél. La coalición oposicionista - encabezada por el APRA - reclama que Cooperación Popular sea "municipalizada" o sea que cada municipio reciba los fondos pertinentes y los utilice localmente como estime conveniente. "Así se evitará la infiltración de comunistas en el programa", alega el APRA.*

PARA VISITAR ALEMANIA OCCIDENTAL, UN REQUISITO: NO SER JOVEN – *Alemania del Este permite que sus ciudadanos de avanzada edad visiten a familiares en Alemania Occidental, pero no deja que los jóvenes den ese viaje. Excusa alegada: "Es más fácil que allá tomen represalias con los jóvenes y no con los viejos". Y agrega el periódico Neues Deutschland de Alemania Oriental, como quien pone un parche: "Nadie debe pensar que nuestro gobierno no tiene confianza en la juventud ..."*

UN "NUEVO CAMINO" PARA LA UNIVERSIDAD CATOLICA DE CHILE – *En conclave reciente, los estudiantes de la Universidad Católica analizaron "la necesidad de adaptar sus estudios y la Universidad a las exigencias sociales del mundo de hoy". Punto aprobado, entre otros: que la Universidad actúe "con mayor independencia frente a la jerarquía eclesiástica", imprimiéndosele a ese centro de altos estudios "el espíritu renovador de la Iglesia de Juan XXIII y de Paulo VI contenido en el actual Concilio Ecuménico.*

ESTUDIANTES UNIVERSITARIOS GUATEMALTECOS EN CAMPAÑA DE ALFABETIZACION – *Por boca de su presidente, la Asociación de Estudiantes Universitarios de Guatemala se ha comprometido a emprender una campaña de alfabetización a escala nacional. Se espera que un buen número de alumnos de las dos universidades del país (la de Guatemala y la denominada Rafael Landivar) coopere con la Coordinación de Alfabetización AEU creada al efecto.*

CHILE – Santiago: La Federación de Estudiantes de la Universidad Católica (FEUC) llevó a cabo su **SEXTA CONVENCION ORDINARIA DE ESTUDIANTES** del 30 de septiembre al 3 de octubre, en ella se abordaron temas de gran solidez como: "Idea de Universidad", "Naturaleza y Problemas Actuales de la Universidad"; "Evolución y Situación de la Universidad Latinoamericana", etc. Llegando a conclusiones que abren el camino de una Reforma Universitaria moderna y eficaz. La documentación base se halla condensada en el libro especialmente editado por FEUC: "La Universidad: Nuestra Tarea", única obra en su género en Latinoamérica.

Juanin Pereira Varela

Los hombres que alcanzan a comprender el sentido de la existencia no pueden orientarse a un mero subsistir. Sus vidas encuentran razón y objetivo sólo en el servicio. Servicio a Dios y al prójimo. Quizás estas palabras encierran la grandeza de todos los hombres que han podido ser recogidos por la historia y admirados por la humanidad por los frutos positivos que alcanzaron. El afán de servicio los llevó a construir nuevos órdenes para que el hombre alcanzara plenamente la satisfacción de sus necesidades y adquiriera conciencia acerca de sus fines más elevados. Quizás estas palabras sean las únicas que pudieran hacer comprender a todos los jóvenes del mundo el sentido profundo y absoluto del sacrificio de cientos de estudiantes cubanos y especialmente el sacrificio de Juanin Pereira Varela.

Su vida no contemplaba otros ideales que servir. Servir a Dios, servir a la Patria. Servir a todos los cubanos brindándoles una oportunidad de vivir en una tierra libre y justa. Su vida desde que se consideró como realidad el establecimiento de un régimen totalitario en Cuba, fue dedicada desde las filas del Directorio Revolucionario Estudiantil, a combatir y a sembrar. Combatir el mal que rompía la armonía, quebraba la sonrisa, reducía a la impotencia los afanes permanentes de libertad y justicia de nuestro pueblo. Combatir al enemigo que impedía la creación de un Orden Cristiano y que ahogaba la felicidad de sus hermanos de tierra. Sembrar su sacrificio y sus ideas para que en el futuro pudiera existir ese Orden, esa felicidad y esa justicia. Sembrar, pues, su destino no era triunfar humanamente. Su destino era morir y que su sangre hiciera lo que sus manos no lograron. Que despertara las conciencias de su pueblo, resucitando los latidos apagados del patriotismo y de la nacionalidad. Qué su sangre fuera riego de destinos que en el futuro se realizacen plenamente para felicidad de su pueblo y para ejemplo del Continente de las Esperanzas, que ya quiere ser continente de realidades humanas.

Esa fue la vida de Juanin Pereira. En su afán de combatir fue abatido por balas milicianas, entregadas por la Unión Soviética para dominar a aquellos que se oponían a su Imperio. Pero esa bala que pretendió cortar su vida en un 17 de diciembre de 1961, en aquella playa de sombras de la Provincia de Pinar del Rio, hizo nacer la luz que aún ilumina. Pues esa bala que mataba al hombre hacia germinar la semilla. Semilla que crece oculta entre palmas en cada rincón de Cuba. Semilla que está gritando al mundo el afán de libertad de un pueblo mártir. Semilla que ya no está oculta entre tierras, que ya nace y crece y se levanta altiva para hacer patente que Cuba no se rinde, ni se somete, ni muere. Que Cuba, pese a la traición de algunos de sus hijos, pese a la invasión de elementos extranjeros a nuestra nacionalidad y principios, pese al oportunismo ciego de algunos gobiernos occidentales, se mantiene firme y segura en su victoria. Porque en Cuba aquella semilla regada de sangre que fue y es Juanin Pereira Varela, aún existe en nuestros aires que mantienen sus gritos seguros de victoria y radiantes de esperanza:

¡VIVA CUBA LIBRE! ¡VIVA CRISTO REY!

YEAR 1 DECEMBER 1964 CUBAN STUDENT DIRECTORATE'S INFORMATION BULLETIN No.7

OUR OPINION

CHRISTMAS MESSAGE

As another year draws to its end, we find before a world new in many aspects but sadly stagnant if not actually retrogressive in some of life's most vital facets. Humanity is a year older but is it not still engaged in a relentless search for the true meaning of its being?

December is a thoughtful month in the lives of men. It is the hour of retrospect, of questioning, of reorganization and projection into the future. Above all, December is a yearly reminder of an idea and a way of life for men. A new and revolutionary order born twenty centuries ago, comes vigourously to the forefront for in the long months of toil we have not forgotten the cause and the goal of our existence.

No time is perhaps more adequate to ask this question: Have men achieved for the world a lasting peace? Each year the same unconditional, negative answer meets the question. Not only does mankind live far removed from peace but each new day embarks upon roads that can only lead farther and farther away from it into world of national and international wars.

Two causes exist in the reality of our world, one in the moral order, the other in the realm of social and political entities. Each complements the other and both are necessary to the attainment of stability in the society in which man must live.

Men would have peace in today's world but do nothing to preserve the forces of internal peace in each man. Man, the family, society: the elements capable of achieving for the world a real and positive peace are totally disunited and into each has been sown the seed of distrust and of fear.

There has been such juggling of doctrines and ideologies, instead of being a source of confidence and strength by which men may rule their lives, have served only as a source of fear and hatred among nations and races and even among men in the same community.

Morally, our world has chosen to forget the command: "Love one another as I have loved you".

Socially, convenience and self interest have made this world blind itself to the fact that, "Peace can only be the consequent to the establishment in each Nation and in the world of regimes or systems of government based on justice and the freedom of the individual.

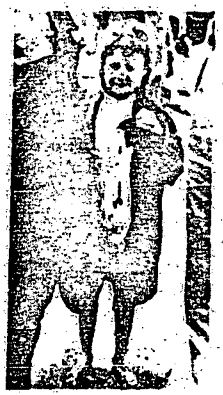
Today world is not a very adequate breeding ground for peace. Colonialism, imperialism, rightist and leftist totalitarianism thrive throughout the world stiffling in man his longing for liberty and equity.

We as young men and as Cubans have a duty and right to our land and to the world. Our land, we firmly believe, will know peace only when we have returned to our brothers the right to think and to speak freely, abolishing the rule of terror and injustice that today shackles our people.

The world faces much our same task but on a vaster scale. Each man must be given the freedom of choice and the justice which are his right.

To promise and to speak of peace without the noble purpose and the firm decision of fighting tirelessly for its attainment is a cowardly crime.

Peace, as all worthwhile things, has a high price and its achievement entails a struggle. Those who would have peace must willingly take up the battle against those forces at work in our world which dehumanize man and make him a prey of fear. No season is as appropriate as Christmas to reaffirm in each of us the determination to carry on this struggle until true peace has been given to man.



THE EVENTS IN THE CONGO

A PROOF OF WHAT COMMUNISM IS

Recent happenings in the Congo have rocked the civilized world, leaving in their wake a deep preocupation in the hearts of all who believed in even the most basic principles of humanity and who see in these acts a vengeful boast of cruelty against the most elemental principles of kindness and respect.

Those who struggle for freedom have always found in us the sympathy and understanding that only those who know full well that this struggle entails can give. We find, however, that in the case of the utterly misnamend "Congolese Troops of Liberation" we must (along with all civilized men) denounce this new and bloody contribution of international communism to the oppression and suppression of all peoples.

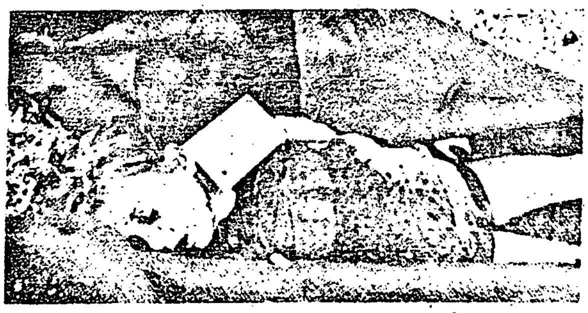
This movement has been, as others have been before, throroughly infiltrated by communists; and in this, as in other cases, the true goal of destruction and death sought by the International can clearly be seen.

The hearts of youth throughout the world have echoed in sympathy the cries, the tears, and the pain of Africa's birth. The growth of the Black Continent into a continent of republics is a symbol of the inconstable right of this Continent to a great destiny.

That is why the sincere struggles for freedom of African nations have met with our support as with that of all freedomloving peoples.

It is this love of true freedom that necessarily places us in a position of adversity towards this movement. The happenings in the Congo find their motivation not in a zealous search for justice and liberty but in the international policies Moscow and Peking seek to enforce in Africa by any and all means.

In the deaths, the rapes, the insults have greived and enraged then how must the attitude of the nations of the Communist Bloc and of those who, conciously or not, serve their interest rankle.



Without the slightest trace of scruple these nations have hurtled themselves into acrimonious abuse of the nations which took part in the rescue mission, whose only purpose was the humanitarian one of saving the lives of non-belligerents.

The attitude of these nations and the "student demonstrations" staged in communist countries to show approval of the Congolese rebels clearly show the direction they would have the Congo's liberation take. Where the Congolese struggle might have been a war of liberation, it has become instead a senseless war run by mercenaries and abetted by the Communist Powers.

When faced with the crimes in the Congo one Soviet official glibly dismissed the violence by stating that the rescuing nations had been warned it would happen if rescue was attempted.

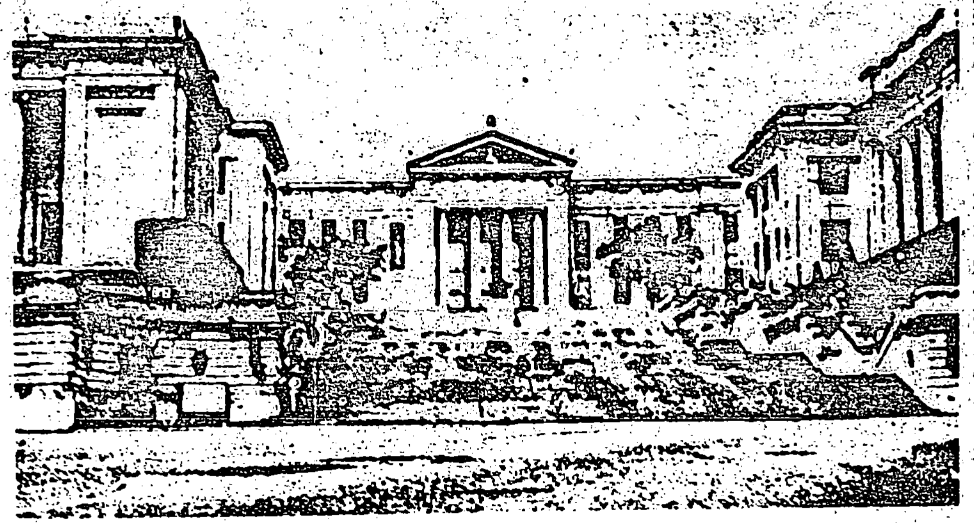
We would ask this question of civilized men: By what Code of war can the slaughter of non-belligerents because of attempts to rescue them be justified? Since when has it been found permissible for an army to do its own ugly will in regards to old men, to missionaries, to women, and to children? Has racism suddenly found a moral justification?

Mass murder and rape can only find justification in those whose creed is hatred and whose aim is to divide.

Fortunately the Communists have not won this battle. Africa will have freedom, and it will not have the mauled, caged communist version of it. Those responsible for so much ugly violence in the Congo do not represent the spirit of the Congolese people and have received the condemnation of Africa and of the whole world.

Africa feels ashamed of what has happened, but this act will help her understand she has to face an enemy as dangerous, or more so, than colonialism.

The criminal actions of communism in the Congo have only one answer and the Africans themselves will give it: ITS REPUDIATION.



UNIVERSITIES STATUS

Before Communism

1.- There were 8 universities in Cuba.

2.- In 1959 there were more than 30,000 students in the 8 universities.

3.- The Constitution of 1940 stipulated that 1% of the national budget would go to the University of Havana.

4.- The Great Charter of Cuba guaranteed autonomy to the Universities, freeing them from interference by the government.

5.- There was a free and open exchange of ideas in the classrooms.

6.- Every year the students elected their own representatives in free elections.

7.- The universities served as spokenmen for the wishes of the Cuban people.

8.- To enter the Universities it was necessary to be 17 years of age and to have graduated from a secondary school or to have taken rigorous tests to prove knowledge equivalent to a secondary school education.

9.- Ninety percent of the University proffessorate is in exile or has retire, unwilling to have communist doctrines emposed upon it.

10.- Hundreds of university students are held in communist prisons, only because of their love for liberty. The lists of cuban martyrs, murdered by firing squads or killed by its rebelion, had been increased by the names of Cuban universities students such as: Juanin Pereira, Virgilio Campaneria, Julio A. Yebra, Tapia Ruano, Porfirio Ramirez, and so many others that had preferred to die than to submit to communism.

With Communism

1.- There are three universities.

2.- There are no more than 20,000 university students presently.

3.- The Constitution of 1940 has been abolished and the Communist regime has cut by 75% the funds destined for the University of Havana.

4.- The regime subjects the Universities requiring them to follow its dictates in all matters.

5.- Marxism Leninism is a required subject for all students and all other ideologies are forbidden.

6.- There have been no election since September 1959. At one point when an effort was made to have them held, the Communists arranged a so called "general assembly" where by, "popular acclaim", those who have since held control, were "elected".

7.- Today, they are servile instruments of the regime.

8.- No requisites concerning age or previous education are set. There have been cases of fourteen-year old with little previous education studying at the universities.

9.- It is no longer a requisite to be a college graduate in order to be able to teach at the university. Second year students teach freshmen; third year students teach second year ones, etc.

10.- While real students left their classes, are held in prison, went to exile or fight communism, the Red Government uses uneducated young people as university students, with the only purpose to serve communist International Scene.

STUDENT NEWS SHEET

GUATEMALA UNIVERSITY STUDENTS START A "LITERACY DRIVE". The Association of University Students of Guatemala has pledged itself to undertake an alphabetization campaign on a national scale. It is expected that a good number of students from the two universities in the country will cooperate in this effort to teach the illiterate.

CHILE. The Federation of Students of the Catholic University (FEUC) held its Sixth Ordinary Convention of Students from September 30th. to October 3th. Among the topics discussed were: "The Idea of a University", "the nature and the Problems of Today's University", "The Development and actual Position, of Latin American Universities". These discussions culminated in a series of proposals which open the way for a effective, modern University Reform. The basic documentation has been condensed in book from under the title, "The University, Our Task" this book, edited by the Federation, is unique in its kind in Latin America.

ONE HUNDRED PANAMANIAN STUDENTS TO MOSCOW: According to Cesar Brugiatti, a student at Moscow's Patrice Lumumba University and President of the Association of Panamanian Students in that capital, there are thirty young men from Panama studying there but the number will soon be raised to one hundred. These students go to Moscow by way Mexico, Havana, Prague.

IN PROSPECT: AN UNION OF CENTRAL AMERICAN UNIVERSITY STUDENTS: Student leaders from the Universities of Costa Rica, Guatemala, Honduras, Nicaragua, El Salvador and Panama are working - both locally and collectively - on plans to establish an Union of Central American University Students. Although the idea is not a new one it seems to have found a particularly favorable atmosphere at this time and it is highly probable that it will be carried out to completion.

THE PROGRAM OF POPULAR COOPERATION: A SOURCE OF DISCORD IN PERU. The opposition parties in Peru, while accepting as necessary the Popular Cooperation Program - technical asistance for communal projects promulgated by President Belaunde and backed in a mayor part by the students, are opposed to the centralization of its control entirely into the hands of the President.

The opposition coalition - headed by the APRA - asks that the Program be "municipalized" that is that each locality receive the necessary funds and administer them as it deems convenient. The APRA alleges that this would prevent communist infiltration to the program.

TO VISIT EAST GERMANY, ONE PREREQUISIT: AGE. In East Germany elderly people are allowed to visit their relatives in West Germany but young people are not permitted to make the trip. The excuse given by the government: "It is more likely that repressive measures will be taken in the West against the young". Then it adds, somewhat in the manner of a patch: "No one must think we do not trust our youth . . ."

A "NEW ROAD" FOR THE CATHOLIC UNIVERSITY OF CHILE
In a recent meeting, the students of the Catholic University analized "the necessity of adapting their studies and the University to the social demands of today's world".
Among the decisions approved: that the University act "with greater independance with regard to the ecclesiastical hierarchy" upon impressing that institution "the renovation spirit of the Church of John XXIII and Paul VI contained in the present Ecumenical Council".

Juanín Pereira Varela

Men who have attained a true understanding of the reason for their existence cannot be satisfied with mere subsistence. Their lives find meaning only in service. Service to God and to man. These words embody, to a large extent, the greatness of those men whom history has claimed for itself and whom huminity holds in admiration for the fruitful results of their endeavors. Their eagerness to service led to acheive for their fellows new horizons of material comfort, of intellectual satisfaction, of spiritual attainment. These same words are perhaps also the only ones which could make youths throughout the world visualize the profound meaning of the sacrifice of hundreds of Cuban Students and in particular of Juanin Pereira Varela.-

His life contemplated no ideal but to serve. To serve God, to serve his Land, to serve his countrymen by gining them an opportunity to live in a free and just land. His life from the moment the establishment of a dictatorial government in Cuba became an unquestionable reality, was dedicated to battle and to toil. From the ranks of the D.R.E., he struggled against the evil that had reduced to angry impotence the longigs for permanent peace and freedom in the hearts of our people. He fought the enemy that impeded the establishment of a Christian system and drowned the joy in the hearts of his countrymen. He toiled to ascertain that in the future that system, that joy, and that justice could exist.

His would not be the joy however of seing his labors bear fruit. It was his lot to die and by his death achieve what his hands could not.

His blood would reawaken in his countrymen the fervor of patriotism and he would stand as an example to the "Continent of Hopes" which more and more demands to be a continent of human realizations.

That was the life of Juanin Pereira. It was brought to an end by militiament's bullets given by the Soviet Union to strike down all who oppose the empire they seek to establish. But the bullet that struck him down on that October day of 1961 brought forth. A seed that now quietly germinates in every corner of his land, that cries out to the world that Cuba does not give up, does not submit, does not die. Inspite of some faithless sons, of foreign troops that tramp through our land, of opportunistic Western governments, the seed watered by Juanin Pereira's blood will bear fruit, it now grows and the land that holds it vibrates with its growth and the skies above it echo more loudly each day:

"LIBERATED BY THE COMMUNISTS"

Graphic Evidence of Marxist Lies
About the Actual Events in the Congo.

The missionary Paul Carlson lies dead with a card tied to his throat, assassinated by Congolese communists on a street in Stanleyville. Dr. Carlson, in long and difficult years full of sacrifice, brought a message of hope and encouragement to innumerable Congolese as well as help of all kinds and his personal collaboration. He was eliminated tragically, as shown in the photograph, because of the affection that the masses held for him, and because of his fame and prestige and the adverse influence that he signified for the Communists. He had committed the sin of doing whatever was necessary to help the sick and console the afflicted, and the Reds do not pardon such things. In their final orgy of blood the Communists respected neither women nor children. These were very dangerous "military spies" according to the Communists. These (photographs) are the facts that the propaganda of the (Castro) Government has suppressed in an attempt to present the assassins of missionaries, women and children as "heroes" and "champions of liberty".

CUBA: RAICES DE UNA CRISIS POLITICA

En sus últimos días ha cobrado mas vigencia que nunca la pugna interna que está teniendo lugar entre las esferas dirigentes del gobierno comunista cubano. Los antecedentes publicos de esta crisis politica, comenzaron a desarrollarse con la expulsión de sus cargos dirigentes, del viejo comunista Aníbal Escalante, figura de gran importancia dentro del Partido. Mas adelante, y con el juicio de Marcos Rodríguez Alfonso, fueron colocados en el banquillo de los acusados, otros dirigentes de la llamada "vieja guardia", en una maniobra de Fidel Castro para colocar al Partido en una posición desventajosa ante la opinión publica. A partir de ese momento se podía adelantar la sentencia sobre Joaquín Ordoqui.

No transcurrió mucho tiempo para que la decisión, que seguramente fue tomada desde el juicio de Marcos Rodríguez, fuese puesta en practica. Joaquín Ordoqui, era separado de su cargo dentro del Ministerio de las Fuerzas Armadas y ademas perdía su asiento dentro de la dirigencia del Partido Unico de la Revolución Socialista, organismo de máxima jerarquía dentro de Cuba comunista. A las pocas semanas se conocía la noticia del suicidio de Augusto Martínez Sanchez, Ministro del [illegible] [illegible], aparentemente un gran amigo de Fidel Castro. Decisión tomada, según las propias declaraciones del regimen, al conocer la noticia de que sería destituido de su cargo, pero con el agravante de que para privarse de la vida deben haber, en este caso, razones de mucho más peso y gravedad, que no se resumen exclusivamente en la pérdida de un puesto administrativo.

Esta crisis política, que se viene desarrollando en Cuba, tiene su inicio en los primeros [illegible] del regimen. Lo que está ocurriendo en estos momentos no es mas, que la exploción violenta de una lucha por el poder, de divergencias estratégicas, hasta ideológicas, de sus [illegible] laciones con el campo internacional y de las pasiones [illegible] desatadas de estos hombres. Son varias las causas que podemos señalar como fundamentos de esta crisis.

PUGNA NATURAL ENTRE LA VIEJA GUARDIA Y FIDEL CASTRO.

La participación de la vieja guardia del Partido Comunista en el derrocamiento de la dictadura de Batista fue nula. Los que llevaban el timón del carro triunfante de la Revolución, eran hombres nuevos, convertidos al comunismo por oportunismo, y guiados por un líder sumamente ambicioso que quiso vanamente convertirse en el redentor de América. Ya desde ese momento quedaban definidos los campos dentro de la dirigencia comunista. Uno disciplinado, tradicional y muy organizado. El otro, indisciplinado, nuevo, desorganizado, pero con las riendas del poder y el aparentemente apoyo popular en sus manos. Los orígenes del regimen, eran unos momentos muy poco oportunos para ninguna acción de la vieja guardia, mas sin embargo, ya comenzaba a trabajar la estructura del Partido, ocupando cargos de importancia dentro del nuevo gobierno.

Los hombres que ocupaban las principales responsabilidades, eran los comunistas del momento, las figuras representativas de la Revolución comunista, pero unos hombres que no lleva[illegible]

LOS BECADOS: PARA QUE SERAN UTILIZADOS

Todo efecto tiene su causa. Ley física que [illegible] a todo. Siempre existe un [illegible] una finalidad, un objetivo en cualquier paso que [illegible]. [illegible] se ofrece a [illegible] el caso de los cientos de jóvenes cubanos que pasan de becas para estudiar también podemos encontrar una causa.

Actualmente en [illegible] los mejores edificios [illegible] cientos de jovenes cubanos que tienen el privilegio de estudiar, de comer, de [illegible] se en absoluto por sus necesidades, pues todas [illegible] todas estas [illegible] el regimen que gobierna en Cuba.

Para estos que aun se mantienen ciegos [illegible] algunas consideraciones.

1.- El regimen de Cuba carece de recursos para mantener a su población.

2.- El regimen de Cuba [illegible] gran cantidad de recursos para mantener a los estudiantes becados.

3.- El regimen de Cuba no mantendría [illegible] solamente en aquello que considera provechoso para el mantenimiento presente y futuro de su regimen.

4.- El regimen de Cuba tiene muchas razones para mantener a los becados.

a. Estos becados sirvieron para [illegible] la situación en las Universidades cubanas llenas de elementos contrarios al comunismo y a la tiranía.

b. Un regimen para mantenerse necesita hombres. Los cubanos formados y maduros que no fueron oportunistas o [illegible] no estaban dispuestos a mantener ese regimen. Su única posibilidad era [illegible] sus conceptos y [illegible] a la nueva generación de jovenes cubanos.

c. Estos jovenes educados en la teoría y practica del marxismo serán los elementos utilizables para mantener la opresión y el terror [illegible] para tratar de convencer, sirviendo de mártires, una invasión o una guerra civil, etc.

d. Estos jovenes educados en el culto a la personalidad de Fidel serán los mejores elementos con los que este contara en caso de una pugna abierta con la vieja guardia comunista. Especialmen[illegible]

La Situación de las Universidades

Para demostrar con datos concretos el fracaso comunista en el campo universitario, ofrecemos esta comparación de la situación de nuestra enseñanza de nivel superior antes del advenimiento de la dictadura roja y bajo la misma.

Antes del Comunismo

1. Había 6 Universidades en Cuba.
2. En 1959 había 30.000 estudiantes Universitarios en las 6 Universidades.
3. La Constitución de 1940, estipulaba que el 1% del Presupuesto Nacional sería entregado a la Universidad de la Habana, lo cual era el mínimo requerido para su desenvolvimiento.
4. La Carta Magna Cubana garantizaba la autonomía Universitaria lo que hacía que la enseñanza superior en Cuba no estuviera sometida a ningún gobierno.
5. En nuestras Universidades existía el ejercicio libre de las ideas, no coartándose ningún pensamiento.

Ello le valió de inmenso prestigio internacional constituyendo un verdadero ejemplo.

Con el Comunismo

1. Hay tres Universidades.
2. Actualmente no llegan a 20.000 los estudiantes Universitarios.
3. Abolida la Constitución del 40 y según el Presupuesto Nacional del Gobierno Comunista, la Universidad de la Habana ha recibido una rebaja de un 25% de sus entradas.
4. El Gobierno comunista, [illegible] la Autonomía Universitaria alegando que las Universidades deben marchar junto a la Revolución Roja, siguiendo los intereses del regimen.
5. El regimen Dictatorial de Fidel Castro impuso el Marxismo-leninismo, como asignatura obligatoria en todas las carreras y proscribió la enseñanza de cualquier ideología contraria al comunismo.

Venezuela decidió aceptar las mociones presentadas por los trabajadores portuarios en las que se decide el boycot a todos los barcos que comercien con Cuba, además de otras resoluciones. A continuación el texto de lo acordado:

EL V CONGRESO DE TRABAJADORES DE VENEZUELA

CONSIDERANDO:

Que en la reciente Reunión de Cancilleres de America, convocada por el Consejo General de la Organización de Estados Americanos (OEA) se acordó decretar el rompimiento de Relaciones Diplomáticas y Comerciales con el regimen comunista de Fidel Castro, ante la agresión comprobada de dicho gobierno, contra el gobierno constitucional de Venezuela,

CONSIDERANDO

Que mientras los países de nuestro continente cumplen a cabalidad con dicha Resolución, varios países de Europa y Canadá, han intensificado su comercio con la Cuba comunista, lo cual de esta manera trata de evitar el Boycot y las sanciones impuestas por el Consejo General de la OEA.

CONSIDERANDO:

Que el comercio que se realiza con el regimen comunista de Fidel Castro, desde estos mencionados países, viene a fortalecer a ese gobierno, ya que de esta manera se burla, la sanción economica y moral impuesta por los Estados Americanos,

CONSIDERANDO:

Que la Federación de Trabajadores Portuarios de Venezuela, ha aprobado en sus Consejos Consultivos y en su reciente Convención Nacional, decretar el Boycot contra todos los barcos embanderados de dichas naciones, que han intensificado su comercio con la Cuba de Fidel Castro,

CONSIDERANDO:

Que la Federación de Trabajadores Portuarios, como filial de la Confederación de Trabajadores de Venezuela, se ha dirigido a este organismo para que apoye esta determinación que redunda en defensa del sistema democratico americano,

ACUERDA:

Primero: Decretar el Boycot contra todos los barcos [illegible] que han intensificado su comercio con la Cuba comunista y los cuales están contribuyendo al fortalecimiento de ese [illegible] regimen,

Segundo: Solicitar la solidaridad del movimiento sindical democratico, para que haga extensivo este Boycot desde los puertos, donde se proceda al embarque de mercancia hacia la Cuba comunista,

Tercero. Dicho Boycot entrará en vigor cuando lo ordene la Confederación de Trabajadores de Venezuela, a su filial la Federacion de Trabajadores Portuarios de Venezuela, como muestra de solidaridad con el pueblo democratico de Cuba, que en estos instantes lucha por liberarse de sus opresores.

Cuarto. Darle publicidad al presente Acuerdo, enviándolo a todas las Centrales Obreras democraticas, para su conocimiento y fines.

En definitiva una conclusión. Los becados del comunismo son los instrumentos ciegos, los esclavos dóciles, los siervos disciplinados que sirven para cualquier cosa que necesiten los amos dirigentes. No existe ningún propósito humanitario, ni patriótico. Solamente llenan una necesidad mas del régimen comunista. ron a esos puestos por designio expreso de la Internacional comunista. Los personeros del Partido, los hombres que siempre fueron comunistas, que obedecían al Partido, tenían que replegarse momentáneamente y aceptar como rectores a los seguidores de Fidel Castro. Pero ya quedaban fijados los campos.

LA LEGALIDAD O CONSTITUCIONALIDAD DEL REGIMEN COMUNISTA CUBANO.

Uno de los logros basicos a los que desea llegar la llamada "Vieja guardia" es la legalidad o constitucionalidad del regimen comunista cubano. Por ello se entiende la creacion de una constitución comunista que imprima un caracter legal, al estilo comunista, al gobierno de Cuba. Con ello, estarían alcanzando los comunistas viejos, una ambicion necesaria para el buen desenvolvimiento administrativo y politico dentro de las filas del regimen. Con ello, estarían garantizando la continuidad del sistema comunista, pese a las desapariciones accidentales o forzadas, de distintos dirigentes del gobierno.

Por ello, podrían en definitiva, sustituir al Presidente o al Primer Ministro, sin que se viese afectada de manera vital la regencia del país. Algo parecido a lo que existe actualmente en la Unión Soviética y que funcionó claramente en la reciente destitución de Nikita Kruschev. Y la vieja guardia lucha encarnizadamente por esta realización, ya que en este caso se trata de Fidel Castro el Primer Ministro, y existen serias diferencias de orígenes, de disciplina y de estrategia con el máximo dirigente del Gobierno comunista. El fin que se [illegible] la vieja guardia, [illegible], apartar a Fidel Castro o a cualquier seguidor del mismo, mediante el empleo de esa legalidad, o de esa constitución.

PUGNA RUSO-CHINA.

Los fundamentos ideológicos, que han mantenido unidos a los comunistas de todo el mundo, ya no son mas que viejas expresiones o materias discursivas para los prohombres del mundo comunista. Lo que antes constituía una fuerza, [illegible] unida, hoy se ha debilitado por la [illegible] de poder. Los Partidos comunistas, ya no siguen fielmente los dictados de la Internacional con sede en el Kremlin. Y por ultimo, los dos colosos del comunismo, se enfrentan en una pugna ideológica y estratégica que alcanza dimensiones incalculables.

Lo que está sucediendo en Cuba tiene sin lugar a dudas muchas raíces en esa situación internacional del comunismo. Ha quedado demostrado fehacientemente que Fidel Castro [illegible] la línea dictada por Pekín [illegible] de Revolución y expansión. Por su parte, la vieja guardia es fiel seguidora de Moscú y de la línea trazada por ellos.

Pero ante esta situación de divergencia, entra a jugar un factor determinante que se levanta como un obstáculo contra Castro y no es mas que la situación económica. El asiento económico del regimen cubano está en la Unión Soviética y no en China. Cualquier movimiento político o estratégico adoptado por Fidel Castro puede significar la pérdida de la tan necesitada ayuda económica. Ello ha mitigado hasta cierto punto, este factor de pugna interna, mas sin embargo permanece vigente, pues son bien definidas la militancia internacional, tanto de Castro como la de la vieja guardia.

RUSIA ANTE EL FRACASO DE FIDEL CASTRO.

Es indiscutible que la Revolución comunista de Cuba ha fracasado. Ha fracasado dentro de Cuba y hoy más que nunca se hace mas grave la crisis económica y administrativa. Ha fracasado en America, donde la subversión ya no puede llegar a donde ellos quisieran. Ante ello, a Rusia y por consiguiente a la vieja guardia le quedan dos caminos: Uno, mantener el status quo, el otro, acabar definitivamente con Fidel Castro y entonces el fracaso no será [illegible], y habrá suficientes [illegible] para demostrar que Castro no se ajustó a la disciplina y a los lineamientos del Partido comunista. [illegible] cual de los dos caminos [illegible] Rusia, pero en ambos [illegible] para mantener [illegible] el gobierno, [illegible] y [illegible] bres, y a todo ello se [illegible] del Castro, mientras el [illegible] el que dicte las medidas.

Estos factores que h[illegible] tentado analizar, aunque sea de manera general, [illegible] tuyen los fundamentos de [illegible] política que hoy [illegible] régimen comunista. [illegible] raleza y por sus orígenes [illegible] puede ser solucionada, [illegible] lamente mitigada, aun[illegible] ultimos acontecimientos [illegible] que va en aumento. Sus consecuencias son im[illegible] bles y solo puede deci[illegible] el momento que esta [illegible] ha debilitado al regimen, [illegible] imagen reducida de lo [illegible] ocurriendo en el mundo [illegible] ta y que lo conducirá [illegible] plazo a la muerte.

Tres hombres han sido [illegible] los máximos dirigentes [illegible] tido comunista cubano: [illegible] Ordoqui, Aníbal [illegible] Blas Roca. Sólo queda [illegible] minar Blas Roca. Y an[illegible] tría quedan dos interrogantes [illegible] una conclusión. El pri[illegible] caer será Blas Roca o [illegible] él caeran otros?

¿O caerá Fidel Castro [illegible] La conclusión no puede [illegible] que una: nunca ha sido [illegible] mento tan propicio para [illegible] derrumbamiento del régimen [illegible]

"LIBERADOS" POR LOS COMUNISTAS

Pruebas graficas de las mentiras marxistas sobre los verdaderos sucesos del Congo

El misionero Paul Carlson yace muerto con una etiqueta amarrada al cuello, asesinado por los comunistas congoleses en plena calle de Stanleyville. El Dr. Carlson durante largos y penosos años de sacrificios había llevado un mensaje de esperanza y aliento a innumerables congoleses a la par que ayuda de todo tipo y colaboración personal. Por las simpatías de que gozaba en la masa, por su fama y prestigio, por la influencia adversa que representaba para los comunistas, fue eliminado trágicamente como prueba la foto. Había cometido el pecado de ayudar al necesitado, de socorrer a los enfermos y de consolar a los afligidos y los rojos no perdonan estas cosas.

En su orgía [illegible] de sangre los comunistas no respetaron a mujeres ni niños. Estos eran "objetivos militares" muy peligrosos según los comunistas. Estas son las pruebas y estos son los hechos que la propaganda del gobierno ha silenciado en su empeño de presentar como "héroes" y "campeones de la libertad" a los asesinos de misioneros, mujeres y niños.

D[illegible]ICOS EN RIDICULO

Cuando se planeó el viaje de Dorticós a la [illegible] de países no alineados en el Cairo, Fidel consideró [illegible] echar esta oportunidad para que visitara Moscú [illegible] a Kruschev y tratara de conseguir apoyo económico que le ayudara a mantener la situación y apoyo político contra la reciente maniobra de la vieja guardia comunista.

Dorticós se marchó al Cairo con todos los consejos castristas en la cartera. Pero en el camino se [illegible] con el hecho de que Kruschev había caído y en su lugar aparecían nuevas figuras con las cuales no existían compromisos previos. Su labor diplomática había aumentado su importancia y dificultad.

Durante el viaje se dieron gran cantidad de abrazos y de besos al estilo soviético. Se dijeron palabras muy agradables que no significaban apoyo alguno. Pero se negaron rotundamente las cantidades requeridas para mantener la situación. Al contrario se habló de disminuir la cantidad estipulada para pagar el azúcar.

Pero allí no paró el fracaso de Dorticós. Los [illegible] estrenados mandatarios soviéticos le hicieron firmar un documento en que apoyaba la coexistencia pacífica, la paz entre los pueblos, el desarme (aun el parcial que antes se había negado Fidel a firmar en el caso del tratado de prohibición de pruebas nucleares en la estratosfera), la unidad del campo socialista sobre las tesis de Moscú (lo que explica cierto apoyo a Rusia contra China) etc. No había promesas de ayudas económicas, ni militares, ni políticas. No había planteamientos de compromisos entre los nuevos amos y el presidente títere. No había nada de lo que conviniera a Castro y sí todo lo que conviniera a Rusia. Y por último no dejaron que Dorticós saludara al viejo Kruschev al que Fidel había llamado humano, inteligente, brillante, personalidad fascinante etc. Un definitivo fracaso. En consecuencia un nuevo paso al [illegible] del descrédito de Fidel y de su régimen.

Quizás la respuesta de Fidel a estos planteamientos fue la destitución de Ordoqui. Pero ninguna maniobra puede paralizar su destino. Los nuevos pasos que [illegible] solo servirán para lanzarlo más al abismo al que su maldad e incapacidad lo han llevado. Y mientras, la libertad de Cuba está tocando a las puertas de la Isla Martir.

LA VISITA DEL "CHE" A LAS NACIONES UNIDAS

La visita del comunista argentino, Ernesto Che Guevara a las Naciones Unidas, y sus posteriores pronunciamientos en la conferencia televisada, ponen de manifiesto la deplorable situación, tanto política como económica en que se encuentra el régimen comunista de Cuba. Su aspiración a la mejoría de relaciones entre los Estados Unidos y Cuba y la solicitud de que se reanuden las relaciones comerciales, son una prueba de que la llamada "economía socialista" ha fracasado, y de que quizás, y lo que es lo más importante, Fidel Castro teme ser abandonado a su suerte en cualquier momento por sus aliados comunistas.

Todos los observadores y hasta los representantes de numerosas naciones europeas y latinoamericanas estuvieron de acuerdo en que los pronunciamientos hechos por el detestable Che Guevara, constituía una de las acostumbradas diatribas de los personeros comunistas cubanos y carecían de importancia y valor.

Por otra parte, jamás la ciudad de New York había tenido que emplear tanta fuerza policial y había tenido tanta "actividad" como la de los últimos días. El repudio de todos los hombres civilizados al comunismo y especialmente al argentino Guevara se hizo patente en todas las demostraciones realizadas en esta ciudad. EL DIRECTORIO REVOLUCIONARIO ESTUDIANTIL organizó una imponente manifestación y asimismo sus declaraciones fueron publicadas por numerosos e importantes órganos de prensa de la ciudad de New York y de otras partes de los Estados Unidos.

En una parte de las declaraciones del DRE quedaba claro, que un extranjero, comunista y asesino, no podría representar jamás al pueblo cubano, y que todos los pronunciamientos hechos por el Che Guevara no reflejaban los sentimientos de nuestro pueblo, sino de una minoría comunista que ha impuesto un régimen de terror y esclavitud a todo el pueblo de Cuba.

Mensaje de Navidad

Joven cubano: A ti van dirigidas estas palabras, motivadas por el más grande acontecimiento de la historia de la Humanidad: el nacimiento de Cristo Nuestro Señor.

Tú, quizás desviado por el constante adoctrinamiento comunista y, por lo mismo, incapaz de comprender en toda su trascendencia este hecho, seguramente recuerdas, con un poco de escondida añoranza, las épocas pasadas en que reunida toda la familia, celebraba la Nochebuena feliz, alegre y dentro de un espíritu de amor.

Hoy, el odio, base y fundamento de la doctrina de marxista trata de anidar en tu pecho.

Pero tú, joven cubano, eres de naturaleza buena y sincera formada en las mejores tradiciones de cubanía que convirtieron a nuestra patria en ejemplo para todo el Continente. Tú, tendrás mañana en Cuba libre la oportunidad de conocer la verdad y darte cuenta de la magnitud del engaño en que hoy estás sumergido.

Joven cubano: En estas Navidades, tus hermanos que luchamos por rescatar la patria de manos del imperialismo soviético, te deseamos que muy pronto puedas volver a celebrar cristianamente esta fiesta. Que en cercanos días puedas oír la verdad y juzgar por ti mismo con plena libertad para decidir entre el amor y el odio, entre Cristo y Lenin.

Joven cubano: Cristo nació y murió por nosotros y ésta es la única verdad. Es este acto de infinito amor el que debe darte la pauta para tu futura conducta. En estos días navideños, medita en tu posición y disponte a encaminarte por los senderos de la verdad que serán los únicos que conducirán a la salvación de Cuba.

AMSPELL Progress Report - December 1964

A. OPERATIONAL ACTIVITIES

1. General.

AMSPELL has so far survived the internal crisis brought about by the collapse of its military activity noted in the previous progress report. However, AMSPELL is still faced with a severe financial problem resulting from the termination of the military activity. AMHINT-2 states that AMSPELL has $12,000.00 in short-term loans which must be met shortly, and $20,000.00 in loans being paid off at the rate of $1,300.00 per month. AMHINT-2 is trying to sell the AMSPELL boats in order to liquidate these debts. So far he has had little success. AMHINT-2 has said that he does not intend to give up the idea of active participation in the liberation of Cuba but that AMSPELL will not conduct new military operations in the future without ODYOKE assistance and concurrence. According to AMHINT-2 lack of funds and intelligence information together with pressure by ODYOKE on Dominican authorities frustrated the AMSPELL military operation, and he has no intention of going through a similar disastrous experience again.

2. Propaganda.

a. 19,800 copies of the regular AMSPELL newspaper were mailed to Latin America and AMSPELL delegations in the United States. (Attachment No. 1, under separate cover.)

b. 4,800 copies of the pony AMSPELL newspaper were mailed into Cuba (Attachment No. 2, under separate cover.) Both the pony and regular editions stress the conflict between the old-guard and the "new-guard" communists, the boycott declared by the Venezuelan trade unions, the confession of failure made by Castro in his speech at the University of Havana, and an analysis of the situation at the Cuban universities before and after Castro.

c. 2,900 copies of the December issue of the Spanish-language edition of the AMSPELL bulletin were mailed to Latin American recipients (Attachment No. 3, under separate cover.) Of particular interest is the article on page 2 which discusses the recent Congo atrocities.

d. 1,925 copies each of the November issue of the French and English editions of the AMSPELL bulletin were mailed to overseas areas. (Attachment No. 4, under separate cover.)

3. Radio Propaganda.

AMSPELL continued its regular radio operations consisting of a 10-minute program daily except Sunday on AMTHIGH, and a 10-minute program broadcast every Monday over WMIE and several Latin America stations. Representative themes were: Congo atrocities inspired by Communists, Venezuelan student support of the Cuban cause; Argentine trade union support of world boycott against Red Cuba; economic crisis in Cuba; factional struggle of the Cuban regime; desperate measures undertaken by the regime to prevent a disaster in the sugar industry; statement of a Venezuelan student regarding the training in Cuba of 1,500 Latin American youth in terrorist activities; more on the Congolese situation; transportation in Castro's Cuba; factional struggle in the Cuban regime; Che Guevara's speech in the United Nations creates tense situation between Cuba and the USSR; and Blas Roca working for the downfall of Castro.

4. Press Releases.

Miscellaneous press releases are included as Attachment No. 5 under separate cover.

5. Other Activities.

a. WAVE 5843 dated 8 December 1964 forwarded a candidate for an AMSPELL position in the Dominican Republic.

b. AMSPELL requested that AMBARB-58 be sent to Ecuador to replace AMBARB-28 who was resigning. (WAVE 5842 dated 8 December 1964) The Quito station replied that AMBARB-28 functions had been taken over by ECPLY-2, and that AMBARB-58's services were not required (QUIT 6805 dated 11 December 1964).

c. Attachment No. 6 is a copy of an English-language bulletin produced by AMSPELL without direct KUBARK support which is sent to recipients in the U. S. Pressure will be brought to bear on AMHINT-2 to drop this publication entirely on the grounds that it is not the purpose of AMSPELL to propagandize U. S. citizens.

C. FUTURE PLANS

1. 10,000 pamphlets on AMHINT-1 will be distributed to Latin America and Cuba during January. AMSPELL is planning a hemisphere-wide campaign in an attempt to obtain the release of AMHINT-1 from prison. This campaign will probably not achieve its stated aim but should result in considerable publicity on the nature of the Castro regime.

2. AMSPELL is preparing a draft leaflet illustrating the internal and international failures of the Castro regime during 1964. It is planned to mail this leaflet to Cuba and Latin America.

3. The AMSPELL newspaper both in its pony and regular edition has greatly improved in the past few months. Nevertheless, the large edition will be cut to 10,000 copies a month as this is considered a more realistic figure for distribution.

A. OPERATIONAL ACTIVITIES

1. General.

During the month of April AMSPELL carried on its normal propaganda activities. AMSPELL was also busy adjusting to the new reduced budget which went into effect on 1 April. AMSPELL moved to less expensive office space in April and dropped 10 people from the AMSPELL payroll. AMTHIGH broadcasts were reduced to one broadcast a week, and the large AMSPELL newspaper was eliminated. The prisoners campaign began to gain momentum in April but the crisis in the Dominican Republic made it very difficult to obtain publicity or maintain sustained interest in the campaign.

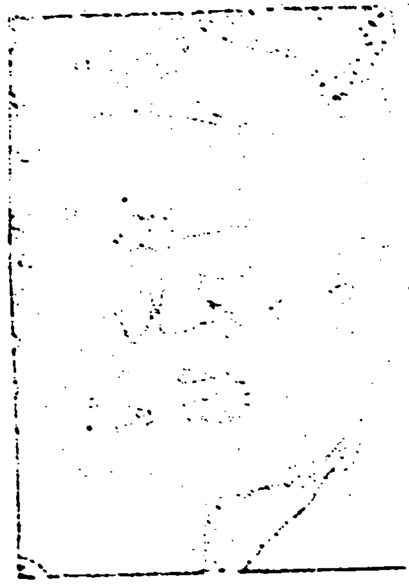
CUBANOS A LA GUERRA



"EMPLEARE TODAS MIS ENERGIAS A FIN DE DESEMBARCAR EN TIEMPO PRUDENCIAL EN LA ISLA AMADA"

VICENTE MENDEZ Y SUS HOMBRE ESTAN PELEANDO EN CUBA

¡La Promesa se ha Cumplido!

ALPHA 66 Convoca

ANDRES NAZARIO SARGEN

Secretario General de ALPHA 66

AGOSTO 30 • 1 p.m.

Embassy Auditorium

GRAND Ave. Y 9th STREET

Las informaciones que llegan de nuestra Patria aseguran un estado latente de rebeldía, actividades de sabotajes violentos y pasivos, inconformidad en los miembros de las fuerzas armadas, grandes preocupac os en las esferas del gobierno y un malestar general en el pueblo cubano.

No hay dudas que el Plan de Alpha 66 contribuye en alguna proporción a estos fenómenos. Primero anunciamos el desembarco de Vicente Méndez antes del 31 de diciembre con otros hombres, apesar de las dificultades conocidas, se cumplió en gran medida la promesa. Murió en el hecho el Capitan Julio Cesar Ramirez. Sin esperar mucho tiempo, se produjo la gran conmoción Mundial el 17 de Abril con la presencia y los combatientes del Coronel Vicente Méndez y el mayor contingente que llego a tierras cubanas, desde 1961.

En mayo, hombres del Alpha 66 hundieron 2 embarciones cubanas e hicieron 11 prisioneros comunistas, repitiendo otra conmoción Mundial que motivó el escandalo mayor escenificado por el traidor Fidel Castro y su mayor derrota moral de los últimos tiempos. El gran triunfo lo consigna el pueblo de Cuba en distintos informes que poseemos de nuestras células clandestinas.

Otros movimientos positivos de distintas índoles se produjeron, unos con éxito y otros frustados por las autoridades norteamericanas; pero en fin todos destinados a golpear duramente al tirano y alentar y respaldar a los hombres de las montañas y los grupos clandestinos que se juegan todos los días sus vidas en aras de la libertad.

Con estos antecedentes de gran valor y valides, amén de mas de 20 acciones comandos y de infiltraciones realizadas por nuestros mas destacados hombres y por una pleyade de patriotas que combatieron y combaten en todos los frentes de acción cubana, nos sentimos moralmente respaldados para promover un llamamiento en general a los cubanos de la Isla y a los cubanos del destierro, a la guerra libertadora. No pretendemos convertirnos en sectaristas, sino que cada cual que empuña el arma que tenga, la actividad que sea compatible a sus posibilidades, la colaboración economica y el apoyo moral, a los que combaten y sobre todo, a los que en la Isla dan la pauta y llevan el mayor peso en la contienda. Sin demora tenemos que acometer acciones vitales para que éste gran momento historico cuaje en la liberación definitiva de Cuba.

Ademas de coordinar las cuestiones internas con otros grupos clandestinos, Alpha 66 esta distrubuyendo cientos de millares de pequeños panfleticos convidando a las milicias, al Ejercito Rebelde y al pueblo a participar de la contienda en contra del Castro-Comunismo. Todos los cubanos que deseen cooperar a este llamamiento pueden pasar por nuestras oficinas para entregarles el material que deben enviar a Cuba. Cada cubano puede servir de puente entre los de dentro y de fuera.

Por último, demandamos de todos los cubanos y de las organizaciones que pasemos de las palabras a los hechos. Que las disputas, las divisiones y las querellas infecundas se eliminen y se convierta cada uno en un esforzado militante de la causa cubana. Lo requieren los hombres y mujeres que en las carceles sostienen la gallarda rebeldía nacional, los combatientes de todos los frentes y el pueblo esclavizado. Pongamos la tragedia de nuestro pueblo por encima de mezquinos intereses y demos cada cubano un impulso y el apoyo moral y guerrero a la epopeya libertadora. De este modo podemos regresar a nuestra Patria con la frente limpia y el corazón henchido de orgullo porque supimos conquistar el derecho a ser libres.

Fd   EJECUTIVO NACIONAL "ALPHA 66"

ALPHA 66 INFORMA:

Reportes que nos llegan desde nuestras células militantes dentro de Cuba, determinan que las acciones iniciadas por nuestra Organización, que en una de sus etapas culminó con el desembarco del Coronel Vicente Méndez el 17 de Abril en Oriente, estan teniendo repercusión en otras provincias de la isla.

No es sólo en Oriente donde las fuerzas internas han respondido al estímulo exterior representado por las acciones de Alpha 66; en Camagüey, por ejemplo, se han producido reiterados brotes de rebeldía traducidos en sabotajes, resistencia y en algunos casos enfrentamiento directo con el régimen.

La situación en Oriente, desde luego, es la que revela con mayor claridad la decisión del pueblo cubano de sacudirse el yugo que lo oprime. A tal extremo que los propios medios de publicidad del Gobierno comunista de Cuba han tenido que informar sobre "grandes concentraciones de las Fuerzas Armadas", en ésos sectores se debe a "movilizaciones para incrementar la producción", cuando lo cierto es que la fracasada zafra de los 10 millones, ya prácticamente ha terminado.

Las movilizaciones no han tenido otro objeto, según los reportes que hemos recibido, que frenar la ola de deserciones que se han venido produciendo en las filas de las Fuerzas Armadas y cubrir territorios en los que actúan eficazmente los patriotas cubanos.

Que el régimen de Castro está consciente de la gravedad del momento lo demuestra entre otras cosas, la intensa purga que se está llevando a cabo en las más altas esferas del Gobierno, y que comenzaron con la cesantía fulminante de José Llanuza, como Ministro de Educación y Francisco Padron, como Ministro de la Industria Azucarera. Los desplazamientos de distintos elementos de los importantes cargos que venían ocupando continúan especialmente en los "Estados Mayores" de las Fuerzas Armadas. A tal extremo, de que se da por segura la destitución del Comandante Guillermo García Frías, Jefe del Partido Comunistra en la provincia de Oriente, quien ha caído en "Desgracia" debido a su importancia para contener a los invasores de Alpha 66 y a los elementos que en ésa provincia se han sumado a las acciones.

Este estado de cosas ha llegado a tal situación explosiva, que se esperan en el curso de lo que resta de éste mes importantes acontecimientos que darán un giro favorable a la rebeldía cubana frente al régimen despótico que ocupa el poder.

Esa es en síntesis, el resúmen de los informes que hemos recibido donde figuran datos aún más concretos que de revelarse pormenorizadamente, pudieran acarrear graves peligros a elementos que actuan activamente en ésas dos provincias mencionadas.

UNA NUEVA ESPERANZA

Por Esteban Fernandez [illegible]

Captain Vicente Mendez Hernandez has publicly committed himself, and given his word that he will be fighting in Cuba in the next months to come. In a very emotive letter addressed to the National Council of Cuban Independence Veterans (in exile) he formally pledge himself to the nation and the people in exile by his honor to face all the responsibility of the war in Cuban soil. He goes on telling them in his letter full of courage, that he will face all the action in the just and necessary anti-Castro war in the [illegible] months. [illegible]

Vicente Mendez is only known in his fight against Castro but he has never been interested in seeing his name in the [illegible], or assuming the leadership of any group.

He has always chosen to be unknown, and being that so soon he will go back to Cuba, it is necessary that all Cubans who want to help for the freedom of Cuba know who this man is, and his merits and at least pray for his life.

Captain Vicente Mendez was the first [illegible] of the glorious [illegible] fight against the tyranny of Fidel Castro. On July 5, 1960 he saw the first signs of Communism in the Revolution that he helped so much.

Coast Guard Exhibits Arms Taken From Alpha-66. Exiles Say They Were Intercepted In International Waters.

On April 17 (the anniversary of the 1961 Bay of Pigs fiasco) the Cuban exile military organization Alpha-66 landed 13 commandos on the east coast of Cuba. They allegedly were captured, but if so only after Fidel Castro threw an estimated 25,000 troops into the fray. Castro lost several men as well.

Then on May 6, Alpha-66 "naval units" sank, in Cuban waters, two of Castro's high-seas fishing trawlers (used, as well, for spying and infiltrating guerrillas into Latin America).

These two actions set off a chain of events in Washington that would have done credit to the LBJ and JFK Administrations. With Castro massing his mobs for a circus of protest, the State Department hit the panic button and on May 13 called together representatives of federal law enforcement agencies to figure out ways to protect Castro from further forays of this nature.

What really teed-off the State Department was a momentary aberration by Alpha-66 to trade 11 crew members of the fishing vessels for the freedom of survivors of the April 17 landing. They soon thought better of it and sent a telegram to the Red Cross giving the location of the men and asking that they be returned to Cuba.

'CIA Invasion'

Meanwhile, Castro staged a demonstration in front of the former U.S. Embassy in Havana, which is now being used by the Swiss government. He charged the Swiss, who represent U.S. interests in Cuba, with complicity in what he called a "CIA invasion" by mercenaries.

Two Swiss employes were prevented from leaving the embassy for two days. The strategy was to mount Swiss pressure on Washington to crack down on the Cuban exiles. It worked, obviously, and the State Department again danced to a Castro tune.

The demonstration was also used to "welcome" the returning fishermen, who were soon to land at the airport in Havana. But the fishermen were late in arriving.

They were late due to an unforeseen need to change clothing. When Alpha-66 rescued the crews from the sinking vessels (turned around, Castro would have had them shot as he has ordered the shooting of thousands seeking to leave his island in small boats), they found them literally in rags.

Shoes were patched with palm bark; shirts and trousers were in tatters. So, before setting them free, Alpha-66 provided the men with shoes and new clothing. When the men arrived at the air[illegible] in Havana, they were divested of t[illegible] new goodies and forced to don old w[illegible] clothing. Some, we are told, protes[illegible] vehemently.

The bearded dictator took the [illegible]casion of the "welcome" extended [illegible] fishermen to announce that the 10-[illegible]lion-ton sugar harvest was a fail[illegible] Despite closing down factories, sch[illegible] and offices and marching the peo[illegible] out to the fields, the harvest on wh[illegible] Castro had placed "the honor of [illegible] Revolution" failed to materialize [illegible] 1952, 350,000 *guajiros* cut and gro[illegible] 7.3 million tons in 100 days; Castro [illegible] had twice that many working and p[illegible]duced about 8.5 million tons in [illegible] days).

21477

Back in Miami, federal agents acting on State Department interpretation of antiquated neutrality laws entered Alpha-66 headquarters. The search warrant alleged that there was evidence that 1) Alpha-66 had launched its attacks from U.S. territory; 2) Cubans were raising funds illegally for bellicose purposes; and 3) all of this was being done to attack a nation with which the U.S is "at peace, to wit: Cuba."

Of the 37 items impounded, those of military significance were "one large carton filled with military-type web equipment...one military-type field pack...and one large cardboard carton filled with plastic military-type canteens." With such evidence, Army-Navy surplus stores could be indicted.

Greater attention was given to files containing the names of contributors. These held special interest because the wording in the warrant found "financial contributions and disbursements to obtain boats and other supplies" possibly prosecutable.

Can the State Department be serious? If this section of the law were applied impartially, how many Jews would today be under indictment for openly soliciting funds for the purchase of bellicose materials for a foreign nation—Israel?

How many senators and congressmen would today have egg on their faces for participating in fund-raising functions, publicly organized and propagandized, for that very purpose? That is how the Cuban community sees the matter.

This author has no particular objection to fund-raising by Jewish groups in the United States. Cuban exiles certainly do not. Indeed, Cuban Jews in exile have contributed substantially to Israel's war chest. They are furious when they, as Cubans, try to do the same for the liberation of their country, only to find a double standard raised against them. Nor are they happy to see their contributions go down the drain when overzealous federal officials seize equipment belonging to exile groups.

But what blew it for Miami's 350,000 Cubans was an "edict" read to them by the hapless State Department representative in Miami.

According to the heads of exile action groups called to his office, the representative stressed that "the spirit as well as the law" will be upheld. He is said to have told them that fund-raising for a bellicose purpose is definitely outside the law and warned them not only would they be prosecuted should they launch an attack from the U.S., but would also be stopped from using another Latin American country for that purpose.

The exact wording in the instruction from the State Department reads: "We would like to make it clear that if there is sufficient evidence of activity based in the U.S. for any such military expedition, then the fact that a third country is used as a staging area would not preclude the U.S. from proceeding to enforce its laws."

When the story of State Department policy hit the streets, the Cubans exploded. Cuban students from the University of Miami and Dade Junior College (Dade's 20,000 students comprise 8,000 Cuban students) marched on the Federal Building; 600 Cuban lawyers challenged the validity of the State Department position; doctors, dentists, educators, professional groups—57 of them—published a lengthy statement in the *Diario las Américas* newspaper. Part of that statement reads:

"Title 18, Section 960 of the U.S. Code [invoked against Alpha-66] prohibits certain actions from being taken against a nation with which the United States is at peace—'a friendly nation.' Clearly, Fidel Castro is not at peace with the United States or nations of the Western Hemisphere and, by breaking diplomatic relations with Cuba on Jan. 3, 1961, the United States recognized that Cuba is hardly a 'friendly nation.'"

REMINDER : We still have nearly 700 school libraries to go in filling our commitment to them for the fall. If you have not contributed in 1970, please do so now. Each of you have received a prepaid envelope. Place your contribution in it and mail today ! Time is getting short.

"We conclude," the signatories said, "that this part of the neutrality laws cannot be applied against Cubans who are fighting for freedom."

Sen. Strom Thurmond (R.-S.C.) and Rep. William C. Cramer (R.-Fla.) strongly support the Cuban exiles in their interpretation of the law.

The most recent law outlining U.S. policy toward Cuba was promulgated and signed by President Kennedy on Oct. 3, 1962. It states that the United States is "to work with the Organization of American States and with freedom-loving Cubans to support the aspirations of the Cuban people for self-determination." Furthermore, the United States is signatory to four inter-American pacts and treaties which clearly are designed to combat Fidel Castro's Communist regime.

In any event, this most recent action by the Department of State finds relations between Cuban exiles and Washington at their lowest ebb since the Bay of Pigs failure nine years ago. Cubans are now thoroughly convinced that the State Department is out to "get" them and willing to employ any subterfuge to do so.

One of these subterfuges, say the exiles, is a recent indictment against Andrés Nazario Sargén, head of Alpha-66. Sargén is charged with having "conspired" to purchase arms allegedly stolen from a U.S. arsenal in Connecticut. His bail was set at $100,000, then inexplicably reduced to a mere $2,500 and Sargén asked to plead guilty to be let off on a light sentence.

These shenanigans, say the Cubans, mean that lacking proof that Alpha-66 launched its attacks from U.S. soil, the government will use other means to intimidate exile action groups. Legal action taken against Sargén, they argue, is simply the eager-beaverism on the part of what they believe to be pro-Castro functionaries in the Department of State.

On the other hand, the Department of State has its case. Many officials are only slightly less enthusiastic than Cuban exiles to see the end of Castro's Communist regime. But they argue that the half measures taken by Cuban exile groups are not effective and merely serve to embarrass the United States. Others claim that the Alpha-66 attacks were merely ill-timed, providing Castro with an "excuse" to lay the failure of his sugar crop at the feet of "CIA operatives" based in the United States.

As to this latter claim, those who know Fidel Castro also know that he needs no excuse to gather the mobs and denounce the United States. The history of his 10 years in power bears full witness to the truth of this view.

No Viable Policy

What really comes through in all of this is that Washington has yet to come up with a viable policy toward Fidel Castro to put a stop to his subverting Latin America and even the United States. The only absolute factor in the conduct of foreign affairs is the premium placed on initiative. We don't have it; Castro does.

The State Department cannot merely "wish" Castro out of power, and its policy of "economic denial and diplo-

[illegible] demonstration of America's willingness to resolve international disputes peacefully if the following specific steps could be taken this year:

First, a review by the Secretary of State of all disputes to which the U.S. is a party to ascertain which ones, or portions of them, might lend themselves to arbitration or adjudication. When this review has been completed, we would urge that the United States move to take the disputes that are determined to be justiciable to the International Court of Justice or other appropriate international tribunals.

Second, the employment of the provision of Article 96 of the United Nations Charter to seek advisory opinions of the World Court by the United Nations and the U.N. Specialized Agencies on issues where such an opinion would help to clarify the legal aspects of a dispute.

Third, the instructing of U.S. negotiators to seek inclusion of a provision in future treaties and agreements which provides for the World Court's adjudication of disputes arising under those treaties and agreements.

We believe that these steps, modest though they seem, would be favorably received by the international community and lead to an enhanced regard for the rule of law throughout the world.

As Members of Congress for Peace Through Law, we have devoted considerable time and attention to this question and have sought the advice of skilled international lawyers outside the Congress.

We welcome your comments and reactions to these suggestions and would be pleased to discuss them in greater detail with you or with members of your Administration.

CUBAN INDEPENDENCE DAY

HON. WILLIAM C. CRAMER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, May 20, 1970

Mr. CRAMER. Mr. Speaker, May 20 is a very special day for Cubans and Americans. On that date in 1902, the Cuban flag was first raised at the city hall in Havana and at El Morro Castle. On that date Cuba became a free country.

Most Americans know about the sinking of the battleship which made the cry "Remember the Maine" a part of our history. Most Americans know that this country interceded on behalf of the Cuban people in their fight for independence from foreign domination.

Unfortunately, however, most Americans are not totally aware of the valiant fight put up by the Cuban people, alone and unassisted, for nearly a century.

The Cubans fought a 10-year war from 1868 to 1878 against a powerful Spanish Army. They have consistently fought for freedom from oppression and their battle for independence from 1895 to 1898 found the United States fighting alongside of them.

But we cannot forget that the Cubans so loved liberty that the number of casualties in their two wars of independence mounted to a quarter of a million people. The total population of the island at that time was less that 2 million.

What this means is that one out of every four Cubans became casualties in their quest for liberty.

It is shameful to say that the United States seems to have turned its back on Cuba when it is suffering from the imposition of another foreign tyranny, international communism headed by the Soviet Union. Yet, State Department spokesman Robert McClosky, a holdover bureaucrat, threatens freedom fighters who wish to return and help their brothers throw off the yoke of this tyranny.

My colleague, Senator STROM THURMOND, has already brought this to the attention of the Senate. It is my wish to bring it to the attention of my colleagues in the House of Representatives and the American public.

The amount of sabotage being committed by Cubans inside Cuba is in line with the tradition of its people. Just a few days ago, on May 15, the Castro regime announced the execution by firing squad of a campesino who burned down a sugar warehouse at [illegible] de Sarna.

This patriot lived in Cuba and gave his life in exchange for the destruction of 2,000 tons of sugar.

From all over Cuba come official admissions that the Cuban people are in massive resistance to the Communist regime of Fidel Castro.

It is fair to say that today resistance to Castro and communism is many times greater than the resistance which brought him to power in 1959. Yet, Cuban freedom fighters in exile are persecuted when their only purpose is to help their fellow man regain the liberty for which 250,000 Cubans fought and were wounded or gave their lives.

I should like to ask this question: Is it not in our own national interest that Cuba be freed from domination by a country a thousand times more powerful than the Spaniards of the 19th century? Does not the presence of a fleet of Soviet Navy ships anchored in Cienfuegos Harbor pose a threat to our own national security?

Among those ships are a missile firing cruiser and an atomic submarine. What is the practical difference between land base missiles which brought on the crisis of 1962 and Soviet ships with missiles now anchored in Cuba?

It is no secret that our intelligence community fears that the Soviet Union is now prepared to establish a Caribbean fleet based in Cuba, and surely this fact must relate to our own security. I say that official efforts to protect Fidel Castro by suppressing freedom fighters are dangerous and nonsensical.

True, the State Department apprehends Cuban exiles on the grounds that forays from the United States are in violation of our neutrality laws. But I would like to cite an interpretation of those neutrality laws as rendered by the late Robert Kennedy when he was Attorney General of the United States.

His ruling was that the neutrality laws were, and I quote:

> Among the oldest laws in our statutes books. They were not designed for the kind of situation which exists in the world today.

The late Attorney General continued and I quote from his April 20, 1961 ruling:

> The neutrality laws were never designed to prevent individuals from leaving the United States to fight for a cause in which they believe. There is nothing in the neutrality laws which prevents refugees from Cuba from returning to that country to engage in the fight for freedom, nor is an individual prohibited from the United States, with others of like belief, to join others in a second country for an expedition against a third country.

I believe that ruling not only is just but also was made in the cause of our own security. Unfortunately, it has been all but forgotten by our State Department which continues to harass Cuban exiles and even instructs the U.S. Coast Guard to apprehend freedom fighters on the high seas—a form of official piracy, I might add.

In conclusion, I would like to emphasize that Cuba is little more than a Soviet base dedicated to the destruction of our society, and that of free men everywhere. I should like to emphasize that our freedom is inextricably interwoven with the freedom of the Cuban people. The ominous presence of the powerful Soviet fleet based just off our shores underscores this fact.

1. In a 13 Oct 70 interview with Johnny O'Donnell, free-lance reporter, he made the following information available regarding subject matter: The head man is Miguel Talleda, who is employed as an accountant at Hammer of California, Gardena. He has four daughters, two sons, and his wife baby-sits for neighbors in order to earn extra money. He receives about $1,000 a month. Talleda appears to be honest, hard-working, well disciplined and well organized, not overly emotional, strongly anti-Communist and anti-Castro. According to the Los Angeles Police Department, he has a P.O. Box in his name in Alhambra. The No. 2 man is Nextor Aranguren, also an accountant. He lives in Alhambra, and is believed to be the "bag man" who handles all money collected by the organization. It is the custom of Alpha 66 to inform their supporters how much money they receive. The rally in April 1970 at the Embassy Auditorium in Los Angeles netted them approximately $2,200.

2. One of the staunch supporters of Alpha 66 is a Dr. (fnu) DeCespedes, PhD, the granddaughter of Carlos Manuel DeCespedes, the Father of the Cuban independence who fought against the Spanish in 1868. She spoke at the Maywood American Legion Post Alpha 66 Rally in August 1970.

3. The following are Southern California city delegates: Eligio Vichot from Redondo Beach; Lorenzo Alfonso, from Fullerton, their most fiery speaker, who owns a janitorial service business; Pedro Sanchez from Culver City; Marcos Peralta, Huntington Park. Sanchez, Peralta, and Talleda flew to San Francisco with top man Andreas Nazario Sargeant of Miami when he visited Los Angeles in August 1970.

4. O'Donnell said the Alpha 66 training camp is somewhere in Mexico but they may move it to Central America as the Cubans are worried that the Mexicans might sell them out.

1. Subsequent interviews with Johnny O'Donnell resulting from reference, disclosed he has had no personal contact with the Alpha 66 group in the last two months due to personal financial reasons. He said his funds are depleted and he has had to spend all of his time looking for publishers that will pay for his contributions. He was unable to answer the questions posed in reference at this time. As soon as he gets on his feet financially he will again make contact with the group and try to learn more. He feels he has the complete confidence of the group; they are looking to him for publicity, i.e., "to tell it like it is."

MEMORANDUM

SUBJECT: Ramparts: John Garrett UNDERHILL Jr., Samuel George CUMMINGS, and INTERARMCO

1. Ramparts of June 1967, Vol. 5, No. 12, pp. 28-29, contains the following passages about Subjects:

"The day after the assassination, Gary Underhill left Washington in a hurry. Late in the evening he showed up at the home of friends in New Jersey. He was very agitated. A small clique within the CIA was responsible for the assassination, he confided, and he was afraid for his life and probably would have to leave the country. Less than six months later Underhill was found shot to death in his Washington apartment. The coroner ruled it suicide.

"J. Garrett Underhill had been an intelligence agent during World War II and was a recognized authority on limited warfare and small arms. A researcher and writer on military affairs, he was on a first-name basis with many of the top brass in the Pentagon. He was also on intimate terms with a number of high-ranking CIA officials--he was one of the Agency's 'un-people' who perform special assignments. At one time he had been a friend of Samuel Cummings of Interarmco, the arms broker that numbers among its customers the CIA and, ironically, Klein's Sporting Goods of Chicago, from whence /sic/ the mail-order Carcano allegedly was purchased by Oswald.

SECRET
RYBAT

"The friends whom Underhill visited say he was sober but badly shook. They say he attributed the Kennedy murder to a CIA clique which was carrying on a lucrative racket in gun-running, narcotics and other contraband, and manipulating political intrigue to serve its own ends. Kennedy supposedly got wind that something was going on and was killed before he could 'blow the whistle on it'. Although the friends had always known Underhill to be perfectly rational and objective, they at first didn't take his account seriously. 'I think the main reason was,' explains the husband, 'that we couldn't believe that the CIA could contain a corrupt element every bit as ruthless--and more efficient--as the mafia.'

"The verdict of suicide in Underhill's death is by no means convincing. His body was found by a writing collaborator, Asher Brynes of the New Republic. He had been shot behind the left ear, and an automatic pistol was under his left side. Odd, says Brynes, because Underhill was right-handed. Brynes thinks the pistol was fitted with a silencer, and occupants of the apartment building could not recall hearing a shot. Underhill obviously had been dead several days.

"Garry Underhill's chilling story is hardly implausible. As a spy apparatus the CIA is honeycombed with self-contained cliques operating without any real central control...."

2. A check of Agency records has yielded the following information about John Garrett UNDERHILL Jr.

a. DPOB: 7 August 1915, Brooklyn.

b. Attended high school in Brooklyn and was graduated from Harvard in 1937.

c. Died 8 May 1964.

d. Was a pictorial journalist for Life, 1938-1942.

e. Ordered to active duty with MIS, Washington, as a second lieutenant, on 8 July 1943. Served with MIS for 2-1/2 years, working on technical and photographic headings for MIS publications, evaluation of intelligence, and enemy uniforms, insignia, weapons, etc. On 9 October 1945 received a War Department staff citation for superior work in military intelligence. Left active duty in May 1946.

f. CIA memoranda of February and October 1949 show that there was interest by the New York office of OO, Contacts Division, in using Subject as a contact for foreign intelligence. Name checks were conducted with various military members of the intelligence community, but these yielded insufficient information, and OO was advised that contact should be developed with caution, on a limited basis, and that Subject was not to receive information classified higher than confidential.

g. On 12 March 1957 national agency checks were again requested on Subject because of interest by the Office of Security.

h. A UP article of unknown date cites an article written by UNDERHILL for Esquire. The article described the U.S. Army as shockingly weak. The UP piece stated that UNDERHILL served in military intelligence in World War II and Korea. UNDERHILL said that he had served as a consultant /probably in 1956/ to an Army coordinating group.

i. A report of 6 August 1954 from the Office of Security, Department of State, concerns contacts between UNDERHILL and one Herman AXELBANK, who was trying to sell photographs of Soviet military subjects. UNDERHILL reported these contacts to the FBI and to CIA. In November 1949

UNDERHILL visited Washington to call the attention of CIA to certain AXELBANK pictures and was advised that Colliers might be interested in some of them for an article on Russia. UNDERHILL discussed AXELBANK with "Ricky" Haskins of CIA.

3. On the basis of the foregoing an inquiry was made of director, Domestic Contact Service, whose office provided the attached reply.

4. The following information about Samuel George CUMMINGS, 201-178343, was compiled from his 201 file and from information provided by the Office of Security and by C/CI/SPG.

a. His date and place of birth are 4 February 1927, Philadelphia.

b. He entered on duty with CIA as a staff employee in December 1950. He was then a GS-9 assigned to Ground Branch, Weapons and Equipment Division, OSI. In January 1952 he was transferred to the Office of Procurement and Supply. During 1952/1953 he travelled abroad extensively, buying foreign weapons.

c. He married a German national and consequently resigned in November 1953, when he became a career agent in Guatemala.

d. Cables of the 1951-1952 period state that CUMMINGS was then buying arms for CIA and that the arms were intended for resistance elements behind the Iron Curtain.

e. On 17 August 1954 CUMMINGS became the principal agent of the (CIA-owned companies known 24 as) International Armament Corporation and Interarmco Lt., both incorporated in Canada, Switzerland, and the U.S. CUMMINGS engaged in sharp practises in his conduct of business and was also extremely difficult to control.

1P0

f. A 1957 cable states that a business man in Panama, an Agency source, knew CUMMINGS to be providing information to the FBI and also knew him to be "careful about keeping the appropriate U.S. Government agencies informed of his deals."

g. In early 1958 CUMMINGS assumed sole ownership of International Armament Corp. and of Interarmco. (An Agency audit established the net worth of these companies as $219,000.00.) CUMMINGS bought them with a non-interest bearing promissory note in the amount of $100,000, payable in four annual installments of $25,000, and certain items of inventory which had a cost value of $67,000 and a market value of $250,000. These items were to remain the property of CIA, and their cost was to be returned to the Agency after they were sold.

h. On 28 June 1961 the West German publication Der Spiegel reported that CUMMINGS had been employed by CIA as an arms expert during the Korean War and that he had cooperated with CIA in "supplying arms to various trouble spots".

i. Shortly after CUMMINGS left his staff position for Interarmco, contact with him was established by the WH Division. This contact was taken over by C/CI/SPG in September 1954. (CUMMINGS knows him only by alias.) This contact is still maintained. Until recently the principal purpose was to dispose of arms, (and CIA made a sizeable profit on these transactions.) The current contact is not operational. It is not based on a project, and no payments are made to CUMMINGS who volunteers information resulting from his extensive travels and high-level contacts. An operational clearance for CUMMINGS' use by the CI Staff as an informant was granted in March 1958.

3/24

j. On 4 January 1962 the Rome periodical Vie Nuove stated that CUMMINGS was hired by CIA as an expert in arms and ballistics.

k. In December 1962 the Office of Security recommended against his use by Domestic Contact Service as a source, and in December 1964 the CI Staff advised that it had no operational interest in Subject. (Comment: As was noted above, this statement is correct, because Subject's activity is not directed by the Agency. He volunteers information.)

l. An Interagency Source Register memo to ACSI, dated 1 June 1965, stated that at that time there was "no record of a current operational interest in Subject."

m. An Agency report of 24 February 1966 cited CUMMINGS as trying to procure military equipment from Communist Bloc countries on behalf of DIA.

n. Agency reports of February and May 1967 stated that CUMMINGS had been in close contact with the BND (West German foreign intelligence service) for a year or more, that he had been given requirements by the BND, and that these included lists of Soviet and Bloc arms for procurement. It was also reported that he showed a BND representative a copy of a purchase order for the procurement of a Soviet T-54 tank, the order having originated with DIA. BND officials have often stated that CUMMINGS is a CIA agent.

o. A form dated 1 June 1967 was directed to the Interagency Source Register by "DA", presumably Department of the Army.

5. Agency records contain numerous references to INTERARMCO.

6. It is noted that UNDERHILL, CUMMINGS, and INTERARMCO have not appeared to date in any press or classified reports of the Garrison investigation in New Orleans, with the tenuous exception of the Ramparts article cited at the outset of this memorandum.

1. On 4 January 1963 AMHINT-27 met with [QUANTUM-51] in New York City, and [QUANTUM-51] advised him that Jorge *MEDINA Bringuier, the Secretary General of AMSPELL in PBRUMEN, is a G-2 agent. MEDINA and *AEDO (fnu), who was said by [QUANTUM-51] to be on the AMSPELL National Executive, were actually G-2 penetrations. They planned to "roll up" the entire AMSPELL organization and "other groups" in one sweep and then escape by boat and contact AMHINT-53 in the JMWAVE area. MEDINA was in contact with AMHINT-53 while in PBRUMEN and planned to use AMHINT-53 to establish his bona fides with KUBARK.

2. [QUANTUM-51] further advised that another mission of the two G-2 agents, MEDINA and AEDO, was to make contact with Iden A to determine what role it played in anti-CASTRO activities. The secretary of [QUANTUM-51] had been a very close personal friend of AEDO's since childhood and AEDO feared she would be implicated, so he told her of his espionage mission. She informed [QUANTUM-51] and then arranged a meeting between [QUANTUM-51] and AEDO. AEDO told [QUANTUM-51] of his mission and arrangements were then made to get all the AMSPELL leaders into asylum in the Uruguayan Embassy. On or about 10 December 1962 about 25 persons, including AEDO, went into asylum.

3. [QUANTUM-51] further said that AEDO reportedly was arrested by G-2 a long time ago and then recruited to work for the PBRUMEN Government.

4. Reference C is a chronological summary of AMHINT-33's activities subsequent to his infiltration in PBRUMEN, and his contacts with Chelin, the brother of AMFRET-7. AMFRET-7's arrest was reported in Reference B. The AMFRET-7 Case Officer states that both AMFRET-7 and his brother were arrested, after shooting it out with G-2 and being wounded. As noted in Reference D, AMFRET-7's arrest was made after [QUANTUM-55] and Blanca *MARTINEZ de Hoya, aka "Cuca," aka "Cuchi," brought MEDINA, AMSPELL's National Military Coordinator for Reception and Supply, to Iden A where MEDINA recognized AMHINT-33. AMHINT-33 said MEDINA was an old friend of his and had lived near him.

5. AMHINT-33 said further that his brother knows MEDINA, that MEDINA is the man whom AMHINT-33 used in 1961 to check up on *REBELLON (fnu), the FEU Secretary General in PBRUMEN. AMHINT-33 added in his S/W Message 11 of 10 December 1962 that "his friends" are still in jail.

6. Reference E transmitted a letter written by AMHINT-33 on 29 December 1962 in which he states that G-2 infiltration is so great that he considers it impossible to organize anything, and he indicates that some of the agents, as in this case, have been infiltrated for more than two years. He presumably means infiltrated into anti-CASTRO organizations and/or activities.

7. Relative to the "other groups" mentioned in para. 1 above, AMHINT-33's Case Officer believes that AMHINT-33 is probably referring to the MRR, the MRP, the MDC and the 30th of November groups. The "friends" mentioned in Para. 5 may be one Eduardo *BRINGAS, who is about 23 years of age, one *GOUMI (fnu), and others previously referred to but not identified by AMHINT-33; they may have worked for AMHINT-33.

8. JMWAVE traces on the individuals involved in this plot offer little concrete information.

a. It is noted that Jorge MEDINA Bringuier is listed on Page 13 of Attachment C to UFGA-4977 as an MRR member, with a listed aka of Carlos PRADO. JMWAVE tracing identifies one Carlos PRADO as "a brother of Raul, the head of G-2 in Las Villas Province," as reported in HAVA-6437, 5 October 1960; there is no further information on this Carlos PRADO. However, the original source of the information given in Attachment C of UFGA-4977 was a letter brought out of PBRUMEN by AMSTRUT-1 about early July 1962. Said letter contained a $25 money order, issued at Station No. 9, New Orleans, on 16 March 1962, for Jorge MEDINA Bringuier and purchased by Maria Teresa MEDINA. The envelope, addressed to Sra. Consuelo C. de RIVAS in Mexico City, bore the notation, "For Carlos PRADO," and contained a note, "This money order for $25 is for Carlos PRADO from his mother," in addition to the money order. There is one Carlos PRADO in Mexico. He is studying engineering and is the brother of Faustino PRADO Garcia, an engineer who works close to "Che" GUEVARA and is of current KUTUBE interest. Faustino PRADO is married to Clara ARTIME, a sister of Josefina ARTIME, who is a close friend of AMGLEN-9, and she is also of current KUTUBE interest. When AMSTRUT-2, who could have given this letter to AMSTRUT-1 to take out of PBRUMEN, was in Mexico City she called Carlos PRADO by telephone at 249769 and told him that she was a friend of his mother. This PRADO family is a large one, and includes another brother, Angel, who is in Spain, a sister who is a nun in Italy, and another brother who is a doctor in New York City. Additional data could be secured on this family from AMSTRUT-2 if desired. However, it seems probable that this money order may have been sold in Cuba by Jorge MEDINA and purchased, sooner or later, by the mother of the Carlos PRADO who is currently a student in Mexico. A copy of the material carried out by AMSTRUT-1 is being forwarded herewith. It will be noted that a part of the attachment was disseminated as UFG—1239, 13 July 1962.

CONTINUATION OF DISPATCH	CLASSIFICATION SECRET	DISPATCH SYMBOL AND NUMBER UFGA-7383

b. It is further noted that JMWAVE files show one "Mongo" listed on Page 14 of Attachment C to UFGA-4977 as captured and sentenced to 30 years in prison. This information came from UFG-779, 12 January 1962, which was based on an AMCUTLER-1 intercept of a report from the MRR Acting Internal Coordinator in PBRUMEN to Hipolito LAZARO, the MRR Internal Coordinator temporarily in PBPRIME, sent via the [Argentine Diplomatic Pouch.] There was no further identification of this "Mongo." 24

c. It is noted that Reference F identifies Jorge HAEDO as a former anti-Castrista who was tortured and doubled by the PBRUMEN Government; HAEDO appears to be the correct spelling.

d. "Cuca" or "Cuchi" MARTINEZ, who has held the position of AMSPELL National Coordinator for Civil Resistance, is a personal friend of AMCOG-3 and family. She is believed to have taken asylum in the Mexican Embassy. SW Message 12 from AMCOG-3, dated 8 December 1962 and received 12 December, reported that [QUANTUM-51] 01 advised "Cuca" to hide or be cautious because MEDINA had turned out to be a G-2 member. The message said that this was learned from AMSPELL prisoners and that, during interrogation, they were asked many questions about "Cuca" and AMCOG-2.

9. When the AMHINT-53 security review mentioned in Reference A is received, additional investigation as necessary will be made at JMWAVE.

I am going to place the communication abroad in Sofi's hands; no one better. What I need is that you explain to us better how to make the contact from here over there, that is, how and where to see SARABIA, the contact which you said you had with him. Sofi knows him but doesn't know where she can see him. Remember that Sofi is already being checked because Esteban's wife knows her and asked about her. I am going to try to have the treasurer be a friend of Sofi's who knows where the money is. He is a fully trustworthy boy called Alejandro.

Tell Dr. LAZAGA that I don't write to him about the affair because it is easier for me to write to you, but that he and this boy should have relations, and I with Chichi and with you.

We give the support to LAZAGA together with the Executive, because it would be impossible to only one person, and for the case it was left in our hands. You see that the executive over there is fully answerable to us and that way there will be no problems.

We don't know anything about my namesake. So far all the contacts have failed. Let's see what we can clarify.

Tell Tomas that the news I sent him about Dos Rios was through a contact which I made with our brother-in-law D. He is willing to work and has people in his area, and also in the coast. I believe that a lot can be done up there. Besides, Soto left me a terrific contact also at that coast, whom we have to put in contact with D. Tell Tomas to let me work also in that area, which is mine and of my people, and that if he gives authorization that we can send a guerrilla band to work with that people. Of course, this guerrilla chosen by us to avoid their sending people of the A[illegible] and have them take command away from us. You know how that is.

Write to our other brother-in-law in the embassy and find out when he leaves because I know that he is already leaving but to come back to me immediately. Let's see if he leaves, takes a fast training, and comes back. Have them get much map reading and man to man combat with bayonets which is very good at night and no one here knows anything about that.

You must explain the thing a bit to Soto so that he will gain enthusiasm. If he sees that the thing is serious and has real support he will come. The only thing that like Yayo, he needs support for his family. Explain everything to him and I think he will come. He leaves tomorrow and I gave him your phone. If he needs money for his

wife and for himself give it to him from mine. I authorized him to ask you for it.

If they would let me, in our province I would place 3 or 5 guerrillas with the contacts which I had before and have now, and we would fill that up for these people, that is, we would start a war in all the province, plains and everything.

Well, this letter is going with safe hands to Miami where it will be mailed, tomorrow. So the S.W. which I sent will arrive later if I can't get it taken with this one because I already gave it to have it mailed. Let's see if we can get it back in time to have it arrive soon.

I will write to Boba and Martha Elena another day with calm, and I don't have the details of your letters on hand.

Regards to all and you receive love from your brother,

/Manolo/

...comunicación al exterior la voy a poner en manos de Fi, nadie mejor que ella. Lo que yo necesito es que el contacto que tú me decías tener de Zambia, se me explique mejor como hacerlo de aquí para allá, o sea como y donde verlo a él. Sofi lo conoce, pero no sabe dónde está. Recuerda que a Sofi ya la están chequeando pues la mujer de Esteban la conoce y preguntó por ella. El tesorero voy a tratar que sea un amigo de Sofi que sabe donde está el dinero. Es un muchacho de toda confianza llamado Alfonso.

Dile al Dr. Lazaga que no le escribo sobre el particular porque a ti me es más fácil, pero que este muchacho y él son los que deben tener relaciones, y yo con ellos y contigo.

El apoyo se lo damos a Lazaga junto con el Ejecutivo porque a una sola persona sería imposible y para el caso se dejaba en nuestras manos. Uds. procuren que el ejecutivo en esa responda plenamente a nosotros y así no habrá problemas.

De mi tocayo no sabemos nada, todos los contactos nos han fallado hasta ahora. Vamos a ver que sacamos en claro.

Dile a Tomás que la noticia de Dos Ríos que le mandé fué por un contacto que hice con nuestro cuñado D., este está dispuesto a trabajar y tiene gente en su zona, a mas de por la costa. Creo que por allá arriba se puede hacer mucho, además Lacto me dijo un contacto formidable por aquella costa también, el cual pienso poner en contacto con D. Dile a Tomás que me permita trabajar también para esa zona, que...

la mía, la de mi gente y que si él dá autorización se puede mandar una guerrilla a trabajar con esa gente. Desde luego esa guerrilla escogida por nosotros, no vaya a ser que manden gente de los americanos y nos quiten la jefatura, tu sabes como es eso.

Escríbele a nuestro otro cuñado en la embajada y averigua a ver cuando sale pues yo sé ya que el va pero para volver conmigo enseguida. A ver si sale y coge un training rápido y vuelve. Que cojan mucho de lectura de mapas y lucha cuerpo a cuerpo con bayoneta que eso es una cosa buena de noche y aquí nadie sabe nada de eso.

A Beto le tienes que explicar la cosa un poco para que coja embullo, si él vé que es seria la cosa y con verdadero respaldo el viene, lo único que igual que Yoyo necesita ayuda familiar, aclárale todo que yo creo que el viene. Mañana sale y le dí tu teléfono, si le hace falta dinero para la señora y para él dáselo del mío, yo lo autorizo a pedírtelo.

Si me dejaran en nuestra prov. yo metía 4 ó 5 guerrillas con los contactos que yo tenía antes y ahora, y le explicábamos aquello a esta gente, o sea le metíamos guerra en toda la provincia, llano y todo.

Bueno, esta irá en manos seguras hasta Miami donde la pondrán en el correo mañana así que el S.W. que mandé llegará después que esta si no logro que lo lleven junto con esta pues lo dí ya para que lo echaran al correo, vamos a ver si se recupera a tiempo para que llegue pronto.

A Beba y Martha Elena les contesto otro día con calma y los pormenores de las cartas de Uds. que no las tengo a mano.

Recuerdos a todos, y Uds. reciban un abrazo de su hermano

Manolo

DRE, Santiago de Cuba

ATTENTION REQUESTED: FI/KUCAGE/KUTUBE. 06

1. On 9 April 1962, [Jose Antonio Saburni Casas (aka "Che"], born 11 April 1930, Santiago de Cuba; Miami address: [c/o Elisa Sadurni Casas,] 06 08 [1619 Meridian Ave., Apt. C-10] Miami Beach, telephone: [JE 2-2641,] was interviewed. 08

2. Source said that during the revolution he was a member of the DR in the University of Habana. After the revolution he went to the University of Oriente, Santiago de Cuba, and eventually became the DRE chief for the city. In regard to his former DR association he had no operational leads, claiming that all contact with DR members terminated in 1959, and he knew no one who attained any stature in the Castro Government.

3. As DRE chief for Santiago, the source claimed that he had 50 members who he considered well organized and capable of any type of action. He said that there were, and are, other members, but he does not consider them in the same category with the 50 who are organized into cells. He said each cell has nine men. There are four cells in the University of Oriente and two in the high school.

4. He said that he left Santiago in March 1962 and turned the DRE over to his deputy. He then went to Habana and informed the DRE leadership that the second in command had taken over and he was told that Habana would initiate contact with the new leader. (Note: Since close relations are maintained by the JMWAVE Station and the DRE, no attempt was made to press the source for names and addresses, etc., as this information can be obtained in subsequent outside debriefings. The JMWAVE Officer responsible for the DRE operational matters was informed of the source's arrival and processing.)

5. Source said that at the time he left Santiago, the remnants of the Catholic student organization was trying to make contact with the DRE and he believes that by this time this contact has been made. He said that the DRE member who was following this matter, and who would follow through, was a blind person.

6. Listing the arms and supplies in the possession of the DRE in Santiago, the source said that it has about 5-6 pounds of plastic remaining out of a shipment of 20 pounds which was received from the DRE in Habana. He said the DRE in Santiago placed bombs in places where the explosion would not injure anyone. As far as arms are concerned the source said that the DRE in Santiago has ten 45 caliber pistols; five 38 caliber pistols; one M-3, and one Tommy gun.

7. The source furnished the following KUTUBE-type information:

4/90

a. He said that his father is in jail in Puerto Boniato, and that in order to try and get him free, the source went to see Major Belarmino "Anibal" Castilla, the chief of training for the Palma Soriano Military Encampment, whom he knew from their days in the Santiago High School. Source made his plea and "Anibal" told him that before he could act upon it, he would have to talk to the source for five hours in order to determine his political orientation. The source replied that he did not come to talk politics but to plead for his father. "Anibal" answered that he would think about it and call the source one way or another, but he never called. Source thought that this story adequately demonstrated the (Communist) political orientation of "Anibal."

b. The brother of "Anibal" (para 6a above) is "Bertico" Castilla, first name possibly Alberto. He resigned from the army and is now living in Santiago, but the source is not clear on "Bertico's" political orientation.

c. Electra Fernandez, the wife of Mendez Cominche (the Santiago G-2 chief), is no longer the civil head (comisionado) of Santiago. She is now the president of the Federacion de Mujeres Cubanas.

d. The source has given a complete military map of Oriente Province to the DRE member he left in charge of Santiago DRE (see para 4 above). Information is passed from Santiago to the DRE in Habana and the latter, in turn, is to forward the information to the States.

why he didn't he bring it with him

e. Source said that his contacts who work in Nicaro report that the Nicaro-Mayari Arriba area is restricted and that unknown types of military installations are being constructed.

f. The foreign instructors in the University of Oriente consist of Czechs and Chileans. The Czechs have started a new medical school in the university and the Chileans have taken over the Business Administration Courses.

1. The student resistance organization in Habana is the Directorio Revolucionario Estudiantil (DRE, Student Revolutionary Directory). One of its leaders is [Lester Garcia Rosales] who is the chief of finance for Habana Province. [Roberto Quintairos Santiso] is the general coordinator of the DRE. He has an external line of communication, running out of Cuba, through an official of the [Uruguayan Embassy] in Habana. [Quintairos] replaced [Ricario XXXXXXXXXX Menendez], who is also known as ["El XXXX Chino" (the Chinaman)]. The latter was arrested by the Cuban security forces in January 1962 and is presently in prison.

2. The DRE has a clandestine propaganda newspaper called Trinchera, butxxxx it is publish on a very irregular basis.

3. In order to finance its activities the DRE sells bonds in one and five peso denominations. however, because of the security conditions in Cuba, one must be very careful in selling the bonds or else he may sell one to a government agent who are constantly trying to provoke oppositionists to show themselves.

4. During the latter part of February 1962 two bombs exploded in the University of Habana. It was said that the bombing was done by the DRE.

western shore of the Almendares Riv r. It is said that important government officials also live in this area. Nevertheless, ~~from~~ this section has a commanding ~~view~~ of the city of Habana.

NEW REPORT- SAME SOURCE

In all my time in Habana and until 6 March 1962, the date of my departure, I new saw more than 3 Cuban air force jet planes in the air at one time. I have talked to my friends, particularly one who lives near the airstrip at Campo Libertad, an no one has seen more than this number in the air at one time. This leaves us to believe that the air force does not have as many jets as they say they have.

d. Rafael SANTANA Alvarez DPOB - 7 November 1932, Las Villas. Subject was a chauffeur (taxi-driver) and plans to be at 7750 Normandy Drive, Apt. 2, Miami, Florida, while in PBPRIME. He stated that he resided at Bernaza No. 210, Havana, Cuba. Though he was not a member of any clandestine group, he assisted the MRR group in Caibarien and just recently assisted others to leave the country. Subject and the aforementioned persons departed Cuba on board the Cuban M/V BLANCA ESTRELLA owned by INRA but operated by Subject's brother Israel SANTANA Alvarez, who dropped them at Anguila and returned to Cuba to bring others out that were supposed to meet them, but they missed their connections. Subject's group departed from Isabela de Sagua, Las Villas 24 January 1962 at approximately 2400 hours. On 22 December 1961 a group of approximately twenty militiamen and men from the ORI were drinking in various bars and displaying the Communist flag. Anyone who appeared to be unsympathetic was beaten. They also went to the homes of some who were suspected of being anti-Castroites and would beat them also. They beat up approximately twenty persons. This took place in Caibarien, Las Villas. Subject was one of many arrested between 22 and 26 December. When they were taken to a restaurant across from the G-2 office, Subject managed to escape. The other three men that came with him on the boat managed to hide him until they made good their escape by boat. Subject lists the following as G-2 agents:

Antonio OBREGON Correa, Mayor of Caibarien, Las Villas
One TOYO (nickname) is the head of the G-2 in Caibarien
(fnu) VILLASON is the assistant to TOYO
Evaristo HERRERA, who also works on a boat transhipping sugar from Cayo Frances to Caibarien, Las Villas
Roberto ROJOS aka ESPONJOX
Luciano BENTAJA, Juanito BENTAJA and four other brothers
Guillermo SANTANA, Andres SANTANA, Lorenzo SANTANA

Subject further stated that Pedro MONTERO, Alejo MONTERO and Eduardo MONTERO are active members of the MRR group in Caibarien, Las Villas. Francisco ROBLE is the active coordinator for the MRP in this area. Andres and Guillermo GONZALEZ (fishermen) are informers for the G-2 in Caibarien. They will propose that they help Cubans get out of the country. When all preparations are set up, the fishermen inform on those wanting to leave. The same applies to Jose (Pepe) MIRO, Evalio GARCIA and Lado COPA, all of Caibarien, Las Villas. Subject also stated that the 381st and 382nd Battalion of militia are presently in Caibarien, Las Villas. Subject states he is willing to return to Cuba and work for the underground. (Source Comment: If this subject is to be used in any manner, please be reminded that he claims to have escaped from the G-2. He may be trying to infiltrate the groups here or he may be trying to find out how the DRE operates in the Las Villas zone.

1. During your recent TDY to Headquarters, you requested all available information regarding a young Cuban named LASA who talked to Identity 1.

2. Identity 2 met with Jose Maria LASA Urrutibeascoa and Identity 1 on 2 October 1961. Identity 1, apparently, had been requested by Subject's uncle, a Cuban official in Switzerland, to meet with LASA who had recently departed from Cuba under a safe conduct agreement.

3. During the conversation LASA talked about his uncle, an old school friend of Identity 1 and, also, Subject's father, a minor Cuban Government official also stationed in Switzerland. Both the uncle and father were in disagreement with the CASTRO Government and there was some indication that one or both were willing to defect. Although this point was touched only obliquely, Identity 2 gathered that Subject wanted to get his father into this country with some assurance of support. The question was not asked directly and no commitments were made or implied.

4. After this relatively short talk in Identity 1's office, Subject and Identity 2 went into a conference room where he saw Identity 2 papers dealing with the organization and purpose of the DRE (which were already available) and said he would work with the students in the future. LASA also expressed a wish to go to Switzerland for the purpose of informing the International Red Cross group there of the inhumane treatment of Cuban political prisoners.

5. In parting, Identity 2 had a distinct impression that Subject had not really accomplished the primary objective of his visit, and as he was returning to Miami, the foregoing was passed to Identity 3.

6. For further information on Subject refer to WAVE-8368, 9 Oct 61; DIR-17475, 12 Oct 61; and DIR-23974, 14 Nov 61. Also, see copy of GNVA-1631 (Attachment 2).

My brother-in-law, Fernando Gomez Fonseca, is in charge of the DRE in Havana Province. I also know Laureano ("Lino") Pequeno (Jr.) 06 who is one of the most important DRE leaders in Cuba.

In the conversation, I learned also that the DRE is expecting another ship with arms and ammunition in the near future and a yacht which is now in a Latin American country. The yacht is for use in activities against the Castro government.

The activities against the Castro government to be carried out by the DRE are expected to start within a month or two months at the latest.

1. On 14 July 1962, Juan *Rodriguez Jomolca, A 12 821 206, born 19 November 1934, Rancho Veloz, Las Villas, last address, Havana; US address: c/o Jose Doetjen, 4746 East 57th Street, Apartment 3, Maywood, Los Angeles, California, telephone 581-5569, was interviewed.

2. Source said he formerly belonged to the DRE, but after Playa Giron it disintegrated. Nevertheless, he said, he was able to keep in contact with a few DRE people who are in Havana. He said details on the DRE could be obtained from Manuel Salvat, but he did state that he belonged to the DRE group headed by a brother of Diaz Lanz. This brother is still in Havana. He said this group wants to engage in political assassination, and has repeatedly requested that pistols with silencers be sent from the United States.

3. Source said that his cousin, Salvador Jomolca, is a guerrilla leader in Las Villas Province, more specifically, operating between Matanzas and Corralillo. He said that his cousin is a lieutenant about 30 years old. He has a small group, few arms, and very little ammunition. He is trying to get outside help but there is no method of communicating with him.

4. Source said that Salvador Jomolca is married to a daughter of "Campito", the elder. (Comment: A previous source reported that there are two "Campito"s, a father and his son. The son is the most reported upon guerrilla leader, the father apparently only accompanying the son.)

2. Subjects a and b are sisters and were questioned together. On the topic of reception of radio programs in Cuba, both were agreed that the best reception was the "Voz de las Americas" which came in strong and clear with rarely any interference jamming. Program content was described as generally good, gave a morale boost to the audience and was becoming popular.

3. In commenting on Radio Las Americas, they pointed out that they had not heard it or attempted to tune in because they felt the quality was much the same as its predecessor, "Radio Swan" which lost its prestige prior to and during the April 1961 invasion attempt. Both declared this was a general opinion among their acquaintances.

4. Subjects commented very favorably on programs heard over station XEW, Mexico and WRUL, New York, describing reception and content as good and with large audiences in Cuba.

5. In referring to other programs, subjects reported that on 1 May, relatives in the Matanzas area telephoned them in Havana to tell them that the "students" (DRE) were on again (TV intrusion). Also, later in the day, friends in the Vedado area called to tell them to tune into Channel 2, that there was a program there(about 2115 hours local). Unfortunately, they had already sold their TV set since they were leaving soon. Both agreed that the system of announcing the TV intrusion broadcasts over CONTE Aguero's program on WRUL a few minutes prior to the intrusion was the key to large audiences. Almost all GOC oppositionists upon hearing this announcement, start telephoning their friends to tune into the TV channel announced.

6. Concerning the DRE internal organization, subjects reported that they had not been active recently and not witting to clandestine operations. They were aware, however, that the DRE internal net was waiting for the infiltration of AMHINT-53 or AMHINT-2 to brief them on the situation in exile and what support would be forthcoming. They reiterated the reports on two bombs set off in the university area by the DRE and burning of cane and henequen fields in Matanzas and Las Villas.

7. When queried on disturbances in Las Villas and/or Matanzas on or about 3 May, they replied that they heard the persistent rumor that a unit (company or regiment unknown) of militia had bolted and gone up into the Escambray Mountains. No further details were known.

8. When questioned on written propaganda such as flysheets or clandestine newsheets, both declared that the last propaganda seen was the clandestine issue on "Trinchera" (DRE organ), that no other propaganda sheets had been seen since before the April invasion.

9. When asked their impression on anti-CASTRO propaganda in general they felt that it was too negative; that while the exiles and opposition groups were busy tearing down the image of CASTRO, he was before the people with some proposal that was based either on truth, had a ring of truth in it, or at least appealed to the masses. That some of their contacts with young girls who served as "brigadistas" (rural tutors in the campaign for literacy) turned up interesting remarks. These girls claimed that many of the country folk would throw up their hands in dismay when Communism was mentioned to them, and [illegible] thing to do with communism, and yet

2188

10. Subjects also felt that propaganda should be directed more toward that sector of Cubans that are not fanatic Fidelistas or communists, and have not commited themselves to the opposition movement for such reasons as indolence, lack of courage, or economic docibility. Raquel remarked that our propaganda seemed to be divided into two broad categories, one directed at or attacking the hard-core Fidelistas and the other for opposition movement consumption.

11. Subject c above was debriefed for her report on reception of a FALCON broadcast in Havana on 1 May 1962. She stated that she was called by a friend at about 2100 hours on 1 May and told that the DRE Trinchera program was being broadcast over Channel 2 at that moment. Miriam turned on her TV and does not recall how high she had to turn up the volume, but to ~~her~~ recollection, not higher than normal. She heard very clearly, the monologue rebuttal of the CASTRO speech earlier that afternoon. She immediately called two of her friends and subsequently received calls from them and others on reception of the program. Her account of parts of the program and the times stated agree with WAVE' file copies of the program script.

SUBJECT: UNEB/PBRUMEN
Resistance Activity in Cuba

ACTION REQUIRED - REFERENCES

ACTION: FYI

The following information was provided by Francisco Luis Rodrigues Gonzales (CC-1169), a Cuban refugee who arrived in Spain in early August 1962 and had been active in the Revolutionary Student Directorate, an anti-Government resistance group, while in Cuba.

a. Source has been opposed to the Castro regime ever since the defection of Diaz Lanz in May 1959, and was involved in sabotage activity with the Revolutionary Student Directorate. His immediate supervisor was Angel Fontanills, known as "Charles" in clandestine circles. Alberto Muller, the leader of this group, arrived clandestinely in Cuba in October or November 1960 and began to organize the various groups of Directorate to bring about an insurrection in the Sierra Maestra area, in Oriente Province. These groups were mainly from the provinces of Las Villas and Havana, and received orders to unite with Muller who was already in the Sierra Maestra. The men went there in small groups, and had the seminary in the Santuario del Cobre as their destination. Once in that spot, they received final instructions and military equipment. Source's group, which consisted of two carloads, entered the Sierra Maestra through Bayamo. Source was riding in the first car. When they arrived on the outskirts of Bayamo, source's car was stopped by the militia, but the car was allowed to pass without any check. A few minutes later they realized that they were being followed and tried to escape. An alarm and shots went up, and they were finally captured and taken prisoner. The second car, which was following close behind them and was warned by the shots, was able to escape.

b. The prisoners were taken first to G-2 Headquarters in Santiago de Cuba and later to the Boniato Prison, where they were interrogated by the G-2. There were two American prisoners there, and although source did not know their names, he said that they were from the Guantanamo Naval Base.

c. Muller was taken prisoner a few days later (shortly after the ill-fated invasion of Playa Giron). No arms were taken from him when he was arrested. Had this insurrection been successful, about 1,000 men would have risen up.

d. Of the Muller group, which was called the "127", about 60 prisoners were taken, five of whom, including source, were set free. One of these was an infiltrator called Flores, whom no one trusted since they knew that he was not "one of the group." Another of these was Rolando Valdés D'Wolf who is now in prison in the Fortaleza de la Cabaña serving a nine-year sentence. He was captured trying to escape in a car belonging to a militiaman and wearing a militia uniform. He defended himself bravely, but received five bullet wounds which incapacitated him. The other two who were released were Eduardo Díaz Lanz and Jorge Cruz Peña, a sergeant in the Rebel Army who was with Castro in the Sierra. The latter had actually not been involved in the group. Source thought that he (source) and Díaz Lanz were released so that they might be followed and lead the Government to other groups and individuals in Havana who might be involved in resistance activity. Source had been in prison six months before being released, and one thing which he could not explain was that on the paper that he was given which indicated his release, no mention was made of any sentence or penalty.

e. On several occasions, Muller had been subjected to false execution procedures, with the purpose of trying to make him talk, but he did not weaken. During the trial, "everyone remained firm," and source was told that Muller was very brave in his pronouncements against the Regime and, at every moment, abided by his principles. He presented a very brilliant self-defense.

f. When source was in the Boniato prison, he shared a cell with a Captain Aníbal Rodríguez, who belonged to the MRR. This officer, along with other rebel officers and soldiers, had staged an uprising in Imías, in Oriente Province. Later he was sentenced to death and shot.

g. During his last days in Cuba, source avoided all revolutionary activity, since he wanted to leave Cuba more than anything else. However he knew that the various resistance groups worked hard, carrying out a great deal of independent sabotage activity, although there was not much coordination among the various movements. One movement which had a large membership, especially in Oriente Province, was the M-30-II. This group was planning to launch an insurrection in Pinar del Río in January 1962, but they could not carry it out since the repression in the area was so great.

h. Hans, a member of the Revolutionary Student Directorate, was recently taken prisoner, and it seemed that he was tortured a great deal and talked. As a result of this, a house in Wajay, in Havana Province, was seized and arms and gelatina were found. The owners of the house and other persons were arrested.

TO: Chief, WE

DATE: 5 February 1953

FROM: Chief of Station, Paris

SUBJECT: GENERAL
SPECIFIC: Fritz (aka Fred) SI[illegible]

Reference: State Dept Control Cable 1437, 14 Nov 52, from Bonn

1. On 11 June 52, the Press Attache of the Paris Embassy wrote us the following memorandum:

> According to French records, Fred SI[illegible] was born May 31, 1903 in Berlin. He was trained as a lawyer, left Germany in 1931, and appeared in France in 1933. In 1939, he enlisted in the Foreign Legion. Some time in 1940, he was demobilized in Morocco. He fled to Switzerland in 1942, and returned to Paris in May 1945. Since that time, he has worked for "Die Tat" in Zurich, "Libera Stampa," a Socialist daily in Lugano, and other papers. In 1949, he went to work for "Die Welt," the British-controlled newspaper in Hamburg. In February 1951, he was replaced on that paper by a German. At the present time, he works for "Radio Sarrebrucken," as well as for "Der Bund." He was naturalized French in 1947.
>
> Recently, he was cleared by SHAPE to see everything from the Pyrenees to the Elbe. He did so and made a report on the Atlantic Forces. His articles were considered OK by the French, and even were translated in the press review bulletin, "Documentation."
>
> Some time after the articles had appeared, however, a French official expressed astonishment that SI[illegible] had been given such wide accreditation. Though he had no proof to offer, this same official made the statement that SI[illegible] was known to the French as an agent of the Cominform. He gave no further derogatory information.

2. We searched our files, found no previous record of Subject, and informed the Press Attache accordingly.

3. On 17 Nov 52, the Press Attache called our attention to State Dept. Control cable 1437, from Bonn, dated 14 Nov 52, a copy of which is attached hereto for your convenience. Basing our request on the information contained in para 1 above, and on the attached cable from Bonn, we submitted queries concerning Subject to both UNION and UNBOUND.

4. On 28 Jan 53, we received the following reply from UNBOUND:

Fritz (aka Fred) SIRSCH, born 31 May 1903 in Berlin, of German origin, the son of Willy and Bertha TU[illegible], acquired French nationality by naturalization on 1 April 19[illegible]. On 19 October 1933 in Paris 10e, he married his compatriot Edith STRIEM, born 24 August 1905 in Berlin. They have one child, born 25 May 1937, of French nationality.

SIRSCH joined the Foreign Legion in 1940 and was demobilized in February 1941. In August 1942, fearing lest he be interned in a camp in the unoccupied zone, he decided to go with his wife to Switzerland. Upon his arrival in Switzerland, he was arrested for clandestine border-crossing and interned in a camp at Martigny, (Valais). Later, he was transferred to a labor camp at Sierre. During his stay in Switzerland, he allegedly wrote several articles under the pseudonym "[illegible]" in the Swiss socialist press, notably in the paper "Libera-Stampa."

In May 1945, he returned to France and settled at Montrouge (Seine), where he still resides at 211 Avenue Pierre Brossolette. Since 1945, he has had a legal office at 63 rue d'Hauteville, Paris 10e, where, according to a usually reliable source, he is reported to have held meetings with Konstantin [illegible]OV of the Soviet Commercial Mission (sic - see WPIA 11555) and with LUCCHINI of the Soviet Information Bureau. The activity of this legal office is, in fact, almost negligible.

Since 1945, he also has operated an office for the settlement of disputed claims for the International Rescue and Relief Committee (I.R.R.C.), 35 Bvd. des Capucines, Paris. He equally is administrator of the firm "Waak and Sluit" of Antwerp, Belgium.

S E C R E T
Security Information

SIMSON devotes the greater part of his activity, however, to journalism. He is a correspondent of various French and foreign newspapers, notably the Swiss paper "Der Bund." He is accredited officially to the French Ministry of Information. He has obtained numerous visas for foreign countries in order to fulfill his professional obligations.

He has never attracted attention from the political point point of view, but we suspect him of being identical with an individual of the same name who belonged to the Swiss "Rote Kapelle" network.

SIMSON is in contact with a man named BURCKHARDT (sic - see para 5 below), now a correspondent of "Der Bund" in Paris, and who also is suspected of being identical with an ex-agent of the "Rote Kapelle."

We are continuing our investigation of Fritz SIMSON.

5. With regard to the BURCKHARDT mentioned above by UNBOUND, we since have consulted with the Press Attache, who has been able to identify him as follows:

Hans BURCKHARDT, born 9 September 1906 in Lahr, Germany, presently residing at 105 Bvd. Voltaire, Paris 11e, economic correspondent for "Der Bund," accredited as a journalist to the Presidence du Conseil on 10 February 1946, also works for the Vereinigten Wirtschafts Dienst of Frankfurt, is known as a serious journalist, but otherwise as a doubtful individual.

6. On 4 Feb 53, we received the following less complete reply from UNION:

Fritz (aka Fred) SIMSON, formerly a German lawyer, took refuge in France in 1933. He has opened a legal office in Paris and also occupies himself with journalism. Until now, no unfavorable information has been obtained concerning him.

7. We are making all of the above information available to both the Embassy Press Attache and to SHAPE. We would appreciate receiving all possible further derogatory information concerning SIMSON, his various contacts, and his activities. We would be interested to receive, in particular, any information to confirm UNBOUND's suspicion that SIMSON, and/or BURCKHARDT, used to belong to the "Rote Kapelle" network.

SUBJECT: Passing of RR reports to Brazilian Authorities.

REF. : HEP-A-519

1. On 18 October, Marcos BASTOS, ABERNATHY's colleague in the Brazilian Federal Political Police, informed him that on 15 October he had submitted to the Chief of Police a translation of the reports he had received from ABERNATHY. (BASTOS had been given by ABERNATHY sterilized versions of RR-1 to RR-15, inclusive, and RR-17 to RR-29, inclusive, along with the biographical information of the sources of these reports. RR-16 and RR-30 were not passed to BASTOS because they had been obtained from ALLOPATHY.)

On 27 October BASTOS informed ABERNATHY that the translation of the reports had been forwarded by the Chief of Police to Colonel [illegible], the present head of the Federal Political Police in Rio de Janeiro, who, in turn, had forwarded it to José PICCHELLI, head of the Political Division of the Political Police, for his recommendations. BASTOS stated that he believed PICCHELLI would recommend that the reports be forwarded to the Foreign Office and the War Ministry. BASTOS also intends to give a copy of the translations to Ribeiro de ANDRADE, head of the Servicio de Vigilancia of the Department of Political and Social Order (D.O.P.S.), São Paulo, who has indicated an interest in receiving it.

3. As an introduction to the translation of the reports, BASTOS described briefly Brazil's Stateless refugee immigration problem and the voluntary welfare organizations which assist the immigrants in gaining entry to, and settling in, Brazil. The translation of this introduction is as follows:

"The current immigration of White Russians into Brazil began in 1948. It has diminished since June 1954 in the face of the decision taken by the National Institute of Colonization and Immigration (Instituto Nacional de Imigração Colonização) (N.I.I.C.) on 16 June 1954. On that date, the Directorate of the N.I.I.C. decided to request that the Ministry of Foreign Relations take the necessary steps to stop the issuance of visas for stateless persons for a period of sixty days.

"On 30 June, Vicente RAO, then Foreign Minister, sent a circular to all the consulates ordering a stoppage in the issuance of visas until a final decision could be reached.

"On 22 September, the Foreign Office issued to the consulates new instructions, according to which, generally speaking, stateless immigrants are permitted entry to Brazil only if they have in Brazil relatives in the direct line of descent whose economic situation is such that they can guarantee the subsistence of the immigrants.

"Nevertheless, it may be noted that there are various stateless persons in Hong Kong, with their respective passports in order, awaiting accommodations on one of the five ships of the Hong Kong-Buenos Aires line: the "BOISSEVAIN", "RUYS", "TJISADANE", "TEGELBERG", and "TJALENKA".(1)

"The difficulties which the international organizations encounter in obtaining complete and reliable information on the immigrants are due to a large extent to the fact that these immigrants always reside in areas far removed from the locales of the organizations' offices. One must also recognize the fact that included among the stateless immigrants is a large number of persons useful to Brazil, such as the following types of workers: mechanics, engineers, electricians, chemists, etc.

"There are twelve international organizations who are responsible for preparing the immigrants for the journey - or better, the exit - of these stateless refugees from China and various European countries. They are:

1. A.J.D.C. - American Joint Distribution Committee, with offices in Rio and São Paulo.
2. E.O.I. - Entr'Aide Ouvrière Internationale (International Workers' Mutual Aid)
3. H.I.A.S. - Hebrew Immigrant Aid Society, with offices in Rio and São Paulo.
4. I.C.M.C. - International Catholic Migration Commission, with offices in Rio and São Paulo.
5. I.S.S. - International Social Service, with offices in Rio and São Paulo.
6. I.R.C. - International Rescue Committee. Has no representatives in Brasil.
7. L.W.F. - Lutheran World Federation, with offices in Rio and São Paulo.
8. N.C.W.C. - National Catholic Welfare Conference, with offices in Rio and São Paulo.
9. S.A.E. - Swiss Aid to Europe. Has no representation in Brazil.
10. T.F. - Tolstoi Foundation, with offices in Rio and São Paulo.
11. U.U.A.R.C. - United Ukranian American Relief Committee.
12. W.C.C. - World Council of Churches, with offices in Rio and São Paulo.

"Two of these organizations handle the largest number of arrivals. One is the W.C.C. whose office in Rio is located at Praia do Flamengo, 180, apt. 602; its office in São Paulo is at Rua D. Veridiana, 390. The São Paulo office is under the direction of Miss Rachel de CARVALHO.(2) The other organization is the N.C.W.C., whose office in Rio is at Avenida Churchill 60; its office in São Paulo is in the Church of Peace (Igreja da Paz) on Rua Glicerio. The São Paulo office is under the direction of Father Mario.(3)

"Since 25 April 1954, many stateless persons who have been unable to obtain a visa for Brazil, Canada or Australia have been repatriated to the U.S.S.R. As a result of this repatriation, it is possible, though not probable, that some elements may be sent from China to Brazil to engage in subversive activities here, while members of their families, who have been repatriated to Russia, are held as hostages there."

1. RIOD-846 reported on 2 October 1954 that about 60 such stateless refugees with entry visas for Brazil issued prior to 30 June 1954 were in Hong Kong waiting for transportation to Brazil. [illegible]

2. The head of the W.C.C. office in Rio is André MOURAVIEFF, who is concurrently Delegate of W.C.C. for all Latin America and, in this capacity, is Miss CARVALHO's superior.

3. The head of the N.C.W.C. in Rio is Walter DUSHNYCK, who is the overall head of N.C.W.C. activities in Brazil, in which capacity he is Father Mario's superior. DUSHNYCK's chief assistant in Rio is Miss Adelaide da Costa AZEVEDO.

Source: Through a fairly reliable source from an informant with PCF contacts.

1. Joseph LEGRAND, involved in the "Pronnier affair" and as a result expelled from the Central Committee of the PCF in the Spring of 1951, was recently re-assigned the position as Administrative Secretary of the Regional Miners Federation (CGT) in the Nord and Pas-de-Calais regions. Auguste LECOEUR was instrumental in securing this reassignment for LEGRAND, according to source.

2. [illegible] (Leon) and [illegible] (Emile) who were in charge for two years of the reorganization of the Regional Federation have been placed under LEGRAND's orders and have been charged with "insufficient action".

3. LEGRAND has been given "full powers" to visit all syndicates and to eliminate those [illegible] elements judged unnecessary, reducing the directing organisms of the various syndicates. Source stated that LEGRAND's activities are partially dictated by financial necessity and that staffs will be reduced for economic reasons.

4. [illegible] (fnu), Secretary of the Miners' syndicate of Denain (Nord), has been charged with reorganizing the Valenciennes sector, in particular the [illegible]-sur-[illegible] region, which "has fallen into lethargy as a result of the inertia of the traitor GARY(Emile)". According to source, GARY, former Secretary General of the miners CGT syndicate in Anzin, has for some time been in line for dismissal as a result of lack of discipline and incompetence in syndicate affairs. However, no one wanted to take the responsibility for dismissing him. The first act performed by LEGRAND in his new position was to fire him.

5. [illegible] recently declared that he also has been given full power to purge miners syndicates and that [illegible] (Charles) will not be a CGT candidate in the next elections for miners' delegates.

1. The following information on Frederic S[illegible], believed to be identical with your subject, has been translated from a raw report in German received from a "well-placed source in the West German Government", and transmitted to headquarters in [illegible], [illegible] March 1952:

> Name: S[illegible], Frederic (Fred)

N.), S[illegible] was working for the Communist paper "Die Zukunft" (Munzenberger) before the war and during the war for the Swiss Communist newspapers "Die Tat", "Volksstimme", and "Arbeiterzeitung". Allegedly not a Communist! At any rate so stated the present Press Attache of the Consul General (the German Consulate General, Paris) Alexander/[illegible]-[illegible], on his behalf when S[illegible] applied for a visa. On [illegible] January S[illegible] submitted a written invitation on behalf of the newspaper, "Die Welt", "Stuttgart" (Radio), Frankfurt a/M. Nationality: Formerly German. afterall, was working for German newspapers. However, he declined, stating that he had a bad press in Bonn anyway. He further stated that he had serious differences of opinion with Paul [illegible], Adenauer's former press chief. When Adenauer was not yet Chancellor of West Germany, but only President of the Parliamentary Council, he was refused permission to interview Adenauer during his Swiss conference. He had never forgiven him for this.

2. We note that there are several references to Alexander [illegible] (presumably, Alexander [illegible]) in [illegible]'s file (see [illegible], [illegible], [illegible], and [illegible]), and that [illegible] has been closely associated with William [illegible], Georg [illegible] and, probably, others of the [illegible] group. We are also interested in the fact that [illegible] was introduced to [illegible] by Alex [illegible] (see [illegible]). We wonder if Alex/[illegible] (correct spelling probably/[illegible]) is identical with Alexandre Alexandrovich/[illegible], reported in [illegible] as a contact of Konstantin RYABTSEV, Vice Consul at the Soviet Consulate in Paris, and a suspected [illegible] agent, and if [illegible] has been in contact with RYA[illegible] as alleged.

3. The Hans BURCHARDT now in Paris as economic correspondent for "der Bund", probably is identical with the Hans BURCHARDT mentioned in the "Final EQUAL Report" ([illegible], Part III, Vol. I, p. 3[illegible]), which states:

Name: Dr. Hans/BURCHARDT
Address: Bern, 6 [illegible]gasse
Nationality: German, born [illegible] September 1906 in [illegible]
Occupation: Journalist. [illegible]-193[illegible] in Paris as representative of "Europa Presse" of Frankfurt-am-Main, and of "Presse Telegraphique Suisse" of Bern.
Espionage: Unknown, but contact of FOOTE (Alexander) during war.

Part III, Vol.II, P. 31 of the "Final EQUAL Report", of which you have a copy, lists a Charles S[illegible], but there is no mention of Frederic (or Fritz) S[illegible] in the report, or in [illegible]'s study on the Rote Kapelle.

4. We are unable to identify the (fnu) [illegible] of the Soviet Information Bureau with whom S[illegible] and Konstantin [illegible] held meetings in 1945. The International Reserve (sic) and Relief Committee for which S[illegible] operates an office, is the/International Rescue and Relief Committee which has offices at 103 Park Avenue, New York City, and [illegible] Boulevard des Capucines, Paris. The organization is an outgrowth of the former International Relief Committee and the Emergency Relief Committee. It was formed originally to assist refugees from Nazi Germany. Since 1945 it has functioned as an anti-fascist organization assisting refugees without regard to nationalities. Although not ostensibly a Communist organization, several Communists have been affiliated with it (see [illegible]) and, therefore, membership in the I.R.R.C. should be viewed with some suspicion.

5. We shall be most interested in any further information on SIMON and his associates you develop, and in any information on Alex [illegible] you may be able to obtain through appropriate sources. A copy of [illegible]-2000, which had not come to our attention previously, is attached. Only the reference to SIMON has been translated as we were unable to have the entire document translated for prompt transmittal to you.

SUBJECT: International Rescue Committee's Program for Hungarian Refugees

During a recent luncheon conversation the Ambassador suggested to General Donovan and other officers of the International Rescue Committee (IRC) that this organization might investigate the advisability of devoting part of its funds and efforts on the student groups among the Hungarian refugees. General Donovan and other members of the Board of IRC have acted favorably upon this proposal. A memo of conversation attached as Enclosure 1 to this despatch indicates the general lines of action being followed by this organization.

General Donovan also discussed with Mr. R. R. Brown, OFC, Frankfurt, the question of [illegible] administrative support for IRC's HRP and student programs and was counseled to submit estimates of the costs prior to contract negotiations.

Claiborne Pell reports the aims of the International Rescue Committee to be as follows:

1. Care and maintenance of and counseling and other assistance to 1000 students (predominantly university rather than high school) for one year. Although IRC will take care of the students whom they have assured, wherever they may be, the Austrian Government has agreed to pay 18 schillings per day for all of those students who remain in Austria. IRC will endeavor to have some of its students qualify for scholarships offered by U.S. universities and others for 500 scholarships offered by the French Government, as well as any others which may be available. In the case of any student who obtains a full scholarship, IRC's assistance to him will consist primarily of counseling assistance and supplemental aid, if required.

2. A hostel for 100 students is being established and will be operated near Paris by the French branch of IRC.

3. IRC is covering expenses of a student hostel in Vienna — estimated capacity 300 students.

4. IRC is covering the costs of a hostel for a reported 150 students on Wolfgangsee.

5. IRC has purchased a Volkswagen bus which starts operating as of today near Andau, shuttling refugees from the border to the collection station 6 kilometers away.

6. IRC will furnish 500 assurances under RRP for the U.S. 200 have already been covered. These assurances are not limited to students or intellectuals but the Committee would prefer to assist those types insofar as possible.

7. Some two weeks ago IRC offered the Ministry of Interior to cover the cost of 1000 beds. As the time no beds were available for purchase in Austria so the deal was called off by the Ministry. Since then the Ministry has not followed up IRC's proposal, (although I have personally suggested on occasion to Ministry officials that they should not let this opportunity drop) but IRC still stands ready to cover its commitment.

PROFESSIONAL MEN

By Our Diplomatic Correspondent

A thousand Eastern European anti-Communist refugees of the professional classes may be sent for employment to the United States by the International Rescue Committee. Mr. David Martin, the Committee's Executive Director, is in London on his way to Paris and other capitals to investigate the scheme's possibilities.

It is also proposed to establish, probably in London and Paris, European institutes for the study by refugee experts of every aspect of life in East Europe. Mr. Martin said yesterday:

"The time has come when the free nations must use this mass of human talent to record what is going on and to ensure there are groups available to revive culture in Eastern Europe when the time arrives. We are prepared to bring 1,000 intellectuals to the United States and could, I think, absorb 2,000 - 3,000.

CONFIDENTIAL

[illegible]
Frankfurt

Dear Mr. [illegible]

In June of 1954 this office received a case from ASCR for a woman by the name of PLASILOVA, Vera Maria, who was born in Teplice, Czechoslovakia, on March 01, 1927. At the time her case was submitted to this office she was a student in Geneva residing at 5 Avenue [illegible], and she was being processed for immigration to South America.

During a routine check conducted on this individual this office learned that Plasilova was associated with one Siegfried Killy, a suspected espionage agent in Switzerland. The information did not indicate that Plasilova was implicated in Killy's activities. On the other hand, it was indicated that an entry visa to France was cancelled by the French authorities. It was indicated that our sources in Geneva did not have direct access to police files on Plasilova which are alleged to be voluminous. No attempt was made on the part of American personnel to analyse the case at that time. However, it was the opinion of a competent American officer in Geneva that Plasilova should have been questioned in detail about her background and activities for the past seven years.

Based on the above information, Plasilova was denied USEP eligibility. On August [illegible] I wrote to the American Consulate in Geneva advising them that Plasilova had left Switzerland and immigrated to Mexico on July [illegible], 1954. Her transportation was covered by a Revolving Fund Loan from the International Rescue Committee because USEP eligibility had been denied. I advised the Consulate that it was my opinion that this information should be brought to the attention of proper American authorities in Geneva, in that Plasilova's presence in Mexico might not be in the best interests of the United States.

SUBJECT: GENERAL— CADORY/Operational

SPECIFIC— Identity 1

REF: A. [illegible] 26907
B. [illegible] 1667
C. [illegible]-A 5040

1. Synopsis: In accordance with the request contained in Reference A, a summarized evaluation of the potentialities of Identity 1 was forwarded in Reference B. This dispatch is prepared to record in greater detail the information forwarded in Reference B and to report the latest developments concerning Identity 1.

2. Several weeks following the 17 June 1953 demonstrations, a group of East German refugees, who identified themselves as "strike leaders", were reported to forming Identity 1. From several sources, it was determined that the group was receiving behind the scenes moral support, momentum and guidance from such persons as Edward S. Van Ness, Paul V. Boudreau and others who allegedly wished to create a roof organization for West Berlin resistance-type groups. It was previously known that Van Ness was very active for over six months attempting to establish a central file for information concerning East Germany to which all West Berlin organizations would be required to submit information. Publicly, his reason for this was to simplify coordination activities among the Berlin groups, but it is known that his real reason was to establish a personal measure of control over all of these organizations. In the past, his efforts had been unsuccessful due to, among other factors, the absence of a convenient "carrier" organization. The continuing efforts upon the part of [illegible] to regain the position he had prior to his dismissal from [illegible] are a matter of record.

3. It appeared that the creation of Identity 1 as a separate entity would not add anything of constructive nature to the general "cold war" front, and further, that its existence under the behind scenes guidance of the persons mentioned above would merely complicate the already complicated West Berlin scene. The BOB position was, therefore, to attempt to prevent the formation of Identity 1 and to recruit the assets available among the "strike leaders" upon an individual basis. Reference C contains a description of the activities of DILBERT in this regard.

4. On 10 July 1953, prior to the initial meeting of Identity 1, CADORY invited the "strike leaders" to visit the CADORY establishment to be briefed of the manner in which CADORY carries out its East German mission. During this visit, a number of the "strike leaders" discovered that the CADORY East German program encompassed

all of the points which were hoped to be obtained by the formation of Identity 1, and since this would constitute an obviously undesirable duplication of effort, approximately ten of the "strike leaders" indicated that they would give their support to CADROIT or other existing organizations rather than to the new group. (The German language report of the CADROIT meeting is forwarded under separate cover as Attachment "A")

5. On 21 July 1953, a special meeting of various West Berlin government and resistance group representatives was called to discuss the feasibility and desirability of encouraging the formation of Identity 1. With few exceptions, all of the major organizations expressed the view outlined in paragraph 3 above. The suggestion was officially voiced that the members of Identity 1 should lend their support to existing organizations. (A German language report of this meeting prepared by the CADROIT representative is forwarded under separate cover as Attachment "B")

6. On 12 August 1953, a meeting was called by HICOG-EAD of representatives of U.S. intelligence organizations in Berlin. The purpose of this meeting was to discuss the possibility that the formation of Identity 1 might constitute a threat to the security of American forces in Berlin. HICOG had also received an erroneous report that DTLINEN and CADROIT were rendering Identity 1 financial support. The latter impression was corrected during the meeting, and it was determined that Identity 1 would probably not constitute a threat if it did not receive or develop financial backing. At the time of these discussions, it did not appear likely that Identity 1 would receive such support, and its assets would probably be absorbed in other West Berlin or West German organizations. There were indications that several of the "strike leaders," with the aid of ZRCODIFY, were gaining employment in the Federal Republic.

7. The only direct contact established by BOB with any of the "strike leaders" was with Identity 2, who was considered for employment with DTLINEN. The nature of this contact is essentially covered in the following correspondence: SERLN 0002, DIR 18181 and EGP-A 6120. Identity 2 was not hired by DTLINEN.

8. On 17 October 1953, the Chairman of Identity 1, Identity 3, informed Nelson O. Henard that he (Identity 3) intended to resign from Identity 1 since he was receiving insufficient support to make a living. He stated that although he was receiving some support from Identity 4, it was not enough to maintain his organization upon a working basis. Identity 3 said that he had made several radio appearances, and that as a result of these, Identity 1 had been receiving up to one hundred visitors a day. He reported that he had attempted to gain financial support from the West German Ministry for All German Affairs and other organizations, but had been unsuccessful. He then suggested to Henard that Identity 1 and CADROIT could establish a covert working agreement with the latter organization furnishing the funds. The offer had one attractive aspect, namely, that CADROIT could, through the assets and name of Identity 1, broaden its present mission and expand into other fields of psychological warfare. However, for the reasons outlined in paragraph 3 above, Henard was instructed to sever all contact with Identity 3. After he was informed that CADROIT would not endorse the suggested working arrangement, Identity 3 admitted to Henard that there were undesirable elements within Identity 1 who would have to be removed before the organization could function effectively.

9. In accordance with the request contained in Reference A that a study of Identity 1 be made, discussions have been held with Identity 5. He stated that he was well aware of the activities of Identity 1 and that they were closely associated with the development of the TPOCCULT Berlin office. Shortly following the Stockholm meeting of TPOCCULT, Grambo, Identity 6 and others met with Identity 5 in Berlin to discuss the advisability of increasing the activities of TPOCCULT in Eastern Germany. Identity 5 felt at the time that Grambo and Identity 6 appeared to be the force necessary to get TPOCCULT on its feet in West Berlin. It was decided that TPOCCULT would form a Berlin office which would be responsible exclusively for East German operations. Although the mission of this office was not initially established, discussion apparently centered about the formation of an underground trade union to oppose the East German FDGB. Identity 6 and Grambo indicated that funds in the amount of DMW 1,000,000 would be provisionally available.

10. Identity 7, an East German refugee who was an active labor leader and had worked with the SPD Ostbüro, was designated the chief of the new TPOCCULT office. He commenced work immediately, but it soon became apparent that he was not going to cooperate with either CADCNA or ZRCODIFY Berlin, other than to use the latter's offices. Identity 5 states that efforts were made by West German and Belgian representatives of TPOCCULT to bring Identity 7 into closer harmony with CADCNA, but these were fruitless. Identity 7 kept knowledge of his activities from ZRCODIFY members, and it also became apparent that he was not informing TPOCCULT of everything either. The latter has evidenced a growing distrust and dislike for Identity 7 which has almost approached the state of complete disassociation. (For recent evidence of TPOCCULT by-passing its own Berlin office, see EGD-A 11223 which describes a TPOCCULT overture to DTLINEN.)

11. Since the TPOCCULT Berlin office was more or less an outgrowth of the 17 June demonstrations, it was natural that Identity 1 would seek a close working association with that group. An attempt was made, but apparently Identity 7, as an individual, prevented the establishment of an effective working relationship. On the other hand, CADCNA looked upon the TPOCCULT office under the leadership of Identity 7 as an increasingly undesirable element in the Berlin and East German scene. According to Identity 5, it was about this time that Boudreau began making overtures to CADCNA, reportedly acting as an "unofficial" representative of Identity 1. Since then, CADCNA apparently has considered Identity 1 as an activity to offset the undesirable operations of Identity 7 and has reportedly been funneling some funds (amount unknown) to Identity 1, possibly through Boudreau. Identity 5 is aware that CADCNA speaks highly of Boudreau, an observation which has been reported by John H. Quintance also.

12. Identity 5 reported further that Boudreau has been quite active gaining publicity for Identity 1. He has, for example, coordinated with Identity 8 in the preparation of an article concerning 17 June for Identity 9. During the Fall of 195[illegible], Identity 8 introduced Identity 5 to Boudreau, and since that time, the latter has frequently pressed Identity 5 for U.S. support of Identity 1. Identity 5 has always told Boudreau that Identity 1 is completely a labor matter and that proper liaison should be made with either TPOCCULT or ZRCODIFY. Identity 5 introduced Boudreau to an American representative of the AFL, but there was no indication of the amount of interest the latter organization showed in the affairs of Identity 1. Recently, Boudreau published a study of the events of 17 June (the source of funds for this venture is unknown, but Identity 5 suggested that they may have come from CADCNA). Boudreau, giving credit to Identity 1 for the material in the report,

has mailed copies of the booklet to prominent public figures throughout West Berlin, among them Identity 5 and CADOMA. About one week after Identity 5 received his copy, Boudreau telephoned him requesting comment concerning the publication and reiterating his former requests for U.S. support of Identity 1. (A copy of Boudreau's booklet was given John H. Quintance by CADOMA. This copy is forwarded under separate cover as Attachment "C")

13. It was reported in Reference B that Identity 5 felt that a major portion of Identity 1's financial support stemmed from Identity 10 sources, however, he now feels that what little support Identity 1 is receiving comes from CADOMA for the reasons outlined in paragraph 11 above. Identity 5 was aware that Identity 1 had received welfare items from Identity 4 for further distribution among the families of persons who had been arrested for taking part in the 17 June demonstrations. To his knowledge, however, no funds, as such, were ever given Identity 1 from this source.

14. Nelson C. Henard recently reported that Identity 3 has resigned from his position in Identity 1 and is now practicing law in Western Germany. Henard also stated that he has heard of no recent activity upon the part of Identity 1 and has heard of no replacement being named to fill the post vacated by Identity 3.

15. The membership list of Identity 1 as reported in DBBW-207 agrees in part with a list forwarded by Henard. For comparison purposes, the latter list is forwarded under separate cover as Attachment "D".

16. Since it appears that Identity 1, although reportedly not very active, has been receiving a small amount of financial support from CADOMA, it is possible that a continued investigation of its activities may be warranted. If so, it is suggested that future queries be directed to John H. Quintance, the BOQUART Case Officer who has direct contact with CADOMA. Since the attachments are forwarded in single copies, it is requested that they be forwarded to the Home Office following perusal.

OFFICIAL DISPATCH

CLASSIFICATION

[illegible] February, 1952

TO: Chief of Station, Paris

FROM: Chief, [illegible]

SUBJECT: [illegible] "[illegible] Concernant [illegible] Otto [illegible] [illegible] International" Louis FISCHER

Reference: [illegible]-9/1[illegible], dated 31 October 1951

1. The files of this office reveal the following information concerning the subject:

(a) The name of Louis FISCHER appeared in connection with the Paul and Hede MASSING case. The [illegible] report on the interrogation of the MASSINGS dated 8 October 1947 stated that the MASSINGS have known Louis and Markoosha FISCHER over a period of many years. They first knew them very intimately in Moscow in the period 19[illegible]-19[illegible]. At that time FISCHER, who was foreign correspondent for the magazine The Nation, was very pro-Soviet. During this period Hede took the two FISCHER boys to Germany where she kept them for almost 2 years and acted as their governess and teacher. This report further stated that in 193[illegible] after the MASSINGS had returned from Moscow having broken with the Russians, they saw the FISCHERS quite often, and they found that the FISCHERS were also breaking with the Soviets. As of 1947 the MASSINGS were still friendly with both of the FISCHERS and saw them from time to time.

(b) In a report dated 5 August 1950 reviewing his activities in Russia during the 1920s and 1930s, it was stated that FISCHER was well known to have enjoyed unusually close contact with Soviet officials particularly in the Soviet Foreign Office. He sometimes had direct contact with Maxim LITVINOV, Soviet Foreign Affairs Commissar, and was reputed to have something like a pipe-line to the Kremlin through the outstanding Bolshevik journalist, Karl RADEK. RADEK and most of FISCHER's well-placed contacts were liquidated in the Great Purge of 1937-38, and all this contributed, no doubt, to FISCHER's disillusionment and disenchantment with the Soviet Regime. In any event, he contrived with difficulty to get his Soviet-citizen wife and two sons, who had dual U.S.-Soviet citizenship, out of the USSR. Mrs. Eleanor ROOSEVELT was credited by FISCHER with having obtained the exit visas through personal intercession with Soviet Ambassador OUMANSKY in Washington for the Soviet authorities were well aware by this time of FISCHER's disaffection. report also stated that FISCHER was active during the Spanish Civil War in support of the Loyalists and was reputed to have had good contacts with the last Republican Prime Minister, NEGRIN, who was generally regarded as a Soviet stooge. However by this time FISCHER was regarded in Moscow as a "Trotskyist." The report continued by stating that FISCHER had been very active in supporting the Indian Nationalist cause and was on very good terms with Gandhi. At the same time he had become very critical of the USSR and Communists generally. During 1949 and 1950 he displayed some interest in the Russian emigres in Germany, those who were former Soviet citizens, and collaborated with Boris A. YAKOVLEV in publishing a book in the U.S. entitled Thirteen Who Fled which is a compilation of the reputed life stories of certain Russian emigres, mainly from the Vlasov movement.

In this report Markoosha or Berta FISCHER, wife of Louis FISCHER, who was born in Latvia, was said to have written some books under the name of Markoosha FISCHER. At one time she was a secretary of CHICHERIN, the early Soviet Foreign Affairs Commissar, and Louis FISCHER met her while she was working for CHICHERIN at the Rapallo Conference in the early 1920s. Although she had been very strongly pro-Soviet in Moscow, she reportedly was very bitterly hostile in her present anti-Soviet expressions and writings. Since the war she spent some time in Munich as the representative of the International Rescue Committee of New York. She was reported to have left Germany some time in 1949 to go to Italy where she was supposed to have worked on a book said to be a work of fiction. This document stated that Markoosha FISCHER was currently living at a farm which she owns at Keller's Church, Pa., near Quakertown, Pa., but that she was seeking employment again in work aiding DPs.

Another section of this report was devoted to George FISCHER, son of Louis and Markoosha FISCHER, who is sometimes known by the Russian diminutive, Yuri. He was educated in both Germany and Moscow and came to the U.S. at [illegible] years of age with his mother. He was graduated from the University of Wisconsin. Serving as a captain in Air Force Intelligence during the war, he was used on missions in USSR where his knowledge of Russian proved very useful. This report stated that following the war George FISCHER was at Harvard for several years on a Lowell fellowship and had been working on his thesis for his doctorate. He has done considerable writing on the origins and history of the Vlasov Movement, his output being probably the best material available. To obtain material for articles appearing in a number of American magazines, he made several trips to the Munich area and other DP centers in Germany. His most recent trips were on behalf of the Russian Research Center of Harvard University, and he seemed to enjoy the confidence of Professors KARPOVICH and FAINSOD there. While in Germany in April, 1950, he was travelling on orders from the Air Force Intelligence. He is an officer of the Air

Force Reserve. This report further stated that in August 1950 he returned from another trip to Germany where he conducted negotiations for the Harvard Russian Research Center in connection with the establishment in Munich of a Russian Research Institute and also to arrange the details of the Harvard Russian Center's project of sending a group of students to Germany the autumn of 1950 to study the Russian emigration. He informed Professor FAINSOD that upon his return he was withdrawing from further work for the Harvard Russian Research Center in order to concentrate on his thesis. George FISCHER's principal contact in Germany was Boris YAKOVLEV, head of the Vlasovite group, Soiuz Borby za Osvobozhdenie Narodov Rossii (Militant Union for Liberation of Peoples of Russia), the SBONR. On earlier trips he had been in touch with Philip LEGOSTAYEV, chief of SBONR's security section, but since LEGOSTAYEV was reported to be suffering from cancer and therefore not active, FISCHER's later contacts with him were second-hand. George FISCHER is reported to have talked with Col. POZDNYAKOV in connection with research which POZDNYAKOV was doing for Harvard, but FISCHER did not have close contacts with him.

(c) The FBI in an investigative report on Carol Denny BRANDT dated 4 January 1952 stated that an informant of known reliability advised that in October and December 1941 and also in January 1942 Louis FISCHER, who then resided at Hotel Duane, 237 Madison Avenue, New York City, was in contact with Carol HILL, literary agent, 22 East 40th Street, New York City. This report quoted a review of FISCHER's book Men and Politics in the 12 May 1941 issue of Time magazine. This review stated: "For 25 years Louis FISCHER was the journalistic delegate from New York's liberal Nation to the Russian Revolution. His two-volume The Soviets in World Affairs made FISCHER an authority on Russian foreign politics and brought him into close contact with Russian politicians." According to this review, while dispatches of their (Time's) correspondent in Russia were objective and full of hostility to Russia, FISCHER's reports were constantly favorable to Russia and he became the favorite Russian author of "Wishful Thinking U.S. Intellectuals." This report also stated that an informant of known reliability advised on 11 July 1941 that FISCHER, a well-known Communist writer, was leaving for England and that another informant of known reliability advised that in 1937 FISCHER was active with the Loyalist forces in Spain. In addition an informant of unknown reliability advised SA George J. [illegible] in February 1942 that he had no positive information but believed that FISCHER was working for the GPU.

(d) In an FBI report on Coleman A. [illegible] dated 21 February 1950, an informant of known reliability stated that he met IKONS, reportedly a member of the Soviet Intelligence organization in the U.S. engaged in industrial espionage, at the home of Louis and Markoosha FISCHER in Moscow in 1930. The report identified FISCHER as an anti-Communist writer, author of [illegible] and Men and Politics, who at that time was pro-Communist and was in Moscow for the magazine, The Nation.

(e) A OSO report on [illegible] and his wife dated 27 August 1950 included a list of names [illegible] discreetly obtained from the subjects. The name of Louis FISCHER, 237 Madison Avenue, New York City 16, telephone [illegible] MU-3-9503 appeared several times and the date 15 December 1947 mentioned. The name of FISCHER also appeared on a list headed "Letters".

(f) In a document from a usually reliable source dated 27 September 1951, Louis FISCHER, an American citizen born in Philadelphia 29 February 1896, was reported as staying at the Hotel Inghilterra in Rome from 3 April to 23 April 1951. He was accompanied by his alleged wife, Berta FISCHER born in Latvia on 2 January 1890. He was in possession of passport No. 35133 dated 1 November 1950 and his wife, No. 157303 dated 13 February 1948, both issued in Washington. Berta was reported as departing for Florence on 7 April 1951 where it seemed she was joined by him. According to personnel of the hotel, FISCHER was a homosexual. He claimed to be a journalist, but there were some doubts as to this claim. When leaving Rome, he left his trunk with hotel personnel, and it was later picked up by an unidentified friend. In Rome FISCHER had contacts with fellow-Americans. The purpose of his trip to Italy was unknown.

(g) A report dated 18 September 1951 stated that one GRAZIANI and wife, and CARVASI and wife spent the holiday of Easter, 1951, at Forio (near Naples) together with the "well-known anti-Stalinist newspaperman, Louis FISCHER." This report also stated that GRAZIANI had Communist affiliation but that CARVASI gave no indication of being aware of this.

(h) In a report dated 22 December 1949 Louis FISCHER was included among delegates to a conference of the International Labor Organization to be held 29 December 1949 in Mysore, India. The report also stated that it was presumed that FISCHER was from France but that this was not definitely known.

(i) In a document dated 18 January 1951, Louis FISCHER was reported to have made contributions to the SBONR, a political organization composed of the activist remnants of the wartime Vlassov movement. SBONR carries on both overt and clandestine activities aimed at the eventual overthrow of the Soviet dictatorship. The activities of this organization have been financed mainly by dues, contributions, and indirectly by Harvard University through the Institute for the Study of the Soviet Union which is staffed wholly by SBONR personnel.

2. There is also a referen... .. Louis FISCHER in MFPA-8135 dated 28 May 1951.

3. In requesting information concerning subject, MFPA-9714 invited our attention to the following references: MFPA-6835 dated 14 December 1950, MFPA-6779 dated 13 December 1950, and B. C. Tyndall's memorandum of 5 January 1951. It is the opinion of Nicholas A. Renard, author of MFPA-6835, that Louis FISCHER described in these references is not identical with Louis FISCHER cited in the KATZ synthesis.

1. Subject spent two hours in my office on Thursday, 2 November 1950, pointing out various ways and means whereby [illegible] and [illegible] could be of mutual benefit to each other. His proposals were that:

(a) [illegible] finds very valuable intelligence sources in Europe and that he should be able to contact [illegible] overseas personnel in order to pass this information and receive their aid in getting the sources to this country. I replied that this was impossible but that CIA's New York Field office, with which he has already been in contact, would be glad to forward any dossiers of candidates for admission under Section 8 of Public Law 110 to Washington for consideration.

(b) [illegible] intercede with the Department of [illegible] for [illegible]'s use of some of its quota for entrance of [illegible] and refugees. I replied that I felt that he should deal directly with the Department of Defense on this.

(c) CIA should go to Congress and press for amendments to the McCarran Act in order to further its intelligence potential as well as assist in a mass defection movement. I replied that this was a policy matter for [illegible] Department to solve, that CIA in an effort to maintain anonymity was averse to getting into controversial public disputes but would undoubtedly state its position if called on by congressional committees to do so.

1. In a recent conversation with Mr. Richard R. Brown, CFCEP, Frankfurt, he read several portions of a letter which he had just received from his Washington headquarters directing some fairly strong criticism to the German country unit in its handling of the program. Needless to say, Brown was considerably upset since it appears that much of the criticism stemmed from KUBARK. It was his impression that our conversations of last November and December and the remedial action taken by [illegible] at that time relative to the USEP German unit's handling of the Soviet program had indicated his willingness to do anything possible to correct deficiencies and to forestall just such criticism. In paragraph 1 of the reference we indicated that satisfactory answers to our questions had been received. In this connection we enclose as Attachment A a copy of Brown's written answers to our specific questions. (Attachment B is a criteria for USEP assistance.)

2. In regard to the criticism levelled at Brown and the German unit by the former's [illegible] office, the following pertinent excerpts were passed to the undersigned:

"At the third meeting a great deal of stress was laid on the question of the special interest cases of other Government agencies. I was able to dwell at some length on the special handling that we have given special interest cases, and to cite chapter and verse of our report to the OCB. Nonetheless, it was felt that we should very greatly intensify our efforts in this respect. It is clearly considered that the disposal of special interest cases on a very high priority basis warrants unusual effort, procedures, and expense on the part of the Program. Both Army and (KUBARK) attach very great importance to this, and some dissatisfaction was expressed with the manner in which the present procedures are being implemented by the Program. In Germany, specifically, it was felt that the Program has been reluctant to associate itself or its contractors with cases which might present insuperable difficulties in connection with the

voluntary agencies, the Program should find other means through other contractors, or through its own offices, of arranging disposal on a top priority basis. [illegible] out that the Program was better geared to such an effort than any other U.S. Government program, and that one of the most important yardsticks of its effectiveness must be its capacity to handle this type of case. In brief, [illegible] thought was expressed that we had perhaps been inelastic in our approach to this problem and predisposed to keep a [illegible]-pure reputation at all costs.

......"I want to bring out one more point. [illegible] three OCB meetings and from numerous other [illegible] Washington recently, there has been severe criticism of the manner in which eligibility criteria are being applied by the German country unit. Criticism has been received on three occasions from (KUBARK), and is also included in the State Department report to the OCB group. The charge is made that the German country unit has been 'unnecessarily [illegible]', has adopted overly restrictive measures, [illegible] been hypertechnical. The statement was made in the OCB meeting that among the all-important Soviet escapees, cases had been turned down on the grounds of voluntary repatriation even though the escapees never got past Berlin. The statement was also made that among the Soviets, only diplomatic and military defectors had been granted eligibility."

3. We are assured by Brown and other USEP officials that the final charge made above relating to diplomatic and military defectors is entirely erroneous and this refutation is borne out by our own investigation. In the past, eligibility was withheld from certain "voluntary repatriates" who had in fact, got no further than Berlin on the trek back to the USSR and who later returned to West Germany. However, we are assured that this is no longer necessarily true and that each case is judged individually.

4. Finally, the German Mission feels that [illegible] flat statement that any or all assistance can be rendered to any escapee without regard to past disqualification, provided KUBARK will designate those to receive such assistance, is evidence of his and his unit's desire to cooperate wholeheartedly. We wish to assure Headquarters that the field is now of the opinion that USEP is making a sincere and energetic effort to carry out a most difficult task. We have no complaints at the present time as to the handling of that part of the program which touches KUBARK interests. It will be appreciated if this can be made clear by the KUBARK official responsible for liaison with the Escapee Program in Washington.

However, EPD Germany has advised OFC that a form has been devised to determine this information and that this form was presented to the agencies, for their use, on December 7. They have been asked to report on all persons assisted.

(b) Question: What, if any, project exists to relieve TB incidence among this group?

Supplemental aid is primarily designed to help escapees maintain or recover their health. All agencies know that evidence of poor health, supported by advice of a doctor, authorizes special food supplements. USEP funds can and have been used to provide better living conditions also. The Tolstoy Foundation and AFRF have spent $7,550.45 on supplemental food, including additional food at the three special installations. No figures are available as to the exact number of TB Soviet escapees who have been assisted.

(c) Question: How many people have received jobs through the efforts of the agencies?

(1) Through the Kaiserslautern project, 40 Soviet escapees have been placed in jobs and private housing found for 17 of this number.

(2) During the recent review of agency cases, about 50 Soviet escapees proved to be employed. In some cases, agency participation was apparent; in others, not. The degree of agency aid in finding these jobs would be difficult to pinpoint.

(3) There is also evidence that 20 to 30 escapees have enlisted in Labor Service Companies as "other nationalities". Here again, agency participation is difficult to determine.

(d) Question: How many have been emigrated through efforts of the agencies?

According to the October reports, the Tolstoy Foundation has obtained 94 visas for escapees, in addition to 432 visas under Section 3(c) of the DP Act. For the rest of the fiscal year they estimate that they will obtain 118 more 3(c) visas and 53 others. AFRF, which has just started resettlement activities, expects to obtain 15 visas under Section 3(c) and 15 others.

(e) Question: Is there any vocational training or other educational program?

(1) There are three vocational training schools available for escapees, with unused space in all three, at Munich, Ingolstadt and Berlin. Training expenses plus complete care and maintenance are paid

for by the German Government and USEP. The Karlsfeld project, will, hopefully, attack the problem causing poor attendance, namely lack of interest and poor social adjustment.

(2) The World's YMCA conducts language training in Valka and Karlsfeld. Other classes were discontinued due to lack of attendance, but a campaign is now in progress to rebuild the program.

(f) Question: What housing projects have been projected?

No further housing projects are contemplated until:

(1) The agency counsellors visit each family and definitely determine the problems facing them, and

(2) The present 126 to 146 spaces are effectively utilized.

13. Question: What are future plans for the items listed in paragraph 12?

The fundamental shortcoming in the USEP program to assist Soviet escapees is the fact that the counselling program has not been completed. Once this has been done, EPD Germany and the voluntary agencies together will develop a comprehensive program for meeting all of the needs of the Soviet group. This plan will undoubtedly include inter alia:

1. Development, improvement and completion of the projects now in operation.

2. Increased supplemental aid as families are visited and their needs determined. Close supervision will be exercised to ensure that the agencies relate this aid to the solution of the families' problems, including health difficulties and housing.

3. All escapees will be registered for emigration, the employables among them will be trade-tested, and arrangements will be made to ensure that the proper vocational training is available to those requiring it. In addition, assistance will be extended in clearing up legal problems faced by escapees which might bar them from resettlement. The agencies will be required to submit special reports on their activities.

4. Special efforts are being made to revitalize the vocational training and language training programs. Past experience indicates that success in this endeavor will be limited. However, it is hoped that effective individual counselling will eventually induce the escapees to take proper training.

ORT Union, the World YMCA, and the Lutheran World Federation. Without exception, these agencies have strong and reputable American affiliates which are accredited and recognized by the Advisory Committee on Voluntary Foreign Aid. In the case of WCC, the American affiliate is the National Council of the Churches of Christ, whose welfare organization is the Church World Service; it is accredited by the Advisory Committee on Voluntary Foreign Aid and is a member in good standing of the American Council of Voluntary Agencies for Foreign Service, Incorporated. The specific requirements for qualification are not now available; however, it is believed that to be qualified for accreditation by the Advisory Committee, an agency must be supported by voluntary subscriptions, and humanitarian in character. It is believed that agencies wholly political are not eligible.

9. Question: What is the status of the proposal to form a Russian labor company which we understand has been approved in Washington?

General agreement on the formation by USAREUR of a Labor Service Unit comprised of Soviet escapees has been reached by US EUCOM and USAREUR. This project now only awaits final approval from the Department of Army as to certain details. (It is understood that the Army has already agreed to the proposal in principal.) It is anticipated that the project will be implemented in the near future.

The Unit, which will be assigned a guard mission, will comprise initially 100 officers and men. In addition, one man to act as staff adviser to USAREUR on matters affecting the Unit will probably be recruited. This position should have a field grade of perhaps a Lieutenant Colonel. The personnel ceiling of 100 may be raised to 200 should it appear desirable in the light of experience. In order to avoid the appearance of supporting Great Russian or minority national aspirations, the shoulder flash for members of the company would bear the name "ROSSISKIY" or Russian People, rather than "RUSSKIY" or Russians.

In the course of a recent discussion between representatives of CAS, U.S. EUCOM, and this office concerning this proposal, general agreement was reached on the following points:

a) Leadership in the company should be recruited from the more recent Soviet escapees or defectors, rather than from the older "emigre" group;

b) Efforts should be made to recruit the maximum possible number from the escapees registered with USEP; and

c) The TSOPE group should be strongly represented in the company.

10. Question: ...

10. Question: Have any steps been taken to get the Clemency Board of HICOG to pardon Soviet escapees sentenced for minor offenses committed in an attempt to survive, thus clearing their records? Do you want us to make any pitch on this?

In the past, petitions for clemency have only been presented to the Clemency Board of HICOG when a person was under active consideration for resettlement. The Clemency Board has usually acted swiftly with the best interest of the individual and of the U.S. Government in mind. Recently, however, steps were taken to initiate petitions for clemency on all cases of the types mentioned in Question 10. It is too early at the present time to foresee the result of this operation. However, it is believed that it is not yet necessary for CAS to approach the appropriate officials on this point.

11. Question: Is the USEP policy to reduce the numbers who can be helped under the Program? If true, what are the reasons for this policy which appears on the surface to be a step backward from solving the problem?

It is not the USEP policy to reduce the numbers who can be helped under the Escapee Program. As a matter of fact, the USEP caseload has continued to increase despite the fact that over 6,000 have been resettled, and many have been dropped for various reasons, including ineligibility, local integration, and death. It is true that the primary purpose of the Program is to resettle eligibles abroad, and to integrate locally those whose resettlement potential is low. This action, of and in itself, does tend to reduce the number of persons who can be subsequently helped under the Program. It is also the policy of the Program to create an atmosphere in which other programs which depend to a certain extent upon the psychological attitude existing in emigre circles can operate successfully. In furthering this particular objective, the Program has recently taken action to declare as eligible those persons who, although having records as minor criminals, are of interest to U.S. agencies, and have broadened the basis to accept any Soviet citizen as eligible if he has in any way been under discipline of the Soviet Government since January 1, 1945.

12. Question: What has the Escapee Program accomplished for Soviet escapees?

USEP's assistance to escapees is based primarily upon the needs of each individual registered with the Program. These needs are determined through a counselling program under which the voluntary agencies cooperating with USEP are supposed to send case workers to the field to interview each escapee family to determine their particular needs, background, problems, experience, ambitions, and general situation. Based upon this interview the agency is supposed to develop a specific

plan ...

plan of assistance for the family with the basic objective being their eventual resettlement in a country of immigration or, if this is not possible, re-establishment within the economy of their present country of residence. Although the Escapee Program Division of the U.S. Operations Mission for Germany has contracts with both Tolstoy Foundation and AFRF to carry out a counselling program for Soviet escapees, and has spent approximately $14,000 on each agency in this connection, to date the agencies have not completely counselled all of their caseloads. Accordingly, it is most difficult to make any kind of analysis of the amount of assistance rendered as compared to the extent of need. On December 7, representatives of both agencies were advised by the Escapee Program Division, that the counselling program must be completed in the near future, and that USEP will be in a much better position to evaluate the program of assistance to Soviet escapees.

Despite the admittedly unsatisfactory situation outlined in the previous paragraph, certain positive action has been taken by the EPD and the voluntary agencies to provide assistance to Soviet escapees. Reportedly, AFRF has distributed in the neighborhood of $13,000 in supplemental assistance in the form of food, clothing, lodging, etc., to escapees registered in their caseload. The Tolstoy Foundation has distributed in the neighborhood of $19,000. In addition, three special housing aid projects have been established in Germany: the Friendship House in Munich with a capacity of 10 persons, and the center in Kaiserslautern, with a capacity of 36 -- both sponsored by AFRF, and the Tolstoy home in Karlsfeld which has a capacity of 80 to 100. A word about each of the following installations:

The Friendship House in Munich is small and is always full. The length of stay varies per individual as its primary purpose is to furnish temporary housing for Russian escapees who come to Munich looking for work. In some cases these periods of residence have dragged out. At this home full care and maintenance is given, as the residents are mostly ineligible for relief grants in Bavaria.

The Karlsfeld house was opened on September 4 and has accepted 26 escapees to date. In addition to the fact that each applicant is screened by the agency and then by a consulate and USEP representative, the admission process is complicated by the need to transfer unemployment and relief benefits from other areas. While this installation is not meant to be a housing project of semi-permanent quarters, the type of aid needed by most persons selected will probably result in a fairly stable population, once the home is filled. The Kaiserslautern home reported, as of November 15:

19 current residents
11 persons moved to private quarters
3 persons moved to Labor Service Units
10 persons returned to former residence
5 dependents placed in jobs
48

All ...

All these people, plus other dependents, passed through the center or were aided by the agency facilities there. (Dependents moved to Kaiserslautern only after private quarters were located.) Of the total, at least forty-three persons had, at one time or another, lived in the house. It must be emphasized that this installation is not regarded as permanent housing but was erected solely to house escapees temporarily for whom jobs had been found and who needed quarters until they could locate permanent billets. Therefore, escapees are referred here only when job opportunities exist and stay only until private housing is located. At one time, consideration was given to filling the house with employment potentials, but the agency demurred for fear the project would be ruined by insoluble morale problems and by the lack of available space to meet quickly employment requirements.

To summarize on the question of "housing projects", and apart from housing in the German economy, installations for special purposes were considered and these three subsidized: (1) the benefits derived from the Friendship House in Munich are being evaluated, and will be discussed at the forthcoming conference; (2) the Karlsfeld House has recently been opened and filling it is being delayed by a rather cumbersome screening process, but a process required to meet our security requirements and the requirements of the Munich Consulate General; and (3) the Kaiserslautern House has been rather effectively used, being limited by the numbers of job opportunities. Until we are convinced, however, that full or almost full benefits are being derived from these homes, USEP is reluctant to establish additional housing projects of a temporary nature and it is contrary to USEP policy to enter into long-term arrangements which would be entailed in provision of permanent housing.

Further, escapees generally are eligible for housing within the German economy. A search for this housing is made among that controlled by the Wohnungsamt or is earmarked in new refugee housing being built. Escapees are being included in a new FOA program of $15 million which is currently being discussed by FOA and the German Federal Republic (see DEPTEL to Bonn USFOTO 453, December 15, 1953.).

Additionally, 30 Soviet children were sent to Switzerland for rehabilitation and a vacation for eight weeks last summer at a cost of $3,907.

(a) Question: How many ex-Soviets have received what assistance and how much for Care & Maintenance?

As pointed out above, the incomplete and unsatisfactory status of the counselling projects of the agencies, plus inadequate or unavailable files, preclude the possibilities of determining how many Soviets have received what assistance and how much for Care & Maintenance.

However, ...

1. Question: Does USEP plan to exert tighter and constant management control over this project, as against the present system of hands-off until end-audit, or is this impossible because of regulations? If the latter is true, who has the power to change the regulations, and is it possible for them to be changed within the context of overall USEP policy?

Short of involving itself or its staff in the actual implementation of projects or in voluntary agency operations, USEP maintains a continuing scrutiny and review of every project and contract into which it has entered. Information developed by field officers in the course of this review is passed to the Chief of the Escapee Program Division concerned, who evaluates the material and discusses it, whenappropriate, with the local agency director. Subsequent to this evaluation and discussion with the agency, the material is forwarded to OFCEP which makes a second analysis and, if indicated, discusses it with the agency's European Director. There is no policy of hands-off until the end-audit is made. End-use-audits are an integral part of the review of projects in order to determine whether or not the supplies and services are reaching the escapees.

In the light of the preceding paragraph, the latter part of the question becomes academic; however, USEP policy in this respect is flexible and can be adapted to any situation warranting a modification of procedures.

2. Question: What is the interpretation of "local settlement"? If a man is earning a distinctly submarginal existence, which means an unhealthy and unhappy existence, is he automatically ruled out? Who calls the shots on this, USEP or the agencies?

Local settlement is not predicated solely on economic factors. Rather, local settlement depends upon a variety of conditions obtaining in the case of a particular family. Consideration must, of necessity, be given to the jobs of the principal wage-earners to determine whether or not they are working in an occupational area most suitable to their desires, background and ability; to their wages to determine whether or not their earnings are sufficient to meet the needs of their family; to their housing to determine if it is adequate; and other factors which must be considered in connection with a family's firm integration into the local community, including its own attitude toward such integration. It is not the policy of USEP to place a man or a family on an ineligible or inactive list as a locally settled case if he is earning a distinctly submarginal existence. The decision of local settlement is made by the Chief of the Escapee Program Division concerned and only after a careful analysis of the situation obtaining in each particular case. Usually the Division Chief's decision is based upon the recommendation of the voluntary agency as analyzed and evaluated by USEP officers in the field.

3. Question: What is planned to eliminate the duplication in caseload of the two agencies?

Duplication in caseload between the various voluntary agencies participating in the Escapee Program has been eliminated to an appreciable extent. It has existed principally in the case of two agencies in Germany dealing with the Soviet problem -- Tolstoy Foundation and American Friends of Russian Freedom. This, however, was resolved on December 7, 1953 at a meeting of the two agencies with the Chief, Escapee Program Division/USCMJ. At this meeting the Tolstoy Foundation was given principal responsibility for all cases which have a resettlement potential. AFRF was given all cases which had limited or no resettlement potential and must, of necessity, be settled locally in the German economy. The supplementary care and maintenance was divided after a thorough discussion with each agency by mutual agreement. This action resulted in establishing a caseload in Germany of 79 cases consisting of some 180 people for TF, and 102 cases with approximately 200 people for AFRF. New registrants by either agency will be referred to Escapee Program field representatives (in Germany, Munich) for a check against current card files. After a dossier has been fully developed on the case, a determination as to the appropriate agency will be made according to the case's resettlement potential.

4. Question: What are the criteria for accepting a Soviet escapee as a relief recipient and what office or regulations determine same?

There is enclosed the basic provisional guide concerning eligibility, together with subsequent clarifications issued to the field on the Soviets. This is the criteria under which a person is extended, and declared eligible for Program assistance. These regulations were adapted from a general policy issued by the U.S. Department of State. Within the framework of these regulations, the Escapee Program conducts a security investigation which establishes a man's eligibility from a security point of view. Simultaneously the man is counselled in an effort to determine his needs from a sociological and economic angle. The results of these investigations determine the course of action upon which the Escapee Program proceeds. However, in the majority of cases, humanitarian assistance is extended to individuals pending the complete security investigation, or until material sufficiently derogatory to deny eligibility is discovered. (Attention should be directed to paragraph 7 of the eligibility guide, which enables USEP to confer eligibility on any individual or individuals of interest to other U.S. agencies, regardless of normal eligibility criteria.)

5. Question: What is the source of the policy which maintains that there must be a leaning-over-backward to avoid the risk of any political implication in applying the USEP program?

The Escapee ...

SECRET

The Escapee Program was originally outlined in DEPCIRTEL 676, January 29, 1952 (Top Secret) which indicated that the Program would be undertaken through contracts with voluntary agencies to provide certain supplies and services to escapees of recent date. Inasmuch as the largest and most important voluntary agencies operating in Europe are of religious nature and endeavor to stay clear of undertakings which have political implications, it was determined that the Escapee Program would suppress to the extent possible the political nature of its operations in order to secure and maintain the "good will" and cooperation of these agencies. In our relationships, however, with certain agencies of ethnic character (e.g. AFCR -- American Fund for Czechoslovak Refugees), especially when these agencies are directed by individuals in whom USEP has complete confidence, little, if any, action has been taken to suppress or disguise USEP political implications. There is, however, a tendency on the part of USEP officials to suppress political implications of the Program in their arrangements with several agencies -- due to their lack of confidence in the leadership of those agencies. Mrs. Schaufuss, Tolstoy Foundation; Sheba Goodman, American Friends of Russian Freedom; Max Braude, Organisation for Rehabilitation through Training; Anna Matson, International Rescue Committee; and Michael Rodyk, United Ukrainian American Relief Committee; are examples of Directors in whom USEP has little confidence. This lack of confidence arises from the fact that those personalities apparently have their own axes to grind. USEP has revealed, however, and will continue to reveal to a limited extent, the political nature of the Escapee Program to certain selected persons in the voluntary agencies who are subject to the necessary degree of direction, and in whom confidence may be maintained. This course of action is motivated primarily by the fact that political overtones of the Program cannot be wholly hidden from an intelligent person, yet it is not in the Program's best interest to advise officially the religious bodies of the political aspects. Although the major religious agencies undoubtedly are aware of the political aspects of the Program, they choose to ignore them so long as they are not involved directly into any political operations, and so long as they are not advised officially of them.

6. Question: Are there any means through which assistance to deserving members of TZOPE (already on the caseloads) can be speeded up?

USEP officials throughout the area are continually endeavoring to speed up Program benefits to the ultimate recipients. This is applicable to the entire caseload of all agencies and has not in the past been predicated upon membership in any organisation which may or may not be of interest to U.S. Government agencies. In this way, USEP endeavors to extend Program benefits to all those eligible without focussing unnecessary attention upon individual members of a particular organisation of interest to agencies of the U.S. Government. Further, USEP

officials ...

SECRET

officials have no way of determining whether an escapee is or is not a member of TZOPS. However, if CAS desires to furnish USEP with a list of TZOPS membership, OPC will request the USEP Divisions in each country to confer eligibility on the individuals listed and to pay particular attention that such individuals may receive personal attention in the future.

7. Question: Is there any possibility of eliminating Tolstoy and AFRF altogether and doing this job through another agency or agencies?

In consideration of this question, USEP has reluctantly decided that it would not be possible to eliminate Tolstoy Foundation, since Tolstoy is an old, established agency with a name-known and respected within certain emigre circles. It may be possible, however, for CAS to undertake the elimination, although CAS relationships with TF and its Board of Directors are unknown to this office. Since AFRF is a relatively new organization, and the character of its European leadership is much more undesirable than that of Tolstoy, it is conceivable that AFRF could be eliminated from the Russian field considerably easier than Tolstoy. Moreover, as the Chairman of the Board of the AFRF is a retired U.S. Admiral, he would probably be inclined to go along with the wishes of Government officials if it could be shown that the elimination of AFRF was in the best interest of the U.S. Government. However, the elimination of ethnic type agencies in this respect would, perhaps, compel the Escapee Program to enter into relationships with a religious agency, e.g. the WCC, in their stead and the successful resolution of the Soviet problem would become automatically much more difficult.

8. Question: How does an agency qualify for a USEP contract? What are the requirements for qualification:

USEP currently has contractual arrangements with 22 voluntary societies representing the major religious bodies (i.e. Catholics, Jews, and Protestants) and the major ethnic groups represented in the population of the United States of America. To qualify for a USEP contract the agency, if it is wholly American in composition and incorporated under the laws of one of the 48 States, or the District of Columbia, must be accredited by what was known as the Department of State's Advisory Committee on Voluntary Foreign Aid, and which is now a part of FOA. The Executive Director of this Committee is Mr. William H. McCahon, who is also a staff member in the Office of the Assistant Director for Refugees and Migration, FOA. In addition to those agencies which have been incorporated in the U.S., USEP also enters into relationships with other organizations which are international in character and composition -- such as the World Council of Churches, the World

RESTRICTED SECURITY INFORMATION

PROVISIONAL GUIDE NO. 1 July 17, 1952

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

1. The Mutual Security Act of 1951 provides the basic legislative authority for the Escapee Program and thus establishes the elementary criteria for extending assistance.

Section 101 (a)(1) of that Act authorizes the expenditure of a sum not to exceed $100,000,000 "for any selected persons who are residing in or escapees from the Soviet Union, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Lithuania, Latvia and Estonia, or the Communist dominated or Communist occupied areas of Germany and Austria, and any other countries absorbed by the Soviet Union either to form such persons into elements of the military forces supporting the North Atlantic Treaty Organization or for other purposes, when it is similarly determined by the President that such assistance will contribute to the defense of the North Atlantic area and to the security of the United States".

2. Officials carrying out this program should not become involved in complex, time-consuming procedures in determining priority for assistance. It is expected that a positive approach toward priority will be taken and that criteria will remain as simple and broad as is consistent with U.S. interests. It follows that aid should be given immediately to persons who apparently meet the priority criteria outlined below and should be withdrawn only if reasonable evidence is brought forward which indicates that the person does not meet these criteria.

3. The intent and purpose of the program is to aid new escapees from communist oppression. Whatever the merits of aiding persons who were displaced before, during, or soon after World War II, such aid is not normally a proper concern of this program. Moreover, quite apart from any other considerations, the program does not have sufficient funds to assist many persons other than those who have recently escaped from behind the Iron Curtain. In the foregoing perspective, the following criteria will be utilized by the Missions in according priority for assistance.

4. Priority for assistance in resettlement and for supplementary care will be granted any person who escaped after January 1, 1946 from the USSR, Poland, Latvia, Lithuania, Estonia, Czechoslovakia, Hungary, Rumania, Bulgaria or Albania.

5. Within the broad confines of the above, there will be certain persons whom the United States obviously will not desire to assist and there will be others whose status in their country of residence after flight is such that they possess the rights and obligations of nationality of the country in which they have taken asylum.

D. Has unreasonably refused resettlement opportunities.
E. Is recognized by the competent authorities of the country in which he resides as having the rights and obligations which are attached to the possession of citizenship of that country e.g. German refugees and expellees, persons of Turkish ethnic origin from Rumania and Bulgaria are excluded from assistance under this paragraph.
F. Has been satisfactorily settled locally.

6. Assistance will be extended, however, to those persons otherwise eligible under the provisions of this circular who defect from diplomatic, other official or semi-official missions or delegations while abroad in the service of their country.

7. Missions are authorized to make individual exceptions, regardless of dateline, when such exceptions are in the interest of the U.S. or when such exceptions are requested by other U.S. Government agencies operating in related fields. When requested exceptions are not favorably considered by the Country Unit they must be referred to the Special Unit prior to final action.

8. A family group containing a person or persons who would not ordinarily be assisted due to nationality, e.g. Polish escapee and Austrian spouse and who are otherwise eligible should be considered eligible as a unit.

9. Basic responsibility for determination of eligibility will rest with the Local Units. However, it is expected that they will devise ways and means of utilizing local facilities and officials to a maximum extent in order to assist the Local Unit in discharging this responsibility. In the event the local unit requires further assistance in reaching an eligibility decision, the Special Unit may be called upon by the Local Unit for information or advice.

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

Text of tele-conference received from Department July 14, 1952 in amplification of criteria outlined under Provisional Guide #1:

"FEP Program is concerned with escapees from Soviet or Soviet dominated areas. In view fact FEP funds are limited and because of legislative history of program priority or preference must be given to more recent escapees such as those who escaped after January 1, 1948. Decisions as to application of fund must also be based on results which can be achieved in terms of basic objectives of program. In other words we are not distributing a limited relief fund equally among a designated number of people. We are more concerned with those who have escaped more recently than those who have been in the refugee state since World War I or those who were uprooted between September 1939 and January 1, 1948. The date January 1, 1948 is an administrative device which should not be rigidly applied unless later exhaustion of funds increasingly requires this action. Of equal concern to FEP are the results which can be achieved in terms of reestablishment, resettlement, better morale, etc., as between one project and another. We should seek self-liquidating, non-repetitive uses for FEP funds. Avoid to the extent possible acceptance of responsibilities which cannot readily be relinquished. As experience develops we shall make the foregoing more selective and specific."

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

Sub paragraph E of unnumbered paragraph following paragraph five of Provisional Guide No. 1 is amended to read:

"E. Is recognized by the competent authorities of the country in which he resides or other country outside of the area of Soviet domination as having the rights and obligations which are attached to the possession of citizenship of that country e.g. German refugees and expellees, persons of Turkish ethnic origin from Rumania and Bulgaria are excluded from assistance under this paragraph."

SECRET ATTACH. "A" 108

... Question: ... USEP plan to exert tighter and constant management ... over this project, as against the present system of hands-off ...? If the ... is this impossible because of regulations? If the latter is true, who has the power to change the regulations, and is it possible for them to be changed within the context of overall USEP policy?

... Short of involving itself or its staff in the actual implementation of projects or in voluntary agency operations, USEP maintains a continuing scrutiny and review of every project and contract into which it has entered. Information developed by field officers in the course of this review is passed to the Chief of the Escapee Program Division concerned, who evaluates the material and discusses it, when appropriate, with the local agency director. Subsequent to this evaluation and discussion with the agency, the material is forwarded to CFUSEP which makes a second analysis and, if indicated, discusses it with the agency's European Director. There is no policy of hands-off until the end-audit is made. End-use-audits are an integral part of the review of projects in order to determine whether or not the supplies and services are reaching the escapees.

In the light of the preceding paragraph, the latter part of the question becomes academic; however, USEP policy in this respect is flexible and can be adapted to any situation warranting a modification of procedures.

2. Question: ~~What is the interpretation~~ of "local settlement"? If a man is earning a distinctly submarginal existence, which means an unhealthy and unhappy existence, is he not actually ruled out? Who calls the shots on this, USEP or the agencies?

Local settlement is not predicated solely on economic factors. Rather, local settlement depends upon a variety of conditions obtaining in the case of a particular family. Consideration must, of necessity, be given to the jobs of the principal wage-earners to determine whether or not they are working in an occupational area most suitable to their desires, background and ability; to their wages to determine whether or not their earnings are sufficient to meet the needs of their family; to their housing to determine if it is adequate; and other factors which must be considered in connection with a family's firm integration into the local community, including its own attitude toward such integration. It is not the policy of USEP to place a man or a family on an ineligible or inactive list as a locally settled case if he is earning a distinctly submarginal existence. The decision of local settlement is made by the Chief of the Escapee Program Division concerned and only after a careful analysis of the situation obtaining in each particular case. Usually the Division Chief's decision is based upon the recommendation of the voluntary agency as analyzed and evaluated by USEP officers in the field.

3. Question: What [illegible] planned to eliminate the duplication [illegible] caseload of the two agencies?

Duplication [illegible] case[illegible] between the various voluntary agencies participating in the Escapee Program has been eliminated to an appreciable extent. It has existed principally in the case of two agencies in Germany dealing with the Soviet problem -- Tolstoy Foundation and American Friends of Russian Freedom. This, however, was resolved on December [illegible], 195[illegible] at a meeting of the two agencies with the Chief, Escapee Program Division, USCMG. At this meeting the Tolstoy Foundation was given principal responsibility for all cases which have a resettlement potential. AFRF was given all cases which had limited or no resettlement potential and must, of necessity, be settled locally in the German economy. The supplementary care and maintenance was divided after a thorough discussion with each agency by mutual agreement. This action resulted in establishing a caseload in Germany of 79 cases consisting of some 180 people for TF, and 102 cases with approximately 200 people for AFRF. New registrants by either agency will be referred to Escapee Program field representatives (in Germany, Munich) for a check against current card files. After a dossier has been fully developed on the case, a determination as to the appropriate agency will be made according to the case's resettlement potential.

4. Question: What are the criteria for accepting a Soviet escapee as a relief recipient and what office or regulations determine same?

There is enclosed the basic provisional guide concerning eligibility, together with subsequent clarifications issued to the field on the Soviets. This is the criteria under which a person is extended, and declared eligible for, Program assistance. These regulations were adapted from a general policy issued by the U.S. Department of State. Within the framework of these regulations, the Escapee Program conducts a security investigation which establishes a man's eligibility from a security point of view. Simultaneously the man is counselled in an effort to determine his needs from a sociological and economic angle. The results of these investigations determine the course of action upon which the Escapee Program proceeds. However, in the majority of cases, humanitarian assistance is extended to individuals pending the complete security investigation, or until material sufficiently derogatory to deny eligibility is discovered. (Attention should be directed to paragraph 7 of the eligibility guide, which enables USEP to confer eligibility on any individual or individuals of interest to other U.S. agencies, regardless of normal eligibility criteria.)

5. Question: What is the source of the policy which maintains that there must be a leaning-over-backward to avoid the risk of any political implication in applying the USEP program?

The Escapee ...

SECRET

14-00000

SECRET

The Escapee Program was originally outlined in DEPCIRTEL 676, January 29, 1952 (Top Secret), which indicated that the Program would be undertaken through contracts with voluntary agencies to provide certain supplies and services to escapees of recent date. Inasmuch as the largest and most important voluntary agencies operating in Europe are of religious nature and endeavor to stay clear of undertakings which have political implications, it was determined that the Escapee Program would suppress to the extent possible the political nature of its operations in order to secure and maintain the "good will" and cooperation of these agencies. In our relationships, however, with certain agencies of ethnic character (e.g. AFCR — American Fund for Czechoslovak Refugees), especially when these agencies are directed by individuals in whom USEP has complete confidence, little, if any, action has been taken to suppress or disguise USEP political implications. There is, however, a tendency on the part of USEP officials to suppress political implications of the Program in their arrangements with several agencies — due to their lack of confidence in the leadership of these agencies. Mrs. Schaufuss, Tolstoy Foundation; Sheba Goodman, American Friends of Russian Freedom; Max Braude, Organization for Rehabilitation through Training; Anne Matson, International Rescue Committee; and Michael Rodyk, United Ukrainian American Relief Committee; are examples of Directors in whom USEP has little confidence. This lack of confidence arises from the fact that these personalities apparently have their own axes to grind. USEP has revealed, however, and will continue to reveal to a limited extent, the political nature of the Escapee Program to certain selected persons in the voluntary agencies who are subject to the necessary degree of direction, and in whom confidence may be maintained. This course of action is motivated primarily by the fact that political overtones of the Program cannot be wholly hidden from an intelligent person, yet it is not in the Program's best interest to advise officially the religious bodies of the political aspects. Although the major religious agencies undoubtedly are aware of the political aspects of the Program, they choose to ignore them so long as they are not involved directly into any political operations, and so long as they are not advised officially of them.

6. <u>Question:</u> Are there any means through which assistance to deserving members of TZOPE (already on the caseloads) can be speeded up?

USEP officials throughout the area are continually endeavoring to speed up Program benefits to the ultimate recipients. This is applicable to the entire caseload of all agencies and has not in the past been predicated upon membership in any organization which may or may not be of interest to U.S. Government agencies. In this way, USEP endeavors to extend Program benefits to all those eligible without focusing unnecessary attention upon individual members of a particular organization of interest to agencies of the U.S. Government. Further, USEP

SECRET

officials ...

officials have no way of determining whether an escapee is or is not a member of TZOPS. However, if CAS desires to furnish USEP with a list of TZOPZ membership, CPC will request the USEP Divisions in each country to confer eligibility on the individuals listed and to pay particular attention that such individuals may receive personal attention in the future.

7. Question: Is there any possibility of eliminating Tolstoy and AFRF altogether and doing this job through another agency or agencies?

In consideration of this question, USEP has reluctantly decided that it would not be possible to eliminate Tolstoy Foundation, since Tolstoy is an old, established agency with a name known and respected within certain emigre circles. It may be possible, however, for CAS to undertake the elimination, although CAS relationships with TF and its Board of Directors are unknown to this office. Since AFRF is a relatively new organization, and the character of its European leadership is much more undesirable than that of Tolstoy, it is conceivable that AFRF could be eliminated from the Russian field considerably easier than Tolstoy. Moreover, as the Chairman of the Board of the AFRF is a retired U.S. Admiral, he would probably be inclined to go along with the wishes of Government officials if it could be shown that the elimination of AFRF was in the best interest of the U.S. Government. However, the elimination of ethnic type agencies in this respect would, perhaps, compel the Escapee Program to enter into relationships with a religious agency, e.g. the WCC, in their stead and the successful resolution of the Soviet problem would become automatically much more difficult.

8. Question: How does an agency qualify for a USEP contract? What are the requirements for qualification:

USEP currently has contractual arrangements with 22 voluntary societies representing the major religious bodies (i.e. Catholics, Jews, and Protestants) and the major ethnic groups represented in the population of the United States of America. To qualify for a USEP contract the agency, if it is wholly American in composition and incorporated under the laws of one of the 48 States, or the District of Columbia, must be accredited by what was known as the Department of State's Advisory Committee on Voluntary Foreign Aid, and which is now a part of FOA. The Executive Director of this Committee is Mr. William H. McCahon, who is also a staff member in the Office of the Assistant Director for Refugees and Migration, FOA. In addition to those agencies which have been incorporated in the U.S., USEP also enters into relationships with other organizations which are international in character and composition -- such as the World Council of Churches, the World

ORT ...

CIT Union, the World YMCA, and the Lutheran World Federation. Without exception, these agencies have strong and reputable American affiliates which are accredited and recognized by the Advisory Committee on Voluntary Foreign Aid. In the case of WCC, the American affiliate is the National Council of the Churches of Christ, whose welfare organization is the Church World Service; it is accredited by the Advisory Committee on Voluntary Foreign Aid and is a member in good standing of the American Council of Voluntary Agencies for Foreign Service, Incorporated. The specific requirements for qualification are not now available; however, it is believed that to be qualified for accreditation by the Advisory Committee, an agency must be supported by voluntary subscriptions, and humanitarian in character. It is believed that agencies wholly political are not eligible.

9. Question: What is the status of the proposal to form a Russian labor company which we understand has been approved in Washington?

General agreement on the formation by USAREUR of a Labor Service Unit comprised of Soviet escapees has been reached by US EUCOM and USAREUR. This project now only awaits final approval from the Department of Army as to certain details. (It is understood that the Army has already agreed to the proposal in principal.) It is anticipated that the project will be implemented in the near future.

The Unit, which will be assigned a guard mission, will comprise initially 100 officers and men. In addition, one man to act as staff adviser to USAREUR on matters affecting the Unit will probably be recruited. This position should have a field grade of perhaps a Lieutenant Colonel. The personnel ceiling of 100 may be raised to 200 should it appear desirable in the light of experience. In order to avoid the appearance of supporting Great Russian or minority national asperations, the shoulder flash for members of the company would bear the name "ROSSISKIY" or Russian People, rather than "RUSSKIY" or Russians.

In the course of a recent discussion between representatives of CAS, U.S. EUCOM, and this office concerning this proposal, general agreement was reached on the following points:

a) Leadership in the company should be recruited from the more recent Soviet escapees or defectors, rather than from the older "emigre" group;

b) Efforts should be made to recruit the maximum possible number from the escapees registered with USEP; and

c) The TROPE group should be strongly represented in the company.

10. Question: ...

SECRET

10. Question: Have any steps been taken to get the Clemency Board of HICOG to pardon Soviet escapees sentenced for minor offenses committed in an attempt to survive, thus clearing their records? Do you want us to make any pitch on this?

In the past, petitions for clemency have only been presented to the Clemency Board of HICOG when a person was under active consideration for resettlement. The Clemency Board has usually acted swiftly with the best interest of the individual and of the U.S. Government in mind. Recently, however, steps were taken to initiate petitions for clemency on all cases of the types mentioned in Question 10. It is too early at the present time to foresee the result of this operation. However, it is believed that it is not yet necessary for CAS to approach the appropriate officials on this point.

11. Question: Is the USEP policy to reduce the numbers who can be helped under the Program? If true, what are the reasons for this policy which appears on the surface to be a step backward from solving the problem?

It is not the USEP policy to reduce the numbers who can be helped under the Escapee Program. As a matter of fact, the USEP caseload has continued to increase despite the fact that over 6,000 have been resettled, and many have been dropped for various reasons, including ineligibility, local integration, and death. It is true that the primary purpose of the Program is to resettle eligibles abroad and to integrate locally those whose resettlement potential is low. This action, of and in itself, does tend to reduce the number of persons who can be subsequently helped under the Program. It is also the policy of the Program to create an atmosphere in which other programs which depend to a certain extent upon the psychological attitude existing in emigre circles can operate successfully. In furthering this particular objective, the Program has recently taken action to declare as eligible those persons who, although having records as minor criminals, are of interest to U.S. agencies, and have broadened the basis to accept any Soviet citizen as eligible if he has in any way been under discipline of the Soviet Government since January 1, 1945.

12. Question: What has the Escapee Program accomplished for Soviet escapees?

USEP's assistance to escapees is based primarily upon the needs of each individual registered with the Program. These needs are determined through a counselling program under which the voluntary agencies cooperating with USEP are supposed to send case workers to the field to interview each escapee family to determine their particular needs, background, problems, experience, ambitions, and general situation. Based upon this interview the agency is supposed to develop a specific

plan of assistance for the family with the basic objective being their eventual resettlement in a country of immigration or, if this is not possible, re-establishment within the economy of their present country of residence. Although the Escapee Program Division of the U.S. Operations Mission for Germany has contracts with both Tolstoy Foundation and AFRP to carry out a counselling program for Soviet escapees, and has spent approximately $14,000 on each agency in this connection, to date the agencies have not completely counselled all of their caseloads. Accordingly, it is most difficult to make any kind of analysis of the amount of assistance rendered as compared to the extent of need. On December 7, representatives of both agencies were advised by the Escapee Program Division, that the counselling program must be completed in the near future, and that USEP will be in a much better position to evaluate the program of assistance to Soviet escapees.

Despite the admittedly unsatisfactory situation outlined in the previous paragraph, certain positive action has been taken by the EPD and the voluntary agencies to provide assistance to Soviet escapees. Reportedly, AFRP has distributed in the neighborhood of $13,000 in supplemental assistance in the form of food, clothing, lodging, etc., to escapees registered in their caseload. The Tolstoy Foundation has distributed in the neighborhood of $19,000. In addition, three special housing aid projects have been established in Germany: the Friendship House in Munich with a capacity of 10 persons, and the center in Kaiserslautern, with a capacity of 36 -- both sponsored by AFRP, and the Tolstoy home in Karlsfeld which has a capacity of 80 to 100. A word about each of the following installations:

The Friendship House in Munich is small and is always full. The length of stay varies per individual as its primary purpose is to furnish temporary housing for Russian escapees who come to Munich looking for work. In some cases these periods of residence have dragged out. At this home full care and maintenance is given, as the residents are mostly ineligible for relief grants in Bavaria.

The Karlsfeld house was opened on September 4 and has accepted 26 escapees to date. In addition to the fact that each applicant is screened by the agency and then by a consulate and USEP representative, the admission process is complicated by the need to transfer unemployment and relief benefits from other areas. While this installation is not meant to be a housing project of semi-permanent quarters, the type of aid needed by most persons selected will probably result in a fairly stable population, once the home is filled. The Kaiserslautern home reported, as of November 15:

19 current residents
11 persons moved to private quarters
3 persons moved to Labor Service Units
10 persons returned to former residence
5 dependents placed in jobs
48

SECRET

All ...

All these people, plus other dependents, passed through the center or were aided by the agency facilities there. (Dependents moved to Kaiserslautern only after private quarters were located.) Of the total, at least forty-three persons had, at one time or another, lived in the house. It must be emphasized that this installation is not regarded as permanent housing but was erected solely to house escapees temporarily for whom jobs had been found and who needed quarters until they could locate permanent billets. Therefore, escapees are referred here only when job opportunities exist and stay only until private housing is located. At one time, consideration was given to filling the house with employment potentials, but the agency demurred for fear the project would be ruined by insoluable morale problems and by the lack of available space to meet quickly employment requirements.

To summarize on the question of "housing projects", and apart from housing in the German economy, installations for special purposes were considered and these three subsidized: (1) the benefits derived from the Friendship House in Munich are being evaluated, and will be discussed at the forthcoming conference; (2) the Karlsfeld House has recently been opened and filling it is being delayed by a rather cumbersome screening process, but a process required to meet our security requirements and the requirements of the Munich Consulate General; and (3) the Kaiserslautern House has been rather effectively used, being limited by the numbers of job opportunities. Until we are convinced, however, that full or almost full benefits are being derived from these homes, USEP is reluctant to establish additional housing projects of a temporary nature and it is contrary to USEP policy to enter into long-term arrangements which would be entailed in provision of permanent housing.

Further, escapees generally are eligible for housing within the German economy. A search for this housing is made among that controlled by the Wohnungsamt or is earmarked in new refugee housing being built. Escapees are being included in a new FOA program of $15 million which is currently being discussed by FOA and the German Federal Republic (see DEPTEL to Bonn USFOTO 453, December 15, 1953.).

Additionally, 30 Soviet children were sent to Switzerland for rehabilitation and a vacation for eight weeks last summer at a cost of $3,987.

(a) <u>Question</u>: How many ex-Soviets have received what assistance and how much for Care & Maintenance?

As pointed out above, the incomplete and unsatisfactory status of the counselling projects of the agencies, plus inadequate or unavailable files, preclude the possibilities of determining how many Soviets have received what assistance and how much for Care & Maintenance.

However, ...

"Local Units are advised that effective immed Soviet defectors who escaped since Jan 1, 1945 may be considered eligible for complete program assistance. Units shld complete registration of this group in each area and advise CFC of numbers registered. Every effort shld be made to create maximum program impact on Sov escapees in each area. It is realised that extension of eligibility to this group may cause some repercussion among other nationality groups and the agcies supporting them. It is pointed out however that great majority Sov defectors are eligible under provisions para 6 & 7 of Provisional Guide #1. Moreover Units shld take all feasible measures to minimize repercussions by exercising utmost discretion in implementation of this instruction e.g. by discussing it primarily only with agcies interested in this group."

Text of January 20, 1955, cable: (Confidential)

"Soviet defectors referred to in Frankfurt tel sent Vienna 83, Rome 87, Athens 102, Trieste 59, Istanbul 43, Geneva 21 for Carson shld be generally interpreted as those Sov citizens or Sov Ukranians who left Military or Govt service since Jan 1945, or their dependents (para 6 of Prev Guide #1). Local Units may also extend assistance to such other post Jan 1945 Sov escapees who qualify under Para 7 of Guide #1, excepting hard core DP's or persons who have been in refugee status prior to World War II."

Text of instructions issued to all field units December 1953:

"Regardless of his country of origin, any Iron Curtain escapee who, during the period 1945 to the present time, was voluntarily or forcibly repatriated, but who proceeded no further than the Eastern Zones of Germany or Austria, and was detained in the Eastern Zones of Germany or Austria under the discipline of the Soviet occupation forces or was employed in an official, semi-official, or any other capacity, regardless of the nature of his employment, by or for the Soviet occupation forces, and who subsequently defected, fled, escaped, or otherwise returned to the West, for any reason, should be considered eligible for USEP assistance, provided he is otherwise eligible."

Your attention is again directed to Section 7 of Guide #1 which authorizes you to make exceptions in any individual case, regardless of eligibility criteria.

RE: EGQA-30972

ROUTING

1. In a recent conversation with Mr. Richard R. Brown, OFCEP, Frankfurt, he read several portions of a letter which he had just received from his Washington headquarters directing some fairly strong criticism to the German country unit in its handling of the program. Needless to say, Brown was considerably upset since it appears that much of the criticism stemmed from KUBARK. It was his impression that our conversations of last November and December and the remedial action taken by OFC at that time relative to the USEP German unit's handling of the Soviet program had indicated his willingness to do anything possible to correct deficiencies and to forestall just such criticism. In paragraph 1 of the reference we indicated that satisfactory answers to our questions had been received. In this connection we enclose as Attachment A a copy of Brown's written answers to our specific questions. (Attachment B is a criteria for USEP assistance.)

2. In regard to the criticism levelled at Brown and the German unit by the former's home office, the following pertinent excerpts were passed to the undersigned:

"At the third meeting a great deal of stress was laid on the question of the special interest cases of other Government agencies. I was able to dwell at some length on the special handling that we have given special interest cases, and to cite chapter and verse of our report to the OCB. Nonetheless, it was felt that we should very greatly intensify our efforts in this respect. It is clearly considered that the disposal of special interest cases on a very high priority basis warrants unusual effort, procedures, and expense on the part of the Program. Both Army and (KUBARK) attach very great importance to this, and some dissatisfaction was expressed with the manner in which the present procedures are being implemented by the Program. In Germany, specifically, it was felt that the Program has been reluctant to associate itself or its contractors with cases which might present insuperable difficulties in connection with the

voluntary agencies, the Program should find other means through other contractors, or through its own offices, of arranging disposal on a top priority basis. It was brought out that the Program was better geared to such an effort than any other U.S. Government program, and that one of the most important yardsticks of its effectiveness must be its capacity to handle this type of case. In brief, the thought was expressed that we had perhaps been inelastic in our approach to this problem and predisposed to keep a simon-pure reputation at all costs.

......"I want to bring out one more point. At two of the three OCB meetings and from numerous other ... [illegible] in Washington recently, there has been severe criticism of the manner in which eligibility criteria are being applied by the German country unit. Criticism has been received on three occasions from (KUBARK), and is also included in the State Department report to the OCB group. The charge is made that the German country unit has been 'unnecessarily legalistic', has adopted overly restrictive measures, and has been hypertechnical. The statement was made in the OCB meeting that among the all-important Soviet escapees, cases had been turned down on the grounds of voluntary repatriation even though the escapees never got past Berlin. The statement was also made that among the Soviets, only diplomatic and military defectors had been granted eligibility."

3. We are assured by Brown and other USEP officials that the final charge made above relating to diplomatic and military defectors is entirely erroneous and this refutation is borne out by our own investigation. In the past, eligibility was withheld from certain "voluntary repatriates" who had in fact, got no further than Berlin on the trek back to the USSR and who later returned to West Germany. However, we are assured that this is no longer necessarily true and that each case is judged individually.

4. Finally, the German Mission feels that Brown's flat statement that any or all assistance can be rendered to any escapee without regard to past disqualification, provided KUBARK will designate them to receive such assistance, is evidence of his and his unit's desire to cooperate wholeheartedly. We wish to assure Headquarters that the field is now of the opinion that USEP is making a sincere and energetic effort to carry out a most difficult task. We have no complaints at the present time as to the handling of that part of the program which touches KUBARK interests. It will be appreciated if this can be made clear by the KUBARK official responsible for liaison with the Escapee Program in Washington.

RESTRICTED SECURITY INFORMATION

PROVISIONAL GUIDE NO. 1 July 17, 1952

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM

1. The Mutual Security Act of 1951 provides the basic legislative authority for the Escapee Program and thus establishes the elementary criteria for extending assistance.

Section 101 (a)(1) of that Act authorizes the expenditure of a sum not to exceed $100,000,000 "for any selected persons who are residing in or escapees from the Soviet Union, Poland, Czechoslovakia, Hungary, Rumania, Bulgaria, Albania, Lithuania, Latvia and Estonia, or the Communist dominated or Communist occupied areas of Germany and Austria, and any other countries absorbed by the Soviet Union either to form such persons into elements of the military forces supporting the North Atlantic Treaty Organization or for other purposes, when it is similarly determined by the President that such assistance will contribute to the defense of the North Atlantic area and to the security of the United States".

2. Officials carrying out this program should not become involved in complex, time-consuming procedures in determining priority for assistance. It is expected that a positive approach toward priority will be taken and that criteria will remain as simple and broad as is consistent with U.S. interests. It follows that aid should be given immediately to persons who apparently meet the priority criteria outlined below and should be withdrawn only if reasonable evidence is brought forward which indicates that the person does not meet these criteria.

3. The intent and purpose of the program is to aid new escapees from communist oppression. Whatever the merits of aiding persons who were displaced before, during, or soon after World War II, such aid is not normally a proper concern of this program. Moreover, quite apart from any other considerations, the program does not have sufficient funds to assist many persons other than those who have recently escaped from behind the Iron Curtain. In the foregoing perspective, the following criteria will be utilized by the Missions in according priority for assistance.

4. Priority for assistance in resettlement and for supplementary care will be granted any person who escaped after January 1, 1946 from the USSR, Poland, Latvia, Lithuania, Estonia, Czechoslovakia, Hungary, Rumania, Bulgaria or Albania.

5. Within the broad confines of the above, there will be certain persons whom the United States obviously will not desire to assist and there will be others whose status in their country of residence after flight is such that they possess the rights and obligations of nationality of the country in which they have taken asylum.

<u>CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEE PROGRAM</u>

Assistance will thus be <u>denied</u> to or <u>withdrawn</u> from any person who:

A. Is a Communist agent.
B. Is a former Nazi or Nazi collaborator seeking to escape just punishment for crimes committed during World War II against Allied personnel or against civil populations.
C. Is a common criminal.
D. Has unreasonably refused resettlement opportunities.
E. Is recognized by the competent authorities of the country in which he resides as having the rights and obligations which are attached to the possession of citizenship of that country e.g. German refugees and expellees, persons of Turkish ethnic origin from Rumania and Bulgaria, are excluded from assistance under this paragraph.
F. Has been satisfactorily settled locally.

6. Assistance will be extended, however, to those persons otherwise eligible under the provisions of this circular who defect from diplomatic, other official or semi-official missions or delegations while abroad in the service of their country.

7. Missions are authorized to make individual exceptions, regardless of dateline, when such exceptions are in the interest of the U.S. or when such exceptions are requested by other U.S. Government agencies operating in related fields. When requested exceptions are not favorably considered by the Country Unit they must be referred to the Special Unit prior to final action.

8. A family group containing a person or persons who would not ordinarily be assisted due to nationality, e.g. Polish escapee and Austrian spouse and who are otherwise eligible should be considered eligible as a unit.

9. Basic responsibility for determination of eligibility will rest with the Local Units. However, it is expected that they will devise ways and means of utilizing local facilities and officials to a maximum extent in order to assist the Local Unit in discharging this responsibility. In the event the local unit requires further assistance in reaching an eligibility decision, the Special Unit may be called upon by the Local Unit for information or advice.

CRITERIA FOR PRIORITY ASSISTANCE UNDER ESCAPEES PROGRAM

Text of tele-conference received from Department July 14, 1952 in amplification of criteria outlined under Provisional Guide #1:

"FEP Program is concerned with escapees from Soviet or Soviet dominated areas. In view fact FEP funds are limited and because of legislative history of program priority or preference must be given to more recent escapees such as those who escaped after January 1, 1948. Decisions as to application of fund must also be based on results which can be achieved in terms of basic objectives of program. In other words we are not distributing a limited relief fund equally among a designated number of people. We are more concerned with those who have escaped more recently than those who have been in the refugee state since World War I or those who were uprooted between September 1939 and January 1, 1948. The date January 1, 1948 is an administrative device which should not be rigidly applied unless later exhaustion of funds increasingly requires this action. Of equal concern to FEP are the results which can be achieved in terms of reestablishment, resettlement, better morale, etc., as between one project and another. We should seek self-liquidating, non-repetitive uses for FEP funds. Avoid to the extent possible acceptance of responsibilities which cannot readily be relinquished. As experience develops we shall make the foregoing more selective and specific."

Case 4 151 - Hong Kong Parolee Chu (Lee) Hong York Ling (A-13-195-171)

REF : Headquarters Memorandum 7 June 63

1. The local office of the IANS requested the file of Mrs. Chu from the Boston Office. This revealed the previously unreported information that Mrs. Chu's husband died in Hong Kong in 1958 where he had worked as Manager of the Pin Chong Food Company. The file further revealed that Mrs. Chu had come to the US under the auspices of the International Rescue Committee and was being sponsored by Manning Grant of 5131 Edmondson, Dallas, Texas.

Use S-109939 · 5-5564

2. Mrs. Chu was contacted at 4321 Travis Street where she is living with her six children. She corroborated much of the information contained in her IANS file and advised that she was not in contact with anyone on the mainland of China but occasionally heard from friends in Hong Kong. She is looking for work and hopes to find a job as a waitress or possibly a filing clerk. She stated that she had left the mainland in 1949 and had no recent information on conditions in Communist China. Since her potential appeared extremely limited, she was not questioned on the checklist guides and it is suggested that this case be closed.

GROUP ONE EXCLUDED FROM AUTOMATIC DOWNGRADING AND DECLASSIFICATION

CASE 35654 WILLIAM DONALD HARRIS

1. WE SPOKE BRIEFLY WITH HARRIS ON MONDAY, 8 APRIL. HE HAS MADE SEVERAL TRIPS TO CUBA, THE LATEST IN JANUARY 1963 FOR TWO WEEKS. HE VISITED PRESBYTERIAN CHURCHES THROUGHOUT THE COUNTRY WITH THE EXCEPTION OF THE AREA WEST OF HAVANA. HIS OFFICIAL TITLE IS DIRECTOR, HISPANO-AMERICAN DEPARTMENT, BOARD OF NATIONAL MISSIONS (THE PRESBETRIAN WORK IN CUBA IS ADMINISTRATIVELY A PART OF THE NEW JERSEY PRESBYTERY). HE TOLD US THAT HE HAD COMPLETE FREEDOM OF MOVEMENT, ENCOUNTERED NO DIFFICULTY ANYWHERE AND WAS NEVER STOPPED OR QUESTIONED BY THE AUTHORITIES. HE SAID HE WAS OFTEN TAKEN FOR A SOVIET OR EASTERN EUROPEAN, PROBABLY BECAUSE NO ONE EXPECTED TO SEE AN AMERICAN.

2. HIS PLANS FOR FUTURE VISITS TO CUBA ARE A BIT INDEFINITE. HE WOULD LIKE TO MAKE THE NEXT VISIT WITH SEVERAL OTHER CHURCHMEN FROM OTHER DENOMINATIONS. THERE IS AN INTERDENOMINATIONAL SEMINARY AT MATANZAS, WHICH HAS MANY PROBLEMS THAT NEED TO BE DISCUSSED. THE SEMINARY WOULD PLAN A BOARD MEETING TO COINCIDE WITH THE VISIT OF THESE PEOPLE WHO ARE ON THE BOARD. THE GROUP THAT WOULD GO INCLUDES DR. STOCKWELL (METHODIST) BISHOP JOHN BENTLEY (EPISCOPAL), DR. LARSEN (BAPTIST) AND DR. JOHN SINCLAIR (PRESBYTERIAN). THE ONLY MEMBER OF THIS GROUP KNOWN TO US IS BISHOP BENTLEY WHO HAS BEEN AN EXTREMELY COOPERATIVE CONTACT OF THIS OFFICE. THIS TRIP HOPEFULLY WILL TAKE PLACE IN THE NEAR FUTURE BUT THERE ARE NO DEFINITE PLANS AT THIS TIME.

3. HARRIS HAD A PROBLEM HE THOUGHT WE MIGHT BE ABLE TO HELP WITH. THE GENERAL ASSEMBLY OF THE UNITED PRESBYTERIAN CHURCH IS TO TAKE

PLACE IN DES MOINES, IOWA FROM 15-?? MAY. THEY WOULD LIKE TO HAVE THE DELEGATES FROM CUBA ATTEND, BUT THEY HAVE HAD LITTLE SUCCESS IN GETTING THE NECESSARY PAPERS. THE ONLY POSSIBILITY SEEMS TO BE FOR THE DELEGATES TO GET THEMSELVES TO MEXICO CITY AND TAKE A CHANCE THAT THE US EMBASSY THERE WILL GRANT THEM PERMISSION TO COME INTO THE COUNTRY. THE NAMES OF THE PROPOSED DELEGATES ARE SERGIO MANEJIAS, PASTOR OF THE CHURCH IN CARDENAS, AND HIS WIFE, PRESIDENT OF THE PRESBYTERIAN WOMEN'S

ORGANIZATION IN CARDENAS; ALSO DR. RENE CASTELLANOS, A LAYMAN FROM CARDENAS AND A FORMER UNIVERSITY PROFESSOR.

4. ON THE BASIS OF OUR RATHER SHORT VISIT WE CANNOT MAKE MUCH OF AN ASSESSMENT OF HARRIS. HE WAS EXTREMELY CORDIAL, ENTIRELY SYMPATHETIC WITH OUR INTERESTS WHILE AT THE SAME TIME WANTING TO BE ASSURED THAT HIS CONTACT WITH US WOULD NOT BECOME KNOWN. HE SAID THAT NATURALLY MANY PEOPLE ASSUMED HE WAS CONNECTED WITH THE CIA BUT THAT IF THERE WERE ANY BASIS IN FACT FOR THIS ASSUMPTION HIS USEFULNESS WOULD BE AT AN END. THIS WOULD LEAD US TO THINK THAT HE WOULD NOT BE WILLING TO DO ANYTHING ON OUR BEHALF DURING FUTURE TRIPS TO CUBA. WE ALSO THINK, HOWEVER, THAT HE IS ENOUGH OF A REALIST THAT HE WOULD NOT BE UNDULY UPSET BY THE REQUEST AND THAT HE WOULD GIVE IT SERIOUS CONSIDERATION. WHETHER HE WOULD BE MORE AMENABLE IF SOMETHING COULD BE DONE TO ENABLE THE CUBANS MENTIONED ABOVE TO COME TO DES MOINES, WE DON'T KNOW. WE THINK HE WOULD TURN DOWN ANY REQUEST TO HELP DURING HIS NEXT TRIP SINCE IT WOULD BE MADE IN THE COMPANY OF OTHER CHURCH PEOPLE.

5. WE WOULD LIKE TO MAKE AN APPOINTMENT TO TALK WITH HARRIS AT GREAT LENGTH. COULD YOU GIVE US ANY IDEA OF WHAT THE POSSIBILITIES ARE OF HELPING HIS CUBAN FRIENDS AND WE COULD THEN TRANSMIT THAT INFORMATION TO HIM AT THAT TIME. THANK YOU.

1. Enclosed is a copy of letter written by the subject which was transmitted by Mr. Abram J. Becker, (EE-8045-A) executive director of the International Rescue Committee, to a representative of this Division.

2. Subject has been the director of the Berlin office of the IRC for approximately three years. As you know, the IRC has been prominent for aid given to West Berlin and is currently in the midst of a campaign for aid to refugees arriving there in increasing numbers from the East. In her letter subject reports alleged attempts on the part of "the East" to kidnap her. In view of her activities and her connection with Rainer Hildebrandt's Kampfgruppe gegen Unmenschlichkeit, Mr. Becker believes there may be some basis for her fears. He said he knows subject as a calm person not given to hysterics; he is therefore, concerned about subject's safety.

3. This information has been transmitted to Staff C, FI, for action.

Case 10978 - Source Leads from IRC Files

1. Contact with Rnieczk, Kotas, and Loposzko on 31 Jul 52 indicates low foreign intelligence potential. They have been away from Poland for about ten years and get no pertinent information in letters from relatives remaining in Poland. They are better acquainted with persons and conditions around Bologna, Italy.

2. They are cooperative, but unless you have reason to believe that worthwhile requirements might result from a request, we do not intend to send in name checks.

Galliz came to the United States with two purposes in mind. He wanted to [illegible] and receive financial backing for a new [illegible], which he and a friend developed. He also wanted to explore the possibility of making contact with US intelligence agents with [illegible] of getting some type of assistance or encouragement to fulfill his [illegible] to penetrate the Soviet Union to destroy the Soviet system. [illegible] contact was through the Chairman of the International Rescue Committee [illegible] invited [illegible] representatives of [illegible] to talk with the man. Galliz stated that he had made previous approaches to the US Embassy in London where he was rebuffed. The Embassy told him to either associate with British Intelligence or [illegible], where he could, no doubt, find an organization [illegible] receptive to his ideas. The initial approach to the Embassy was made in 1950. The last approach was made in November, 1956, at the time of the Hungarian revolution. The London Embassy [illegible] has a pretty good biographical account of him. His contact in London was a Mr. [illegible]. Galliz did not know the spelling of the [illegible] name.

2. Galliz' strong anti-Communistic feelings result from the destruction of his family by the Soviets, as well as his intense nationalistic or Latvian feelings. The secondary purpose of his visit to the United States was contact with [illegible], who has also [illegible] played a [illegible] the [illegible] from control in the [illegible]. 4. Valdemars Gailis was born in Petrograd, Russia, 27 July 190[illegible]. His family moved to Riga, Latvia [illegible] 19[illegible]. In Latvia, his principal occupation was that of a waiter [illegible] [illegible] [illegible] located in Riga. He held this employment from 19[illegible] to 19[illegible]. Initially, his employer was the Latvian Army. During this period he cooperated with Colonel Calmins, [illegible] chief of the Information Office for the Latvian Army. In 19[illegible], when the Russians took over Latvia, the Russian Army requested from Calmins the names of the individuals who cooperated with him. Rather than supply the information, Calmins went home and killed himself. Gailis continued as a waiter at the officers' mess, [illegible] for the Russians, until May, 1941. In May, 1941, a Russian, the soup cook, informed Gailis that Gailis, the head chef, and one other individual should escape, as the Russians were about to arrest them. Gailis went home to tell his wife and child to leave Riga and head for a sister's home in the hinterlands. Upon arrival at home, Gailis was told that the Russians had already been there looking for him. Gailis then left Riga and joined the partisans in [illegible]. When the German military forces entered Latvia, Gailis returned to Riga and learned that his wife and son had been deported by the Soviets on 13 June 1941. His wife had failed to head for the country but stayed in Riga, where she was arrested. He has not heard anything of either wife or son since then.

5. Gailis then returned to the Riga officers' mess as a waiter for the Germans. He was picked up by the German Army as a Russian interpreter on 4 November 1941 when he was sent to Leningrad for a few days. He then went to Minsk, where the supposed contact with [illegible] took place. Gailis was associated as an interpreter with the German anti-partisan group for about [illegible] years. With the German Army he came to Germany on [illegible] October 1944. On 3 February 1945 he joined the [illegible] Army as an interpreter. FROM : Charles A. Briggs

VIA : Acting Deputy Director for Operations

SUBJECT : International Rescue Committee, Inc.

1. The following information on the IRC is for background only.

2. In August 1950, Outline for Project QKGAUNT was approved for the purpose of acquiring biographic information on top-level defectors/emigres from an official of the IRC. The sum of $2,500 was to be provided by covert means. A partial payment of $1,250 was advanced on 30 August 1950 but was refused by the IRC representative, who stated he would supply as much of the information desired as possible without cost. The project was closed as of 31 August 1950.

3. In November 1950, David Martin, Executive Secretary of the IRC met with George Carey, Assistant Director for Operations, with as many as five proposals for collaboration between CIA and IRC. One proposal was for the support of a European Institute which would provide employment for displaced scientists, journalists, etc. He was informed that CIA had no funds for financing such a project.

Dear Mr. Sternberg:

As you might surmise, your organization is well known to the Agency. Following the receipt of your letter of 31 March 1976, a more definitive search for information pertaining to your request was conducted. No information was located which would indicate that CIA has ever provided funds to the IRC either directly or indirectly. I trust this letter will allay any apprehensions your organization has had in this matter.

If I can be of further assistance, do not hesitate to contact me.

1. We met Charles Sternberg, Executive Director of the International Rescue Committee (IRC) on 10 May 1973. In the course of our conversation, Sternberg noted that we had shown quite a bit of interest in Soviet arrivals (defectors) recently and suggested that it would be of a great advantage to us if we were able to introduce ourselves as, for instance, representatives of a scientific institute rather than Agency employees.

2. We are quite certain that Sternberg meant well and had our benefit in mind when he made this suggestion. Sternberg has been cooperative and helpful to us over a number of years. His suggestion particularly aims to simplify our problem of making initial contact with USSR nationals. They are particularly sensitive and suspicious, and CIA has a very ominous meaning to them according to Sternberg.

3. We explained to Sternberg that we cannot do what he suggested, but in turn we suggested that in instances where a new arrival is ill at ease, we should wait a few weeks or months until the new arrival has settled down, found a place to live, and hopefully, a satisfactory place of employment.

4. We did, however, tell Sternberg that we will discuss his suggestion with our associates interested in this particular problem.

5. Do you have any advice or comment?

REFERENCES: A. BOS-927-72, Same Subject, dated 29 November 1972
B. Nieniec-Kelly telecon, Same Subject, dated 5 December 1972.

1. This memo covers subjects discussed in references.

2. Since Tereshko came into this country as a refugee under the auspices of the International Rescue Committee in New York City we do not have any commitments to assist him in his resettlement problems whether they include job assistance or assistance in firming up his immigration status to this country. We, however, also realize that he has been a very cooperative and prolific reports producer for the intelligence components. We want to make clear that we have no commitments to help Tereshko.

3. Tereshko should find his own way to mail letters to Minsk through parties located in other cities. Subject mentioned that he has friends in New York City whom he could use for this purpose.

4. We contacted the office handling Tereshko's refund for his rubles and rupees and were informed that he will shortly receive a check for US$25.00 plus some gold rubles which could not be changed for him. When we receive the money in a week or two, we will forward it to you.

5. Apparently Tereshko feels an attraction to work for Radio Liberty in Munich, which was offered to him. This again is his own decision although he has a good position and a fine future with his present company.

6. We have found from experience that defectors generally blame us for decisions and actions which fail and credit their own astuteness for those developments which succeed. We would like, however, to point

MEMORANDUM FOR THE RECORD

SUBJECT: Contact with Mrs. Mary Lord

1. Mrs. Mary Lord will make two trips abroad in the near future. From 19 August to 7 September she will be in the Far East. She will travel to Calcutta in her capacity as interim president of the International Rescue Committee, and will also go to Saigon and Hong Kong. She hopes to visit Laos, but this had not been settled when we spoke with her early in August. Her visit would be in response to an invitation extended by Souvanna Phouma last winter (see 00-B-33171-70). If successful, she would attempt to get more information related to the requirements of Case 54,162.

2. On 9 September Mrs. Lord leaves for Europe on a trip connected with her duties with the Atlantic Treaty Association. We do not know how long she will be gone, but if prior trips are any indication it probably will be no longer than two weeks. She may learn more about Georges Pompidou, although she has not been briefed for this particular trip. We received requirements against a similar trip in June (See 00-B-17055-71 in response to cases 54,162 and 56,660 and she may remember some of these and attempt to obtain further data. We would recommend that she be debriefed on both trips shortly after her return from Europe. We have given her Mr. Lohmann's name, should she wish to contact the NYFO before a representative calls on her.

3. In June Mrs. Lord loaned us two books on Pompidou. Upon instructions from Chief, NYFO, we returned these to Mrs. Lord on 18 August since we had received no reply to our queries to headquarters (NY-636-71 of 24 June 1971, Form 610 of 19 July 1971 and NY 16766 of 3 August 1971.)

SUBJECT: Call from Jack Cogswell, 22 March 1971

B 55564

Cogswell telephoned to inform that the International Rescue Committee planned to hold a Press Conference on 24 March 1971 in New York to discuss prisoners in Cuban jails. Cogswell voiced the hope that the conference would not have any adverse effects on attempts underway to obtain the release of Lawrence Kirby Lunt from a Cuban prison. He explained that "Pancho" ("who is known to your people, I am sure") is on his way to Mexico City with $3,500. He will contact a woman there who apparently knows who to pay off to arrange Lunt's release. Cogswell indicated that "they" hoped to pay no more than $10,000.

SUBJECT: Meeting with Edmund Cummings, Dept. of Immigration, US Catholic Conference.

Ref: Dept. of State memo of 12 May 69 from Wm. C. Trueheart, forwarded to NYFO on 16 May 69.

1. On 6 Jun 69 Deputy Chief, NYFO, accompanied by C/S Elliff, met with Edmund Cummings to discuss any aspects of the relationship between his office and the Agency that might be unsatisfactory to him. This appointment was requested by NYFO as a result of the comments made by Cummings in reference memo.

B L 5544

2. When we opened the discussion with the statement that we had heard indirectly that the question of cooperation with the CIA had arisen at the ACVA meeting, Cummings immediately stated that this was indeed the case, and for his part, he wished to have no contact at all with our Agency. Invited to elaborate on his reasons, Cummings said it could be very "embarrassing" were it to become known that he had furnished information on Czechoslovak refugees to the CIA. He later stated that it could be extremely dangerous for refugees to have contact with the Agency, since if this fact were known, it could bring harm to themselves or to their families still in Eastern Europe. If he had furnished the information about the location of a refugee to whom harm later came, it would cause him great anguish. He knew, he said, of an instance in Connecticut in which a refugee who had cooperated with the Agency was beaten up by Communist agents. Cummings did not respond to our invitation to elaborate on this incident, which we said was unknown to us. Cummings said that not only was he concerned about CIA activities involving refugees, but that if cognizant, the US bishops would be unhappy about CIA involvement with organizations such as the US Catholic Conference. Again, Cummings declined to elaborate. Cummings suggested that we get our information from the I&NS to whom the US Catholic Conference furnishes data and he was unsympathetic to our desire to have this information on a more timely basis than was possible with reliance on I&NS records. He also suggested that arrangements to see refugees in the US be made with the refugee in Europe and that the refugee be given a telephone number to call after his arrival. Responding to our direct question, Cummings said he viewed cooperation with the FBI in a different light and would not deny its agents information they requested.

3. We wish to emphasize that Cummings made none of the statements to us that he did in paragraph two of reference memo. On the contrary, in response to our direct question, Cummings said that his objections were those of principle rather than of manner of approach by the NYFO. At no time during our conversation with him did he make any objection to the procedure set up between him and C/S Elliff to facilitate the acquiring of the information we requested. We do not have any doubts that Cummings did indeed make the statements attributed to him in reference memo, but it is at least interesting that he specifically refuted them in our presence. After displaying nothing but hostility toward the Agency during our entire meeting, he invited us to call upon him in the future if he "could ever do anything for us personally." Obviously we do not expect to contact him on any basis in the future and we are certain that he does not anticipate further inquiries from this office.

4. C/S Elliff reports as follows on her contacts with Cummings and other officials of the Dept. of Immigration, US Catholic Conference:

> "The first contact with Cummings was on 11 Sept 68 and the results of that meeting are contained in NY#677-68 of 11 Sep 68. This was a straight-forward request for information on how the US Catholic Conference would handle the influx of refugees. As can be seen from the memo, Cummings was cooperative and, in fact, offered more assistance to us than we later requested. We spoke on the telephone with Cummings a few weeks later to say that, in all likelihood, we would only be needing to ask for address information on selected refugees occasionally. For this information, he referred us to Mrs. Irene Bilinski. On 12 Dec we saw Mrs. Bilinski who ~~was cooperative in~~ furnishing information on a specific Czechoslovak refugee. Upon our return from Washington in late January 1969, a number of requests had piled up and we tried to obtain the needed information through Mrs. Bilinski. She pleaded that they were very busy, extremely behind in their filing and asked that we call on her later.

13

B-69-169

NY#399-69
12 June 1969

"Since it appeared in late March that Mrs. Bilinski would not be available in the foreseeable future, we called again on Cummings and explained the problem. We said we understood the problems involved for them in providing this information, in view of the fact that they were extremely busy, and said we would appreciate anything he could do to facilitate matters. There was one address we needed urgently and this Cummings obtained for us while we waited. We left with him about six three-by-five cards on other refugees, plus a stamped self-addressed envelope, and asked that he return the cards, with the address and employment data added, at his convenience. After that, we sent Cummings two letters requesting data on additional individuals and received replies in due course. After his receipt of the second letter, Cummings called Deputy Chief, NYFO (whose name he had obtained from Charles Sternberg of the International Rescue Committee) to check on Miss Elliff's bona fides. According to Deputy Chief, NYFO, Cummings was satisfied that our inquiries were legitimate and only expressed the hope that they could be kept to a minimum. We suggested the mail procedure agreed to by Cummings only in the interest of saving the time of an obviously overworked organization.

"When the account of Cummings' complaints to the Department of State official reached us, we endeavored to set up an appointment for ourselves and Deputy Chief, NYFO, to see him. Our first call in this regard was on 19 May. He said it was a very busy week and asked us to call later. We called the following week and he again stated he was extremely busy. We said we did have one address to ask him about and asked if we might see him briefly. He invited us to write him for the information, and assured us that this would be entirely satisfactory. We wrote on 26 May and he replied the following day, much faster than he had previously. When we called him on 6 June, he invited us to meet with him that afternoon. We estimate that we have requested address and employment information on about 13 individuals. Since this is the only data requested from Cummings, we do not understand his statement in reference memo that he had "become concerned over the numbers and types of request." In addition to Cummings and Mrs. Bilinski, we have contacted Mrs. Olympia Boroni, whom we saw in 1967 in connection with Case 49,354. Although she could not furnish the current location of the individual in whom we were interested, she was extremely cooperative."

SUBJECT: CIA Requests to Voluntary Agencies in New York

With reference to our recent discussion of this subject, I am attaching a memorandum from Mr. Laugel of Ambassador Martin's staff on his meetings in New York with various representatives of the voluntary agencies. It would appear from his report that concern among the voluntary agencies over CIA approaches is more widespread than we had at first supposed.

SUBJECT: CIA Requests to Voluntary Agencies in New York

Mr. 6 69-169

Ambassador Graham Martin has asked me to inform you of conversations which were held in my presence by certain voluntary agency representatives with regard to CIA requests for information on Eastern European refugees (primarily Czechs) who have been arriving in the U.S. as a result of the Czechoslovak-USSR crisis. The following information was obtained on a confidential basis while I was in New York this week to work on an unrelated project:

A-22572 A-41194

(1) On May 5, after concluding my own business discussions, Dr. Jan Papanek, President of the American Fund for Czechoslovak Refugees, Inc., expressed his deep concern over being asked to supply information on the whereabouts of his former countrymen. Dr. Papanek told me that the CIA is checking on a large number of Czech refugees, most of whom have no special experience or qualifications which would seem to be of particular interest to the United States. He knows that many of these people are being subjected to intensive interrogations which bewilder and frighten them. The procedure was initiated last October by a CIA man who identified himself as Norman N. Graber. Dr. Papanek receives his requests by letter (he showed me one sample) which simply lists the names and other basic data, either immigration number or date of birth. The return address used by the CIA is P.O. Box 1294 in Grand Central Station, to which Dr. Papanek is to send his reply that is, the latest U.S. address recorded in his files. Dr. Papanek did not mention a specific number of names or requests but he said they are growing and he is very uncomfortable about it; he does not want his good name or agency to become identified with the CIA. He indicated, in addition, that the method of operation seems heavy-handed in comparison to that of the FBI, whose agents present themselves in person, make their requests known

and are serviced to the extent permitted by Dr. Papanek. If this information is essential to U.S. interests, Dr. Papanek cannot understand why it is not handled on an intra-governmental basis -- namely have the CIA obtain its information from the Immigration and Naturalization Service, which is responsible for alien registration in the United States.

b 69-169 S 4476

(2) On May 6, after concluding my work with Mr. Edmund Cummings, Associate Director of the U.S. Catholic Conference, the question again came up. Mr. Cummings expressed his agitation over the seemingly amateurish and scattershot method by which the CIA is operating in this field. He also questioned the value of interrogating simple refugees who are not defectors with special qualifications or background. Mr. Cummings said the groundwork was laid sometime ago (no date mentioned) by a female officer of the CIA, and that he agreed to the exchange of mail procedure utilizing the P.O. Box at Grand Central. However, he has become concerned over the numbers and types of requests. He suggested, as did Dr. Papanek, that INS might be the proper contact point for CIA. Mr. Cummings also mentioned that the FBI agents appear in person and he indicated that their approach seems more professional.

S-5564 ok

(3) I was also informed by Mr. Cummings that the International Rescue Committee, Inc., whose Executive Director is Mr. Charles Sternberg, was somewhat alarmed by the same situation. I had previously consulted Mr. Sternberg on my own project but he did not raise the CIA matter with me.

A-87027

(4) On May 7 I attended (as an observer) a meeting of the Committee on Migration and Refugee Problems, American Council of Voluntary Agencies for Foreign Service, Inc., which was called to discuss refugee and related matters. The meeting was chaired by the Rev. John W. Schauer of the Church World Service; in addition to

Council officers, representatives of seven voluntary agencies were present. Those in attendance were:

Mr. Eugene Shenefield and

Mr. Edmund E. Cummings and

Mr. Donald E. Anderson of the

Mr. Charles Sternberg of the

Dr. Jan Papanek of the
American Fund for Czechoslovak Refugees

A 41194

Mr. Teymouraz Bagration of the

Chairman Schauer also represented the
Church World Service

A 5559

At one point the meeting went off-the-record to hear from Mr. Cummings of USCC, who had been assigned to study the "CIA problem." But Chairman Schauer opened the discussion by announcing rather mysteriously that he had been in touch "with Washington" at the appropriate level -- implying that the Council should at least table the matter for the time being. Mr. Cummings then moved that (a) there would be no further discussion of it, and (b) each voluntary agency should deal with the CIA as it sees fit on an individual agency basis. His motion carried and the Council proceeded to other business.

The above information was volunteered to me. During the individual discussions I expressed no opinion but did mention my general interest in overall problems the voluntary agencies are facing. At the Council meeting I said nothing on this subject.

SUBJECT: Case: [illegible]/39- Dr. [illegible] Kremel's Defection and Redefection.

---

1. Herewith a summary of this case, as requested in WA-61595.

2. The case was opened to this office by a telephone call from George
Musulin in mid-morning on 20 Sep 63. The only information available to us
at that point was an account in the New York Times of 19 September. Freund
of NYFO was instructed to contact Mr. Joe Schmit (Assistant Special Agent in
Charge), New York FBI: the FBI had notified CIA through Washington Liaison
that it would be ready to turn over subject to us for interrogation some time
on this date, and the details were to be discussed with Schmit.

3. Schmit passed Freund along to the supervisor and special agent
handling the case (both known to us), and we learned that the FBI had not seen
the subject as yet because of unexpected delays at Immigration and Naturaliza-
tion Services. The expected schedule was for subject to be fingerprinted and
released by I&NS in the early p.m. The FBI estimated that its own interroga-
tion could be accomplished within about 45 minutes. As envisaged, FBI
interrogation would be carried out at International Rescue Committee office,
where subject would be turned over to us at about 3 p.m.

4. Above information was phoned through to Alien Branch, which advised
that two OSI representatives, Drs. Hopman and Huber, were to be dispatched
to New York to conduct an interrogation that afternoon. Numerous telephone
calls between this office and Alien Branch, the FBI, and IRC continued
throughout the afternoon. The FBI very graciously agreed to make a staff
translator of Czech descent available for our interrogation. Charles Sternberg
of IRC agreed to stay in his office until we could take the subject off his
hands when it became clear that the OSI representatives were late in arriving.

5. Dr. Hopman, OSI, and Dr. Huber, Medical Staff, in fact reached NYFO
at 1:50. There was considerable misunderstanding between them and this office
concerning the situation. They were unaware that subject had been interrogated
until late the previous day by I&NS and was somewhat exhausted by interroga-
tions and procedures on 20 Sep at I&NS and involving the FBI. They expected
to operate under cover (to be furnished by FBI or this office), they expected
to be provided with a secure interrogation facility wired for sound, they
understood that Czechoslovak authorities had attempted to reach the subject.
In the circumstances, they remained at NYFO in the care of the Field Office
chief, while Freund proceeded to IRC.

6. Conversations at [illegible] with Sternberg, the FBI translator and subject revealed the following [illegible]: [illegible] had [illegible] to expect two CIA men from Washington. [illegible] given Freund's [illegible] name, and he was not in the happiest mood after waiting for several hours. (Sternberg of IRC had not made the above disclosures to [illegible].) Further discussion with Chief, [illegible], and with Sternberg led to the decision that subject was to remain in Sternberg's care over the weekend, that any interrogation in the circumstances would be unwise (particularly as the transcript of the exhaustive I&NS interrogation would be available early the following week), and that the suggestion of Alien Branch to bring him to its own installation for detailed exploitation should be followed.

7. Freund took the FBI translator and subject out for supper and developed a few facts. Subject was overly optimistic about the results of de-Stalinization in Czechoslovakia and the current [illegible], which he hoped would insure his family's joining him within one to two years. He was staying with his friend, Danes, and felt confident that neither the other 24 physicians in his exchange group nor Czechoslovak security could trace him to Danes. Subject was very willing to leave New York for interrogation elsewhere. He spoke about his political convictions – anti-communist, [illegible] Czech – and his admiration for the US, although he did not particularly like New York. Freund thanked the FBI translator for his help, delivered subject to Danes' apartment (but did not enter it), notified Chief, [illegible], of developments, and reported to [illegible] at the earliest opportunity ([illegible] hours).

8. On Monday morning, 23 September, we received word that Alien Branch was ready to accept subject to its safe facility later that day. George Nagle, using a registered pseudonym, drove subject to [illegible] in the afternoon. An agreement reached earlier with Sternberg was reconfirmed in front of subject at the time that Freund picked up subject: The [illegible] assumed full responsibility for subject's welfare, under procedures and considerations affecting aliens as promulgated by the I&NS. During the period (expected to be somewhere in the neighborhood of one week) that we borrowed subject, we obviously had to share this responsibility. We wanted to make clear, however, that CIA was not in any way involved in this matter other than to avail itself of the opportunity to interview a source with recent experience in Czechoslovakia. Sternberg clearly understood this, and his subsequent behavior vis-a-vis us appeared to be beyond reproach. On our part, we [illegible] not become involved with living arrangements in New York, job opportunities, and the like.

9. The record shows that subject was returned by car (Rosenbrook driving) to New York on 3 October and turned back to Sternberg by Freund at 1400 hours that day. We advised Sternberg of subject's interest in relocating in West Germany or Austria because of his expectation that he would be more readily admitted to medical practice in either country than in the US. Ultimately, he hoped to return to the US, with his family, if wife and child could join him in the West.

Sternberg was [illegible] a [illegible] plan. [illegible] understood from Sternberg that [illegible] a hotel [illegible] that [illegible] was to use his proper [illegible] without the title of "doctor". We were fearful of Czechoslovak efforts to reach him and expressed our fears to Sternberg, [illegible] to influence him. In retrospect, Sternberg might wish to have [illegible] based on his dealings with other refugees, he doubted whether the Czechoslovak authorities would try very hard to run subject down.

10. Our next [illegible] came when we called Sternberg during the early afternoon of [illegible] October. [illegible] in receipt of [illegible], which [illegible] us to ask subject some questions. [illegible] learned from Sternberg that subject was due at IRC that afternoon, Sternberg promised to phone as soon as subject arrived there so that an appointment could be made. Since Major Pribram [illegible] had preliminary indications of [illegible] possibilities for subject, we mentioned this to Sternberg and found him appreciative. Later that afternoon, Sternberg phoned back, indicated subject had not shown up at IRC and that he (Sternberg) would go to subject's hotel (near IRC headquarters).

11. The following morning, Sternberg phoned and reluctantly indicated that something was amiss. He had not found subject in his room at the Hotel Le Marquis, 12 East 31st Street, (near IRC hq), on Monday afternoon; an IRC employee who had visited the hotel room on the morning of Tuesday, [illegible] October, established that subject had not been near his room at least since the day before. Subject's belongings, including the briefcase he took wherever he went, were in the room. Sternberg concluded that subject had left his hotel room Monday morning and had not returned since then. Sternberg invited us to inform the FBI. He had not expressed his suspicions to anybody but ourselves. We notified [illegible], who suggested Sternberg alert the FBI himself. We called Sternberg back and so advised him. Somewhat later, the FBI supervisor called us to pass the news to us. Around noon, Sternberg had a call from subject, who said he had chosen to return to Czechoslovakia. Subject answered in the affirmative when Sternberg inquired whether subject phoned from the Czechoslovak Mission to the U.N. The conversation was very short. Sternberg knew enough to inform [illegible] and the FBI. He expressed the hope that the US Government would take steps to make sure that subject was exercising free choice. A number of telephone calls from [illegible] and the FBI ensued, in which the latest developments were played back to us. This office notified Deputy Chief, Contact Division, by phone.

12. During the afternoon, [illegible] advised that it had received an inquiry from the Hotel Le Marquis. Two Czechoslovak diplomats from the UN Mission were at the hotel and trying to claim subject's belongings. The hotel management wondered whether it should comply. [illegible] already had checked with the FBI, which had expressed no interest. We thought that we might wish to go through his briefcase, but told the caller that we had to check with headquarters before giving him a reply. Our call reached [illegible], but the reply (negative) came from McConnell. After some [illegible] minutes, we therefore advised [illegible] that CIA had no special wishes with regard to subject's belongings. Our advice was that the hotel management treat him exactly as any other John Doe.

13. Charles Sternberg [illegible] Frenzi at the latter's home during the
early evening hours. Sternberg expressed considerable concern about the
possibility that a member of the Czechoslovak U.N. Mission had successfully
approached subject and brought [illegible] pressure to bear on him, by
giving him a letter from one of [illegible], a [illegible] picture about his family's
future if he remained in the West as a defector. Sternberg wanted assurances
that the US Government [illegible] all resources to protect subject from such
coercion. Frenzi pointed out that CIA was not involved in this aspect of
the case and that Sternberg should deal with the appropriate Department of
Justice agency, INS or FBI. He indicated that he had already called
Mr. Esperdy, District Director of INS, but had not received very reassuring
information. He indicated that the IRC had a responsibility first of all to
subject and next to all refugees under its care to make sure that they receive
proper US Government protection. He might therefore turn to some one "topside"
in Washington. He also requested, however, that Frenzi communicate this concern
to higherups in CIA, which was promptly promised. A phone call to McDonnell
at the latter's home (about 2000 hours on [illegible] October) took care of the matter.

14. There were no further developments on this case during that week.
An inquiry from Sivess on 15 October (based on a vague report that subject had
been offered $2,000 for a TV appearance in the US) led to a call to Sternberg
on that day. Sternberg had not heard of any such offer and felt confident
that it had not been extended to subject. He then commented on the second
article concerning subject written by Peter Kihss of the New York Times. Since
the Late City Edition carried a longer version than the City Edition (which is
ordinarily sold in Washington), we are forwarding a clipping of this article
(which appeared in the 11 October issue of the New York Times). Sternberg told
us that subject's Czech emigre friends, Danes and Vesely, were responsible
for the article. They had phoned the Czechoslovak U.N. Mission and asked to
speak to subject. They had phoned the various airlines at Idlewild and
established the departure via Air France. Finally, they had talked to Kihss
about CIA involvement. All that IRC then could do was to issue the statement
which was reprinted.

15. Sternberg used this occasion to retrace his own steps for us. On
8 and 9 October, he had been in touch with Van der Heuvel, who was then in
Washington. He had talked to Mr. Koto at the Central Office, INS, twice on
the morning of [illegible] October.

During the first conversation, Mr. [illegible] was not yet aware of subject's departure from the US. [illegible] said he would merely express the hope that subject was interviewed by a US Government official before his departure. It was academic now to worry about whether there had been any dirty tricks involved on the part of the Czechoslovak authorities in persuading subject to return. It was not completely impossible that subject himself took the initiative and called the Czechoslovak Mission to learn about his family.

1. Dr. Edgar Lowell, a contact of ours at the John Tracy Clinic, 806 W. Adams Blvd., Los Angeles 7, California, where a great deal of electronic research is carried on concerning deafness, has advised us that he has been nominated as the Program Chairman for the International Congress on Education of the Deaf, which will be held in June 1963. The host for this Conference will be the Council on Education of the Deaf and the Congress will be held at Gallaudet College, Washington, D.C. The Coordinator for this International Congress will be Dr. Powrie V. Doctor of Gallaudet College, who will be working with the State Department on this particular Congress.

2. As Chairman of the Program Committee, Dr. Lowell will be required to go to Europe to attend a meeting of a similar European group planning their annual congress for about the same time, and will visit Italy, France, Belgium, Germany, England and Scandinavia to check on attendees. There is a possibility that he will also go to Yugoslavia at the same time.

3. As a side-line it is also possible that Dr. Lowell will go to Moscow where he will visit Prof. E.N. Sokolov, Institute of Defectology, Pogodina Str 8, Moscow G-117, USSR. Prof. Sokolov is well-known and has been active in previous Macey Conferences in which Dr. Aldrich and Jack Ford have been interested. We have reported through Dr. Lowell on both Sokolov and Prof. A. R. Luriya, and continuing correspondence between Sokolov and Dr. Lowell has also been reported.

4. The Soviets will be invited to this Congress and if the present cordial relationship still exists unaltered by world events, no doubt Sokolov and/or others will certainly be interested if not attend this meeting.

5. Enclosed is a rough outline of the program Dr. Lowell is responsible for which, of course, is still in the formative stage. Also a copy of the original letter sent out anouncing the Congress is attached.

5. We would be interested in knowing your degree of interest in this particular matter, and entertain any suggestions you might have towards working with Dr. Lowell.

1. EE/YA is interested in (FNU) Masovic, Yugoslav member of the World Federation of Deaf. They ask you contact your sources at Gallaudet College in Washington for any information they may have on Masovic, who according to a Los Angeles memorandum of 14 November 1961, is Yugoslav and well-known as a Mohammedan working in the area of the deaf. He was apparently co-chairman on a committee with Dr. Bernard Tervoort, a Jesuit priest, who is a PhD and a linguist, and a Dutch national. The two, Masovic and Dr. Tervoort met together in mid-October 1961 in Italy, at which time Masovic expressed a desire to defect.

2. To assist you in the assignment, we are attaching copy of the EE/YA memorandum of request and a copy of the Los Angeles memorandum of 14 November 1961, giving more details about the meeting between Dr. Tervoort and Masovic.

3. Gallaudet College will be host to the International Congress on Education of the Deaf and sources there may have information on the Masovic in question.

4. Many thanks in advance for your cooperation in this assignment. Please furnish information responsive by OO-A series reporting.

2. "Ex-Hungarian Prime Minister Ferenc Nagy was asked by the Free Europe Committee to form a new Hungarian Committee which will replace the two committees now in existence. The new committee is being formed because the Free Europe Committee wishes to economize and representation from several Hungarian political parties is wanted.

3. "Since I do not dare correspond with friends and relatives in Hungary and the US government is interested in current information on Hungary, I think I can give the name of an individual who is living in Vienna and is truly an 'operator.' His name is Dr. Thomas Pasztor. I believe he can be useful to the US because I recommended him for the purpose of gathering information on Hungary to Mr. David Martin of the International Rescue Committee. Most of the information gathered by Pasztor was used by IRC in reports on Hungary to the United Nations. S-5564

4. "Pasztor's address is I. Jakobergasse 4.III.18, Vienna, Austria, telephone 522-0-455. I am able to give the following biographic data on Pasztor: aged 46, divorced, official of the Pfeiffer Party after he was kicked out of the Smallholders Party, arrested for anti-Communist activities in 1948 or 1949, He was convicted and sentenced to death which was later commuted to life imprisonment. He was in the same political prisons with me at Vac and the Gyuto prison in Budapest.

5. "While in prison he was a 'double-dealer' and most prisoners liked him but distrusted him. He seemed to be able to find out about all news both inside and outside the prison. He was released from prison during the destalinization period and escaped to the West during the revolution.

INTERNATIONAL RESCUE COMMITTEE

255 Fourth Avenue 5-64

New York 10, N.Y.

October 4, 1957

Mr. James MacCracken
Tolstoy Foundation, Inc.
989 Eighth Avenue
New York, N. Y.

Dear Mr. MacCracken:

I thought you would like to know that the International Rescue Committee has organized a Commission of distinguished Americans who will visit Europe to investigate the refugee situation and issue a report on their return. We envision that the Commission's report would highlight the following factors.

1. The conditions and needs of those Forgotten Men who have been sitting in refugee camps for years or who are inadequately resettled outside of camps. A portion of the report will be devoted to the Hungarian refugees who are still in camps.

2. Make specific and general recommendations as to what can be done in the future to meet the needs of the "Forgotten Men".

Aside from highlighting the factors just mentioned, we feel that the Commission's report can serve, among others, the following constructive purposes.

1. By dramatizing and humanizing the problems of European Escapees, we believe that the Commission can help to create a climate of public opinion conducive to:

   a. More generous support for U.S. programs concerned with the refugees, both private and governmental.

   b. More flexible immigration legislation.

2. The report of the commission will, of course, incorporate information from the survey now being prepared by the UNHCR. Indeed, we feel that the Commission can be of great assistance to the UNHCR by bringing his report and the refugee situation in general to the attention of the American

public. We believe that the commission is especially qualified to fulfill this function since they are a group of private Americans talking to fellow Americans.

The Commission will leave for Europe on October 15th and return on October 31st. Enclosed you will find their tentative schedule and a list of Commission members as of this date. In addition to the observations of the Commission, their final report will, of course, also represent intensive research on the part of our staff.

We have asked our overseas representatives, in the countries which the Commission will be visiting, to provide at least one opportunity for representatives of your organization to meet with the Commission if they wish to do so. If your representatives desire to meet with the Commission to discuss some specific aspect of the refugee problem, I suggest that they contact our representative in the country where they are stationed.

I have not been in a position to write to you about the Commission before this since the Commission plans have just been finalized. If you desire further information, I am at your service.

Sincerely yours,

s/ Robert J. MacAlister

1. Our attention was invited by Mrs. Steven Magyar, vice president and program director of the International Rescue Committee (Connecticut) to the fact that subject individual acted as secretary (sic) of propaganda at the factory known as Elektromos Vezzulekek es Meromuszerek Gyara, and that he is now living somewhere in the Hartford area. She added that when he first got to Austria he was so frightened lest he be refused entry to the US that when he was asked whether he had any Communist connections he said he did not. S-5564

2. A check with I & NS in Hartford indicated that this man was born 24 March 1923, had been under investigation back in February, that the case was closed, that the file indicated he was again under investigation as of April and that the case was evidently still open. It was also indicated that he was in the New Haven area, but there was no local address available.

3. FYI Mrs. Magyar opined that Sellesz might be deported, which indicates she knows he is being looked over. This information did not come from us.

REF: Your memorandum dated 14 January 1957; Subject: International Rescue Committee

In response to your request in the memorandum cited above, we initiated a name check on subject with Records Integration Division (RI), DD/P, hoping that you could tell your source we had no derogatory information on subject. As you know, any positive information of this type obtained from the DD/P cannot be disseminated outside the Agency. Although the attached reply, for the most part, is not derogatory, we regret that you cannot pass it on to your source. However, it is forwarded for your information.

SUBJECT: ALEXANDER-SINCLAIR, John

1. Reference is made to the name check request from your office dated 28 January 1957, for information concerning John ALEXANDER-SINCLAIR. The files of this office and those of a predecessor organization contain considerable information concerning Subject, the major part of which is not derogatory. This information includes reports of Subject's personal views as of January 1943 on political and economic conditions in Shanghai, China, which could be made available to your office upon request. Following is information which may be deemed derogatory in one case and of intelligence interest in the other.

2. A usually reliable source reported in September 1951 that Subject, then the director of the Office of the High Commissioner for Refugees and an official at the British Foreign Office, accompanied the High Commissioner to Italy on his first unofficial trip in July 1951. Source stated that Subject was not at all tactful in his dealings with Italian officials and thus he met passive resistance. Furthermore, acting on behalf of the Commissioner and very eager to put at once as many British agents as possible into positions under the Commissioner's cover, Subject appointed Manuel DE BEAR, Chairman of the International Refugee Organization (IRO) Review Board, to the position of representative in Italy. According to Source, this annoyed Prince DEL DRAGO, Italian envoy to IRO in Geneva, Switzerland, who stated that as long as IRO was functioning, there would be no other refugee representative working in Italy and that, after all, the Commissioner had to be first recognized by the Government. DE BEAR was said to be "persona non grata" to the Italians.

3. According to a report dated 7 January 1954 from a fairly reliable source, it had been reported by various sub-sources that John ALEXANDER, British, Delegate to Italy of the High Commissioner of the United Nations for Refugees, was a person to be considered rather politically dubious. According to Source, on several occasions he had been excessively interested in favoring foreigners in Italy who had received expulsion notices as a result of their commercial activity and political contacts with Iron Curtain countries. Source stated that Subject was further reported to be on very friendly terms with Italians and non-Italians who were clearly oriented toward the parties of the extreme left.

1. Peter White reports that subject has injected himself into the affairs of American Friends of Vietnam in a manner which he considers to be suspiciously like that of an intelligence agent. Since the subject is a former British subject but now a naturalized citizen, he poses the questions to whether he might not be a long-term British agent. Peter reports that subject is seeing Duc-Thanh regularly and is a close friend of Prince Buh-hoi. Subject was a friend of President Diem when he was in this country.

2. Subject has stated that he has money which he wants to invest in Vietnam His present occupation is that of button manufacturer with which he has had considerable success.

3. We admit that this is a little bit like seeing a bogey-man behind every bush but are a little curious as to the prospects for button manufacturing in Vietnam. We are only passing this on for what it is worth, which is probably not much.

d. A publication entitled "Livre Noir". This is a Dai Viet black book against Diem, a copy of which, according to du Berrier, was given to Vice President Nixon during his last visit to Saigon. du Berrier says that there is a third portion of the book which he does not have.

e. Press release, 25 September 1956, distributed by Dai Viet Party from Paris.

3. It is our impression that du Berrier has little to say by way of analysis that differs from the standard Dai Viet statements. du Berrier makes no effort to hide his admiration for Hoan and his people. He says that in time, either Hoan or the Communists will win out in Vietnam and that if Hoan wins, he will need a couple of friends in the US. The implication seems plain that du Berrier plans on being one of those "friends".

4. It seems to us that the best course on handling this material is to send the whole batch to you in order to determine whether or not any of it is worth reporting or placing on file. We will furnish report elements for any of this material which is found reportable. If you find that copies of Hoan's letters might be desired, they could possibly be obtained from du Berrier at such times as he is in New York.

1. Our contact in the Harold Oram Agency public relations office advises that a Mr. Rufus Phillips who is connected with psychological warfare activities of the Agency, has been in contact with Oram and his agency for the purpose of arranging distribution of a film which was made in Vietnam and is concerned with the communist methods of operating in an agrarian community. Phillips was formerly in Vietnam under cover.

2. Our contact further advises that one John Gates, a former member of CIA in the Saigon station, was used by Oram as the narrator for the movie at a recent private showing. This same John Gates is reported by our contact to be extremely indiscreet insofar as security matters are concerned. Our contact is somewhat concerned that Gates will inadvertently reveal that he (Peter White) was connected with CIA while he was in Vietnam. Peter's experience with Gates' indescretion dates back to his visit in Vietnam at which time Gates told his girl friend about what Peter was doing. (This has been previously reported.)

3. John Gates is now working part-time for the International Rescue Committee?

4. The film in question which now bears the title "The Fire and the Shadow" was in part or wholly financed by CIA. The Oram Agency has arranged distribution for showings in Formosa and Korea. The Oram Agency has had professional movie makers take a look at it for possible showing in the US. The professionals were highly critical and completely discouraged any attempt to have it distributed in the US.

5. We assume that Headquarters OO/C was not advised of this out of channels approach since the NYFO had not received any word of same. As you know Harold Oram and his Agency has been a contact of the NYFO for many years.

Subject: Information on Defection of North Koreans in Hungary to the Side of the Hungarian Freedom Fighters

S-5564

The Department has received information from a source in the International Rescue Committee that some North Koreans resident in Hungary defected to and sided with the Hungarian Freedom Fighters. Three recent Hungarian refugees, reported eyewitnesses to these defections, are now resident in the United States, as follows:

1. Thomas Orley, who can be contacted through the International Rescue Committee, New York
2. James Arbory presently studying at Bard College, Annandale-on-Hudson, New York
3. Ssaba Gall, presently studying at Bard College, Annandale-on-Hudson, New York

The Department is very much interested in additional information on this subject, for example: Who were those who defected? (Students, industrial trainees, members of government missions, etc.) How many defected? How many are known not to have defected when given the opportunity? (In other words, how widespread were defections?) If defectors had any important positions, information on persons and positions is desired. What were the circumstances of the defection? What appeared to be the motivations for defection?

The Department would also be interested in information, if procurable, on the number and type of North Koreans in Hungary or other Satellites.

We would appreciate your handling this on a priority basis.

BEN, WE HAVE TO TAKE THE SAME POSITION ON THIS REQUEST AS WE DO WITH ANY REQUEST TO PASS DEROGATORY INFORMATION TO SOURCES. AS YOU KNOW WE CAN'T PASS ALONG ANY INFORMATION THAT WE WOULD GET FROM SECURITY FILES BECAUSE OF THE FACT THAT MUCH OF IT COMES FROM THE SECURITY OFFICES OF OTHER AGENCIES. ALSO A LOT OF THE DOPE IN SECURITY OFFICE FILES IS COMPLETELY UNSUBSTANTIATED AND ITS USE IN A CASE LIKE THIS COULD CONCEIVABLY DO A DISSERVICE TO AN ORGANIZATION. I SUGGEST AS WE DO IN ALL OF THESE CASES THAT YOU REFER YOUR LOCAL GROUP TO THE LOCAL FBI X FBI. IN THIS WAY THEY CAN GET BETTER INFORMATION THAN WE COULD SUPPLY, EVEN IF WE WERE ALLOWED TO PASS IT ALONG.

ORLEY INTVW

NEW YORK JANUARY 15--ONE OF HUNGARY'S LEADING ATHLETES WHO FOUGHT IN THE FREEDOM REVOLT SAYS NORTH KOREAN, COMMUNIST CHINESE AND VIET MINH STUDENTS WERE AMONG THE SYMPATHIZERS IN THE STRUGGLE AGAINST SOVIET INTERVENTION LAST FALL.

IN AN INTERVIEW HERE TODAY, FORMER FENCING CHAMPION THOMAS ORLEY RECALLED THAT "PRACTICALLY EVERYONE NOT INVOLVED IN THE ACTUAL FIGHTING" LENT SUPPORT BEHIND THE SCENES TO THE FREEDOM FIGHTERS. HE COULD NOT RECALL SPECIFIC DETAILS OF THIS "PASSIVE RESISTANCE" BECAUSE AT THE TIME HE WAS "TOO BUSY FENDING OFF SOVIET TROOPS AND TANKS WITH SMALL ARMS." BUT ACCORDING TO THE 23-YEAR OLD REFUGEE ATHLETE AND STUDENT, THE TIDE WAS DEFINITELY FOR FREEDOM --ONLY THE OVERPOWERING FORCE OF SOVIET ARMOR AND ARTILLERY REINFORCEMENTS MANAGED TO HOLD UP THE COMMUNIST PUPPET REGIME.

WHEN THE FIRST WAVE OF THE REVOLT BROKE OUT IN BUDAPEST, ORLEY WAS ON LEAVE FROM THE UNIVERSITY AT AN OLYMPIC TRAINING CAMP IN TATA. HE SAID HE AND OTHER ATHLETES AT THE CAMP HEARD THE NEWS OF THE FIGHTING OVER WESTERN RADIO BROADCASTS. IT CAME JUST BEFORE THEIR SCHEDULED RETURN TO BUDAPEST. ORLEY AND SOME OF THE OTHER ATHLETES JOINED THE FREEDOM FIGHTERS AS SOON AS THEIR OLYMPIC TEAM BUSES RETURNED TO BUDAPEST. THE ATHLETES WERE RETURNED TO THE CAPITAL TO PREPARE FOR DEPARTURE TO THE AUSTRALIAN OLYMPIC GAMES.

THE YOUNG HUNGARIAN SAID BOTH THE STUDENTS AND WORKERS ANTICIPATED THE SECOND ONSLAUGHT OF THE SOVIET TROOPS IN EARLY NOVEMBER, DESPITE OFFICIAL CLAIMS THAT THE PUPPET GOVERNMENT WAS NEGOTIATING FOR THEIR WITHDRAWAL.

THE STUDENTS PREPARED FOR THE SECOND ROUND OF FIGHTING WITH SMALL ARMS COLLECTED FROM THE MILITARY ARMORY AND THE FACTORIES IN BUDAPEST. ONE MAJOR SOURCE OF SUPPLY, ORLEY NOTED, WAS A "SO-CALLED LAMP FACTORY" FROM WHICH THE WORKERS THEMSELVES TOOK THE ARMS THE FREEDOM FIGHTERS NEEDED.

IN THOSE FEW DAYS BETWEEN NOVEMBER 4 AND 8, ORLEY RECALLED, THE SHEER MIGHT OF WELL OVER A THOUSAND SOVIET TANKS TURNED THE TIDE. HE SAID "NO FIGHTERS, NO MATTER HOW BRAVE CAN WIN OUT WITH SMALL ARMS AGAINST HEAVY ARMOR."

BY NOVEMBER 10, THE YOUNG FREEDOM FIGHTER AND HIS CLASSMATES DISCOVERED THAT THE SOVIETS HAD TAKEN OVER MANY OF THE RAILROAD STATIONS. HE SAID LONG EXPERIENCE WITH THE COMMUNISTS CONVINCED THEM THAT DEPORTATIONS HAD BEGUN, AND HE AND A FRIEND DECIDED TO TRY TO ESCAPE.

ORLEY SAID THIS WAS A DIFFICULT DECISION FOR HIM BECAUSE OF HIS FAMILY. IT WAS ESPECIALLY HARD TO SAY GOODBYE TO HIS FATHER SINCE ORLEY'S TWO BROTHERS HAD ALSO FLED HUNGARY IN 1947--ONE TO BOLIVIA AND THE OTHER TO AUSTRALIA. THOMAS' FATHER WAS FORMERLY A WORLD CHAMPION SKEET SHOOTER, A PRE-WAR FIELD MARSHALL IN THE HUNGARIAN ARMY AND A LEADER IN THE NON-COMMUNIST FREEHOLDERS PARTY. BECAUSE OF HIS BACKGROUND, THE COMMUNISTS HAD FORCED HIM INTO A HARD FACTORY JOB DESPITE HIS ADVANCING YEARS.

NO MATTER WHAT HE DID AFTER THE REVOLT, THOMAS SAID, HE KNEW THE COMMUNISTS WOULD RETALIATE. DURING THE [illegible]

REVOLT HE [illegible] A QUICK LOOK AT THE [illegible] AL RECORD COMMUNISTS HAD [illegible] ON HIM AT THE UNIVERSITY. THE YOUNG REFUGEE [illegible] THE COMMUNISTS HAD FOUND "MANY BLACK MARKS" AGAINST HIM IN [illegible]VEN-YEAR RECORD COVERING ALL PHASES OF HIS DAILY ACTIVITIES [illegible]OM TRIPS ABROAD WITH THE FENCING TEAM TO CONVERSATIONS IN [illegible]TAURANTS.

IN YOUNG ORLEY'S VIEW, IT WAS ONLY BECAUSE HE HAD WON THE WORLD [illegible]ING CHAMPIONSHIP AT CREMONA, ITALY IN 1954 AND BECAUSE [illegible] HAD KEPT UP HIS STUDIES AS A BADLY NEEDED STUDENT OF PHARMACY [illegible]T ACTION HAD NOT BEEN TAKEN AGAINST HIM.

AT THE TIME ORLEY AND HIS FRIEND DECIDED TO HEAD FOR THE BORDER, [illegible] SAID SOME 60,000 HUNGARIANS ALREADY HAD FLED TO AUSTRIA. THOSE [illegible]O HAD LIVED NEAR ENOUGH TO THE BORDER KNEW THE LAND AND MADE [illegible]EIR WAY TO FREEDOM WITH LITTLE OPPOSITION. BUT OTHERS HAD TO [illegible]KE THEIR WAY FROM BUDAPEST.

ON NOVEMBER 10, THOMAS AND HIS FRIEND DRESSED IN WORKERS [illegible]OTHING AND MANAGED TO BOARD A TRAIN--ONE OF THE FEW STILL [illegible]ADING TO THE WEST. THEY TRAVELLED TO THE FIRST TOWN OUTSIDE [illegible]DAPEST WITHOUT BEING STOPPED. THERE, THEY HITCHED A RIDE WITH [illegible] TRUCK DRIVER WHO WAS HEADED FOR THE BORDER AND ASKED NO [illegible]ESTIONS. ALTHOUGH THEY WERE STOPPED "SIX OR SEVEN TIMES" BY [illegible]E SOVIET SOLDIERS THEY TRAVELLED WITH THE TRUCK TO WITHIN 30 [illegible]ILES OF THE BORDER.

FOR THE FINAL STRETCH THE TWO ESCAPING STUDENTS WERE JOINED [illegible] A YOUNG COUPLE. ALL FOUR OF THEM TRAVELLED BY FOOT FOR TWO [illegible]AYS TO COVER THEIR LAST 30 MILES.

YOUNG ORLEY SAID THE MINES HAD BEEN REMOVED FROM THE BORDER, BUT BETWEEN THE WATCH TOWERS OF THE [illegible] AND THE [illegible]

THERE WAS A DANGEROUS OPEN STRETCH OF LAND WITHIN EASY RIFLE SHOT. AS THE FOUR DASHED ACROSS THE LAST OPEN STRETCH, SHOTS RANG OUT. THE YOUNG WOMAN IN THEIR PARTY NEVER REACHED THE AUSTRIAN SIDE. ORLEY SAID THEY TRIED TO FIND OUT WHETHER SHE HAD BEEN KILLED. BUT WHEN THE AUSTRIANS RELAYED THEIR QUERIES, THE COMMUNIST GUARDS DENIED THEY HAD FIRED A SINGLE SHOT.

ALL ALONG THEIR ESCAPE ROUTE, ORLEY RECALLED, FARMERS AND WORKERS, VIRTUALLY WITHOUT EXCEPTION, TOLD THEM WHICH ROADS WERE SAFEST AND WHERE THE SOVIET SOLDIERS WERE STANDING GUARD.

THE YOUNG ATHLETE "WILL NEVER FORGET HIS FEELING" ON REACHING AUSTRIA ALIVE. "IT WAS AS IF A GREAT ROCK HAD FALLEN FROM MY HEART AND EVERYONE COULD HEAR THE THUNDER," HE SAID.

ORLEY CONSIDERS HIMSELF "LUCKY" TO HAVE A CHANCE TO BUILD A NEW LIFE IN THE U.S. ON HIS TRIPS ABROAD WITH THE OLYMPIC TEAM, HE SAID, HE HAD HEARD MUCH ABOUT THE MODERN, PROGRESSIVE UNITED STATES. BUT WHAT HE DID NOT KNOW BEFOREHAND, HE EXPLAINED, WAS "THE WONDERFUL FREEDOM OF LIFE HERE." "I CAN SAY WHAT I CHOOSE AND WORK AT WHAT I CHOOSE," ORLEY POINTED OUT. "IF I WANT TO TRY TO BECOME A RICH MAN, I CAN DO IT, IF I PREFER TO LIVE A QUIET MODEST LIFE, I CAN DO THAT TOO."

THOMAS IS TEMPORARILY WORKING WITH THE INTERNATIONAL RESCUE COMMITTEE ON ITS HUNGARIAN REFUGEE RELIEF PROGRAM. IN FEBRUARY, HE HOPES TO BEGIN STUDYING CHEMISTRY AT THE CALIFORNIA INSTITUTE OF TECHNOLOGY. MEANWHILE, HE HAS CONTACTED THREE OTHER HUNGARIAN OLYMPIC ATHLETES WHO ARE IN THE U.S. TOGETHER, THEY PLAN TO FORM A NEW FENCING TEAM FOR WHICH SPORT RATHER THAN IDEOLOGY WILL BE THEIR INSPIRATION. On the latter we told OCR (Sturbits) that since the names of the people given were not their correct names we could not take action on the requirement since we need the right names to get an FBI clearance. USIA later told OCR to consider the requirement withdrawn and USIA would contact the tree people. I told Smigel's office of the USIA business and suggested that they contact USIA since it woul d look bad for all of us to be contacting the ~~xxx~~ three people about the same thing. Information on escapee being resettled

Mr. Tapak's village was in the area which was completely destroyed during World War II by the Russian Army. His family lost the mill and the farm. At this time he was in the Czechoslovakian Army, because he did not want to be a farm worker at a "colchoz", so he decided in 1952 to escape. While he was on guard in a border battalion, he crossed the border and came to Bavaria.

consideres, not to mention your fondness for new gadgets and nick-nacks. Have you grown out of it? I always remember your weakness for them in the past. The I.R.O. will pay my passage to any part of the world if I can produce definite proof + documents enabling me to enter a country for resettlement, they don't care which or where, provided it is friendly and will accept me. I must tell you something about this quaint and powerful organization - The International Refugee Organization for Displaced People. I.R.O. for short is equipped + maintained for the support and resettlement of foreigners who have fled their own country on account of aggression resulting from political differences. These people (all gentiles the Jews have a better and richer organization of their own) termed and classified as D.P. under I.R.O. are accorded every facilities, they have a hostel of their own, received a living allowance every month for every member of the family, plus an extra allowance for milk etc. for children. Free hospitalization, doctors + medicines. The organization supply all that and also do their best for them by securing entry visa in different countries for their resettlement. All these privileged people do is to sit back and occasionally get drunk to celebrate their good fortune. Most of them are resettled one way or the other now. There are only very few remaining. The I.R.O started in 1946. When I first came across the name in 1950, I thought it was a Godsend as I also consider myself as a square peg in a round hole. Their registration were still open then. I went and interviewed their director, applying for resettlement not relief. Imagine my surprise when he told me that I cannot qualify for a D.P. He pointed out that

I am an unrecognized citizen of the U.S.A. and as either
myself nor my forebears can claimed to have fled from
any kind of aggression, I am clearly not eligible for
their legal assistance, and must therefore apply to the
American authorities myself for reinstatement. This fine
point delivered with much dignity and profundity
left me more dazed than enlightened when I
left their office. Last year however by careful
observation and quoting precedent I managed
to elicit a promise from them to pay for my
passage abroad, when I receive my visa, but not
being D.P. and registered with them I must arrange
to get my own entry or destination visa for resettle
ment. I must also consider the passage money
as a loan to be refunded when I am fully settled
in a new country. I have agreed to all that George
it will lessened the burden I am already putting
on you. but as I have said this organization will
only start functioning for me when they received
my destination visa for resettlement (damn that
word and phrase) Once they have that in hand
they will stand surety for me and my passage
from Hong Kong, and the British Consulate here
will issue me a transit visa for boarding a
steamer in Hongkong. When I land in the colony, I will
report to I.R.O. and apply for a change of destinati
if they feel that I have a good case they will appro
ve it and still pay my passage to my new destinati
This has been done before and are still being done
now. There are at present quite a number of
people waiting in Hong Kong, being processed for
entry into the U.S.A. Do you think it necessary to
mention in your application that I was interned

Alien Lead - Eva Kralovensky ✓ Mrs 5-5564

1. The Washington Office has received a routine alien lead on Eva Kralovensky, age 23, born in Czechoslovakia, S-5564 "housewife", endorsed for US immigration by the International Rescue Committee. The Washington Office contacted one of its sources and learned that Miss Kralovensky was a stewardess on one of the three Czech airplanes which flew into West Germany (possibly West Berlin) about four or five years ago. We were also informed that she had been an employee of Radio Free Europe.

2. The Washington Office contacted Alien Branch (Sivess) and asked if there was any reason to proceed further in locating Miss Kralovensky on the assumption that she was probably well-known in the intelligence community. Mr. Sivess checked and informed the Washington Office that there would be covert interest in Miss Kralovensky, and requested that her address be obtained and the appropriate field office be alerted for an alien contact.

3. The Washington source finally determined that Miss Kralovensky moved to California but at the end of two weeks finally settled in Reno, Nevado. She can be contacted at 521 W 6th Street, Reno, Nevada.

1. In the event that you are not already in touch with Otto Zoff of the American Committee for Emigre Scholars, Writers, and Artists, 62 West 45th Street, New York City, we believe that you may find him and/or his organization a useful contact. It has come to our attention that Zoff from time to time recommends Russian language instructors to the Army Language School at the Presidio of Monterey, California. It occurred to us that Zoff would be in a position to provide you with numerous source leads on well educated aliens in the US. These men would include engineers, scientists, and teachers. Not only should he be able to give you the names of DPs in your area, but also those who have moved to areas covered by our other field offices. We know nothing further in regard to the Committee for Emigre Scholars (its backing, orientation, reliability).

2. Incidentally, we have a verbal agreement with the Commandant of the Army Language School that we will not use our access to the files of his current language instructors as a means of "raiding" his faculty, i.e. offering CIA employment to them. Therefore, this memorandum is not meant as a source lead for potential employees! Also, we feel that it would be preferable that you do not indicate to Zoff that you know that he recommends personnel to the Presidio of Monterey.

THE INTERNATIONAL RESCUE COMMITTEE

Since the start of the Cold War the International Rescue Committee has organized voluntary American assistance to aid refugees fleeing from Communist oppression.

When the tide of persons fleeing Soviet dominated countries into the free city of West Berlin reached more then 3,000 per day during the Spring of 1953, the Committee successfully marshalled more than $700,000 in gifts and donations of clothing, drugs and other necessities. This earned the commendation of President Eisenhower and leaders throughout America.

As the historic emergency increases, the Committee's work continues to uphold America's belief in the indivisibility of freedom.

The Turning Point

On June 17th, 1953 one of the most significant events of the 20th century took place. The inhabitants of the Soviet Zone of Germany rose in rebellion against their Communist overlords. For eight years they had been living under conditions of slavery and starvation.

The insurrection began in East Berlin on June 16th. It was begun initially by a few workers but within hours it had spread to every level of the population. By the 17th of June the uprising had spread throughout the East Zone—a completely unorganized, spontaneous revolt.

At 11:00 o'clock the morning of June 16th the workers in block 40, Stalin Allee, decided to organize a demonstration to protest the raising of the work norm by the regime. By 2:00 o'clock that same afternoon, the mob of people which had grown from 200 to over 20,000 became revolutionaries. Surging in front of the East Zone Government building in East Berlin, they demanded not only the lifting of the norms but free secret elections, the unification of Germany and the abdication of the East German government.

The stories contained here are the stories of a few of those brave men and women from East Germany who played leading roles in the revolt and had to flee to the West. They are representative of 4,000 leaders, many of whom have subsequently been sentenced to death by Communist courts. Some were intellectuals and professionals. Most of them were workmen. All are men who deserve the undying gratitude and support of free men everywhere.

Bare Fists Against Armed Might. Historical Proof of the Perennial, Inextinguishable Urge of the Human Heart for Freedom.

Stalin Allee Block 40 . . .

A CONSTRUCTION WORKER

(Wolfgang Thelrich was a building construction laborer working on Block 40, Stalin Allee.)

"When the work norms were increased the men were furious. We began daily to gather in small groups before and after work. The fear that had made us so cautious gradually began to dissolve. There was, after all, little more to lose.

"By the morning of June 16 we were resolute. As always, we entered the building on which we were working and took our stations. But this day we sat down and refused to work. There was no organization, no leader, but each man knew what had to be done. The foreman dashed in gaping with disbelief. His eyes turned to the spot where the norm increase order had been posted. Two men walked in with a freshly painted sign—'The Work Norms Must Be Decreased.' The courage of these men inspired the rest of us to action.

"A concrete worker leaped onto a heap of stones. 'I leave it to you as individuals! Those

who wish to demonstrate against the injustice of the norms, step to the right. Others go to the left.' All chose the right. One man was weeping with joy.

"Immediately we began to march in the street unafraid. We started out with 80 resolute men. By the time we arrived at the government building we were 6,000 strong. Over the tumult of the crowd, a man shouted into my ear, 'This is the most beautiful day of my life!'"

The "Free Youth" Revolt . . .

A 20-YEAR-OLD GIRL

(ELLA SARBE, an instructress within the Communist Youth Movement [FDJ] is a dark haired girl of twenty with pert, intelligent eyes.)

"As I stood in the crowd before the government building, a fellow instructor came up to me and told me to take careful note of the people sympathetic to the demonstration and give him a complete report that evening. I was embarrassed by his apparent hurry to leave the square and told him if he was so afraid for his life he had better jump on a tram in a hurry and get out.

"A few minutes later I forced my way through the crowd and jumped to the rostrum. Many people recognized me as a devoted member of the FDJ. They hooted and taunted me. Never before had I realized how hated the FDJ was. Infuriated by the refusal of the Communist leaders to appear and by the open cowardice of my male FDJ companion, I tore off my FDJ jacket and threw it to the ground. The jeers became cheers.

"I gathered my strength and shouted a warning to the crowd that members of the FDJ and SED were in the crowd and would not only try to dissuade them from the demonstration but also would report them. I shouted, 'Do not allow them to break you up! Stick together!' People began to examine their neighbors. Fist fights started as the hated Communists were spotted. I wanted to say more, but my strength was gone. A new life had begun for me."

The Revolt Spreads . . .

AN ENGINEER

(N.N., A Mechanical Engineer, Brandenburg.)

"There were only twenty in my group as we marched into the Brandenburg area. At that time we knew only that, according to a broadcast from West Berlin, the workers in East Berlin were on strike. Although we knew that strikes in the Communist Zone were considered political crimes and punishable by two years in prison, we marched on with a feeling of exhilaration. As we strode along we beckoned to the people on the pavement and in a few minutes our number had increased to about five hundred.

"As we approached a factory protected by high iron gates, we noticed employees shouting from the windows, 'We have been locked in. Come, help us. We will go with you.' A pile driver was found and we stormed the gates. The employees rushed out and embraced us.

"At this time, we still thought we were the only demonstrators in the city. As we neared the center of the city, we were amazed and overjoyed to find thousands of people converging from all directions. We had not fully realized that our people, constantly intimidated by spies and police controls, could rise up as one man without a strong central leadership, no weapons—nothing but determination and hope. We were overwhelmed at what we saw."

The Red Flag At Brandenburg Gate Comes Down . . .

A TRUCK DRIVER

(HORST BALLENTIN is a 20-year-old truck driver of East Berlin.)

"I looked down into the crowd and saw three Soviet officers looking helplessly upward as I climbed to the top of the tower and shinnied up the pole. I flung the flag to the ground with great contempt and watched the people tear it to pieces. They applauded and shouted in a way I had never heard before.

"Two hours later when I had the honor of installing the Bear Flag of West Berlin, the Russians had brought three tanks into the square. As I began pulling up the flag they began to fire. Somehow I was able to finish my task and jump to the ground. The flag of West Berlin was in its right place and, miraculously, I was safe."

At Magdeburg . . .

A BAND LEADER

*(*HANS HERZBERG, *band leader at the city theatre, was the strike leader under whose guidance the FDJ [Communist Youth Movement] office, Communist Party Headquarters and the home of the Chief Commissioner of Police were stormed. No event of the day impressed Hans as much as the occurrence at Magdeburg station.)*

"After we disarmed the Vopos (People's Police) on duty at the station, we tore down the hated 'Passage of Interzone-Dispatching Sign.' As though this in itself could accomplish the task, the crowd began shouting, 'There are no borders anymore.'

"As the interzonal train arrived in the station, the frightened passengers locked the doors and windows, fearing an attack by Communist soldiers and police. As soon as they saw our sign 'The SED is beaten,' the windows and doors were opened and the people burst out, embracing each other, shouting, crying and some even giving away their possessions in celebration, assuming that the union of the East and West was an accomplished fact.

"We asked them to spread the word along on their way to Berlin. At this time we still thought that rebellions were taking place only in Magdeburg and Berlin. We were jubilant a few hours later when we learned from RIAS (Voice of America) and NWDR (West Berlin station) that uprisings were occurring all over East Germany.

"The next train to arrive contained a prisoner car. After a few tense moments we managed to gain control of the train and get the cells open. One of the prisoners was a 74-year-old farmer who was imprisoned a year before because he had not been able to meet his quota. He was speechless with fright and disbelief. When he was finally convinced that he was a free man, he broke down and wept, overcome with joy. I had to carry him away."

Prisoners Are Freed . . .

A LOCKSMITH

*(*WERNER MENGELSDORF *is a locksmith. He led the heroic liberation of 80 political prisoners in Magdeburg.)*

"A mob 3,000 strong stormed into the courtyard of the prison in Magdeburg. The prisoners pressed their worn, pale faces against the bars. A woman in the crowd started to scream as she recognized her husband who had been arrested only two days before.

"The wooden doors of the prison splintered under the weight of the surging crowd. The guards fled. The metal door to the cell block was pried open. Mengelsdorf called for the locksmiths and together they opened the cell doors. Indescribable scenes followed. One prisoner cried, 'Freedom! Freedom!', then fell to the floor crying. A young man sentenced to 25 years for crimes against the state stepped out of his cell into the arms of the girl to whom he had been engaged. Neither knew the other was there until the doors opened. They embraced, wordless.

"Soviet tanks rumbled into the prison yard before all the prisoners could be released. Mangelsdorf himself barely escaped with his life. His only route of escape lay in swimming the Landwehrcanal which separates East and West Berlin at certain spots. He waited until dark and then made it, narrowly escaping death from Soviet bullets which peppered the water around him. He is today in one of the camps in West Berlin, destitute but resolved that one day will come when all of East Germany as well as the satellite countries will again be free."

IRON CURTAIN REFUGEE CAMPAIGN
RESETTLEMENT CAMPAIGN FOR EXILED PROFESSIONALS

55564

September 22, 1953

Dear Mr. Fondiller:

I have just returned from Berlin. I am reporting to you as one of many observers who are agreed that the weaponless men and women of Eastern Germany stand as the first line of defense between us and the tyranny of Soviet Power. The entire world is now aware of what has been happening in East Berlin and East Germany since June 17, 1953.

But do you know why this most remarkable revolution occurred - how these people just like the young couple next door, the truck driver down the street, the band leader - have been able to rebel against overwhelming odds? It is not only out of sheer desperation because of the insufferable conditions under which they have been living. People in the other satellites are suffering. These are people who are desperately weary of tyrants of all political shades and colors. Through the window of West Berlin we gave them hope for a better world and they have become our allies. We cannot let them down. When we do we have lowered the first defense in the battle against tyranny over the minds, hearts and bodies of men.

The enclosed personal accounts of the June 17th rebellions are dramatic proof of man's invincible desire for freedom. The International Rescue Committee is doing everything possible to aid these brave men and women including some of the resistance leaders and proscribed members of their families. We need your help to continue this vital work.

We are asking you to send us your contribution so that we may continue to sustain the bodies of these brave men and women in whom the flame of freedom is burning. The aid we are extending to them is a message the whole world understands. A message which says that we believe in the dignity and goodness of people enough to help them survive their worst times so that they can fight for better times.

REF: Mr. Cain's 19 March 1953 conversation with Mr. Delaney

1. We made an informal inquiry of the New York League for the Hard of Hearing to determine (a) whether it would be possible to teach a [illegible] person to lip-read efficiently, (b) whether it would be possible to teach lip-reading to a person who is losing his hearing, and (c), if so, approximately how long it would take and how much such training would cost.

2. We have found that it is possible to teach both hearing persons and persons who are in the process of losing their hearing to lip-read proficiently. Without going into the problem more thoroughly the New York League could not tell us how long such training would take. We [illegible] that simple phrases can be learned in a short time. Also, we found that the League has taught lip-reading to hearing persons in special cases which were described as "of a confidential nature". (We [illegible] that the FBI has used agents as lip-readers in the past and it is possible that they were the "special cases").

3. As the New York League for the Hard of Hearing operates under the New York State Board of Education we were unable to determine the cost of lip-reading training in our informal inquiry. If we could have more details, we could try to obtain more definite information.

4. If you have any questions or comments, please contact Miss Webster on extension 27[illegible].

Office Memorandum • UNITED STATES GOVERNMENT

TO : Chief, Contact Division
FOR : Alien Branch (Czajkowski) 37500
FROM : Chief, New York Office S-5564

DATE: 27 February 1953

SUBJECT: Concern about Physical Security of Gisela Wassiliew, IRC Representative in Berlin
REF : Our TK NY-9780, dated 30 Nov 51 (to Alien Branch)

5564

1. In reference wire, David Martin recommended subject individual (whose name he spelled "Wasiljew") for contact by this office. Martin described this German national, wife of a Russian DP then and now in the US, as "exceptionally capable, intelligent, with rare political understanding". She has been director of the Berlin office of the International Rescue Committee for some three years (perhaps longer). As you know, the IRC has been prominent for aid given to West Berlin and is currently in the midst of a campaign for aid to refugees arriving there in increasing numbers from the East.

2. Mr. Becker, present executive director of the IRC, has passed on to us a letter from Mrs. Wassiliew, dated 23 February 1953, in which she reports alleged attempts on the part of "the East" to kidnap her. In view of her activities and her connection with Rainer Hildebrandt's Kampfgruppe gegen Unmenschlichkeit, there may be some basis for her fears. Mr. Becker, who knows her as a calm person not given to hysterics, is deeply concerned about her safety and has stated that he would have replaced her with a U.S. citizen if it were not so difficult to find a qualified successor. He has requested that we communicate with any U.S. agency or department in a position to provide physical security for persons representing U.S. interests in Berlin.

3. We have promised Mr. Becker to pass on his request to our superiors, but we told him that we were not aware of CIA facilities abroad or of CIA responsibility for coordinating action abroad with other appropriate US Government agencies. We therefore suggested that Mr. Becker himself communicate with such agencies to the best of his ability and did not commit CIA to any action upon his request.

4. If, in your judgment, the covert staffs might be interested in this problem or a justifiable representation to other agencies (e.g. Defense or State) can be made, we feel that such action would serve U.S. security interests and, incidentally, benefit IRC in a measurable way. We are attaching Mrs. Wasiliew's letter for whatever use you care to make of it.

5. This office has had no contact with Mr. or Mrs. Wassiliew, and these individuals are not aware of any possible CIA interest, to the best of our knowledge.

6. Please advise whether there is anything you can do, whether Mr. Becker should approach another Government agency (if he has not done so in the meantime), and what reaction, if any, we may pass on to Becker.

Memo to: ABE (cc: Munich, Frankfurt)

From: Gisela (Wassiliew)
(3. Emserstr., Berlin Wilmersdorf
Germany)

Dear Abe:

I am sorry that I must bother you with my personal problems, but since I don't know what to do under the present circumstances I am begging you for understanding.

As you know I always had trouble with "the other side". If somebody works in this field he must be endangered after a certain time. I believe I told you about the calls in Russian and about the spies who are constantly around me since about 1951. I am used always to be on the alert and to look around me carefully, this is the only thing I can do. In addition to that I bought a dog in the summer of last year.

Since about four months the attempts of the East to get have increased. I had several rencontres with them and have informed the police. But since we have so many people here in Berlin who have good reasons to feel endangered they cannot watch everybody constantly and the person in question is more or less left to his own measures.

Last Wednesday night I ran into a situation which would have meant the end for me if a friend of mine had not happened to be with me. This way they did not dare to because they are accustomed to see me always walking alone; and cars and helpers disappeared (not around). I have reported my situation again to the police, they promised to do what they can, but it is so that I have to work out something that makes it a little more difficult for them to complete their plan.

With friends who work in the same field and who know about these things I have worked out the following: I must sell my dog and buy a sharper one. When I bought him in July last year the situation was completely different. I did it merely as a measure of precaution not because I had proofs of the danger I was living under. For this purpose he is good but not for the purpose for which I need him now; he is not sharp enough. They have already calculated my dog into the plan. I absolutely need another much sharper one. But I must tell you frankly that even if I sell my dog I would not be able to buy the new one, because they are terribly expensive. Then I have decided that I cannot go to the office and come home alone anymore. I can move from one of my friends to the other for a certain time but not constantly. A friend of the Committee will pick me up every morning and bring me home at night in his car. In the meantime I'll talk to Mrs. Wolff of Arbeiterwohlfahrt, who has an office car and arrange with her that her driver pick me up. But this will take some time until I have reached her and discussed the matter with her.

Please don't believe that I am hysterical, on the contrary. But now it is so that I not only feel endangered but I have knowledge of their intentions and I am sure I would not get out again, once they have had hold of me.

Cordially yours,

/s/ Gisela

VIA : Deputy Director (Plans)

SUBJECT : Conversation between President Lopez Mateos of Mexico and Mr. Winston Scott, Chief of Station, Mexico

REFERENCE : MEXI 5693 (IN-49514), dated 8 June 60

1. This memorandum contains a suggestion, in Paragraph 3, for the consideration of the DCI.

2. On the night of 7 June, President Lopez Mateos requested Mr. Scott to inform "his good friend, President Eisenhower," of the following:

A. That the President is a friend of the United States, "not only because of necessity but of genuine desire and ideology".

B. That the invitation to President Dorticos of Cuba was extended two weeks after it was indicated that Dorticos was going to Mexico "on his own", through the Mexican Ambassador in Cuba.

C. That he will not invite Fidel Castro to Mexico even though Cuban Ambassador Jose Antonio Portuondo told President Lopez Mateos that Dorticos will request an invitation for Castro.

3. President Lopez Mateos also asked that President Eisenhower be informed that he [is delighted that a decision has now been made to get rid of Castro.] The DCI may wish to inform the President of the above. 24

4. President Lopez Mateos was indirectly informed of CIA intentions in regard to Castro through a conversation between Mr. Scott and [Jose Lorenzo Cossio, Advisor to the Mexican President,] who informed Mr. Scott that President Lopez Mateos would not invite Castro to visit Mexico, even though Dorticos is [going to ask him to do so. 1. G-2 reported that on 7 May 1950 a B-26 type bomber arrived in David, Panama, from Brownsville, Texas, due to a low gasoline supply. The plane was headed for Tocumen Airport in Panama City, and carried as a crew the following according to G-2:

Frank ORGEL, U.S. Citizen, Pilot
O. MARTINEZ, U.S. Citizen, Co-Pilot
Steve MURRAY, U.S. Citizen, Mechanic
Mauricio CASTRO, Panamanian, Passenger

(A tire blew out at David, and [Mr. John LERCH,] Civil Aeronautics technician at Tocumen Airport was instrumental in getting a spare tire to them.

2. [Mr. LERCH] ~~advised this office~~ that he had met Steve MURRAY in Havana in April 1950 in company with a fellow named ZORILLO, who claimed to have some connection with the Secret Police in Mexico. [LERCH] described MURRAY as an adventurer who had been in the Philippines and the Far East and whom he suspected of gold smuggling activities. [LERCH] said that MURRAY was pilot of the plane and he thought it was unusual that ~~so~~ fast a plane as this and as expensive to operate was being used when it had comparatively little cargo space. In May 1950, when MURRAY was in Panama, he told [LERCH] that he was buying orchid bulbs.

3. On 16 June 1950 the following information was received (from Civil Intelligence Section, Panama Canal,) regarding this matter:

"It has been reported that very frequently a B-26 airplane (N5546N - a Martin Marauder) makes trips between Tocumen and David, R.P. It is piloted by Steve MURRAY, and at least two other Americans ride on the plane, ~~which is~~ who are sometimes met at Tocumen Airport by either Tito, Harmodito or Toni ARIAS. On landing at the airport it goes directly to a hangar, and allegedly the only ones who visit it are the ARIAS brothers, PASTOR Ponce, Chief of the Airport, and one (fnu) LINARES, Chief of Customs at Tocumen.

"Informant stated that it was believed at first that the plane was engaged in arms contraband, but later it appeared more logical to assume that it was involved in another type of smuggling, possibly drugs.

"Virgilio RAMIREZ, then Chief of the Control Tower, is said to have stated that the plane comes and goes without being registered at the airport under orders of PONCE, Airport Manager; that the plane lands without signaling

FORM NO. 51-60
FEB 1949

7/910

by radio or talking to anyone for fear of detection at Albrook Field, but that it is signaled by means of a light which indicates that the field is free for landing. According to [illegible], [illegible] and one Jimmy SMITH told [illegible] that Panama's air agreement with the United States regarding landing rules was thereby being violated, and that these two men were afterwards removed from their jobs.

"Informant adds that the above plane landed at Tocumen from David on 11 May at 5:45 p.m., on 12 May at 6:51 p.m., on 14 May at 6:29 p.m. and on 16 May at 9:26 a.m.

"The above information was allegedly given to President ARIAS by the Minister of Government and Justice, and he apparently showed little interest in the subject, merely stating that the matter should be investigated to see what there is to it."

Upon receipt of this information it appeared that Virgilio RAMIREZ might have been the source, since he was fired from his post at Tocumen Airport and was disgruntled about it. It was ascertained that the information contained in the above paragraph, in which RAMIREZ is mentioned, was reported by RAMIREZ but the other information came from other Civil Intelligence sources.

4. On 6 July Mr. LERCH advised that the above plane and Steve MURRAY had returned to Panama and that the Minister of Government had ordered that the plane be dismantled and searched, but he could not ascertain the basis for the search. LERCH had talked to the Manager of the airport, Rafael PASTOR Ponce, and with Toni ARIAS, Director General of Civil Aeronautics, and a nephew of President Arias, who indicated that they were aware of the Minister of Government's order but did not know what was behind it. Both felt that it was an extreme measure, which should not be carried out.

5. On 8 July 1950 Mr. MURRAY called at the Embassy to obtain assistance in securing the release of his plane. Briefly he stated that he had departed from Mexico City via Managua and arrived at Tocumen at 7:30 p.m. 5 July. His passport reflected the following:

Name: Steven T. Murray
Passport No.: 1824
Issued: Manila, December 2, 1946
Renewed: Manila, December 27, 1948
Expires: December 1, 1950

He furnished the following additional information:

Type of Plane: Converted B-26
U.S. Registry: N 5546 N
Pilot and Owner: Steven T. Murray
Co-pilot: Frank Oergel, U.S. citizen
Flight Engineer: Cristobal Martinez, Mexican citizen
Passenger: Mauricio DE CASTRO, Panamanian citizen (bearer of official passport), passenger from Mexico City to Tocumen
Destination: Brownsville, Texas
Purpose of Trip: Business

He stated that he was in the export-import business and that he dealt in gold. He said that he had come to Panama to see a man by the name of SAS, a gold dealer from Buenos Aires, about gold shipments.

6. On 8 July, Minister of Government Alfredo ALEMAN reported the matter to the U.S. Ambassador stating that prior to arriving in Panama the plane had been signaled, that all was not well at the airport and that the crew had jettisoned cargo prior to arrival. (A check with the Air Force authorities does not confirm that any such message was sent and MURRAY denies that anything was jettisoned. He insisted that he was coming to Panama to discuss the gold business but that he had no cargo.) The Minister also advised the Ambassador that PASTOR Ponce had been fired as Head of the airport.

7. In a conversation with PASTOR Ponce and MURRAY on the night of 8 July [illegible] was advised that PASTOR Ponce had, in fact, been fired and that he was determined to bump off Toni ARIAS. Both MURRAY and PASTOR Ponce claimed that Toni ARIAS was behind it all but that PASTOR Ponce was the fall-guy.

8. The Mexican referred to, Cristobal [illegible], and the Mexican, ZORILLO, are believed to be identical. SAS has been identified as [illegible] SAS, a gold dealer, who operates in Buenos Aires and Montevideo. Civil Intelligence Section has advised that SAS was staying with Toni ARIAS and that SAS had departed from Panama hastily. CIS also advised that President ARIAS at first had given orders for the dismissal of both his nephew, Toni ARIAS, and PASTOR Ponce, but it was later agreed that Toni ARIAS would not be fired to avoid a public scandle involving the President's family.

9. The present status of the matter is that the plane has been searched with negative results, that the plane is still being held by the Panamanian authorities and that MURRAY and others are endeavoring by every means possible to secure the release of the plane. The head of the Tocumen Airport, PASTOR Ponce, has been dismissed and Toni ARIAS, the President's nephew, will probably be allowed to withdraw from his position gracefully.

SOURCE, OPERATIONAL DATA, AND COMMENTS:

SUBJECT: Cuban Economic Crisis

OPERATIONAL COMMENTS: 05 08

[Source Alberto FERNANDEZ Hechavarria] [the chief of the Cuban Sugar Stabilization Board who has the job of selling Cuba's sugar] A former active member of the 26 of July Movement during the revolution, he is now disillusioned, and reportedly is not going to last much longer in his job. He is wealthy and his family have lost through CASTRO's economic reforms. He appears to know a lot about the government and also seems to have an insight into CASTRO. He regards CASTRO as some type of a UNIVAC machine, his mind automatically photostating details which he can and will use in the future. He says that CASTRO is ruthless, and that nothing can stop him in his determination to do something, i.e., agrarian reform, and that he will sacrifice his friends, his family, his money, and his fortune to accomplish his purpose.

Again illustrating the present situation in Cuba, the source said that he cannot publicly have contacts with American officials—refusing to let the writer use his telephone—and he said that a record is kept of all his calls and that his movements are periodically checked.

The advisor who warned CASTRO in paragraph one of the attached report was the source.

As a possible reference to this report and particularly to field comment number two, see HAVA-2526. TDCS-3/406,583

The second source referred to in Field Comment No. 2 was AMPACK-1 who obtained his information from the [president of the Banco Industrial de Cuba.]

SOURCE EVALUATIONS ARE DEFINITIVE. APPRAISAL OF CONTENT IS TENTATIVE. NOTE FOREGOING EXPLANATION.

SOURCE: Cuban Government Official (F).
Appraisal of Content: 3

1. Contrary to the reports which are issued by the Cuban Government, the financial status of the Cuban economy is rapidly deteriorating and becoming a serious problem. During July 1959 an advisor to Prime Minister Fidel CASTRO Ruz, warned him to proceed more slowly with the agrarian reform, because the Cuban treasury was running short of funds. It was pointed out that 57 sugar mills were bankrupt and had not paid the plantation owners for the 1959 sugar crop. CASTRO was told that if the reckless confiscation of agricultural properties continued, the Cuban Government would become obligated to assume even more debts in order to alleviate the hunger of farm workers.[1]

2. Another drain on the economy is government subsidies. For example, the Banco de Desarrollo Economico y Social (BANDES, Social and Economic Development Bank) controls about U. S. $400 million in properties and investments such as the Compañia Cubana de Aviacion (Cuban Airline Company). The companies have been caught in the present contraction of capital and cannot survive without government subsidies. The subsidies paid by BANDES amount to U. S. $8 million a month, and this is only one example of the many payments which are draining the Cuban treasury.[2]

Field Comments.

1. ~~From the reports which have been received~~ It appears that there is growing unemployment of farm workers. This is the "dead season"—the period between sugar cane harvests—but it is reported that most plantation owners and ranchers are fearful of confiscation of their properties for the agrarian-reform program, and consequently are doing very little in the way of maintenance work. The latter provided at least a marginal field of employment, and this is now denied to the agricultural workers. ~~However,~~ In spite of this warning, the agrarian-reform program has not been slowed. In fact, it seems to have been intensified.

DISTRIBUTION

2. ~~The~~ Source thought that nothing could stop CASTRO in his determination to proceed with the agrarian reform program as fast as possible. Since the biggest obstacle to carrying out this program is the lack of money, the Source was of the opinion that CASTRO would do anything to obtain this money and might even confiscate bank accounts and moneys and negotiable instruments held in safety deposit boxes. Carrying this one step further, ~~the~~ Source thought such confiscatory tactics could only be a temporary saving device and that eventually it would be necessary for CASTRO to obtain a large loan from another country. He speculated that this would mean either the United States or the Soviet Union, and feared that if it were the latter, it would mean the end of friendly relations with the United States. In respect to CASTRO's possible need for a loan, another, fairly reliable, source reported on 18 August 1959 that CASTRO was trying to obtain a 30,000,000-peso loan from ~~local~~ Cuban banks.

James A. PERRY
#90178

James A. PERRY, Jr., mailed two letters from Washington, D. C., on 29 June 1955, one to his father, and another to Severino D. GOMEZ; however, in so doing, PERRY placed the letter to his father in the envelope addressed to GOMEZ, and the letter to GOMEZ in the envelope addressed to his father. When the letters were received by PERRY, Sr. and GOMEZ, both noting the error, they exchanged letters. However, GOMEZ considered the contents of the letter he had at first received important enough to turn over to his brother M. Leal GOMEZ, who in turn referred it to the Boston Office of the FBI.

The letter, in substance, indicated that while PERRY was serving in South America, under cover for this Agency, he had revealed his true status to his wife's father, Mr. GONSALVES, on a visit to South America, and who later had revealed this information to PERRY's father. In correspondence following PERRY's father having become knowledgeable of PERRY's true status, he indicates that therein he might have intimated that his work was not so hush-hush, and that on that basis PERRY's father "had dropped his guard" in effect, and had told others of PERRY's true status. This letter was a warning to PERRY's father that he should attempt to correct the indiscretion of revealing PERRY's status while he was in South America. The letter refers to other letters which PERRY indicates contained information revealed through indiscretion on his part, and which he asks his father to destroy.

According to our records, PERRY was granted an Operational Clearance on 22 May 1953, for use as a witting informant or as a contract agent on anti-Communist student activities. He was used as a contract agent from September 1953 to February 1955 in Brazil under [illegible] cover.

He is of Portuguese extraction, and he or his father had changed the family name [illegible]A to PERRY; his wife's maiden name was GONSALVES. She was [illegible] prior to attendance at Northeastern University.

He attended Northeastern University from 1947 to 1951 and received an AB Degree; Boston University from 1951 to 1952 where he received an MA Degree in Latin American Regional Studies; and at Vanderbilt University from 1952 to 1953 working toward a Ph.D. Degree.

[illegible] Boston University [illegible] under Professor [illegible] [illegible] described by most informants as no more than professor-student relationship, however Severino GOMEZ who resolved [illegible]

the letter intended for PERRY's father, advised the FBI that he, GOMEZ, had attended Boston University during the period PERRY was studying under HALPERIN. GOMEZ was of the opinion that the HALPERIN-PERRY relationship was more than just the professor-student type because PERRY saw HALPERIN during the evenings, but never told GOMEZ what he discussed with HALPERIN.

GOMEZ also advised that about June 1953, just before PERRY's departure for Rio de Janeiro, PERRY called HALPERIN on the telephone and at that time HALPERIN was under investigation. PERRY told GOMEZ that HALPERIN was in a predicament, and that he, PERRY, felt sorry for him. Earlier PERRY had told GOMEZ that HALPERIN had a lot of influence in Washington, and was going to get a job for PERRY.

201-125561

According to the FBI, the HALPERIN mentioned above, appears to be identical with Maurice Hyman HALPERIN, former employee of OSS, who was identified in November 1945 by Elizabeth BENTLEY as having furnished information for transmittal to the Soviets.

PERRY recently contacted this Agency requesting permission to state that he had worked for the Agency in his application for employment with USIA. WH Division, to whom this request was forwarded, was advised that PERRY was not to disclose his past employment with this Agency. WH Division, in turn, informed Security of their desires that USIA be informed of PERRY's past connections with this Agency.

Security, on the basis of the above request by WH Division, contacted the appropriate person in USIA and advised them on a controlled basis of PERRY's former affiliation with this Agency.
